## PROSPECTUS

### Dividend Reinvestment and Common Stock Purchase Plan

We are offering shares of our common stock through our Dividend Reinvestment and Common Stock Purchase Plan, or the Plan. Please read this prospectus carefully, and keep it and any future investment statements for your reference. If you have any questions about the Plan, please call the Plan Administrator, Registrar and Transfer Company, toll free at 800-368-5948.

The Plan has two components: a dividend reinvestment component and a direct share purchase component. The dividend reinvestment component provides our stockholders with an easy and economical way to designate all or any portion of the cash distributions, which we also refer to as dividends, on our shares of common stock, par value \$0.10 per share, or common shares, for reinvestment in additional common shares. The direct share purchase component permits our stockholders and new investors to purchase our common shares in an economical and convenient manner.

This prospectus relates to an aggregate of 10,815,103 common shares to be offered for purchase under the Plan, which includes 815,103 common shares that were previously registered but not sold. Shares of our common stock are traded on the New York Stock Exchange under the symbol "OHI." The closing price of our common stock as reported by the New York Stock Exchange on June 20, 2011 was \$20.95 per share.

Key features of the Plan are that you can:

- enroll in the Plan even if you are not a current Omega Healthcare Investors, Inc. stockholder;

- purchase shares through the Plan without a personal broker and, in many cases, without paying a commission;

- automatically reinvest all or any portion of your cash dividends in additional common shares at a discount of 0% to 3% as we determine in our sole discretion;

- purchase shares as a new investor with a minimum initial investment of \$250 and invest up to \$10,000 per month;

- in some instances, subject to our approval, make optional cash payments in excess of \$10,000 to purchase common shares, at a discount of 0% to 3% as we determine in our sole discretion;

- authorize automatic monthly investments in our common shares;

- transfer your shares easily; and

- own and transfer your shares without holding or delivering physical certificates.

To ensure that we continue to qualify as a real estate investment trust, or REIT, for federal income tax purposes, no stockholder may own more than 9.8% (in value or number) of the outstanding shares of any class or series of our common shares or preferred shares.

Investing in our common stock involves risks. See the "Risk Factors" section of this prospectus. Before buying our securities, you should read and consider the risk factors included in our periodic reports and in other information that we file with the Securities and Exchange Commission, which is incorporated by reference in this prospectus. See "Available Information."

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of the securities described in this prospectus or passed upon the adequacy or accuracy of this prospectus. Any representation to the contrary is a criminal offense.

#### CAUTIONARY DISCLOSURE REGARDING FORWARD-LOOKING STATEMENTS

All statements other than statements of historical facts included or incorporated by reference in this prospectus, including, without limitation, statements under “Risk Factors” and elsewhere in this prospectus regarding our future financial position, business strategy, budgets, projected costs and plans and objectives of management for future operations, are forward-looking statements. In addition, forward-looking statements generally can be identified by the use of forward-looking terminology such as “may,” “will,” “expect,” “intend,” “estimate,” “anticipate,” “believe” or “continue” negative thereof or variations thereon or similar terminology. Although we believe that the expectations reflected in these forward-looking statements are reasonable, these expectations may not prove to be correct. Important factors that could cause actual results to differ materially from our expectations, which we refer to as cautionary statements, are disclosed under “Risk Factors” and elsewhere in this prospectus, including, without limitation, in conjunction with the forward-looking statements included or incorporated in this prospectus. These forward-looking statements involve risks and uncertainties that may cause our actual future activities and results of operations to be materially different from those suggested or described in this prospectus.

There are a number of factors that could cause our actual results to differ materially from those projected in such forward-looking statements. These factors include, without limitation:

those items discussed under “Risk Factors” herein and under “Risk Factors” in Item 1A to our annual reports on Form 10-K and as supplemented from time-to-time in Part II, Item 1A to our quarterly reports on Form 10-Q;

uncertainties relating to the business operations of the operators of our assets, including those relating to reimbursement by third-party payors, regulatory matters and occupancy levels;

the ability of any operators in bankruptcy to reject unexpired lease obligations, modify the terms of our mortgages and impede our ability to collect unpaid rent or interest during the process of a bankruptcy proceeding and retain security deposits for the debtors’ obligations;

our ability to sell closed or foreclosed assets on a timely basis and on the terms that allow us to realize the carrying value of these assets;

our ability to negotiate appropriate modifications to the terms of our credit facilities;

our ability to manage, re-lease or sell any owned and operated facilities;

the availability and cost of capital;

changes in our credit ratings and the ratings of our debt securities;

competition in the financing of healthcare facilities;

regulatory and other changes in the healthcare sector;

changes in the financial position of our operators;

the effect of economic and market conditions generally and, particularly, in the healthcare industry;

changes in interest rates;

the amount and yield of any additional investments;

changes in tax laws and regulations affecting real estate investment trusts, or REITs; and

our ability to maintain our status as a REIT.

All subsequent written and oral forward-looking statements attributable to us, or persons acting on any of our behalf, are expressly qualified by the cautionary statements. We undertake no obligation to update forward-looking statements to reflect developments or information obtained after the date on the cover page of this prospectus.

## RISK FACTORS

Investment in our common shares involves risk. See Questions 35 and 36 of this prospectus. Before choosing to participate in the Plan and acquiring any of our common shares offered pursuant to this prospectus, you should carefully consider the risks of an investment in the Company set forth under the heading “Risk Factors” included in our most recent Annual Report on Form 10-K and updated in our Quarterly Reports on Form 10-Q, which reports are incorporated herein by reference. In the future, you should also carefully consider the disclosures relating to the risks of an investment in the Company contained in the reports or documents we subsequently file under Section 13(a), 13(c), 14 or 15(d) of the Exchange Act, which reports and documents will be deemed to be incorporated by reference into this prospectus upon their filing. See “Incorporation of Certain Information by Reference” and “Cautionary Disclosure Regarding Forward-Looking Statements.”

The risks and uncertainties described in the documents incorporated by reference herein are not the only ones facing us. Additional risks and uncertainties that we do not presently know about or that we currently believe are not material may also adversely affect our business. If any of the risks and uncertainties described in the documents incorporated by reference herein actually occur, our business, financial condition and results of operation could be materially and adversely affected. If this were to happen, the value of our common shares could decline significantly, and you may lose part or all of your investment.

## THE COMPANY

We are a self-administered real estate investment trust, or REIT, investing in income-producing healthcare facilities, principally long-term care facilities, located in the United States. We provide lease or mortgage financing to qualified operators of skilled nursing facilities, which we refer to as SNFs, and, to a lesser extent, assisted living facilities, independent living facilities and rehabilitation and acute care facilities.

Our portfolio of investments at March 31, 2011, consisted of 400 healthcare facilities, located in 35 states and operated by 50 third-party operators. Our gross investment in these facilities totaled approximately \$2.4 billion at March 31, 2011, with 99% of our real estate investments related to long-term healthcare facilities. This portfolio is made up of (i) 370 SNFs, (ii) 10 assisted living facilities, (iii) five specialty facilities, (iv) fixed rate mortgages on 13 SNFs and (v) two SNFs that are held for sale. At March 31, 2011, we also held other investments of approximately \$28.3 million, consisting primarily of secured loans to third-party operators of our facilities.

## INFORMATION ABOUT THE PLAN

The following questions and answers describe the terms of our Dividend Reinvestment and Common Stock Purchase Plan and explain how the Plan operates. We sometimes refer to our current stockholders and new investors who participate in the Plan as “participants.”

### 1. What is the purpose of the Plan?

The Plan is a convenient and economical means for existing and new investors to invest in our common shares. Participants in the Plan may (a) elect to have all or any portion of their cash dividends automatically reinvested in our common shares and (b) make optional cash investments in our common shares.

The primary purpose of the Plan is to benefit long-term investors who want to increase their investment in our common shares. We may also use the Plan to raise additional capital through the direct sale of our common shares to existing or new investors.

The Plan is administered by Registrar and Transfer Company, which we refer to as “R&T” or the “Plan Administrator.” Participation in the Plan is voluntary, and we give no advice regarding your decision to join the Plan. However, if you decide to participate, an Authorization Form can be obtained online at [www.rtc.com](http://www.rtc.com) or by calling R&T at 800-368-5948 (toll free). The form must then be mailed to R&T at the address provided below (see Question 8).

### 2. What options are available under the Plan?

If you are an existing stockholder and elect to participate in the Plan, you may elect to have cash dividends on all or any portion of our common shares held by you automatically reinvested in additional common shares. We may establish a discount ranging from 0% to 3% with respect to shares purchased with reinvested dividends.

If you are a new investor, you may make an initial investment through the Plan, subject to a minimum investment of \$250 and a maximum investment of \$10,000. As a participant in the Plan, you may also make optional cash investments through the Plan, subject to a minimum investment of \$50 per month and a maximum investment of \$10,000 per month. We will not establish a discount with respect to such optional cash purchases.

