We are providing these proxy materials to you in connection with the solicitation of proxies by the board of directors of SunLink Health Systems, Inc. for the 2011 Annual Meeting of Shareholders and for any adjournment or postponement of the annual meeting. In this Proxy Statement, we refer to SunLink Health Systems, Inc. as SunLink, the Company, we or us.

We are holding the annual meeting at 10:00 a.m. local time, on Monday, November 7, 2011, at the Renaissance Waverly Hotel, 2450 Galleria Parkway, Atlanta, Georgia 30339, and invite you to attend in person.

These proxy materials include:

Our proxy statement for the annual meeting; and

Our 2011 Annual Report to Shareholders, which includes our audited consolidated financial statements. All shareholders will have the ability to access the proxy materials on a website referred to in these proxy materials.

We intend to mail this proxy statement and a proxy card to shareholders starting on or about September 30, 2011.

ABOUT THE MEETING

At our annual meeting, our shareholders will act upon the matters outlined in the accompanying notice of meeting. The scheduled matters to be acted upon at the 2011 annual meeting are the election of four members of the board of directors named in the proxy statement, the approval of the 2011 Director Stock Option Plan, and the ratification of the appointment of Cherry, Bekaert & Holland, L.L.P. as our independent registered public accounting firm for fiscal 2012. In addition, our management will report on our performance during fiscal year 2011.

Table of Contents

VOTING INFORMATION

All shares represented by properly executed proxies received by the board of directors pursuant to this solicitation will be voted in accordance with the shareholder's directions specified in the applicable voting instructions or proxy card. If no directions have been specified during Internet or telephone voting or by marking the appropriate places on the physical proxy card, the shares will be voted in accordance with the board's recommendations which are:

FOR the election of each of the director nominees as directors of the Company for a term of two years.

FOR the approval of the 2011 Director Stock Option Plan.

FOR the ratification of the appointment of Cherry, Bekaert & Holland, L.L.P. as the Company's independent registered public accounting firm for fiscal year 2012.

A shareholder signing and returning a proxy has power to revoke it at any time prior to its exercise by delivering to the Company a later-dated proxy or by giving notice to the Company in writing or at the meeting, but without affecting any vote previously taken.

Record Date

You may vote all shares that you owned as of September 16, 2011, which is the record date for the annual meeting. On September 16, 2011, we had 9,456,869 common shares outstanding. Each common share is entitled to one (1) vote on each matter properly brought before the meeting.

Ownership Of Shares

If your shares are registered directly in your name, you are the holder of record of these shares and we are sending these proxy materials directly to you. As the holder of record, you have the right to give your proxy directly to us, give your voting instructions by telephone or by the Internet directly to us, or vote in person at the annual meeting. If you hold your shares in a brokerage account or through a bank or other holder of record, you hold the shares in street name, and your broker, bank or other holder of record is sending these proxy materials to you. As a holder in street name, you have the right to direct your broker, bank or other holder of record how to vote by filling out a voting instruction form over the Internet or telephone, as provided to you by the holder of record or by filling out a voting instruction form from your broker that accompanies your proxy materials. Regardless of how you hold your shares, we invite you to attend the annual meeting.

Electronic Availability

In compliance with the proxy rules promulgated by United States Securities and Exchange Commission (SEC) our Proxy Statement and Annual Report to Shareholders are available at www.proxyvote.com, a website established specifically for access to such materials. Such materials are also available on the Company's website at www.sunlinkhealth.com.

How To Vote

Your Vote Is Important. We encourage you to vote promptly. Internet and telephone voting is available through 11:59 p.m. local time on Sunday, November 6, 2011 for all shares held of record. You may vote in one of the following ways:

By Telephone: If you are a holder of record located in the U.S., you can vote your shares by calling the toll-free telephone number provided on your proxy card or, if you are an owner in street name, by calling the toll-free number provided in the instructions from your broker. You may vote by telephone 24 hours a day. The telephone voting system has easy-to-follow instructions and allows you to confirm that the system has properly recorded your votes. If you vote by telephone, you do not need to return your proxy card.

Table of Contents

By Internet: If you are a holder of record you can also vote your shares by using the Internet. Your proxy card indicates the website you need to access Internet voting. You may vote on the Internet 24 hours a day. As with telephone voting, you will be able to confirm that the system has properly recorded your votes.

If you vote by Internet, you do not need to return your proxy card.

The availability of telephone and Internet voting for beneficial owners will depend on the voting processes of your broker, bank or other holder of record. Therefore, we recommend that you follow the voting instructions in the materials you receive.

By Mail: If you are a holder of record, you can vote by marking, dating and signing your proxy card and returning it by mail in the enclosed postage-paid envelope. If you hold your shares in street name, please complete and mail the voting instruction card.

At The Annual Meeting: If you vote your shares now, it will not limit your right to change your vote at the annual meeting if you attend in person. However, if you hold your shares in street name, you must obtain a proxy, executed in your favor, from the holder of record if you wish to vote your shares at the meeting.

All shares that have been properly voted and not revoked will be voted at the meeting. If you sign and return your proxy card without any voting instructions, your shares will be voted as the board of directors recommends.

Revocation Of Proxies: You can revoke your proxy at any time before your shares are voted if you: (1) submit a written revocation to our Secretary; (2) submit a later-dated proxy (or voting instructions if you hold shares in street name); (3) provide subsequent telephone or Internet voting instructions within the time permitted for such voting methods; or (4) vote in person at the meeting.

Quorum And Required Vote

Quorum: We will have a quorum and will be able to conduct the business of the annual meeting if the holders of a majority of the shares that are entitled to vote are present at the meeting, either in person or by proxy.

Votes Required: To elect directors a plurality of the votes cast is required. To approve the 2011 Director Stock Option Plan a majority of votes authorized to vote on the proposal is required. To ratify the appointment of Cherry, Bekaert & Holland, L.L.P. as the Company's independent registered public accounting firm for fiscal 2012 a majority of votes cast is required.

Broker Vote On Election Of Directors, Routine And Non-Routine Proposals: A broker non-vote occurs when a broker holding your shares in street name does not vote on a particular matter because you did not provide the broker voting instructions and the broker lacks discretionary voting authority to vote the shares because the matter is non-routine or fails to exercise such authority. NYSE Rule 452 and Section 402.8 of the NYSE Listed Company Manual which regulate broker voting in connection with certain listed companies, including companies listed on the NYSE Amex Equities exchange, prohibit broker discretionary voting on a variety of matters, including, but not limited to, the election of directors for shares held in client accounts when the broker has not timely received voting instructions from the client. Effective September 9, 2010, Rule 452 and Section 402.8 were amended to prohibit broker discretionary voting upon matters related to executive compensation, including, but not limited to, advisory votes on approval of compensation and the frequency of such advisory votes.

If you hold your shares in a bank or brokerage account, you should be aware that if you fail to instruct your bank or broker how to vote within 10 days of the meeting, the bank or broker is not permitted to vote your shares in its discretion on your behalf for the election of directors, but is permitted to vote your shares in its discretion on your behalf on routine items.

Table of Contents

NYSE Amex rules also determine whether proposals presented at the shareholder meetings are routine or not routine. If your holdings of our common shares are held by a broker in street name (which means your shares are registered in the name of your broker or other nominee), under the rules of the New York Stock Exchange (NYSE) your broker may vote your shares on certain routine matters, other than the election of directors, if you do not provide your broker with voting instructions. The ratification of the selection of our independent registered public accountants is considered a routine matter upon which brokerage firms may vote on behalf of their clients if no voting instructions are provided.

While banks and brokers have historically cast their votes on routine items in support of management's recommendations in the absence of instructions from their clients, some firms are now casting uninstructed votes in the same proportion as their clients' instructed votes, giving, in effect, investors who provide voting instructions to brokers an opportunity to disproportionately influence the outcome of proxy voting.

If you want to ensure that your shares are voted in accordance with your wishes on Proposals 1, 2 and 3, you should complete and return your voting instruction form before October 26, 2011.

How We Count Votes: Abstentions will be counted for purposes of determining the presence or absence of a quorum. In the case of Proposal 1 (Election of Directors), Proposal 2 (Approval of the 2011 Director Stock Option Plan) and Proposal 3 (Ratification of the Selection of Independent Registered Public Accountants), abstentions will not change the number of votes cast for or against these proposals and therefore will have no effect on the approval of these proposals.

CORPORATE GOVERNANCE

Our business is managed by the Company's employees under the direction and oversight of the board of directors. Except for Mr. Thornton, none of our board members is an employee of the Company. The board limits membership on the audit committee, executive compensation committee (referred to in this proxy statement as the *compensation committee*) and strategic alternatives committee to independent non-management directors. We keep board members informed of our business through discussions with management, materials we provide to them, visits to our offices and facilities, and their participation in board and board committee meetings.

The board of directors has adopted charters for the standing board committees, resolutions governing the process for identification and nomination of candidates for the board, and the Company's code of ethics, known as the SunLink Health Systems, Inc. Code of Conduct. These documents, together with the Company's Articles of Incorporation and Code of Regulations, provide the framework for the governance of the Company. Our Code of Conduct is applicable to our directors and our employees, including our principal executive officer and principal financial officer. Members of our board are required to certify compliance with our Code of Conduct. Any amendment to or waiver of our Code of Conduct for any board member, our chief executive officer, our chief financial officer or any other executive officer as well as our comptroller and any other similar accounting officer will be disclosed on our website, www.sunlinkhealth.com.

