PROXY STATEMENT

FOR 2013 ANNUAL MEETING OF STOCKHOLDERS

To Be Held On May 22, 2013

I. SOME QUESTIONS YOU MAY HAVE REGARDING THIS PROXY STATEMENT

Q. Why am I receiving these materials?

This proxy statement and the accompanying Notice of Annual Meeting and proxy card are first being sent to stockholders on or about April __, 2013. The accompanying proxy is solicited on behalf of the Board of Directors of AvalonBay Communities, Inc., a Maryland corporation (the “Company”). We are providing these proxy materials to you in connection with our 2013 Annual Meeting of Stockholders to be held on Wednesday, May 22, 2013, at A. 9:00 a.m., local time, at the offices of the Company, Ballston Tower, 671 N. Glebe Road, Suite 800, Arlington, VA 22203, and any postponements or adjournments thereof (the “Annual Meeting”). As a Company stockholder, you are invited to attend the Annual Meeting and are entitled and requested to vote on the proposals described in this proxy statement. Directions on how to attend the Annual Meeting in person are available on the Company’s Internet website at www.avalonbay.com/events.

Q. How can I access the proxy materials electronically?

This proxy statement, our 2012 Annual Report to Stockholders and our Annual Report on Form 10-K for the year ended December 31, 2012 are available online at www.proxyvote.com. Instead of receiving copies of our future annual reports, proxy statements, and proxy cards by mail, stockholders can elect to receive an email that will A. provide electronic links to our proxy materials and an electronic link to the proxy voting site. Choosing to receive your future proxy materials online will save us the cost of producing and mailing documents to you and help conserve natural resources. You may sign up for electronic delivery by visiting www.proxyvote.com.

Q. Who may vote at the Annual Meeting?

You may vote all the shares of our common stock, par value \$0.01 per share (the “Common Stock”), that you owned at the close of business on March 8, 2013, the record date for determining stockholders entitled to receive notice of, A. and to vote on, these matters (the “Record Date”). On the Record Date, the Company had 129,343,963 shares of Common Stock outstanding and entitled to vote at the meeting. You may cast one vote for each share of Common Stock held by you on all matters.

Q. What constitutes a quorum at the Annual Meeting?

The presence, in person or by proxy, of holders of a majority of all of the shares of Common Stock entitled to vote is necessary to constitute a quorum for the transaction of business at the Annual Meeting. Abstentions and “broker non-votes” will be counted for purposes of determining whether a quorum is present for the transaction of business A. at the Annual Meeting. A “broker non-vote” refers to a share represented at the meeting held by a broker, as to which instructions have not been received from the beneficial owner or person entitled to vote such shares and with respect to which, on one or more but not all matters, the broker does not have discretionary voting power to vote such share.

Note that under New York Stock Exchange (“NYSE”) rules, if you hold shares through a bank, broker or other institution and you do not provide your voting instructions to them at least 10 days before the Annual Meeting, that firm has the discretion to vote your shares on proposals that the NYSE has determined are routine, such as the ratification of the appointment of the independent registered public accounting firm. A bank, broker or institution that holds your shares cannot vote your shares on non-routine matters at the Annual Meeting, such as the election of directors, approval of compensation-related matters, or a proposal submitted by a stockholder, without your voting instructions.

Table of Contents

Q. What proposals will be voted on at the Annual Meeting?

At the Annual Meeting, stockholders will be asked to: (1) elect nine directors of the Company, (2) consider and vote upon ratification of the selection of Ernst & Young LLP as the Company's independent auditors for 2013, (3) consider and vote upon a resolution to approve, on a non-binding, advisory basis, the Company's named executive officer compensation, (4) consider and vote upon a resolution to amend the Company's Amended and Restated Articles of Incorporation, as amended (the "Charter") to increase the number of authorized shares of Common Stock, and (5) transact such other business as may be properly brought before the Annual Meeting, in each case as specified in the Notice of Annual meeting and more fully described in this proxy statement.

Q. How does the Board of Directors recommend I vote?

- A. Please see the information included in the Proxy Statement relating to the proposals to be voted on. Our Board of Directors unanimously recommends that you vote:
1. **"FOR"** each of the nominees to the Board of Directors;
 2. **"FOR"** ratification of the selection of Ernst & Young LLP as the Company's independent auditors for the fiscal year 2013;
 3. **"FOR"** the non-binding resolution to approve the compensation of the Company's named executive officers as disclosed pursuant to the Securities and Exchange Commission's compensation disclosure rules; and
 4. **"FOR"** the resolution to amend the Company's Charter to increase the number of authorized shares of Common Stock.

Q. How do I vote?

Whether you hold shares directly as the stockholder of record or indirectly as the beneficial owner of shares held for you by a broker or other nominee (i.e., in "street name"), you may direct your vote without attending the Annual Meeting. You may vote by granting a proxy or, for shares you hold in street name, by submitting voting instructions to your broker or nominee. In most instances, you will be able to do this over the Internet, by telephone or by mail. Please refer to the summary instructions below and those included on your proxy card or, for shares you hold in street name, the voting instruction card provided by your broker or nominee.

By Internet—If you have Internet access, you may authorize your proxy from any location in the world by following the "By Internet" instructions on the proxy card or, if applicable, the Internet voting instructions that may be described on the voting instruction card sent to you by your broker or nominee.

By Telephone—If you are calling from the United States or Canada, you may authorize your proxy by following the "By Telephone" instructions on the proxy card or, if applicable, the telephone voting instructions that may be described on the voting instruction card sent to you by your broker or nominee.

By Mail—You may authorize your proxy by signing your proxy card and mailing it in the enclosed, postage-prepaid and addressed envelope. For shares you hold in street name, you may sign the voting instruction card included by your broker or nominee and mail it in the envelope provided.

Table of Contents

For shares held directly in your name, you may change your proxy instructions at any time prior to the vote at the Annual Meeting. You may do this by granting a new properly executed and later-dated proxy, by filing a written revocation with the Secretary of the Company at the address of the Company set forth above, or by attending the Annual Meeting and voting in person. Attendance at the Annual Meeting without further action will not cause your previously granted proxy to be revoked. You may change your proxy instructions for shares you beneficially own by submitting new voting instructions to your broker or nominee in the manner and within the time periods they prescribe.

If a properly signed proxy is submitted but not marked as to a particular item, the proxy will be voted FOR the election of the nine nominees for director of the Company named in this Proxy Statement, FOR the ratification of the selection of Ernst & Young LLP as the Company's independent auditors for 2013, FOR the non-binding resolution to approve the Company's named executive officer compensation, and FOR the resolution to amend the Company's Charter to increase the number of authorized shares of Common Stock. It is not anticipated that any matters other than those set forth in the Proxy Statement will be presented at the Annual Meeting. If other matters are presented, proxies will be voted in the discretion of the proxy holders.

The Company's 2012 Annual Report to Stockholders and a copy of the Company's Annual Report on Form 10-K as filed with the Securities and Exchange Commission ("SEC") are being mailed to stockholders concurrently with this Proxy Statement. The Annual Report to Stockholders and Form 10-K, however, are not part of the proxy solicitation material. **A copy of any or all exhibits to the Company's Form 10-K may be obtained free of charge by writing to AvalonBay Communities, Inc., Ballston Tower, 671 N. Glebe Road, Suite 800, Arlington, VA 22203, Attention: Chief Financial Officer or by accessing the "Investors" section of the Company's website (www.avalonbay.com).**

II. PROPOSALS

PROPOSAL 1

ELECTION OF DIRECTORS

The Board of Directors currently consists of nine members. As previously announced, Bryce Blair, a current director and the Chairman of the Board, has announced that he will retire at the end of his current term, which expires at the 2013 Annual Meeting of Stockholders. The Board of Directors has nominated for election the remaining eight current directors and Glyn F. Aeppel. Accordingly, nine nominees will stand for election at the Annual Meeting and if elected will serve until the 2014 Annual Meeting of Stockholders and until their successors are elected and qualify. The following individuals have been nominated by the Board of Directors to serve as directors: Glyn F. Aeppel, Alan B. Buckelew, Bruce A. Choate, John J. Healy, Jr., Timothy J. Naughton, Lance R. Primis, Peter S. Rummell, H. Jay Sarles, and W. Edward Walter (each, a “Nominee” and, collectively, the “Nominees”). The Board of Directors anticipates that each of the Nominees, if elected, will serve as a director. However, if any person nominated by the Board of Directors is unable to serve or for good cause will not serve, the proxies will be voted for the election of such other person as the Board of Directors may recommend. You may not vote for more than nine directors at the Annual Meeting.

Required Vote and Recommendation

Only holders of record of Common Stock as of the close of business on the Record Date are entitled to vote on this proposal. Proxies will be voted for all of the Nominees unless contrary instructions are set forth on the enclosed proxy card. Under the Company’s Bylaws, the affirmative vote of the holders of a majority of the total votes cast for and affirmatively withheld as to each Nominee is required to elect such Nominee. Under Maryland law, abstentions and broker non-votes are not treated as votes cast. Accordingly, an abstention or broker non-vote will have no effect on the result of the vote.

*The Board of Directors unanimously recommends a vote **FOR** all of the Nominees.*

Information Regarding Nominees

The following biographical descriptions set forth information with respect to the Nominees, based on information furnished to the Company by each Nominee, and include the specific experience, qualifications, attributes and skills that led to the Board’s conclusion that each should serve as a director in light of the Company’s business and structure. There is no family relationship between any director, Nominee, or executive officer of the Company.

PROPOSAL 2

RATIFICATION OF SELECTION OF INDEPENDENT PUBLIC AUDITORS

The Board recommends that the stockholders ratify the Audit Committee's selection of Ernst & Young LLP ("Ernst & Young") as the principal independent auditors of the Company for fiscal year 2013. Ernst & Young was also the Company's principal independent auditors for fiscal year 2012. If the selection of Ernst & Young is not ratified, the Audit Committee anticipates that it will nevertheless engage Ernst & Young as auditors for fiscal year 2013, but will consider whether it should select a different auditor for fiscal year 2014. If the selection of Ernst & Young is ratified by the stockholders, the Audit Committee may nevertheless determine, based on changes in fees, personnel or for other reasons, to engage a firm other than Ernst & Young for the 2013 audit.

Representatives of Ernst & Young are expected to be present at the Annual Meeting and will have the opportunity to make a statement if they desire to do so. They are also expected to be available to respond to appropriate questions.

Required Vote and Recommendation

Only holders of record of Common Stock as of the close of business on the Record Date are entitled to vote on this proposal. Proxies will be voted for ratification of the selection of Ernst & Young as the Company's independent auditors for fiscal year 2013 unless contrary instructions are set forth on the enclosed proxy card. A majority of the votes cast on the proposal at the Annual Meeting is required to ratify the selection of Ernst & Young. Under Maryland law, abstentions and broker non-votes are not treated as votes cast. Accordingly, an abstention or broker non-vote will have no effect on the result of the vote.

The Board of Directors unanimously recommends a vote **FOR** the ratification of the selection of Ernst & Young as the Company's independent auditors for fiscal year 2013.

PROPOSAL 3

NON-BINDING, ADVISORY VOTE ON EXECUTIVE COMPENSATION

The Compensation Discussion and Analysis beginning on page 15 of this proxy statement describes the Company's executive officer compensation program and decisions made by the Compensation Committee and the Board of Directors in 2012 with respect to our Chief Executive Officer and other officers named in the Summary Compensation Table on page 29 (the "Named Executive Officers"). As noted in the Compensation Discussion and Analysis, the Company's goals for its executive compensation program are (i) to attract, motivate and retain experienced, effective executives, (ii) to direct the performance of those executives with clearly defined goals and measures of achievement, and (iii) to align the interests of management with the interests of our stockholders.

At our 2011 annual meeting of stockholders, our stockholders voted on a proposal regarding the frequency of holding a non-binding, advisory vote on the compensation of our named executive officers (a "Say-on-Pay Vote"), among other matters. A majority of the votes cast on the frequency proposal were cast in favor of holding a Say-on-Pay Vote every year, which was consistent with the recommendation of our Board of Directors. Our Board currently intends for the Company to hold a Say-on-Pay Vote every year at least until the annual meeting of stockholders in 2017, which is the next required advisory vote on the frequency of holding a Say-on-Pay Vote.

