CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS

This prospectus and the information incorporated by reference contain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, or the Securities Act, and Section 21E of the Securities Exchange Act of 1934, as amended, or the Exchange Act. These statements are therefore entitled to the protection of the safe harbor provisions of these laws. These statements may be identified by the use of forward-looking terminology such as “anticipate,” “believe,” “budget,” “contemplate,” “continue,” “could,” “envision,” “estimate,” “expect,” “forecast,” “guidance,” “indicate,” “intend,” “may,” “might,” “outlook,” “plan,” “possibly,” “potential,” “predict,” “probably,” “pro-forma,” “should,” “target,” “will,” “would,” “will be,” “will continue” or the negative thereof or other variations thereon or comparable terminology. We have based these forward-looking statements on our current expectations, assumptions, estimates and projections. While we believe these expectations, assumptions, estimates and projections are reasonable, such forward-looking statements are only predictions and involve a number of risks and uncertainties, many of which are beyond our control. These and other important factors may cause our actual results, performance or achievements to differ materially from any future results, performance or achievements expressed or implied by these forward-looking statements. Management cautions that the forward-looking statements contained in this prospectus and the information incorporated by reference are not guarantees of future performance, and we cannot assume that such statements will be realized or the forward-looking events and circumstances will occur. Factors that might cause such a difference include, without limitation, the risks and uncertainties discussed under “Risk Factors” in our Annual Form 10-K, and discussed from time to time in our reports filed with the Securities and Exchange Commission, or the SEC. Some of the factors that could cause actual results to differ from our expectations are:

- uncertainties related to estimates, assumptions and projections relating to unpaid losses and loss adjustment expenses and other accounting policies;
- the costs of reinsurance, assessments charged by various governmental agencies; pricing competition and other initiatives by competitors;
- the risk of non-collectability of reinsurance;
- trends in claims and coverage issues;
- the impact of new regulations adopted in Florida and in other states in which we do business that affect the property and casualty insurance market;
- our ability to obtain regulatory approval for requested rate changes and the timing thereof;
- the statutorily approved assessments that support property and casualty insurance pools and associations, which will cause our revenues and operating performance to fluctuate;
- weather conditions (including the severity and frequency of storms, hurricanes, tornados and hail);
- inflation and other changes in economic conditions, including changes in financial markets;
- legislative and regulatory developments;
- the implications of having debt outstanding, including the potential failure to comply with the covenants in our senior note indenture, which failure could arise as a result of events beyond our control;
- certain of our outstanding debt securities bear interest at a floating rate, which may lead to increased interest expense and exposure to rising interest rates;

our future exit from the automobile and commercial general liability lines of business, which may lead to increased costs as a result of these exit activities and will lead to increased concentration of our business in homeowners insurance;

·dependence on investment income and the composition of our investment portfolio;

·the adequacy of our liability for loss, loss reserves and loss adjustment expense;

·our relationship with insurance agents, and our ability to recruit and retain them;

·claims experience and catastrophe losses;

ABOUT THIS PROSPECTUS

This prospectus is part of a registration statement that we filed with the SEC using a “shelf” registration process, relating to the common stock, preferred stock, debt securities, warrants and units described in this prospectus. Under this shelf process, we may sell the securities described in this prospectus in one or more offerings up to a total offering price of \$150,000,000.

This prospectus provides you with a general description of the securities we may offer. This prospectus does not contain all of the information set forth in the registration statement as permitted by the rules and regulations of the SEC. For additional information regarding us and the offered securities, please refer to the registration statement of which this prospectus forms a part.

Each time we sell securities, we will provide a prospectus supplement that will contain specific information about the terms of that offering. The prospectus supplement may also add, update or change information contained in this prospectus. You should read both this prospectus and any prospectus supplement together with additional information described under the heading “Where You Can Find More Information” and “Incorporation of Certain Documents by Reference.”

Unless the context otherwise requires, the terms the “Company,” “FNHC,” “we,” “us” and “our” refer to FedNat Holding Company and our subsidiaries.

FEDNAT HOLDING COMPANY

Overview

We are an insurance holding company that controls substantially all steps in the insurance underwriting, distribution and claims processes through our subsidiaries and our contractual relationships with our independent agents and general agents.

We, through our wholly owned subsidiaries, are authorized to underwrite, and/or place, homeowners' multi-peril (which we refer to as "homeowners"), federal flood and other lines of insurance in Florida and other states. We market, distribute and service our own and third-party insurers' products and other services through a network of independent and general agents.

Federated National Insurance Company, or FNIC, one of our wholly owned insurance subsidiaries, is licensed as an admitted carrier, to write specific lines of insurance by the state's insurance departments, in Florida, Louisiana, Texas, Georgia, South Carolina and Alabama. Monarch National Insurance Company, or MNIC, our other insurance subsidiary, is licensed as an admitted carrier in Florida. Admitted carriers are bound by rate and form regulations, and are strictly regulated to protect policyholders. Admitted carriers are also required to financially contribute to the state guarantee fund used to pay for losses if an insurance carrier becomes insolvent or unable to pay loss amounts due to their policyholders.

Through our wholly owned subsidiary, FedNat Underwriters, Inc., we serve as managing general agent for FNIC and MNIC.

Recent Events

We organized MNIC in 2015 to write homeowners property and casualty insurance in Florida through a joint venture with Crosswinds Investor Monarch LP, or Crosswinds Investor, a wholly owned subsidiary of Crosswinds Holdings Inc., or Crosswinds Holdings, a private equity firm and asset manager, and Transatlantic Reinsurance Company, or TransRe, an international property and casualty reinsurance company. Crosswinds Investor and we each invested \$14.0 million for a 42.4% interest in Monarch Delaware Holdings LLC, or Monarch Delaware, with each holding 50% of the voting interests. TransRe invested \$5.0 million for a 15.2% non-voting interest in Monarch Delaware and loaned an additional \$5.0 million.

On February 21, 2018, FNIC closed its acquisition of the Monarch Delaware interests held by Crosswinds Investor and TransRe pursuant to the purchase and sale agreement dated November 27, 2017. FNIC purchased Crosswinds Investor's interest for \$12.3 million, and TransRe's interest for \$4.4 million. The \$5.0 million loan from TransRe was paid in full. With the completion of this purchase and the merger of Monarch Delaware and an intermediate subsidiary, FNIC owns 100% of MNIC.

Also in connection with the Company's purchase of the Monarch Delaware interests, a subsidiary of Crosswinds Holdings will continue to serve as a consultant to FNHC for a quarterly fee of \$75,000 through December 31, 2018. In addition, subsidiaries of Crosswinds Holdings and TransRe will each have a right of first refusal through December 31, 2018 to participate in FNIC's catastrophe excess of loss reinsurance program, at market rates and terms, up to a placement of \$10.0 million in reinsurance limit in the aggregate from Crosswinds Holdings and to a placement of \$10.0 million in reinsurance limit in excess of its placement on FNIC's current catastrophe excess of loss reinsurance program from TransRe.

Although we have in the past offered personal automobile and commercial general liability insurance, we have determined to undertake orderly withdrawals from these lines of business and have begun the appropriate steps to do

so, including submitting all required regulatory filings and obtaining regulatory approvals. Subject to such approvals, we expect our personal automobile line of business to materially cease by the fourth quarter of 2018 and our commercial general liability line of business to materially cease thereafter.