A complete copy of the charters of the board committees, the resolutions governing the process for identification and nomination of candidates for the board and the Code of Conduct for employees, as in effect from time-to-time, may be found on the Company's website at www.sunlinkhealth.com. Copies of these materials are also available to shareholders without charge upon written request to the Secretary of the Company.

The board intends to review the company's corporate governance principles, charters, code and other aspects of governance annually or more often if necessary, to remain current in all aspects of corporate governance. The board also has adopted a policy to self-evaluate its performance and that of each of its committees on an annual basis.

Table of Contents

Summary Of The Corporate Governance Principles

Independence

The board of directors is required to consist of a majority of independent, non-management directors who meet the criteria for independence required by NYSE Amex. Under such rules, a director is independent if he or she does not have a material relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. Our board annually evaluates each board member's independence.

The board of directors has determined that as of September 16, 2011 six (6) of the Company's eight (8) incumbent directors are independent under these guidelines: Ms. Brenner and Messrs. Baileys, Burlison, Ford, Hall and Turner. Mr. Thornton, as a management director, also participates in the board's activities and provides valuable insights and advice. Each member of our audit and compensation committees is an independent director both under the general definition for board independence as well as any separate independence criteria for service on the applicable committee whether required by the SEC, NYSE Amex or SunLink. Independence requirements for committee service are set forth in the respective committee charters.

The non-management directors meet periodically in executive session without the management director present. The executive sessions of non-management directors are presided over by the director who is the chairperson of the committee responsible for the issue being discussed. General discussions, such as the review of the Company's overall performance, are presided over by the chairperson or a director elected by a majority of the non-management directors.

Business Combinations

In the event SunLink receives any formal written offer to purchase more than 20% of the Company's outstanding common shares, such proposal is required to be evaluated by the board of directors, who have delegated the evaluation of such offer(s) to the strategic planning committee of the board of directors. Such committee is required to be comprised of a majority of independent directors and currently is comprised solely of outside directors. The committee has established three criteria for any takeover proposal it considers: (1) adequate price both in light of current market conditions and also consistent with its view of the longer term intrinsic value of SunLink, (2) certainty of financing, and (3) minimum execution risk. The strategic planning committee may retain such legal and financial advisors as it may deem necessary to advise it and the board in respect of any offer or other proposal.

In the event of any proposed business combination involving SunLink, the compensation committee is authorized to retain an independent financial advisor to evaluate and make recommendations to the compensation committee concerning any severance or retention package proposed for any of SunLink's officers or directors in connection with any proposed business combination. The compensation committee will evaluate any such proposals in light of existing severance benefits and the financial effect of any existing or additional benefits.

Director Share Ownership

SunLink believes that each director should have a personal investment in the Company. Each outside director (or future outside director, as the case may be) is required to own at least one thousand (1,000) common shares of SunLink. Each outside director (or future outside director, as the case may be) must maintain ownership of such number of common shares until such outside director ceases to serve as a member of the board. Each of our incumbent directors has complied with such ownership requirement since at least July 1, 2008.

Annual Meeting Attendance

The board of directors encourages all of its members to attend the annual meeting of shareholders. In November 2010, all director nominees and all continuing directors were personally present at the annual meeting of shareholders, except Mr. Mills who attended by teleconference.

Table of Contents

Communications By And With Directors

In connection with the proper discharge of their duties, our independent non-management directors have access to individual members of management or to other employees of the Company on a confidential basis. Likewise, in connection with the discharge of their duties, non-management directors as authorized by the board or a committee thereof also have access to Company records and files, and our directors may contact other directors without informing Company management of the purpose or even the fact of such contact.

The board of directors has provided a means by which shareholders, employees or other interested persons may send communications to the board or to individual members of the board. Such communications, whether by letter, e-mail or telephone, should be directed to the Secretary of the Company at SunLink Health Systems, Inc., Office of Corporate Secretary, 900 Circle 75 Parkway, Suite 1120, Atlanta, Georgia 30339. Our corporate secretary will forward communications to the intended recipients. However, unsolicited advertisements or invitations to conferences or promotional material, in the discretion of the Secretary or his designee, may not be forwarded to the directors.

If a shareholder wishes to communicate to the chairperson of the audit committee about a concern relating to the Company's financial statements, accounting practices or internal controls, the concern should be submitted in writing to the chairperson of the audit committee in care of the Company's Secretary at our headquarters address. If the concern relates to the Company's governance practices, business ethics or corporate conduct, the concern likewise should be submitted in writing to the chairperson of the audit committee in care of the Company's Secretary at our headquarters address. If the shareholder is unsure as to which category his or her concern relates, he or she may communicate it to any one of the independent directors in care of the Company's Secretary.

The Company's whistleblower policy prohibits the Company or any of its employees from retaliating or taking any adverse action against anyone for raising a concern. If a shareholder or employee nonetheless prefers to raise his or her concern in a confidential or anonymous manner, the concern may be directed to the Office of Technical and Compliance Services at the Company's headquarters or by telephone at 1-866-244-5952. The officer responsible for such services or his designee will refer the concern to the compliance committee, or if appropriate, the chairperson of the audit committee who will ensure that the matter is properly investigated.

Related Party Transactions

The Company is subject to a variety of prohibitions on, or approval procedures with respect to, related party transactions.

First, the Company is subject to certain NYSE Amex requirements which require shareholder approval of certain related party transactions. Second, the Company's Code of Conduct prohibits related party transactions which could give rise to a conflict of interest including, but not limited to, employment by third parties that do business with the Company; conducting business, not on behalf of the Company, with the Company's vendors, suppliers, and contractors; representing the Company in any transaction where such person representing the Company has a substantial personal interest; disclosure or use of confidential or inside information about the Company for personal gain; competition with the Company in any purchase, sale or ownership of property, property rights or interests; performing services for vendors or competitors of the Company; service on any board of directors or trustees that might conflict with the Company's interests and; the acceptance of any faculty or speaker positions and any honoraria in connection therewith. A related party transaction must be approved by the Company's compliance committee, or, in the case of a member of the board of directors and/or an executive officer, such related party transaction must be approved by the Company's audit committee, with such action reported to the Company's independent directors. To assist in identifying related party transactions, each director and officer is required, annually, to submit a Conflict of Interest Disclosure Statement. We have not adopted formal standards for the approval of related party transactions, but instead the compliance committee reviews these transactions on a case-by-case basis and may approve such transactions that are in, or not inconsistent with, the best interests of the Company and its shareholders.

Nominees For Election As Directors For A Two-Year Term Expiring In 2013

Director Qualifications

The board of directors concluded that each continuing director and each director nominated for re-election was qualified to serve as a director of SunLink and recommended the nominees for election or re-election at the current year's annual meeting. No single factor was more important than any other factor in the evaluation of any director or selection of any director nominee and the board made its determination on the basis of its own experience and subjective evaluation of each individual, with reference to various objective criteria required by law or other regulatory requirements, including but not limited to independence requirements and stock exchange regulations, as well as the subjective criteria that the board has deemed desirable in evaluating nominations.

Each director nominated for re-election and each continuing director was deemed by the board to have: met applicable legal and regulatory definitions of independence excluding from such independence determination only Mr. Thornton, the Company's sole management director; met the criteria set forth in the Company's corporate governance guidelines; a reputation for and to have displayed, personal integrity and judgment; achieved professional prominence in their business careers; manifested concern for the interests of the Company's shareholders; sufficient time available for service on the SunLink board taking into account such person's other professional and personal commitments; demonstrated a commitment to the Company based on their current and historical service to the company as a director and/or as an executive officer of the Company; a general understanding of marketing, finance, and other disciplines relevant to the success of a publicly traded company in today's business environment; and knowledge with respect to the current state of the Company based on their current and historical service to the Company as a director and/or as an executive officer of the Company.

Board members with long board service to the Company (Baileys, Brenner, Burluson, Ford, Hall, Thornton and Turner), prior experience in the healthcare services industry (Burluson, Ford, Hall and Thornton), current and prior experience providing legal services to clients in the healthcare industry (Turner), prior experience in businesses ancillary to the healthcare services industry (Hall, Burluson, Ford and Thornton), or a combination thereof, as set forth in greater detail in their individual biographies, were deemed to have applicable industry or related industry experience relevant to the Company. Board members identified in greater detail in their individual biographies as having served as officers of other healthcare services providers (Burluson, Ford, Hall and Thornton) or a current or prior officer of the Company (Thornton) were deemed to have had operational experience relevant to the Company. Directors identified elsewhere in this proxy statement in greater detail as serving on specific committees of the board were deemed to have experience in matters relevant to their current committee assignments including executive compensation (Baileys, Brenner, and Burluson), and financial expertise (Brenner, Ford and Hall). Each director identified in greater detail in their biographies as an incumbent director of SunLink (all) or as having served as an officer, director or both of one or more other public companies (Baileys, Burluson and Mills) was deemed to have experience relevant to SunLink as a public company and to the discharge of the duties of such persons as directors of a public company. Each director with prior CEO experience (Baileys, Burluson, Ford and Hall) and corporate legal experience (Turner) was deemed to have experience relevant to their oversight of the Company's management in general and its CEO in particular. Each director identified (Baileys, Burluson, Ford, Hall and Thornton) in their biography as having applicable healthcare services industry experience, or healthcare legal experience (Turner) was deemed to have applicable industry regulatory experience. Each director identified as having experience in industries which are or have been highly competitive (all) or highly regulated, especially the financial services industries (Brenner and Mills), were deemed to have experience relevant to the Company in its own business which is both highly competitive as well as highly regulated. Each director was deemed of sufficient age and maturity to have accumulated the life experiences, viewpoints, and expertise necessary to perform the duties of a public company director, as well as being able to vigorously perform his or her duties as a director of the Company.

