Proxy Statement

The proxy you received is solicited by the Board of Directors of Marshall & Ilsley Corporation (the Company or M&I) for use at the Annual Meeting of Shareholders (the Annual Meeting) to be held at 10:00 a.m., local time, on Tuesday, April 25, 2006 at the Pabst Theater, 144 East Wells Street, Milwaukee, Wisconsin. At the Annual Meeting, the shareholders of the Company will vote on proposals to (1) elect five Class I directors, each of whom will hold office until April 2009 and, with respect to each director, until his or her successor is elected and qualified, (2) ratify the appointment of Deloitte & Touche LLP as the Company's independent auditors for the fiscal year ending December 31, 2006, (3) approve the 2006 Equity Incentive Plan and (4) vote on a shareholder proposal to request the Company's Board of Directors to declassify the Company's Board.

The expense of printing and mailing proxy materials, including expenses involved in forwarding materials to beneficial owners of common stock held in the name of another person, will be borne by the Company. No solicitation other than by mail is contemplated, except that officers or employees of the Company or its subsidiaries may solicit the return of proxies from certain shareholders by telephone. In addition, the Company has retained Morrow & Co., Inc. to assist in the solicitation of proxies for a fee of approximately \$16,500, plus administrative costs and any reasonable out-of-pocket disbursements. The Proxy Statement and the Proxy Card are being sent to the Company's shareholders commencing on or about March 16, 2006. Shareholders who have consented to electronic delivery of the Proxy Statement and the Company's Annual Report to Shareholders will receive those documents via posting on M&I's web site: www.micorp.com/ereports.html.

Each shareholder of record at the close of business on March 1, 2006 will be entitled to one vote for each share of common stock registered in such shareholder's name. The Company has one class of capital stock outstanding: its \$1.00 par value common stock (the Common Stock). As of March 1, 2006, the Company had 235,895,176 shares of Common Stock outstanding. The presence, in person or by proxy, of the holders of a majority of the shares of the Common Stock outstanding on the record date is required for a quorum with respect to the matters on which action is to be taken at the Annual Meeting.

Any shareholder executing and delivering his or her proxy may revoke the same at any time before it is voted by advising the Secretary of the Company in writing (including executing a later-dated proxy or voting via the Internet) or by telephone of such revocation.

The Company has instituted the Dividend Reinvestment and Cash Investment Plan (the Reinvestment Plan) administered by Continental Stock Transfer & Trust Company, as Trustee. Under the provisions of the Reinvestment Plan, shares of Common Stock are acquired and held in nominee name by Continental Stock Transfer & Trust Company for participating shareholders. Shares so held have been separately designated on the proxy card pertaining to each participant and will be voted at the Annual Meeting in the same manner in which the participant votes those shares registered in his or her own name either by proxy or in person.

If you are a participant in the 2000 Employee Stock Purchase Plan or the M&I Retirement Program, shares held in your account have been separately designated on the proxy card and will be voted at the Annual Meeting in the same manner in which you vote those shares registered in your name either by proxy or in person. Plan shares not voted by participants will be voted by the plan administrator or trustee in accordance with the terms of the respective plan.

The Company's Annual Report to Shareholders for the fiscal year ended December 31, 2005 is being provided to shareholders with this Proxy Statement.

Unless otherwise directed, all proxies will be voted FOR the election of each of the individuals nominated to serve as a Class I director, FOR ratification of the appointment of Deloitte & Touche LLP as the Company's independent auditors, FOR approval of the 2006 Equity Incentive Plan and AGAINST the shareholder proposal to request the Company's Board of Directors to declassify the Company's Board. Abstentions and broker non-votes (i.e., proxies from brokers or nominees indicating that such persons have not received instructions from the beneficial owners to vote shares as to a particular matter with respect to which the brokers or nominees do not have discretionary power to vote) will be treated as present for purposes of determining a quorum.

1. ELECTION OF DIRECTORS

The Company's Restated Articles of Incorporation provide that the Company's directors are divided into three classes, designated Class I, Class II and Class III, with staggered terms of three years each. At the Annual Meeting, shareholders will elect five individuals to serve as Class I directors until the Company's 2009 Annual Meeting of Shareholders and, with respect to each director, until his or her successor is elected and qualified. Each incumbent Class I director's term expires at the 2006 Annual Meeting. Messrs. Kellner, Platten and Wigdale and Ms. Lyall are standing for re-election. Richard A. Abdo and James A. Urdan are not standing for re-election. The Company is grateful to Messrs. Abdo and Urdan for their years of loyal service. Mr. Kuester recommended Mr. Furlong to the Nominating and Corporate Governance Committee (the Nominating Committee) as a candidate for director. After consideration, the Nominating Committee recommended Mr. Furlong to the full Board. Set forth below is certain information with regard to each of the nominees for election as a director as well as each of the Company's continuing Class II and Class III directors.

Vote Required

Directors are elected by a plurality of the votes cast by holders of the Company's Common Stock entitled to vote at a meeting at which a quorum is present. In other words, the five nominees who receive the largest number of votes will be elected as directors. Any shares not voted, whether by withheld authority, broker non-vote or otherwise, will have no legal effect in the election of directors.

In accordance with the Company's Corporate Governance Guidelines, any nominee for director in an uncontested election who receives a greater number of votes withheld from his or her election than votes for such election is required to promptly tender his or her resignation offer to the Chairman of the Board. The Nominating Committee will promptly consider the tendered resignation offer and recommend to the Board whether to accept or reject it. The Board will act on the Nominating Committee's recommendation no later than 90 days following the tender of the director's resignation offer, and will disclose its decision (providing a full explanation of the process by which the decision was reached and, if applicable, the reasons for rejecting the tendered resignation offer) within four business days following such decision. This description of the Corporate Governance Guidelines provision regarding director elections is qualified in its entirety by the full text of the Corporate Governance Guidelines, which are available on the Company's web site at www.micorp.com.

Any votes attempted to be cast against a candidate are not given legal effect and are not counted as votes cast in an election of directors.

The Board of Directors recommends a vote FOR the election of each of the individuals nominated to serve as a Class I director.

CORPORATE GOVERNANCE MATTERS

Board of Directors

The Board of Directors has determined that as of February 16, 2006, 14 of 18 (78%) of the directors of M&I were independent under the listing standards of the New York Stock Exchange (the NYSE Standards) and the categorical independence standards adopted by the Board. The independent directors as of the date of this proxy statement are: Ms. Lyall, Ms. Waller and Messrs. Abdoo, Chait, Jacobs, Mellowes, Meyer, Orr, O Toole, Platten, Schaefer, Shiely, Urdan and Wardeberg. The categorical independence standards relate to banking and other business relationships with M&I and are attached to this proxy statement as Appendix A and available on M&I's web site described below.

The non-management directors of M&I have regularly scheduled executive sessions. The Board of Directors, based upon the review and recommendation of the Nominating Committee, has appointed Mr. Urdan to preside at the executive sessions of the non-management directors. The Board will appoint a new presiding director upon Mr. Urdan's retirement from the Board. Parties who wish to communicate directly with the presiding director or with the non-management directors as a group may direct written communications to the presiding director at:

Presiding Director

c/o Secretary

Marshall & Ilesley Corporation

Milwaukee, Wisconsin 53202

The Secretary of the Company will forward all communications to the presiding director unless otherwise instructed by the non-management directors.

The Board of Directors of the Company has Compensation and Human Resources, Audit, Nominating, Retirement Investment, Risk Management and Executive Committees. The Board of Directors has adopted written charters for all of its standing committees. The charters for the Compensation and Human Resources, Audit, and Nominating Committees are available on the Company's web site described below.

Directors are expected to attend each regular and special meeting of the Board and of each Board committee on which the director serves. Directors are also expected to attend the Annual Meeting. Although the Company's By-laws authorize members of the Board and Board committees to participate in and act at a meeting through the use of telephonic or other communication equipment, the personal attendance of directors at such meetings is preferred. The Board of Directors held eight meetings and took action by written consent once in 2005. Each incumbent director attended at least 75% of the meetings of the Board and Board committees on which the director served. All of the Company's current directors attended last year's Annual Meeting.

The members of the Nominating Committee are Messrs. Platten (Chairman), Chait and Urdan, all of whom are independent under the NYSE Standards. The Nominating Committee held four meetings in 2005.

The Nominating Committee will consider candidates nominated by shareholders in accordance with the procedures set forth in the Company's By-laws. Under the Company's By-laws, nominations other than those made by the Board of Directors or the Nominating Committee, must be made pursuant to timely notice in proper written form to the Secretary of the Company. To be timely, a shareholder's request to nominate a person for

election to the Board, together with the written consent of such person to serve as a director, must be received by the Secretary of the Company not less than 90 days prior to the anniversary date of the annual meeting of shareholders in the immediately preceding year. To be in proper written form, the notice must contain certain information concerning the nominee and the shareholder submitting the nomination.

Under the Company's By-laws, no person is eligible to be elected a director at a meeting of shareholders held on or after the date he or she attains the age of 72, although the Board, at its discretion, may waive the age limitation or establish a greater age from time to time. In addition, the Nominating Committee has adopted guidelines for evaluating and selecting candidates for election to the Board of Directors. Under these guidelines, each director should:

be an individual of the highest character and integrity and have an inquiring mind, vision and the ability to work well with others;

be free of any conflict of interest which would violate any applicable law or regulation or interfere with the proper performance of the responsibilities of a director;

possess substantial and significant experience which would be of value of the Company in the performance of the duties of a director; and

have sufficient time available to devote to the affairs of the Company in order to carry out the responsibilities of a director.

The Nominating Committee will evaluate eligible shareholder-nominated candidates for election to the Board of Directors in accordance with the selection guidelines. The full text of the guidelines can be found in the Nominating Committee's charter, which is available on the Company's web site described above.

LOANS AND OTHER TRANSACTIONS WITH THE COMPANY

Customers of the bank subsidiaries of the Company include nominees, directors and officers of the Company and their associates. Since January 1, 2005, such persons and firms have been indebted to the

Company's bank subsidiaries for loans made in the ordinary course of business. All such loans were made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with others and did not involve more than the normal risk of collectibility or present other unfavorable features. In addition to loans, bank subsidiaries of the Company provide other banking services in the ordinary course of business to directors and executive officers and their associates.

From time to time, directors and officers of the Company and their associates may sell shares of their Common Stock to the Company pursuant to the Company's stock repurchase program. The purchase price for any such sales is the prevailing market price at the time of such sale.

On December 15, 2004, the Company entered into a consulting agreement with Mr. Wigdale. Under the consulting agreement, Mr. Wigdale agreed to consult with the executive officers and Board of Directors of the Company and its affiliates with respect to such matters as may be reasonably requested by the Company, and to continue to foster and maintain relationships with area businesses and community-based organizations on the Company's behalf. The consulting agreement will remain in effect for as long as Mr. Wigdale continues to serve on the Board of Directors, unless it is sooner terminated by the mutual written consent of the parties or by Mr. Wigdale's disability such that he is unable to perform his duties. Mr. Wigdale will not receive any cash remuneration under the consulting agreement. As compensation for the services described above, Mr. Wigdale will receive reimbursement for all reasonable travel and other expenses incurred in the performance of his duties under the consulting agreement; continued access to the Company's facilities and services, with secretarial services and office space sufficient for Mr. Wigdale to perform his duties; a company car; access to the company aircraft for company business use or personal use subject, in the case of personal use, to an annual maximum of \$30,000, net of any reimbursement by Mr. Wigdale; club dues; and financial planning services. The maximum annual benefit provided by the Company on behalf of Mr. Wigdale for his personal expenses is limited to \$50,000, after which Mr. Wigdale must reimburse the Company for the excess amount.