We remain focused on our core competencies, which are to write and service our homeowners' insurance business in select coastal states, including our home state of Florida. We intend to capitalize on our strengths by growing our business in both our existing states and into new states located on the Gulf Coast and throughout the eastern seaboard of the United States. Our initiatives may include, without limitation, expanding our presence either organically or through partnerships, mergers, acquisitions or other opportunities that we may identify from time to time and may include agents, brokers, insurers, reinsurers, private equity, pension funds, and other sources of capital. There can be no assurances, however, that we will be able to complete any such transactions or, if completed, as to the outcome of any such transactions.

On May 31, 2018, we changed our name to FedNat Holding Company from Federated National Holding Company, and on June 7, 2018 our primary insurance subsidiary changed its name to FedNat Insurance Company from Federated National Insurance Company. Both were part of our efforts to rebrand FNHC and FNIC with our "FedNat" registered trademark.

Corporate Information

We were incorporated in Florida in 1991, and changed our name from 21st Century Holding Company to Federated National Holding Company in 2012 and to FedNat Holding Company in 2018. Our principal executive offices are located at 14050 N.W. 14th Street, Suite 180, Sunrise, Florida 33323, and our telephone number is (954) 581-9993. Our website is www.fednat.com. The information contained on our website is not incorporated by reference into this prospectus, and such information should not be considered to be part of this prospectus.

For further information regarding us and our financial information, you should refer to our filings with the SEC. See “Incorporation of Certain Information by Reference.”

RISK FACTORS

You should carefully consider the specific risks set forth under the caption “Risk Factors” in the applicable prospectus supplement or in any of our filings with the SEC pursuant to Sections 13(a), 13(c), 14 or 15(d) of the Exchange Act, incorporated by reference herein, before making an investment decision. For more information, see “Where You Can Find More Information.”

USE OF PROCEEDS

Unless the applicable prospectus supplement states otherwise, we may use the net proceeds from the sale of the offered securities for any combination of capital expenditures, investment in strategic opportunities, working capital, repayment of indebtedness and other general corporate purposes. Until we use the net proceeds in the manner described above, we may temporarily use them to make short-term investments or reduce borrowings.

CONSOLIDATED RATIO OF EARNINGS TO FIXED CHARGES

Our ratio of earnings to fixed charges for each of the five most recently completed fiscal years and any required interim periods will be specified in a prospectus supplement or in a document that we file with the SEC and incorporate by reference relating to the issuance, if any, by us of debt securities in the future.

DESCRIPTION OF OUR CAPITAL STOCK

The following description of our capital stock does not constitute a complete description of all of the terms of our capital stock and should be read in conjunction with our articles of incorporation and by-laws which have been filed by us with the SEC.

Capital Stock

Our authorized capital stock currently consists of:

- 25,000,000 shares of common stock, \$0.01 par value, and
- 1,000,000 shares of preferred stock, \$0.01 par value.

As of June 20, 2018, we had outstanding 13,127,081 shares of our common stock and no shares of preferred stock. In addition, we currently have reserved for issuance under our equity incentive compensation plans (including shares issuable upon the exercise of outstanding options) a total of 848,714 shares of our common stock.

The following summary describes the material terms of our common stock and our preferred stock. The description of our capital stock is qualified by reference to our articles of incorporation and by-laws.

Common Stock

As of June 20, 2018, there were 13,127,081 shares of our common stock outstanding held by approximately 134 shareholders of record.

Dividends. Subject to the rights of the holders of our preferred stock, holders of shares of our common stock are entitled to receive dividends that may be declared by our board of directors out of legally available funds.

Voting Rights. Except as otherwise required by law or as may be provided in the resolutions of the board of directors authorizing the issuance of any class or series of preferred stock, the holders of our common stock are entitled to one vote for each share held on all matters submitted to a vote of our shareholders and do not have cumulative voting rights. Holders of our common stock entitled to vote in any election of directors may elect by a plurality of the votes cast for nominees for election to our board of directors.

Liquidation Rights. Upon our liquidation, dissolution or winding-up, whether voluntary or involuntary, and after the holders of our preferred stock have been paid in full the amounts to which they are entitled, if any, the holders of our common stock are entitled to share ratably in all assets available for distribution after payment in full to our creditors and holders of our preferred stock, if any.

Other Provisions. The holders of our common stock are not entitled to preemptive or similar rights. The outstanding shares of our common stock are fully paid and nonassessable. The rights, preferences and privileges of holders of our common stock are subject to, and may be adversely affected by, the rights of holders of shares of any series of preferred stock that our board of directors may designate and we may issue in the future.

Preferred Stock

We are currently authorized to issue up to 1,000,000 shares of preferred stock, none of which are issued and outstanding. Our board of directors, in its sole discretion, may designate and issue one or more classes or series of preferred stock from our authorized and unissued shares of preferred stock. Subject to limitations imposed by law or

our articles of incorporation, our board of directors is empowered to determine:

- the voting rights, whether special or conditional, full or limited, of each class or series of preferred stock,
- the designation of and the number of shares comprising the class or series of preferred stock,
- the preferences and relative, participating, optional or other special rights, if any, and the qualifications, limitations or restrictions thereof, if any, with respect to any class or series,
- the redemption prices and terms applicable, if any, to any class or series of preferred stock,

3

Table of Contents

- whether or not the shares of a class or series will be subject to a retirement or sinking fund and the terms applicable thereto,
- the dividend rights and dividend rate, if any, for any class or series of preferred stock,
- the amounts payable on the series upon our liquidation, dissolution or winding-up,
- the terms and conditions of any conversion rights for the class or series of preferred stock, if any, and
- the terms and conditions of any other special rights and protective provisions that the board of directors deems advisable.

As of the date of this prospectus, we have outstanding \$25.0 million of Senior Unsecured Floating Rate Notes due 2027, or the 2027 Notes, issued pursuant to an indenture dated as of December 28, 2017 and a supplemental indenture dated as of December 28, 2017. We also have outstanding \$20.0 million of Senior Unsecured Fixed Rate Notes due 2022, or the 2022 Notes, pursuant to the December 28, 2017 indenture and a supplemental indenture dated as of December 29, 2017. The 2027 Notes and the 2022 Notes have certain covenants and restrictions that may impact our ability to pay dividends on any preferred stock that we may issue. We intend to disclose in the applicable prospectus supplement the covenants and restrictions that are applicable to the preferred stock then being offered.

Florida Statutory Anti-Takeover Provisions

General. The Florida Business Corporation Act, as amended, or the FBCA, contains provisions that apply to us and that are designed to enhance the ability of our board to respond to and potentially defer attempts to acquire control of FNHC. These provisions may discourage altogether takeover attempts which have not been approved by our board of directors. This could include takeover attempts that our non-affiliate shareholders deem to be in their best interest and which may represent a current premium for their shares in relation to prevailing market prices of our common stock on the NASDAQ Global Market. These provisions may also adversely affect the price that a potential purchaser would be willing to pay for our common stock and, therefore, deprive you of the opportunity to obtain a takeover premium for your shares. These provisions could make the removal of our incumbent directors and management more difficult. These provisions may enable a minority of our directors and the holders of a minority of our outstanding voting stock or the holders of an existing control block to prevent, delay, discourage or make more difficult a merger, tender offer or proxy contest, even though the transaction may be favorable to the interests of a majority of our non-affiliate shareholders. These provisions could also potentially adversely affect the market price of our common stock.

The following summarizes the anti-takeover provisions contained in the FBCA.