Table of Contents

The committee conceptualizes diversity expansively to include differences of viewpoint, professional experience, and skill sets, especially in matters of healthcare service operations and regulations, financing, marketing, and human resources, as well as a subjective determination of individual qualities, attributes, and differences. The committee has taken into account the benefits of, but has not ascribed any specific weight to, or adopted any formal policy with respect to, matters of geographic and cultural background, race, and gender. The board evaluates each individual in the context of the board as a whole, with the objective of recommending a group that can best facilitate the success of SunLink's business and represent shareholder interests through the exercise of sound judgment using its diversity of experience. The committee evaluates each incumbent director to determine whether he or she should be nominated to stand for re-election, based on the types of criteria outlined above as well as the director's contributions to the board during their current term. Because the assessment of the diversity of the board as well as the effectiveness of the current factors in achieving diversity from a variety of perspectives is based on the individual subjective evaluation of each of the board members, the Company does not engage in any formal benchmarking procedure.

Table of Contents**COMPENSATION OF DIRECTORS FOR FISCAL YEAR 2011****Management Directors**

We do not pay directors who are also our employees any additional compensation for serving as a director, other than customary reimbursement of expenses.

Non-Management Directors

The Company believes that the compensation of non-management directors should be at a level which is sufficient to attract talented and diverse individuals to serve on the Company's board of directors while, at the same time, avoiding compensation levels where the level of compensation might present the appearance of a potential lack of director independence. However, in recent years, the board of directors has limited director compensation in light of the Company's recent financial performance to levels below those which the board would otherwise deem appropriate.

The following chart discloses the compensation of each non-management director for the fiscal year ended June 30, 2011:

EXECUTIVE COMPENSATION

Compensation Process

Compensation Review Process; Management Participation in Compensation Determinations; Delegation of Authority

The compensation of our executive officers is determined by the compensation committee of our board of directors on an annual basis subject to the provisions of employment agreements. The committee considers all elements of compensation in making its determinations. With respect to those executive officers who do not serve on our board of directors, the committee also considers the recommendations of our chairman of the board and chief executive officer. The committee meets at various times during the year, and it also considers and takes action by written consent. The committee chair reports on committee actions and recommendations at board meetings.

Periodically, the committee conducts a comprehensive review of the Company's executive compensation program (the Compensation Review). The Compensation Review may include (a) an internal report evaluating executive compensation throughout the company to review consistency and program effectiveness and (b) a report evaluating the competitiveness of executive compensation at the company relative to other healthcare companies and public corporations employing similar executive talent, which report may be internally generated or produced by outside consultants. As part of the evaluation process, the committee considers the recommendations of management; particularly the recommendation of the Company's chief executive officer, in setting the compensation of the Company's named executive officers.

The committee may delegate limited authority to the compensation and benefits group in SunLink's human resources (HR) department to support the committee in its work and, in some cases, act pursuant to delegated authority to fulfill various functions in administering SunLink's compensation programs.

Authority To Utilize Compensation Consultants

The compensation committee has the authority to and has in the past engaged outside advisers, experts, and others to assist it in various ways including providing it with comparative data. The compensation committee has established procedures that it considers adequate to ensure that advice to the committee remains objective and is not influenced by the Company's management, including a direct reporting relationship of any compensation consultant to the committee. If the committee elects to engage any consultant, it is contemplated that under the terms of the committee's agreement with any such consultant the committee will be able to contact the consultant without any interaction from Company management and the committee will require both the consultant and the Company to report any engagement of the consultant by the Company and the amount of fees paid or anticipated to be paid in connection with such engagement in order that the committee may evaluate the independence of such consultant in its role as the committee's compensation consultant.

Compensation Disclosure And Analysis

Compensation Philosophy

Our Company's goal is to be a leading provider of healthcare services in selected markets. To achieve our goal we seek to deliver financial and operational performance consistent with that of other top healthcare companies. The committee believes that having executives who are strong leaders has enabled SunLink and will continue to enable SunLink to attract and retain highly engaged talented employees, promote continued growth and demonstrate the Company's values—patient and customer commitment, quality, integrity, teamwork, respect for people, good citizenship, a will to win and personal accountability. This Compensation Disclosure and Analysis discusses components for the year ended June 30, 2011 (fiscal year 2011) and the other periods specified herein.

Table of Contents

Objectives and Goals

We have five major objectives for the Company's compensation structure:

1. Accountability Through Measurable Goals, including:

Growth and Expense Control Measures, which align our compensation programs with internal financial objectives for revenue, growth, and cost control and growing our business both internally and through strategic transactions;

Patient, Physician, and Community Satisfaction Measures, which align our compensation programs with performance on objective medical benchmarks, and operational goals including length of stay, patient and physician satisfaction measures, as well as the Company's broader goals of continually improving employee relations and patient and physician service, increasing patient and physician satisfaction, expanding service offerings in the communities served by the Company; and

Employee Recruitment and Retention Measures with a goal of identifying, recruiting, developing, and retaining a highly engaged, diverse workforce of exceptional talent that achieves our corporate and healthcare delivery goals, and superior patient service in an atmosphere of high job satisfaction and performance.

2. Congruence between Executive Pay and Business Performance, through compensation programs designed to reward high performance with high compensation over short, medium, and long term time horizons.

3. External Competitiveness, through compensation programs that are intended to motivate management with compensation that takes into account relative compensation within the healthcare industry and compensation relative to other companies of similar size and complexity, as well as to promote management continuity and succession planning.

4. At Risk Compensation, through compensation programs that are intended to encourage long-term thinking and provide continued at risk compensation, including equity-linked and multi-year compensation programs, as well as a stock ownership requirement for our NEOs.

5. Risk Appropriateness, through compensation programs that encourage boldness and innovation but do not encourage undue or excessive risk or sacrifice long term growth or goals for transient success. To achieve this goal we seek to use compensation programs that balance short and long term incentives and which do not utilize open-ended incentives. We also do not utilize certain performance measures, which we believe could encourage undue risk taking. We consider adjusting targets when economic conditions warrant as well as changes in the Company's business strategy designed to achieve long term success even if such changes are at the expense of short term profitability. We endeavor not to pay excessive compensation when macroeconomic conditions are playing a significant role in the Company's success and conversely we endeavor not to overly penalize the Company's officers when macroeconomic conditions have adversely affected the Company's success; however, we do evaluate how the Company's officers guide the Company in responding to macroeconomic challenges.

Use Of Compensation Consultants

During fiscal year 2011, the committee did not retain any compensation consultants or engage in any formal benchmarking. In fiscal 2005, the compensation committee retained a compensation consulting firm to review and evaluate the current compensation packages for the three highest paid executives of the Company as compared to those of the executives of other healthcare companies with comparable revenues. The committee considered the results of such survey as one source of information in formulating 2011 compensation packages. However, due to the age of such survey, the committee did not give it material weight in determining the reasonableness of potential compensation levels. The committee did not materially adjust compensation in 2009, 2010 or 2011. The compensation committee expects to retain a compensation consulting firm to review and evaluate the compensation arrangements for the Company's executive officers for periods after July 1, 2011.

Table of Contents*Major Compensation Components*

In fiscal 2011, the principal components of compensation for our executive officers were base salary and short-term incentives, generally in the form of cash bonus programs. We believe that the Company's goals are best met by utilizing an approach to compensation with these two (2) distinct elements, as well as historically long term equity based incentives.

Base Salaries. The Company's base salaries are intended to be consistent with its understanding of competitive practices, levels of executive responsibility, qualifications necessary for the particular executive position and the expertise and experience of the executive officer. Salary adjustments reflect the compensation committee's belief as to competitive trends, the performance of the individual and, to some extent, the overall financial condition of the Company.

Base salary amounts in fiscal year 2011 were generally unchanged or reflected only minor increases.

Base salaries for the Company's named executive officers at June 30, 2011, effective from July 1, 2010, were as follows:

Name	Base Salary
Robert M. Thornton, Jr.	\$ 330,000
Mark J. Stockslager	\$ 173,250
A. Ronald Turner	\$ 252,000
Byron D. Finn	\$ 200,000
Jack M. Spurr, Jr.	\$ 171,258

In setting base salaries for fiscal year 2011, the committee considered a number of factors including, but not limited to: the fact that no material adjustments were made to base compensation during fiscal 2010; the Company's performance in fiscal 2010; the steps taken by the Company's executive officers in fiscal 2008, 2009, and 2010 to respond to the various events which have negatively impacted the Company's business. The size of specific salary adjustments in fiscal 2011 also reflected the committee's beliefs as to competitive trends, the performance of the individual, internal equity, the appropriateness of the rate at which adjustments should be made, and, to some extent, the overall financial condition of the Company. Individual variances also were based on the committee's subjective evaluation of other factors including length of service in position, the extent of any difference between an officer's base salary and the base salaries of other officers, the nature of an individual officer's duties, and other factors which may have been deemed relevant by the individual members of the compensation committee.

During fiscal year 2011, the CEO, Mr. Thornton, was employed under an employment agreement which provided for an annual base salary of not less than \$335,000 which by mutual agreement was reduced at December 1, 2008 to \$330,000. The compensation committee, believes, based in part on consultation with a compensation consulting firm at the end of fiscal year 2005, that Mr. Thornton's salary is on the low end of salaries for CEOs of regional hospital management companies and also below that of CEOs for healthcare companies with similar revenues.