In connection with the Company's merger with Mississippi Valley Bancshares, Inc. on October 1, 2002, Mr. Baur entered into an employment agreement with M&I Marshall & Ilsley Bank (M&I Bank) under which Mr. Baur was employed until December 31, 2004. Under this agreement, Mr. Baur received a base salary of \$311,000 per year and an annual incentive bonus of \$200,000 (both of which were discontinued as of December 31, 2004, when he ceased to be an employee of M&I Bank), and is entitled to certain other benefits, including the right to participate in M&I's benefit and qualified retirement plans, the use of a car, and the payment of club dues until he reaches the age of 65 in 2009. Mr. Baur also will be provided with office space until December 31, 2009 and health insurance coverage until he reaches the age of 65 and, thereafter, he will be entitled to participate in M&I's Medicare supplemental insurance plan. Mr. Baur is also entitled under the agreement to receive payments of \$2,000 per month until he reaches the age of 65.

On December 15, 2004, Southwest Bank of St. Louis, a subsidiary of the Company, entered into a consulting agreement with Mr. Baur under which, beginning on January 1, 2005, Mr. Baur agreed to consult with the executive officers and Board of Directors of Southwest and its affiliates with respect to such matters as may reasonably be requested by Southwest or its affiliates. Mr. Baur will continue to serve as the Chairman of the Board of Southwest, and will maintain continued involvement with area businesses and community-based organizations on Southwest's behalf and continue to cultivate business development and expansion opportunities for the Company and its subsidiaries within Missouri and the surrounding markets. The consulting agreement will remain in effect until it is terminated by written notice, at least 90 days in advance, by either of the parties, or by Mr. Baur's death or disability such that he is unable to perform his duties. As compensation for such services, Southwest will pay Mr. Baur a consulting fee equal to \$10,000 per month, in addition to the \$2,000 monthly payment payable to Mr. Baur during the term of the consulting agreement in accordance with the post-employment obligations of the employment agreement described above. Southwest will also pay or reimburse Mr. Baur for all reasonable travel and other expenses incurred by Mr. Baur in performance of his duties under the consulting agreement, and will continue to provide Mr. Baur with a company car.

In March of 2006, Mr. Aslin entered into a letter agreement with the Company and a consulting agreement with M&I Marshall & Ilsley Bank. Both agreements are contingent upon the completion of the merger between the Company and Gold Banc Corporation, Inc., of which Mr. Aslin is Chief Executive Officer. Assuming the merger is completed, in 2006, Mr. Aslin will receive \$1,325,549 pursuant to a change of control agreement and related payments. The term of the consulting agreement begins on the date of the merger and continues until the earlier of (1) termination of the agreement by Mr. Aslin or M&I Bank with ninety days' notice or (2) Mr. Aslin's death or disability. In no event will M&I Bank terminate the agreement prior to the first anniversary of the merger. Mr. Aslin's duties under the consulting agreement include continuing to cultivate both business development and expansion opportunities for the Company, Gold Banc and their subsidiaries in certain designated markets. As compensation therefor, Mr. Aslin will be paid a consulting fee of \$10,000 per month, he and his spouse will receive subsidized health insurance coverage to the same extent as full-time Company employees, and his membership dues for country clubs in Kansas and Florida and two luncheon clubs in Kansas City will be paid during the term of the consulting agreement. Mr. Aslin also agrees to covenants regarding confidentiality, non-competition and non-solicitation of customers and employees for the term of the consulting agreement.

In connection with Mr. Presley's March 2006 resignation from his employment with the Company, it is anticipated that the Company will enter into a letter agreement with Mr. Presley pursuant to which the Company will transfer Mr. Presley's company car to him (with Mr. Presley to be responsible for all income and employment taxes associated with the transfer), and Mr. Presley will be provided Company-subsidized health and dental insurance until such time as he is eligible to obtain coverage from his new employer. In exchange for such benefits, it is anticipated that Mr. Presley will release the Company from any claims relating to his employment with the Company (other than obligations of the Company under the letter agreement or under Company benefit plans).

A son of each of Messrs. Baur and Wigdale and a daughter of Mr. Kuester were employed by the Company or its subsidiaries and each received compensation and benefits that exceeded \$60,000 in 2005. None of these employees was an executive officer of the Company. The compensation and benefits received by each were established by the Company in accordance with its employment and compensation practices applicable to employees holding comparable positions. Messrs. Baur, Kuester and Wigdale are not among the directors who have been determined by the Board of Directors to be independent under the NYSE Standards and the categorical independence standards adopted by the Board.

During 2005, the Company retained Quarles & Brady, L.L.P., a law firm in which Mr. Daniels is a Partner, to provide certain legal services to the Company and its subsidiaries.

- (1) Salary adjustments for the Company's executive officers generally are effective on January 1 of each year.
- (2) Includes the value of the following perquisites in 2005: Mr. Furlong payment of club dues of \$86,381; tax gross-up payment on club dues of \$56,279; personal use of Company car of \$5,226; personal use of Company aircraft of \$7,978; relocation expenses of \$4,212; tax gross-up payment on relocation expenses of \$1,758; and personal financial planning services of \$3,750; Mr. Presley payment of club dues of \$69,285; payment of tax gross-up on club dues of \$12,082; personal use of Company car of \$11,076; relocation expenses of \$8,845; payment of tax gross-up on relocation expenses of \$3,817; and financial planning services of \$2,000. All perquisites are valued for disclosure purposes at their incremental cost to the Company in accordance with SEC regulations.
- (3) As of December 31, 2005, the following executives had unreleased Key Restricted Stock: Mr. Kuester 67,500 shares valued at \$2,905,200; Mr. Furlong 42,250 shares valued at \$1,812,440; Mr. Martire 21,700 shares valued at \$933,968; Mr. Presley 15,000 shares valued at \$645,600; and Mr. O'Neill 18,500 shares valued at \$795,040. The values were calculated using a year end 2005 closing market price of \$43.04 per share less any consideration which is paid by the executive upon issuance of award. Dividends are paid on restricted stock.
- (4) Payouts under the Company's 1994 Long-Term Incentive Plan (the "LTIP") and, for Mr. Martire, the Metavante Corporation Management Incentive Plan (the "Metavante LTIP") in any given year are based on the number of LTIP units and the targeted cash-based payment, respectively, awarded with respect to the prior three-year period and the Company's (and, with respect to the Metavante LTIP, Metavante's)

performance during such period. Accordingly, the amount of payouts under the LTIP and the Metavante

LTIP may vary from year to year and in some years there may be no payouts under either. For 2005, the named executive officers received payouts for awards made with respect to the three-year period from January 2003 through December 2005. The performance criteria with respect to the LTIP for this three-year cycle were based upon both the Company's total shareholder return in relation to companies in the Keefe, Bruyette & Woods 50 Bank Index (the KBW 50 Index) and the Company's cumulative three-year earnings per share relative to predetermined goals. The performance criterion with respect to the Metavante LTIP was based upon Metavante's cumulative net income for the three-year period. During this period, both the Company's total shareholder return and earnings per share performance exceeded the target levels under the LTIP, and Metavante's cumulative net income exceeded the target level under the Metavante LTIP.

Mr. Martire's total also reflects a payout under the Metavante Acquisition Incentive Plan, pursuant to which he was eligible to receive a cash incentive based on the cumulative net income (adjusted for certain items) of companies acquired by Metavante in 2004 and of Metavante as a whole for the period ended December 31, 2005. No cash incentive would have been payable in the event of performance below target performance level. During the period, the cumulative net income of the acquired companies and of Metavante as a whole exceeded the over-achieve performance level under the Metavante Acquisition Incentive Plan.

(5) Includes the following amounts paid by M&I under the Retirement Program for 2005: Mr. Kuester \$23,100; Mr. Furlong \$23,100; Mr. Martire \$23,100; Mr. Presley \$6,667; and Mr. O'Neill \$23,100. Includes the following employer contributions under the Executive Deferred Compensation Plan based on compensation paid or deferred during 2005: Mr. Kuester \$160,992; Mr. Furlong \$77,720; Mr. Martire \$57,200; Mr. Presley \$45,639; and Mr. O'Neill \$46,938. Includes the following above-market amounts accrued by M&I on account balances under the Supplementary Retirement Benefits Plan and the Executive Deferred Compensation Plan for 2005 (utilizing crediting rates under the plans which are indexed to either the Moody's A Long-Term Corporate Bond Rate or the S&P 500 Index, based upon the participant's election) over the amounts determined pursuant to SEC rules: Mr. Kuester \$19,230; Mr. Furlong \$2,237; Mr. Martire \$1,570; Mr. Presley \$197; and Mr. O'Neill \$1,627.

(6) Mr. Presley's employment with the Company commenced in October 2004, and he resigned in March 2006.

The Company provides perquisites to each of the named executive officers that may include any or all of the following: payment of club dues, personal use of Company cars and aircraft and personal financial planning and tax preparation services, all of which are valued for disclosure purposes at their incremental cost to the Company in accordance with SEC regulations. In addition, the named executive officers are allowed to reimburse the Company for such perquisites at the incremental cost of such perquisites to the Company. The aggregate value of these perquisites, net of any such reimbursements, for Messrs. Kuester, Martire and O'Neill did not exceed \$50,000 in 2005, and did not exceed \$50,000 for any of the named executive officers in 2004 or 2003.

The following table provides information on options granted to the named executive officers during 2005:

- (1) Options generally become exercisable based on the following schedule: one-third on the first anniversary of the date of grant, an additional one-third on the second anniversary of the date of grant and the remaining one-third on the third anniversary of the date of grant. All options will become immediately exercisable upon a triggering event (which relates to a change of control of the Company). Employees who have attained age 55 and have at least ten years of service with the Company or a subsidiary receive options which are fully vested on the date of grant.
- (2) All options have an exercise price equal to 100% of the fair market value of the Company's Common Stock on the date of grant. The exercise price may be paid in cash or by delivery of shares of the Company's Common Stock.
- (3) With respect to the October 28, 2005 grant date, the grant date present values were determined using a binomial model with the following common assumptions: an expected period of time to exercise of 5.57 years; a risk-free rate of return of 4.64%; an expected dividend yield of 2.19%; and a volatility factor of 19.0%. The actual value, if any, realized on the exercise of an option will depend on the excess of the fair market value of the stock over the exercise price on the date the option is exercised, and may be substantially different from the value estimated by this binomial model.

The following table provides information on options exercised during 2005, and options held at year end, by the named executive officers.

The following tables provide information on long-term incentive plan awards to the named executive officers.