We may permit an initial investment and optional cash investments in amounts greater than \$10,000, at our sole discretion pursuant to a Request for Waiver as described in Question 13 below, and may establish a discount ranging from 0% to 3% with respect to such optional cash purchases.

### 3. What are the benefits and disadvantages of the Plan?

The primary benefits of participating in the Plan include:

You may automatically reinvest cash dividends on all or a portion of your holdings of common shares in additional common shares.

You may also invest in common shares by making cash investments, subject to a minimum and maximum amount. You may make cash purchases at a minimum of \$250 (initial) and \$50 (monthly), and up to a maximum amount of \$10,000 by check or electronic transfer from a pre-designated bank account. You may make cash investments occasionally or at regular intervals. You may make cash investments even if you do not elect to participate in the Plan’s dividend reinvestment option. You may make cash purchases whether you currently own common shares or are a new investor.

You may make cash purchases in excess of the maximum amount of \$10,000 upon our grant of a Request for Waiver, at our sole discretion.

The purchase price for newly issued common shares purchased directly from us either through dividend reinvestment or optional cash purchases granted following a Request for Waiver may be issued at a discount from the market price ranging from 0% to 3%.

Common shares purchased directly from us under the Plan will be issued without a sales commission.

Your funds are subject to full investment under the Plan because your account will be credited with the purchase of whole shares, as well as fractional shares computed to four decimal places. Dividends will be paid not only on whole shares but also proportionately on fractional shares held in your account. Dividends paid on all such shares, including fractional shares, will be used to purchase additional common shares, unless you specify otherwise.

You may direct the Plan Administrator to transfer, at any time at no cost to you, all or a portion of your shares in the Plan to a Plan account for another person as long as you meet all of the transfer requirements as set forth in Question 24.

The Plan offers a “share safekeeping” service that allows you to deposit your common share certificates, if certificated, with the Plan Administrator at no cost. Your ownership of common shares purchased under the Plan will be maintained on the Plan Administrator’s records in uncertificated form as part of your Plan account.

You will receive periodic statements reflecting all current activity in your Plan accounts, including purchases, sales and latest balances, to simplify your record keeping.

The primary disadvantages of participating in the Plan include:

Your investment in our common shares purchased under the Plan is not different from any investment in our common shares that you purchase outside of the Plan. We cannot assure you of a profit or protect against a loss on shares purchased. You bear the risk of loss and enjoy the benefits of any gain from market price changes with respect to shares purchased under the Plan.

If you reinvest dividends under the Plan, you will be treated for federal income tax purposes as having received a dividend on the related date of purchase of common shares under the Plan, which may give rise to a tax payment obligation without providing you with immediate cash to pay such tax when it becomes due. See Question 33.

You will have limited control over the specific timing of purchases and sales of common shares under the Plan. Because the Plan Administrator must receive funds for a cash purchase prior to the actual purchase date of the common shares, your investments may be exposed to changes in market conditions.

We may, in our sole discretion, without prior notice, change our determination as to whether common shares will be purchased by the Plan Administrator directly from us or through open market or privately negotiated purchases.

No interest will be paid on funds that the Plan Administrator holds pending investment or that may ultimately be returned to you.

The purchase price for common shares purchased under the Plan may exceed the price of acquiring common shares on the open market at any given time on the actual purchase date.

4. Who is eligible to participate in the Plan?

The Plan is open to all U.S. residents. We reserve the right to terminate the participation of any stockholder.

5. Can non-U.S. citizens participate in the Plan?

Yes. If you are not a U.S. citizen, you can participate in the Plan, provided there are no laws or governmental regulations that would prohibit you from participating or laws or governmental regulations that would affect the terms of the Plan.

6. May I participate in the Plan if my shares are registered in “street” name?

If your common shares are registered in the name of a broker or nominee (“street name”), you must either have common shares transferred to your own name to participate in the Plan or you can make arrangements with your broker to participate on your behalf if such services are offered by your broker. You may follow the procedures described below for making your initial purchases of our stock through the Plan.

7. How do I participate in the Plan?

You may join the Plan at any time.

If you are already a stockholder of record, you may join the Plan by completing and signing an Authorization Form, which can be obtained by calling R&T at 800-368-5948 (toll free) and online at [www.rtco.com](http://www.rtco.com). The form must then be mailed to R&T at the address provided below (see Question 8).

If you are not an existing stockholder of record, you may join the Plan by completing and signing an Authorization Form, which can be obtained by calling R&T at 800-368-5948 (toll free) and online at [www.rtco.com](http://www.rtco.com). The form must then be mailed to R&T at the address provided below (see Question 8) with a check made payable to Registrar and Transfer Company for the amount of your investment.

The minimum initial investment is \$250. Once you are a stockholder, the minimum monthly purchase amount is \$50.

If your completed Authorization Form is received, and shares in your account are held, by R&T by the next record date for the payment of dividends, then the dividends payable on your common shares will be used to purchase additional common shares.

If the completed Authorization Form is not received by R&T by the next record date for the payment of dividends, and if any of your common shares are not properly recorded in your Plan account by that date, the automatic reinvestment of your dividends will not start until the next following dividend payment is made by us.

Any optional cash payments submitted by you, whether as an initial investment or a subsequent investment, will, upon completion of your enrollment in the Plan, be invested as described in Question 12.

8. Who administers the Plan?

The Plan is administered by Registrar and Transfer Company, which performs many of the ministerial tasks required in connection with the Plan, such as:

holding common shares for the Plan in its name or the name of its nominee;

corresponding with Plan participants;

distributing the Plan prospectus, Authorization Forms and other documents;

maintaining accounts for participants;

providing statements of account to participants on a regular basis;

effecting stock and cash withdrawals by participants and terminations by participants;

processing proxy materials for common shares held under the Plan;

collecting and holding voluntary cash payments by participants; and

if purchases are to be made on the open market, funding such trades to the broker who will effect the purchases.

All transaction requests and inquiries should be sent to:

Registrar and Transfer Company  
Dividend Reinvestment Plan Department  
P.O. Box 664  
Cranford, NJ 07016  
Telephone: 1-800-368-5948  
Fax: (908) 497-2320  
Web: [www.rtc.com](http://www.rtc.com)

9. What does it cost to participate?

Your costs for participating in the Plan are as follows:

If common shares are purchased directly from us, you will not be charged any brokerage commissions, service charges or other fees.

If common shares are purchased on behalf of the Plan in open-market transactions, you will be charged any brokerage commissions, service charges or other fees incurred by the Plan's administrator or agent with respect to the purchases. The decision regarding whether shares of our stock will be purchased directly from us or on the open market will be made by us in our sole discretion.

If you sell your common shares through the Plan, you will be charged any brokerage commissions, service charges or other fees incurred in connection with the sale, plus a \$15 fee.

Inquiries by you or on your behalf that require our personnel to research non-current records (such as requests for prior year account statements) will be subject to a research charge at a rate of \$25 per hour. Research time will be recorded in fifteen minute increments.

The specific amount of any brokerage commissions, service charges or other fees incurred in connection with transactions in your account is available upon request from R&T.

The fee structure is subject to change. If there are changes in the fee structure, we will notify participants in advance of the effective date of the changes.

10. What are the dividend payment options?

As a participant in the Plan, you may elect to reinvest all, part or none of the dividends paid on your common shares. Your preference should be indicated on the Authorization Form. If you complete and return an Authorization Form without selecting one of these three options, all of your dividends will be automatically reinvested in our common shares.

**Full Dividend Reinvestment.** You may elect to reinvest all of your cash dividends by designating your election on your Authorization Form. Dividends paid on all shares registered in your name in share certificate form and/or credited to your account will be reinvested under the Plan in additional common shares. Automatic reinvestment of your dividends does not relieve you of liability for income taxes that may be owed on your dividends.

**Partial Dividend Reinvestment.** You may elect to receive part of your dividends in cash by designating your election on your Authorization Form. If you elect partial dividend reinvestment, you must specify the number of whole shares for which you want to receive cash dividends. Dividends paid on all other shares registered in your name in share certificate form and/or credited to your account will be reinvested under the Plan in additional common shares.

**No Dividend Reinvestment.** You may elect to receive all of your dividends in cash by designating your election on your Authorization Form. Dividends paid on all shares registered in your name in certificate form and/or credited to your account will be paid in cash. Dividends paid in cash will be sent to you by check or by direct deposit (as you may elect) in the manner in which such dividends are sent to stockholders of the Company.

