PROXY STATEMENT

General Information

Our Board of Directors (the Board) is furnishing this proxy statement and the accompanying Annual Report to Stockholders, notice of annual meeting and proxy card in connection with its solicitation of proxies for use at our 2013 annual meeting of stockholders or any adjournment thereof. The annual meeting will be held on Wednesday, May 1, 2013, beginning at 1:00 p.m., Pacific Daylight Time at the following location:

1115 SE 164th Ave

Vancouver, Washington 98683

Our Board has designated the two persons named on the enclosed proxy card, M. Carl Johnson, III and Wayne M. Bolio, to serve as proxies in connection with the annual meeting. These proxy materials and the accompanying Annual Report to Stockholders are being mailed on or about March 29, 2013 to our stockholders of record as of March 15, 2013.

Our principal executive offices are located at 17750 SE 6th Way, Vancouver, Washington 98683. As used in this proxy statement, the terms we, our, us, Nautilus, and Company refer to Nautilus, Inc. and its subsidiaries.

Revocability of Proxies

You may revoke any proxy you execute at any time prior to its use at the annual meeting by:

delivering written notice of revocation to our Secretary;

delivering an executed proxy bearing a later date to our Secretary; or

attending the annual meeting and voting in person.

Record Date

Our Board has fixed the close of business on March 15, 2013 as the record date for determining which of our stockholders are entitled to notice of and to vote at the annual meeting. At the close of business on the record date, 30,974,336 shares of our common stock were outstanding.

Voting; Quorum

Each share of common stock outstanding on the record date is entitled to one vote per share at the annual meeting. Stockholders are not entitled to cumulate their votes. The presence, in person or by proxy, of the holders of a majority of our outstanding shares of common stock is necessary to constitute a quorum at the annual meeting.

Abstentions

If you abstain from voting, your shares will be deemed present at the annual meeting for purposes of determining whether a quorum is present.

Table of Contents

Broker Discretionary Voting

If you hold your shares in street name, your broker, bank or other similar institution may be able to vote your shares without your instructions depending on whether the matter being voted on is discretionary or non-discretionary. In the case of a discretionary matter (for example, the ratification of the independent registered public accounting firm), your broker is permitted to vote your shares of common stock if you have not given voting instructions. In the case of a non-discretionary matter (for example, the election of directors, the advisory vote to approve executive compensation, and the advisory vote on the frequency of future advisory votes on executive compensation), your broker cannot vote your shares if you have not given voting instructions.

A broker non-vote occurs when your broker submits a proxy for the Annual Meeting with respect to discretionary matters, but does not vote on non-discretionary matters because you did not provide voting instructions on these matters. Therefore, it is important that you provide specific voting instructions regarding non-discretionary matters (such as election of directors and matters related to executive compensation) to your broker, bank or similar institution.

Votes Required to Approve Each Proposal

At this Annual Meeting each director will be elected by the vote of the majority of the votes cast with respect to the director nominee. This means to elect the director nominee, the number of shares voted For the director nominee must exceed the number of shares voted Against the director nominee. Abstentions and broker non-votes will not be considered votes cast.

The affirmative vote of the holders of a majority of the shares of common stock present or represented and voting is required to approve ratification of the selection of the independent registered public accounting firm, adopt (on an advisory basis) the resolution approving the Company's executive compensation, choose (on an advisory basis) one of the three options on the frequency of future stockholder votes on executive compensation, and approve any other matters that properly come before the Annual Meeting. Abstentions and broker non-votes will not be considered to have been voted.

In the case of the proposal to choose (on an advisory basis) the frequency of future advisory votes on executive compensation, if none of the three frequency options receives the vote of the holders of a majority of the shares of the common stock present or represented and voting, we will consider the frequency option (one year, two years or three years) receiving the highest number of votes to be the frequency that has been recommended by stockholders. Abstentions and broker non-votes will not be considered to have been voted.

Proxy Procedure

When a proxy card is properly dated, executed and returned, the shares it represents will be voted at the annual meeting in accordance with the instructions specified in the proxy. If no specific instructions are given, the shares will be voted FOR the election of the director nominees described below, FOR the ratification of Deloitte & Touche LLP as our independent registered public accounting firm, FOR the proposal to adopt an advisory resolution approving executive compensation, and to select ONE YEAR as the frequency for future advisory votes on executive compensation. If other matters come before the annual meeting, the persons named in the accompanying proxy will vote in accordance with their best judgment with respect to such matters.

Cost of Proxy Solicitation

We do not plan to hire a proxy solicitor in connection with the annual meeting, but to the extent we choose to use proxy solicitor services, Nautilus will pay the related fees and expenses.

