SECTION 2 FINANCIAL INFORMATION

ITEM 2.05. COSTS ASSOCIATED WITH EXIT OR DISPOSAL ACTIVITIES

On May 29, 2008, Alberto-Culver Company committed to a plan to close its manufacturing facility, reduce its headcount and relocate to a smaller commercial office in Puerto Rico in order to streamline operations, improve efficiencies and leverage the company's new manufacturing facility in Jonesboro, Arkansas. The manufacturing facility is expected to close by the end of fiscal year 2008 while the commercial office is expected to be relocated during the first quarter of fiscal year 2009. The majority of the production currently performed in the Puerto Rico plant is expected to be shifted to certain of the company's other manufacturing facilities, including the Jonesboro plant. Sales and distribution activities in Puerto Rico will be shifted to a distributor while other commercial activities for Puerto Rico, other Caribbean markets and certain Central American markets will be handled by a reduced staff in Puerto Rico.

As part of the plan, the company's workforce in Puerto Rico will be reduced by approximately 100 employees. Personnel impacted by the changes have been notified and the company expects this plan to be substantially completed by the end of the first quarter of fiscal year 2009. The company estimates that pre-tax restructuring and other related charges of approximately \$6.0 million will be recognized, with approximately \$5.0 million during fiscal year 2008 (approximately \$4.0 million in the third quarter and \$1.0 million in the fourth quarter). The total estimated pre-tax restructuring and other related charges include \$3.0 million of fixed asset impairments and other non-cash charges, \$1.0 million of severance and other employee benefits and \$2.0 million of contract termination and other exit costs.

These charges are in addition to other restructuring charges related to the company's reorganization plan announced in fiscal year 2007 following the transaction that separated Alberto-Culver Company from Sally Beauty Company and the closure of the company's manufacturing facility in Toronto, Canada announced in the first quarter of fiscal year 2008.

The company expects that the estimated cash expenditures for this restructuring, primarily for severance benefits and other exit costs, will be approximately \$3.0 million.