While the vote on the following resolution is advisory in nature and therefore will not bind us to take any particular action, our Board of Directors intends to carefully consider the stockholder vote resulting from the proposal in making future decisions regarding our compensation program. The Board of Directors is asking stockholders to cast a non-binding advisory vote on the following resolution:

"RESOLVED, that the compensation paid to the Company's Named Executive Officers, as disclosed pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, compensation tables and any related material disclosed in this proxy statement, is hereby APPROVED, on a non-binding, advisory basis, by the stockholders of the Company."

Required Vote and Recommendation

Only holders of record of Common Stock as of the close of business on the Record Date are entitled to vote on this proposal. Proxies will be voted FOR adoption of the resolution approving the compensation disclosed unless contrary instructions are set forth on the enclosed proxy card. A majority of the votes cast on the proposal at the Annual Meeting is required to provide non-binding approval of the compensation paid to the Company's Named Executive Officers. Under Maryland law, abstentions and broker non-votes are not treated as votes cast. Accordingly, an abstention or broker non-vote will have no effect on the result of the vote.

The Board of Directors unanimously recommends a vote FOR the resolution to approve, on a non-binding advisory basis, the compensation paid to the Company's Named Executive Officers.

PROPOSAL 4

AMENDMENT OF CHARTER TO INCREASE AUTHORIZED SHARES OF COMMON STOCK

On March 13, 2013, our Board adopted, subject to stockholder approval, an amendment to the Charter to increase the total number of shares of Common Stock authorized to be issued from 140 million shares to 280 million shares. More specifically, it is proposed that Article I, Section 1.3 and Article VII, Section 7.1 of the Charter be amended to read as follows (additions shown as underlined and deletions shown as ~~struck through~~):

“1.3 The total number of shares of Stock which the Corporation has authority to issue is ~~two hundred ten million (210,000,000)~~ three hundred fifty million (350,000,000) shares, consisting of (i) fifty million (50,000,000) shares of Preferred Stock; (ii) ~~one hundred forty million (140,000,000)~~ two hundred eighty million (280,000,000) shares of Common Stock; and (iii) twenty million (20,000,000) shares of excess stock, par value \$.01 per share (“Excess Stock”). The aggregate par value of all the shares of all classes of Stock is ~~\$2,100,000~~ \$3,500,000.”

“7.1 Authorized Stock. The total number of shares of Stock which the Corporation has authority to issue is ~~two hundred ten million (210,000,000)~~ three hundred fifty million (350,000,000) shares, consisting of (i) fifty million (50,000,000) shares of Preferred Stock, par value \$.01 per share; (ii) ~~one hundred forty million (140,000,000)~~ two hundred eighty million (280,000,000) shares of Common Stock, par value \$.01 per share; and (iii) twenty million (20,000,000) shares of Excess Stock, par value \$.01 per share. The aggregate par value of all the shares of all classes of Stock is ~~\$2,100,000~~ \$3,500,000.”

Purpose of the Amendment and Factors to Consider

The proposed amendment to the Charter will give the Company the flexibility it requires to issue shares of Common Stock to meet future long term corporate needs. At the present time the Company has 140 million shares of Common Stock authorized for issuance. As of March 8, 2013, 129.3 million shares of Common Stock have been issued and are outstanding. Additionally, the Company has reserved 4.5 million shares for possible future issuance in respect of the exercise of outstanding employee stock options or conversion of outstanding deferred stock units, conversion of outstanding DownREIT units, and the remaining capacity under the Company’s 2009 Stock Incentive Plan. After giving effect to these reserves, the Company has 6.2 million shares of Common Stock that remain authorized and available for issuance.

The Board believes that this number of shares is insufficient to meet the long term needs of the Company for Common Stock equity capital and future equity compensation programs. Therefore, the Board has determined that it is advisable and in the best interests of the Company to amend the Charter to increase the authorized number of shares of Common Stock by an additional 140 million shares in order to “reload” the Company’s authorized Common Stock as the Company approaches the limit of its current Common Stock share authorization. If approved, this will be the first increase in the authorized shares of Common Stock since 1998.

Although there are no present agreements, plans, arrangements, commitments or understandings with respect to the issuance of additional shares of Common Stock, the newly authorized shares of Common Stock could be issued at such times and for such corporate purposes as our Board may deem advisable without further action by our stockholders, except as may be required by applicable law or by the rules of the NYSE or any other stock exchange or national securities association trading system on which our Common Stock may be listed or traded. In this regard, stockholder approval of equity compensation plans would be required for new equity compensation plans or to

increase the number of shares of Common Stock available under existing equity compensation plans, and various rules of the SEC and the Internal Revenue Service would make stockholder approval of such arrangements very desirable in many cases. Subject to such stockholder approvals, the Board could authorize the issuance of these shares of Common Stock for any corporate purpose that the Board deems advisable, which may include capital raising transactions of equity or convertible debt securities, stock splits, stock dividends, issuance under current or future equity compensation and incentive plans, employee stock plans and savings plans, and acquisitions of individual properties or portfolios of multiple properties.

The additional authorized shares of Common Stock, if and when issued, would be part of the existing class of Common Stock and would have the same rights and privileges as the shares of Common stock currently outstanding. The Company's stockholders do not have preemptive rights with respect to Common Stock issuances. Accordingly, any issuance of additional shares of Common Stock will reduce the current stockholders' percentage ownership interest in the total outstanding shares of our Common Stock. The authorization and subsequent issuance of additional shares of Common stock may, among other things, have a dilutive effect on earnings per share and on the equity and voting power of existing holders of our Common Stock.

Table of Contents

Release No. 34-15230 of the staff of the SEC requires disclosure and discussion of the effects of any proposal that may be used as an anti-takeover device. Future issuances of Common Stock or securities convertible into Common Stock could have a dilutive effect on the earnings per share, book value per share, voting power and percentage interest of holdings of current stockholders. In addition, the availability and/or issuance of additional shares of Common Stock could, under certain circumstances, discourage or make more difficult efforts to obtain control of the Company and thereby protect the continuity of then-present management of the Company. The Board has no intention or plan to employ the increase of our authorized Common Stock to prevent or discourage any acquisition attempt at this time.

Required Vote and Recommendation

Only holders of record of Common Stock as of the close of business on the Record Date are entitled to vote on this proposal. Proxies will be voted “FOR” the approval of the Charter amendment unless contrary instructions are set forth on the enclosed proxy card. The affirmative vote of the holders of a majority of all outstanding shares of Common Stock is required to approve the proposal. Under Maryland law, abstentions and broker non-votes are not treated as votes cast. Accordingly, an abstention or broker non-vote will have the effect of a vote cast against the proposal.

For the reasons stated above, the Board unanimously recommends a vote FOR the proposal to amend the Charter to increase the number of authorized shares of Common Stock.

OTHER MATTERS

The Board of Directors does not know of any matters other than those described in this Proxy Statement which will be presented for action at the Annual Meeting. If other matters are presented, proxies will be voted in the discretion of the proxy holders.

Regardless of the number of shares you own, your vote is very important to the Company. Please complete, sign, date and promptly return the enclosed proxy card or authorize a proxy by telephone or over the Internet to vote your shares by following the instructions on your proxy card.

III. CORPORATE GOVERNANCE AND RELATED MATTERS

Code of Ethics and Corporate Governance Guidelines

The Company has adopted a Code of Business Conduct and Ethics (the “Code”), which constitutes a “code of ethics” as defined by the SEC, that applies to the Company’s Board of Directors as well as its Chief Executive Officer, Chief Financial Officer, principal accounting officer, controller, and other employees of the Company. In addition, the Company has adopted Corporate Governance Guidelines. Copies of the Code and the Corporate Governance Guidelines are available on the “Investors” section of the Company’s website (www.avalonbay.com) under “Corporate Overview – Corporate Governance Documents.” To the extent required by the rules of the SEC and the NYSE, we will disclose amendments and waivers relating to these documents in the same place on our website. Additional information on corporate governance policies is included in “*Compensation Policies*” on page 26, including information on the following Company policies: Executive Stock Ownership Guidelines, Prohibition Against Borrowing against Company Stock, Severance Policy, and Policy on Recoupment of Incentive Compensation (Clawback Policy) .

Board of Directors and its Committees

Board of Directors. The Board of Directors currently consists of nine directors, eight of whom are candidates for election. The Board of Directors met nine times during 2012. The Board of Directors schedules regular executive sessions at each of its meetings in which the Company's independent directors meet without management participation. During 2012 each of the directors attended at least 75% of the total number of meetings of the Board of Directors and meetings of the committees of the Board of Directors of which he was a member. The Board expects each director to attend the Company's annual meetings of stockholders at which he is a nominee, and all directors were in attendance at the 2012 Annual Meeting of Stockholders.

Table of Contents

Audit Committee. The Board of Directors has established an Audit Committee. The current members of this committee are Messrs. Sarles (Chair), Buckelew, Healy and Walter. The Board of Directors has determined that Mr. Sarles is an “audit committee financial expert” as defined by the SEC. Mr. Sarles’ designation by the Board as an “audit committee financial expert” is not intended to be a representation that he is an expert for any purpose as a result of such designation, nor is it intended to impose on him any duties, obligations or liability that are greater than the duties, obligations or liability imposed on him as a member of the Audit Committee and the Board in the absence of such designation. The Board of Directors has determined that the members of the Audit Committee, including the audit committee financial expert, are “independent” under the rules of the NYSE. The Audit Committee, among other functions, has the sole authority to appoint and replace the independent auditors, is responsible for the compensation and oversight of the work of the independent auditors, reviews the results of the audit engagement with the independent auditors, and reviews and discusses with management and the independent auditors quarterly and annual financial statements and major changes in accounting and auditing principles. The Audit Committee met five times during 2012. The Board of Directors has adopted a written charter for the Audit Committee. A copy of the Audit Committee charter is available on the “Investors” section of the Company’s website (www.avalonbay.com) under “Corporate Overview – Corporate Governance Documents.”

Compensation Committee. The Board of Directors has established a Compensation Committee. The current members of this committee are Messrs. Rummell (Chair), Primis and Sarles. The Board of Directors has determined that the members of the Compensation Committee are “independent” under the rules of the NYSE. The Compensation Committee, among other functions, reviews, designs and determines management compensation structures, programs and amounts, establishes corporate and management performance goals and objectives, and reviews and makes recommendations to the Board of Directors regarding the Company’s incentive compensation plans, including the Company’s 1994 Stock Incentive Plan and the Company’s 2009 Stock Option and Incentive Plan (collectively, the “Stock Incentive Plan”). The Compensation Committee also reviews employment agreements and arrangements with officers. The Compensation Committee may establish and delegate authority to one or more subcommittees consisting of one or more of its members as the Committee deems appropriate in order to carry out its responsibilities. In addition, our Stock Incentive Plan provides that the Committee, in its discretion, may delegate to the Chief Executive Officer of the Company all or part of the Committee’s authority and duties under the Plan with respect to stock and option awards, including the granting of awards to individuals who are not subject to the reporting and other provisions of Section 16 of the Securities Exchange Act of 1934, as amended. The Compensation Committee has engaged Steven Hall & Partners, an executive compensation consulting firm, to provide it with independent advice and counsel on executive and board compensation, as well as competitive pay practices. Steven Hall & Partners did not provide any services directly to the Company or its management. The Compensation Committee met four times during 2012. The Board of Directors has adopted a written charter for the Compensation Committee. A copy of the Compensation Committee charter is available on the “Investors” section of the Company’s website (www.avalonbay.com) under “Corporate Overview – Corporate Governance Documents.”

Nominating and Corporate Governance Committee. The Board of Directors has established a Nominating and Corporate Governance Committee (the “Nominating Committee”). The current members of this committee are Messrs. Primis (Chair), Choate and Healy. The Board of Directors has determined that the members of the Nominating Committee are “independent” under the rules of the NYSE. The Nominating Committee was formed to, among other functions, identify individuals qualified to become Board members, consider policies relating to Board and committee meetings, recommend the establishment or dissolution of Board committees, review and consider succession plans with respect to the positions of Chairman and Chief Executive Officer (including through periodic evaluation and discussion with the Board of internal candidates for such succession), and address other issues regarding corporate governance. The Nominating Committee met five times during 2012. The Board of Directors has adopted a written charter for the Nominating Committee. A copy of the Nominating Committee charter is available on the “Investors” section of the Company’s website (www.avalonbay.com) under “Corporate Overview – Corporate Governance Documents.”

