A Message from Chairman and CEO Tom Horton

Dear American Team:

As we continue to make impressive progress in our restructuring and prepare for our merger with US Airways, I am pleased to announce the promotion of Bev Goulet to Senior Vice President and Chief Integration Officer. In this important role, Bev will lead the merger transition and integration efforts on behalf of the American team to ensure that the new American hits the ground running and is well-positioned to deliver for our customers, our people and our investors.

Bev is uniquely qualified for this position, having led our restructuring efforts and, more recently, being named as American's lead on the merger planning and integration team. After helping guide one of the most successful restructurings in the industry, Bev will now focus on creating a framework through the merger for a strong and successful new American.

Bev will join the Leadership Team and report directly to me. The Corporate Development team will continue to report to Bev and work directly on the integration efforts.

With Bev's new role, I am also pleased to announce that Peter Warlick has been promoted to Vice President and Treasurer and will report to Bella Goren. Peter has held a range of finance roles, recently leading the effort to raise billions of dollars of needed capital. He was later appointed as Managing Director, Fleet Development, where his focus was to realize the potential of the history-making aircraft order that will give the new American one of the most modern fleets in the skies.

On this path of tremendous transformation, progress and renewal, we are building toward a strong future, and my sincere appreciation goes to you all for your professionalism, dedication and focus.

Thanks for all that you do!

Sincerely,

Tom
