Item 1.01. Entry into a Material Definitive Agreement.

On July 7, 2006, the Board of Directors of The Mosaic Company (the Company), pursuant to the recommendation of a subcommittee of its Compensation Committee consisting solely of outside directors within the meaning of Section 162(m) of the Internal Revenue Code, approved corporate performance measures for certain key managers, including executive officers, under the Company's Management Incentive Plan (MIP) for the fiscal year ending May 31, 2007. Pursuant to the MIP, key managers of the Company and its subsidiaries, including executive officers, are eligible for annual cash incentive compensation based upon the attainment of pre-established business performance goals established by the Board, upon the recommendation of the Compensation Committee or a subcommittee of outside directors. Attainment of the corporate performance measures determines the amount of the incentive payment for executive officers and all or a portion of the amount of the incentive payment for other participants. Threshold, target and maximum payout levels are set based upon the extent to which the specified performance measures are attained. Target annual incentive awards for executive officers range from 40% to 150% of base salary. The corporate performance measures for the fiscal year ending May 31, 2007 are (i) operating earnings plus equity in net earnings of nonconsolidated companies and (ii) net cash flow. Such measures are deemed by the Board of Directors to be important measures of, among other things, the Company's ability to generate value for stockholders and reduce its long-term indebtedness. The threshold for payout under the corporate operating earnings measure must be attained before any payout is made under the MIP.