Authorized but Unissued Stock. Our authorized but unissued shares of common stock and preferred stock will be available for future issuance without shareholder approval. These additional shares may be used for a variety of corporate purposes, including future public offerings to raise additional capital, corporate acquisitions and employee benefit plans. The existence of authorized but unissued shares of stock may enable our board of directors to issue shares of stock to persons friendly to existing management. This may have the effect of discouraging attempts to obtain control of FNHC. The perception in the market of a large number of authorized but unissued shares of our common and preferred stock could have a negative impact on the price of our common stock.

Evaluation of Impact of Acquisition Proposals on Non-Shareholder Constituencies. The FBCA expressly permits our board of directors, when evaluating any proposed tender or exchange offer, any merger, consolidation or sale of substantially all of our assets, or any similar extraordinary transaction, to consider in addition to shareholder interests all relevant factors, including, without limitation, the social, legal, and economic effects on our employees, customers

and suppliers and our subsidiaries, on the communities and geographical areas in which they operate. Our board may also consider the amount of consideration being offered in relation to the then current market price for outstanding shares of capital stock and our then current value in a freely negotiated transaction. Our board of directors believes that these provisions are in our long-term best interests and those of our shareholders.

Control Share Acquisitions. We are subject to the Florida control share acquisitions statute. This statute is designed to afford shareholders of public corporations in Florida protection against acquisitions in which a person, entity or group seeks to gain voting control. With enumerated exceptions, the statute provides that shares acquired within specified putative voting ranges will not possess voting rights in the election of our directors unless the voting rights associated with the shares are approved by a majority vote of our disinterested shareholders. Disinterested shares are shares other than those owned by the acquiring person or by a member of a group with respect to a control share acquisition, or by any of our officers or employees who is also a director. The specific share acquisition ranges that implicate these provisions of the statute are:

·acquisitions of shares possessing one-fifth or more but less than one-third of all voting power,

Table of Contents

- acquisitions of shares possessing one-third or more but less than a majority of all voting power, or
- acquisitions of shares possessing a majority of all voting power.

Under certain circumstances, the statute permits the acquiring person to call a special shareholders' meeting for the purpose of considering the grant of voting rights to the holder of the control shares. The statute also enables us to provide for the redemption under certain circumstances of control shares with no voting rights.

These provisions do not apply to shares acquired under, among other things, an agreement or plan of merger or share exchange effected in compliance with the relevant provisions of Florida law and to which we are a party, or an acquisition of shares previously approved by our board of directors.

Affiliated Transactions with Interested Shareholders. We are subject to the Florida affiliated transactions statute, which generally requires the approval of the holders of 66-2/3% of our outstanding voting shares, other than the shares owned by an "interested shareholder"—generally, any person who is the beneficial owner of more than 10% of the outstanding voting stock of FNHC—to effectuate an affiliated transaction. An "affiliated transaction" is a transaction that involves FNHC and an interested shareholder or an affiliate of an interested shareholder, including, among others, a merger, a sale of assets, a sale of shares, a liquidation, or a reclassification of securities and loans. The special voting requirement does not apply in certain specified circumstances. These provisions could prohibit or delay the announcement or consummation of mergers or other takeover or change-in-control attempts of FNHC. Accordingly, these provisions may discourage attempts to acquire FNHC.

Anti-Takeover Provisions of Our Articles of Incorporation and Bylaws

Our articles of incorporation and bylaws currently contain certain provisions that may make it more difficult and time-consuming for shareholders or third parties to influence our management, policies or affairs, and may discourage, delay or prevent a transaction involving a change-in-control of FNHC offering a premium over the current market price of our common stock. These provisions include those that:

- prohibit cumulative voting in the election of our directors,
- establish a classified board of directors with staggered three-year terms,
- provide that the written request of holders of record who hold, in the aggregate, a net long position, as defined in our bylaws, in shares representing at least 25% of the outstanding shares of the company is required for shareholders to call special meetings of our shareholders,
- provide for 25,000,000 shares of authorized common stock,
- provide for 1,000,000 shares of authorized preferred stock, and
- eliminate the ability of shareholders to take action by written consent in lieu of a shareholder meeting,
- establish advance notice and disclosure procedures for shareholders to bring matters before a meeting of our shareholders,
- provide that directors may only be removed from office prior to the expiration of his or her term for cause and upon the affirmative vote of at least two-thirds of the outstanding capital stock entitled to vote for the election of directors,
- establish advance notice and disclosure requirements for shareholder nomination of directors, and

establish supermajority voting requirements to amend the antitakeover provisions included in the articles of incorporation and bylaws.

These provisions could also discourage proxy contests and make it more difficult for our shareholders to elect directors and cause us to take extraordinary corporate actions. In addition, the existence of these provisions, together with Florida law, might hinder or delay an attempted takeover other than through negotiations with our board. As a result, we may be less likely to receive unsolicited offers to acquire us that some of our shareholders might consider beneficial.

Indemnification Provisions

Florida law authorizes a company to indemnify its directors and officers in certain instances against certain liabilities they may incur by virtue of their relationship with the company. Further, a Florida corporation is authorized to provide further indemnification or advancement of expenses to any of its directors, officers, employees, or agents, except for acts or omissions which constitute:

· a violation of the criminal law unless the individual had reasonable cause to believe it was lawful,

· a transaction in which the individual derived an improper personal benefit,

· in the case of a director, a circumstance under which certain liability provisions of the FBCA are applicable related to payment of dividends or other distributions or repurchases of shares in violation of the FBCA, or

· willful misconduct or a conscious disregard for the best interest of the company in a proceeding by the company, or a company shareholder.

A Florida corporation also is authorized to purchase and maintain liability insurance for its directors, officers, employees and agent, which we have done.

Our articles of incorporation provide that our directors will not be personally liable for monetary damages to us to the fullest extent permitted by Florida law. Our articles of incorporation further provide that we may insure, will indemnify and will advance expenses on behalf of our officers and directors to the fullest extent not prohibited by law.

Our bylaws provide that we will indemnify, or advance expenses to, to the fullest extent authorized by the FBCA, any person made, or threatened to be made, a party to any action, suit or proceeding by reason of the fact that he or she (a) is or was a director of FNHC, (b) is or was serving at the request of FNHC as a director of another corporation, (c) is or was an officer of FNHC, provided that he or she is or was at the time a director of FNHC, or (d) is or was serving at the request of FNHC as an officer of another corporation, provided that he or she is or was at the time a director of FNHC or a director of such other corporation, serving at the request of FNHC.

We are also a party to indemnification agreements with each of our directors and executive officers.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers, or persons controlling FNHC pursuant to the foregoing provisions, we have been informed that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable.

DESCRIPTION OF DEBT SECURITIES

We may issue debt securities from time to time in one or more distinct series. This section summarizes the material terms of our senior or subordinated debt securities that are common to all series. We will describe the particular terms of a series of debt securities offered by any prospectus supplement and the extent, if any, to which such general provisions may apply to the debt securities so offered, in the prospectus supplement relating to the offered debt securities. If indicated in a prospectus supplement, the terms of any series of debt securities may differ from the terms summarized below.

The debt securities will be governed by a document called an “indenture.” An indenture is a contract between us and a financial institution, in this case, Wilmington Trust, National Association, acting as trustee on your behalf. The indenture will be subject to and governed by the Trust Indenture Act of 1939, as amended. The trustee has two main roles:

·First, subject to some limitations, the trustee can enforce your rights against us if we default.

