## **BASIS OF PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS**

These consolidated financial statements have been prepared in accordance with Hong Kong Financial Reporting Standards and Hong Kong Accounting Standards ( HKFRS ), under the historical cost convention, as modified by the revaluation of available-for-sale financial assets and financial assets at fair value through income.

The preparation of financial statements in conformity with HKFRS requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Company's accounting policies.

The Hong Kong Institute of Certified Public Accountants has issued the following standards, amendments and interpretations which were effective for accounting periods beginning on or after 1 January 2007.

### **(a) Standards, amendments and interpretations to published standards effective in 2007**

HKFRS 7, Financial Instruments: Disclosures, and a complementary Amendment to HKAS 1, Presentation of Financial Statements – Capital Disclosures. HKFRS 7 introduces new disclosures relating to financial instruments. HKFRS 7 also amends HKFRS 4 requiring that insurance contracts issued and reinsurance contracts held are considered as if they were in the scope of HKFRS 7 for disclosures in relation to credit, liquidity and market risk. This standard does not have any impact on the classification and valuation of the Group's financial instruments.

HK(IFRIC)-Int 8, Scope of HKFRS2. HK(IFRIC)-Int 8 requires consideration of transactions involving the issuance of equity instruments where the identifiable consideration received is less than the fair value of the equity instruments issued to establish whether or not they fall within the scope of HKFRS 2. This standard does not have any impact on the Group's financial statements.

HK(IFRIC)-Int 9, Reassessment of Embedded Derivatives. HK(IFRIC)-Int 9 requires an entity to assess whether an embedded derivative is required to be separated from the host contract and accounted for as a derivative when the entity first becomes a party to the contract. Subsequent reassessment is prohibited unless there is a change in the terms of the contract that significantly modifies the cash flows that otherwise would be required under the contract, in which case reassessment is required. This standard does not have any impact on the Group's financial statements.

HK(IFRIC)-Int 10, Interim Financial Reporting and Impairment. HK(IFRIC)-Int 10 prohibits the impairment losses recognised in an interim period on goodwill and investments in equity instruments and in financial assets carried at cost to be reversed at a subsequent balance sheet date. This standard does not have any impact on the Group's financial statements.

**(b) Standards, amendments and interpretations to published standards effective in 2007 but not relevant to the Group's operations**  
HK(IFRIC)-Int 7, Applying the Restatement Approach under HKAS 29 Financial Reporting in Hyperinflationary Economies.

**(c) Standards, amendments and Interpretations to published standards that are not yet effective and have not been early adopted by the Group**

The following have been published that are mandatory for the Group's accounting periods beginning on or after 1 January 2008 or later periods but that the Group has not early adopted. The Group is in the process of making an assessment of the impact of these new and revised standards and interpretations.

HKFRS 8, Operating Segments (effective from 1 January 2009). HKFRS 8 replaces HKAS 14. The new standard requires a management approach, under which segment information is presented on the same basis as that used for internal reporting purposes. The group will apply HKFRS 8 from 1 January 2009. The expected impact is still being assessed in detail by management.

**(d) Interpretations to published standards that are not yet effective and not relevant for the Group's operations**

HKAS 23 (Revised), Borrowing Costs.

HK(IFRIC)-Int 11, HKFRS 2 Group and Treasury Share Transactions.

HK(IFRIC)-Int 12, Service Concession Arrangements.

HK(IFRIC)-Int 13, Customer Loyalty Programmes.

HK(IFRIC)-Int 14, HKAS 19 The Limit on a Defined Benefit Asset, Minimum Funding Requirements and their Interaction.

## CHAIRMAN'S STATEMENT

Dear Shareholders,

I am pleased to present to you the Group's operating results for the financial year ended 31 December 2007.

In 2007, the growth momentum of China's insurance industry remained strong, with investment yields on insurance funds reaching the highest level in history. The Company continued to focus on the sales of traditional and participating products and continual improvement in profitability of the insurance business and products, the sales of long-term regular premium products to optimize our business structure and maintain a steady growth of our business, the exclusive agents force as the core distribution channel while exploring the group insurance channel and bancassurance channel, and a combination of overall development strategy and local market competitiveness tactics. During the reporting period, we achieved steady business growth and maintained our leading market position, optimized our business structure, significantly increased investment income and profitability, further strengthened corporate governance, and improved operational management and risk control to higher level.

