**Item 1.01. Entry Into a Material Definitive Agreement.**

On April 17, 2007, in connection with the closing of its acquisition of Valera Pharmaceuticals, Inc., Indevus Pharmaceuticals, Inc. entered into three separate contingent stock rights agreements (each a "CSR Agreement" and, collectively, the "CSR Agreements") with American Stock Transfer & Trust Company (the "Rights Agent"), which set forth the terms and conditions of the three contingent stock rights ("CSRs") that former holders of Valera common stock will receive (in addition to 1.1337 shares of Indevus common stock) for each of their shares of Valera common stock. Under the terms of the Merger Agreement (defined in Item 2.01 below), for each share of Valera common stock, Valera stockholders will receive one CSR for each of three Valera product candidates in development - Supprelin-LA, the ureteral stent and VP003 (Octreotide implant) - which will become convertible into \$1.00, \$1.00 and \$1.50, respectively, worth of Indevus common stock upon the achievement of specific milestones with respect to the particular Valera product candidate.

The following summary of the material terms of the CSR Agreements does not purport to be complete and is qualified in its entirety by reference to the individual CSR Agreements, copies of which are filed as Exhibits 10.1, 10.2 and 10.3 hereto and are incorporated herein by reference.

The CSR Agreements provide that the CSRs will not be evidenced by a certificate or other instrument and may not be sold, assigned, transferred, pledged, encumbered or in any other manner transferred or disposed of, in whole or in part, other than through limited permitted transfers.

Upon the occurrence of the applicable Milestone Date (described below), the CSRs with respect to Supprelin-LA, the ureteral stent and VP003 (Octreotide implant) will become convertible into \$1.00, \$1.00 and \$1.50, respectively, worth of Indevus common stock calculated using the average of the per share closing sale prices of Indevus common stock as reported by the Nasdaq Global Market for the 10 trading days ending three trading days prior to the occurrence of the applicable Milestone Date. Cash, without interest, will be paid in lieu of any fractional shares of Indevus common stock a holder would otherwise be entitled to receive upon conversion.

Milestone Date means with respect to:

Supprelin-LA, the date on which both of the following states of affairs exists:

Indevus has received the approval letter from the U.S. Food and Drug Administration (the "FDA"), with respect to its New Drug Application for Supprelin-LA, and the FDA approval remains in effect; and

Indevus possesses an inventory of 1,450 commercially saleable units of Supprelin-LA;

the ureteral stent, the date on which Indevus receives the approval letter from the FDA with respect to its Premarket Application or 510k Application for the ureteral stent; and

VP003 (Octreotide implant), the date on which Indevus receives the approval letter from the FDA with respect to its New Drug Application for VP003 (Octreotide implant) for acromegaly.

In order to receive the Indevus common stock issuable upon conversion of the respective CSRs, such holder must follow the conversion procedures described in the Letter of Conversion to be delivered by the Rights Agent to such holder upon the occurrence of the applicable Milestone Date.

If the Milestone Date does not occur by April 18, 2010 in the case of Supprelin-LA or by April 18, 2012 in the case of the ureteral stent and VP003 (Octreotide implant), the respective CSRs will terminate and no shares of Indevus common stock will be issued in connection with those CSRs. The respective CSR Agreements will terminate at 5:00 p.m., New York City time, on April 18, 2012, or, in the case of the CSR Agreement relating to Supprelin-LA, on April 18, 2010 if the Milestone Date with respect to Supprelin-LA does not occur prior to that date. The respective CSR Agreements will terminate on any earlier date if all respective CSRs have been converted pursuant to the agreement.

**Item 2.01. Completion of Acquisition or Disposition of Assets.**

On April 17, 2007, Indevus Pharmaceuticals, Inc. completed its acquisition of Valera Pharmaceuticals, Inc. pursuant to an Agreement and Plan of Merger, dated as of December 11, 2006 (the "Merger Agreement"), by and among Indevus, Hayden Merger Sub, Inc., a Delaware corporation and a direct, wholly-owned subsidiary of Indevus ( Merger Sub ), and Valera. The merger was approved by the stockholders of both companies at meetings held on April 17, 2007. The merger will become effective at 12:01 a.m. on April 18, 2007.

Pursuant to the Merger Agreement, Merger Sub will be merged with and into Valera with Valera continuing as the surviving corporation and a wholly-owned subsidiary of Indevus. Under the terms of the Merger Agreement, Valera stockholders will receive 1.1337 shares of Indevus common stock for each share of Valera common stock. In addition, Valera stockholders will receive three contingent stock rights for each of their shares of Valera common stock. The contingent stock rights will become convertible into \$1.00, \$1.00 and \$1.50, respectively, worth of Indevus common stock upon the achievement of particular milestones with respect to three Valera product candidates in development Supprelin-LA, ureteral stent and VP003 (Octreotide implant).

On April 17, 2007, Indevus and Valera issued a joint press release announcing the closing of the merger. A copy of the press release is attached hereto as Exhibit 99.1 and is incorporated herein by reference.
