CORPORATE GOVERNANCE AND BOARD MATTERS

Board Leadership Structure

The Chairman of the Board presides at all meetings of the Board. The Chairman is appointed on an annual basis by at least a majority vote of the remaining directors. R. Daniel Brdar, our President and Chief Executive Officer, is also the

Chairman of the Board. The Board believes that it is currently in the best interests of the Company and its stockholders to have Mr. Brdar serve both roles given the fact that our business is in a growth stage. As President and Chief Executive Officer, Mr. Brdar has direct involvement in our operations, therefore he is in the best position to propose short and long term objectives for our business. This ensures that the Board focuses on important strategic objectives and understands the challenges we face on a day-to-day basis. We believe that this combined role is balanced by the independence of a majority of our directors, who may meet in executive session at any time, which allows them to review key decisions and to discuss matters independently of Mr. Brdar. Our Board does not have a person designated as a lead independent director.

Independence of the Board of Directors

As required by the listing standards of The Nasdaq Stock Market (Nasdaq), a majority of the members of our Board of Directors must qualify as independent, as affirmatively determined by our Board of Directors.

After investigation, our Board of Directors affirmatively determined that all of our directors are independent directors within the meaning of the applicable Nasdaq listing standards except for R. Daniel Brdar and William Alexander, both of whom are officers of the Company.

Information Regarding the Board of Directors and its Committees

The Board has three standing committees that have members (Lon E. Bell, Mark L. Baum and David B. Eisenhaure) who satisfy the independence standards of the Securities Exchange Act of 1934 and Nasdaq's rules. These committees are the Audit Committee, the Compensation Committee, and the Nominating and Corporate Governance Committee. Mr. Baum, whom the Board has determined qualifies as an audit committee financial expert, is Chairman of the Audit Committee, Dr. Bell is Chairman of the Compensation Committee, and Mr. Eisenhaure is Chairman of the Nominating and Corporate Governance Committee. In addition to acting by written consent, during the year ended December 31, 2015, the Board held 17 meetings, the Audit Committee held 8 meetings, the Compensation Committee held 8 meetings and the Nominating and Corporate Governance Committee held 4 meetings. Each of our directors attended all, or greater than the requisite percentage, of the aggregate Board meetings and meetings of the Board committee(s) of which he is a member per Item 407 of Regulation S-K of the Securities Act of 1933, as amended. We do not have a policy with regard to attendance by members of the Board at the Annual Meeting. Four of the members of our Board attended the 2015 Annual Meeting.

Each of the committees of the Board operates pursuant to a charter. Copies of the charters can be viewed on our website at www.idealpower.com Investors/Corporate Governance/Governance Documents.

TABLE OF CONTENTS

Policy with Regard to Stockholder Proposals and Director Recommendations

Our Nominating and Corporate Governance Committee (the Governance Committee) believes that the minimum qualifications and skills that candidates for director should possess include the highest professional and personal ethics and values, experience at the policy-making level in business, government, education, technology or public interest, a commitment to enhancing stockholder value and sufficient time to carry out their duties and to provide insight and practical wisdom based on experience. The Governance Committee also considers the following factors, in no particular order of importance: (i) various and relevant career experience, (ii) relevant skills, such as an understanding of the Company's business, (iii) financial expertise, (iv) diversity and (v) local and community ties. However, the Governance Committee retains the right to modify these qualifications from time to time. Candidates for director nominees are reviewed in the context of the current composition of our Board, our operating requirements and the long-term interests of our stockholders. While we do not have a formal policy on diversity, our Governance Committee considers diversity of experience as one of the factors it considers in conducting its assessment of director nominees, along with such other factors as it deems appropriate given the then current needs of the Board and the Company, to maintain a balance of knowledge, experience and capability. In the case of incumbent directors, our Governance Committee reviews such directors' overall service to the Company during their term, including the number of meetings attended, level of participation, quality of performance, and any other relationships and transactions that might impair such directors' independence. In the case of new director candidates, the Governance Committee will also determine whether the nominee is independent. In conducting a search for director candidates, the Governance Committee may use its network of contacts to compile a list of potential candidates, but it may also engage, if it deems appropriate, a professional search firm. The Governance Committee will conduct any appropriate and necessary inquiries into the backgrounds and qualifications of possible candidates after considering the function and needs of the Board. Thereafter, the Governance Committee will meet to discuss and consider such candidates' qualifications and select a nominee for recommendation to the Board.