11. If I reinvest dividends, will I still owe taxes on the amount reinvested?

Automatic reinvestment of your dividends does not relieve you of liability for income taxes that may be owed on your dividends. Dividends paid on shares credited to your account will be included in information provided both to you and the Internal Revenue Service. In general, you will be treated for federal income tax purposes as having received a dividend on the related date of purchase of common shares under the Plan, which may give rise to a tax payment obligation without providing you with immediate cash to pay such tax when it becomes due. See Question 33.

12. How are optional cash purchases made?

New investors may make an initial cash purchase when enrolling in the Plan by enclosing a check with their Authorization Form, or by authorizing an automatic debit or wire transfer from a designated bank account. The minimum initial investment is \$250, and the maximum initial investment is \$10,000.

As a Plan participant, you may also make optional cash purchases of our common shares. The minimum cash purchase accepted per transaction (after your initial enrollment) is \$50 per calendar month, and you may make purchases up to a maximum of \$10,000 per calendar month unless we grant a Request for Waiver. The purchase, less any brokerage commissions, service charges or other fees as set forth in Question 9, will be applied toward the purchase of shares for your account on the applicable Purchase Date (See Question 15).

Your cash purchases may be commingled by the Plan Administrator with dividends and with other participants' cash purchases for the purpose of buying common shares. You cannot specify the prices or timing of purchases, nor can you make any other limitations on the purchase of shares other than those specified under these terms and conditions. No interest will be paid on optional cash purchases pending investment.

All checks should be made payable to Registrar and Transfer Company and must be in U.S. dollars and drawn on a financial institution located in the United States. Alternatively, if you wish to make regular monthly purchases, you may authorize automatic deductions from your bank account. This feature enables you to make ongoing investments in an amount that is comfortable for you, without having to write a check. You also may authorize individual debits or wire transfers from your bank account.

We may adjust all minimum and maximum plan investment amounts at our discretion from time to time.

13. How do I make optional cash investments in excess of \$10,000 per month (Requests for Waiver)?

Investments in excess of \$10,000 per month may be made only pursuant to our acceptance of a request to make an optional cash investment in excess of \$10,000, which we also refer to as a "Request for Waiver." We expect to approve Requests for Waiver from financial intermediaries, including brokers and dealers, and other participants from time to time.

We have the sole discretion to approve, reduce or reject any request to make an optional cash investment in excess of the \$10,000 maximum allowable amount during any month. We may grant such requests by any method that we determine to be appropriate. In deciding whether to accept or reject a Request for Waiver in whole or in part, we may consider, among other things, the following factors:

our need for additional funds;

our desire to obtain such additional funds through the sale of our common shares as compared to other sources of funds;

the purchase price likely to apply to any sale of our common shares;

the extent and nature of your prior participation in the Plan;

the number of common shares you hold of record;

the total amount of optional cash investments in excess of \$10,000 for which requests have been submitted; and

order of receipt of the applicable Request for Waiver.

We will decide whether to approve a submitted Request for Waiver within three business days of the receipt of the request. If you do not receive a response from us in connection with your request, you should assume that we have denied your request.

If a request is approved, funds must be received by the Plan Administrator by wire transfer no later than 3:00 P.M., Eastern time, one business day prior to the first day of the applicable Pricing Period. We may alter, amend, supplement or waive, in our sole discretion, the time periods and/or other parameters relating to optional cash purchases in excess of \$10,000 made by one or more participants in the Plan or new investors, at any time and from time to time, prior to the granting of any Request for Waiver. To obtain a Request for Waiver form or additional information, a participant may call us at (410) 427-1700. Completed request forms should be electronically submitted directly to us "Attn: DSPP Waiver Request" at [waiver.request@omegahealthcare.com](mailto:waiver.request@omegahealthcare.com) or such other address for delivery as we may establish from time to time.

Purchase Price of Shares for Optional Cash Investments in Excess of \$10,000. Shares purchased pursuant to an approved Request for Waiver will be purchased directly from us as described herein, including the establishment of a Threshold Price and a Waiver Discount, as more fully described below. If we grant your request to purchase shares pursuant to a Request for Waiver, there will be a “Pricing Period,” which will generally consist of one to 15 consecutive separate trading days on the New York Stock Exchange (“NYSE”), to be determined at our discretion. Each of these separate trading days will be a “Purchase Date,” and an equal proportion of your optional cash investment will be invested on each trading day during such Pricing Period, subject to the qualifications listed below. The “Purchase Price” for shares acquired on a particular Purchase Date will be equal to 100% (subject to change as provided below) of the volume weighted average price, rounded to four decimal places, of our common shares as reported by the NYSE, obtained from Bloomberg, LP, for the trading hours from 9:30 a.m. to 4:00 p.m., Eastern time (through and including the NYSE closing print), for that Purchase Date. For example, if a cash investment of \$1,000,000 is made pursuant to an approved Request for Waiver, and the Pricing Period consists of ten trading days, there would be ten separate investments, each for \$100,000, beginning on the Pricing Period commencement date and continuing for ten trading days. The number of shares purchased for each Purchase Date would be calculated by dividing the proportionate amount of the approved waiver request amount, in this example \$100,000, by the volume weighted average price obtained from Bloomberg, LP, rounded to four decimal places, for the trading hours from 9:30 a.m. to 4:00 p.m., Eastern time (through and including the NYSE closing print), for that Purchase Date, less any Waiver Discount. Plan shares will not be available to Plan participants until the conclusion of each Pricing Period or investment, unless we activate the Continuous Settlement Feature (see below).

The Plan Administrator will apply all optional cash purchases made pursuant to a Request for Waiver for which good funds are received on or before the first business day before the Pricing Period to the purchase of common shares on each Purchase Date of the applicable Pricing Period.

**Threshold Price.** For any given Pricing Period, we may establish a minimum price, or “Threshold Price,” applicable to optional cash purchases made pursuant to a Request for Waiver. This determination will be made by us in our discretion after a review of current market conditions, the level of participation in the Plan, and current and projected capital needs.

If established for any Pricing Period, the Threshold Price will be stated as a dollar amount that the volume weighted average price, rounded to four decimal places, of our common shares as reported on the NYSE, obtained from Bloomberg, LP, for the trading hours from 9:30 a.m. to 4:00 p.m., Eastern time (through and including the NYSE closing print), for each trading day of such Pricing Period (not adjusted for discounts, if any) must equal or exceed. Except as provided below, we will exclude from the Pricing Period any trading day that the volume weighted average price is less than the Threshold Price. We also will exclude from the Pricing Period and from the determination of the purchase price any day in which no trades of our common shares are made on the NYSE. For example, if the Threshold Price is not met for two of the trading days in a 10 day Pricing Period, then we will return 20% of the funds you submitted in connection with your Request for Waiver unless we have activated the Pricing Period Extension Feature for the Pricing Period (described below).

**Pricing Period Extension Feature.** We may elect to activate for any particular Pricing Period the “Pricing Period Extension Feature” which will provide that the initial Pricing Period will be extended by the number of days that the Threshold Price is not satisfied, or on which there are no trades of our common shares reported by the NYSE, subject to a maximum of five trading days. If we elect to activate the Pricing Period Extension Feature and the Threshold Price is satisfied for any additional day that has been added to the initial Pricing Period, that day will be included as one of the trading days for the Pricing Period in lieu of the day on which the Threshold Price was not met or trades of our common shares were not reported. For example, if the determined Pricing Period is 10 days, and the Threshold Price is not satisfied for three out of those 10 days in the initial Pricing Period, and we had previously announced at the time of the Request for Waiver acceptance that the Pricing Period Extension Feature was activated, then the

Pricing Period will automatically be extended, and if the Threshold Price is satisfied on the next three trading days (or a subset thereof), then those three days (or a subset thereof) will become Purchase Dates in lieu of the three days on which the Threshold Price was not met. As a result, because there were 10 trading days during the initial and extended Pricing Period on which the Threshold Price was satisfied, all of the optional cash purchase will be invested.

**Continuous Settlement Feature.** If we elect to activate the Continuous Settlement Feature, shares will be available to participants within three business days of each Purchase Date beginning on the first trading day in the applicable Pricing Period and ending on the final trading day in the applicable Pricing Period, with an equal amount being invested on each such day, subject to the qualifications set forth above. We may elect to activate the Continuous Settlement Feature at the time of the Request for Waiver form acceptance.

**Return of Unsubscribed Funds.** We will return a portion of each optional cash investment, provided the total optional cash investment is in excess of \$10,000, for each trading day of a Pricing Period or extended Pricing Period, if applicable, for which the Threshold Price is not met or for each day in which no trades of our common shares are reported on the NYSE, which we refer to as unsubscribed funds. Any unsubscribed funds will be returned within three business days after the last day of the Pricing Period, or if applicable, the extended Pricing Period, without interest. The amount returned will be based on the number of days on which the Threshold Price was not met compared to the number of days in the Pricing Period or extended Pricing Period. For example, the returned amount in a 10 day Pricing Period will equal one-tenth (1/10) of the total amount of such optional cash investment (not just the amount exceeding \$10,000) for each trading day that the Threshold Price is not met or for each trading day in which sales are not reported.