We are the core member of the China Life group, which was among Fortune 500 announced by Fortune magazine and World's Top 500 Brands released by World Brand Laboratory in 2007. In December 2007, the Company won the Overall Winner Award for Corporate Governance Excellence in the first The Hong Kong Corporate Governance Excellence Awards 2007.

### Steady Business Growth and Continuous Business Structure Improvement

For the year ended 31 December 2007, the Group's total revenues reached RMB191,372 million, an increase of 29.9% from 2006. Gross written premiums and policy fees for 2007 were RMB111,886 million, an increase of 12.5% from 2006.

In 2007, the Company's gross written premiums reached RMB104,195 million, an increase of 12.9% from 2006. The first-year regular gross written premiums reached RMB24,356 million on growth of 12.9% over 2006, 2.1 percentage points higher than the growth of first-year gross written premiums. First-year regular gross written premiums accounted for 92.5% of first-year gross written premiums of long-term traditional insurance contracts.

As at 31 December 2007, the Company's embedded value was RMB252,568 million, up 38.8% from the end of 2006. One year new business value of the Company was RMB12,047 million for 2007, an increase of 14.9% from 2006.

In 2007, we achieved stable growth of our business as well as continual optimization of our business structure by emphasizing on the sales of traditional and participating products. The Company maintained its leading position in the life insurance market in China despite increasing competition pressure from new entrants in the market, the maturity payout peak and discontinuation of renewal premium payment on expiration of premium-payment terms of a key regular premium product. In accordance with the data released by the China Insurance Regulatory Commission ( CIRC ), under PRC Generally Accepted Accounting Principles ( PRC GAAP ), the Company's market share in 2007 was 39.7%.

#### **Substantial increase in Investment Income and Enhanced Profitability**

As at 31 December 2007, the Group's investment assets were RMB850,209 million, an increase of RMB163,405 million, or 23.8%, from 2006. Net investment income reached RMB44,020 million, up 76.5% from 2006. The Group's net investment yield for 2007 reached 5.76% (investment assets included financial assets and cash and cash equivalents but excluded accrued investment income), an increase of 1.49 percentage points from 2006. The gross investment yield of 2007 was 10.24%<sup>2</sup>, an increase of 2.27 percentage points from 2006.

As at 31 December 2007, the Group's total assets were RMB933,704 million, up 22.1% from 2006. Total shareholders' equity (attributable to the shareholders of the Company) reached RMB205,500 million, an increase of 47.1% from 2006. The Company's solvency margin was 5.25 times the minimum regulatory requirement at the end of 2007. During the reporting period, the Group's net profit (attributable to shareholders of the Company) was RMB38,879 million, up 94.8% from 2006. Basic and diluted earnings per share were RMB1.38, a record high for the Company.

#### **Enhancing Distribution Channels and Upgrading Service Standard**

As at 31 December 2007, the Company had over 15,500 field offices and around 638,000 exclusive agents. The proportion of exclusive agents holding valid licenses was 97.9%, an increase of 3.2 percentage points over 2006. The Company had over 13,000 direct sales representatives. In addition, the Company had more than 90,000 bancassurance outlets intermediaries including outlets of commercial bank branches, post savings and cooperative saving institutions and with over 18,000 customer service managers. These three major sales channels remained stable during the year, and we have started to reap the benefits of sharing customer resources and cross-selling.

<sup>1</sup> The net investment yield = net investment income / ((investment assets at the beginning of the period - securities sold under agreements to repurchase at the beginning of the period + investment assets at the end of the period - securities sold under agreements to repurchase at the end of the period) / 2)

<sup>2</sup> The gross investment yield = (net investment income + net realized gains on financial assets + net fair value gains at fair value through income (held-for-trading)) / ((investment assets at the beginning of the period - securities sold under agreements to repurchase at the beginning of the period + investment assets at the end of the period - securities sold under agreements to repurchase at the end of the period) / 2)

In 2007, the Company held its first China Life Customer Festival and launched the China Life 1+N service brand for the first time. The Company is committed to providing customers with differentiated, professional service. During the year, the Company completed the largest maturity benefit payment in the history of China's life insurance industry. The Company paid over RMB50 billion in 2007 on matured policies and made payments against near 2.5 million policies, which demonstrated the Company's strong service capability and financial strength.