In evaluating and determining whether to recommend a person as a candidate for election as a director, the Nominating Committee considers the qualifications set forth in the Company's corporate governance guidelines, which include business and professional background; history of leadership or contributions to other organizations; functional skill set and expertise; general understanding of marketing, finance, accounting and other elements relevant to the success of a publicly-traded company in today's business environment; and service on other boards of directors. In addition, the Board may consider diversity of background, experience and thought in evaluating and recommending candidates for election. The Board believes that diversity is important because a variety of points of view can contribute to a more effective decision-making process. The Nominating Committee may employ a variety of methods for identifying and evaluating nominees for director. The Nominating Committee may assess the size of the Board, the need for particular expertise on the Board, the upcoming election cycle of the Board and whether any vacancies are expected, due to retirement or otherwise. In the event that vacancies are anticipated or otherwise arise, the Nominating Committee will consider various potential candidates for director which may come to the Nominating Committee's attention through current Board members, professional search firms, stockholders or other persons. These candidates are evaluated at regular or special meetings of the Nominating Committee, and may be considered at any time during the year.

Table of Contents

In exercising its function of recommending individuals for nomination by the Board for election as directors, the Nominating Committee considers nominees recommended by stockholders. The procedure by which stockholders may submit such recommendations is set forth in the Company's Bylaws. See "Other Matters—Stockholder Proposals for Annual Meetings" for a summary of these requirements. When nominations are properly submitted, the Nominating Committee will consider candidates recommended by stockholders under the criteria summarized above. Following verification of the stockholder status of persons proposing candidates, the Nominating Committee makes an initial analysis of the qualifications of any candidate recommended by stockholders or others pursuant to the criteria summarized above to determine whether the candidate is qualified for service on the Board of Directors before deciding to undertake a complete evaluation of the candidate. If any materials are provided by a stockholder or professional search firm in connection with the nomination of a director candidate, such materials are forwarded to the Nominating Committee as part of its review. The same identifying and evaluating procedures apply to all candidates for director nomination, including candidates submitted by stockholders. In the case of stockholder nominations, the Board may also consider the specific information required to be provided by the nominating stockholder pursuant to the requirements of the Company's Bylaws.

If you would like the Nominating Committee to consider a prospective candidate, please submit the candidate's name and qualifications and other information in accordance with the requirements for director nominations by stockholders in the Company's Bylaws to: AvalonBay Communities, Inc., Ballston Tower, 671 N. Glebe Road, Suite 800, Arlington, VA 22203, Attention: Corporate Secretary.

Investment and Finance Committee. The Board of Directors has established an Investment and Finance Committee. The current members of this committee are Messrs. Walter (Chair), Blair (who has chosen to complete his retirement at the Annual Meeting and is not a candidate for election as a director), Buckelew, Choate, Naughton, and Rummell. The Investment and Finance Committee was formed to, among other things, review and monitor the acquisition, disposition, development and redevelopment of the Company's communities, and review and monitor the financial structure, capital sourcing strategy and financial plans and projections of the Company. The Investment and Finance Committee has authority, subject to certain limits and guidelines set by the Board of Directors and Maryland law, to approve investment and financing activity. The Investment and Finance Committee met six times during 2012.

Leadership Structure and Lead Independent Director. Our current Chairman of the Board, Bryce Blair, has decided to complete his retirement at the Annual Meeting and is not a candidate for election as a director. After considering Mr. Naughton's experience and role with the Company and his years of effective service as a director, and in light of the well-defined and well-established role of our Lead Independent Director (as described in the next paragraph), our Board has appointed Mr. Naughton, our current Chief Executive Officer and President, to the additional position of Chairman of the Board, effective upon his election as a director at the Annual Meeting. The Board believes that the Company will be best served by having Mr. Naughton serve as Chairman of the Board in addition to Chief Executive Officer and President, as opposed to appointing one of the other current directors or a future director to serve as Chairman of the Board. Among other benefits, Mr. Naughton's role as Chief Executive Officer and President enables him, working with the Lead Independent Director, to act as a bridge between management and the Board, helping management and the Board to act with a common purpose. Mr. Naughton's combined roles as Chief Executive Officer, President and Chairman of the board will promote unified leadership and direction for the Company.

To help assure sound corporate governance practices, the Board of Directors established the position of Lead Independent Director in 2003 and Mr. Primis currently serves in that role. Mr. Primis' role as Lead Independent Director includes presiding at all meetings of the Board of Directors at which the Chairman is not present, serving as a liaison between the Chairman and the independent directors, approving meeting agendas for the Board, having the authority to call meetings of the independent directors, conferring with both the Chairman and the Chief Executive Officer regularly, and acting as a contact person for those who wish to communicate with the independent directors.

Board of Directors Risk Oversight. The Company and the Board have a number of practices with regard to Board oversight of risk management matters. The charter of each of the Company's Board committees provides that each committee shall, from time to time to the extent that committee deems appropriate, review risk and compliance matters relevant to that committee and report the results of such review to the full Board. As required by NYSE rules, the charter of the Audit Committee states that the Audit Committee will assist with Board oversight of risk and compliance matters, and in any event will review the perceived major financial risk exposures of the Company and the steps management has taken to monitor and control such exposures. At most regularly scheduled Board meetings, the Board reviews key matters relating to the Company's finances, liquidity, operations and investment activity. On an annual basis, the Board engages in a broader discussion about company-wide risk management. Although it is not the primary reason for the selection of the current leadership structure by the Board, the Company and the Board believe that the current leadership structure of the Board, including both a Chairman of the Board and a separate Lead Independent Director, helps facilitate these risk oversight functions by providing multiple channels for risk related concerns and comments. The Company's operations involve various risks that could have adverse consequences, including those described in the Company's Annual Report on Form 10-K and other filings with the SEC. The Board recognizes that it is neither possible nor prudent to eliminate all risk. Despite the risk oversight activities described above, there can be no assurance that the Company's current practices have identified every potential material risk, are sufficient to address these risks, or that any risks will not result in a material adverse effect on the Company's business or operations.

Table of Contents

Independence of the Board. The NYSE has adopted independence standards for companies listed on the NYSE, which apply to the Company. These standards require a majority of the Board of Directors to be independent and every member of the Audit Committee, Compensation Committee and Nominating Committee to be independent. NYSE standards provide that a director is considered independent only if the Board of Directors “affirmatively determines that the director has no material relationship with the listed company (either directly or as a partner, shareholder or officer of an organization that has a relationship with the company).” In addition, NYSE rules currently provide that:

A director who is an employee, or whose immediate family member is an executive officer, of the Company is not independent until three years after the end of such employment relationship;

A director who receives, or whose immediate family member receives, more than \$120,000 per year in direct compensation from the Company, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service), is not independent until three years after he or she ceases to receive more than \$120,000 per year in such compensation;

A director is not independent if (A) the director is a current partner or employee of a firm that is the Company’s internal or external auditor; (B) the director has an immediate family member who is a current partner of such a firm;

(C) the director has an immediate family member who is a current employee of such a firm and personally works on the Company’s audit; or (D) the director or an immediate family member was within the last three years (but is no longer) a partner or employee of such a firm and personally worked on the Company’s audit within that time;

A director who is employed, or whose immediate family member is employed, as an executive officer of another company where any of the Company’s present executives serve on that company’s compensation committee is not independent until three years after the end of such service or the employment relationship; and

A director who is an executive officer or an employee, or whose immediate family member is an executive officer, of a company that makes payments to, or receives payments from, the Company for property or services in an amount which, in a single fiscal year, exceeds the greater of \$1 million or 2% of such other company’s consolidated gross revenues, is not independent until three years after falling below such threshold.

To determine which of its members is independent, the Board of Directors used the above standards and also considered whether a director had any other past or present relationships with the Company which created conflicts or the appearance of conflicts. Other than the employment relationship described below, no such transactions, relationships or arrangements were reported to the Board for consideration.

Based on the absence of any such transactions, relationships or arrangements found as a result of this review, the Board determined that all nominees for directors are independent because none of them has any past or present material relationship with the Company that creates a conflict or the appearance of a conflict, except for Mr. Naughton, who currently serves as the Company’s Chief Executive Officer.

Contacting the Board

Any stockholder or other interested party may contact any of our directors, including the Lead Independent Director or our independent directors as a group, by writing to them c/o AvalonBay Communities, Inc., Ballston Tower, 671 N. Your letter should clearly specify the name of the individual director or group of directors to whom your letter is addressed. Any communications received in this manner will be forwarded as addressed.

Table of Contents**Report of the Audit Committee**

The Audit Committee of the Board of Directors of AvalonBay Communities, Inc., a Maryland corporation (the “Company”), reviews the financial reporting process of the Company on behalf of the Board of Directors. Management has primary responsibility for this process, including the Company’s system of internal controls, and for the preparation of the Company’s consolidated financial statements in accordance with generally accepted accounting principles. The Company’s independent auditors, and not the Audit Committee, are responsible for auditing and expressing an opinion on the conformity of the Company’s audited financial statements to generally accepted accounting principles.

In this context, during 2012, the Audit Committee reviewed and discussed the audited financial statements with management and the independent auditors. The Audit Committee also discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61, as amended (AICPA Professional Standards Vol. 1 AU section 380) (Communication with Audit Committees), as adopted by the Public Company Accounting Oversight Board in Rule 3200T. In addition, the Audit Committee received from the independent auditors the written disclosures required by the Public Company Accounting Oversight Board regarding the independent auditor’s communications with the Audit Committee regarding independence and discussed with the independent auditors their independence from the Company and its management.

Relying on the reviews, disclosures and discussions referred to above, the Audit Committee recommended to the Board of Directors, and the Board of Directors has approved, that the audited financial statements be included in the Company’s Annual Report on Securities and Exchange Commission (the “SEC”) Form 10-K for the year ended December 31, 2012, for filing with the SEC.

The Company's Code of Business Conduct and Ethics (the "Code"), adopted by the Company's Board of Directors and evidenced in writing, provides that no employee of the Company, including an executive officer or director, may engage in activities that create a conflict of interest with the Company unless all relevant details have been disclosed and an appropriate waiver permitting the conduct has been received. An activity constitutes a conflict of interest under the Code if (i) the activity could adversely affect or compete with the Company, (ii) any interest, connection or benefit to the employee or director from the activity could reasonably be expected to cause such employee or director to consider anything other than the best interest of the Company when deliberating and voting on Company matters, or (iii) any interest, connection or benefit to the employee or director from the activity could give such employee or director or a member of his or her family an improper benefit that he or she obtains on account of his or her position within the Company. Shareholders Agreement

As previously disclosed in our Form 8-K Report filed on March 5, 2013, as amended on March 7, 2013, in connection with the closing of the Company's acquisition of approximately 40% of the assets of Archstone Communities (the "Archstone Acquisition"), we entered into a shareholders agreement (the "Shareholders Agreement") pursuant to which Lehman Brothers Holdings, Inc. ("Lehman") agreed that it will, for one year starting from the date of the closing of the Archstone Acquisition, vote all of its shares of our common stock in accordance with the recommendation of our Board of Directors on any matter other than an extraordinary transaction. After the first year, and for so long as Lehman holds more than 5% of our common stock, Lehman has agreed to vote all of its shares of our common stock (i) in accordance with the recommendations of our Board of Directors with respect to any election of directors, compensation and equity plan matters, and any amendment to our charter to increase our authorized capital stock; (ii) on all matters proposed by other stockholders, either proportionately in accordance with the votes of the other stockholders or, at its election, in accordance with the recommendation of our Board of Directors; and (iii) on all other matters, in Lehman's sole and absolute discretion.

The foregoing summary of the voting provisions contained in the Shareholders Agreement does not purport to be a complete summary of the relevant terms of the Shareholders Agreement and is subject to, and qualified in its entirety by reference to, the full text of the Shareholders Agreement, a copy of which was filed as Exhibit 10.2 to our Current Report on Form 8-K filed on March 5, 2013.