The establishment of the Threshold Price and the possible return of a portion of the investment applies only to optional cash investments in excess of \$10,000. Setting a Threshold Price for a Pricing Period will not affect the setting of a Threshold Price for any other Pricing Period. We may waive our right to set a Threshold Price for any particular Pricing Period.

**Waiver Discount.** We may establish a discount from the market price applicable to optional cash investments in excess of \$10,000 made pursuant to a Request for Waiver. This discount, which we also refer to as the “Waiver Discount,” may be between 0% and 3% of the purchase price and may vary for each Pricing Period and for each optional cash investment.

The Waiver Discount will be established at our sole discretion after a review of current market conditions, the level of participation in the Plan, the attractiveness of obtaining such additional funds through the sale of common shares as compared to other sources of funds, current and projected capital needs and other factors that we determine in our sole discretion. Setting a Waiver Discount for a particular Pricing Period shall not affect the setting of a Waiver Discount for any other Pricing Period. The Waiver Discount will apply only to optional cash investments of more than \$10,000 (or other applicable maximum monthly amount). The Waiver Discount will apply to the entire optional cash investment and not just the portion of the optional cash investment that exceeds \$10,000.

14. What is the source of our common shares purchased through the Plan?

Shares will be purchased by the Plan Administrator:

directly from us—either in the form of newly issued shares or treasury shares;

from parties other than us, through open market transactions; or

using a combination of direct purchases and open market transactions;

in each case, at our sole discretion.

We may also, without prior notice to participants, change our determination as to whether common shares will be purchased by the Plan Administrator directly from us or in the open market or in privately negotiated transactions.

Share purchases in the open market may be made on any stock exchange where our common shares are traded or in privately negotiated transactions on such terms as R&T may reasonably determine. Neither Omega nor any participant will have any authority or power to direct the date, time or price at which shares may be purchased by R&T and no one, other than R&T, may select the broker or dealer through or from whom purchases are to be made.

We presently expect that most shares will be purchased directly from us in the form of either newly issued shares or treasury shares.

15. When will shares be purchased under the Plan?

The “Purchase Date” is the date or dates on which the Plan Administrator purchases common shares for the Plan, as described below.

**Dividend Reinvestments.** If the Plan Administrator acquires shares directly from us, it will combine the dividend funds of all Plan participants whose dividends are automatically reinvested and will generally invest such dividend funds on the dividend payment date (and any succeeding NYSE trading days necessary to complete the order). If the dividend payment date falls on a day that is not a NYSE trading day, then the investment will occur on the next NYSE trading day. In addition, if the dividend is payable on a day when optional cash payments are to be invested, dividend funds may be commingled with any such pending cash investments and a combined order may be executed. If the Plan Administrator acquires shares from parties other than us through open market transactions, such purchases will occur during a period beginning on the day that would be deemed the Purchase Date if the shares were acquired directly from us (the dividend payment date or, if the dividend payment date falls on a day that is not a NYSE trading day, the next NYSE trading day) and ending no later than 30 days following the date on which we paid the applicable cash dividend, except where completion at a later date is necessary or advisable under any applicable federal or state securities laws or regulations. The record date associated with a particular dividend is referred to in this Plan as a “dividend record date.”

**Initial and Optional Cash Investments up to and including \$10,000.** If the Plan Administrator acquires shares directly from us, then the Purchase Date for cash investments up to and including \$10,000 will be on the 15th calendar day of each month, or the next NYSE trading day if the 15th day is not a NYSE trading day. If the Plan Administrator acquires shares from third parties other than us through open market transactions, it will attempt to buy our common shares in the open market through a registered broker-dealer or privately negotiated transaction. Such purchases will begin on the day that would be deemed the Purchase Date if the shares were acquired directly from us (the 15th calendar day of each month, or if the 15th day is not a NYSE trading day, the next NYSE trading day) and will be completed no later than 35 days following such date, except where completion at a later date is necessary or advisable under any applicable federal or state securities laws or regulations.

Optional cash investments made by check must be received by the Plan Administrator on or before the business day prior to the next Purchase Date (as described in this Question 15). No interest will be paid on payments received and held pending investment by the Plan Administrator.

Initial and optional cash investments received after the applicable investment date deadline will be applied to purchase shares on the following Purchase Date. The Plan Administrator will commingle all funds received from participants. Once you have placed your order, you may only request a cash refund or otherwise change your order if your request is received by R&T at least 2 business days prior to any Purchase Date. No interest will be paid on funds pending investment held by R&T.

**Initial and Optional Cash Investments in Excess of \$10,000.** The Purchase Dates for optional cash purchases in excess of \$10,000 per month are discussed in Question 13.

16. At what price will shares be purchased?

The price of shares for dividend reinvestment will be determined as follows:

If the shares are purchased in the open market, the purchase price will be the weighted average price per share of shares purchased.

If the shares are purchased from us, the purchase price will be the volume weighted average price obtained from Bloomberg, LP, rounded to four decimal places, for the trading hours from 9:30 a.m. to 4:00 p.m., Eastern time (through and including the NYSE closing print), for that Purchase Date, less any discount.

The price of shares for optional cash purchases of less than \$10,000 will be determined as follows:

If the shares are purchased in the open market, the purchase price will be the weighted average price per share of shares purchased.

If the shares are purchased from us, the purchase price will be the volume weighted average price obtained from Bloomberg, LP, rounded to four decimal places, for the trading hours from 9:30 a.m. to 4:00 p.m., Eastern time (through and including the NYSE closing print), for that Purchase Date.

The purchase price for optional cash investments in excess of \$10,000 per month is discussed in Question 13.

17. Will fractional shares be purchased?

If any dividend or optional cash investment is not sufficient to purchase a whole share, a fractional share equivalent will be credited to your account. Dividends will be paid on the fraction and will be reinvested or paid in cash in accordance with your standing instructions.

18. How are payments with “insufficient funds” handled?

In the event that any check or other deposit is returned unpaid for any reason or your pre-designated bank account does not have sufficient funds for an automatic debit, R&T will consider the request for investment of that purchase null and void. R&T will immediately remove from your account any shares already purchased in anticipation of receiving those funds and will sell such shares. If the net proceeds from the sale of those shares are insufficient to satisfy the balance of the uncollected amounts, R&T may sell additional shares from your account as necessary to satisfy the uncollected balance. There is a \$25.00 charge for any check, electronic funds transfer or other deposit that is returned unpaid by your bank. This fee will be collected by R&T through the sale of the number of shares from your Plan account necessary to satisfy the fee.

19. Will interest be paid on Plan accounts?

No. Interest will not be paid on Plan accounts or on any amounts held pending investment.

20. Who will hold the additional shares purchased through the Plan?

Shares purchased through the Plan are held in safekeeping in book-entry form on R&T's records. The number of shares (including fractional interests) held for each participant will be shown on each account statement. Keeping shares in book-entry form protects against certificate loss, theft and destruction.

21. Will stock certificates be issued for shares held under the Plan?

The Plan Administrator will not issue certificates for shares that you purchase under the Plan. Your account statement will show the number of shares credited to your Plan account in “book-entry” form. This service protects against the loss, theft or destruction of certificates evidencing shares. However, you may at any time request that the Plan Administrator issue, for a fee, a certificate for any whole number of shares of common stock, up to the number of whole shares credited to your Plan account.

Receiving a portion of your shares in a certificate form from your Plan account does not affect your dividend reinvestment option. For example, if you authorized full dividend reinvestment, cash dividends with respect to the shares issued in certificate form will continue to be reinvested. However, if you withdraw all of your whole and

fractional shares from your Plan account, your participation in the Plan will be terminated and any future dividends will be paid by check or direct deposit to your bank account.

22. May I add my physical Omega common shares to my Plan account for safekeeping?

You may send all common stock certificates that you hold to R&T for safekeeping. The safekeeping of share certificates offers the advantage of protection against loss, theft or destruction of certificates as well as convenience if and when shares are sold through the Plan. All shares represented by certificates will be kept for safekeeping and credited to your Plan account in “book-entry” form and combined with any full and fractional shares then held by the Plan for you. If you wish to deposit certificates for your common shares, you must mail them along with a request to the Plan Administrator to hold your certificates for safekeeping. The certificates should not be endorsed. Any certificates sent to the Plan Administrator should be sent registered or certified mail, return receipt requested and properly insured, as you bear the risk for certificates stolen or lost in transit.