·Second, the trustee performs certain administrative duties for us, which include sending you interest payments and notices.

Because we may issue both senior debt securities and subordinated debt securities, our references to the indenture are to each of the senior indenture and the subordinated indenture, unless the context requires otherwise. In this section, we refer to these indentures collectively as the “indentures.”

Because this section is a summary of the material terms of the indentures, it does not describe every aspect of the debt securities. We urge you to read the indentures because they, and not this description, define your rights as a holder of debt securities. Some of the definitions are repeated in this prospectus, but for the rest you will need to read the indentures. We have filed the forms of the indentures as exhibits to a registration statement that we have filed with the SEC, of which this prospectus is a part. See “Where You Can Find More Information” for information on how to obtain copies of the indentures.

General

The debt securities will be unsecured obligations of FNHC. The senior debt securities will rank equally with all of our other senior unsecured and unsubordinated indebtedness. The subordinated debt securities will be subordinate and junior in right of payment to all our existing and future Senior Indebtedness (as defined in the subordinated indenture).

Our currently outstanding 2027 Notes and 2022 Notes have certain covenants and restrictions that may impact our ability to issue additional debt securities without the consent of a majority of the holders of each of the 2027 Notes and the 2022 Notes. We intend to disclose in the applicable prospectus supplement the covenants and restrictions that are applicable to the debt securities then being offered.

You should read the prospectus supplement for the following terms of the series of debt securities offered by the prospectus supplement:

·The title of the debt securities and whether the debt securities will be senior debt securities or subordinated debt securities.

·The aggregate principal amount of the debt securities, the percentage of their principal amount at which the debt securities will be issued and the date or dates when the principal of the debt securities will be payable or how those dates will be determined.

The interest rate or rates, which may be fixed or variable, that the debt securities will bear, if any, and how the rate or rates will be determined.

The date or dates from which any interest will accrue or how the date or dates will be determined, the date or dates on which any interest will be payable, any regular record dates for these payments or how these dates will be determined and the basis on which any interest will be calculated, if other than on the basis of a 360-day year of twelve 30-day months.

The place or places, if any, other than or in addition to the other than the Corporate Trust Office of the Trustee, of payment, transfer, conversion and exchange of the debt securities and where notices or demands to or upon us in respect of the debt securities may be served.

Table of Contents

· Any optional redemption provisions.

· Any sinking fund or other provisions that would obligate us to repurchase or redeem the debt securities.

Whether the amount of payments of principal of, or premium, if any, or interest on the debt securities will be determined with reference to an index, formula or other method, which could be based on one or more commodities, equity indices or other indices, and how these amounts will be determined.

· Any changes or additions to the events of default under the applicable indenture or our covenants, including additions of any restrictive covenants, with respect to the debt securities.

· If not the principal amount of the debt securities, the portion of the principal amount that will be payable upon acceleration of the maturity of the debt securities or how that portion will be determined.

· Any changes or additions to the provisions concerning defeasance and covenant defeasance contained in the indenture that will be applicable to the debt securities.

· Any provisions granting special rights to the holders of the debt securities upon the occurrence of specified events.

· If other than the trustee, the name of any paying agent, security registrar and transfer agent for the debt securities.

· If the debt securities are not to be issued in book-entry form only and held by The Depository Trust Company, as depository, the form of such debt securities, including whether such debt securities are to be issuable in permanent or temporary global form, or as registered securities.

· The person to whom any interest in a debt security will be payable, if other than the registered holder at the close of business on the regular record date.

· The denomination or denominations that the debt securities will be issued.

· Whether such debt securities will be convertible into or exchangeable for any other securities and, if so, the terms and conditions upon which such debt securities will be so convertible or exchangeable.

· A discussion of federal income tax, accounting and other special considerations, procedures and limitations with respect to the debt securities.

· Whether and under what circumstances we will pay additional amounts to holders in respect of any tax assessment or government charge, and, if so, whether we will have the option to redeem the debt securities rather than pay such additional amounts.

· Any other terms of the debt securities that are consistent with the provisions of the indenture.

For purposes of this prospectus, any reference to the payment of principal of, any premium on, or any interest on, debt securities will include additional amounts if required by the terms of such debt securities.

The indentures do not limit the amount of debt securities that we are authorized to issue from time to time. The indentures also provide that there may be more than one trustee thereunder, each for one or more series of debt securities. At a time when two or more trustees are acting under an indenture, each with respect to only certain series, the term “debt securities” means the series of debt securities for which each respective trustee is acting. If there is more than one trustee under an indenture, the powers and trust obligations of each trustee will apply only to the debt

securities for which it is trustee.

If two or more trustees are acting under the indenture, then the debt securities for which each trustee is acting would be treated as if issued under separate indentures.

We may issue debt securities with terms different from those of debt securities that may already have been issued. Without the consent of the holders thereof, we may reopen a previous issue of a series of debt securities and issue additional debt securities of that series unless the reopening was restricted when that series was created.

There is no requirement that we issue debt securities in the future under any indenture, and we may use other indentures or documentation, containing different provisions in connection with future issues of other debt securities.

Table of Contents

We may issue the debt securities as original issue discount securities, which are debt securities, including any zero-coupon debt securities, that are issued and sold at a discount from their stated principal amount. Original issue discount securities provide that, upon acceleration of their maturity, an amount less than their principal amount will become due and payable. We will describe the U.S. federal income tax consequences and other considerations applicable to original issue discount securities in any prospectus supplement relating to them.

Conversion and Exchange

If any debt securities are convertible into or exchangeable for other securities, the prospectus supplement will explain the terms and conditions of such conversion or exchange, including:

- the conversion price or exchange ratio, or the calculation method for such price or ratio,
- the conversion or exchange period, or how such period will be determined,
- if conversion or exchange will be mandatory or at the option of the holder or FNHC,
- any requirements with respect to the reservation of shares of securities for purposes of conversion,
- provisions for adjustment of the conversion price or the exchange ratio, and
- provisions affecting conversion or exchange in the event of the redemption of the debt securities.

Such terms may also include provisions under which the number or amount of other securities to be received by the holders of such debt securities upon conversion or exchange would be calculated according to the market price of such other securities as of a time stated in the prospectus supplement.

Additional Mechanics

Form, Exchange and Transfer

The debt securities will be issued:

- as registered securities, or
- in global form, or
- in denominations that are even multiples of \$1,000, in the case of registered securities, or otherwise as specified in the applicable prospectus supplement.

You may have your registered securities divided into registered securities of smaller denominations or combined into registered securities of larger denominations, as long as the aggregate principal amount is not changed. This is called an “exchange.”

You may exchange or transfer registered securities of a series at the office of the trustee in Minneapolis, Minnesota. That office is currently located at 50 South Six Street, Suite 1290. The trustee maintains the list of registered holders and acts as our securities registrar for registering debt securities in the names of holders and transferring debt securities. However, we may appoint another trustee to act as our securities registrar or we may act as our own securities registrar. If we designate additional securities registrars, they will be named in the prospectus supplement. We may cancel the designation of any particular securities registrar. We may also approve a change in the office

through which any securities registrar acts.

You will not be required to pay a service charge to transfer or exchange debt securities, but you may in certain circumstances be required to pay for any tax or other governmental charge associated with the exchange or transfer. The transfer or exchange will only be made if the transfer agent is satisfied with your proof of ownership and/or transfer documentation.