INFORMATION CONCERNING THE BOARD OF DIRECTORS

Our Board oversees our overall performance on behalf of our stockholders. Members of our Board stay informed of our business through discussions with our Chief Executive Officer (CEO) and other members of our executive team, by reviewing materials provided to them, and by participating in regularly scheduled Board and committee meetings.

Corporate Governance

Our Board is elected by our stockholders to govern the Company s business and affairs. Our Board selects our senior management team, which is charged with conducting our business. Having selected our senior management team, our Board acts as an advisor to senior management and monitors their performance. Our Board reviews the Company s strategies, financial objectives and operating plans. It also plans for management succession of our Chief Executive Officer, as well as other senior management positions, and oversees our compliance efforts.

Our Board has determined that each of Ronald P. Badie, Richard A. Horn, M. Carl Johnson, III, Anne G. Saunders and Marvin G. Siegert qualify as an independent director under our Corporate Governance Guidelines (available on our website at www.nautilusinc.com), Section 303A.02 of the Listed Company Manual (the Listed Company Manual) of the New York Stock Exchange (NYSE), and applicable rules of the SEC, and that each such person is free of any relationship that would interfere with the individual exercise of independent judgment. Our Board has further determined that each member of the Board s three committees meets the independence requirements applicable to those committees prescribed by the Listed Company Manual and the SEC, including Rule 10A-3(b)(1) under the Exchange Act related to audit committee member independence.

Our Board met seven times in 2012 and all of our directors attended at least 75% of the meetings of our Board and of the meetings held by the committee(s) on which they served. Currently, we do not have a policy requiring our Board members attendance at the annual meetings of our stockholders. One director attended our 2012 annual stockholders meeting.

Transactions with Related Persons

Our Board recognizes that transactions with a related person (as such terms are defined in Item 404 of Regulation S-K) present a heightened risk of conflict of interest and/or improper valuation (or the perception thereof) and, therefore, has adopted a policy which shall be followed in connection with all related person transactions. Specifically, this policy addresses our procedures for the review, approval and ratification of all related person transactions.

Our Board has determined that its Audit Committee is best suited to review and approve related person transactions. Accordingly, any related person transactions recommended by management shall be presented to the Audit Committee for approval at a regularly scheduled meeting of the Audit Committee. Any related person transaction shall be consummated or shall continue only if the Audit Committee approves the transaction, the disinterested members of our Board approve the transaction, or the transaction involves compensation approved by the Compensation Committee.

Committees of the Board

Our Board currently has three standing committees: an Audit Committee, a Compensation Committee, and a Nominating and Corporate Governance Committee. Each committee is governed by a written charter that may be amended by our Board at any time. The full text of each committee charter and our Corporate Governance Guidelines are available on our website located at www.nautilusinc.com or in print to any interested party who requests it. Requests should be sent to the Company Secretary at the address provided on page 1 of this proxy statement.

The Audit Committee is established in accordance with Section 3(a)(58)(A) of the Exchange Act and represents and assists our Board in fulfilling its oversight responsibility relating to (i) the integrity of our financial statements and other financial information furnished by Nautilus, (ii) our compliance with legal and regulatory requirements, (iii) our system of internal accounting and financial controls, (iv) our registered independent public accounting firm's qualifications, performance, compensation and independence, (v) the performance of our internal audit function, and (vi) compliance with our code of business conduct and ethics.

In fulfilling the duties outlined in its charter, the Audit Committee, among other things, shall:

have the sole authority and responsibility to select, evaluate and, where appropriate, replace our registered independent public accounting firm;

review and discuss with management and our registered independent public accounting firm, prior to release to the general public and legal and regulatory agencies, our annual audited financial statements and quarterly financial statements, including disclosures contained in our Annual Report on Form 10-K under the section heading "Management's Discussion and Analysis of Financial Condition and Results of Operations," and matters required to be reviewed under applicable legal, regulatory or public company exchange listing requirements;

Mr. Siegert has served as Chairman of the committee since May 2007. Mr. Horn was appointed to the Committee in December 2007, Mr. Badie in May 2011 and Ms. Saunders in June 2012.

Each current member of the Audit Committee meets the independence, financial literacy and experience requirements contained in the corporate governance listing standards of the NYSE relating to audit committees. In addition, our Board has determined that Messrs. Badie, Horn and Siegert each qualify as an "audit committee financial expert" under the regulations of the SEC. Although all members of the Audit Committee meet the current NYSE regulatory requirements for accounting or related financial management expertise, and our Board has determined that Messrs. Badie, Horn and Siegert each qualify as an "audit committee financial expert," members of the Audit Committee are not professionally engaged in the practice of auditing or accounting and are not technical experts in auditing or accounting. review on an annual basis director compensation and benefits.