The Governance Committee will consider director candidates recommended by stockholders and evaluate them using the same criteria as candidates identified by the Board or the Governance Committee for consideration. If a stockholder of the Company wishes to recommend a director candidate for consideration by the Governance Committee, the stockholder recommendation should be delivered to the Corporate Secretary of the Company at the principal executive offices of the Company, and must include information regarding the candidate and the stockholder making the recommendation, in accordance with Article 12 of our Certificate of Incorporation and our Bylaws.

Compensation Committee Interlocks and Insider Participation

During 2015, Dr. Lon E. Bell, Mr. Mark L. Baum and Mr. David B. Eisenhaure, all of whom were determined to be independent using the criteria set forth in Rule 5605(a)(2) of the rules of Nasdaq and SEC rules and regulations as they apply to compensation committee members, served on the Compensation Committee of the Company's Board of Directors. None of our executive officers served on the Compensation Committee during 2015 and there were no relationships during 2015 that are required to be disclosed pursuant to Item 407(d)(4)(iii) of Regulation S-K.

Risk Oversight Management

Our Board provides risk oversight for the Company by receiving and reviewing management presentations, including risk assessments, and discussing these assessments with management. The Board's overall risk oversight is supplemented by the various committees. The Audit Committee discusses with management and our independent

registered public accounting firm our risk management guidelines and policies, our major financial risk exposures and the steps taken to monitor and control such exposures. Our Compensation Committee oversees risks related to our compensation programs and discusses with management its annual assessment of our employee compensation policies and programs.

TABLE OF CONTENTS**Code of Business Conduct and Ethics**

The Board of Directors has adopted a code of business conduct and ethics (the Code) designed to deter wrongdoing and to promote honest and ethical conduct. The Code applies to all of our directors, executive officers and employees.

The Code may be found on our website at www.idealpower.com Investors/Corporate Governance/Governance Documents.

Current and Future Compensation Practices

Currently, compensation for our NEOs consists of base salary, cash bonuses and awards of stock options and performance stock units through the Company's 2013 Amended and Restated Equity Incentive Plan. We believe that a combination of cash and equity awards will allow us to attract and retain the services of individuals who will help us achieve our business objectives, thereby increasing value for our stockholders. We believe that share ownership by our NEOs is an effective method to deliver superior stockholder returns by increasing the alignment between the interests of our NEOs and our stockholders. However, we have not established stock ownership guidelines for our NEOs.

In setting the compensation for our NEOs, we look primarily at the person's responsibilities, at the person's experience and education, at our ability to replace the individual, and at market benchmarking data for public companies with

similar characteristics to us. We expect the base salaries of our NEOs to remain relatively constant unless the person's responsibilities are materially changed. We also may pay bonuses to reward exceptional performance or the achievement by the Company or an individual of targets to be agreed upon. In the future, we expect an increasing percentage of our equity compensation to NEOs to be performance-based equity awards.

The Inducement Option has a 10-year term and is not be subject to the terms of the Company's 2013 Equity Incentive Plan.

If his employment is terminated by us without cause, the executive will receive his accrued but unpaid salary and the value of unused paid time off through the effective date of the termination, any accrued but unpaid bonus, business expenses incurred prior to the effective date of the termination, and severance (the Severance Payment) consisting of six months' salary, less legal deductions. We may elect, in our sole discretion, whether to pay the Severance Payment in one lump sum or on regular pay days for the six months following termination of the executive's employment. The executive will also be entitled to continue to participate in employee benefit plans, at the Company's sole expense, for six months following the termination of his employment.