IV. EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Executive Summary

2012 Stockholder Advisory Vote on Executive Compensation

As previously announced at the 2012 Annual Meeting of Stockholders, the Company's executive officer compensation for 2011 was approved by 97.21% of the votes cast on the matter. The Compensation Committee and the Company considered these results to be an endorsement by stockholders of the Company's target level and actual executive compensation.

2012 Achievements and Compensation. During 2012, the Company achieved strong growth in Operating Funds from Operations and a high level of three-year Total Shareholder Return ("TSR"):

The Company achieved Operating Funds from Operations ("Operating FFO") for 2012 of \$5.50 against a target of \$5.40 and a maximum performance metric of \$5.65. Contributing to this strong level of Operating FFO was FFO growth of 16.4% and same store NOI² growth of 7.6%.

TSR over three years (annualized on a compounded basis) was 21.9%, which achieved maximum performance for the absolute TSR goal.

Value creation activity during 2012 included the following:

Development Activity: We started 12 new communities (3,290 apartment homes) for an expected aggregate total capital cost of approximately \$891 million. We completed and delivered eight new communities (1,934 apartment homes) at a total capital cost of approximately \$513 million. At year-end 2012, we had (i) approximately \$1.8 billion of new development underway across our six major markets and (ii) a pipeline of development rights that, if fully developed, would add 9,602 apartments in 34 communities at a total projected capital cost of approximately \$2.8 billion.

Redevelopment Activity: We commenced the redevelopment of four communities (1,347 apartment homes) for an incremental estimated capital cost of approximately \$50.7 million. We completed 11 redevelopments (2,903 apartment homes) for a total incremental capital cost of approximately \$106 million.

Portfolio Management: We sold four communities and a land parcel for an aggregate price of \$280.6 million and acquired four communities, including the acquisition of our partner's interest in a joint venture, at a aggregate price of \$156.4 million.

Investment Management Funds: We sold six assets from our first investment management fund. The Company's share of the gain in accordance with GAAP was approximately \$8 million.

Portfolio Acquisition: On November 26, 2012, we entered into agreements with Equity Residential Trust, Lehman Brother Holdings, Inc. and Archstone Enterprise LP. Upon the closing of these agreements on February 27, 2013 we acquired 40% of the assets of Archstone. To prepare for this acquisition of approximately \$6.8 billion of assets, in December 2012 we issued 16,675,000 shares of common stock for net proceeds, after transaction costs, of approximately \$2.1 billion. The Archstone acquisition closed during the first quarter of 2013, and the award of bonuses in respect of 2012 was not directly tied to our efforts or achievement with regard to the Archstone Acquisition.

After reviewing the Company's performance in 2012 against the corporate goals established at the beginning of 2012, our Board determined that the Company achieved, for the corporate component of the annual cash bonus, 129% of target (as compared to 131%, 126% and 82% in 2011, 2010 and 2009, respectively), and, for the corporate component of the long term equity bonus, 111% of target (as compared to 107%, 94% and 70% in 2011, 2010, and 2009, respectively).

Operating FFO is defined as FFO excluding gains or losses on the sale of real estate not subject to depreciation (generally land) as well as certain other non-routine or non-recurring items. We define FFO as net income or loss computed in accordance with GAAP, adjusted for (i) gains or losses on sales of previously depreciated operating communities; (ii) extraordinary gains or losses (as defined by GAAP); (iii) cumulative effect of change in accounting principle; (iv) impairment write-downs of depreciable real estate assets; (v) write-downs of investments in affiliates due to a decrease in the value of depreciable real estate assets held by those affiliates; (vi) depreciation of real estate assets; and (vii) adjustments for unconsolidated partnerships and joint ventures.

²NOI is defined as total revenue less direct property operating expenses.

Table of Contents

The average individual performance of our 2012 named executive officers (which contributed to their 2012 cash bonus) was judged to be 111% as compared to 115%, 112% and 114% in 2011, 2010, and 2009, respectively. For one of our named executive officers, Mr. McLaughlin, business unit performance contributed to his cash bonus and long term equity award, and his business unit was judged to have achieved 144% of target in 2012 as compared to 145%, 128% and 64% in 2011, 2010, and 2009, respectively. Individual and business unit goals and achievements are discussed more fully below.

Revised Bonus Program beginning in 2013. During 2012, the Board's Compensation Committee reviewed our incentive compensation framework. Following this review, the Board revised our incentive compensation framework in order to increase the transparency of the program to officers and investors and to more closely align our long term equity awards with long term stock performance. As revised, there will be two bonus programs each year, an annual bonus and a multiyear long term incentive performance award program:

Our annual bonus program will emphasize short term goals and will be paid with a cash bonus and (for certain officers whose business unit performance is measured for bonus compensation purposes) an award of restricted stock that vests over three years. The achievement of corporate, individual and, where appropriate, business unit goals will determine the level of achievement for the annual bonus program.

Our multiyear long term incentive performance award program will have as its sole performance metric TSR measured over a three-year performance period on an absolute basis and on a relative basis against the FTSE NAREIT Equity Index and the FTSE NAREIT Apartment Index. A performance award will be granted each year with a target number of restricted stock units that may be reduced or increased at the end of the performance period depending on TSR performance over the three-year period. Using forward-looking three-year performance awards will help assure that the compensation of our officers is tied to long term shareholder return. An officer must be employed with the Company at the end of the performance period to receive a payout under the performance award for such period.

Officers will have the right to elect, prior to the end of a performance period, that employee stock options (valued at the Black-Scholes value of an option at the end of the performance period) be awarded in lieu of 25% of the value of the restricted shares that would otherwise be awarded in respect of that year's performance. Restricted stock and options awarded at the end of the performance period will be subject to vesting over three years.

After discussing the framework and bonus determinations for 2012, our Compensation Discussion and Analysis describes this new program in detail, including transitional performance awards made to the named executive officers at the beginning of 2013.

Full Discussion – Review of 2012 Compensation

Consideration of the Results of the 2012 Stockholder Advisory Vote on Executive Compensation

As previously announced at the 2012 Annual Meeting of Stockholders, the Company's executive officer compensation for 2011 was approved by 97.21% of the votes cast on the matter. The Compensation Committee and the Company considered these results to be an endorsement by stockholders of the Company's target level and actual executive compensation.

Also as previously announced, in accordance with a majority of the votes cast at the 2012 Annual Meeting of Stockholders, the Company intends to hold an advisory stockholder vote on its executive compensation annually. The Company intends to hold an advisory vote on the frequency of such advisory votes on executive compensation at or before its 2017 Annual Meeting of Stockholders.

Table of Contents***Objectives and Structure of Our Executive Compensation Programs:***

The primary objectives of our executive compensation programs are: (i) to attract, retain and motivate experienced, effective executives, (ii) direct the performance of those executives with clearly defined goals and measures of achievement, (iii) align management's interest with stockholders' interests, and (iv) assure that compensation is aligned with performance.

For 2012, we utilized a combination of cash and equity-based compensation to provide appropriate incentives for our executives. Executive officers were eligible to receive a combination of annual base salary, annual cash bonuses, and annual restricted stock and option grants under our Stock Incentive Plan. Executive officers were also eligible for other benefits, including elective participation in a deferred compensation plan, a 401(k) retirement savings plan, an employee stock purchase plan, and certain insurance benefits and perquisites.

The component elements of each named executive officer's annual compensation for 2012 are set forth in the following table:

Base Salary	Annual Cash Bonus	Annual Long-Term Incentive Compensation	Other Miscellaneous Amounts
This amount, payable in cash, is generally established each year in February and effective in early March.	The threshold, target and maximum dollar value targets for 2012 cash bonuses were established in February 2012, with the cash bonus paid in March 2013 based on an evaluation of achievements of 2012 goals.	The threshold, target and maximum dollar value targets for long-term incentive compensation were established in February 2012, with 33% of the dollar value of the actual award (based on an evaluation of achievements of 2012 goals established at the time targets are set) awarded in the form of stock options (as described below) and 67% of such dollar value of the actual award granted in the form of restricted stock (as described below).	Each named executive officer received certain other compensation, such as amounts contributed to the named executive officer's 401(k) accounts and certain insurance premiums, all of which are detailed in the Summary Compensation Table and the footnotes to the table.

In determining the base salary and the threshold, target, and maximum cash and equity bonus for each named executive officer for a given year, the Compensation Committee generally considers a number of factors on a subjective basis, including (i) the scope of the officer's responsibilities within the Company and in relation to comparable officers at various companies within the peer group referred to below; (ii) the experience of the officer within our industry and at the Company; (iii) performance of the named executive officer and his or her contribution to the Company; (iv) the Company's financial budget and general level of wage increases throughout the Company for the coming year; (v) a review of historical compensation information for the individual officer; (vi) a subjective determination of the compensation needed to motivate and retain that individual; (vii) the recommendations of the Chief Executive Officer; and (viii) data regarding compensation paid to officers with comparable titles, positions or responsibilities at REITs that are considered by the Compensation Committee to be comparable for these purposes². An officer's target compensation is not mechanically set to be a particular percentage of the peer group average, although, as noted, the Compensation Committee does review the officer's compensation relative to the peer group to help the Compensation Committee perform the subjective analysis described above. Peer group data is not used as the determining factor in setting compensation for the following reasons: (a) the officer's role and experience within the Company may be different from the role and experience of comparable officers at the peer companies; (b) the average actual compensation for comparable officers at the peer companies may be the result of a year of over performance or under performance by the peer group; and (c) the Compensation Committee believes that ultimately the decision as to appropriate target compensation for a particular officer should be made based on the full review described above.

In establishing base salary, cash bonus, and long-term incentive award targets, the REITs used for reference in the Compensation Committee's review were: Apartment Investment and Management Company, Boston Properties, Inc., 2 Camden Property Trust, Digital Realty Trust, Inc., Equity Residential, Essex Property Trust, Inc., Federal Realty Investment Trust, General Growth Properties, Inc., Host Hotels & Resorts, Inc., Kimco Realty Corporation, The Macerich Company, ProLogis, Inc., Public Storage, Inc., UDR, Inc., Ventas, Inc., and Vornado Realty Trust.

Table of Contents

The Company does not have specific, proportionate ratios to define the relative total compensation between the individual named executive officers, although the Compensation Committee from time to time does review the relationship in pay between executive officers to assure that relative compensation levels are appropriate and are designed to effectively motivate and retain executives.

In setting the total compensation of our executive officers, the Compensation Committee considers, for each executive officer, the approximate proportions of the different elements of total compensation that would be earned if compensation targets were achieved.

The allocation between base salary, cash bonus and long-term equity is determined by the Compensation Committee based upon its general consideration of the executive's level within our organization. At the more senior levels, less of an officer's total compensation is fixed and more is variable (i.e., in the form of cash bonuses and long-term equity awards). A significant percentage of the compensation of these senior executives for 2012 was composed of restricted stock and stock options for the following reasons: (i) we believe that the interests of these executives should be closely aligned with the interests of our stockholders; (ii) we want these individuals to maintain a long-term focus for the Company; and (iii) this type of pay arrangement is generally consistent with the compensation practices of our peer companies. In accordance with SEC rules, the five named executive officers shown in the executive compensation tables were identified based upon title (for CEO and CFO) and total compensation (as calculated in accordance with the *Summary Compensation Table*) of officers who are in charge of a principal business unit, division, or function or who perform a policymaking function.

The Compensation Committee views the granting of stock options and restricted stock as a means of aligning management and stockholder interests, incenting and rewarding management's long-term perspective, and retaining the services of the executive. Stock options and restricted stock are designed to provide long-term performance incentives and rewards tied to the price of our Common Stock. Following the determination of 2012 annual performance and the resulting dollar value of the long-term incentive, 33% of that dollar value was awarded in the form of stock options (vesting as described below), using the Black-Scholes value on or about December 31 of the most recent year. The remaining dollar value was awarded in the form of stock awards (vesting as described below), using the closing price of our Common Stock as reported on the NYSE on the date of grant. (However, since Mr. Blair retired as an officer at the end of 2012, he was paid cash for the dollar value of his long-term incentive, rather than awarded restricted stock and options.) The Compensation Committee supports the use of stock options and stock awards for the following reasons: they have a strong retentive feature both during vesting and (in the case of options) after vesting; they provide a strong incentive to officers to maximize company performance; and they keep our compensation programs competitive with our peers. A greater percentage of the dollar value is allocated to restricted stock awards than to options because stock awards retain their value (and thus retentive feature) even if our stock price declines; they provide a current and immediate return to officers and thus are viewed as an important part of compensation; and they provide immediate exposure to the effect of a decline in stock price, thus aligning the interests of officers with our stockholders in protecting the value of our company.