LONG-TERM INCENTIVE PLAN AWARDS IN LAST FISCAL YEAR

Awards Granted under the LTIP and the Metavante Corporation

Long-Term Incentive Plan in December 2004 for the Performance

Name	Number of Shares, Units or Other Rights(1)	Period Beginning January 2005	
		Targeted Cash Payment(2)	Performance or Other Period Until Maturation or Payout
Dennis J. Kuester	18,000		3 Years
Mark F. Furlong	12,000		3 Years
Frank R. Martire		\$ 300,000	3 Years
John M. Presley	5,000		3 Years
Thomas J. O'Neill	5,000		3 Years

- (1) Units awarded represent share equivalents of the Company's Common Stock. The performance period is the three years commencing on January 1, 2006 and ending on December 31, 2008 for awards granted in December 2005. Additional units will be credited to each participant's account when dividends are paid on shares of the Company's Common Stock. Vesting of units occurs at the end of the three-year period except in the case of the death or disability of the participant, termination of a participant's employment due to retirement or the occurrence of a triggering event (which relates to a change in control of the Company). Upon the occurrence of a triggering event, units vest notwithstanding continued employment by the acquiring company. A payout multiple is applied to the units awarded to a participant based on the Company's performance in relation to two equally weighted performance criteria, which represent (a) the total return of the Company's Common Stock for the three-year period when compared with the total return for those stocks composing the KBW 50 Index and (b) the Company's cumulative earnings per share for the three-year period, adjusted for certain items. The Company's performance in relation to the performance criteria is calculated independently, thereby allowing a participant to receive a payout under one of the criterion but not under the other. For each criterion, the threshold payout multiple is 12.5% and the maximum is 137.5%, resulting in a combined maximum of 275.0%. No payout will be made under a criterion for performance below threshold. The resulting payout multiple is applied to the units awarded and units awarded to the participant in lieu of the payment of dividends. The Company will satisfy any payout obligations under the LTIP in an amount of cash equal to the fair market value of the number of shares represented by the units. Before awards are paid, the Compensation Committee must certify the extent to which the performance criteria have been met.
- (2) Cash-based awards are made under the Metavante Corporation Long-Term Incentive Plan. The performance period is the three years commencing on January 1, 2006 and ending on December 31, 2008 for awards granted in December 2005. The award vests at the end of the three-year period except in the case of death or disability, termination of employment due to retirement or the occurrence of a triggering event (which relates to a change of control of Metavante or the Company). Upon the occurrence of a triggering event, the award vests notwithstanding continued employment by the Company. A payout multiple will be applied to an amount equal to the cash award made to a participant based on the performance of Metavante or the Company, as the case may be, in relation to the following performance criteria: (a) Metavante's cumulative net income for the three-year period; (b) the total return of the Company's Common Stock for the three-year period when compared with the total return for those stocks composing the KBW 50 Index; and (c) the Company's cumulative earnings per share for the three-year period, adjusted for certain items. The performance of Metavante or the Company, as the case may be, in relation to the performance criteria is calculated independently, which may allow a participant to receive a payout under one or more, but less than all, of the criteria. For the Metavante performance criterion, the threshold payout multiple is 12.5% and the maximum payout multiple is 137.5%. For each of the two Company performance criteria, the threshold payout multiple is 6.25% and the maximum payout multiple is 68.75%. The resulting combined maximum

payout multiple is 275.0%, or \$825,000. The portion of the payout, if any, based on the Company performance criteria, will be adjusted based on the fluctuation in price of M&I Common Stock over the three-year period. No payout will be made under a performance criterion for performance below threshold. Before the award is paid, the Compensation Committee must certify the extent to which the performance criteria have been met.

The following table sets forth certain information about shares of M&I Common Stock that are authorized for issuance under the Company's equity compensation plans as of December 31, 2005.

In addition, does not include 375,700 outstanding units awarded and 1,098,900 units available for issuance under the 1994 Long-Term Incentive Plan (not including additional units credited to the accounts of participants in lieu of the payment of cash dividends). See Note (1) in the long-term incentive plan awards table for a description of the 1994 Long-Term Incentive Plan. Any payout obligations under the LTIP must be satisfied in cash, in an amount equal to the fair market value of the number of shares represented by the units. Also does not include 563,800 shares of restricted stock or restricted stock units which are currently outstanding.
- (2) Represents shares to be issued upon exercise of outstanding options under all of the Company's stock option plans. Dividends or dividend equivalents are not payable on such shares. This number of shares includes 83,883 shares to be issued upon exercise of outstanding options under plans assumed by the Company in mergers. The weighted-average exercise price of outstanding options granted under plans assumed in mergers as of December 31, 2005 was \$22.38. There will be no further grants under these assumed plans.
- (3) Includes 3,497 shares available for issuance under the 1997 Executive Stock Option and Restricted Stock Plan, all of which may be granted as restricted shares; 31,073 shares available for issuance under the 2000 Executive Stock Option and Restricted Stock Plan, none of which may be granted as restricted shares; 1,135,983 shares available for issuance under the 2000 Employee Stock Purchase Plan; and 4,086,511 shares available for issuance under the 2003 Executive Stock Option and Restricted Stock Plan, of which 865,600 shares may be granted as restricted shares. Under the 2000 Employee Stock Purchase Plan, eligible employees may purchase shares annually by payroll deductions, subject to certain aggregation limitations, at a purchase price equal to 85% of the lesser of the fair market value of the Company's Common Stock on the first day or last day of the offering period. The number of shares available for sale under this plan may be increased on January 1 of each year by an amount equal to the lesser of (i) 200,000 shares, (ii) the number of shares purchased by employees under the plan in the previous year or (iii) a lesser amount determined by the Board of Directors.
- (4) All of the Company's equity compensation plans under which shares of M&I Common Stock are authorized for issuance have been approved by shareholders.

RETIREMENT PLANS

The Marshall & Ilsley Corporation Nonqualified Retirement Benefit Plan (the Nonqualified Plan) provides Mr. Kuester with a supplemental retirement benefit. The purpose of the Nonqualified Plan is to provide an annual retirement benefit such that the sum of the benefits from the Retirement Growth Plan, the Corporation s Amended and Restated Supplementary Retirement Benefits Plan (the SERP), the SERP Account of the Company s Amended and Restated Deferred Compensation Plan, Social Security and the Nonqualified Plan equals 60% of the sum of Mr. Kuester s average salary and annual short-term incentive compensation for his last five years of employment. The benefit under the Nonqualified Plan can be paid for life with a 120-month certain pay-out or on a joint and survivor basis at Mr. Kuester s option. The pay-out option elected may also affect the amount of the annual benefit. Mr. Kuester s estimated monthly retirement benefit beginning at age 65 is \$67,307, determined based on the five year average compensation earned through December 31, 2005 and various actuarial and interest rate assumptions. Mr. Kuester has the option, in certain circumstances, to elect to receive the present value of the benefits to which he is entitled under the Nonqualified Plan upon a Change of Control regardless of his age at that point.

The Company has agreed to provide Mr. Furlong with a supplemental retirement benefit (the SERP Agreement). The purpose of the SERP Agreement is to provide an annual retirement benefit such that the sum of the benefits from the Company s contributions into its qualified and non-qualified retirement programs, Social Security and the Plan equals 45% of the sum of Mr. Furlong s highest average salary and annual short-term incentive compensation for any five of his last ten years of employment. The benefits under the Plan will generally begin vesting at age 55, and will be fully vested at age 62. If Mr. Furlong s employment terminates prior to his attaining age 55 other than by reason of death or disability or in connection with a change of control of the Company, he will receive no benefits under the Plan. The total benefit under the Plan will be adjusted in the event of death or disability before age 62, and can be paid for life with a 120-month certain pay-out or on a joint and 50% survivor basis at Mr. Furlong s option. The payout option elected may also affect the amount of the annual benefit. Mr. Furlong s estimated monthly retirement benefit beginning at age 65 is \$26,669, determined based on the five year average compensation earned through December 31, 2005 and various actuarial and interest rate assumptions. In the event of a change of control before Mr. Furlong attains age 55, 40% of the benefits under the Plan will be vested if the change of control occurs within 12 months of adoption of the Plan and an additional 4% of the benefits will vest for each year following the adoption of the Plan. In the event of a change of control after Mr. Furlong attains age 55, the benefits under the Plan will be fully vested.

The 2005 Marshall & Ilsley Corporation Executive Deferred Compensation Plan (the Deferred Compensation Plan) provides selected key employees of the Company, including the named executive officers, with the ability to defer up to 80% of base salary and 100% of bonus. Those employees electing to participate have two investment options for amounts deferred: a fixed rate option equal to the Moody s A Long-Term Corporate Bond Rate for the month of September of the previous year and an equity option equal to the total return of the S&P 500 Index. The percentage allocated to any investment option may not be less than 10% and elections may be changed semi-annually. The Deferred Compensation Plan also allows participants to defer the receipt of restricted stock and shares issued upon the exercise of stock options. However, participants are not entitled to defer shares issued upon exercise of stock options until such time as the administrator of the Deferred Compensation Plan determines that such a deferral is permissible under Section 409A of the Internal Revenue Code of 1986, as amended (the Code). Amounts deferred are distributable upon termination of employment at the election of the participant. The election choices for 2005 plan year deferrals range from lump sum distribution to a pay-out over 15 years if a participant s employment terminates on or after age 55, other than because of death or disability, with at least 10 years of service. For future plan year deferrals, distribution choices may change, but only those distribution methods permitted under Section 409A of the Code will be allowed. Amounts deferred and investment returns thereon are held in the Marshall & Ilsley Corporation Deferred Compensation Trust II of which Marshall & Ilsley Trust Company National Association is the trustee (the Trust). In addition to participant-directed deferrals, the Compensation Committee may require deferrals of any amount necessary to ensure the deductibility of compensation paid to a named executive officer under federal

income tax law. Participants in the Deferred Compensation Plan are also eligible to receive an employer contribution equal to the amount that would have been allocated to such participant's account under the M&I Retirement Growth Plan absent statutory limitations on compensation. This contribution is credited to an account which vests after an employee has five years of vesting service (as defined in M&I's Retirement Growth Plan). Participants have the same investment and pay-out elections with respect to these accounts as with other accounts in the Deferred Compensation Plan, and amounts credited are held in the Trust.

Because of changes in the federal income tax law governing the taxation of split-dollar life insurance benefits, in 2003 M&I entered into death benefit award agreements with Mr. Kuester and certain other senior executives under which a nonqualified death benefit plan was substituted for their previous life insurance arrangements. Originally, the life insurance arrangements were provided in lieu of certain benefits to which Mr. Kuester was entitled under the Deferred Compensation Plan. Pursuant to the death benefit award agreements, the beneficiaries of Mr. Kuester are provided with a death benefit that is a formula amount based primarily on certain life insurance proceeds. On a present value basis, the new arrangements were structured to be economically neutral to M&I as compared to the life insurance arrangements.

