The Board of Directors of the Company has determined that each of Michael M. Gostomski, John D. Remick, Henry K. McConnon, Robert A. Hansen and Michael J. Dolan is an independent director as that term is defined in the listing standards of The Nasdaq Stock Market (Independent Directors). The Independent Directors constitute a majority of the Board of Directors of the Company.

The Board of Directors of the Company held two meetings during 2003. Each director of the Company attended more than 75% of the aggregate number of meetings of the Board and the various committees on which he or she served during 2003.

The Board of Directors of the Company provides a process for shareholders of the Company to send communications to the Company's directors. The manner in which shareholders can send communications to directors and the process for relaying such communications is described on the Company's website at www.fastenal.com.

The Company has no formal policy regard attendance by its directors at annual shareholders meetings, although most of the Company's directors have historically attended those meetings. Each of the Company's nine directors attended the 2003 Annual Meeting of Shareholders.

Committee Matters

The Company has an Audit Committee consisting of Robert A. Hansen, John D. Remick and Michael J. Dolan, each of whom is an Independent Director. The Board of Directors of the Company has determined that Michael J. Dolan is an audit committee financial expert, as that term is defined in the rules of the Securities and Exchange Commission. The Company also has a Development Committee and an Acquisitions Committee. The Company does not have a Nominating Committee or a Compensation Committee, or any other committee of the Board of Directors performing equivalent functions.

The Audit Committee held seven meetings during 2003. The Audit Committee has the authority to (a) engage independent auditors, (b) review with the independent auditors the scope and results of audit engagements, (c) review the scope, frequency and results of internal audits and examinations, (d) review the adequacy of the Company's accounting policies and system of internal accounting controls, and (e) review all related party transactions for potential conflict-of-interest situations. The Audit Committee operates under a written charter adopted by the Board of Directors in June, 2000. A copy of the Audit Committee charter is attached as Appendix A to this Proxy Statement. The members of the Audit Committee are in the process of reviewing the Audit Committee charter in order to determine what changes, if any, are necessary to bring the charter into compliance with the recently revised listing standards of The NASDAQ Stock Market, and expect to have that process completed in the near future.

Director Nominations Policy

The Board of Directors of the Company adopted a director nominations policy in January 2004. A copy of that policy is available to shareholders of the Company on the Company's website at www.fastenal.com. The policy requires all candidates for service on the Company's Board of Directors to have personal integrity, loyalty to the Company and concern for its success and welfare, the ability and willingness to apply sound and independent judgment, an awareness of a director's vital part in the Company's good corporate citizenship, time available for meetings and consultation on Company matters, the commitment to serve as a director for a reasonable period of time, and the willingness to assume the fiduciary responsibilities of a director. Leadership experience in business or administrative activities, a breadth of knowledge about issues affecting the Company and/or an ability to contribute special expertise to Board or committee activities are also qualities to be considered in selecting director candidates.

Under the director nominations policy, the Independent Directors are responsible for reviewing the overall makeup of the Board and the needs of the Company for new directors, identifying, evaluating and recruiting candidates to fill any additional or vacant positions on the Board, and recommending to the full Board candidates to be nominated for election at the annual meeting of shareholders. If the Independent Directors determine to recommend the addition of one or more directors, or if a vacancy occurs on the Board that the Company is required to fill or that the Independent Directors determine should be filled, the policy provides that the procedures described below will be followed to the extent the Independent Directors deem necessary or appropriate. The Independent Directors will initiate a search for director candidates, identify an initial slate of candidates, conduct inquiries into the background and qualifications of the initial slate, and determine one or more preferred candidates. The preferred candidate or candidates will then be interviewed by the Chairman of the Board and, if the Chairman is not an Independent Director, at least one Independent Director. Thereafter, the Independent Directors will meet to consider and approve the final candidate and seek full Board endorsement of the final candidate.

The Independent Directors may consult with the full Board and members of the Company's management in determining the needs of the Company for new directors and in identifying, evaluating, and recruiting director candidates, and may use Company personnel to assist them with the performance of their duties. The Independent Directors have the authority to retain search firms to assist in identifying and evaluating director candidates, as well as such other advisors as the Independent Directors determine necessary to carry out their duties. The Company is required to provide appropriate funding, as determined by the Independent Directors, for payment of compensation to any search firm or other advisors so employed by the Independent Directors.