Short-Term Incentives. The short-term incentive for an executive is the opportunity to earn an annual cash bonus. For fiscal year 2011, the executive bonus plan provided that 100% of each bonus would be based on un-weighted discretionary criteria adopted by the committee. For fiscal year 2011 the discretionary criteria revolved around the fundamental objective of increasing shareholder value by all appropriate means, in addition to achieving suitable financial results, including but not limited to subjective criteria such as:

- (a) Achievement of budgeted operating EBITDA;
- (b) Control of corporate overhead expenses;
- (c) Implementation of continued financial controls over the specialty pharmacy segment;

Table of Contents

- (d) Improvement of the Company's under-performing assets;
- (e) Achieving the Meaningful Use criteria (under applicable law and regulations);
- (f) Formulation of a succession plan for the Company's executive officers;
- (g) Management development;
- (h) The payoff or refinancing of the Company's senior debt;
- (i) Evaluation of strategic transaction opportunities; and
- (j) Improvement in the Company's common share price;

Management fully achieved discretionary criteria (a), (b), (c), (e), (g) and (i) to the extent expected by the committee and partially achieved criteria (d) and (f), but did not achieve criteria (h) and (j). The compensation committee award bonuses under the 2011 executive bonus plan to the named executive officers for fiscal year 2011.

The following table sets forth, for each named executive officer, information regarding each incentive award for the year ended June 30, 2011:

(1) Under the Executive Bonus Plan for fiscal year 2011, the bonus opportunity for such year was based 100% on certain un-weighted discretionary criteria.

Long-Term Incentives. While base salary and short-term incentives are primarily designed to compensate current and past performance, the primary goal of the long-term incentive compensation program is to directly link management compensation with the long-term interests of the shareholders through the award of equity

Table of Contents

based compensation. Historically, the compensation committee has not utilized any percentage or relative measure of valuation to establish any relationship or allocation between equity-based and non-equity-based compensation. At June 30, 2011, the Company had available 614,676 shares available for future issuance under its 2005 Equity Incentive Plan.

Types Of Equity Awards And Criteria For Award Type Selection. The Company historically used stock options to align executive officer's interests with those of our shareholders. Options are intended to provide strong incentives for superior long-term performance. In the future, the compensation committee may, at its discretion and subject to availability under the plan, grant awards to executive officers through this plan.

Criteria For Award Amounts. In considering whether to grant equity incentives for fiscal year 2011, the committee looked at the availability of shares under the plan and made limited awards in such year. When shares have been available for issuance under the Company's equity plans, the committee historically has looked at a variety of factors, with no formal weighting assigned to any single factor or group of factors. In determining the size of equity awards, the committee assesses the current value of previous awards; however, it has not historically given any weight to accumulated wealth in evaluating whether future awards are merited. The committee also evaluated equity incentive awards made by our competitors (both individually and as part of a comparative compensation analysis), historical levels of the Company's equity incentives, the extent to which value under the award was subject to risk, whether the award vehicle has intrinsic value and the need to motivate and retain persons eligible to participate under the Company's plans. The committee may also consider the prospects for equity appreciation in light of depressed equity valuations, the current macroeconomic environment, and the prospects for economic recession or growth in the United States, in general, and the healthcare industry in particular.

Vesting And Holding Periods For Equity Incentive Compensation. Grants of stock options are exercisable at such times and subject to such terms and conditions as the committee may, in its sole discretion, specify in the applicable award agreement. However, as a means to encourage long-term thinking and encourage continued employment with us, the Company's equity awards historically have been subject to a multi-year vesting period. The committee anticipates that future awards will be subject to multi-year vesting, most likely over three year periods; vesting and holding periods also may be examined as part of a future compensation review. Currently, the Company does not impose minimum equity ownership requirements for equity compensation awarded to its executive officers, nor does it require any continued ownership of the securities issued pursuant to such awards after vesting. Historically, the Company's executive officers have held substantially all shares acquired by the exercise of options, although there can be no assurance that they will continue to do so in the future. Because there is no mandatory holding policy, executive officers may sell shares issuable upon the exercise of options for any reason, including paying tax liabilities and persons who cease to be executive officers may elect to sell some or all of their holdings.

In considering whether to grant equity incentives for fiscal year 2011, the compensation committee looked at a variety of factors, with no formal weighting assigned to any single factor or group of factors. In determining to not make, any awards for such period the compensation committee focused on the Company's recent financial and operational performance and the discretionary criteria evaluated in connection with the short term incentive plan.

Other Benefits

All of the Company's executives are eligible to participate in the Company's health care, insurance and other welfare and employee benefit programs, which generally are the same for all eligible employees, including SunLink's executive officers.

401(k) savings plan. SunLink offers tax advantaged savings benefits to its employees through an employee-funded 401(k) savings plan with an annual discretionary company match as determined by SunLink's board of directors. The 401(k) savings plan provides a long-term savings vehicle that allows

Table of Contents

for pretax contributions by an employee and tax-deferred earnings. Employees may generally contribute up to 100% of eligible annual pay to the 401(k) savings plan, not to exceed the annual IRS limit (generally \$16,500 for 2010). Employees attaining at least 50 years of age by the end of 2010 were eligible to make 401(k) catch-up contributions to a maximum of \$5,500. Employees direct their own investments in the 401(k) savings plan. The benefits under such tax-qualified savings plans for SunLink's executive officers are the same as those available for other eligible employees. Individual participant balances reflect a combination of: (1) a differing annual amount contributed by the company or the employee; (2) the annual contributions and/or deferred amounts being invested at the discretion of the employee (the same investment choices are available to all participants); and (3), as in (2), the continuing reinvestment of the investment returns until the accounts are paid out. This means that similarly situated employees, including SunLink's executive officers, may have materially different account balances because of a combination of factors: the number of years that the person has participated in the plan; the amount of money contributed or compensation deferred at the election of the participant from year to year; and the investments chosen by the participant. The 401(k) savings plan does not promise any guaranteed minimum returns or above-market returns; the investment returns are dependent upon actual investment results. Accordingly, when determining annual compensation for executive officers, the compensation committee does not consider the individuals' retirement plan balances and payout projections.

Equity Award Timing

Our current policy with respect to equity awards to key employees, including our executive officers (but excluding grants to newly hired employees), is that equity awards occur at the time of the compensation committee meeting to be effective as of a specified date no sooner than 48 hours after earnings are released.

Use Of Employment And Severance Agreements

In the past, the committee has determined that competitive considerations merited the use of employment contracts or severance agreements for certain members of senior management. Currently, Messrs. Thornton and Turner are employed pursuant to employment contracts, while Messrs. Stockslager, Finn, and Spurr are employed pursuant to employment letters. Messrs. Thornton's and Turner's agreements and Messrs. Stockslager's and Finn's letters include severance benefits. The Company's severance benefits take effect in connection with severance other than for death, disability or cause. Additionally Messrs. Thornton, Turner, Stockslager and Finn are entitled to severance benefits in connection with a change in control. We have designed these severance benefits to help keep employees focused on their jobs, especially during the uncertainty that accompanies a change in control, to preserve benefits after a change in control transaction, and to help us attract and retain key talent. Compensation criteria for officers employed pursuant to employment agreements with severance benefits may be more difficult to adjust on an annual basis. For more information on employment or severance contracts please refer to *Employment Contracts, Termination Of Employment And Change-In-Control Arrangements* beginning on **page 34** of these proxy materials.

Change In Control Compensation

Provisions for additional or continued compensation in connection with a change in control of the Company are located in two areas: (1) specifically in the Company's employment agreements and employment letters as discussed above; (2) and, more generally, in the Company's equity incentive plans and/or award agreements thereunder, whereby the committee administering such plans and awards has the power to accelerate the vesting of such awards upon a change in control or where such plans or awards provide for automatic vesting in the event of such change, whether merely upon the occurrence of such event or upon the occurrence of such event and an adverse occurrence for the participant, such as termination of employment.

The change in control provisions set forth in the Company's employment agreements employ several approaches to cause a triggering event. Change in control benefits are payable in the ordinary course upon the occurrence of the event. Payment of benefits is not restricted only to situations involving the involuntary

Table of Contents

termination of the officer afforded such change in control protection. Instead, benefits are payable not only in the case of involuntary terminations but also where the executive, in connection with or within one year of the transaction, elects to terminate his employment. The committee believes this approach helps to ensure the continued availability of the services of the executive during the times of uncertainty inherent with any change in control, including especially in the immediate post-event period under new ownership and/or management, while at the same time limiting windfall benefits by making the benefits payable only after a termination of employment. By providing post-event coverage, the executive is encouraged to remain in the employ of the Company without the need to be concerned about a post-event restructuring which may result in a material diminishment of the executive's duties or post-event management or ownership changes with respect to which the executive may have concerns or reservations.

The definition of change in control is intended to be broad in scope and to capture most, if not all, of the scenarios where an actual change in control has occurred. Automatic vesting under the terms of our equity compensation plans, if any, is based on the committee's belief as to market practices at the time of award and recognition that the value of equity compensation can be radically affected by a change in control, whether or not existing management is retained.

In connection with providing severance benefits to the Company's other executive officers, the committee has evaluated, and expects to continue to examine, the amounts which could be realized by persons granted such rights upon a change in control.

Internal Equity

Internal equity has generally been evaluated based on a subjective assessment of the relative contributions of the members of the management team. For the year ended June 30, 2011, the committee did not undertake any formal audit or similar analysis of compensation equity with respect to Mr. Thornton relative to the other members of the management team or with respect to the management team relative to the Company's employees generally. However, the committee believes that the relative difference between the compensation of the Company's chairman and chief executive officer and the compensation of the Company's other executives is not inconsistent with the differences found in the healthcare industry group and the market for executive level personnel for similarly sized public companies.