If the debt securities are redeemable and we redeem less than all of the debt securities of a particular series, we may block the transfer or exchange of debt securities for 15 days before the day we mail the notice of redemption and ending on the day of that mailing or publication in order to freeze the list of holders to prepare the mailing. At our option, we may mail or publish such notice of redemption through an electronic medium. We may also refuse to register transfers or exchanges of debt securities selected for redemption, except that we will continue to permit transfers and exchanges of the unredeemed portion of any debt security being partially redeemed.

Table of Contents

Registrar and Paying Agent

If you are a holder of registered securities, we will pay interest to you if you are a direct holder in the list of registered holders at the close of business on a particular day in advance of each due date for interest, even if you no longer own the security on the interest due date. That particular time and day, usually about two weeks in advance of the interest due date, is called the “Regular Record Date” and is stated in the prospectus supplement. Holders buying and selling debt securities must work out between them how to compensate for the fact that we will pay all the interest for an interest period to the one who is the registered holder on the Regular Record Date. The most common manner is to adjust the sales price of the debt securities to prorate interest fairly between buyer and seller. This prorated interest amount is called “accrued interest.”

With respect to registered securities, we will pay interest, principal and any other money due on the debt securities at the corporate trust office of the trustee in Minneapolis, Minnesota. That office is currently located at 50 South Six Street, Suite 1290. You must make arrangements to have your payments picked up at or wired from that office. We may also choose to pay interest by mailing checks or making wire transfers.

“Street name” and other indirect holders should consult their banks or brokers for information on how they will receive payments.

Regardless of who acts as the paying agent, subject to any applicable unclaimed property laws, all money paid by us to a paying agent that remains unclaimed at the end of two years after the amount is due to registered holders will be repaid to us. After that two-year period, you may look only to us for payment and not to the trustee, any other paying agent or anyone else.

We may also arrange for additional payment offices, and may cancel or change these offices, including our use of the trustee’s corporate trust office. We may also choose to act as our own paying agent. We must notify you of changes in identities of the paying agents for any particular series of debt securities.

Notices

With respect to registered securities, we and the trustee will send notices regarding the debt securities only to registered holders, using their addresses as listed in the list of registered holders. At our option, we may send or publish notices through an electronic medium as specified in the applicable prospectus supplement.

Events of Default

You will have special rights if an event of default occurs in respect of the debt securities of your series and is not cured, as described later in this subsection.

The term “event of default” in respect of the debt securities of your series means any of the following:

We do not pay the principal of or any premium on a debt security of such series on its due date whether at maturity, upon acceleration, optional redemption, required purchase or otherwise.

We do not pay interest on a debt security of such series within 30 days of its due date whether at maturity, upon redemption or upon acceleration.

We remain in breach of a covenant in respect of debt securities of such series for 30 days after we receive a written notice of default stating we are in breach and requiring that we remedy the breach. The notice must be sent by either the trustee or holders of 25% of the principal amount of debt securities of such series.

- We file for bankruptcy or certain other events in bankruptcy, insolvency or reorganization occur.
- Any other event of default in respect of debt securities of such series described in the prospectus supplement occurs.

The events of default described above may be added to or modified as described in the applicable prospectus supplement. An event of default for a particular series of debt securities does not necessarily constitute an event of default for any other series of debt securities issued under an indenture. The trustee may withhold notice to the holders of debt securities of any default (except in the payment of principal or interest) if it considers such withholding of notice to be in the best interests of the holders.

Table of Contents

Remedies if an Event of Default Occurs

If an event of default has occurred and has not been cured with respect to one or more series of debt securities, the trustee or the holders of 25% in principal amount of the debt securities of the affected series may declare the entire principal amount of all the debt securities of that series to be due and immediately payable. Only a portion of the principal is payable if the securities were issued at a discount. This is called a declaration of acceleration of maturity. If an event of default occurs because of certain events in bankruptcy, insolvency or reorganization, the principal amount of all the debt securities of that series will be automatically accelerated, without any action by the trustee or any holder. There are special notice and timing rules which apply to the acceleration of subordinated debt securities which are designed to protect the interests of holders of Senior Indebtedness. A declaration of acceleration of maturity may be cancelled by the holders of at least a majority in principal amount of the debt securities of the affected series if (1) we have paid or deposited with the trustee a sum sufficient in cash to pay all principal, interest and additional amounts, if any, which have become due other than by the declaration of acceleration of maturity, (2) all existing events of default, other than the nonpayment of principal or premium or interest, if any, on the debt securities of such series which have become due solely because of the acceleration, have been cured or waived and (3) the rescission would not conflict with any judgment or decree of a court of competent jurisdiction.

Except in cases of default, where the trustee has some special duties, the trustee is not required to take any action under the indenture at the request of the holders unless the holders offer the trustee reasonable protection from expenses and liability, called an "indemnity." If reasonable indemnity is provided, the holders of a majority in principal amount of the outstanding debt securities of the relevant series may direct the time, method and place of conducting any lawsuit or other formal legal action seeking any remedy available to the trustee. The trustee may refuse to follow those directions in certain circumstances. No delay or omission in exercising any right or remedy accruing upon any event of default will be treated as a waiver of such right, remedy or event of default.

Before you are allowed to bypass the trustee and bring your own lawsuit or other formal legal action or take other steps to enforce your rights or protect your interests relating to the debt securities, the following must occur:

· You must give the trustee written notice that an event of default has occurred and remains uncured.

The holders of not less than 25% in principal amount of all outstanding debt securities of the relevant series must · make a written request that the trustee take action because of the default and must offer reasonable indemnity to the trustee against the cost and other liabilities of taking that action.

· The trustee must not have taken action for 60 days after receipt of the above notice and offer of indemnity.

The holders of a majority in principal amount of the debt securities must not have given the trustee a direction · inconsistent with the above notice during the 60-day period.

However, notwithstanding the conditions described above, you are entitled at any time to bring a lawsuit for the payment of money due on your debt securities on or after the due date.

Holders of a majority in principal amount of the debt securities of the affected series may waive any past defaults other than (1) the payment of principal, any premium or interest or (2) in respect of a covenant or other provision that cannot be modified or amended without the consent of each holder.

"Street name" and other indirect holders should consult their banks or brokers for information on how to give notice or direction or to make a request of the trustee and to make or cancel a declaration of acceleration.

Each year, we will furnish to the trustee a written statement of certain of our officers certifying that to their knowledge we are in compliance with the indentures and the debt securities, or else specifying any default.

Merger or Consolidation

Under the terms of the indentures, we are generally permitted to consolidate or merge with another entity. We are also permitted to sell all or substantially all of our assets to another entity. However, we may not take any of these actions unless all the following conditions are met:

either we will be the surviving corporation or, if we merge out of existence or sell assets, the entity into which we merge or to which we sell assets must agree to be legally responsible for the debt securities;

immediately after the merger or transfer of assets, no default on the debt securities can exist. A default for this purpose includes any event that would be an event of default if the requirements for giving a default notice or of having the default exist for a specific period of time were disregarded;

Table of Contents

- we must deliver certain certificates and documents to the trustee; and
- we must satisfy any other requirements specified in the prospectus supplement.

Modification or Waiver

There are three types of changes we can make to the indentures and the debt securities.