CHANGE OF CONTROL AGREEMENTS AND RELATED MATTERS

In order to assure management continuity and stability, as of February 1, 2006, M&I had substantially similar Change of Control Agreements (the M&I Change of Control Agreements) outstanding with all of the named executive officers, 12 additional executive officers and 17 other officers and employees of the Company and its subsidiaries (collectively, the Executives). The M&I Change of Control Agreements with the named executive officers each have a term of three years. The M&I Change of Control Agreements with the other Executives each have a term of two years.

The M&I Change of Control Agreements guarantee the Executives specific payments and benefits upon a termination of employment as a result of a change of control of M&I. If a change of control occurs, the contract becomes effective and continues for the relevant term. The employment term renews on a daily basis until M&I gives notice to terminate the daily renewal.

The M&I Change of Control Agreements provide for specified benefits after a change of control if the Executive voluntarily terminates for good reason or is involuntarily terminated other than for cause (as such terms are defined in the M&I Change of Control Agreements). In addition, in the case of some M&I Change of Control Agreements, at the end of six months after a change of control, the Executive may terminate employment for any reason and is entitled to receive full benefits. Upon a termination, the Executive is entitled to (a) a lump sum payment equal to two or three times (depending on whether the contract is a two- or three-year contract) the sum of the Executive's current base salary plus the higher of the Executive's bonus for the last year or the Executive's average bonus for the past three years, (b) a proportionate amount of any unpaid bonus deemed earned for the year of termination, (c) a lump sum payment equal to the retirement benefits lost as a result of not having been employed for the remaining contract term, (d) health and other benefits for the remaining contract term, and (e) payments for certain other fringe benefits. In the event of a termination of employment as a result of his death, the Executive's beneficiary is entitled to six months of base salary. No additional benefits are guaranteed under the contract upon an Executive's disability or termination of employment by M&I for cause.

The M&I Change of Control Agreements provide that upon a change of control most restrictions limiting the exercise, transferability or other incidents of ownership of any outstanding award, restricted stock, options, stock appreciation rights, or other property rights of M&I granted to the Executive shall lapse, and such awards shall become fully vested, except in certain circumstances. In addition, upon certain events following a change of control, some option agreements, including certain options held by the named executive officers, provide that options will remain exercisable for the lesser of (a) the remainder of their respective terms or (b) one year after

the Executive's death. The M&I Change of Control Agreements also provide for gross-up payments in the event payments to an Executive under the M&I Change of Control Agreement are subject to the excise tax (the Excise Tax) provided for under Section 4999 of the Code, or any similar federal, state or local tax which may be imposed, in an amount such that the net amount retained by the Executive, after deduction of any Excise Tax on the payments and any federal, state and local income tax and Excise Tax on the gross-up payment, shall be equal to the payments then due.

In addition, as of February 1, 2006, M&I had substantially similar change of control agreements (the Metavante Change of Control Agreements) for six officers of Metavante Corporation (Metavante), including one executive officer of M&I, who also have M&I Change of Control Agreements. The Metavante Change of Control Agreements are triggered upon a change of control of Metavante rather than M&I. In no event will payments be made or benefits be paid to the Metavante employees under both agreements. The Metavante Change of Control Agreements provide for specified benefits upon a change of control of Metavante if an employee voluntarily terminates employment for good reason, or is involuntarily terminated other than for cause (as such terms are defined in the Metavante Change of Control Agreements), within a three-year period following the change of control. In these events, the employee is entitled to substantially the same compensation as described above under the M&I Change of Control Agreements, including an Excise Tax gross-up payment. However, the restrictions limiting the exercise, transferability or other incidents of ownership of equity awards do not lapse upon a change of control of Metavante. The treatment of an employee under the Metavante Change of Control Agreements in the event of termination of employment because of death, disability or termination for cause is the same as under the M&I Change of Control Agreements.

NON-EMPLOYEE DIRECTOR COMPENSATION

Directors of M&I who are not employees are paid a retainer fee of \$35,000 per year. In addition, non-employee directors receive a fee of \$1,500 for each Board meeting and each committee meeting which they attend. The chair of the Audit Committee is paid a retainer fee of \$10,000 per year. The chairs of the Compensation, Nominating, Retirement Investment and Risk Management Committees are each paid a retainer fee of \$7,500 per year. The director appointed to act as presiding director at the non-management executive sessions of the Board is paid \$5,000 per year to act in such capacity. M&I has established a deferred compensation plan for its directors. Under such plan, all or part of the fees received by a director may be deferred at the election of the director. Amounts deferred may be allocated to one of two accounts as selected by the participating director: (i) the Common Stock account or (ii) a cash account, earning interest at a rate equal to that earned on U.S. Treasury Bills with maturities of 13 weeks. Payment of benefits from the Common Stock account is made in shares of Common Stock. The deferred compensation plan also allows directors to defer the receipt of shares issued upon the exercise of stock options, but only to the extent allowable under Section 409A of the Code. Deferred amounts are payable to a participating director at the election of the participating director. The election choices for 2006 plan year deferrals range from lump sum distribution after termination to five or ten annual installments after termination of service. Messrs. Baur, Jacobs, Daniels, Kellner, Mellowes, Meyer, O Toole, Schaefer and Urdan elected to defer compensation under the plan during 2005.

Directors of M&I who are also directors of subsidiaries of M&I receive compensation from such subsidiaries in varying amounts based on the director compensation schedule of such subsidiaries. Directors of subsidiaries of M&I may also elect to defer compensation under the plan. Messrs. Abdo, Jacobs, Urdan, Wardeberg and Wigdale are directors of M&I Marshall & Ilsley Bank; Mr. Baur is Chairman of Southwest Bank of St. Louis; and Mr. Urdan is a director of M&I Community Development Corporation. In addition, it has been the practice of the Company that individuals who served as directors of M&I Bank prior to 1994 are elected Directors Emeritus of M&I Bank each year for a number of years equal to the length of time such person served as director. Pursuant to this practice, such Directors Emeritus receive a fee equal to the retainer fee in effect for directors of M&I Bank at the time such person retired from the board. Current directors of M&I who are eligible

to become Directors Emeritus of M&I Bank include Messrs. Abdo, Orr, Urdan, Wardeberg and Wigdale. Mr. Orr will be eligible to be elected a Director Emeritus pursuant to this practice upon his retirement from the M&I Board.

Directors of M&I who are not employees of M&I or its subsidiaries also participate in the Company's stock option plans. On the date of each Annual Meeting of Shareholders, each participant in the plan elected or re-elected as a director at such Annual Meeting receives an option for that number of shares of Common Stock equal to the multiple of 5,000 and the number of years in the term to which such participant has been elected. In addition, a person who becomes a participant because such person is appointed to fill a vacancy on the Board of Directors, or a director who becomes a participant because such director ceases to be employed by the Company or its subsidiaries, will receive, on the date of the next Annual Meeting, an option for that number of shares of Common Stock equal to a multiple of 5,000 and the number of years remaining in such participant's term as a director of the Company. Under the terms of this plan, the option price per share will not be less than 100% of the fair market value of the shares on the date the option is granted, the options will not be exercisable more than 10 years after the date of grant, and the options will terminate no later than three years after the participant ceases to be a director of the Company for any reason. Such options may be exercised at any time after they are granted. The exercise price of an option may, at the participant's election, be paid in cash or previously owned shares of Common Stock or a combination thereof.

M&I allows directors and their spouses incidental use of Company aircraft for personal purposes. Under this incidental use arrangement, the director and the director's spouse are, on occasion, allowed to use otherwise unoccupied space on Company aircraft for a flight which was otherwise scheduled.

COMPENSATION AND HUMAN RESOURCES COMMITTEE REPORT

General Policy

The Compensation and Human Resources Committee (the Compensation Committee) determines the compensation policy for executive officers, makes awards and sets performance criteria under the Company's incentive plans, and determines the salary levels for executive officers. The Company's compensation program is designed to offer a competitive total compensation value that will attract and retain high quality talent and ensure alignment of a significant portion of the executive's total compensation to the annual and long-term performance of the Company as well as the creation of stockholder value. The Compensation Committee bases its compensation decisions primarily on its overall assessment of the executive's contribution to the profitability of the Company on both a long-term and short-term basis and the relevant market relationship of the executive officer's compensation. The Compensation Committee reviews the executive's performance in light of both the historical financial performance of the Company and the Compensation Committee's assessment of the executive's role in ensuring the future financial success of the Company. In this respect, the Compensation Committee seeks to reward leadership, innovation and entrepreneurship. The compensation package for senior executives has both objective (performance based) and subjective elements. Awards under the Annual Executive Incentive Plan are based on the achievement of specified performance criteria determined by the Compensation Committee. For certain executive officers, the financial performance of the business unit or division for which that executive has responsibility may receive a proportionately larger consideration by the Compensation Committee in determining that executive's compensation. The Compensation Committee reviews the compensation plans for executives in order to determine whether such plans are consistent with the Company's objectives and financial performance.

Federal income tax law prohibits publicly held companies, such as M&I, from deducting certain compensation paid to a named executive officer that exceeds one million dollars during the tax year. To the extent that compensation is based upon the attainment of performance goals set by the Compensation Committee pursuant to plans approved by the Company's shareholders, the compensation is not included in the computation

of the limit. Although the Compensation Committee intends, to the extent feasible and where it believes it is in the best interests of the Company and its shareholders, to attempt to qualify executive compensation as tax deductible, it does not intend to permit this arbitrary tax provision to distort the Compensation Committee's development and execution of effective compensation plans. Thus, the Compensation Committee will continue to exercise discretion in those instances where the mechanistic approaches necessary under tax law considerations could compromise the interests of shareholders.

2005 Compensation

Overview

With regard to 2005 compensation decisions, the Compensation Committee reviewed the Company's financial performance on both a long-term and short-term basis, the compensation paid to the Company's executive officers relative to similar companies and other information which the Compensation Committee deemed relevant in the case of any particular individual. The Compensation Committee reviewed information comparing the Company's performance, size and compensation levels to a group of sixteen regional bank holding companies and reviewed the base salaries, annual bonuses, total cash compensation, long-term compensation and total compensation of the Company's executive officers relative to those companies. The Compensation Committee also considered other analyses of the Company's compensation levels and financial performance, including comparisons to the companies in the KBW 50 Index, which is the same peer group used in the performance graph. In addition, the Compensation Committee reviewed tally sheets setting forth the components of compensation and the total compensation of the Company's Chief Executive Officer and each of the Company's next four most highly compensated executive officers, and consulted with Hewitt Associates LLC, the Company's compensation consultants, in connection with various compensation decisions.

The Compensation Committee analyzed the peer group data and other information in order to reflect competitive factors and performance in the compensation of the Company's executives. In the case of any particular individual, circumstances unique to such individual such as increased responsibilities or extraordinary effort may also be reflected. In assessing the Company's performance, the Compensation Committee considered, among other things, the profitability of the Company as a whole on both a long-term and short-term basis (including total shareholder return, earnings per share, return on tangible equity and return on average assets). The Compensation Committee's decisions with respect to compensation generally reflect all of the factors considered, including objective factors and the Compensation Committee's subjective assessment of the executive's performance.