In accordance with the director nominations policy, qualified candidates for membership on the Board recommended by shareholders of the Company will be considered by the Independent Directors. Candidates recommended by shareholders will be evaluated in the same manner as other candidates. Shareholders may recommend candidates by sending an e-mail to bod@fastenal.com or writing to Board of Directors, Fastenal Company, 2001 Theurer Boulevard, Winona, Minnesota 55987 and providing the candidate's name, biographical data, and qualifications.

The Company believes that, as a result of the role of the Independent Directors in the nominations process, it is not necessary at this time for the Company to have a separate nominating committee.

Compensation of Directors and Committee Members

Each director of the Company receives an annual retainer of \$1,000 for his or her services as a director, and, if he or she is not an employee of the Company, \$3,000 (plus reimbursement of reasonable expenses) for attendance at each meeting of the Board. Each member of the various committees who is not an employee of the Company receives \$3,000 (plus reimbursement of reasonable expenses) for attendance at each committee meeting. Beginning in July 2003, the Chairman of the Board began receiving a monthly retainer of \$5,000. Beginning in January 2004, the Chairman of the Audit Committee began receiving an annual retainer of \$9,000.

AUDIT COMMITTEE REPORT

The Audit Committee is responsible for overseeing the Company's management and independent auditors in respect of the Company's accounting and financial reporting. In performing its oversight function, the Audit Committee relies upon advice and information received from the Company's management and independent auditors.

In that regard, the Audit Committee has reviewed and discussed with members of the Company's management the Company's audited consolidated financial statements for fiscal 2003, and has discussed with representatives of the Company's independent auditors the matters required to be discussed with audit committees by Statement on Auditing Standards No. 61 (Communication with Audit Committees). The Audit Committee has also received the written disclosures and the letter from the Company's independent auditors required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and has discussed with representatives of the Company's independent auditors that firm's independence.

Based on the review and discussions referred to above, the Audit Committee recommended to the Board of Directors that the Company's audited consolidated financial statements for fiscal 2003 be included in the Company's Annual Report on Form 10-K for such fiscal year for filing with the Securities and Exchange Commission.

- (1) These stock options were granted by the Company, on May 1, 2003, under the Company's stock option plan for employees of the Company and its subsidiaries, and, in general, will become exercisable on June 1, 2006 and will expire on November 30, 2006. If the holder of the stock option ceases to be employed by the Company or one of its subsidiaries, other than as a result of his death, prior to June 1, 2006, the stock option will expire at the time such holder's employment is terminated. If the holder of the option ceases to be employed by the Company or one of its subsidiaries, other than as a result of his death, on or after June 1, 2006, the option will remain exercisable until the earlier of 90 days after the date of termination of the holder's employment or the end of the term of the option. If the holder of the option dies while in the employ of the Company or one of its subsidiaries, the option will be exercisable by the legal representative of the holder's estate or by the holder's heirs during the same period as the option could have been exercised by the holder had he lived and remained employed by the Company or one of its subsidiaries.

- (2) The dollar amounts under these columns were calculated assuming the value of the Company's Common Stock appreciates at 5% and 10% each year, compounded annually, from the date of grant of the applicable option to the end of the term of the applicable option. These annual appreciation rates have been set by the Securities and Exchange Commission for illustrative purposes and are not intended to forecast future financial performance of the Company or possible future appreciation, if any, in the price of the Company's Common Stock. Shareholders are therefore cautioned against drawing any conclusions from the appreciation data shown, aside from the fact that the executive officers will only realize value from the grants of options shown when the price of the Company's Common Stock appreciates, which benefits all shareholders commensurately.

The following table sets forth, as to the executive officers of the Company named in the Summary Compensation Table shown above, information concerning stock options and stock appreciation rights exercised during, and the value of stock options and stock appreciation rights held at the end of, the fiscal year ended December 31, 2003:

Compensation Committee Interlocks and Insider Participation

As indicated under Election of Directors Committee Matters above, the Company does not have a Compensation Committee or any other committee of the Board of Directors performing equivalent functions. The Board of Directors makes decisions regarding compensation of executive officers of the Company. Each of Robert A. Kierlin and Stephen M. Slaggie, who were executive officers and employees of the Company during part of fiscal 2003, and Reyne K. Wisecup, who is an employee of the Company, participated in all deliberations of the Board during fiscal 2003 concerning executive officer compensation. Mr. Kierlin's and Mr. Slaggie's annualized compensation in fiscal 2003 did not change from the previous year. Mr. Kierlin and Mr. Slaggie ceased being executive officers and employees of the Company in June 2003. No other officers or employees of the Company or any of its subsidiaries participated in deliberations of the Board during fiscal 2003 concerning executive officer compensation.