Options awarded for 2012 performance vest over a period of three years on the anniversary of the award date, subject to accelerated vesting in the case of termination of employment due to retirement (as defined below), termination without cause, death, disability or change in control. Awards of restricted stock for 2012 vest in five tranches, with 20% of a restricted stock award vesting on March 1, 2012 and the remaining 80% vesting in equal annual installments on March 1 of each of the following four years subject to accelerated vesting in the case of termination of employment due to retirement (as defined below), termination without cause, death, disability or change in control. Dividends are paid on restricted stock, and the amounts of dividends on restricted stock received by each of the named executive officers during 2012 is included in the *Summary Compensation Table* on page 29 of this Proxy Statement.

"Retirement" for purposes of our long-term incentive awards, including stock option grants and restricted stock awards, generally means the termination of employment and other business relationships, other than for cause, when the sum

of the following equals or exceeds 70 years: (i) the number of full months (converted to years) of employment and other business relationships with the Company and any predecessor company (must be at least 120 months) and (ii) the employee's age on the date of termination (must be at least 50 years old). To qualify for retirement, the employee must also give six months' prior written notice to the Company of his intention to retire and enter into a one year non-solicitation and non-competition agreement. The Compensation Committee believes that this definition of retirement is appropriate and rewards long-term contributions of employees to the Company. Messrs. Naughton, Sargeant and Horey currently meet the 70 years age/service requirement, and Mr. McLaughlin will meet that requirement in June 2014. Mr. Blair, who retired as an officer on December 31, 2012, and will retire as a director at the Annual Meeting, also meets that requirement. The Compensation Committee believes that there is a retentive element to long-term incentive awards even for those officers who are eligible to benefit from accelerated vesting upon retirement. For example, in the case of stock options, retirement would trigger a 12-month period during which options must be exercised or forfeited. Continuing to have an employment or other business relationship with the Company, by contrast, would allow the officer to exercise an option at any time between the vesting of the option and the expiration of the original ten-year term of the option. In addition, there is a disincentive to retire in that a one-year non-competition agreement would apply that restricts the officer's ability to work for any of the Company's competitors.

Table of Contents

At the beginning of each year, the Company's management proposes corporate goals for that year for the Annual Bonus (cash) and Long-Term Incentive Plans. The Compensation Committee reviews these proposed goals, adopts any revisions it may deem appropriate, and recommends the final corporate goals to the full Board of Directors for ratification and approval by a vote of the independent directors who qualify for membership on the Compensation Committee. Annual business unit goals are drafted by the head of each business unit and reviewed, modified and approved by the Chief Executive Officer. The individual goals are determined in a similar manner, with the exception that the goals for the Chief Executive Officer are reviewed and approved by the Compensation Committee and ratified by the independent directors of the Board who qualify for membership on the Compensation Committee.

At the end of each year, the Chief Executive Officer reviews and recommends to the Compensation Committee the achievement of corporate, business unit and individual goals for the other named executive officers as well as any pay changes. With regard to pay changes, the Compensation Committee reviews the Chief Executive Officer's recommendations, may review competitive market data, and consults with a third party compensation consultant to the extent it deems appropriate. Recommendations for bonus awards and compensation changes for the Chief Executive Officer and all executive officers are approved by the Compensation Committee and are then ratified by the independent directors of the Board who qualify for membership on the Compensation Committee. All annual awards of options and restricted stock are generally effective on the date (usually in February each year) of ratification, but may be delayed to a date after such ratification if there is a pending announcement by the Company of material non-public information, such as an earnings release. The Compensation Committee has engaged Steven Hall & Partners, an executive compensation consulting firm, to provide it with advice and counsel on executive and board compensation, as well as competitive pay practices. Steven Hall & Partners did not provide any services directly to the Company or its management. The Company uses the services of FPL Associates, another compensation consulting firm, to provide it with advice, competitive pay practices and data, compensation design work and other review services, including assistance with preparing a termination payment analysis and calculating the Black-Scholes value of the Company's options at year end. The Compensation Committee undertook an assessment of whether any material conflict of interest exists in connection with the services of Steven Hall & Partners to the Compensation Committee or the services of FPL Associates to management and concluded that there was no such material conflict of interest.

Mr. Blair's 2012 compensation reflects the fact that he retired as Chief Executive Officer on December 31, 2012. The amounts described in this section for Mr. Blair's 2012 compensation differ from the amounts reflected in the Summary Compensation Table on page 29 because the 2012 compensation for Mr. Blair in the Summary Compensation Table includes both his long-term incentive award for performance in 2011 and his long-term incentive award for performance in 2012, paid in cash in February 2013.

The actual cash bonuses awarded above reflect (1) the achievement of specific Company performance goals, (2) the performance of the officer's business unit, where applicable, and (3) the performance of the individual officer. Various weightings are applied to each category based on each officer's position and his or her ability to impact performance for the Company as a whole or a particular business unit.

For 2012, the following categories of performance goals and relative weightings were approved:

Name	Weight of Each Component			
	Corporate		Business Unit	Individual
Mr. Blair	75	%	—	25 %
Mr. Naughton	75	%	—	25 %
Mr. Sargeant	75	%	—	25 %
Mr. Horey	75	%	—	25 %
Mr. McLaughlin	30	%	50 %	20 %

Corporate Goals and Achievement for Cash Bonus. The corporate component of the annual bonus included four categories of performance goals, with weightings applicable to each goal set in advance. The following corporate goals were established for 2012:

- The achievement of a targeted level of Operating FFO per share, both on an absolute and relative basis, composed 55% of total corporate performance. For determining relative performance, the comparable peer group of multifamily REITs consisted of: Apartment Investment and Management Company ("AIMCO"), BRE Properties, Inc., Camden Property Trust, Inc., Equity Residential, Essex Property Trust, Inc., Home Properties, Inc., Post Properties, Inc., and UDR (collectively, the "Bonus Peer Group"). Operating FFO on an absolute basis was set at (i) \$5.15 per share for the achievement of threshold performance, \$5.40 per share for the achievement of target performance, and \$5.65 per share for the achievement of maximum performance. Actual 2012 Operating FFO on an absolute basis was determined to be \$5.50 per share. For Operating FFO growth relative to the Bonus Peer Group, a 6th place ranking was threshold performance, 3rd place ranking was target performance and maximum performance was 1st place. For 2012, the Compensation Committee determined that the Company achieved a 2nd place ranking against this peer group.
- (ii) The revenue from development activities, as compared to the original budgeted revenue, made up 7.5% of the total corporate performance. Meeting budgeted revenue for this component was determined to be target performance, 7.5% below budgeted revenue was threshold performance, and exceeding budgeted revenue by 7.5% or more was

maximum performance for this component. In 2012 budgeted revenue for this category, based upon 14 communities, was approximately \$36.3 million, while actual revenue was at approximately \$36.4 million for 2012. The operating performance of redevelopment activities, as compared to the original budgeted performance, made up 7.5% of the total corporate performance. Meeting budgeted net operating income (“NOI”) for this component was determined to be target performance, 3.0% below budgeted NOI was threshold performance, and exceeding budgeted NOI by 3.0% or more was maximum performance for this component. In 2012, budgeted NOI for this category was approximately \$65.6 million and actual NOI achievement for this category was approximately \$66.0 million.

Table of Contents

The effectiveness of management (defined as the execution of business plans, flexibility in decision making, portfolio management, balance sheet management, and focus on the correct organizational priorities) and progress (iv) on various corporate initiatives made up 30% of the total corporate performance metrics for 2012. For 2012, the Compensation Committee determined that achievement on this category was 107.5% of target.

Overall, achievement of the corporate component of performance for 2012 for cash bonuses was determined to be 128.9% of target.

Business Unit Goals and Achievement for Cash Bonus. As noted above, of the five named executive officers, Mr. McLaughlin received a cash bonus based in part upon the achievement of his business unit.

Mr. McLaughlin's business unit component was based on the achievements of the Northeast Development and Construction group, as Mr. McLaughlin is the senior executive with direct oversight of that group. Mr. McLaughlin's business unit was evaluated against the following goals: (i) sourcing of new development rights; (ii) construction start volume and projected stabilized yields relative to target yields, with \$528 million of construction starts as target; (iii) construction completion volume as determined by total capital cost and actual stabilized yields relative to target yields; and (iv) actual construction costs relative to budgeted costs and actual schedule performance relative to budgeted schedule performance. For 2012, the overall achievement for Mr. McLaughlin's Development and Construction group was determined to be 144% of target.

Individual Goals. Individual goals for the officers include the executive's leadership and managerial performance and are evaluated on a subjective basis annually. Individual performance for Messrs. Blair and Naughton was determined by the Compensation Committee. The Committee also determined individual performance for the other named executive officers after receiving recommendations from Mr. Naughton. The Compensation Committee determinations were ratified and approved by the independent members of the Board who are qualified to serve on the Compensation Committee.

Specific individual goals for Mr. Blair in 2012 included (i) assisting with the oversight and guidance of the Company's development and construction activities; (ii) consulting with management on investment and capital allocation decisions related to development, and (iii) providing effective board leadership, including addressing board succession.

Mr. Naughton's individual goals for 2012 included (i) ensuring effective management through the organization's transition to new leadership; (ii) continuing to develop our Avalon, AVA and Eaves brands; (iii) identifying and capitalizing on growth opportunities; and (iv) maintaining a strong balance sheet and effectively managing capital.

Individual goals for Mr. Sargeant in 2012 included (i) focusing on operational efficiencies and process improvements; (ii) enhancing corporate controls; (iii) continued focus on team development and organizational structure; and (iv) proactive management of liquidity, key credit metrics and debt maturity risk.

Mr. Horey's individual goals in 2012 included (i) coordinating initiatives and infrastructure projects for the Company; (ii) managing the internal messaging, communication and coordination of the Company's senior officers and their respective groups; (iii) resolving issues related to management, staffing and training of the Company's Administrative, Operations, Investments and Corporate Support groups; (iv) managing the general and administrative resources of the Company; and (v) leading the Company's revenue management group to optimize pricing.

Mr. McLaughlin's individual goals in 2012 included: (i) effectively managing and staffing the Northeast Development and Construction businesses, with particular focus on building bench strength within the group during a time of

growth; (ii) focusing on construction execution and lease up performance; (iii) replenishing the Northeast development rights pipeline with a balanced mix of new opportunities; and (iv) managing development and construction risks as we enter the mature phase of the business cycle.

The achievement of individual goals by each of the named executive officers in 2012 was determined to be within 20% of individual target performance.

The actual cash bonus paid in 2013 with respect to performance in 2012 for each of the named executive officers as included in the table above, and in the *Summary Compensation Table* on page 29 of this Proxy Statement, under the column “Non-Equity Incentive Plan Compensation,” were determined in accordance with the original methodology and goals described above.

Annual Long-Term Incentive Awards with Respect to 2012. The following table sets forth the annual long-term incentive award potential for 2012 performance established in February 2012 and the actual long-term incentive awards made in February 2013 with respect to performance in 2012 for each of the named executive officers.