Base Salary

In determining the base salaries for the Company's executive officers, the Compensation Committee takes a long-term view of the executive's job performance, the Company's financial performance and the salaries paid in the marketplace to executives with similar responsibilities. Based on its review of these factors and of the total compensation opportunities of each senior executive officer, the Compensation Committee deemed it appropriate to increase the 2005 base salaries of certain executive officers. The 2005 base salaries of Messrs. Furlong, Martire, Presley and O'Neill were set at \$525,000, \$450,000, \$400,000 and \$370,000, respectively. The Compensation Committee believes the base salaries are commensurate with the Compensation Committee's evaluation of the factors and information it reviewed.

Annual Executive Incentive Plans

The Annual Executive Incentive Plan provides for annual cash incentives (bonuses) to the participants, which include all but one of the executive officers, based upon one or more objective financial performance criteria selected by the Compensation Committee. Metavante Corporation's President and Chief Executive Officer participates in the Metavante Corporation Management Incentive Plan, a separate plan related to the

performance of Metavante Corporation. The Annual Executive Incentive Plan and the Metavante Corporation Management Incentive Plan reward eligible senior executives with an incentive award based on a percentage of each participant's base salary if the performance goals set by the Compensation Committee are met for that year. In evaluating the participants' bonus opportunity under the plans, the Compensation Committee considers bonus amounts provided by peer companies. The performance criterion under the Annual Incentive Plan for 2005 was based upon earnings per share adjusted for certain items as approved by the Compensation Committee. The performance criteria under the Metavante Corporation Management Incentive Plan for 2005 were based upon revenues and net income. Results under the plans exceeded the target performance levels established by the Compensation Committee for 2005, and resulted in eligible senior executives receiving payouts ranging from 54% to 158% of their respective 2005 base salaries as compared to payouts ranging from 56% to 165% of base salaries in 2004. Under the Annual Executive Incentive Plan, Messrs. Furlong, Presley and O'Neill received payouts of 142%, 125% and 125%, respectively, of their respective 2005 base salaries. Under the Metavante Corporation Management Incentive Plan, Mr. Martire received a payout of 129% of his 2005 base salary. In future years, the Compensation Committee may use performance criteria different than those used for 2005.

Long-Term Compensation

It is the intention of the Compensation Committee to continue to emphasize long-term awards in the compensation provided to the Company's executive officers. In arriving at the 2005 long-term award levels, the Compensation Committee compared the total compensation opportunities and the total value of each executive's long-term award package in relation to those provided by peer companies for similar positions. The Compensation Committee also determined the allocation of long-term awards to each long-term compensation component, which includes awards under the Company's Executive Stock Option and Restricted Stock Plan and long-term incentive plans.

The Compensation Committee determined to grant a combination of stock options and restricted stock awards in 2005. In determining the total number of options to be granted in 2005 to all employee recipients, including the executive officers, the Compensation Committee reviewed the annual option awards and cumulative options outstanding of the peer group companies in relation to outstanding shares. In 2005, option grants to employees totaled 3,831,980 options, or approximately 1.6% of shares outstanding as of December 31, 2005, and restricted stock awards to employees totaled 183,700 restricted shares, or 0.1% of shares outstanding as of December 31, 2005. Messrs. Furlong, Martire, Presley and O'Neill were granted 101,250, 67,500, 45,000 and 50,000 stock options and 11,250, 7,500, 5,000 and 5,550 restricted shares, respectively, in 2005. The Compensation Committee believes annual awards at this level are well within competitive practice relative to the peer group companies, and that the total value of such awards, as well as the allocation of such awards under the Company's Executive Stock Option and Restricted Stock Plan and long-term incentive plans, are fair and appropriate.

The Compensation Committee has approved awards of units representing share equivalents of the Company's Common Stock for participants in the Company's 1994 Long-Term Incentive Plan and cash-based awards for participants in the Metavante Corporation Long-Term Incentive Plan, including the Company's executive officers, with respect to the three-year period from January 2006 through December 2008. Under the 1994 Long-Term Incentive Plan, the performance criteria for this three-year cycle will be based upon both the Company's total shareholder return in relation to companies in the KBW 50 Index and the Company's cumulative three-year earnings per share adjusted for certain items relative to predetermined goals. Under the Metavante Corporation Long-Term Incentive Plan, the performance criteria for this three-year cycle will be based upon Metavante's cumulative net income for the three-year period, as well as the performance criteria under the 1994 Long-Term Incentive Plan. Messrs. Furlong, Presley and O'Neill were awarded 12,000, 5,000 and 5,000 units, respectively, under the 1994 Long-Term Incentive Plan. Mr. Martire's targeted cash-based payment was \$300,000 under the Metavante Corporation Long-Term Incentive Plan. Payment of long-term incentive awards is contingent upon the Company's or Metavante's achievement of specified performance criteria, and no payouts will occur if the Company does not meet those criteria.

Chief Executive Officer Compensation

In determining Mr. Kuester's salary, annual incentive opportunity and long-term awards, the Compensation Committee's review concentrated on the prevailing market rates of compensation for his position, the Company's current and prior year's financial performance and the performance evaluation that was completed by the Compensation Committee. The Compensation Committee also considered the compensation of the chief executive officers of the peer group companies, taking into account the Company's size and performance relative to the companies in the peer groups, in order to determine whether Mr. Kuester is compensated on a basis which is appropriate. The Compensation Committee reviewed the total value of Mr. Kuester's long-term awards and determined the allocation of such awards to each compensation component. Based on the information considered by the Compensation Committee, Mr. Kuester's 2005 base salary was set at \$900,000. Mr. Kuester received a payout under the Annual Executive Incentive Plan of approximately 158% of his base salary, resulting from the Company's 2005 financial performance in relation to the goals established under the plan. In addition, Mr. Kuester was granted 202,500 stock options and 22,500 restricted shares in 2005, and was awarded 18,000 units under the Corporation's 1994 Long-Term Incentive Plan. It is the Compensation Committee's conclusion that Mr. Kuester's compensation is well within competitive practice, recognizing the performance of the Company.

Pre-Approval Policy

The Audit Committee must pre-approve all audit and non-audit services to be provided by the Company's independent auditors, subject to a de minimus exception as provided in its charter. The Audit Committee has adopted a pre-approval policy relating to audit and non-audit services. This policy provides that the Company's auditors may only provide those tax and other services that the Audit Committee believes will not impair the auditors' independence. The Audit Committee believes that the provision of audit-related services, which are traditionally performed by the independent auditors, does not impair the independence of the auditors.

The pre-approval policy describes the permitted audit, audit-related, tax and other services that have the pre-approval of the Audit Committee, including the pre-approved fee levels for all services. Unless a type of service to be provided by the independent auditors has received general pre-approval, it must receive specific pre-approval by the Audit Committee. Any proposed services exceeding the pre-approved fee levels require specific pre-approval by the Audit Committee. The term of any pre-approval is generally one year from the date of pre-approval or, if the pre-approval relates to a specific project, for the term of the project. The chair of the Audit Committee has the authority to grant pre-approvals of audit and non-audit services between meetings, provided that any such pre-approval must be presented to the full Audit Committee at its next scheduled meeting. The Audit Committee will annually review and pre-approve services that that may be provided by the independent auditors.

2. RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

The Audit Committee has appointed Deloitte & Touche as the Company's independent auditors for the fiscal year ending December 31, 2006 and is seeking the ratification of their appointment by the shareholders. Deloitte & Touche audited the Company's financial statements for the fiscal year ended December 31, 2005. Representatives of Deloitte & Touche will be present at the Annual Meeting to make any statement they may desire and to respond to questions from shareholders.

Ratification of Deloitte & Touche as the Company's independent auditors for the fiscal year ending December 31, 2006 requires that the number of votes cast in favor of ratification exceed the number of votes cast against ratification. If the appointment of Deloitte & Touche is not ratified, the Audit Committee will consider the shareholders' action in deciding whether to appoint Deloitte & Touche as the Company's independent auditors for 2007.

The Board of Directors recommends a vote FOR ratification of Deloitte & Touche LLP as the Company's independent auditors for the fiscal year ending December 31, 2006.

3. APPROVAL OF THE 2006 EQUITY INCENTIVE PLAN

Material Features of the Plan

Introduction. The Board of Directors adopted the 2006 Equity Incentive Plan (the 2006 Plan) in February 2006, subject to shareholder approval, in order to attract and retain certain selected officers, key employees, non-employee directors and consultants whose skills and talents are important to the Company's operations, and to reward them for making contributions to the success of the Company. At its February 2006 meeting, the Board also adopted amendments to the Company's 2003 Executive Stock Option and Restricted Stock Plan that eliminate liberal share counting for that plan and provide that dividend equivalents can only be paid on shares of restricted stock. The Board previously adopted an amendment to the Company's 1994 Long-Term Incentive Plan for Executives to provide that awards thereunder can only be paid in cash.

The 2006 Plan includes the following provisions:

the exercise price for options and stock appreciation rights cannot be less than the fair market value of the Company's Common Stock on the date of grant;

the exercise prices for options or stock appreciation rights cannot be repriced without shareholder approval, except to reflect changes to the capital structure of the Company as set forth in Section 14 of the Plan;

a maximum term of ten years for options and stock appreciation rights;

a maximum of 10% of the shares available for issuance under the 2006 Plan can be in the form of restricted shares or restricted stock units, and the 2006 Plan does not have liberal share counting provisions (such as provisions that would permit shares withheld for payment of taxes or the exercise price of stock options to be re-granted under the plan);

dividend equivalents can only be part of an award of restricted shares or restricted stock units; and

awards cannot be transferred to third parties, with the exception of certain estate planning transfers, which can be made if the committee that administers the 2006 Plan approves such transfers.

The complete text of the 2006 Plan is set forth in Appendix B. The following summary of the material features of the 2006 Plan is qualified in its entirety by reference to Appendix B.

Eligibility. Persons eligible for awards under the Plan, if approved, will include current and prospective employees, non-employee directors, consultants or other persons who provide services to the Company and who hold, or will hold, positions of responsibility and whose performance, in the judgment of the Compensation Committee or the management of the Company, can have a significant effect on the success of the Company. As of February 15, 2006, approximately 2,000 individuals would be eligible to participate in the 2006 Plan.

Administration. If approved, the 2006 Plan will be administered by the Compensation Committee. Except to the extent prohibited by applicable law, the Compensation Committee may delegate to the chief executive officer and to other senior officers of the Company its duties under the Plan pursuant to such conditions or limitations as the Compensation Committee may establish.

Awards. Awards under the Plan may include incentive stock options (which we refer to as ISOs) and non-statutory stock options (which we refer to as NSOs), shares of restricted stock or restricted stock units, or stock appreciation rights (which we refer to as SARs), each as described below. The Compensation Committee is responsible for determining the type or types of awards to be made to each participant. The terms, conditions and limitations applicable to each award, including any vesting requirements, will be set forth in the related award agreement. In all events, upon the occurrence of a change in control (as defined in the 2006 Plan), all awards will become fully vested and immediately exercisable.