Changes Requiring Approval of Each Holder

First, there are changes that cannot be made to your debt securities without the approval of each holder. Following is a list of those types of changes:

- changing the stated maturity of the principal of or interest on a debt security,
- reducing any amounts due on a debt security or payable upon acceleration of the maturity of a security following a default,
- adversely affecting any right of repayment at the holder's option,
- changing the place (except as otherwise described in this prospectus) or currency of payment on a debt security,
- impairing your right to sue for payment or to convert or exchange a security,
- in the case of subordinated debt securities, modifying the subordination provisions in a manner that is adverse to holders of the subordinated debt securities,
- in the case of senior debt securities, modifying the securities to subordinate the securities to other indebtedness,
- reducing the percentage of holders of debt securities whose consent is needed to modify or amend the indenture,
- reducing the percentage of holders of debt securities whose consent is needed to waive compliance with certain provisions of the indenture or to waive certain defaults,
- reducing the requirements for quorum or voting with respect to the debt securities,
- modifying any other aspect of the provisions of the indenture dealing with modification and waiver except to increase the voting requirements,
- changing any of our obligations to pay additional amounts which are required to be paid to holders with respect to taxes imposed on such holders in certain circumstances, and
- other provisions specified in the prospectus supplement.

Changes Requiring a Majority Vote

The second type of change to the indenture and the outstanding debt securities is the kind that requires a vote in favor by holders of outstanding debt securities owning a majority of the principal amount of the particular series affected. Separate votes will be needed for each series even if they are affected in the same way. Most changes fall into this category, except for clarifying changes and certain other changes that would not adversely affect holders of the

outstanding debt securities in any material respect. The same vote would be required for us to obtain a waiver of all or part of certain covenants in the applicable indenture, or a waiver of a past default. However, we cannot obtain a waiver of a payment default or any other aspect of the indentures or the outstanding debt securities listed in the first category described previously under “—Changes Requiring Approval of Each Holder” unless we obtain your individual consent to the waiver.

Changes not Requiring Approval

The third type of change does not require any vote by holders of outstanding debt securities. This type is limited to clarifications; curing ambiguities, defects or inconsistencies and certain other changes that would not adversely affect holders of the outstanding debt securities in any material respect. Qualifying or maintaining the qualification of the indentures under the Trust Indenture Act does not require any vote by holders of debt securities.

Table of Contents

Further Details Regarding Voting

When taking a vote, we will use the following rules to decide how much principal amount to attribute to a debt security:

for original issue discount securities, we will use the principal amount that would be due and payable on the voting date if the maturity of the debt securities were accelerated to that date because of a default, and

for debt securities whose principal amount is not known (for example, because it is based on an index), we will use a special rule for that debt security described in the prospectus supplement.

Debt securities will not be considered outstanding, and therefore not eligible to vote, if we have deposited or set aside in trust for you money for their payment or redemption. Debt securities will also not be eligible to vote if they have been fully defeased as described later under “Defeasance – Full Defeasance.”

We will generally be entitled to set any day as a record date for the purpose of determining the holders of outstanding indenture securities that are entitled to vote or take other action under the indentures.

We are not required to set a record date. If we set a record date for a vote or other action to be taken by holders of a particular series, that vote or action may be taken only by persons who are holders of outstanding securities of that series on the record date and must be taken within 180 days following the record date.

“Street name” and other indirect holders should consult their banks or brokers for information on how approval may be granted or denied if we seek to change the indenture or the debt securities or request a waiver.

Satisfaction and Discharge

The indentures will cease to be of further effect, and we will be deemed to have satisfied and discharged the indentures with respect to a particular series of debt securities, when (1) all debt securities of that series have been delivered to the trustee for cancellation or (2) the following conditions have been satisfied:

all debt securities of that series not previously delivered to the trustee for cancellation have become due and payable or will become due and payable at their stated maturity or on a redemption date within one year;

we deposit with the trustee, in trust, funds sufficient to pay the entire indebtedness on the debt securities of that series that had not been previously delivered for cancellation, for the principal and interest to the date of the deposit (for debt securities that have become due and payable) or to the stated maturity or the redemption date, as the case may be (for debt securities that have not become due and payable);

we have paid or caused to be paid all other sums payable under the indentures in respect of that series; and

we have delivered to the trustee an officer’s certificate and opinion of counsel, each stating that all these conditions have been complied with.

We will remain obligated to provide for registration of transfer and exchange and to provide notices of redemption.

Defeasance

The following discussion of full defeasance and covenant defeasance will be applicable to your series of debt securities only if we choose to have them apply to that series. If we choose to do so, we will state that in the applicable

prospectus supplement and describe any changes to these provisions.

Full Defeasance

If there is a change in federal tax law, as described below, we can legally release ourselves from any payment or other obligations on the debt securities, called “full defeasance,” if we put in place the following other arrangements for you to be repaid:

We must deposit in trust for your benefit and the benefit of all other registered holders of the debt securities a combination of money and U.S. government or U.S. government agency notes or bonds that will generate enough cash to make interest, principal and any other payments on the debt securities on their various due dates including, possibly, their earliest redemption date.

Table of Contents

Under current federal tax law, the deposit and our legal release from the debt securities would likely be treated as though you surrendered your debt securities in exchange for your share of the cash and notes or bonds deposited in trust. In that event, you could recognize income, gain or loss on the debt securities you surrendered. In order for us to effect a full defeasance we must deliver to the trustee a legal opinion confirming that you will not recognize income, gain or loss for federal income tax purposes as a result of the defeasance and that you will not be taxed on the debt securities any differently than if we did not make the deposit and just repaid the debt securities ourselves.

- We must comply with any additional provisions set forth in the prospectus supplement.

If we accomplish a full defeasance as described above, you would have to rely solely on the trust deposit for repayment on the debt securities. You could not look to us for repayment in the unlikely event of any shortfall. Conversely, the trust deposit would most likely be protected from claims of our lenders and other creditors if we ever become bankrupt or insolvent. You would also be released from any applicable subordination provisions on the subordinated debt securities described below under “—Subordination.”

Covenant Defeasance

Under current federal tax law, we can make the same type of deposit described above and be released from the restrictive covenants in the debt securities, if any. This is called “covenant defeasance.” In that event, you would lose the protection of those restrictive covenants but would gain the protection of having money and securities set aside in trust to repay the debt securities. In order to achieve covenant defeasance, we must do the following:

- deposit in trust for your benefit and the benefit of all other registered holders of the debt securities a combination of money and U.S. government or U.S. government agency notes or bonds that will generate enough cash to make interest, principal and any other payments on the debt securities on their various due dates.

- deliver to the trustee a legal opinion confirming that under current federal income tax law we may make the above deposit without causing you to be taxed on the debt securities any differently than if we did not make the deposit and just repaid the debt securities ourselves.

- comply with any additional provisions set forth in the prospectus supplement.

If we accomplish covenant defeasance, the following provisions of the indenture and the debt securities would no longer apply unless otherwise specified:

- our promises regarding conduct of our business and other matters and any other covenants applicable to the series of debt securities that will be described in the prospectus supplement; and

- the definition of an event of default as a breach of such covenants that may be specified in the prospectus supplement.

If we accomplish covenant defeasance, you can still look to us for repayment of the debt securities if there were a shortfall in the trust deposit. In fact, if one of the remaining events of default occurs (such as our bankruptcy) and the debt securities become immediately due and payable, there may be such a shortfall. Depending on the event causing the default, of course, you may not be able to obtain payment of the shortfall.

In order to exercise either full defeasance or covenant defeasance, we must comply with certain conditions, and no event or condition can exist that would prevent us from making payments of principal, premium, and interest, if any, on the senior debt securities or subordinated debt securities of such series on the date the irrevocable deposit is made or at any time during the period ending on the 91st day after the deposit date.