The Nominating and Corporate Governance Committee will consider recommendations for directorships submitted by stockholders. Stockholders who wish the Nominating and Corporate Governance Committee to consider their directorship recommendations should submit their recommendations in writing to Nautilus, Inc., 17750 SE 6th Way, Vancouver, WA 98683, Attn: Chairman of Nominating and Corporate Governance Committee. Recommendations by stockholders that are made in accordance with these procedures will receive the same consideration given to nominations made by the committee.

Nominees may be suggested by directors, members of management, stockholders or, in some cases, by a third party firm. In identifying and considering candidates for nomination to the Board, the Nominating and Corporate Governance Committee considers a candidate's quality of experience, the needs of the Company and the range of talent and experience represented on its Board. In evaluating particular candidates, the committee will review the nominee's personal and professional integrity, judgment, experience, and ability to serve the long-term interest of the stockholders. The committee will also take into account the ability of a director to devote the time and effort necessary to fulfill his or her responsibilities. The committee also considers matters of diversity, including gender, race and national origin, education, professional experience and differences in viewpoints and skills. While the Nominating and Corporate Governance Committee does not have a formal policy with respect to diversity, both the Board and the committee believe that it is essential that Board members represent a diverse range of experience, expertise and viewpoints.

As of the date of this proxy statement, the Nominating and Corporate Governance Committee is comprised of three independent directors, Richard A. Horn (Chairman), Ronald P. Badie and Marvin G. Siegert. Messrs. Badie and Horn were appointed to the committee and Mr. Horn was named the committee's Chairman in 2007. Mr. Siegert was appointed to the committee in May 2011. The Nominating and Corporate Governance Committee met two times during 2012.

Board Leadership Structure

Our Board has a majority of independent directors; five out of the six (6) director nominees are independent. The Audit, Compensation, and Nominating and Corporate Governance committees each are composed solely of independent directors.

We separate the roles of Chairman of the Board and Chief Executive Officer in recognition of the differences between the two positions. Mr. Johnson acts as the Chairman, oversees the Company broadly, leads the meetings of our Board, and provides guidance to the Company's management. Mr. Cazenave serves on the Board, but as our Chief Executive Officer he is also charged with oversight of the day-to-day operations of the business. We believe that consistency between day-to-day operations of the Company and the overall management is reached through Mr. Cazenave's service as the Chief Executive Officer and a director, but the separation of the Chairman and Chief Executive Officer roles is important to achieve a balance of oversight that is favorable to the Company and our stockholders.

Board Role in Risk Oversight

While risk management is primarily the responsibility of our management team, our Board is responsible for overall supervision of risk management efforts as they relate to the key business risks we face. Management identifies, assesses, and manages the risks most critical to our operations and routinely advises our Board regarding those matters. Areas of material risk may include operational, financial, legal and regulatory, human capital, information technology and security, and strategic and reputational risks. Our Board's role in risk oversight is consistent with our leadership structure, with senior management having responsibility for assessing and managing risk exposure, and our Board and its committees providing oversight as necessary in connection with those efforts.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our directors and executive officers, as well as persons who own more than 10% of our outstanding common stock, to file with the SEC initial reports of beneficial ownership and reports of changes in beneficial ownership of shares of our common stock. Based solely on a review of copies of such forms furnished to us and written representations from our executive officers, directors and 10% stockholders, we believe that all Section 16(a) filing requirements applicable to Nautilus were timely made with respect to the year ended December 31, 2012.

EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

In this section of the proxy statement we identify the material elements of our compensation programs for all of our executive officers, including an overview of our executive compensation philosophy and the processes and methodology we use in making executive pay decisions. We also provide detailed information regarding compensation paid to each Named Executive Officer (NEO). NEOs are the Chief Executive Officer, Chief Financial Officer and three most highly compensated executive officers of Nautilus other than the Chief Executive Officer and Chief Financial Officer, including salary, bonus, stock awards, option awards and all other compensation, as of the most recently completed fiscal year. Our NEOs are as follows:

Name	Position
Bruce M. Cazenave	Chief Executive Officer
Linda M. Pearce ⁽¹⁾	Chief Financial Officer
Michael D. Mulholland ⁽²⁾	Former Chief Financial Officer
Wayne M. Bolio	Senior Vice President, Law and Human Resources, General Counsel
William B. McMahan	Chief Operating Officer
Robert O. Murdock	Vice President, General Manager Direct

- (1) Ms. Pearce was appointed Chief Financial Officer effective August 9, 2012.
- (2) Mr. Mulholland was Chief Financial Officer from May 7, 2011 until he left the Company effective January 20, 2012. From then until Ms. Pearce was appointed Chief Financial Officer effective August 9, 2012, Mr. Cazenave, Chief Executive Officer, served as Acting Chief Financial Officer.