#### **Stronger Internal Controls and Prevention of Operational Risk**

In 2007, the Company completed the centralization of business management, customer services, financial management and information technology functions at the provincial branch level. At the same time, it continued to improve its internal control systems, compliance work to meet the requirements of Section 404 of the Sarbanes-Oxley Act, auditing of key tasks and the Company's ability to prevent operational risks.

To comply with certain securities legislations of the United States, management completed a self assessment on internal control over financial reporting as of 31 December 2007, and confirmed such internal control was effective. The Company has also received from our registered independent auditor's unqualified opinion on the effectiveness of our internal control over financial reporting as of 31 December 2007. Management's assessment and the report of our registered independent auditor will be included in the Form 20-F (the US version of annual report) to be submitted to the U.S. Securities and Exchange Commission (SEC).

#### **Focusing on the Value of People and Improving the Quality of our Team**

Focusing on the value of people is core to the Company's human resource management. We aim to strengthen our workforce and improve the quality of our staff. This principle is the foundation of our long-term sustainable growth. In 2007, the Company restructured the management teams of branches, resulting in younger, more professional and more competitive management teams.

In 2007, the Company continued to commit itself to consolidating its internal and external educational resources to establish a training system that can meet the Company's future development requirements. Through setting up the China Life Online College, strengthening the team building ability of exclusive agents trainers and increasing internal and external training, the Company continued to improve on professional and management skills.

### **Strengthening Our Brand and Fulfilling Social Responsibilities**

In 2007, the Company continued to actively execute its brand strategy and stepped up brand promotion. Awareness of the China Life brand and its impact has greatly improved, with the Company aiming to move its brand from well-known to outstanding, from industrial to social and from domestic to international brand. In August 2007, the World Brand Laboratory selected China Life with brand value worth RMB58.867 billion as one of the World's Top 500 Brands and Top Ten Most Valuable Brands in China for the fourth consecutive year.

The Company actively contributed to building new socialist rural village communities in China. It placed strong emphasis on developing the New Village Cooperative Medical Scheme (New Type Rural Healthcare Scheme). This scheme now covers 84 counties (towns and communities) in 14 branches, an increase of 42 counties (towns and communities) from 2006. In March 2007, the Company launched the China Life New Simple Life Mutual Cooperative Insurance (New Simple Life Insurance), a product tailored to the rural market to meet the needs of farmers. The Company continued to provide insurance services for ethnic minority regions and less-developed regions. The Company's Tibet branch was formally opened for business in May 2007.

In 2007 the Company donated over RMB17 million to various charitable causes. The 18 China Life Long March Primary Schools were put into operation in succession. The Company donated RMB 50 million to establish the China Life Charity Foundation and launched the Healthy New Village Project and the China Life Program for Rural Medical Services and Poverty Relief. The Foundation made a total donation of RMB6.75 million to various causes in 2007.

In early 2008, the Company donated RMB10 million to southern Chinese provinces hit by severe snowstorm damage. The Company also offered complimentary short-term accident insurance to snowstorm fighting staff of National Grid and Southern Grid and police officers of the Ministry of Public Security.

### **Final Dividend**

The Board of Directors recommended the payment of a final dividend of RMB0.42 per share for the year ended 31 December 2007 to shareholders of the Company. This will come into effect after shareholders' approval at the Annual General Meeting to be held on Wednesday, 28 May 2008.

### **Outlook**

In 2008, the Company will face further challenges in view of the keen competition in the insurance industry and the uncertainty of the capital markets. Guided by the China Life group's mission to build itself into a leading international financial and insurance group, the Company will endeavor to develop life insurance business with our own unique characteristics, continue to reform operational and management systems, transform the model of development, maintain steady business growth, optimize our business structure, increase investment income, strengthen risk control and promote the company's overall sustainable development. We will dedicate ourselves to building the Company into a first-class international life insurance company and to creating greater value for our shareholders.