Wealth Accumulation

The compensation committee does not engage in a specific process which attempts to justify compensation levels based on wealth accumulation. The committee does not analyze proposed annual compensation for any individual versus the accrued wealth of such individual, or the accrued wealth of persons with similar job titles at other companies. The committee believes that no such meaningful analysis can be performed due to, among other things, disparate actual duties versus job titles, different employment histories, different life experiences or needs or social inequalities. As previously noted, the committee does evaluate from time to time whether compensation levels are consistent with the Company's goal of being a leading provider of healthcare services in selected markets and maintaining or attracting superior executive talent appropriate to such goal.

Recapture And Forfeiture Policies

Historically the Company has not had formal policies with respect to the adjustment or recapture of performance-based awards where the financial measures on which such awards are based, or to be based, are adjusted for changes in reported results such as, but not limited to, instances where the Company's financial statements are restated. The committee does not believe that repayment generally should be required where the plan participant has acted in good faith and the errors are not attributable to the participant's gross negligence or willful misconduct. However, the committee has in the past and may in the future take such errors into account, including whether the conduct was negligent or without fault, in setting and awarding current or future

Table of Contents

compensation, including discretionary compensation. The committee believes the Company has or will have available negotiated or legal remedies in many situations. Furthermore, the committee may elect to take into account factors such as the timing and amount of any financial restatement or adjustment, the amounts of benefits received and the clarity of accounting requirements leading to any restatement in fixing of current or future compensation of the responsible officer or officers.

Deductibility Of Compensation And Related Tax Considerations

As one of the factors in its review of compensation matters, the committee considers the anticipated tax treatment to the Company and to the executives of various payments and benefits.

Section 162(m). Section 162(m) of the Code generally limits to \$1 million the amount that a publicly held corporation is allowed each year to deduct for the compensation paid to each of the corporation's chief executive officer and the corporation's four most highly compensated executive officers, other than the chief executive officer. However, performance-based compensation is not subject to the \$1 million deduction limit. In general, to qualify as performance-based compensation, the following requirements must be satisfied: (i) payments must be computed on the basis of an objective, performance-based compensation standard determined by a committee consisting solely of two or more outside directors; (ii) the material terms under which the compensation is to be paid, including the business criteria upon which the performance goals are based, and a limit on the maximum amount which may be paid to any participant pursuant to any award with respect to any performance period, are approved by a majority of the corporation's shareholders; and (iii) the committee certifies that the applicable performance goals were satisfied before payment of any performance-based compensation is made.

Although the Company's stock option plans generally have been structured with the goal of complying with the requirements of Section 162(m), and the compensation committee believes stock options awarded thereunder should qualify as performance-based compensation exempt from limitations on deductibility under Section 162(m), the deductibility of any compensation has not been a condition to any compensation decision. Based on current compensation levels, the Company does not expect its ability to deduct executive compensation to be limited by operation of Section 162(m).

In a 2008 Revenue Ruling, the IRS announced a significant shift in its interpretation of Section 162(m) relating to the performance-based compensation exception to the \$1 million dollar limitation on tax deductible compensation paid by publicly held companies. The regulations under Section 162(m) specifically allow payment of performance-based compensation upon death, disability, or a change of control. Using the reasoning that it was analogous to death, disability or a change of control, the IRS had concluded in previous private letter rulings that performance-based payments made as a result of involuntary terminations by the employer without cause or by the executive for good reason did not fail to qualify as Section 162(m) performance-based compensation. This meant that the performance-based payment was still deductible under Section 162(m), even though the performance goal had not been met at the time of payment for these types of events (e.g. a payment at target upon termination for good reason). However, according to the new Revenue Ruling, this rationale is no longer being used by the IRS in analyzing performance-based compensation.

The new Revenue Ruling 2008-13 published in February 2008 states that if performance-based pay could become due under a plan or agreement upon a termination without cause, for good reason, or as a result of voluntary retirement, and would be payable regardless of whether performance-based goals are met, then any payment from such plan or agreement will not qualify as Section 162(m) performance-based compensation and will not be eligible for exclusion from the Section 162(m) \$1 million compensation limit. The ruling applies to performance periods beginning after January 1, 2009, and compensation arrangements entered into, renewed or extended after February 21, 2008.

Under the Company's executive benefits agreement, certain terminations following a change of control give rise to a payment obligation based on the amount of the officer's salary and prior bonus amounts.

Table of Contents

Because such payment is not provided for under the executive incentive compensation plan and is not based on amounts for which the executive is eligible in the current year, the Company believes that such payment will not result in any disqualification of the executive incentive compensation plan, whose performance-based cash compensation payments will continue to be excluded from compensation for purposes of calculating whether or not the \$1 million deductibility limit has been achieved.

Due to interpretations and changes in the tax laws, some types of compensation payments and their deductibility depend on the timing of an executive's vesting or exercise of previously granted rights and other factors beyond the compensation committee's control which could affect the deductibility of compensation.

The compensation committee will continue to consider the impact of Section 162(m) when designing compensation programs, and in making compensation decisions affecting the Company's Section 162(m) covered executives, if any. The committee expects the majority of future stock awards will be excludable from the Section 162(m) \$1 million limitation on deductibility, other than in the case of certain specified events including a change in control, since vesting of any such awards will likely be tied to performance-based criteria, or be part of compensation packages which are less than \$1 million. Nonetheless, the compensation committee believes that in certain circumstances factors other than tax deductibility are more important in determining the forms and levels of executive compensation most appropriate and in the best interests of the Company and its shareholders. Accordingly, the Committee may award compensation in excess of the deductibility limit, with or without requiring a detailed analysis of the estimated tax cost of non-deductible awards to the Company. Given the dynamic and rapidly changing healthcare industry and SunLink's business, as well as the competitive market for outstanding leadership talent, the compensation committee believes it is important to retain the flexibility to design compensation programs consistent with its compensation philosophy for the Company, even if some executive compensation is not fully deductible.

Section 280G. Code Section 280G generally denies a deduction for a significant portion of certain compensatory payments made to corporate officers, certain shareholders and certain highly-compensated employees if the payments are contingent on a change in control of the employer and the aggregate amounts of the payments to the relevant individual exceed a specified relationship to that individual's average compensation from the employer over the preceding five years. In addition, Code Section 4999 imposes on that individual a 20% excise tax on the same portion of the payments received for which the employer is denied a deduction under Section 280G. In determining whether to approve an obligation to make payments for which Section 280G would deny the Company a deduction or whether to approve an obligation to indemnify (or gross-up) an executive against the effects of the Section 4999 excise tax, the committee has adopted an approach similar to that described above with respect to payments which may be subject to the deduction limitations of Section 162(m).

Duration Of Benefits

The duration of benefits for our executive officers is based on a variety of factors including the purpose of the benefit, historical expectations, competitive factors and the cost of providing the benefit. Historically, we have provided no lifetime benefits.

Chief Executive Officer Compensation

Except as noted, the compensation policies described in this report apply equally to the compensation of the Chief Executive Officer.

Committee Conclusions

Attracting and retaining talented and motivated management and employees is essential to create long-term shareholder value. Offering a competitive, performance-based compensation program helps to achieve this objective by aligning the interests of the Company's executive officers with those of shareholders. The committee believes that SunLink's 2011 compensation program met these objectives. Likewise, based on our review, the committee finds the total compensation (and, in the case of the severance and change-in-control scenarios, the potential payouts) to the Company's named executive officers in the aggregate to be reasonable and not excessive.

Change In Control Arrangements

With regard to the employment agreements with Mr. Thornton, Mr. Stockslager and Mr. Finn, a change in control will be deemed to have occurred in the event that any of the following events shall have occurred (with defined terms, not otherwise defined herein, having the meanings associated with them in the employment agreements):

Any Person, or Persons acting together that would constitute a group, together with any Affiliates or Related Persons thereof (other than any employee stock ownership plan), beneficially owns 40% or more of the total voting power of all classes of Voting Stock of the Company, except an acquisition by (i) an employee benefit plan maintained by the Company or another corporation controlled directly or indirectly by the Company; (ii) the Company or any Subsidiary; (iii) Executive or any Person controlled by an Executive, under common control with Executive or acting in concert with Executive; or (iv) any Person in connection with a non-control transaction;

The individuals who, as of the date of the agreement, are members of the board (the incumbent board) cease for any reason to constitute at least two-thirds of the board; *provided, however*, that if the election, or nomination for election by the Company's stockholders, of any new director was approved by a vote of at least two-thirds of the incumbent board, such new director shall, for purposes of change in control, be considered as a member of the incumbent board; *provided, further, however*, that no individual shall be considered a member of the incumbent board if such individual initially assumed office as a result of either an actual or threatened Election Contest (as described in Rule 14a-11 promulgated under the 1934 Act) or other actual or threatened solicitation of proxies or consents by or on behalf of a Person other than the board (a proxy contest) including by reason of any agreement intended to avoid or settle any Election Contest or proxy contest;

If the executive's employment is terminated prior to a change in control and the executive reasonably demonstrates that such termination (A) was at the request of a third party who has indicated an intention or taken steps reasonably calculated to effect a change-in-control and who effectuates a change in control (a third party) or (B) otherwise occurred in connection with, or in anticipation of, a change-in-control which actually occurs, then for all purposes, the date of a change in control with respect to the executive shall mean the date immediately prior to the date of such termination of the executive's employment.