23. How may I sell shares I hold through the Plan?

You may instruct the Plan Administrator to sell any or all shares held in your Plan account in one of three ways:

Go to [www.rtco.com](http://www.rtco.com) and log into your account. You may sell shares in two easy steps.

Complete and sign the tear-off portion of your account statement or purchase confirmation and mail the instructions to the Plan Administrator. If there is more than one individual owner on the Plan account, all participants must sign the tear-off portion of the account statement or purchase confirmation.

Send a written request for sale to R&T. The request for sale must be signed by you exactly as your name appears on the most recent statement of account.

Such sale will be made by the agent on the open market, generally daily but at least weekly, after the Plan Administrator's receipt of the request. You will receive the proceeds less a \$15 fee, brokerage commissions, service charges, other fees and transfer taxes, if any. If the proceeds of the sale will exceed \$10,000, your signature must be guaranteed by a commercial bank, savings bank, credit union, securities broker or other financial institution that is a member of a medallion signature program such as the Securities Transfer Agents' Medallion Program (STAMP), Stock Exchange Medallion Program (SEMP) or New York Stock Exchange Medallion Signature Guarantee Program (MSP).

R&T reserves the right to decline to process a sale if it determines, in its sole discretion, that supporting legal documentation is required. In addition, no one will have any authority or power to direct the time or price at which shares for the Plan are sold, and no one, other than R&T, will select the broker(s) or dealer(s) through or from whom sales are to be made.

You should be aware that the price of our common shares may rise or fall during the period between a request for sale, its receipt by R&T and the ultimate sale on the open market. Instructions sent to R&T to sell shares are binding and may not be rescinded. If you prefer to have complete control as to the exact timing and sales prices, you can transfer the shares to a broker of your own choosing and sell them through that broker.

24. Can I transfer shares that I hold in the Plan to someone else?

Yes. You may transfer ownership of some or all of your shares held through the Plan. You may call R&T at 800-368-5948 for complete transfer instructions. You will be asked to send R&T written transfer instructions, and your signature must be guaranteed by a commercial bank, savings bank, credit union, securities broker or other financial institution that is a member of a medallion signature program such as the Securities Transfer Agents' Medallion Program (STAMP), Stock Exchange Medallion Program (SEMP) or New York Stock Exchange Medallion Signature Guarantee Program (MSP). A notary is not sufficient.

You may transfer shares to new or existing Omega stockholders. You may not transfer fractional shares unless you are transferring all of your shares.

25. I have just moved. How can I request a change of address or update other personal data?

It is important that our records contain your most up-to-date personal data. If you need to request a change of address or update other personal data, please call R&T at 800-368-5948 or write to R&T at the address provided in Question 8.

26. How may I modify or close my Plan account?

**Changing Dividend Options.** You may change dividend options by writing to R&T at the address provided above (see Question 8), faxing such changes to R&T at (908) 497-2320 or by going to [www.rtco.com](http://www.rtco.com). To be effective for a specific dividend, R&T must receive any change before the record date for such dividend.

**Stopping Dividend Reinvestment.** You may stop reinvestment of cash dividends at any time by calling R&T at 800-368-5948. If R&T receives your request to stop dividend reinvestment within 3 business days prior to a record date for an account whose dividends are to be reinvested, R&T, in its sole discretion, may pay such dividends in cash or reinvest them in common shares on your behalf. In the event reinvestment is made, R&T will process your request to stop dividend reinvestment as soon as possible, but in no event later than five business days after the investment is made. After processing your request to stop dividend reinvestment, any shares credited to your account under the Plan will continue to be held in book-entry form. Dividends on any shares held in book-entry form, and on any shares you hold in share certificate form, will be paid in cash by check or by direct deposit, as you may elect.

Closing your Plan account. You may discontinue your participation in the Plan by sending a notice of withdrawal to R&T. The notice of withdrawal must be signed by you exactly as your name appears on the most recent statement of account. We reserve the right to discontinue, in our sole discretion, your participation in the Plan by sending written notice to that effect to you. Upon your withdrawal from the Plan, you may, if you desire, request in the written notice of withdrawal referred to above that all or part of the whole common shares credited to your account under the Plan be sold. Such sale will be made by the agent on the open market, generally daily but at least weekly, after the Plan's administrator's receipt of the request. You will receive the proceeds less a \$15 fee, brokerage commissions, service charges, other fees and transfer taxes, if any. If the proceeds of the sale will exceed \$10,000, your signature must be guaranteed by a commercial bank, savings bank, credit union, securities broker or other financial institution that is a member of a medallion signature program such as the Securities Transfer Agents' Medallion Program (STAMP), Stock Exchange Medallion Program (SEMP) or New York Stock Exchange Medallion Signature Guarantee Program (MSP).

27. Are there any other limits on the purchase of common shares under the Plan?

Our charter restricts the number of shares which may be owned by stockholders. Generally, for us to qualify as a REIT under the Internal Revenue Code (the "Code"), not more than 50% in value of our outstanding shares may be owned, directly or indirectly, by five or fewer individuals (defined in the Code to include certain entities and constructive ownership among specified family members) at any time during the last half of a taxable year. The shares also must be beneficially owned by 100 or more persons during at least 335 days of a taxable year. In order to maintain our qualification as a REIT, our charter contains restrictions on the acquisition of shares intended to ensure compliance with these requirements.

Our charter generally provides that any person (not just individuals) holding more than 9.8% in number of shares or value, of the outstanding shares of any class or series of our common shares or preferred shares (the "Ownership Limit") may be subject to forfeiture of the shares owned in excess of the Ownership Limit. We refer to the shares in excess of the Ownership Limit as "Excess Shares." The Excess Shares may be transferred to a trust for the benefit of one or more charitable beneficiaries. The trustee of that trust would have the right to vote the voting Excess Shares, and dividends on the Excess Shares would be payable to the trustee for the benefit of the charitable beneficiaries. Holders of Excess Shares would be entitled to compensation for their Excess Shares, but that compensation may be less than the price they paid for the Excess Shares. Persons who hold Excess Shares or who intend to acquire Excess Shares must provide written notice to us.

28. What reports will I receive?

Easy to read statements of your calendar year-to-date account activity will be sent to you promptly after the settlement of each transaction, which will simplify your record keeping. Each statement will show the amount invested, the purchase or sale price, the number of shares purchased or sold and the applicable service fees, as well as any activity associated with share deposits, transfers or withdrawals. These statements are a record of your Plan account activity and identify your cumulative share position. Please notify R&T promptly if your address changes. In addition, you will receive copies of the same communications sent to all other holders of our common shares, such as our annual reports and proxy statements. You will also receive any IRS information returns, if required. If you prefer, and if such materials are available online, you may consent to receive communications from us electronically over the Internet. Instead of receiving materials by mail, you will receive an electronic notice to the e-mail address of record, notifying you of the availability of our materials and instructing you on how to view and act on them. Please retain all transaction statements for tax purposes as there may be a fee for reconstructing past history.

29. What if Omega issues a share dividend or declares a share split or rights offering?

Any share dividends or split shares distributed by us to you will be based on both the common shares registered in your name in certificate form and the shares (whole and fractional) credited to your Plan account. Such share dividend or share split shares will be added to your Plan account in book-entry form. You will receive a statement indicating the number of shares or dividends earned as a result of the transaction. In the event of a rights offering, you will receive rights based upon the total number of whole shares you own, whether the shares are held in the form of a physical certificate or held in a Plan account. Any transactions under the Plan may be curtailed or suspended until the completion of any share dividend, share split or other corporate action.

30. How do I vote my Plan shares at stockholders' meetings?

In connection with any meeting of our stockholders, you will receive proxy materials either online or by mail based on your preference. Such material will include a proxy card representing both the shares for which you hold physical certificates and the shares held in your Plan account. Those shares will only be voted as you indicate on your executed proxy whether submitted by telephone, online or through the mail. If you sign and return the proxy card and no voting instructions are given with respect to any item on the proxy card, all of your shares will be voted in accordance with our recommendations. This is the same procedure that is followed for all other stockholders who return signed proxy cards and do not provide instructions. If you do not return the proxy card, or if you do not sign it, none of your shares will be voted. As an alternative to returning your proxy card, you may also vote all of your shares in person at the stockholders' meeting.

31. Can the Plan be changed?

We may suspend, modify or terminate the Plan at any time in our sole discretion. All participants will receive notice following any such suspension, modification or termination. Amendments may include our appointment of a successor Plan Administrator, who will have full power and authority to deliver services pursuant to the Plan or any separate replacement service program. If the Plan is terminated, whole shares will continue to be held in book-entry form in your Plan account or distributed in certificate form at our sole discretion. A cash payment will be made for any fractional share.

R&T also may terminate your Plan account if you do not own at least one whole share. In the event your Plan account is terminated for this reason, a check for the cash value of the fractional share will be sent to you, less any service and processing fees, and your account will be closed.