Executive Summary

Overview

In early 2012 we implemented minor revisions to our executive compensation programs with the goal of improving our financial performance and supporting our ongoing financial success. These changes included an adjustment in the targeted ratio of variable compensation to total compensation and revisions to the short-term incentive program.

The Committee has established a desired competitive position for target total cash compensation levels in the 50th to 75th percentile range of the peer group (for more information regarding the peer groups, see Compensation Philosophy herein). Individual levels within this range are based on experience, performance and potential.

The executive compensation program is comprised of three primary elements in support of these objectives:

A base salary that is intended to provide a market competitive base level of compensation;

A short-term incentive program that rewards the achievement of explicit, measurable, company financial objectives in the areas of operating income and net working capital, as well as individual and company achievement of short - and long-term business objectives; and

An equity based long-term incentive program that rewards the achievement of sustained increases in stockholder value over the long term.

Our executive officers are eligible to participate in our other employee benefits programs on the same terms as our eligible non-executive employees. Nautilus does not provide any material executive perquisites. Unexercised stock options held by our executive officers expire 90

days following termination, which same terms apply to our non-executive employees.

Table of Contents

We have an employment contract with Mr. Cazenave that provides for the payment of twelve months of base salary upon termination under certain circumstances. We have employment contracts with Messrs. Bolio, McMahon and Ms. Pearce that provide for the payment of six months of base salary upon termination under certain circumstances. We also have an employment contract with Mr. Murdock that provides for the payment of four months of base salary upon termination under certain circumstances. In addition, we had an employment agreement with Mr. Mulholland until he left the Company.

Governance of the Company's Executive Compensation Program

The Committee has overall responsibility for the evaluation, approval and oversight of our compensation plans, policies and programs and the total direct compensation of our executive officers.

The Committee has sole responsibility for determining our Chief Executive Officer's compensation and for reviewing it with our Board. Our Chief Executive Officer provides recommendations to the Committee on compensation matters for our other executive officers. The Committee seeks input from an independent consultant who advises the Committee regarding executive compensation matters.

In early 2012 the Committee engaged Compensia, Inc. ("Compensia") to serve as its independent compensation consultant. Compensia assisted the Committee in reviewing our compensation practices and provided advice to the Committee regarding compensation of our executive officers. In latter 2012, the Committee followed its primary compensation advisor, formerly employed by Compensia and now employed by Farient Advisors, LLC ("Farient Advisors"), and began working with Farient Advisors in preparation for early 2013 compensation decisions. Neither Compensia, Farient Advisors nor any of their respective employees earn fees from the Company or any of its executive officers or directors, other than for providing executive compensation consulting services to the Committee, and neither Compensia, Farient Advisors nor any of their respective employees owns any shares of Nautilus stock. Compensia and Farient Advisors were chosen solely by the Committee, all of their fees are for services provided to and at the request of Committee, and the Committee has complete and sole discretion as to its hiring, continued service or termination.

Farient Advisors reports directly to the Committee and is anticipated to support the Committee by:

Providing information on executive and director compensation best practices and current trends;

Reviewing compensation guiding principles and recommending assessment methodologies;

Conducting detailed executive and director compensation assessments and providing preliminary recommendations for executive and director compensation adjustments; and

Providing conceptual guidance and design advice on short-term and long-term incentive programs.

Compensation Philosophy

Our executive compensation program is designed with two primary objectives in mind:

Attracting, retaining and motivating executives critical to our financial stability and future success; and

Rewarding executives for meeting ambitious financial, operational and individual performance goals and taking effective actions which are expected to increase stockholder value over time.

Consistent with these objectives, we offer our executive officers a mix of base salary, short-term incentive compensation, long-term equity based incentives, health and welfare benefits and employment contracts. While we do not target a specific percentage allocation for base salary, short-term incentive compensation or long-term incentives (as a percent of total direct compensation), we operate under the general philosophy

Edgar Filing: NAUTILUS, INC. - Form DEF 14A

of targeting a total direct compensation opportunity that is competitive within our market for executive talent. Relative to our peer group, we believe that we generally target a greater percentage of the executives' total direct compensation opportunity as variable compensation. We do not believe the elements of our compensation program are structured so as to encourage excessive risk taking by any of our executives, but are part of an overall compensation and management philosophy designed to increase stockholder value over time.