Name	Annual Long-Term Incentive Targets			Actual	
	Threshold (\$)	Target (\$)	Maximum (\$)	Annual Long-Term Incentive Award (\$)(1)	
Mr. Blair	843,376	1,265,000	1,686,625	1,407,945	(2)
Mr. Naughton	1,466,740	2,200,000	2,933,260	2,448,600	
Mr. Sargeant	666,700	1,000,000	1,333,300	1,113,000	
Mr. Horey	420,021	630,000	839,979	701,190	
Mr. McLaughlin	450,023	675,000	899,978	766,199	

This dollar value for 2012 was awarded in the form of stock options and restricted shares. In determining the number of options to award, one-third of the dollar value in this column was divided by \$28.31, the Black-Scholes value of options as of December 31, 2012 as determined by the Company and verified by the Company’s third-party compensation consultant, FPL Associates. In determining the number of restricted shares to award, the remaining two-thirds of the long-term incentive award dollar value in this column was divided by \$130.23, the closing price of our Common Stock on the NYSE on the date of the award. The options granted as part of the long-term incentive award were granted on February 13, 2013, with an exercise price of \$130.23 per share and vest over a three-year term subject to accelerated vesting (in the case of termination of employment without cause, or upon (1) death, disability or retirement, or upon a sale of the Company, as defined in the 2009 Stock Option and Incentive Plan) or forfeiture of unvested options (in the case of termination of employment for any other reason). The shares of restricted stock granted as part of the long-term incentive award were granted on February 13, 2013. Twenty percent of such grants vested on March 1, 2013 and the remaining 80% of the shares vest in four equal annual installments on the anniversaries of that date, subject to accelerated vesting (in the case of termination of employment without cause, or upon death, disability or retirement, or upon a sale of the Company, as defined in the 2009 Stock Option and Incentive Plan) or forfeiture of unvested shares (in the case of termination of employment for any other reason). Dividends are payable on the shares at the same rate as dividends paid on all outstanding shares of our Common Stock.

(2) In connection with Mr. Blair’s retirement as Chief Executive Officer at the end of 2011, the annual long-term incentive award value in respect of 2012 for Mr. Blair was paid in cash rather than in restricted stock and options. Under our annual long-term incentive awards program, the Compensation Committee may award long-term incentive compensation to officers based on the achievement of specific Company performance goals and the performance of the officer’s business unit. For 2012 the weightings applied to the two categories of goals for each of the named executive officers were as follows:

Name	Weight of Each Component
Mr. Blair	100 %

Mr. Naughton	100 %		
Mr. Sargeant	100 %		
Mr. Horey	100 %		
Mr. McLaughlin	33 %	67	%

Table of Contents

2012 Corporate Goals and Achievement for Annual Long-Term Incentive Awards. The corporate component of the annual long-term incentive included four categories of performance goals, with weightings applicable to each goal set in advance based on a review of recommendations made by management. The following corporate goals were established for 2012:

The achievement of Total Stockholder Return (on an annualized, compounded three year average) on both an absolute and a relative basis (as compared to the Bonus Peer Group) comprised 50% of total corporate performance. Threshold Total Stockholder Return on an absolute basis was set at 6%, target was set at 9%, and maximum was 12%. For 2012, Total Stockholder Return was 21.9%. For total stockholder return relative to the Bonus Peer Group, a 6th place ranking was threshold performance, a 3rd place ranking was target, and maximum performance was 1st place. In 2012, the Company achieved a 4th place ranking against this peer group.

(i) The multiple of the price of our Common Stock compared to our FFO per share (as measured against the Bonus Peer Group) represented 10% of the total corporate performance. Threshold for this factor was set at 6th place, target was a 3rd place ranking, and 1st place was maximum performance. In 2012, the Company's ranking for this criterion was 1st.

(ii) The initial year stabilized yield performance for communities stabilizing during the year as compared to the pre-established target yield for such developments represented 10% of the total corporate performance. Target achievement of this goal was set at meeting the pre-established target yield, with threshold performance being 0.75 percentage points below the target yield and maximum at 0.75 percentage points above the target yield. Actual performance was approximately 0.4% above the target yield.

(iii) The effectiveness of management (defined as the execution of business plans, flexibility in decision making, portfolio management, balance sheet management, and focus on the correct organizational priorities) and progress on various corporate initiatives made up 30% of the total corporate performance metrics for 2012. For 2012, the Compensation Committee determined that achievement on this category was at 102.5% of target.

(iv) For 2012, corporate achievement of the annual long-term incentive measures was 111.3% of target. In future years, the Company's receipt of a "promoted" distribution from the Company's first investment management fund (i.e., a distribution in excess of the Company's proportionate interest in the Fund) could be a supplemental overriding measure that could allow officers to achieve, but not exceed, maximum performance. This was not a factor in 2012, nor is it likely to be a factor in 2013.

Business Unit Goals for Annual Long-Term Incentive Awards. The Business Unit goals that were used for calculating cash bonuses as described above were also used for calculating long-term incentive awards, with the achievement described above.

Based on those achievement levels and the formal approval and ratification of those determinations by the Compensation Committee and the independent members of the Board of Directors who are qualified to serve on the Compensation Committee, the dollar value of annual long-term incentive awards for each named executive officer was awarded as described in the table above, which resulted in the following annual awards made on February 13, 2013:

Named Executive Officer	Number of Options(1)	Number of Shares of Restricted Stock(2)
Mr. Blair(3)	0	0
Mr. Naughton	28,542	12,597
Mr. Sargeant	12,974	5,726
Mr. Horey	8,174	3,607
Mr. McLaughlin	8,931	3,942

The options set forth in this column were granted on February 13, 2013, with an exercise price of \$130.23 per share and vest over a three-year term subject to accelerated vesting (in the case of termination of employment (1) without cause, or upon death, disability or retirement, or upon a sale of the company (as defined in the 2009 Stock Option and Incentive Plan)) or forfeiture of unvested options (in the case of termination of employment for any other reason).

The shares of restricted stock set forth in this column were granted on February 13, 2013. Twenty percent of such grants vested on March 1, 2013 and the remaining 80% of the shares vest in four equal annual installments on the anniversaries of that date, subject to accelerated vesting (in the case of termination of employment without cause, (2) or upon death, disability or retirement, or upon a sale of the Company, as defined in the 2009 Stock Option and Incentive Plan) or forfeiture of unvested shares (in the case of termination of employment for any other reason).

Dividends are payable on the shares at the same rate as dividends paid on all outstanding shares of our Common Stock.

In connection with Mr. Blair's retirement as Chief Executive Officer at the end of 2011, the annual long-term (3)incentive awards in respect of 2012 to Mr. Blair were made in the form of cash representing the full amount of his long-term incentive award, rather than in restricted stock and options.

2013 Compensation:

As described in the Summary to this Compensation Discussion and Analysis, our Board has revised our compensation framework beginning in 2013 in order to increase the transparency of the program to officers and investors and to more closely align our long term equity awards with long term stock performance. As revised, there will be two bonuses programs each year, an annual short term bonus and a multiyear long term incentive performance award program:

Our annual bonus program will emphasize short term goals and will be paid with a cash bonus and (for certain officers whose business unit performance is measured for bonus compensation purposes) an award of restricted stock that vests over three years. The achievement of corporate, individual and, where appropriate, business unit goals will determine the level of achievement for the annual bonus program. Achievement under the annual bonus program can vary from 0% to 200% of target. For the 2013 Annual Bonus, there will be four corporate goals: 1) Operating FFO per Share which accounts for 50% of the goal, 2) Development and Redevelopment NOI which accounts for 15% of the goal, 3) Development Yield Metric which accounts for 10% of the goal and 4) Effectiveness of Management and progress on various specific corporate initiatives which accounts for the remaining 25% of the goal.

Our multiyear long term incentive performance award program will have as its sole metric TSR measured on an absolute and a relative basis over a three-year performance period. A performance award will be granted each year with a target number of restricted stock units that may be reduced or increased at the end of the performance period depending on TSR performance over the three-year period. If TSR goals are achieved at the end of the performance period, the restricted stock units that are earned by the participant will be settled in the form of restricted stock that vests over three years. Using performance awards that measure three-year TSR will help assure that the compensation of our officers is tied to long term shareholder return.

The absolute and relative metrics under the performance awards are as follows:

	Performance Level and Metric ¹ (relative performance stated as basis points ² above or below index performance)		
	Threshold	Target	Maximum
Absolute metric	6%	9%	12%
Relative to FTSE NAREIT Equity Index	-300 bp	+100 bp	+500 bp
Relative to FTSE NAREIT Apartment Index	-200 bp	+100 bp	+400 bp

¹ The absolute and relative metrics above reflect the metrics used for the performance periods maturing on December 31, 2013, December 31, 2014, and December 31, 2015. Different metrics may be used for future awards.

² A basis point (bp) equals one-one hundredth of a percent. 100 bp equals 1.0%

Each metric will independently account for one third of the total potential payout, with the threshold, target and maximum achievement levels of 50%, 100% and 200%.

Officers will have the right to elect, prior to the end of a performance period, that employee stock options (valued at the Black-Scholes value of an option at the end of the performance period) be awarded in lieu of 25% of the value of the restricted stock that would otherwise be awarded in respect of that year's annual bonus and maturing performance award. Restricted stock and options awarded at the end of the performance period will be subject to vesting over three years.

To transition to the new long term incentive program, in February 2013 the Board granted three performance awards for each participant. Each award measured TSR over a three-year period, with one award maturing on December 31, 2013, one on December 31, 2014, and one on December 31, 2015. An officer must be employed with the Company at the end of the performance period to receive a payout under the performance award for such period.

To address the transition to the new program, restricted stock awarded in February 2014 in respect of the 2013 annual bonus or maturing long-term performance awards will vest 15% on March 1, 2014 and 42.5% on the next two anniversaries.

During the first quarter of 2013 the following compensation decisions were made for each of the named executive officers (other than Mr. Blair, who retired as an officer of the Company at the end of 2011 and who is retiring from our Board in May 2013) by the Compensation Committee and ratified by the independent directors of the Board who qualify for membership on the Compensation Committee:

Also in the first quarter of 2013, in consideration of the significant efforts and accomplishments associated with the Company's acquisition of 40% of the assets of Archstone Enterprise LP, on March 13, 2013, and to successfully integrate the Archstone assets and realize the strategic benefits and value creation sought by the transaction, our Board approved the following special grants of restricted stock and employee stock options to Messrs Naughton, Sargeant and Horey:

	Restricted Stock ¹	Stock Options ²
Mr. Naughton	10,569	26,634
Mr. Sargeant	2,642	6,659
Mr. Horey	1,972	5,044

¹ 20% of the shares vested on April 1, 2013, and the remaining 80% vest in four annual installments beginning on March 1, 2014.

² These options vest in three annual installments beginning on March 13, 2014.

Other Benefits:

Pursuant to our Deferred Compensation Plan, certain employees, including the named executive officers, may defer up to 25% of base annual salary and up to 50% of annual cash bonus on a pre-tax basis and receive a tax-deferred return on those deferrals. Deferral elections are made by eligible employees during an open enrollment period each year for amounts to be earned in the following year. Participating employees direct the deemed investment of their deferral accounts by selecting among certain available investments in mutual funds.

We have an employee stock purchase plan that allows our employees the opportunity to purchase up to \$25,000 of our Common Stock per year at a 15% discount to the lower of the closing price of the Common Stock, as reported on the NYSE, on the first business day of the Purchase Period or the closing price of the Common Stock on the last day of the Purchase Period. The Purchase Period is defined as the seven-month period beginning on April 1 and ending on October 31 of a calendar year.

In addition, we maintain a 401(k) retirement savings plan and annually match 50% of the first six percent of base salary and bonus contributed to such plan by any employee (subject to certain tax limitations). We offer medical, dental and vision plans, a portion of the cost of which is paid by the employee. We also provide life insurance, accidental dismemberment insurance, and short-term and long-term disability insurance for each employee. Messrs. Naughton, Sargeant and Horey each have employment agreements with the Company pursuant to which certain other benefits are provided to them. The terms of each of such employment agreement are described in "*Potential Payments Upon Termination or Sale Event*" below.

Compensation Policies:

Executive Stock Ownership Guidelines. The Company believes that stock ownership by its executive officers is important and has established formal Executive Stock Ownership Guidelines for officers who are subject to reporting under Section 16 of the Securities Exchange Act. These guidelines provide that persons holding the title of Chairman of the Board, Chief Executive Officer or President are expected to maintain ownership of Common Stock (including unvested restricted shares) equal to six times their base salary. The multiples that apply to other covered officers are as follows: Chief Financial Officer and Executive Vice Presidents—three times; Senior Vice Presidents—one and one-half times; Vice Presidents—one time. The full text of the Executive Stock Ownership Guidelines, which includes the time

periods by which such ownership must be achieved and a retention policy during periods of non-achievement, is posted on the “Investors” section of the Company’s website under Corporate Governance Documents.

Prohibition Against Pledging or Borrowing Against Company Stock. The Company adopted a formal policy prohibiting its executive officers and directors from (i) borrowing money from a broker or other lender that is secured by Company securities without the consent of the Company, and (ii) holding Company securities in a brokerage account that has outstanding “margin” debt.