32. What are the responsibilities of Omega and R&T under the Plan?

Neither we, our subsidiaries, our affiliates, nor R&T will be liable for any act or omission to act, which was done in good faith, including any claim of liability (1) arising out of the failure to cease reinvestment of dividends for a participant's account upon the participant's death prior to receipt of notice in writing of the death along with a request to cease dividend reinvestment participation from a qualified representative of the deceased or (2) with respect to the prices or times at which shares are purchased or sold for you. R&T will have no liability for failed executions due to reasons beyond R&T's control.

You should recognize that neither Omega nor R&T can assure you of a profit or protect you against a loss on shares purchased through the Plan. You must make independent investment and participation decisions based on your own judgment and research as you alone bear the risk of fluctuations in the market value of our common shares. You bear the risk of loss in value and you enjoy the benefits of gains from market price changes with respect to all of your shares.

33. What are the material federal income tax consequences of participating in the Plan?

The following is a brief summary of the U.S. federal income tax consequences of participation in the Plan as of the date of this prospectus. This summary, however, does not reflect every situation that could result from participation in the Plan, and we advise you to consult your own tax and other advisors for information about your specific situation. This summary does not address the tax implications of your ownership of common shares of a REIT, including the effect of distributions made in respect of such shares. A more detailed discussion of the federal taxation of us and our stockholders is provided in our annual report on form 10-k for the year ended December 31, 2010.

In addition to reading the following brief summary, please also review “U.S. Federal Income Tax Considerations,” for more information regarding the U.S. federal income tax consequences of participation in the Plan.

#### Amounts Treated as a Distribution.

A participant who participates in the dividend reinvestment feature of the Plan will be treated for federal income tax purposes as having received a distribution in an amount equal to the sum of (a) the fair market value of the shares on the date the shares were acquired directly from us with reinvested dividends, (b) any cash distributions received by the Plan Administrator for the purpose of acquiring additional shares on your behalf, and (c) any cash distributions received by you with respect to common shares not included in the Plan.

A participant who participates in the dividend reinvestment feature of the Plan and makes an optional cash purchase of common shares under the Plan will be treated as having received a distribution equal to the excess, if any, of the fair market value on the investment date of the common shares over the amount of the optional cash payment made by the participant.

The Internal Revenue Service has indicated in private letter rulings (which are applicable only to the taxpayer to whom the ruling is issued) that a taxpayer who does not participate in the dividend reinvestment feature of the Plan and only makes an optional cash purchase of common stock under the Plan will not be treated as having received a distribution equal to the excess, if any, of the fair market value on the investment date of the common shares over the amount of the optional cash payment made by the taxpayer.

To the extent that we pay brokerage commissions with respect to any open market or privately negotiated purchases made with reinvested dividends or optional cash purchases by the Plan Administrator, participants will be treated as receiving their proportionate amount of the commissions as distributions in addition to the amounts described above. Plan administrative costs paid by us, however, should not result in a constructive distribution to Plan participants.

The total amount of your distributions will be reported to you and to the Internal Revenue Service on the appropriate tax form shortly after the end of each year.

#### Character of Distributions.

The amounts treated as distributions to shareholders as described above constitute dividends for federal income tax purposes up to the amount of our positive current and accumulated earnings and profits and, to that extent, will be taxable as ordinary income (except to the extent that we designate any portion of such dividend as a “capital gain” dividend and except in other limited circumstances).

To the extent distributions are in excess of our earnings and profits, the distributions will be treated first as a tax-free return of capital to the extent of your tax basis in our common shares and, to the extent in excess of your basis, will be taxable as a gain realized from the sale of your common shares.

Distributions to corporate shareholders, including amounts taxable as dividends to corporate shareholders, will not be eligible for the corporate dividends-received deduction.

Because we generally are not subject to federal income tax on the portion of our REIT taxable income distributed to our shareholders, our dividends generally are not “qualified dividend income” eligible for the reduced 15% rate available to most non-corporate taxpayers through 2012 under the Tax Relief, Unemployment Insurance Reauthorization, and Job Creation Act, and will continue to be taxed at the higher tax rates applicable to ordinary income.

Tax Basis and Holding Period of Shares Acquired Pursuant to the Plan.

Your tax basis in common shares acquired directly from us with reinvested cash distributions under the Plan will be equal to the fair market value of such shares as of the date of distribution. Your tax basis in additional common shares acquired under the Plan with optional cash investments should be equal to the amount of such optional cash investments plus the amount, if any, treated as a distribution to you. Your tax basis in common shares purchased on your behalf by the Plan Administrator in the open market or privately negotiated transactions will be equal to the cost of such shares plus your proportionate amount of commissions paid by us in connection with such purchase.

Your holding period for common shares acquired with reinvested cash distributions generally will commence on the day after the dividend payment date. If, however, the shares are acquired with optional cash investments or are purchased with reinvested cash distributions by the Plan Administrator on your behalf, the holding period will commence on the day after the date of purchase.

#### Effect of Withholding Requirements.

Under certain conditions, we or the Plan Administrator may be required to deduct as “backup withholding” twenty-eight percent (28%) of all dividends paid to you, regardless of whether such dividends are reinvested pursuant to the Plan.

Similarly, the Plan Administrator may be required to deduct backup withholding from all proceeds from sales of common shares held in your account.

Backup withholding amounts will be withheld from dividends before such dividends are reinvested under the Plan. Therefore, if you are subject to backup withholding, dividends to be reinvested under the Plan will be reduced by the backup withholding amount.

#### Foreign Shareholder Participation.

If you are a foreign shareholder you need to provide the required federal income certifications to establish your status as a foreign shareholder so that backup withholding as described above does not apply to you.

You also need to provide the required certifications if you wish to claim the benefit of exemptions from federal income tax withholding or reduced withholding rates under a treaty or convention entered into between the United States and your country of residence.

If you are a foreign shareholder whose dividends are subject to federal income tax withholding, the appropriate amount will be withheld and the balance in common shares will be credited to your account.

#### 34. Can I pledge my Plan shares?

You may not pledge or assign book-entry shares held in your Plan account. Unless you first remove your shares from the Plan and request share certificates for the shares, please note that you will not be able to pledge or hypothecate any shares held in your Plan account.

35. Am I protected against losses?

Your investment in the Plan is no different from any investment in shares held by you. If you choose to participate in the Plan, then you should recognize that none of us, our subsidiaries and affiliates, nor the Plan Administrator can assure you of a profit or protect you against loss on the shares that you purchase under the Plan. You bear the risk of loss in value and enjoy the benefits of gains with respect to all your shares. You need to make your own independent investment and participation decisions consistent with your situation and needs. None of us, our subsidiaries and affiliates, nor the Plan Administrator can guarantee liquidity in the markets, and the value and marketability of your shares may be adversely affected by market conditions.

Plan accounts are not insured or protected by the Securities Investor Protection Corporation or any other entity and are not guaranteed by the FDIC or any government agency.

Neither we, our subsidiaries, our affiliates, nor the Plan Administrator will be liable for any act, or for any failure to act, as long as we or they have made good faith efforts to carry out the terms of the Plan, as described in this prospectus and on the forms that are designed to accompany each investment or activity.

In addition, the Purchase Price for shares acquired through the Plan will vary and cannot be predicted. The Purchase Price may be different from (more or less than) the price of acquiring shares on the open market on the related dividend payment date. Your investment in Plan shares will be exposed to changes in market conditions and changes in the market value of the shares. Your ability to sell—both as to timing and pricing terms and related expenses—otherwise liquidate shares under the Plan is subject to the terms of the Plan and the withdrawal procedures. Also, no interest will be paid on dividends, cash or other funds held by the Plan Administrator pending investment.

Other important factors and risks are identified in Question 36 and in the section of this prospectus entitled “Risk Factors”. You are encouraged to review these risk factors carefully.

36. What other risks will I face through my participation in the Plan?

The following summary identifies several of the most important risks that you may face by virtue of your participation in the Plan. There may be additional risks that are not listed below, and you should consult your financial, tax, legal and other advisors prior to determining whether to participate in the Plan.

There is no price protection for your shares in the Plan. Your investment in the shares held in the Plan will be exposed to changes in market conditions and changes in the market value of the shares. Your ability to liquidate or otherwise dispose of shares in the Plan is subject to the terms of the Plan and the withdrawal procedures thereunder. You may not be able to withdraw or sell your shares in the Plan in time to react to market conditions.

The Purchase Price for shares purchased or sold under the Plan will vary. The Purchase Price for any shares that you purchase or sell under the Plan will vary and cannot be predicted. You may purchase or sell shares at a Purchase Price that is different from (more or less than) the price that you would face if you acquired or sold shares on the open market on the related dividend payment date or Purchase Date, or sale date, as appropriate.