Table of Contents

Peer group data is used to compare our compensation program for executive officers with that of executives in comparable roles at peer group companies. Although a comprehensive compensation review was not conducted in 2012, Compensia conducted a benchmark equity compensation analysis for the purpose of determining equity grants and for development of the short-term incentive plan in early 2012.

Based upon the selection criteria, which targeted high-end consumer products companies with annual revenues similar to Nautilus, the following companies were chosen for our peer group:

Bassett Furniture Industry, Inc. (BSET)	Golfsmith International Holdings, Inc. (GOLF)
Cobra Electronics Corp. (COBR)	iRobot Corp. (IRBT)
Cross (A.T.) Co. (ATX)	Johnson Outdoors Inc. (JOUT)
Cybex International, Inc. (CYBI)	Movado Group, Inc (MOV)
Escalade, Inc. (ESCA)	Smith & Wesson Holding Corp. (SWHC)
Flexsteel Industries, Inc. (FLXS)	Sturm Ruger & Co. Inc. (RGR)

Peer group data for aforementioned companies is supplemented by data from published relevant compensation surveys, providing additional market-based analytical data for corporate executive pay at companies similar in industry, annual revenues or other relevant metrics.

The Committee has established a desired competitive position for target total cash compensation levels in the 50th to 75th percentile range of our peer group. Individual levels within this range are also affected by the executive's experience, performance and potential, as assessed by the Committee with input from the Chief Executive Officer.

Base Salaries

Base salaries of our executive officers are intended to attract and retain executives (as part of the total compensation package) by providing a competitive base level of compensation. Base salaries are typically considered by the Committee on an annual basis, as well as in connection with the hiring of a new executive from outside the Company, a promotion or other changes in an incumbent executive's job responsibilities. Base salaries of executive officers are determined by evaluating the responsibilities of the position, the experience and performance of the individual, and by reference to the competitive marketplace median for corporate executives in comparable positions (similarity in scope, duties and responsibilities). A base salary benchmark compensation analysis was not conducted in 2012 in lieu of performing an in-depth analysis of short- and long-term incentive targets. The Committee decided not to make any changes to executive officer base salaries in 2012.

Short-Term Incentive Program

Our short-term incentive program for executive officers was revised in 2012 to better support the Company's focus on long-term strategic growth by shifting to annual performance objectives, rather than the quarterly objectives that characterized our short-term incentive plan since mid-2008. Compensia provided the Committee with benchmark compensation information in 2012 to assist in the determination of target compensation amounts under the short-term incentive program. The Committee made recommended changes to adjust executive targets closer to market per Compensia's analysis and recommendation, specifically by lowering the short-term incentive target of Mr. McMahon from 100% for 2011 to 75% for 2012.

The program focuses on achievement of certain annual company financial goals including operating income and net working capital (Corporate Financial Factor), as well as company-level key strategic initiatives (Key Initiative Factor) and individual performance goals that have been established for the performance period. Under the short-term incentive program, individual plan participants are eligible to receive incentive compensation in the form of cash bonuses based on a target percentage of their base salary.

Table of Contents

The calculation for determining an individual's incentive amount earned is a product of: 1) the individual's annual eligible wages; 2) the individual's target bonus percentage; 3) the achievement against the Corporate Financial Factor; 4) the achievement against the Key Initiative Factor; 5) and achievement against the individual's performance goals. The Company must achieve a minimum of 85% of either its operating income or net working capital goal for any payout to be available. The combined maximum pay out for the plan is 150% of target.

Individual Bonus Targets for 2012 for our NEOs ranged from 50% to 100% of annual eligible wages, primarily consisting of base salaries, as follows:

	Individual Bonus Target (% of eligible wages)
Wayne M. Bolio	50%
Bruce M. Cazenave	100%
William B. McMahan	75%
Michael D. Mulholland	N/A ⁽¹⁾
Robert O. Murdock	50%
Linda M. Pearce	50%

- (1) Mr. Mulholland left the company effective January 20, 2012, therefore was not eligible to participate in the 2012 short-term incentive program.

Corporate Financial Factor is on a calendar year basis. Each company financial goal is assigned a weighting.

The 2012 performance criteria and specific weightings were as follows:

Corporate Financial Criteria Weighting		Combined
Continuing Operations	Net Working	Corporate Financial Factor
Operating Income	Capital	100%
80%	20%	

Achievement against the combined corporate financial factor can range from 0% to 125%. However, a threshold of 85% achievement must be met in either operating income or net working capital in order to achieve a payout.