Ranking

Unless provided otherwise in the applicable prospectus supplement, the debt securities are not secured by any of our property or assets. Accordingly, your ownership of debt securities means you are one of our unsecured creditors. The senior debt securities are not subordinated to any of our other debt obligations and therefore they rank equally with all our other unsecured and unsubordinated indebtedness. The subordinated debt securities are subordinated to some of our existing and future debt and other liabilities. See “—Subordination” for additional information on how subordination limits your ability to receive payment or pursue other rights if we default or have certain other financial difficulties.

Table of Contents

Subordination

Unless the prospectus supplement provides otherwise, the following provisions will apply to the subordinated debt securities:

The payment of principal, any premium and interest on the subordinated debt securities is subordinated in right of payment to the prior payment in full of all of our Senior Indebtedness as such term is defined in the subordinated indenture. This means that in certain circumstances where we may not be making payments on all of our debt obligations as they become due, the holders of all of our Senior Indebtedness will be entitled to receive payment in full of all amounts that are due or will become due on the Senior Indebtedness before you and the other holders of subordinated debt securities will be entitled to receive any payment or distribution (other than in the form of subordinated securities) on the subordinated debt securities. These circumstances may include the following:

· We make a payment or distribute assets to creditors upon any liquidation, dissolution, winding up or reorganization of FNHC, or as part of an assignment or marshalling of our assets for the benefit of our creditors.

· We file for bankruptcy or certain other events in bankruptcy, insolvency or similar proceedings occur.

The maturity of the subordinated debt securities is accelerated. For example, the entire principal amount of a series of subordinated debt securities may be declared to be due and payable and immediately payable or may be automatically accelerated due to an event of default as described under “—Events of Default.”

In addition, in general, we will not be permitted to make payments of principal, any premium or interest on the subordinated debt securities if we default in our obligation to make payments on our Senior Indebtedness and do not cure such default. We are also prohibited from making payments on subordinated debt securities if an event of default (other than a payment default) that permits the holders of Senior Indebtedness to accelerate the maturity of the Senior Indebtedness occurs and we and the trustee have received a notice of such event of default. However, unless the Senior Indebtedness has been accelerated because of that event of default, this payment blockage notice cannot last more than 179 days.

These subordination provisions mean that if we are insolvent, a holder of Senior Indebtedness is likely to ultimately receive out of our assets more than a holder of the same amount of our subordinated debt securities, and a creditor of FNHC that is owed a specific amount but who owns neither our Senior Indebtedness nor our subordinated debt securities may ultimately receive less than a holder of the same amount of Senior Indebtedness and more than a holder of subordinated debt securities.

The subordinated indenture does not limit the amount of Senior Indebtedness we are permitted to have and we may in the future incur additional Senior Indebtedness.

If this prospectus is being delivered in connection with a series of subordinated securities, the accompanying prospectus supplement or the information incorporated by reference will set forth the approximate amount of Senior Indebtedness outstanding as of a recent date.

The Trustee

The initial trustee under each indenture is Wilmington Trust, National Association, which will also be the initial paying agent and registrar for the debt securities.

Each indenture provides that, except during the continuance of an event of default under the indenture, the trustee under the indenture will perform only such duties as are specifically set forth in the indenture. Under the indentures,

subject to the Trustee's receipt of indemnity if so requested, the holders of a majority in outstanding principal amount of the debt securities will have the right to direct the time, method and place of conducting any proceeding or exercising any remedy available to the trustee under the indentures, subject to certain exceptions. If an event of default has occurred and is continuing, the trustee under the indenture will exercise such rights and powers vested in it under the indenture and use the same degree of care and skill in its exercise as a prudent person would exercise under the circumstances in the conduct of such person's own affairs.

Each indenture and provisions of the Trust Indenture Act incorporated by reference in the indenture contain limitations on the rights of the trustee under such indenture, should it become a creditor of FNHC, to obtain payment of claims in certain cases or to realize on certain property received by it in respect of any such claims, as security or otherwise. The trustee under the indenture is permitted to engage in other transactions. However, if the trustee under the indenture acquires any prohibited conflicting interest, it must eliminate the conflict or resign.

Table of Contents

Each trustee may resign or be removed with respect to one or more series of securities and a successor trustee may be appointed to act with respect to such series. In the event that two or more persons are acting as trustee with respect to different series of securities under one of the indentures, each such trustee shall be a trustee of a trust separate and apart from the trust administered by any other such trustee and any action described herein to be taken by the “trustee” may then be taken by each such trustee with respect to, and only with respect to, the one or more series of securities for which it is trustee.

In the event that an entity is the trustee under both the senior indenture and the subordinated indenture, and a conflict of interest arises as a result, the trustee must resign as trustee under either of the indentures or, if this does not eliminate the conflict of interest, both of the indentures.

Governing Law

The indentures and the debt securities will be governed by, and construed in accordance with, the laws of the State of New York.

Table of Contents

DESCRIPTION OF WARRANTS

We may issue warrants for the purchase of debt securities, common stock, or preferred stock. We may issue warrants independently or together with any other securities offered by any prospectus supplement and may be attached to or separate from the other offered securities. Each series of warrants will be issued under a separate warrant agreement to be entered into by us with a warrant agent. The warrant agent will act solely as our agent in connection with the series of warrants and will not assume any obligation or relationship of agency or trust for or with any holders or beneficial owners of the warrants. Further terms of the warrants and the applicable warrant agreements will be set forth in the applicable prospectus supplement.

The applicable prospectus supplement will describe the terms of the warrants in respect of which this prospectus is being delivered including, where applicable, the following:

- the title of the warrants,
- the offering price, if any,
- the aggregate number of warrants,
- the designation, terms and number of shares of debt securities, common stock or preferred stock purchasable upon exercise of the warrants,
- the designation and terms of the offered securities, if any, with which the warrants are issued and the number of the warrants issued with each offered security,
- the date, if any, on and after which the warrants and the related debt securities, common stock or preferred stock will be separately transferable,
- the price at which each share of debt securities, common stock or preferred stock purchasable upon exercise of the warrants may be purchased,

PLAN OF DISTRIBUTION

We may sell the offered securities in any one or more of the following ways from time to time:

- through agents,
- to or through underwriters,
- through dealers,
- directly to one or more purchasers, or
 - through remarketing firms.

The prospectus supplement with respect to the offered securities will set forth the terms of the offering of the offered securities, including:

- the name or names of any underwriters, dealers or agents and the amount underwritten,
- the purchase price of the offered securities and the proceeds to us from such sale,
- any underwriting discounts and commissions or agency fees and other items constituting underwriters' or agents' compensation,
- any initial public offering price and any discounts or concessions allowed or reallocated or paid to dealers, and
- any securities exchange on which such offered securities may be listed.

Any initial public offering price, discounts or concessions allowed or reallocated or paid to dealers may be changed from time to time.

The distribution of the offered securities may be effected from time to time in one or more transactions at a fixed price or prices, which may be changed, at market prices prevailing at the time of sale, at prices related to such prevailing market prices or at negotiated prices.

Offers to purchase the offered securities may be solicited by agents designated by us from time to time. Generally, any agent will be acting on a best efforts basis for the period of its appointment. Any agent involved in the offer or sale of the offered securities will be named, and any commissions payable by us to such agent will be set forth, in the applicable prospectus supplement.