Board Report on Executive Compensation

As required by the rules established by the Securities and Exchange Commission, the Board of Directors has prepared, for inclusion in this Proxy Statement, the following report on the compensation policies of the Board applicable to the Company's executive officers. The Company's executive compensation package consists of three main components: (i) base salary, (ii) the potential for cash bonuses, and (iii) stock-based awards. The types and amounts of compensation paid to any particular executive officer depend on, among other factors, whether or not that officer is a founder of the Company.

Founders

Two of the individuals who served as executive officers of the Company during a portion of 2003, Robert A. Kierlin and Stephen M. Slaggie, are founders of the Company and, as shown in the table set forth under "Security Ownership of Principal Shareholders and Management" above, hold significant portions of the Company's Common Stock which were acquired by them at the time of the Company's incorporation. The compensation of the founders for 2003 consisted solely of base salary in the same annualized amounts as was approved by the Board of Directors and paid to those officers in fiscal 2002. It has been the philosophy of the Board of Directors that the Company should modestly compensate the founders, and that financial reward for those officers should come in large part from increases in the value of the Company's Common Stock held by them.

The factors considered by the Board in setting the base salary of the founders were subjective, such as the level of compensation paid by the Company to its other employees and the day-to-day involvement of such officers in the affairs of the Company. The Company's performance was not a factor considered by the Board of Directors in setting the base salary of the founders. However, the Board of Directors believes that, as a result of their significant share ownership, the interests of those individuals are closely aligned with the long-term interest of the Company and its public shareholders. Mr. Kierlin and Mr. Slaggie ceased being executive officers of the Company in June 2003.

Other Executive Officers, Including Chief Executive Officer

The compensation in 2003 of the Company's non-founding executive officers, including its Chief Executive Officer, consisted of base salary, the potential for cash bonuses under individual bonus arrangements, and stock-based incentive awards.

The Board of Directors established, at its first meeting in 2003, the base salary to be paid, and the method for determining any bonuses to be paid, for that year to those employees (other than the founders) serving at that time as executive officers of the Company. Base salary for each such executive officer, including the Chief Executive Officer, was determined by applying a discount factor to the base salary historically paid by members of the peer group selected in connection with the preparation of the Company's most recent stock performance graph to their executive officers having comparable responsibilities. The Board of Directors applied a discount factor due to the directors' belief that a significant portion of the total compensation of the Company's non-founding executive officers should be performance-based.

The bonuses to be paid for 2003 to the Company's Chief Executive Officer and Vice-President - Product Procurement, Marketing and Logistics were calculated based on the amount by which the Company's pre-tax income in each quarter of 2003 exceeded its pre-tax income in the same quarter of 2002. The bonus to be paid for 2003 to the Company's Chief Operating Officer was calculated based on two factors: (1) the amount by which the Company's net sales in each quarter of 2003 exceeded its net sales in the same quarter of 2002, and (2) the amount by which the Company's pre-tax income in each quarter of 2003 exceeded its pre-tax income in the same quarter of 2002. The bonus to be paid to the Company's Chief Financial Officer for 2003 was calculated based on the amount by which net income in each quarter of 2003 exceeded a certain percentage of net sales in that quarter.

In addition to base salary and bonus, each of the Company's non-founding executive officers, including its Chief Executive Officer, was granted stock options in 2003. The stock options were granted under the Company's stock option plan for employees of the Company and its subsidiaries established by the Company and approved by its shareholders in 2003. The stock options are described under "Option/SAR Grants" above.

The stock-based awards granted in 2003 to each of the Company's non-founding executive officers were determined by the Board of Directors based on the recommendation of the Chief Executive Officer and Chief Financial Officer. Each of the Company's non-founding executive officers received the same number of stock-based awards in 2003 as were granted that year individually to the other members of the Company's top management team.

The Company's performance was not a factor considered by the Board of Directors in setting the base salary of the Company's non-founding executive officers or by the Chief Executive Officer or Chief Financial Officer of the Company in making their recommendations regarding the award of stock-based incentives to the Company's non-founding executive officers. However, the Board of Directors believes that, as a result of their individual bonus arrangements and their stock-based awards, the interest of the Company's non-founding executive officers are closely aligned with the long-term interest of the Company and its public shareholders.