The aggregate number of shares of Common Stock subject to the 2006 Plan is 17,500,000 shares, which may be treasury shares or authorized but unissued shares of Common Stock, or a combination of the two, and all of which may be granted in the form of ISOs. No individual may receive options covering or grants of shares consisting of more than 2,500,000 shares in the aggregate during the term of the 2006 Plan, and the Company may not issue more than 1,750,000 shares of restricted stock or restricted stock units during the term of the 2006 Plan. The 2006 Plan will terminate on April 25, 2016, subject to early termination by the Company's Board as described in the 2006 Plan, and no awards may be made under the 2006 Plan after such date.

Stock Options. Stock options are rights to purchase a specified number of shares of Common Stock for a purchase price of not less than 100% of the fair market value of the Common Stock on the date of grant. The Compensation Committee may not reduce the purchase price for Common Stock pursuant to a stock option after the date of grant without the consent of the Company's shareholders, except in accordance with certain exceptions set forth in the Plan. A stock option may be designated by the Compensation Committee in the award agreement as an NSO for all participants or an ISO for employee participants. An ISO, in addition to being subject to applicable terms, conditions and limitations established by the Compensation Committee, must comply with Section 422 of the Code which, among other limitations, provides that the aggregate fair market value (determined at the time the option is granted) of Common Stock for which ISOs are exercisable for the first time by a participant during any calendar year may not exceed \$100,000; that ISOs must be priced at not less than 100% of the fair market value on the date of the grant (110% in the case of a Participant who is a 10% shareholder of the Company within the meaning of Section 422 of the Code); and that ISOs must be exercisable for a period of not more than ten years (five years in the case of a Participant who is a 10% shareholder of the Company). The other restrictions and conditions relating to an option grant will be established by the Compensation Committee and set forth in the award agreement. The closing sale price of the Common Stock on the New York Stock Exchange on March 8, 2006 was \$43.33.

Restricted Stock or Restricted Stock Unit Award. A restricted stock or restricted stock unit award is an award of stock, or in the case of a restricted stock unit, a bookkeeping entry granting a participant the right to a share of Common Stock in the future, for some or no monetary consideration, as the Committee may specify, and which may contain transferability or forfeiture provisions including a requirement of future services and such other restrictions and conditions as may be established by the Compensation Committee and set forth in the award agreement.

SARs. SARs or stock appreciation rights refers to a grant of the right to receive, upon exercise, the difference between the fair market value of a share of Common Stock on the date of exercise, and the grant value of each SAR. The grant value will not be less than 100% of the fair market value of the Common Stock on the date of grant, as set forth in the award agreement. The difference between the fair market value on the date of exercise and the grant value, multiplied by the number of SARs exercised (which we refer to as the spread), will be paid in shares of Common Stock with a fair market value equal to the spread. However, the Company may, in the sole discretion of the Compensation Committee, elect to settle its obligation arising out of the exercise of an SAR by the payment of cash equal to the spread, or by the issuance of a combination of shares of Common Stock and cash, in the proportions determined by the Compensation Committee, with a fair market value equal to the spread. The other restrictions and conditions of the SARs will be established by the Compensation Committee and set forth in the award agreement.

Amendment or Discontinuance of the Plan. The Board may, at any time, amend or terminate the 2006 Plan. However, no amendment or termination may adversely affect the rights of any participant or beneficiary under any award granted under the 2006 Plan without the written consent of the affected participant prior to the date such amendment is adopted by the Board, except (1) to the extent necessary for participants to avoid becoming subject to penalties and/or interest under Section 409A of the Code or (2) for adjustments permitted under the 2006 Plan. In addition, the Board may not, without further shareholder approval, adopt any amendment to the 2006 Plan for which shareholder approval is required under tax, securities or any other applicable law or the listing standards of the New York Stock Exchange.

Adjustments. In the event of certain changes in the capital structure of the Company, the Compensation Committee may make proportionate equitable adjustments to outstanding awards such that the net value of the award is not changed. Any adjustment action taken by the Compensation Committee will be conclusive and binding on all participants, the Company and their successors, assigns and beneficiaries.

Termination of Employment or Service. In the event of termination of employment or service other than as a result of death, disability or retirement (as defined in the 2006 Plan), a participant will generally have 90 days after termination to exercise options which were vested on the date of termination. A participant who is a non-employee director of the Company will generally have until the earlier of the tenth anniversary of the date of grant or the third anniversary of the termination of the participant's service as a director to exercise options which were vested on the date of termination. The Compensation Committee has discretion to provide the period for which, and the extent to which, options remain exercisable in the event of termination of employment resulting from death, disability or retirement. Restricted stock and restricted stock units are generally forfeited upon termination of employment.

Federal Income Tax Consequences

Counsel for the Company has advised that the federal income tax consequences of NSOs, ISOs, restricted stock, restricted stock units and SARs proposed to be granted under the 2006 Stock Option Plan are generally as follows:

NSOs. The grant of an NSO will have no federal income tax consequences to the Company or to a participant. A participant will recognize taxable ordinary income at the time of exercise of the option in an amount equal to the excess of the fair market value of the shares acquired at the time of exercise over the option price, and the Company will ordinarily be entitled to a deduction for such amount. Gains recognized on the exercise of options by employees will be subject to income and employment tax withholding. The holder of shares acquired upon exercise of an NSO will, upon a subsequent disposition of such shares, generally recognize a short-term or long-term capital gain or loss, depending upon the holding period of the shares, equal to the difference between the amount realized on the sale and the basis in such shares (the sum of the option price and the amount taxed as ordinary income at the time of exercise).

ISOs. Neither the grant nor exercise of an ISO will generally have any federal income tax consequences for a participant. The amount by which the fair market value of the shares acquired upon the exercise of an ISO exceeds the option price as of the date of exercise, however, is an item of tax preference for purposes of computing the alternative minimum tax on individuals. If a participant has held the shares acquired on the exercise of an ISO for at least two years from the date of the grant of the option and at least one year from the date of exercise, the participant will recognize taxable long-term capital gain or loss upon a subsequent disposition of the shares. In such circumstances, no deduction would be allowed to the Company for federal income tax purposes in connection with the grant or exercise of the option or the transfer of shares acquired upon such exercise. If, however, the participant disposes of his or her shares within the holding periods described above, (i) the participant will recognize ordinary income in an amount equal to the difference between the fair market value of such shares on the date of exercise and the option price, provided that, if the disposition is a sale or exchange with respect to which a loss (if sustained) would be recognized by the participant and the amount realized from such sale or exchange is less than the fair market value on the exercise date, then the ordinary income will be limited to the excess of the amount realized upon the sale or exchange of the shares over the option price; (ii) the Company will be entitled to a deduction for such year in the amount of the ordinary income so recognized; and (iii) the participant will recognize capital gain or loss, as the case may be, in an amount equal to the difference between the amount realized upon such sale or exchange of the shares and the sum of the option price plus the amount of ordinary income, if any, recognized upon such disposition.

Restricted Stock. The grant of restricted stock is not a taxable event to a participant, absent an election under Section 83(b) of the Code. If no election is made, the participant will recognize income, taxable for income tax

purposes at ordinary rates, upon the lapse of the restrictions governing the shares. The amount of the income will equal the fair market value of the shares when the restrictions lapse, less any amount paid by the participant for the shares. If the participant makes a Section 83(b) election within 30 days of the date of grant, he or she will be deemed to have received ordinary income at the time of the grant of the restricted shares equal to their fair market value at the date of grant less any amount paid by the participant for the shares, determined without regard to the restrictions imposed thereon. In both cases, the amount taxed as ordinary income will be subject to income and employment tax withholding if the participant is an employee. If the restricted shares are subsequently forfeited after a Section 83(b) election and before the restrictions lapse, the participant is not entitled to claim the loss for income tax purposes. The Company will be entitled to a deduction for income tax purposes when the participant recognizes ordinary income, either as a result of a Section 83(b) election or because of the lapse of the restrictions. The amount of the deduction will generally equal the amount of ordinary income recognized by the participant, subject to the applicability of Section 162(m) of the Code, which limits the deductibility of compensation in excess of \$1 million paid to a named executive officer if it is not performance-based.

Restricted Stock Units. A participant will not be deemed to have received taxable income upon the grant or vesting of restricted stock units. However, upon vesting, the then fair market value of the units is subject to income and employment tax withholding if the participant is an employee. The participant will recognize taxable ordinary income at such time as shares are distributed with respect to the restricted stock units in an amount equal to the fair market value of the shares distributed to the participant. If the participant is an employee, the ordinary income recognized on distribution is subject to income and employment tax withholding. Upon the distribution of shares to a participant with respect to restricted stock units, the Company will ordinarily be entitled to a deduction for federal income tax purposes (subject to the requirements of Section 162(m) of the Code) in an amount equal to the taxable ordinary income recognized by the participant. The basis of the shares of Common Stock received will equal the amount of taxable ordinary income recognized by the participant upon receipt of such shares plus any amount paid for the restricted stock units, and a gain or loss recognized by the participant on a subsequent disposition of any such shares will generally be capital gain or loss. A participant's holding period will commence on the date the shares are distributed to the participant.

SARs. A participant will not be deemed to have received taxable income upon the grant or vesting of an SAR. Upon the exercise of an SAR, a participant generally will be deemed to have received income, taxable for federal income tax purposes at ordinary income rates, equal to the fair market value at the time of exercise of any Common Stock received plus the amount of any cash received, and the Company will be entitled to a deduction for federal income tax purposes equal to the amount of ordinary income recognized by the participant as a result of such exercise. Gains recognized on the exercise of SARs by employees will be subject to income and employment tax withholding. The basis of shares received upon the exercise of an SAR will equal the fair market value of the shares at the time of exercise, and a gain or loss recognized by the participant on a subsequent disposition of any such shares will generally be capital gain or loss. A participant's holding period will commence on the date the shares are distributed to such participant.

The foregoing summary does not contain a complete analysis of all the potential tax consequences of the types of awards proposed to be granted under the 2006 Plan, including employment tax and state, local or foreign income tax consequences.

Vote Required

Approval of the 2006 Plan requires the affirmative vote of the majority of the votes cast on the proposal, provided that the total votes cast on the proposal represents over 50% of the Company's outstanding shares. Abstentions will have the effect of votes against the proposal and broker non-votes will not be counted as votes cast on the proposal.

The Board of Directors recommends a vote FOR approval of the 2006 Equity Incentive Plan.

4. SHAREHOLDER PROPOSAL:

DECLASSIFICATION OF BOARD OF DIRECTORS

Gerald R. Armstrong, a shareholder of the Company who owns approximately 859 shares of Common Stock, has notified the Company of his intention to propose a resolution at the Annual Meeting of Shareholders. Mr. Armstrong's address is 820 Sixteenth Street, No. 705, Denver, Colorado 80202-3227, and his telephone number is 303-355-1199. The resolution and supporting statement provided by Mr. Armstrong are set forth below. The Company is not responsible for the contents of Mr. Armstrong's proposal or supporting statement.

Resolution

That the shareholders of MARSHALL & ILSLEY CORPORATION request their Board of Directors to take those steps necessary to eliminate the classification of terms of the Board of Directors to require that all Directors stand for election annually. The Board declassification shall be completed in a manner that does not affect the unexpired terms of the previously-elected Directors.