If underwriters are used in the sale of the offered securities, the offered securities will be acquired by the underwriters for their own account and may be resold from time to time in one or more transactions, including negotiated transactions, at fixed public offering prices or at varying prices determined by the underwriters at the time of sale. The offered securities may be offered to the public either through underwriting syndicates represented by managing underwriters or directly by the managing underwriters. Unless otherwise indicated in the applicable prospectus supplement, the underwriters are subject to certain conditions precedent and will be obligated to purchase all the offered securities of a series if they purchase any of the offered securities.

If a dealer is used in the sale of the offered securities, we will sell the offered securities to the dealer as principal. The dealer may then resell the offered securities to the public at varying prices to be determined by the dealer at the time of resale. The name of the dealer and the terms of the transaction will be set forth in the applicable prospectus supplement.

Offers to purchase the offered securities may be solicited directly by us and the sale thereof may be made by us directly to institutional investors or others. The terms of any such sales will be described in the applicable prospectus supplement.

The offered securities may also be offered and sold by a remarketing firm in connection with a remarketing arrangement upon their purchase. Remarketing firms will act as principals for their own accounts or as agents for us. These remarketing firms will offer or sell the offered securities pursuant to the terms of the offered securities. Any remarketing firm will be identified and the terms of its agreements, if any, with us and its compensation will be described in the applicable prospectus supplement.

We may authorize underwriters, dealers and agents to solicit from third parties offers to purchase the offered securities under contracts providing for payment and delivery on future dates. The applicable prospectus supplement will describe the material terms of these contracts, including any conditions to the purchasers' obligations, and will include any required information about commissions we may pay for soliciting these contracts.

Table of Contents

In connection with the sale of the offered securities, agents, underwriters, dealers or remarketing firms may receive compensation from us or from purchasers of the offered securities for whom they act as agents in the form of discounts, concessions or commissions. Underwriters may sell the offered securities to or through dealers, and those dealers may receive compensation in the form of discounts, concessions or commissions from the underwriters or commissions from the purchasers for whom they may act as agents. Agents, underwriters, dealers and remarketing firms that participate in the distribution of the offered securities, and any institutional investors or others that purchase offered securities directly and then resell the securities, may be deemed to be underwriters, and any discounts or commissions received by them and any profit on the resale of the securities by them may be deemed to be underwriting discounts and commissions under the Securities Act.

Agents, underwriters, dealers and remarketing firms may be entitled under relevant agreements entered into with us to indemnification by us against certain civil liabilities, including liabilities under the Securities Act or to contribution with respect to payments which the agents, underwriters or dealers may be required to make.

Each series of the offered securities will be a new issue and, other than the shares of common stock which are quoted on the NASDAQ Global Market, will have no established trading market. Any underwriters to whom we sell the offered securities for public offering and sale may make a market in the securities, but such underwriters will not be obligated to do so and may discontinue any market making at any time without notice. We may elect to list any series of offered securities on an exchange, and in the case of common stock, on any additional exchange, but, unless otherwise specified in the applicable prospectus supplement, we will not be obligated to do so. We cannot predict the liquidity of the trading market for any of the offered securities.

In connection with an offering, the underwriters may purchase and sell the offered securities in the open market. These transactions may include over-allotment, short sales, stabilizing transactions and purchases to cover positions created by short sales. Short sales involve the sale by the underwriters of a greater number of offered securities than they are required to purchase in an offering. Stabilizing transactions consist of certain bids or purchases made for the purpose of preventing or retarding a decline in the market price of the offered securities while an offering is in progress.

The underwriters also may impose a penalty bid. This occurs when a particular underwriter repays to the underwriters a portion of the underwriting discount received by it because the underwriters have repurchased offered securities sold by or for the account of that underwriter in stabilizing or short-covering transactions.

These activities by the underwriters may stabilize, maintain or otherwise affect the market price of the offered securities. As a result, the price of the offered securities may be higher than the price that otherwise might exist in the open market. If these activities are commenced, they may be discontinued by the underwriters at any time. These transactions may be effected on an exchange or automated quotation system, if the offered securities are listed on that exchange or admitted for trading on that automated quotation system, or in the over-the-counter market or otherwise.

We may enter into derivative transactions with third parties, or sell securities not covered by this prospectus to third parties in privately negotiated transactions. If the applicable prospectus supplement indicates, in connection with those derivatives, the third parties may sell securities covered by this prospectus and the applicable prospectus supplement, including in short sale transactions. If so, the third party may use securities pledged by us or borrowed from us or others to settle those sales or to close out any related open borrowings of common stock. The third party in such sale transactions may be an underwriter and, if not identified in this prospectus, will be identified in the applicable prospectus supplement (or a post-effective amendment).

Underwriters, dealers, agents and remarketing firms, or their affiliates, may be customers of, engage in transactions with, or perform services for, us and our subsidiaries in the ordinary course of business.

LEGAL MATTERS

We have filed with the SEC a registration statement under the Securities Act with respect to the securities offered by this prospectus. This prospectus, which constitutes part of the registration statement, does not contain all of the information presented in the registration statement and its exhibits and schedules. Our descriptions in this prospectus of the provisions of documents filed as exhibits to the registration statement or otherwise filed with the SEC are only summaries of the terms of those documents that we consider material. If you want a complete description of the content of the documents, you should obtain the documents yourself by following the procedures described above.

INCORPORATION OF CERTAIN DOCUMENTS BY REFERENCE

We are incorporating by reference the documents listed below that we have filed with the SEC, which means we can disclose important information to you by referring you to those documents. The information incorporated by reference is considered to be a part of this prospectus. We incorporate by reference:

- our Annual Report on Form 10-K for the year ended December 31, 2017, filed on March 13, 2018;
- our Quarterly Report on Form 10-Q for the quarter ended March 31, 2018, filed on May 8, 2018;
- our definitive proxy statement on Schedule 14A for our annual meeting of shareholders scheduled for May 31, 2018, filed on April 13, 2018;

(1) To be filed, if necessary, subsequent to the effectiveness of this registration statement by an amendment to this registration statement or incorporated by reference pursuant to a Current Report on Form 8-K in connection with

the offering of securities.

Item 17. Undertakings

(a) Rule 415 offering. The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement.

II-2

Table of Contents

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

Provided however, that:

Paragraphs (a)(1)(i), (a)(1)(ii) and (a)(1)(iii) of this section do not apply if the registration statement is on Form S-3 or Form F-3 and the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the registrant pursuant to section 13 or section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(5) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(i) If the registrant is relying on Rule 430B:

(A) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(B) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date; or

(ii) if the registrant is subject to Rule 430C, each prospectus filed pursuant to Rule 424(b) as part of a registration statement relating to an offering, other than registration statements relying on Rule 430B or other than prospectuses filed in reliance on Rule 430A, shall be deemed to be part of and included in the registration statement as of the date it is first used after effectiveness. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such first use, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such date of first use.

(6) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities:

The undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

(ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;

II-3

Table of Contents

(iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and

(iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

(b) Filings incorporating subsequent Exchange Act documents by reference. The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(h) Request for acceleration of effective date or filing of registration statement becoming effective upon filing. Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.

(j) Qualification of trust indentures under the Trust Indenture Act of 1939 for delayed offerings. The undersigned registrant hereby undertakes to file an application for the purpose of determining the eligibility of the trustee to act under subsection (a) of section 310 of the Trust Indenture Act ("Act") in accordance with the rules and regulations prescribed by the Commission under section 305(b)(2) of the Act.