Key Strategic Initiatives Factor In addition to the corporate financial factor, strategic performance objectives were identified and measured. These included, for example, goals related to new product traction, market penetration, system integration and cost saving/optimization. Achievement against the combined initiatives can range from 50% to 125%.

Individual Performance Factor In addition to the corporate financial factor and key strategic initiatives factor, individual performance objectives were established for each executive officer in the form of formal written goals. Performance is measured against individual goals related to, for example, revenue targets, cost optimization, market research, new business development, organizational excellence, system integration and product development milestones. Achievement against the individual performance factor could range from 0% to 125%.

2012 Short-Term Incentive Payments In 2012, our NEOs earned an annual incentive based on achievement of company and individual performance metrics as follows:

Long-term Incentive Program

Long-term incentives are intended to focus executive behavior on making decisions that meaningfully contribute to our long-term success as reflected in our stock price. Under the 2005 Long-Term Incentive Plan (the Plan), the Committee may grant equity awards (stock options, stock appreciation rights, restricted stock, performance units or stock units) to executive officers and other employees. Stock options have exercise prices equal to the fair market value of our common stock on the date of the grant, as defined by the Plan. In granting these awards, the Committee may establish conditions or restrictions it deems appropriate.

New Hire Equity Grants

Our executive officers generally are provided an equity grant upon commencement of their employment. The Committee reviews the equity position of executive officers on a periodic basis. Additionally, an executive officer's overall equity position is reviewed at the time of promotion and an additional grant may be considered. Equity awards granted to our NEOs in 2012 upon commencement of their employment were as follows:

	Options ⁽¹⁾	Performance- Based Restricted Stock Units ⁽²⁾
Linda M. Pearce	30,000	12,000

- (1) Options vest as to one-third of the number of shares subject to the award on each of the first, second and third anniversaries of the date of grant, August 9, 2012.
- (2) Performance-based restricted stock units are subject to vesting based on achievement of specific growth targets for the three-year vesting term of the award. The actual number of restricted stock units vested can range from 0% to 150%, depending on the attainment of specific company performance goals.

Table of Contents**Equity Incentives**

In early 2012 Compensia conducted a benchmark equity compensation analysis to assist the Committee in determining equity grants. The Committee approved a grant of equity compensation which included a mix of options and performance unit awards, both issued under the Company's 2005 Long-Term Incentive Plan. The option awards vest in three equal annual installments, beginning the first anniversary of the grant date. The performance share units vest based on achieving a level of goal attainment for growth in pre-tax income and return on assets over a three-year performance period. The actual number of performance share units vested are based on the level at which the financial goals are achieved and can range from a 60% minimum threshold to a maximum of 150%.

Equity awards granted to our NEOs in 2012 were as follows:

	Options ⁽¹⁾	Performance-Based Restricted Stock Units ⁽²⁾
Wayne M. Bolio	12,000	7,500
Bruce M. Cazenave	57,000	35,500
William B. McMahon	22,500	14,000
Robert O. Murdock	10,000	6,500

- (1) Options vest as to one-third of the number of shares subject to the award on each of the first, second and third anniversaries of the date of grant.
- (2) Performance-based restricted stock units are subject to vesting based on achievement of specific growth targets for the three-year vesting term of the award. The actual number of restricted stock units vested can range from 0% to 150%, depending on the attainment of specific company performance goals.

Early 2013 Compensation Decisions

The Committee met in early 2013 to approve revisions to the short-term incentive plan that is in place for 2013. The plan remains within the same general structure as in 2012 with the program for 2013 focusing on achievement of certain annual company financial goals including operating income and net working capital (Corporate Financial Factor), as well as company-level key strategic initiatives (Key Initiative Factor) and individual performance goals that have been established for the performance period. The Company must achieve a minimum of 30% of its operating income or 85% of its net working capital goal for any payout to be available with a maximum combined payout of 150% of target if the goal is exceeded. The Committee confirmed the following new incentive targets for 2013, maintaining consistency with last year's targets.

	Individual Bonus Target (% of eligible wages)
Wayne M. Bolio	50%
Bruce M. Cazenave	100%
William B. McMahon	75%
Robert O. Murdock	50%
Linda M. Pearce	50%

Perquisites and Other Benefits

Our executive officers are eligible to participate in our medical, dental, vision, flexible spending, 401(k), life and disability programs on substantially the same terms as eligible non-executive employees, subject to legal limits on the amounts that may be contributed or paid to executive officers under these plans. No significant perquisites are provided to our executive officers.