Statement

The proponent believes the election of directors is the strongest way that shareholders influence the directors of any corporation. Currently, M&I's board is divided into three classes with each serving staggered three-year terms. Because of this structure, shareholders may only vote for one-third of the directors each year. This is not in the best interest of shareholders because it reduces accountability and is an unnecessary take-over defense.

In recent annual meetings, many corporations have repealed three-year terms for directors and replaced them with one-year terms realizing that accountability is beneficial for shareholders. These corporations include Pfizer, Sprint, Equity Residential Properties, IStar Financial, West Coast Bancorp, Bristol-Myers Squibb, Dow Jones, North Valley Bancorp, and Equity Office Properties Trust, to name just a few.

The 2003 proxy statement of PFIZER, INC. states: The Board believes that all Directors should be equally accountable at all times for the company's performance and that the will of the majority of shareholders should not be impeded by a classified board. The amendment will allow shareholders to review and express their opinions on the performance of all Directors each year.

WEST COAST BANCORP stated in its 2003 proxy statement: Annual election will facilitate the election of directors who will, in the view of a majority of shareholders, manage the company in the best interests of the company and its shareholders.

WISCONSIN ENERGY CORPORATION adopted one-year terms for its directors in their annual meeting held in 2004. Its proxy statement said: A classified board has the effect of making it more difficult for stockholders to change a majority of directors even where a majority of stockholders are dissatisfied with the performance of incumbent directors.

The performance of our management and our Board of Directors has been challenged by new regulations and laws, such as Sarbanes-Oxley, which require greater accountability than ever before. Now, let's elect our Directors with maximum, not minimum, accountability.

If you agree, please vote FOR this proposal.

RESPONSE OF THE BOARD OF DIRECTORS

The businesses and markets in which the Company and its subsidiaries engage are highly complex, and the long-term success of the Company and its subsidiaries is dependent upon the Company's directors having a deep understanding of those businesses and markets and the ability to plan and execute long-term strategies for the direction of the Company. The Board believes that the classified structure provides stability and facilitates the

necessary understanding and abilities by ensuring that, at any given time, a majority of the Company's directors have prior experience as a director of the Company and a strong knowledge of the Company's businesses and strategies. The Board therefore believes that the classified structure results in an experienced and knowledgeable Board of Directors that is well positioned to make decisions that are in the best interests of the Company and its shareholders.

The Board also believes that a classified board structure reduces the Company's vulnerability to unfriendly or unsolicited takeover tactics that may not be in the best interests of the Company's shareholders. A classified structure encourages a third party that might otherwise engage in an unfriendly or unsolicited effort to take over control of the Company to instead negotiate at arm's-length with the Board, or requires such a third party to take its proposal to the Company's shareholders over a period of at least two annual meetings. Arm's length negotiations allow the Board the flexibility and leverage required to negotiate any proposed transaction on terms most likely to maximize shareholder value, and additional time allows the Board to thoroughly exercise its fiduciary duties and to evaluate the adequacy and fairness of any takeover attempt.

Finally, the Board is confident that the benefits of the classified board structure do not come at the price of reduced accountability to shareholders. Directors elected to a classified board are no less accountable to shareholders than they would be if the board were declassified and all directors were elected annually, because directors are required to uphold the same fiduciary duties regardless of the length of their terms. The Board believes that the annual election of approximately one-third of the Company's directors provides shareholders with an effective means to communicate their views on the performance of the Company and its directors, and to effect changes to the Board as they see fit.

The Company's Board and the Nominating and Corporate Governance Committee of the Board have carefully considered this proposal and the arguments in favor of and against a classified board of directors. The Board believes that the Company's current classified board structure continues to promote the best interests of the Company's shareholders.

Vote Required

Approval of this proposal would require that the number of votes cast in favor of the proposal exceed the number of votes cast against it.

The Board of Directors recommends a vote AGAINST the shareholder proposal to request the Board of Directors to declassify the Company's Board.

SUBMISSION OF SHAREHOLDER PROPOSALS

The 2007 Annual Meeting of Shareholders is scheduled for April 24, 2007. In accordance with the Company's By-laws, nominations, other than by or at the direction of the Board of Directors, of candidates for election as directors at the 2007 Annual Meeting of Shareholders and any other shareholder proposed business to be brought before the 2007 Annual Meeting of Shareholders must be submitted to the Company no later than January 25, 2007. Shareholder proposed nominations and other shareholder proposed business must be made in accordance with the Company's By-laws which provide, among other things, that shareholder proposed nominations must be accompanied by certain information concerning the nominee and the shareholder submitting the nomination, and that shareholder proposed business must be accompanied by certain information concerning the proposal and the shareholder submitting the proposal. To be considered for inclusion in the proxy statement solicited by the Board of Directors, shareholder proposals for consideration at the 2007 Annual Meeting of Shareholders of the Company must be received by the Company at its principal executive offices, 770 North Water Street, Milwaukee, Wisconsin 53202 on or before November 16, 2006. Proposals should be directed to Mr. Randall J. Erickson, Senior Vice President, General Counsel and Secretary. To avoid disputes as to the date of receipt, it is suggested that any shareholder proposal be submitted by certified mail, return receipt requested.

PENDING LEGAL PROCEEDINGS

No director or executive officer is an adverse party or has an interest adverse to the Company or any of its subsidiaries in any material pending legal proceeding.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's directors and officers to file reports with the Securities and Exchange Commission disclosing their ownership, and changes in their ownership, of stock in the Company. Copies of these reports must also be furnished to the Company. Based solely on a review of these copies, the Company believes that during 2005 all filing requirements were complied with, except that late reports were filed in connection with transactions by Messrs. Daniels and Jacobs. In addition, it has come to the attention of the Company that in 1999 a sale of M&I Common Stock by Mr. Meyer was underreported by 100 shares.

OTHER VOTING INFORMATION

Shareholders may vote over the Internet, by telephone or by completing a traditional proxy card. Votes submitted electronically over the Internet or by telephone must be received by 7:00 p.m., Central Time, on April 24, 2006. To vote over the Internet or by telephone, please refer to the instructions on the accompanying proxy card.

The Internet and telephone voting procedures are designed to authenticate shareholder identities, to allow shareholders to give their voting instructions and to confirm that shareholders' instructions have been recorded properly. Shareholders voting via the Internet should understand that there may be costs associated with electronic access, such as usage charges from Internet access providers and telephone companies, that must be borne by the shareholder.

3. **Eligibility.** Current and prospective employees, non-employee directors, consultants or other persons who provide services to the Company eligible for an Award under the Plan are those who hold, or will hold, positions of responsibility and whose performance, in the judgment of the Committee or the management of the Company (if such responsibility is delegated pursuant to Section 6 hereof), can have a significant effect on the success of the Company.

4. Common Stock Available for Awards.

(a) **Number of Shares.** Subject to adjustment as provided in Section 14 hereof, the number of shares that may be issued under the Plan for Awards during the term of the Plan is 17,500,000 shares of Common Stock, which may be treasury shares or authorized but unissued shares of Common Stock, or a combination of the two. For purposes of determining the maximum number of shares of Common Stock available for issuance under the Plan, (1) any shares which have been issued as Restricted Stock or Restricted Stock Units which are forfeited to the Company shall be treated, following such forfeiture, as shares which have not been issued; (2) upon the exercise of an SAR granted under the Plan, the full number of SARs granted at

such time shall be treated as shares of Common Stock issued under the Plan, notwithstanding that a lesser amount of shares or cash representing shares of Common Stock may have been actually issued or paid upon such exercise; and (3) shares of Common Stock withheld to satisfy taxes and shares of Common Stock used to exercise an Option or SAR, either directly or by attestation, shall be treated as issued hereunder.

(b) Incentive Stock Options. Subject to adjustment as provided in Section 14 hereof, up to 17,500,000 shares of Common Stock may be granted in the form of Incentive Stock Options.

(c) Limits. Subject to adjustment as provided in Section 14 hereof, no individual shall be eligible to receive Awards aggregating more than 2,500,000 shares of Common Stock reserved under the Plan during the term of the Plan and the Company will not issue more than 1,750,000 shares of Restricted Stock or Restricted Units during the term of the Plan. For purposes of determining the maximum number of these types of Awards available for grant under the Plan, any shares of Restricted Stock which are forfeited to the Company, or any Restricted Stock Units which are forfeited to the Company, shall be treated, following such forfeiture, as Awards that have not been granted under the Plan.

(d) Securities Law Filings. The Company shall take whatever actions are necessary to file required documents with the U.S. Securities and Exchange Commission and any other appropriate governmental authorities and stock exchanges to make shares of Common Stock available for issuance pursuant to Awards.

5. Administration. The Plan shall be administered by the Committee, which shall have full and exclusive power to interpret the Plan, to determine which persons are Plan Participants, to grant waivers of Award restrictions, and to adopt such rules, regulations and guidelines for carrying out the Plan as it may deem necessary or proper, all of which powers shall be executed in the best interests of the Company and in keeping with the objectives of the Plan. All determinations made by the Committee regarding the Plan or an Award shall be binding and conclusive as regards the Company, the Participants, and any other interested persons.

6. Delegation of Authority. Except to the extent prohibited by applicable law or the applicable rules of a stock exchange on which the Common Stock is listed, the Committee may delegate to the chief executive officer and to other senior officers of the Company its duties under the Plan pursuant to such conditions or limitations as the Committee may establish. Any such delegation may be revoked by the Committee at any time.

7. Awards. The Committee shall determine the type or types of Award(s) to be made to each Participant and shall set forth in the related Award Agreement the terms, conditions and limitations applicable to each Award including any vesting requirements. In all events, upon the occurrence of a Change in Control, all Awards will become fully vested and immediately exercisable. The type of Awards available under the Plan are those listed in this Section 7.

(a) Stock Option. A grant of a right to purchase a specified number of shares of Common Stock the purchase price of which shall be not less than 100% of Fair Market Value on the date of grant. In addition, the Committee may not reduce the purchase price for Common Stock pursuant to an Option after the date of grant without the consent of the Company's shareholders, except in accordance with adjustments pursuant to Section 14 hereof. Further, an Option may not be exercisable for a period in excess of ten years. An Option may be designated by the Committee in the Award Agreement as a Nonstatutory Stock Option for all Participants or an Incentive Stock Option for Participants who are employees. An Incentive Stock Option, in addition to being subject to applicable terms, conditions and limitations established by the Committee, complies with Section 422 of the Code which, among other limitations, provides that the aggregate Fair Market Value (determined at the time the option is granted) of Common Stock for which Incentive Stock Options are exercisable for the first time by a Participant during any calendar year shall not exceed \$100,000; that Incentive Stock Options shall be priced at not less than 100% of the Fair Market Value on the date of the grant (110% in the case of a Participant who is a 10% shareholder of the Company within the meaning of Section 422 of the Code); and that Incentive Stock Options shall be exercisable for a period of

not more than ten years (five years in the case of a Participant who is a 10% shareholder of the Company). The other restrictions and conditions of the Option will be established by the Committee and set forth in the Award Agreement.

