Item 8.01 Other Events

On July 25, 2007, the Board of Directors of the Company issued a press release announcing the adoption of a comprehensive set of corporate governance guidelines designed to incorporate many best practices in current corporate governance, including the adoption of a “majority voting” provision for the election of directors. The Board also voted, subject to shareholder approval, to accelerate the termination date of the Company’s shareholder rights agreement and to reincorporate the Company in Delaware. A copy of the press release is attached hereto as Exhibit 99.1 and is incorporated by reference herein.

On July 26, 2007, the Company issued a press release to announce plans to increase mill throughput capacity at Mt. Hope from 44,000 short tons per day (40,000 metric tons) to an average of approximately 60,000 short tons per day (55,000 metric tons), with actual annual throughput dependant on ore characteristics and other factors. The increased throughput capacity is expected to expand average annual molybdenum production during the first ten years of operations to 37 million pounds from the Company’s prior estimates of approximately 31 million pounds. A copy of the press release is attached hereto as Exhibit 99.2 and is incorporated by reference herein.