We may not be able to pay dividends. In order to qualify as a REIT, we must distribute to our stockholders at least 90% of our REIT taxable income each year. This distribution requirement limits our ability to maintain future dividend payments if earnings decline. The requirements to qualify for REIT tax status are complex and technical, and we may not be able to qualify for reasons beyond our control. If we are unable to qualify for REIT tax status, then we may not be able to make distributions to our stockholders.

You will not earn any interest on your dividends or cash pending investment. No interest will be paid on dividends, cash or other funds held by the Plan Administrator pending investment or disbursement.

The market price for our common shares varies, and you should purchase shares for long-term investment only. Although our common shares currently are traded on the NYSE, we cannot assure you that there will, at any time in the future, be an active trading market for our common shares. Even if there is an active trading market for our common shares, we cannot assure you that you will be able to sell all of your shares at one time or at a favorable price, if at all. As a result, you should participate in the Plan only if you are capable of, and seeking, to make a long-term investment in our common shares.

Other important factors and risks are identified in the section of this prospectus titled “Risk Factors.” You are encouraged to review these risk factors carefully.

## USE OF PROCEEDS

Unless otherwise indicated by us from time to time, we intend to use the net proceeds from any sale of common shares for general business purposes. We have no basis for estimating either the number of common shares that will be ultimately purchased directly from us, if any, under the Plan or the prices at which such common shares will be sold. If the Plan Administrator purchases common shares in the open market under the Plan, we will not receive any proceeds.

## INDEMNIFICATION OF DIRECTORS AND OFFICERS

The charter and bylaws of the registrant provide for indemnification of directors and officers to the full extent permitted by Maryland law. Insofar as indemnification for liabilities arising under the Securities Act is permitted to directors and officers of the registrant pursuant to the above-described provisions, the registrant understands that the SEC is of the opinion that such indemnification contravenes federal public policy as expressed in said act and therefore is unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in said act and will be governed by the final adjudication of such issue.

## U.S. FEDERAL INCOME TAX CONSIDERATIONS

The following is a summary of the material federal income tax considerations applicable to participation in the Plan, which is for general information only and is not tax advice. The information in this section is based on the Internal Revenue Code of 1986, as amended, or the Code, current, temporary and proposed Treasury Regulations thereunder, the legislative history of the Code, current administrative interpretations and practices of the Internal Revenue Service (including its practices and policies as endorsed in private letter rulings, which are not binding on the Internal Revenue Service except with respect to a taxpayer that receives such a ruling), and court decisions, all as of the date of this prospectus. Future legislation, Treasury Regulations, administrative interpretations or court decisions could significantly change the current law or adversely affect existing interpretations of current law. Any change could apply retroactively to transactions preceding the date of the change. We have not received, nor do we intend to seek, a private letter ruling from the Internal Revenue Service regarding the Plan. This discussion does not purport to deal with all aspects of taxation that may be relevant to you in light of your personal investment circumstances, or if you are a type of investor (including insurance companies, tax-exempt organizations, entities treated as pass-through entities for U.S. federal income tax purposes, financial institutions or broker-dealers, foreign corporations and persons who are not citizens or residents of the United States) that is subject to special treatment under the federal income tax laws.

This summary does not address tax considerations regarding our taxation as a REIT or your ownership and disposition of common shares of a REIT. A more detailed discussion of the federal taxation of us and our stockholders is provided in our annual report on form 10-K for the year ended December 31, 2010.

### Amounts Treated as a Distribution.

Although the treatment of dividend reinvestment programs is not entirely clear, if you participate in the dividend reinvestment program under the Plan, it is expected that you will be treated for federal income tax purposes as having received a distribution in an amount equal to the sum of (a) the fair market value of the shares on the date the shares were acquired directly from us with reinvested dividends, (b) any cash distributions received by the Plan Administrator for the purpose of acquiring additional shares on your behalf, and (c) any cash distributions received by you with respect to common shares not included in the Plan. When shares are purchased directly from us, the amount of the distribution treated as received by you will be the fair market value of the shares on the dividend reinvestment date, even if you acquired such shares at a discount. When shares are purchased by the Plan Administrator on your behalf, the amount of the distribution treated as received by you will be an amount equal to the cash distribution received by the Plan Administrator for the purchase of such shares.

A participant who participates in the dividend reinvestment feature of the Plan and makes an optional cash purchase of common stock under the Plan will be treated as having received a distribution equal to the excess, if any, of the fair market value on the investment date of the common shares over the amount of the optional cash payment made by the participant. Any distributions which the participant is treated as receiving in connection with the optional cash purchase would be taxable income or gain or would reduce his or her basis in common stock, or some combination thereof, under the rules described below. The Internal Revenue Service has indicated in private letter rulings that a participant who does not participate in a dividend reinvestment feature of a plan and only makes an optional cash purchase of common stock under the plan will not be treated as having received a distribution equal to the excess, if any, of the fair market value on the investment date of the common shares over the amount of the optional cash payment made by the participant. Although private letter rulings may provide some indication of the view of the Internal Revenue Service with respect to a particular tax issue, private letter rulings only may be relied upon by the taxpayer to whom the private letter ruling is issued.

Under the Plan, we will bear Plan administrative costs and any trading fees or brokerage commissions related to the acquisition of, but not the sale of, shares of our common stock under the Plan. Plan administrative costs paid by us should not result in a constructive distribution to Plan participants. Brokerage commissions paid by a corporation with respect to open market or privately negotiated purchases on behalf of participants in a dividend reinvestment plan or pursuant to the optional cash purchase features of a plan are generally treated as constructive distributions to the participants, and the payment of these fees or commissions is generally subject to income tax in the same manner as distributions. Accordingly, to the extent that we pay brokerage commissions with respect to any open market or privately negotiated purchases made with reinvested dividends or optional cash purchases by the Plan Administrator, participants will be treated as receiving their proportionate amount of the commissions as distributions in addition to the amounts described above.

The total amount of your distributions will be reported to you and to the Internal Revenue Service on the appropriate tax form shortly after the end of each year.

#### Character of Distributions.

The amounts treated as distributions to shareholders as described above constitute dividends for federal income tax purposes up to the amount of our positive current and accumulated earnings and profits and, to that extent, will be taxable as ordinary income (except to the extent that we designate any portion of such dividend as a “capital gain” dividend and except in other limited circumstances). To the extent distributions are in excess of our earnings and profits, the distributions will be treated first as a tax-free return of capital to the extent of your tax basis in our common shares and, to the extent in excess of your basis, will be taxable as a gain realized from the sale of your common shares. Distributions to corporate shareholders, including amounts taxable as dividends to corporate shareholders, will not be eligible for the corporate dividends-received deduction.

Because we generally are not subject to federal income tax on the portion of our REIT taxable income distributed to our shareholders, our dividends generally are not “qualified dividend income” eligible for the reduced 15% rate available to most non-corporate taxpayers through 2012 under the Tax Relief, Unemployment Insurance Reauthorization, and Job Creation Act, and will continue to be taxed at the higher tax rates applicable to ordinary income. However, under current law through 2012, the reduced 15% rate does apply to our distributions to the extent:

- (i) designated as long-term capital gain dividends (except to the extent attributable to real estate depreciation, in which case such distributions generally continue to be subject to tax at a 25% rate);
- (ii) attributable to dividends received by us from non-REIT corporations or other taxable REIT subsidiaries; and
- (iii) attributable to income upon which we have paid corporate income tax (for example, if we distribute taxable income that we retained and paid tax on in the prior year).

#### Tax Basis and Holding Period of Shares Acquired Pursuant to the Plan.

Your tax basis in common shares acquired directly from us with reinvested dividends under the Plan will be equal to the fair market value of such shares as of the date of distribution. Your tax basis in common shares purchased on your behalf by the Plan Administrator in the open market or privately negotiated transactions will be equal to the cost of such shares plus your proportionate amount of commissions paid by us in connection with such purchase.

Your tax basis in additional common shares acquired under the Plan with optional cash investments should be equal to the sum of the amount of such optional cash investments, the amount, if any, treated as a distribution to you resulting from the excess, if any, of the fair market value on the investment date of the common shares over the amount of the optional cash payment made by the participant and your proportionate amount of commissions paid by us in connection with such purchase.

Your holding period for common shares acquired with reinvested cash distributions generally will commence on the day after the dividend payment date. If, however, the shares are acquired with optional cash investments or are purchased with reinvested cash distributions in the open market or in privately negotiated transactions, the holding period will commence on the day after the date of purchase.

#### Receipt of Shares Previously Credited to Your Plan Account.

You will not recognize gain or loss for U.S. federal income tax purposes upon your receipt of certificates for shares previously credited to your Plan account. However, you will generally recognize gain or loss when you sell or exchange shares received from the Plan or when a fractional share interest is liquidated. Such gain or loss will equal the difference between the amount that you receive for such fractional share interest or such shares and your tax basis in such fractional share interest or shares.