(b) Restricted Stock or Restricted Stock Unit Award. An Award of stock, or in the case of a Restricted Stock Unit, a bookkeeping entry granting a Participant the right to a share of Common Stock in the future, for some or no monetary consideration, as the Committee may specify, and which may contain transferability or forfeiture provisions including a requirement of future services and such other restrictions and conditions as may be established by the Committee and set forth in the Award Agreement.

(c) SARs. A grant of the right to receive, upon exercise, the difference between the Fair Market Value of a share of Common stock on the date of exercise, and the Grant Value of each SAR. The Grant Value shall be not less than 100% of Fair Market Value on the date of grant, as set forth in the Award Agreement. The Committee may not reduce the Grant Value after the date of grant without the consent of the Company's shareholders, except in accordance with adjustments pursuant to Section 14 hereof. The difference between the Fair Market Value on the date of exercise and the Grant Value, multiplied by the number of SARs exercised (the Spread), shall be paid in shares of Common Stock which have a Fair Market Value equal to the Spread, provided, however, that any fractional share shall be paid in cash. Notwithstanding the foregoing, the Company, as determined in the sole discretion of the Committee, shall be entitled to elect to settle its obligation arising out of the exercise of an SAR by the payment of cash equal to the Spread, or by the issuance of a combination of shares of Common Stock and cash, in the proportions determined by the Committee, which have a Fair Market Value equal to the Spread. The other restrictions and conditions of the SARs will be established by the Committee and set forth in the Award Agreement, provided that the period for which an SAR may be exercisable shall not exceed ten years.

8. Deferred Payment of Awards. The Committee may permit selected Participants to elect to defer payments of some or all types of Awards in accordance with procedures established by the Committee which are intended to permit such deferrals to comply with applicable requirements of the Code, including Section 409A of the Code. Dividends or dividend equivalent rights may only be extended to and made part of any Award of Restricted Stock or Restricted Stock Units, subject to such terms, conditions and restrictions as the Committee may establish. The Committee may also establish rules and procedures for the crediting of dividend equivalents for deferred payments of Restricted Stock or Restricted Stock Units.

9. Stock Option Exercise. The price at which shares of Common Stock may be purchased under a Stock Option shall be paid in full at the time of the exercise in cash or by means of tendering Common Stock, either directly or by attestation, valued at Fair Market Value on the date of exercise, or any combination thereof.

10. Tax Withholding. The Company shall have the right to deduct applicable taxes from any Award payment and withhold, at the time of delivery or vesting of shares under the Plan, an appropriate number of shares for payment of taxes required by law or to take such other action as may be necessary in the opinion of the Company to satisfy all obligations for withholding of such taxes, but in no event in excess of the minimum withholding required by law. The Company may defer making delivery with respect to Common Stock obtained pursuant to an Award hereunder until arrangements satisfactory to it have been made with respect to any such withholding obligation. If Common Stock is used to satisfy tax withholding, such stock shall be valued based on the Fair Market Value when the Nonstatutory Stock Option or SAR is exercised or the Restricted Stock vests. In the case of Restricted Stock Units, such stock will be valued when the Restricted Stock Units are paid to a Participant, in the case of income tax withholding, or when the Restricted Stock Units vest, in the case of employment tax withholding, unless applicable law requires a different time for withholding. Shares of Common Stock used to satisfy tax withholding obligations shall be treated as issued for purposes of determining the number of shares remaining for grant of Awards pursuant to Section 4 hereof.

11. Amendment or Discontinuance of the Plan. The Board may, at any time, amend or terminate the Plan; provided, however, that

(a) no amendment or termination may, in the absence of written consent to the change by the affected Participant (or, if the Participant is not then living, the affected beneficiary), adversely affect the rights of any Participant or beneficiary under any Award granted under the Plan prior to the date such amendment is adopted by the Board, except (1) to the extent necessary for Participants to avoid becoming subject to penalties and/or interest under Section 409A of the Code or (2) for adjustments permitted under Section 14 hereof; and

(b) the Board may not, without further approval of the shareholders, adopt any amendment to the Plan for which shareholder approval is required under tax, securities or any other applicable law or the listing standards of the New York Stock Exchange (or if the Common Stock is not then listed on the New York Stock Exchange, the listing standards of such other exchange or inter-dealer quotation system on which the Common Stock is listed). In addition, the Board may not reduce the exercise price of an Option or the Grant Value of an SAR without the consent of the Company's shareholders, except in accordance with the adjustments pursuant to Section 14 hereof.

12. Termination of Employment or Service. If the employment of a Participant terminates, other than pursuant to paragraphs (a) through (c) of this Section 12, all unexercised, deferred and unpaid Awards shall terminate 90 days after such termination of employment or service, unless the Award Agreement provides otherwise, and during such 90-day period shall be exercisable only to the extent provided in the Award Agreement. Notwithstanding the foregoing, (i) if a Participant's employment is terminated for Cause, to the extent the Award is not effectively exercised or has not vested prior to such termination, it shall lapse or be forfeited to the Company immediately upon termination and (ii) a non-employee director's Option shall terminate upon the earlier of the tenth anniversary of the date of grant or the third anniversary of the termination of the Participant's service as a director. In all events, an Award will not be exercisable after the end of its term as set forth in the Award Agreement.

(a) Retirement. When a Participant's employment terminates as a result of Retirement or early retirement, the Committee (in the form of an Award Agreement or otherwise) may permit Awards to continue in effect beyond the date of Retirement or early retirement, and the exercisability and vesting of any Award may be accelerated.

(b) Resignation in the Best Interests of the Company. When a Participant resigns from the Company and, in the judgment of the chief executive officer or other senior officer designated by the Committee, the acceleration and/or continuation of outstanding Awards would be in the best interests of the Company, the Committee may authorize, where appropriate taking into account any regulatory or accounting implications of such action, the acceleration and/or continuation of all or any part of Awards granted prior to such termination.

(c) Death or Disability of a Participant.

(i) In the event of a Participant's death, the Participant's estate or beneficiaries shall have a period specified in the Award Agreement within which to receive or exercise any outstanding Award held by the Participant under such terms, and to the extent, as may be specified in the applicable Award Agreement. Rights to any such outstanding Awards shall pass by will or the laws of descent and distribution in the following order: (a) to beneficiaries so designated by the Participant; if none, then (b) to a legal representative of the Participant; if none, then (c) to the persons entitled thereto as determined by applicable law or, absent applicable law, a court of competent jurisdiction.

(ii) In the event a Participant is deemed by the Company to be disabled within the meaning of the Award Agreement, or, absent a definition therein, the Company's long-term disability plan, the Award shall be exercisable for the period, and to the extent, specified in the Award Agreement. Awards and rights to any such Awards may be paid to or exercised by the Participant, if legally competent, or a

legally designated guardian or representative if the Participant is legally incompetent by virtue of such disability.

(iii) After the death or disability of a Participant, the Committee may in its sole discretion at any time (1) terminate restrictions in Award Agreements; (2) accelerate any or all installments and rights; and (3) instruct the Company to pay the total of any accelerated payments in a lump sum to the Participant, the Participant's estate, beneficiaries or representative, notwithstanding that, in the absence of such termination of restrictions or acceleration of payments, any or all of the payments due under the Awards might ultimately have become payable to other beneficiaries.

(iv) In the event of uncertainty as to interpretation of or controversies concerning this paragraph (c) of Section 12, the Committee's determinations shall be binding and conclusive on all interested parties.

(d) No Employment or Service Rights. The Plan shall not confer upon any Participant any right with respect to continuation of employment by the Company or service as a director, nor shall it interfere in any way with the right of the Company to terminate any Participant's employment at any time.

13. Nonassignability. Except as provided in subsection (c) of Section 12 and this Section 13, no Award or any other benefit under the Plan shall be assignable or transferable, or payable to or exercisable by anyone other than the Participant to whom it was granted. Notwithstanding the foregoing, the Committee (in the form of an Award Agreement or otherwise) may permit Awards, other than Incentive Stock Options, to be transferred to members of the Participant's immediate family, to trusts for the benefit of the Participant and/or such immediate family members, and to partnerships or other entities in which the Participant and/or such immediate family members own all the equity interests. For purposes of the preceding sentence, immediate family shall mean a Participant's spouse, issue and spouses of his issue.

14. Adjustments. In the event of any change in the outstanding Common Stock of the Company by reason of a stock split, stock dividend, combination or reclassification of shares, recapitalization, merger, or similar event, the Committee may adjust proportionally (a) the number of shares of Common Stock (i) reserved under the Plan, (ii) available for Incentive Stock Options, (iii) for which Awards may be granted to an individual Participant, and (iv) covered by outstanding Awards denominated in stock, (b) the stock prices related to outstanding Awards; and (c) the appropriate Fair Market Value and other price determinations for such Awards. In the event of any other change affecting the Common Stock or any distribution (other than normal cash dividends) to holders of Common Stock, such adjustments as may be deemed equitable by the Committee, including adjustments to avoid fractional shares, shall be made to give proper effect to such event. In the event of a corporate merger, consolidation, acquisition of property or stock, separation, reorganization or liquidation, the Committee shall be authorized to issue or assume Awards, whether or not in a transaction to which Section 424(a) of the Code applies, by means of substitution of new Awards for previously issued awards or an assumption of previously issued awards. Any adjustment, waiver, conversion or other action taken by the Committee under this Section 14 shall be conclusive and binding on all Participants, the Company and their successors, assigns and beneficiaries.

15. Notice. Any notice to the Company required by any of the provisions of the Plan shall be addressed to the director of human resources or to the chief executive officer of the Company in writing, and shall become effective when it is received by the office of either of them. Any notice to a Participant shall be addressed to the Participant at his last known address as it appears on the Company's records.

16. Unfunded Plan. The Plan shall be unfunded. Although bookkeeping accounts may be established with respect to Participants who are entitled to Common Stock under the Plan, any such accounts shall be used merely as a bookkeeping convenience. The Company shall not be required to segregate any Common Stock, nor shall the Plan be construed as providing for such segregation, nor shall the Company, the Board or the Committee be deemed to be a trustee of any Common Stock to be granted under the Plan. Any liability of the Company to any Participant with respect to a grant of Common Stock or rights thereto under the Plan shall be based solely upon any contractual obligations that may be created by the Plan and any Award Agreement; no such obligation of the

Company shall be deemed to be secured by any pledge or other encumbrance on any property of the Company. Neither the Company nor the Board nor the Committee shall be required to give any security or bond for the performance of any obligation that may be created by the Plan.

17. Governing Law. The Plan and all determinations made and actions taken pursuant hereto shall be governed by the laws of the State of Wisconsin without giving effect to its conflicts of law provisions.

18. Effective and Termination Dates. The effective date of the Plan is April 25, 2006. The Plan shall terminate on April 25, 2016 subject to earlier termination by the Board pursuant to Section 11, after which no Awards may be made under the Plan, but any such termination shall not affect Awards then outstanding or the authority of the Committee to continue to administer the Plan.

19. Other Benefit and Compensation Programs. Payments and other benefits received by a Participant pursuant to an Award shall not be deemed a part of such Participant's regular, recurring compensation for purposes of the termination or severance plans of the Company and shall not be included in, nor have any effect on, the determination of benefits under any other employee benefit plan, contract or similar arrangement, unless the Committee expressly determines otherwise.