Upon a change in control, if Mr. Thornton's employment is thereafter terminated for any reason other than cause or if he terminates his employment within one (1) year of the change in control, he is entitled to (a) thirty months of base pay, to be paid in accordance with the Company's payroll practices; (b) accrued compensation, including a pro rata portion of any annual bonus for which goals have been proportionately met; (c) health and certain ancillary benefits for twenty four months following termination; and (d) full vesting of any then unvested stock options.

Upon a change in control, if Mr. Stockslager's employment is thereafter terminated for any reason other than cause or if he terminates his employment within one (1) year of the change-in-control, he is entitled to twelve months of base pay, to be paid in accordance with the Company's payroll practices.

Upon a change in control, if Mr. Finn's employment is terminated for 90 days thereafter for any reason other than death, disability or cause, he is entitled to six months of base pay, to be paid in accordance with the Company's payroll practices.

With regard to the engagement of CMS, and hence Mr. Turner, a change in effective control will be deemed to have occurred in the event that any of the following events shall have occurred (with defined terms, not otherwise defined herein, having the meanings associated with them in the management services agreement):

Any Person, entity or group of Persons and/or entities acting in concert during the 12-month period ending on the date of the most recent acquisition by such Person, entity or group of Persons and/or entities acquires ownership of stock of the Company possessing 50% or more of the total voting power of all classes of Voting Stock of the Company;

A majority of members of the board of directors of the Company are replaced during any 12-month period by directors whose appointment or election is not endorsed by a majority of the members of the board prior to the date of the appointment or election;

All or substantially all of the consolidated assets of the Company are sold or transferred to any Person, entity or group of Persons and/or entities, except a sale or transfer to a subsidiary or to one or more members of the current management of the Company (or to an entity controlled by such a member or members).

With regard to the agreement with CMS, and hence Mr. Turner, a change in ownership will be deemed to have occurred in the event that any Person acquires ownership of the stock of the Company that, together with stock already held by such Person, constitutes more than 50% of the total fair market value or total voting power of the stock of the Company. If any Person is considered to own more than 50% of the total fair market value or total voting power of the stock of the Company, the acquisition of additional stock by the same Person is not considered to cause an additional change in ownership or effective control of the Company.

Upon a change in ownership or effective control, if the Company's engagement of CMS, and hence Mr. Turner, is terminated within 90 days thereafter for any reason other than cause, CMS, and hence Mr. Turner, are entitled to severance payments equal to six months of the base compensation under the management services agreement to be paid during subsequent monthly periods.

PROPOSAL 2 TO BE VOTED ON BY SHAREHOLDERS

Proposal 2 Approval of 2011 Director Stock Option Plan

The board of directors has unanimously approved the 2011 Director Stock Option Plan (the 2011 Plan), subject to shareholder approval. The plan is intended to benefit the Company and its shareholders by linking the personal interests of its non-employee directors to the interests of the Company's shareholders and by providing such persons with equity compensation for their services. The 2011 Plan is also intended to aid the Company in competing with other enterprises for the services of new non-employee directors needed to help insure continued success of the Company.

Summary of Material Provisions

The following is a summary of certain provisions of the 2011 Director Stock Option Plan. This summary is qualified by reference to the complete text of the 2011 Director Stock Option Plan, which is attached as *Appendix A* to this Proxy Statement and is incorporated herein by reference.

Administration and Eligibility

The compensation committee as designee of the board of directors will administer the 2011 Plan and have the authority, subject to the provisions of the 2011 Plan, to determine who will receive awards under the 2011 Plan and the terms of such awards. The 2011 Plan provides for the issuance of options to purchase a maximum of 300,000 common shares or 3.17% of the 9,456,869 common shares outstanding on the record date, to non-employee directors of the Company, of which there are currently seven. New non-employee directors of the Company are also eligible to participate in the 2011 Plan. The committee currently intends to make annual grants to each director of options to purchase 10,000 common shares. As of August 31, 2011, the market value of a common share of SunLink was approximately \$2.13. Options granted under the 2011 Plan may be exercised for a period of no more than ten (10) years from the date of grant. Unless sooner terminated, the 2011 Plan will expire on September 12, 2021 and no additional awards may be made under the 2011 Plan after that date.

Options; Adjustments

Options granted under the 2011 Plan will be non-qualified stock options under the Code and will entitle the optionee, upon exercise, to purchase common shares from the Company at an exercise price per share no less than the fair market value of an individual common share of the Company on the date of the grant. Options generally will not be transferable other than by laws of descent and distribution and generally will be exercisable during an optionee's lifetime only by the optionee.

The committee has the authority to determine whether to include a vesting schedule for any option grant and may condition the vesting on satisfaction of certain conditions or in installments. The committee has the authority to adjust the number of shares available for options, the number of shares or other property subject to outstanding options and the exercise price for options following the occurrence of events such as stock splits, dividends, distributions and recapitalizations. However, without the approval of the Company's shareholders, the committee may not otherwise lower the exercise price for any outstanding options or issue any replacement options for options previously granted at a higher exercise price.

Under the 2011 Plan, the committee may provide for accelerated vesting of awards in certain events, including the event of the death or disability of the optionee. In the event of a change of control of the Company, the committee also has the power to adjust the terms of outstanding option grants. A change of control generally includes the acquisition by any person of more than 20% of the outstanding voting stock of the Company, the sale of all or substantially all of the assets of the Company or the approval of the complete liquidation of the Company, a merger pursuant to which the Company's shareholders own less than 50% of the stock of the resulting entity and certain changes in the composition of a majority of the members of the board of directors.

Table of Contents

Transferability

Participants may not transfer options other than (1) by will or the laws of descent and distribution or pursuant to beneficiary designation procedures, or (2) as otherwise permitted by the board of directors, including for estate planning purposes. Except to the extent permitted by the foregoing sentence, each option may be exercised during a participant's lifetime only by the participant or the participant's representative or similar person.

Amendment

The 2011 Plan may be amended by the board of directors, except that the board may not (i) change any option previously made under the 2011 Plan in a manner which would impair the recipients' rights without their consent, or (ii) amend the 2011 Plan without approval of the Company's shareholders under certain specified circumstances, and otherwise, if required by law.

Federal Income Tax Consequences

The following is a brief summary of the federal income tax aspects of stock options which could be granted under the 2011 Plan based upon the federal income tax laws in effect on the date hereof. This summary is not intended to be exhaustive and does not describe state or local tax consequences. Because all options granted under the 2011 Plan are non-qualified stock options, (i) no income is realized by the participant at the time the option is granted; (ii) generally upon exercise of the option, the participant realizes ordinary income in an amount equal to the excess, if any, of (1) the fair market value of the shares on the date of exercise over (2) the option price paid for the shares and the Company will be entitled to a tax deduction in the same amount; and (iii) at disposition, any appreciation (or depreciation) after date of exercise is treated either as short-term or long-term capital gain or loss, depending upon the length of time that the participant has held the shares.

New Plan Benefits

The benefits or amounts to be received by or allocated to participants and the number of options to be granted under the 2011 Plan cannot be determined at this time because the amount of any grant to be made to any eligible participant in any year is to be determined at the discretion of the committee. However, the committee currently intends to make annual awards to each director of options to purchase 10,000 common shares.

Vote Required

The affirmative vote of a majority of the Company's common shares entitled to be voted on the proposal at the annual meeting is required for approval of this proposal.

The board of directors unanimously recommends a vote FOR the approval of the 2011 Director Stock Option Plan.

any such action, suit or proceeding, except a judgment in favor of the Company based upon a finding of his lack of good faith; *subject, however*, to the condition that upon the institution of any claim, action, suit or proceeding against him, he shall in writing give the Company an opportunity, at its expense, to handle and defend the same before he undertakes to handle and defend it on his own behalf. The foregoing right of indemnification shall not be exclusive of any other right to which such person may be entitled as a matter of Applicable Law or otherwise, or any obligation that the Company may have to indemnify him or hold him harmless. Each member of the Board or of the Committee and each officer and employee of the Company shall be fully justified in relying or acting in good faith upon any information furnished in connection with the administration of the Plan by any appropriate person or persons other than himself. In no event shall any person who is or shall have been a member of the Board or of the Committee, or any other committee authorized under this Plan, or an officer or employee of the Company, be held liable for any determination made, or other action taken, or any omission to act in reliance upon any such information as referred to in the preceding sentence, or for any action (including the furnishing of information) taken, or any omission to act, when any such determination, action or omission is made in good faith.

Section 6. Shares Subject to Plan.

(a) **Authorized Common Shares.** Subject to adjustment as provided in **Section 10** hereof, the aggregate number of Common Shares reserved and available for Awards shall be 300,000 shares. Accordingly, the aggregate number of Options (including exercised Options) that may be outstanding at any one time under the Plan shall not exceed 300,000. The maximum number of Common Shares issuable under Options that may be granted to any one Non-Employee Director in any calendar year shall not exceed 300,000.

(b) **Lapsed Awards.** To the extent that an Award is canceled, terminates, expires, is forfeited, or lapses for any reason, any shares of Stock subject to the Award will again be available for the grant of an Award under the Plan. In addition, shares of Stock subject to other Awards settled in cash (if any) will be available for the grant of an Award under the Plan. If the Option Price of any Option granted under the Plan is satisfied by tendering shares of Stock to the Company (whether by actual delivery, by attestation or by the withholding of shares of Stock issued on exercise of an Option), only the number of shares of Stock issued net of the shares of Stock tendered shall be deemed delivered for purposes of determining the maximum number of shares of Stock available for delivery under the Plan.