#### Effect of Withholding Requirements.

We or the Plan Administrator may be required to deduct as “backup withholding” twenty-eight percent (28%) of all dividends paid to you, regardless of whether such dividends are reinvested pursuant to the Plan. Similarly, the Plan Administrator may be required to deduct backup withholding from all proceeds from sales of common shares held in your account. You are subject to backup withholding if: (a) you have failed properly to furnish us and the Plan Administrator with your correct tax identification number (“TIN”); (b) the Internal Revenue Service or a broker notifies us or the Plan Administrator that the TIN furnished by you is incorrect; (c) the Internal Revenue Service or a broker notifies us or the Plan Administrator that backup withholding should be commenced because you failed to properly report all taxable interest and dividends paid to you; or (d) when required to do so, you fail to certify, under penalties of perjury, that you are not subject to backup withholding. Backup withholding amounts will be withheld from dividends before such dividends are reinvested under the Plan. Therefore, if you are subject to backup withholding, dividends to be reinvested under the Plan will be reduced by the backup withholding amount.

#### Foreign Shareholder Participation.

If you are a foreign shareholder you need to provide the required federal income certifications to establish your status as a foreign shareholder so that backup withholding as described above does not apply to you. You also need to provide the required certifications if you wish to claim the benefit of exemptions from federal income tax withholding or reduced withholding rates under a treaty or convention entered into between the United States and your country of residence. If you are a foreign shareholder whose dividends are subject to federal income tax withholding, the appropriate amount will be withheld and the balance in common shares will be credited to your account.

FOR FURTHER INFORMATION AS TO THE TAX CONSEQUENCES TO PARTICIPANTS IN THE PLAN, INCLUDING STATE, LOCAL AND FOREIGN TAX CONSEQUENCES, YOU SHOULD CONSULT WITH YOUR OWN TAX ADVISOR. THE ABOVE DISCUSSION IS BASED ON FEDERAL INCOME TAX LAWS IN EFFECT AS OF THE DATE HEREOF. ALL PARTICIPANTS SHOULD CONSULT THEIR TAX ADVISORS WITH RESPECT TO THE IMPACT OF ANY FUTURE LEGISLATIVE PROPOSALS OR LEGISLATION ENACTED AFTER THE DATE OF THIS PROSPECTUS.

IRS CIRCULAR 230 DISCLOSURE. TO ENSURE COMPLIANCE WITH INTERNAL REVENUE SERVICE CIRCULAR 230, PARTICIPANTS ARE HEREBY NOTIFIED THAT: (I) ANY DISCUSSION OF FEDERAL TAX ISSUES IN THIS PROSPECTUS WAS NOT INTENDED OR WRITTEN TO BE RELIED UPON, AND CANNOT BE RELIED UPON BY PARTICIPANTS FOR THE PURPOSE OF AVOIDING PENALTIES THAT MAY BE IMPOSED ON PARTICIPANTS UNDER THE INTERNAL REVENUE CODE OF 1986, AS AMENDED; (II) SUCH DISCUSSION IS WRITTEN IN CONNECTION WITH THE PROMOTION OR MARKETING OF THE TRANSACTIONS OR MATTERS ADDRESSED IN THIS PROSPECTUS; AND (III) PARTICIPANTS SHOULD SEEK TAX ADVICE BASED ON THEIR PARTICULAR CIRCUMSTANCES FROM AN INDEPENDENT TAX ADVISOR.

## PLAN OF DISTRIBUTION

Except to the extent the Plan Administrator purchases our common shares in open market transactions, we will sell directly to the Plan Administrator the common shares acquired under the Plan. The shares, including shares acquired pursuant to Request for Waiver forms, may be resold in market transactions on any national securities exchange on which our common shares trade or in privately negotiated transactions. Our common shares currently are listed on the NYSE.

Pursuant to the Plan, we may be requested to approve optional cash investments in excess of the \$10,000 allowable maximum pursuant to Request for Waiver forms on behalf of participants in the Plan that may be engaged in the securities business. In deciding whether to approve a Request for Waiver form, we may consider relevant factors including, among other things those factors discussed in Question 13.

We may sell common shares through the Plan to persons who, in connection with the resale of the shares, may be considered underwriters. In connection with these types of transactions, compliance with Regulation M under the Exchange Act would be required. We will not give any person any rights or privileges other than those that the person would be entitled to as a participant under the Plan. We will not enter into any agreement with any person regarding the person's purchase, resale or distribution of shares. Under some circumstances, we may, however, approve requests for optional cash investments in excess of the allowable maximum limitations pursuant to Request for Waiver forms.

Subject to the availability of shares of our common stock registered for issuance under the Plan, there is no total maximum number of shares that can be issued pursuant to the reinvestment of dividends and optional cash investments. You will pay any fees payable in connection with your voluntary sale of shares from your Plan account and/or withdrawal from the Plan.

Item 15. Indemnification of Directors and Officers

The charter and bylaws of the registrant provide for indemnification of directors and officers to the full extent permitted by Maryland law.

Section 2-418 of the General Corporation Law of the State of Maryland generally permits indemnification of any director or officer with respect to any proceedings unless it is established that: (a) the act or omission of the director or officer was material to the matter giving rise to the proceeding and was either committed in bad faith or the result of active and deliberate dishonesty; (b) the director or officer actually received an improper personal benefit in money, property or services; or (c) in the case of a criminal proceeding, the director or officer had reasonable cause to believe that the act or omission was unlawful. The indemnity may include judgments, penalties, fines, settlements, and reasonable expenses actually incurred by the director or officer in connection with the proceedings. However, a corporation may not indemnify a director or officer who shall have been adjudged to be liable to the corporation, or who instituted a proceeding against the corporation (unless such proceeding was brought to enforce the indemnification provisions of Section 2-418, or the charter, bylaws, a resolution of the board of directors of the

corporation or an agreement approved by the board of directors). In addition, a director may not be indemnified under Section 2-418 in respect of any proceeding charging improper personal benefit to the director, whether or not involving action in the director's official capacity, in which the director was adjudged to be liable on the basis that personal benefit was improperly received. The termination of any proceeding by judgment, order or settlement does not create a presumption that the director or officer did not meet the requisite standard of conduct required for permitted indemnification. The termination of any proceeding by conviction, or plea of nolo contendere or its equivalent, or an entry of an order of probation prior to judgment, creates a rebuttable presumption that the director or officer did not meet that standard of conduct. A director or officer who has been successful on the merits or otherwise, in the defense of any proceeding referred to above shall be indemnified against any reasonable expenses incurred by the director or officer in connection with the proceeding. As noted below, the SEC may limit the corporation's obligation to provide this indemnification.

The registrant has also entered into indemnity agreements with the officers and directors of the registrant that provide that the registrant will, subject to certain conditions, pay on behalf of the indemnified party any amount which the indemnified party is or becomes legally obligated to pay because of any act or omission or neglect or breach of duty, including any actual or alleged error or misstatement or misleading statement, which the indemnified party commits or suffers while acting in the capacity as an officer or director of the registrant. Once an initial determination is made by the registrant that a director or officer did not act in bad faith or for personal benefit, the indemnification provisions contained in the charter, bylaws, and indemnity agreements would require the registrant to advance any reasonable expenses incurred by the director or officer, and to pay the costs, judgments, and penalties determined against a director or officer in a proceeding brought against them.

Insofar as indemnification for liabilities arising under the Securities Act is permitted to directors and officers of the registrant pursuant to the above-described provisions, the registrant understands that the SEC is of the opinion that such indemnification contravenes federal public policy as expressed in said act and therefore is unenforceable.

Item 16. Exhibits

The exhibits to this registration statement are listed in the Exhibit Index that immediately precedes such exhibits and is hereby incorporated by reference.

Item 17. Undertakings

(a) The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information in this registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20 percent change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and

(iii) To include any material information with respect to the plan of distribution not previously disclosed in this registration statement or any material change to such information in the registration statement.

provided, however, that paragraphs (a)(1)(i), (a)(1)(ii), and (a)(1)(iii) do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in periodic reports filed with or furnished to the Commission by the registrant pursuant to Section 13 or Section 15(d) of the Exchange Act that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act to any purchaser:

(i) If the registrant is relying on Rule 430B:

(A) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(B) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act shall be deemed to be part of and included in

the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date; or

(b) That, for purposes of determining any liability under the Securities Act, each filing of the registrant's annual report pursuant to section 13(a) or section 15(d) of the Exchange Act (and, where applicable, each filing of an employee benefit plan's annual report pursuant to section 15(d) of the Exchange Act) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(c) Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.