Section 162(m)

Section 162(m) of the Internal Revenue Code of 1986 (the Code) limits the deductibility of compensation over \$1,000,000 paid by a company to its executive officers. Since the Company's executive compensation is set at levels such that each executive officer is likely to receive compensation well below the \$1,000,000 limit, the Board of Directors has determined that it is not necessary at this time to take any position with respect to the non-deductibility of compensation in excess of \$1,000,000.

Performance Graph

Set forth below is a graph comparing, for a period of five years ended December 31, 2003, the yearly cumulative total shareholder return on the Company's Common Stock with the yearly cumulative total shareholder return of the NASDAQ Market Index and an index (the New Peer Group Index) of a group of peer companies selected by the Company (the New Peer Group). The companies in the New Peer Group are Industrial Distribution Group, Inc., Lawson Products, Inc., MSC Industrial Direct Co., Inc. and W.W. Grainger, Inc.

The peer companies selected by the Company in connection with the preparation of the stock performance graph contained in the Proxy Statement for last year's Annual Meeting of Shareholders were Nolan Company, Lawson Products, Inc., MSC Industrial Direct Co., Inc. and W.W. Grainger, Inc. (the Old Peer Group). The Company recently reevaluated the composition of its peer group and determined to replace Nolan Company with Industrial Distribution Group, Inc. Nolan Company was dropped because it was not viewed as operating a line of business sufficiently similar to the Company's. Industrial Distribution Group, Inc. was selected to replace Nolan Company because of its status, along with the other members of the New Peer Group, as one of the largest companies, by revenues, in the industry in which the Company operates. During this transition year, both the New Peer Group Index and an index of the Old Peer Group (the Old Peer Group Index) are shown for comparative purposes.

The Company is not included in either the New Peer Group or the Old Peer Group.

In calculating the yearly cumulative total shareholder return of the Old Peer Group Index and the New Peer Group Index, the shareholder returns of the companies included in the Old Peer Group and the New Peer Group are weighted according to the stock market capitalization of such companies at the beginning of each period for which a return is indicated.

The comparison of total shareholder returns in the performance graph assumes that \$100 was invested on December 31, 1998 in each of the Company, the NASDAQ Market Index, the New Peer Group Index and the Old Peer Group Index, and that dividends were reinvested when and as paid.

The Audit Committee is appointed by the Board of Directors to assist the Board in fulfilling its oversight responsibilities. The Audit Committee shall have responsibility to oversee the Company's management and outside auditors in regard to corporate accounting and financial reporting.

The Audit Committee has the authority to conduct any investigation it deems appropriate to fulfill its responsibilities, and shall have direct access to the outside auditors and other outside advisors of the Company, as well as the Company's personnel, facilities, and books and records. The Audit Committee has the power to retain, at the Company's expense, special legal, accounting, or other consultants or experts it deems necessary in the performance of its duties.

II. Audit Committee Composition and Meetings

The Audit Committee shall be comprised of three or more directors as determined by the Board, each of whom shall be an independent director within the meaning of Rule 4200 of the NASD Manual, free from any relationship with the Company that, in the opinion of the Board, would interfere with the exercise of his or her independent judgment. The Audit Committee's responsibility is to oversee the financial reporting process.

The Company's management, and its outside auditors, in the exercise of their responsibilities, acquire greater knowledge and more detailed information about the Company and its financial affairs than the members of the Audit Committee. Consequently, the Audit Committee is not responsible for providing any expert or other special assurance as to the Company's financial statements and other financial information or any professional certification as to the outside auditors' work, including without limitation their reports on, and limited reviews of, the Company's financial statements and other financial information.

Based on such review and discussion, determine whether to recommend to the Board that the annual audited financial statements be included in the Company's Form 10-K for filing with the Securities and Exchange Commission.
3. Review and discuss with the outside auditors any items required to be communicated by the outside auditors in accordance with AICPA SAS 100 regarding the Company's interim financial statements. The Chair of the Committee may represent the entire Audit Committee for purposes of this review and discussion.

11. Maintain minutes of meetings and periodically report to the Board on significant results of the foregoing activities.

The outside auditors are ultimately accountable to the Board and the Audit Committee, as representatives of the shareholders.