(c) **Stock Distributed.** Any Stock distributed pursuant to an Award may consist, in whole or in part, of authorized and unissued Stock, treasury Stock or Stock purchased on the open market.

Section 7. Eligibility. Awards may be granted to those Non-Employee Directors selected by the Committee in its sole discretion from time to time. Notwithstanding anything to the contrary in this Plan, an Award may be granted to a Non-Employee Director who is a member of the Committee if such Award is otherwise exempt from Section 16(b) of the Exchange Act, pursuant to Rule 16b-3 promulgated under the Exchange Act, SEC interpretations thereof or any subsequently promulgated rule, regulation, or other Applicable Law. The granting of an Award to any Participant shall neither entitle such Participant to, nor disqualify such Participant from, participation in any future Awards.

Section 8. Stock Options.

(a) **Grant of Options.** The Committee shall have the authority, subject to the terms of the Plan, to: (i) determine and designate from time to time those Non-Employee Directors to whom Options are to be granted; (ii) determine the number of Shares subject to each Option; (iii) determine the duration of the exercise period for any Option; (iv) determine the conditions to be met (if any) prior to the exercisability of any Options; (v) determine that the Options granted to a Participant may be exercised only in installments; and (vi) specify such other terms and conditions of each Option as the Committee in its sole discretion deems advisable. The date of grant of an Option under the Plan will be the date on which the Option is awarded by the Committee.

Table of Contents

(b) Option Award Agreements. Each Option shall be evidenced by an Award Agreement which shall contain such terms and conditions consistent with the provisions of the Plan as may be approved by the Committee. Each such Award Agreement shall state that the Option evidenced thereby is intended to be a NQSO. Each Option granted under the Plan shall be subject to such terms and conditions as are set forth in this Section 8.

(c) Terms of Options. Options granted hereunder shall be subject to the terms and conditions contained in Section 8(c)(i)-(iv) below, other applicable provisions of this Plan, and such other terms and conditions as the Committee may deem appropriate.

- (i) Option Type. Options granted under this Plan shall be NQSOs.
- (ii) Option Period. Each Option Agreement shall specify the period during which the Option thereunder is exercisable [**which shall not exceed ten (10) years from the date of grant**] and shall provide that the Option shall expire at the end of such period.
- (iii) Option Price. The Option Price per share of Stock shall be determined by the Committee at the time any Option is granted. The Option Price per share of Stock shall not, in any event, be less than the Fair Market Value of a share of Stock on the day the NQSO is granted. Such price shall be subject to adjustment as provided in Section 10.
- (iv) Period to Exercise Option. Any Option granted hereunder may, prior to its expiration or termination, be exercised from time to time, in whole or in part, up to the total number of shares of Stock with respect to which it shall have then become exercisable. An Option granted hereunder may become exercisable after satisfaction of certain conditions or in installments as determined by the Committee; *provided, however*, that if the Committee grants an Option exercisable after satisfaction of certain conditions or in more than one installment and if the Non-Employee Director's service as a director terminates for any reason then, unless the Option Agreement provides otherwise, the Option shall be exercisable only as to such number of shares of Stock as to which the Participant had the right to exercise the Option on the date of termination.

(d) Exercise of Option. The exercise of any Option under the Plan shall be subject to the provisions of Section 8(d)(i) and Section 8(d)(ii) below and other applicable provisions of this Plan.

- (i) Method of Exercising Option. Any Option granted hereunder or any portion thereof (in whole shares of Stock only) may be exercised by the Participant by (A) delivering to the Company at its main office (attention its Secretary, Assistant Secretary or Chief Financial Officer) written notice which shall set forth the Participant's election to exercise a portion or all of his Option, the number of shares of Stock with respect to which the Option rights are being exercised, and such other representations and agreements as may be required by the Company to comply with applicable securities laws to which the Company is subject, and (B) payment in full of the Option Price of the shares of Stock purchased as provided by Section 8(d)(ii) and the terms of the applicable Award Agreement. Upon receipt of such notice and payment, the Company shall, for the net number of shares of Stock with respect to which Options were so exercised, cause to be issued, registered and delivered in book entry form, upon original issuance, the shares of Stock and, from time to time thereafter, to cause the shares of Stock to be issued and registered in book-entry form through The Depository Trust Company (**DTC**) or the Company's transfer agent and make book entries pursuant to the Corporation's direct registration system, and/or to cause to be issued, registered and delivered in physical form, upon original issuance, the shares of Stock and, from time to time thereafter, to cause the shares of Stock to be issued and registered in physical form through DTC or the Company's transfer agent and to cause certificates representing the shares of Stock to be issued and delivered in physical form directly to the Participant or transferees thereof including, but not limited to, global physical certificates through DTC or the Company's transfer agent (subject

to customary limits on the use of other physical certificates in connection with global certificates), and to take such further action and to execute such further documents as may be necessary or desirable for the issuance of the shares of Stock. In the Award Agreement, the Committee may condition the right of any Participant to exercise any Options on compliance by such Participant and the Company with all Applicable Laws including, without limitation, all the requirements of the SEC whether with respect to registration of the offer and sale of securities or otherwise.

- (ii) **Payment of Option Price.** The Option Price of the shares of Stock as to which an Option is exercised shall be paid in full to the Company at the time of exercise or, if permitted by the Company, at the time of settlement if Company securities are being sold in one or more contemporaneous transactions with contemporaneous settlement dates. The payment may be made either in cash or its equivalent or, where permitted by Applicable Law and approved by the Committee in its sole discretion: (A) by delivery of a promissory note on terms and conditions acceptable to the Committee; (B) by cancellation of indebtedness of the Company to the Participant; (C) by surrender of shares of Stock of the Company having a Fair Market Value equal to the exercise price of the Option; (D) by instructing the Company to withhold Stock otherwise issuable pursuant to an exercise of an Option having a Fair Market Value equal to the exercise price of the Option (including withheld Stock); (E) by offset against compensation due or accrued to the Participant for services rendered; or (F) by any other means approved by the Committee; *provided, however*, that no method of exercise shall be permitted which is prohibited by the Sarbanes-Oxley Act of 2002 or other Applicable Law. Further, Participants shall not be entitled to purchase Stock with a promissory note unless the note is adequately secured by collateral other than the Stock so purchased. Notwithstanding anything to the contrary above, the Committee, in its discretion, may suspend or terminate the right of Participants to pay in a form other than cash or other than at the time of settlement should the Committee deem such action to be in the best interests of the Company.

Section 9. General Provisions Applicable to Awards.

(a) **Stand-Alone, Tandem, and Substitute Awards.** Awards granted under the Plan may, in the discretion of the Committee and to the extent permitted by the applicable terms of Code Section 409A, be granted either alone or in addition to, in tandem with, any other Award granted under the Plan. If an Award is granted in substitution for another Award, the Committee may require the surrender of such other Award in consideration of the grant of the new Award. Awards shall only be granted in substitution for other Awards to the extent permitted by the applicable terms of Code Section 409A. Awards granted in addition to or in tandem with other Awards (to the extent otherwise permitted) may be granted either at the same time as or at a different time from the grant of such other Awards.

(b) **Term of Award.** The term of each Award shall be for the period as determined by the Committee.

(c) **Form of Payment for Awards.** Subject to the terms of the Plan and any Applicable Law (including, without limitation, compliance with the requirements of Code Section 409A) or Award Agreement, payments or transfers to be made by the Company or any Parent or Subsidiary on the grant or exercise of an Award may be made in such form as the Committee determines at or after the time of grant, including without limitation, cash, Stock, other Awards, or other property, or any combination, and may be made in a single payment or transfer, in installments, or on a deferred basis, in each case determined in accordance with rules adopted by, and at the discretion of, the Committee.

(d) **Limits on Transfer.** No right or interest of a Participant in any unexercised or restricted Award may be pledged, encumbered, or hypothecated to or in favor of any party other than the Company or any Parent or Subsidiary, or shall be subject to any lien, obligation or liability of such Participant to any other Person other

Table of Contents

than the Company or any Parent or Subsidiary. No unexercised or restricted Award shall be assignable or transferable by a Participant other than by will or the laws of descent and distribution or pursuant to a Permitted Transfer; *provided, however*, that the Committee may (but need not) permit transfers to where the Committee concludes that such transferability (i) does not result in accelerated taxation and (ii) is otherwise appropriate and desirable, taking into account any factors deemed relevant, including without limitation, state or federal tax or securities laws applicable to transferable Awards.

(e) Beneficiaries. Notwithstanding Section 13(d) hereof, a Participant may, in the manner determined by the Committee, designate a beneficiary to exercise the rights of the Participant and to receive any distribution with respect to any Award upon the Participant's death. A beneficiary, legal guardian, legal representative or other person claiming any rights under the Plan is subject to all terms and conditions of the Plan and any Award Agreement applicable to the Participant, except to the extent the Plan and Award Agreement otherwise provide, and to any additional restrictions deemed necessary or appropriate by the Committee. If no beneficiary has been designated or survives the Participant, payment shall be made to the Participant's estate. Subject to the foregoing, a beneficiary designation may be changed or revoked by a Participant at any time provided the change or revocation is filed with the Committee.

(f) Stock Certificates. All Stock issuable under the Plan shall be subject to any stop-transfer orders and other restrictions as the Committee deems necessary or advisable to comply with federal or state securities laws, rules and regulations and the rules of any national securities exchange or automated quotation system on which the Stock is listed, quoted or traded. The Committee may place legends on any Stock certificate or issue instructions to the transfer agent in each case to reference restrictions applicable to the Stock.