Severance Policy. The Board has adopted a Policy Regarding Shareholder Approval of Future Severance Agreements (the “Severance Policy”). The Severance Policy generally provides that the Company will not, without shareholder approval or ratification, enter into or bind the Company to the terms of any future severance agreement with a senior executive officer that provides for severance benefits in excess of 2.99 times the sum of the officer’s base salary plus annual bonus. The Severance Policy, which is posted on the “Investors” section of the Company’s website under “Corporate Governance Documents,” provides additional detail regarding the application of this policy.

Table of Contents

Policy on Recoupment of Incentive Compensation (Clawback Policy). The Board has adopted a Policy for Recoupment of Incentive Compensation (i.e., a compensation clawback policy), which applies to senior officers (generally senior vice presidents and above). Pursuant to this policy, in the event the Company is required to prepare an accounting restatement due to the material non-compliance of the Company with any financial reporting requirement, then an independent committee of the Board of directors may require any covered officer to repay to the Company all or part of any “Excess Compensation” that such officer had previously received. Excess Compensation is defined as that part of the incentive compensation received by a covered officer during the 3-year period preceding the publication of the restated financial statement that was in excess of the amount that such officer would have received had such incentive compensation been calculated based on the financial results reported in the restated financial statement. The full text of the policy is posted on the “Investors” section of the Company’s website under Corporate Governance Documents.

Practices with regard to dates and pricing of stock and option grants:

The Compensation Committee determines the number of shares underlying options and shares of restricted stock to award to each officer as part of annual compensation. Those members of the Board of Directors who qualify for service on the Compensation Committee review and ratify these awards at the Board’s regularly scheduled February meeting. The award date for options and stock grants is generally the date of ratification, but may be delayed to a date after such ratification if there is a pending announcement by the Company of material non-public information, such as an earnings release. The exercise price of each option granted is the closing price of our Common Stock on the award date.

In all cases, our options are granted: (i) on the dates described above; (ii) on the date of a new hire’s start with the Company as approved by the CEO in advance of the start date; (iii) on the date of approval by the CEO for retention or recognition purposes up to a Board-authorized maximum value of \$100,000; or (iv) on the date of a terminated senior executive’s departure from the Company, as set out in formal terms approved by the Compensation Committee in advance. Option exercise prices are determined by the NYSE closing price of our Common Stock on the date of grant. Additionally, all officers must receive prior authorization for any purchase or sale of our Common Stock, which, in the case of open market transactions, is generally only given during approved trading windows established in advance based upon earnings release dates.

Risk Considerations:

The Compensation Committee reviewed and considered risks arising from the Company’s compensation policies and practices for its employees. This review included consideration of the following specific elements of the Company’s executive compensation policies and procedures:

- annual bonus and long-term incentive awards are based upon pre-existing, defined goals;
- such goals contain multiple financial targets, including performance against a pre-approved budget;
- performance goals include both absolute performance and performance relative to industry peers;
- goals balance financial and non-financial performance;
- goals include corporate, business unit, and individual performance goals;
- performance goals include achievement against both single year and multiyear metrics;
- executive compensation is structured as a mix among salary, cash bonus, and equity awards;
- equity awards vest over time;
- bonus and long-term equity programs include maximum payouts or “caps”;

Table of Contents

- all unvested equity awards are forfeited upon a termination for cause or voluntary termination under certain circumstances;
- the CEO's individual goals include a goal addressing appropriate leverage ratios;
- achievement of metrics is not determined on an "all or nothing" basis, but rather goals may be achieved on a graduated basis based on performance against the stated target; and
- while awards are generally made in relation to performance against specific goals, the Compensation Committee retains the discretion to adjust annual bonuses of cash and restricted stock as may be warranted by specific circumstances.

Following this review, the Compensation Committee concluded that any risks arising from the Company's compensation policies and practices are not reasonably likely to have a material adverse effect on the Company at this time.

Section 162(m):

The SEC requires that this report comment upon the Company's policy with respect to Section 162(m) of the Internal Revenue Code of 1986, as amended, which limits the deductibility on the Company's tax return of compensation over \$1 million to any of the named executive officers of the Company unless, in general, the compensation is paid pursuant to a plan which is performance-related, non-discretionary and has been approved by the Company's stockholders. The Company believes that, because it qualifies as a REIT under the Code and pays dividends sufficient to minimize federal income taxes, the payment of compensation that does not satisfy the requirements of Section 162(m) will generally not affect the Company's net income. To the extent that compensation does not qualify for a deduction under Section 162(m), a larger portion of stockholder distributions may be subject to federal income taxation as dividend income rather than return of capital. The Company does not believe that Section 162(m) will materially affect the taxability of stockholder distributions, although no assurance can be given in this regard due to the variety of factors that affect the tax position of each stockholder. For these reasons, the Compensation Committee's compensation policy and practices are not directly guided by considerations relating to Section 162(m).

(1) The amounts shown as salary in column (c) reflect actual payments received in each indicated year, which may vary slightly from the salary described in the *Compensation Discussion and Analysis* as a result of (i) the number of pay periods in each calendar year and (ii) the fact that any salary increases did not go into effect until early March of each year.

(2) The amounts in column (e) and column (f) include restricted stock and option awards actually granted during the fiscal year for service in the prior fiscal year. For example, the row for 2012 shows the value (computed in accordance with FASB ASC Topic 718 and as further discussed in the footnotes 3 and 4) of stock and option

awards made in February 2012 with respect to 2011 service. In connection with Mr. Blair's retirement as Chief Executive Officer at the end of 2011, the annual long term incentive award value in respect of 2011 was paid in restricted stock rather than restricted stock and options.

(3) The amounts in column (e) reflect the aggregate grant date fair value for awards made in the fiscal years ended December 31, 2010, December 31, 2011, and December 31, 2012 computed in accordance with FASB ASC Topic 718 for restricted stock awards made pursuant to the Company's 2009 Stock Option and Incentive Plan. The value of restricted stock awards is based solely on the closing price of our Common Stock on the NYSE on the date of grant; as a result, no assumptions were used in the calculation of this value. In the case of Mr. Sargeant and Mr. Horey the amounts in this column for 2011 include Supplemental Awards granted on December 30, 2011.

(4) The amounts in column (f) reflect the aggregate grant date fair value for awards made pursuant to the Company's 2009 Stock Option and Incentive Plan in the fiscal years ended December 31, 2010, December 31, 2011, and December 31, 2012 computed in accordance with FASB ASC Topic 718. Assumptions used in the calculation of this amount are included in footnote 9 to the Company's audited financial statements included in the Company's Annual Report on Form 10-K filed with the Securities and Exchange Commission on February 22, 2013.

(5) The amounts shown in column (g) reflect the cash awards to the named individuals determined by the Compensation Committee in February of the following year (based upon the achievement of the performance metrics established in the year indicated, as more fully described in the *Compensation Discussion and Analysis* above) and ratified by the members of the full Board of Directors who would be qualified to serve on the Compensation Committee.

(6) All earnings under the Company's nonqualified deferred compensation program are determined by reference to returns of actual mutual funds and the Company does not consider such earnings to be above market.

(1) The amounts shown in columns (c), (d) and (e) reflect the threshold, target and maximum payment levels for 2012 under our cash bonus plan, which were established on February 16, 2012. The actual cash bonuses received by each of the named executive officers for performance in 2012, paid in 2013, are set out in column (g) of the *Summary Compensation Table*.

(2) The amounts shown in columns (f), (g) and (h) reflect the threshold, target and maximum dollar values for 2012 performance for annual equity grants under our equity incentive plan, which were adopted on February 16, 2012. As noted in the "Compensation Discussion and Analysis" section above, the actual number of shares of restricted stock granted to the named executive officers on February 13, 2013, based upon achievement under this plan were as follows: Mr. Blair—0, Mr. Naughton—12,597, Mr. Sargeant—5,726, Mr. Horey—3,607, and Mr. McLaughlin—3,942.

Information about the vesting of such shares of restricted stock is provided in footnote (3) below. The actual number of shares underlying options granted to the named executive officers on February 13, 2013, based upon achievement under this plan was as follows: Mr. Blair—0, Mr. Naughton—28,542, Mr. Sargeant—12,974, Mr. Horey—8,174, and Mr. McLaughlin—8,931. Each of such options was granted at an exercise price of \$130.23. Information about the vesting of such options is provided in footnote (4) below.

The number of shares of restricted stock shown in column (i) granted on February 16, 2012 represent the actual number of shares of restricted stock granted to the named executive officers, with respect to performance in 2011, and do not represent compensation for performance in 2012. With respect to all shares of restricted stock granted on February 16, 2012, described in this table, 20% of the shares vested on March 1 in the year of issuance and the (3) remaining 80% of the shares vest in four equal annual installments on the anniversaries of that date, subject to accelerated vesting (in the case of termination of employment without cause, upon death, disability or retirement, or upon a sale of the Company (as defined in the 2009 Stock Option and Incentive Plan)) or forfeiture of unvested shares (in the case of termination of employment for any other reason). Dividends are payable on the shares at the same rate as dividends paid on all outstanding shares of our Common Stock.

The number of shares underlying options shown in column (j) represents the number of options granted to the named executive officers on February 16, 2012, with respect to performance in 2011, and does not represent compensation for performance in 2012. All options described in this table become exercisable in three equal (4) installments on the first, second and third anniversaries of the date of grant. In accordance with the 2009 Stock Option and Incentive Plan and our standard form of stock option agreement at the time of the award, all unvested options awarded in 2012 will automatically vest upon a termination without cause, or termination by death, disability or retirement, in which case the remaining term of the option will be 12 months or, if earlier, the expiration of the original ten year term of the option.

For the February 16, 2012, option grants, the value was calculated using the Black-Scholes model with the following material assumptions: dividend yield of 3.5%, volatility of 35.0%, risk-free interest rates of 0.87%, and (5) an expected life of approximately five years. The actual realized value will depend upon the difference between the market value of the Common Stock on the date the option is exercised and the exercise price. For the February 16, 2012 grants of restricted stock, the value was calculated based on the closing price of the Common Stock on the date of grant of \$132.95.

Stock options granted under the Company's 1994 Stock Incentive Plan and 2009 Stock Option and Incentive Plan become exercisable in three equal installments on the first, second and third anniversaries of the date of grant. All (1) unvested options will automatically vest upon a termination without cause, or termination by death, disability or retirement, in which case the remaining term of the option will be 12 months or, if earlier, the expiration of the original ten year term of the option.

Stock awards granted under the Company's 1994 Stock Incentive Plan and 2009 Stock Option and Incentive Plan have been made in the form of Restricted Stock. Annual stock awards are made in the form of Restricted Stock which vests 20% on March 1st of the year of grant, and the remaining 80% which vests over the next four years, with 20% vesting on March 1 of each year, subject to accelerated vesting in the case of termination of employment without cause, upon death, disability or retirement, or upon a change-in-control of the Company (as defined in the (2) Plans), or forfeiture of unvested shares in the case of termination of employment for any other reason. Stock awards granted to Messrs. Sargeant and Horey on December 30, 2011, vest 75% on December 31, 2013 and the remaining 25% vest on December 31, 2014. In addition, in the case of Messrs. Naughton, Sargeant and Horey, vesting of restricted stock will be accelerated under certain conditions, as described in their employment agreements with the Company. Dividends are payable on the shares at the same rate as dividends paid on all outstanding shares of our Common Stock.

Table of Contents**Nonqualified Deferred Compensation**

Pursuant to our Deferred Compensation Plan, certain employees of the Company, including the named executive officers, may defer up to 25% of base annual salary and up to 50% of annual cash bonus on a pre-tax basis and receive a tax-deferred return on those deferrals. Deferral elections are made by eligible employees during an open enrollment period each year for amounts to be earned in the following year. Participating employees direct the deemed investment of their deferral accounts by selecting among certain available Investment Funds. The table below shows the Investment Funds available under the Deferred Compensation Plan and their annual rate of return for the calendar year ended December 31, 2012. Since the Investment Funds are all publicly available, we do not consider any of the earnings credited under the Deferred Compensation Plan to be “above market.”