<b>Shareholders' equity attributable to shareholders of the Company under HKFRS</b>	<b>205,500</b>	139,665

Notes:

**(a) Deferred policy acquisition costs (DAC)**

Under the PRC GAAP, commission, brokerage and operating expenses are recorded in the income statement when incurred. The actuarial reserving method employed under the PRC GAAP makes an implicit allowance for first year expenses in excess of policy loadings. Under HKFRS, the costs of acquiring new and renewal business which vary with and are primarily related to the production of new and renewal business, are deferred. DAC for long-term traditional insurance contracts are amortised over the premium paying period as a constant percentage of expected premiums. DAC for long-term investment type insurance contracts and investment contracts are amortised over the expected life of the contracts as a constant percentage of the present value of estimated gross profits expected to be realised over the life of the contracts.

**(b) Premiums, benefits and reserves of insurance and investment contracts**

Under the PRC GAAP, the long-term products comprise life insurance and long-term health insurance, whose premiums received and benefits paid are recognised in current period's income statement. Under HKFRS, the long-term products are classified into four categories: long-term traditional insurance contracts, long-term investment type insurance contracts, investment contracts with DPF and investment contracts without DPF. For the last three categories, premiums and interests earned are accounted as deposits to the related policy accounts while benefits as well as policy fees, mortality and surrender charges are accounted as withdrawals from the related policy accounts. The reconciling item also includes an amount resulting from differences in actuarial reserving methodologies. Under the PRC GAAP, unearned premium reserve is provided for the future insurance obligations from insurance business with policy terms of no more than one year. In accordance with HKFRS 4 Insurance Contract, premiums from short-duration contracts ordinarily shall be recognised as revenue over the period of the contract in proportion to the amount of insurance protection provided.

**(c) Reversal of property, plant and equipment revaluation surplus and its related depreciation**

Under the PRC GAAP, the Group recognise capital surplus arising from assets revaluation (mainly property, plant and equipment). Under Hong Kong Accounting Standard 16 Property, Plant and Equipment, the Company has chosen the cost model as its accounting policy and does not recognise any revaluation relating to property, plant and equipment. The revaluation surplus and its related depreciation under the PRC GAAP are reversed under HKFRS.

## **CORPORATE GOVERNANCE**

During the year 2007, the Company complied with all the code provisions under the Code on Corporate Governance Practices (the Code ) published by The Stock Exchange of Hong Kong Limited (the Hong Kong Stock Exchange ). The Company also adopted certain recommended best practices under applicable circumstances.

Currently the board of directors of the Company (the Board of Directors ) consists of 10 members and 6 of them are independent non-executive directors. This is over half of the Board of Directors and complies with the minimum requirements of Rules Governing the Listing of Securities on the Hong Kong Stock Exchange relating to the appointment of at least 3 independent non-executive directors and also exceeds the recommended best practice under the Code that one third of the Board of Directors be represented by independent non-executive directors.

In order to further enhance the Company s corporate governance framework, the Company further defines the duties and powers of the Board of Directors, and formulates deliberation processes and working procedures of the Board of Directors and the board committees, to ensure the Board of Directors and board committees can effectively implement the duties and responsibilities conferred by the shareholders. The Board of Directors also adopted and implemented The Work System of the Independent Directors , revised The Rules and Procedures for Meetings of the Strategic Committee and The Rules and Procedures for Meetings of the Risk Management Committee , which provides clear procedural guidelines for the effective functioning of the Board of Directors and the board committees.

In order to ensure the compliance with certain recommended best practices under the Code, to improve the corporate governance structure and to further the function of independent non-executive directors and non-executive directors, the Company held a special meeting for the independent non-executive directors and the non-executive directors in Nanjing, Jiangsu on 27 November 2007.

## **PURCHASE, SALES OR REDEMPTION OF THE COMPANY S SHARE**

On 26 December 2006, the Company completed its initial public offering of 1,500 million A Shares. On 9 January 2007, the A Shares commenced trading on the Shanghai Stock Exchange.

Apart from the foregoing, during the financial year ended 31 December 2007, the Group has not purchased, sold or redeemed any of the Company s securities.