(g) Acceleration Upon Death or Disability. To the extent provided in a Participant's Award Agreement, upon the Participant's death or Disability, all outstanding Options shall become fully exercisable and all forfeiture restrictions shall lapse; *provided, however*, that any Option shall otherwise terminate in accordance with the other provisions of the Plan and the Award Agreement, including, without limitation, upon the end of the stated term of such Award.

(h) Acceleration. Whether or not a Change of Control shall have occurred, the Committee may in its sole discretion (but only to the extent permitted by Code Section 409A) at any time determine that all or a portion of a Participant's Options shall become fully or partially exercisable, and/or that all or a part of the restrictions or forfeiture provisions on all or a portion of any outstanding Awards shall lapse, in each case, as of such date as the Committee may, in its sole discretion, declare. The Committee may discriminate among Participants and among Awards granted to a Participant in exercising its discretion pursuant to this Section 9(h).

(i) Effect of Acceleration. If an Award is accelerated under Section 9(h), the Committee may, in its sole discretion, provide (i) that the Award will expire after a designated period of time after such acceleration (but in no event after the date such Award would otherwise expire under the terms of the Award Agreement) to the extent not then exercised, (ii) that, to the extent permitted by the terms of the Plan and Code Section 409A, the Award will be settled in cash rather than Stock, (iii) that the Award will be assumed by another party to a transaction giving rise to the acceleration or otherwise be equitably converted in connection with such transaction, or (iv) any combination of the foregoing. The Committee's determination need not be uniform and may be different for different Participants whether or not such Participants are similarly situated.

(j) Loan Provisions. To the extent prohibited by Applicable Law, the Company shall not make, guarantee or, arrange for a loan or loans to a Participant with respect to the exercise of any Option granted under this Plan and/or with respect to the payment of the purchase price, if any, of any Award granted hereunder and/or with respect to the payment by the Participant of any or all federal and/or state income taxes due on account of the granting or exercise of any Award hereunder.

(k) No Fractional Shares. Notwithstanding anything herein to the contrary, no fractional shares of Stock may be issued under the Plan.

Section 10. Capital Adjustments. In the event of a corporate transaction involving the Company (including, without limitation, any stock dividend, stock split, extraordinary cash dividend, recapitalization, reorganization, merger, consolidation, split-up, spin-off, combination or exchange of shares), the authorization limit under Section 5(a) shall be adjusted proportionately, and the Committee may adjust Awards to preserve the benefits or potential benefits of the Awards. Action by the Committee may include: (i) adjustment of the number and kind of shares of Stock which may be delivered under the Plan; (ii) adjustment of the number and kind of shares of Stock subject to outstanding Awards; (iii) adjustment of the exercise price of outstanding Awards; and (iv) any other adjustments that the Committee determines to be equitable. Any such adjustments with respect to Options shall be made consistently with the applicable requirements of Code Sections 409A and 424(a). Without limiting the foregoing, in the event a stock dividend or stock split is declared upon the Stock, the authorization limit under Section 5(a) shall be increased proportionately, and the shares of Stock then subject to each Award shall be increased proportionately without any change in the aggregate purchase price therefor.

Section 11. Reservation of Shares. The Company, during the term of any Awards granted hereunder, will at all times reserve and keep available, and will seek to obtain from any regulatory body having jurisdiction any requisite authority in order to issue and sell such number of shares of Stock as shall be sufficient to satisfy the requirements of the Awards granted under the Plan. If, in the opinion of the Company's counsel, the issuance or sale of any Stock hereunder shall not be lawful for any reason, including the inability of the Company to obtain from any regulatory body having jurisdiction authority deemed by such counsel to be necessary for such issuance or sale, the Company shall not be obligated to issue or sell any Stock.

Section 12. Securities Laws. Upon the exercise of an Option granting a Participant shares of Stock at a time when there is not in effect under the Securities Act, a current registration statement relating to the shares of Stock to be received upon such exercise, the Participant shall represent and warrant in writing to the Company that the shares of Stock purchased are being acquired for investment and not with a view to the distribution thereof and shall agree to the imposition of a legend on the certificate or certificates representing said shares of Stock or on any direct registration registry or other book entry registry in substantially the following form and such other restrictive legends as are required or advisable under the provisions of any applicable laws:

The securities represented or evidenced hereby have not been registered under the Securities Act of 1933, as amended (the "Securities Act"), nor under the securities laws of any state and shall not be transferred at any time in the absence of (i) an effective registration statement under the Act and any other applicable state law with respect to such securities at such time; or (ii) an opinion of counsel satisfactory to the Company and its counsel to the effect that such transfer at such time will not violate the Securities Act or any applicable state securities laws; or (iii) a no-action letter from the Securities and Exchange Commission and a comparable ruling from any applicable state agency with respect to such state securities laws.

No Stock shall be issued or sold upon the exercise of any Option unless and until the then applicable requirements of the Securities Act, the applicable securities laws of any other jurisdiction, as any of the same may be amended, the rules and regulations of the SEC and any other regulations of any securities exchange on which the shares of Stock may be listed shall have been fully complied with and satisfied.

Section 13. No Rights as Shareholders. A Participant shall not have any rights as a holder of Stock with respect to any Stock covered by any Award granted hereunder until (i) the issuance of a certificate for such shares of Stock, or (ii) the registration of such Shares pursuant to a direct registration system or other form of book entry registration. No adjustment shall be made on the issuance of a share certificate to a Participant or the registration of such Shares pursuant to a direct registration system or other form of book entry registration as to any distributions or other rights for which the record date occurred prior to the date of issuance of such certificate

Table of Contents

or the registration of such shares of Stock pursuant to a direct registration system or other form of book entry registration.

Section 14. No Rights to Awards. No Participant or any eligible individual shall have any claim to be granted any Award under the Plan, and neither the Company nor the Committee is obligated to treat Participants or eligible individuals uniformly.

Section 15. No Right to Continued Service. Nothing in the Plan or any Award Agreement shall interfere with or limit in any way the right of the Company or its shareholders to terminate any Participant's status or term of office as a director of the Company or as a director of any Parent or Subsidiary at any time, nor confer upon any Participant any right to continue as a director of the Company.

Section 16. Unfunded Status of Awards. The Plan is intended to be an unfunded plan for incentive and deferred compensation. With respect to any payments not yet made to a Participant pursuant to an Award, nothing contained in the Plan or any Award Agreement shall give the Participant any rights that are greater than those of a general creditor of the Company.

Section 17. Withholding. The Company shall have the authority and the right to deduct or withhold, or require a Participant to remit to the Company, an amount sufficient to satisfy federal, state and local taxes (including the Participant's FICA and FUTA obligations) required by law to be withheld with respect to any taxable event arising as a result of the Plan. With respect to withholding required upon any taxable event under the Plan, the Committee may, at the time the Award is granted or thereafter, require or permit that any such withholding requirement be satisfied, in whole or in part, by withholding from the Award shares of Stock having a Fair Market Value on the date of withholding equal to the minimum amount (and not any greater amount) required to be withheld for tax purposes, all in accordance with such procedures as the Committee establishes and to the extent permitted by Code Section 409A.

Section 18. Relationship to Other Benefits. No payment under the Plan shall be taken into account in determining any benefits under any pension, retirement, savings, profit sharing, group insurance, welfare or benefit plan of the Company or any Parent or any Subsidiary unless provided otherwise in such other plan.

Section 19. Use of Proceeds. Proceeds from any sale of Stock pursuant to Awards granted under the Plan shall constitute general funds of the Company.

Section 20. Expenses. The expenses of administering the Plan shall be borne by the Company and may be borne by any Parent or Subsidiary.

Section 21. Amendment and Discontinuance. The Board of the Company or the Committee, pursuant to delegated authority, may suspend, amend or terminate the Plan in any respect at any time without shareholder approval, but it may condition any such action on the approval of the Company's shareholders (or any requisite vote thereof) if such approval is necessary or advisable, including under tax, securities, or other applicable laws, policies or regulations; and the Board or Committee may suspend, amend or terminate any outstanding Award without the approval of the Participant except that (i) an amendment or termination may not, without the Participant's consent, reduce or diminish the value of the Award determined as if such Award had been exercised, vested, cashed in or otherwise settled on the date of the amendment or termination, and, (ii) without the prior approval of the holders of a majority of the Company's Common Shares: (A) the total number of shares of Stock that may be issued under the Plan may not be increased (except by adjustment pursuant to [Section 10](#)); (B) the expiration date of the Plan may not be extended; and (C) the class or persons eligible to participate in the Plan may not be changed.

Section 22. Additional Provisions. Each Award Agreement may contain such other terms and conditions as the Committee may determine; *provided* that such other terms and conditions are not inconsistent with the provisions of this Plan.

Section 23. Governing Law; Government and Other Regulations. Except as the same may be governed by the Code and any applicable federal securities laws, the Plan and any Options or other Awards granted hereunder shall be governed by and construed in accordance with the laws of the state in which the Company is incorporated at the time an Award is made. The obligation of the Company to make payment of awards in Stock or otherwise shall be subject to all Applicable Laws and to such approvals by Governmental Authorities as may be required. The Company shall be under no obligation to register under the Securities Act, or any state securities act, any of the shares of Stock issued in connection with the Plan. The shares of Stock issued in connection with the Plan may in certain circumstances be exempt from registration under the Securities Act, and the Company may restrict the transfer of such shares of Stock in such manner as it deems advisable to ensure the availability of any such exemption.

Section 24. General.