Post-Employment Obligations

We believe that modest post-employment benefits are an important factor in maintaining the stability of our executive management team, especially at a time when there is uncertainty about market conditions for our products and the economy in general. Nautilus has separate severance arrangements with each of our NEOs under their respective employment agreement or employment offer. These documents outline the terms and conditions of the post employment benefits. The agreements provide that Nautilus will pay severance of six months or, in the case of Mr. Cazenave, twelve months, and four months for Mr. Murdock, of the employee's base salary in the event of an involuntary termination of employment for reasons other than cause. In general, the definition of "cause" includes: indictment or conviction of the employee for a crime that, in the Company's judgment, makes the employee unfit or unable to perform his or her duties, or adversely affects the Company's reputation; employee dishonesty related to his or her employment; violation of key company policies; insubordination; serious conflicts of interest or self-dealing; intentional or grossly negligent conduct by the employee that is significantly injurious to the Company; certain serious performance failures by the employee; and, death or disability of the employee.

Severance payments are made in accordance with our normal payroll cycle over the severance period. The agreements with our NEOs also provide for continuation, during the severance period, of health benefits under COBRA for the employee and covered dependents, at active employee premium rates. Refer to the table entitled "Other Potential Post-Employment Payments" and related notes for information regarding severance and post-employment benefits that may be payable to our NEOs upon their termination.

Tax and Accounting Considerations

Section 162(m) of the Internal Revenue Code limits the amount we can deduct for compensation paid to our Chief Executive Officer and three other most highly-compensated executive officers (excluding the Chief Financial Officer) in any year to \$1 million. The limit on deductibility does not apply to performance-based compensation meeting certain requirements.

Our general philosophy is to structure executive compensation to maximize deductibility under Section 162(m). In 2012, 100% of our executive compensation was tax deductible. Base salary is not performance-based under Section 162(m), and our short-term incentive awards do not meet the performance-based compensation requirements of Section 162(m) because these awards are not granted under a stockholder-approved plan. However, we were able to deduct all of this compensation because no executive officer's compensation exceeded the \$1 million limit. Should an executive officer's compensation approach \$1 million in the future, the Committee will consider deductibility of compensation under Section 162(m) as one (but not the sole) factor in setting executive compensation.

Table of Contents**DIRECTOR COMPENSATION**

Nautilus has a Director Compensation Program that provides for compensation of the non-employee members of our Board. Director compensation consists of annual retainers, meeting fees, fees for service as a committee chair, and awards of equity compensation. Directors who are Company employees, if any, receive no additional or special remuneration for serving as directors.

Annual Retainer, Committee Chair and Meeting Fees Under the Director Compensation Program, each non-employee director receives an annual retainer of \$35,000 and a fee of \$1,500 for attendance at each Board meeting. Our Board's Non-executive Chairman receives an additional annual fee of \$30,000. Each director serving on a committee of our Board receives an additional fee of \$1,500 for attendance at each committee meeting. The Chair of the Audit Committee receives an additional annual retainer of \$10,000, while the Chairs of the Compensation Committee and the Nominating & Corporate Governance Committee each receive an additional annual retainer of \$5,000.

Initial Equity Grant The Director Compensation Program provides that, upon initial election to our Board, each non-employee director may be granted an option to purchase up to 10,000 shares of Nautilus common stock. Upon joining our Board on April 2, 2012, Ms. Saunders was granted a stock option representing the right to purchase 2,500 shares of Nautilus common stock at an exercise price of \$2.80 per share, and vesting as to 100% of the shares on the one year anniversary of the grant.

Annual Equity Grant The Director Compensation Program also provides for annual awards of options to non-employee directors upon re-election to the Board at the annual stockholders' meeting. The awards have historically consisted of options to purchase 10,000 shares of Nautilus common stock at an exercise price equal to the closing price of the common stock on the NYSE on the last business day preceding the date of the award. On May 17, 2012, our Board granted to each non-employee director a stock option representing the right to purchase 10,000 shares of Nautilus common stock at an exercise price of \$2.77 per share. Stock options granted to directors prior to March 26, 2012, were subject to vesting ratably over four years. Stock options granted to directors on or after March 26, 2012 are subject to 100% vesting after one year.

Future Annual Grants On March 14, 2013, our Board approved a change to the annual equity grants awarded under the Director Compensation Program. Effective after March 14, 2013, upon re-election to the Board, each non-employee director will be granted 7,500 restricted shares of Nautilus common stock, subject to 100% vesting after one year. The grant of 7,500 restricted shares is in lieu of the grant of options to purchase 10,000 shares of Nautilus common stock.