Potential Payments Upon Termination or Sale Event

The summaries of agreements below are qualified in their entirety by reference to the complete agreements, which have been included as exhibits to the Company's filings with the SEC.

As noted in the narrative disclosure to the *Summary Compensation Table* above, we are a party to employment agreements with Messrs. Naughton, Sargeant and Horey that will expire on December 31, 2015, unless renewed by mutual agreement, and that provide for severance benefits in the event that the executive is terminated without cause. The employment agreements provide that it would be considered a termination without cause: (a) of Mr. Naughton, if his title is reduced to below that of Chief Executive Officer or if he does not report directly to the full Board, (b) of Mr. Sargeant, if his title is not that of Chief Financial Officer or he is not the most senior financial officer, and (c) of Mr. Horey, if his title is reduced to below that of Executive Vice President or he is not a member of the executive officer group. The employment agreements also provide that it would be a default if the Company takes bad faith actions with respect to an executive's annual compensation and bonus awards, which bad faith must be demonstrated by reference to the awards set for and awarded other officers. The executive must provide the Company notice of such an alleged default and an opportunity to cure. In the event of such a default that is not cured, the executive would be entitled to terminate his employment and receive the same level of severance as in a termination without cause.

Under the employment agreements, upon a termination of the executive's employment without cause the executive would be entitled to a multiple of his "Covered Compensation," which is defined as the sum of the executive's annual

base salary plus the average of the executive's last two annual cash bonuses as of the date of termination. In the case of Messrs. Naughton and Sargeant, the multiple is two times unless the termination is in connection with a sale of the Company, in which case the multiple is three times. In Mr. Horey's case, the multiple is one times unless the termination is in connection with a sale of the Company, in which case the multiple is two times. The executive would also receive a cash payment representing the pro rata value of his annual bonus and long term incentive award for the portion of the year worked, valued at target. The executives' unvested restricted stock and options would also vest. Severance benefits upon a sale of the Company are based on a "double trigger": the executive must be terminated without cause, as described above, following the sale in order for severance benefits to be triggered under the agreements.

The employment agreements do not provide for a tax gross up if an excise tax is imposed on the severance benefits under Section 4999 of the Internal Revenue Code of 1986, as amended (the "golden parachute tax"), but if an executive would be better off with reduced severance benefits in order to avoid the effect of the golden parachute tax then the benefits will be reduced accordingly. The employment agreements do not provide for additional perquisites.

Table of Contents

To receive severance benefits under the employment agreements, the executive must enter into a separation and release agreement with the Company containing general release, confidentiality, return of property, mutual non-disparagement and a one-year employee non-solicitation provision.

Other Severance Arrangements. Our agreements with our directors and officers governing compensatory stock option and restricted stock awards provide for immediate vesting (and, in the case of stock options, immediate exercisability) if a sale of the Company occurs. In addition, upon the retirement of an employee (as defined in the award agreements under the Stock Incentive Plan) (a) all of such employee's options shall automatically become fully exercisable and (absent a specific agreement providing otherwise) shall be exercisable for one year thereafter and (b) all of such employee's restricted shares of stock shall automatically vest. Retirement of an employee as defined in the award agreements under the Plan generally means the termination of employment, other than for cause, when the sum of the following equals or exceeds 70 years: (i) the number of full months (converted to years) of employment and other business relationships with the Company and any predecessor company (must be at least 120 months) and (ii) the employee's age on the date of termination (must be at least 50 years old). To qualify for retirement, the employee must also give six months' prior written notice to us of his intention to retire and enter into a one year non-solicitation and non-competition agreement with us. Under this formula, Messrs. Naughton, Sargeant and Horey are currently eligible for retirement, and Messr. McLaughlin will become eligible for retirement in June 2014. Mr. Blair, who retired as an officer on December 31, 2012, and will retire as a director at the Annual Meeting, also meets that requirement. The supplemental restricted stock awards that Messrs. Sargeant and Horey received in December 2011 will not vest on an accelerated basis in the event of a retirement before December 31, 2013.

We have adopted an Officer Severance Program for the benefit of officers who do not have employment agreements. Under this program, in the event an officer who is not otherwise covered by a severance arrangement is terminated (other than for cause) within eighteen months of a sale of the Company (as defined) or during the six months prior to a sale of the Company, such officer will generally receive a multiple of his Covered Compensation (as defined above) depending on the officer's title: for the Chief Executive Officer, the multiple is three times, for the Chief Financial Officer or an Executive Vice President, the multiple is two times, and for other officers the multiple is one times. The terminated officer would also receive (i) a cash payment representing the pro rata value of his annual bonus and long term incentive award for the portion of the year worked, valued at target, (ii) accelerated vesting of the officer's unvested restricted stock and options, and (iii) payment of COBRA insurance premiums for up to 18 months.

Our multiyear performance awards under which restricted stock units are awarded and may be earned at the end of a performance period are not subject to the terms described above, but any restricted stock or options that are granted in settlement of units once a performance period is complete are subject to these terms (except that the stock options that may be awarded in lieu of 25% of the value of the restricted stock that would otherwise be awarded will generally not expire, even after separation of employment, for a minimum of five years from their date of grant). In the event a participant's employment terminates for any reason prior to the completion of a performance period, whether with or without cause, or by reason of death or disability or voluntary departure or retirement, the participant forfeits all units with respect to that performance period. If a sale of the Company occurs during a performance period, (i) if there is more than 12 months remaining in the performance period, all units with respect to that performance period are forfeited (unless the successor makes other arrangements for their continuation), and (ii) if there is less than 12 months remaining in the performance period, the performance period is deemed complete on the date of sale and achievement against the performance metrics is measured through the date of sale, with no proration on account of the shortened performance period and with vested stock (or options) issued in settlement of any units earned.

Table of Contents

Endorsement Split Dollar Agreements. The Company owns whole-life insurance policies with respect to Messrs. Blair, Naughton, Sargeant and Horey. The face amount of each policy is \$2,500,000 (for Mr. Blair), \$1,500,000 (for Messrs. Sargeant, and Naughton), and \$750,000 (for Mr. Horey). The Company has endorsed each of these Company-owned policies such that in the event of the death of an insured, the Company will be paid insurance proceeds equal to the cumulative premiums paid on the policy by the Company, with excess insurance proceeds being paid to the insured's estate or named beneficiary. The Company has agreed to (i) pay the premiums due on each policy through 2017 (provided that the insured pays a portion of the premium equal to the current term rate for the insured's age multiplied by the insured's current interest in the policy), (ii) after the last Company payment, withdraw cash from the policy equal to the cumulative premiums paid and (iii) thereafter assign the policy to the insured. The Company will cease making premium payments, and will withdraw an amount from the cash surrender value of the policy equal to the lesser of the cumulative premiums or the cash surrender value earlier than 2017, in the event of the insured's termination for cause or voluntary resignation without a constructive termination. In such case the policy will be reduced to a fully paid-up policy.

Severance Benefits. The tables below, together with the footnotes thereto and the additional information below, reflect the payments and benefits that the named executive officers would receive in the event of their termination of employment with the Company on December 31, 2012, under the indicated circumstances.

The following benefits apply generally to all similarly situated employees and are not included in the tables above:

Upon a termination of any employee's employment without cause or upon death, disability or retirement of the employee or upon a sale of the Company (as defined in the Stock Incentive Plan), all unvested shares of restricted stock held by an employee will immediately vest. The full value of the shares of restricted stock for which vesting would accelerate upon a termination on December 31, 2012 of each of the named executive officers, based on a closing price of \$135.59 on December 31, 2012 is: Mr. Blair—\$5,745,000; Mr. Naughton—\$2,441,000; Mr. Sargeant—\$2,615,000; Mr. Horey—\$1,336,000; and Mr. McLaughlin—\$1,104,000.

All unvested employee stock options provide for accelerated vesting upon termination of employment without cause or upon death, disability, retirement, or a sale of the Company (as defined in the Stock Incentive Plan). The full in the money value of unvested options for which vesting would accelerate upon a termination on December 31, 2012 of each of the named executive officers is: Mr. Blair—\$1,054,000; Mr. Naughton—\$576,000; Mr. Sargeant—\$375,000; Mr. Horey—\$241,000; and Mr. McLaughlin—\$262,000.

For six months, the Company will pay the employee's premium due for insurance benefits extended under COBRA.

Pro-rated Company match under the 401(k) plan.

Pro-rated annual bonus.

The employee may choose a gift from an on-line catalogue of retirement gifts.

To receive retirement benefits, the officer must give six months' prior written notice to the Company of his intention to retire and enter into a one year non-solicitation and non-competition agreement.

If any employee's employment terminates on or after the end of the calendar year for any reason other than for cause, the Company would compensate that individual with the cash bonus and the cash value of the long-term incentive award that would have been paid to that employee in February or March of the following year. Accordingly, the value of the cash bonus and long-term incentive award earned by the Named Executive Officers in respect of 2012 service is not included in the table above (but is described elsewhere in this Proxy Statement). For Messrs. Naughton, Sargeant and Horey, if such a termination occurred in the middle of the year, they would receive a prorated portion of such amount (at target) under the terms of their employment agreements. Under the Company's Officer Severance Plan, in the event of such a termination in connection with a sale of the Company, Messrs. Blair and McLaughlin would receive a prorated portion of such amount (at target).

Director Compensation

A director of the Company who is also an employee receives no additional compensation for his services as a director. Our Board and Nominating Committee assess the total compensation for non-employee directors relative to the compensation provided by similarly sized real estate investment trusts, by our multi-family peer group, and by a group of cross-industry similarly sized companies. Our Nominating Committee reviews compensation for non-employee directors periodically.

Table of Contents

On the fifth business day following each annual meeting of stockholders, each of our non-employee directors automatically receives a grant of a number of shares of restricted stock (or a deferred stock award in lieu thereof) equal to \$125,000 divided by the closing price of Common Stock as reported by the NYSE on the date of grant. Based on this formula, following the 2012 Annual Meeting, each non-employee director received a restricted stock or deferred stock grant of 976 shares of Common Stock. All of such shares of restricted stock (or deferred stock awards) granted to non-employee directors vest at the rate of 20% on the date of issuance and on each of the first four anniversaries of the date of issuance, subject to accelerated vesting upon departure from the Board except in the case of a voluntary departure by the director during his elected term that is not due to death or disability, or the director's removal for cause. If a director elected to receive a deferred stock award in lieu of restricted stock, then the director will receive shares of stock in respect of the vested portion of the deferred stock award within 30 days following termination of service as a director of the Company. In addition, during 2012 non-employee directors received a quarterly payment of \$15,000 (\$60,000 per year). A non-employee director may elect to receive all or a portion of such cash payment in the form of a deferred stock award equal to the cash payment amount divided by the last reported price on the NYSE on the date of grant.

In consideration for serving as Lead Independent Director, Mr. Primis currently receives, in addition to the compensation described above, an annual fee of \$30,000, payable in equal quarterly installments of \$7,500.

The following table sets forth the compensation for service as a director of the Company received by each non-employee director in 2012, as recognized for financial reporting purposes.

The value was calculated based on the closing price of the Common Stock on the date of grant of \$139.75. Mr. Healy's stock award amount also includes his election to receive cash payments totaling \$60,000 in the form of deferred units.

(3)

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires persons who are officers of the Company as defined by Section 16, directors of the Company and persons who own more than 10% of a registered class of the Company's equity securities (collectively, "Insiders") to file reports of ownership and changes in ownership with the SEC and one national securities exchange on which such securities are registered. In accordance with Rule 16a-3(c) under the Exchange Act, the Company has designated the NYSE as the national securities exchange with which reports pursuant to Section 16(a) of the Exchange Act need to be filed. Insiders are required by SEC regulation to furnish the Company with copies of all Section 16(a) forms they file. To the Company's knowledge, based solely on a review of copies of such reports and written representations that no other reports were required during the fiscal year ended December 31, 2012, all filing requirements applicable to the Insiders were timely satisfied with the exception of (i) a Form 4 filed on behalf of Mr. Blair reflecting an option exercise on February 27, 2012, that was filed on March 5, 2012, and (ii) a Form 4 filed on behalf of Mr. McLaughlin reflecting the cash out of a fractional share on June 7, 2012, and a sale of shares on August

16, 2012, that was filed on August 30, 2012.