If the executive's employment is terminated as a result of a change in control, as defined in his employment agreement, the executive will be entitled to receive his accrued but unpaid salary and the value of unused paid time off through the effective date of the termination, any accrued but unpaid bonus, business expenses incurred prior to the effective date of the termination, and an amount equal to one-half of his salary. In addition, any equity award that was scheduled to vest following the termination of his employment will vest immediately upon the termination of the executive's employment as a result of a change in control. The executive's employment will be deemed to have been terminated as a result of a change in control if the termination occurs during the period that begins when negotiations for the change in control begin and ends on the six month anniversary of the closing of the change in control transaction and such termination is not a termination for cause or a termination as a result of his death, disability or election.

Our executive officers have executed employment agreements with us and have received shares of common stock, options to purchase common stock or stock awards as compensation. Our independent directors also receive compensation for their services to us. See the section of this report titled "Executive Compensation" for a discussion of these transactions.

Previously, all options granted to non-employee directors under our 2013 Equity Incentive Plan were exercisable for a period of three months following the termination of such director's service with the Company for reasons other than cause, death or disability. In April 2015, the Board amended the terms of the 2013 Equity Incentive Plan to provide that presently outstanding and future options awarded to non-employee directors, would have a post termination exercise period that extended for the remaining life of the option. As a result of the amendment, following termination of such individual's service to the Company, 29,876 shares subject to options held by each Mark L. Baum, Lon E. Bell, and David B. The Audit Committee of the Board of Directors (Audit Committee) consists of the three non-employee directors named below and operates under a written charter adopted by the Board of Directors. The Board of Directors annually reviews the Nasdaq listing standards definition of independence for audit committee members and has determined that each member of the Audit Committee meets that standard. **PROPOSAL 1
ELECTION OF DIRECTORS**

Nominees for Election

We have a Board consisting of five directors. At each annual meeting of stockholders, directors are elected for a term of one year to succeed those directors whose terms expire on the annual meeting date.

The term of each of the directors, R. Daniel Brdar, William C. Alexander, Mark L. Baum, Lon E. Bell and David B.

Eisenhaure, will expire on the date of the upcoming Annual Meeting. The board's nominees for election by the stockholders to those five positions are the five current members of the board of directors. If elected, each nominee will serve as a director until our annual meeting of stockholders in 2017 and until their respective successors are elected and qualified. If any of the nominees declines to serve or becomes unavailable for any reason, or if a vacancy occurs before the election (although we know of no reason to anticipate that this will occur), the proxies may be voted for such substitute nominees as we may designate. The proxies cannot vote for more than five persons.

If a quorum is present at the Annual Meeting, then nominees will be elected by a plurality of the votes of the shares of common stock present in person or represented by proxy and entitled to vote at the meeting. There is no cumulative voting in the election of directors.

We believe that each of our directors has demonstrated business acumen, ethical integrity and an ability to exercise sound judgment as well as a commitment of service to us and our board of directors.

PROPOSAL 2
RATIFICATION OF INDEPENDENT REGISTERED
PUBLIC ACCOUNTING FIRM

The Audit Committee of our Board of Directors (Audit Committee) has selected the independent registered public accounting firm of Gumbiner Savett Inc. to audit our consolidated financial statements for the fiscal year ending December 31, 2016 and recommends that stockholders vote for ratification of such appointment. Notwithstanding the selection and ratification, the Audit Committee, in its discretion, may appoint a different independent registered public accounting firm at any time, if it believes doing so would be in the best interests of us and our stockholders. In the event of a negative vote on ratification, the Audit Committee will reconsider, but might not change, its selection.

Gumbiner Savett Inc. has audited our financial statements annually since 2013.

Vote required

Approval of the ratification of the appointment of Gumbiner Savett Inc. as our independent registered public accounting firm requires the affirmative vote of the holders of at least a majority of the outstanding shares of our common stock entitled to vote and present or represented at the Annual Meeting. A properly executed proxy marked ABSTAIN with respect to this matter is considered entitled to vote and, thus, will have the effect of a vote against this matter.

In accordance with Delaware law, abstentions will be counted for purposes of determining both whether a quorum is present at the Annual Meeting and the total number of shares represented and voting on this proposal. While broker non-votes will be counted for purposes of determining the presence or absence of a quorum, broker non-votes will not be counted for purposes of determining the number of shares represented and voting with respect to the particular proposal on which the broker has expressly not voted and, accordingly, will not affect the approval of this proposal.