The graph below compares the cumulative total stockholder return of our common stock with the cumulative total return of the *NYSE Composite Index*, the *S&P SmallCap 600 Index*, and the *NASDAQ*, for the period commencing December 31, 2007 and ending on December 31, 2012. The *S&P SmallCap 600 Index* was chosen because we do not believe we can reasonably identify an industry index or specific peer issuer that would offer a meaningful comparison. The *S&P SmallCap 600 Index* represents a broad-based index of companies with similar market capitalization.

AUDIT COMMITTEE REPORT TO STOCKHOLDERS *

Each current member of the Audit Committee meets the independence, financial literacy and experience requirements contained in the corporate governance listing standards of the New York Stock Exchange (NYSE) relating to audit committees. In addition, our Board has determined that Messrs. Badie, Horn and Siegert each qualify as an audit committee financial expert under the regulations of the SEC. Although all members of our Audit Committee meet the current NYSE regulatory requirements for accounting or related financial management expertise, and the Board has determined that Messrs. Badie, Horn and Siegert each qualify as an audit committee financial expert, members of our Audit Committee are not professionally engaged in the practice of auditing or accounting and are not technical experts in auditing or accounting.

The Audit Committee oversees Nautilus's financial reporting process on behalf of the Board and operates under a written charter, approved by the Audit Committee and ratified by the Board. In fulfilling its oversight responsibilities, the Audit Committee reviewed the audited financial statements in the Annual Report on Form 10-K for the year ended December 31, 2012 with management, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements.

Management has the primary responsibility for the preparation, presentation and integrity of the Company's financial statements and the reporting process, including internal control over financial reporting and disclosure controls and procedures. Management is responsible for maintaining and evaluating appropriate accounting and financial reporting principles and internal controls and procedures designed to ensure compliance with accounting standards and applicable laws and regulations.

The Audit Committee reviewed with the independent registered public accounting firm, which is responsible for expressing an opinion on the conformity of Nautilus' audited financial statements with accounting principles generally accepted in the United States, their judgments as to the quality, not just the acceptability, of the Company's accounting principles. The Audit Committee also has discussed with the independent registered public accounting firm the matters required to be discussed by Statement on Auditing Standards No. 61, as amended, as adopted by the Public Company Accounting Oversight Board in Rule 3200T, *Communication with Audit Committees*. The Audit Committee has received the written disclosures and the letter from the independent accountant required by the Public Company Accounting Oversight Board regarding the independent accountant's communications with the audit committee concerning independence, and has discussed with the independent accountant the independent accountant's independence from the Company and its management, and has considered whether the independent registered public accounting firm's provision of non-audit services to the Company is compatible with maintaining such firm's independence.

The Audit Committee discussed with the Company's independent registered public accounting firm the overall scope and plans for their audit. In addition, the Audit Committee met with the independent registered public accounting firm, with and without management present, to discuss the results of their examination, their evaluation of the Company's internal control over financial reporting, and the overall quality of the Company's financial reporting for the year ended December 31, 2012.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board, and the Board approved, that the audited financial statements and management's report on internal control over financial reporting be included in the Annual Report on Form 10-K for the year ended December 31, 2012. The Audit Committee has determined that provision by Deloitte & Touche LLP of other non-audit services is compatible with maintaining Deloitte & Touche LLP's independence. The Audit Committee and the Board have also recommended, subject to stockholder ratification, the selection of Deloitte & Touche LLP as the Company's independent registered public accounting firm for the year ending December 31, 2013.

Table of Contents**PROPOSAL NO. 2:****RATIFICATION OF APPOINTMENT OF REGISTERED INDEPENDENT PUBLIC****ACCOUNTING FIRM FOR 2013**

The Audit Committee has appointed Deloitte & Touche LLP, the member firms of Deloitte Touche Tomatsu and their respective affiliates (collectively, Deloitte & Touche) as our registered independent public accounting firm to audit our consolidated financial statements for the year ended December 31, 2013. Although we are not required to seek stockholder approval of this appointment, the Board has determined it to be sound corporate governance to do so. If the appointment is not ratified by stockholders, the Audit Committee will investigate the possible bases for the negative vote and will reconsider the appointment in light of the results of its investigation.

We employed Deloitte & Touche as our registered independent public accounting firm during 2012. There have been no disagreements with Deloitte & Touche on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure which, if not resolved to the satisfaction of Deloitte & Touche, would have caused Deloitte & Touche to make reference to the matter in their report. A representative of Deloitte & Touche is expected to be present at the annual stockholders meeting. The representative will be given the opportunity to make a statement on behalf of Deloitte & Touche if the representative so desires, and the representative will be available to respond to appropriate stockholder questions.

We understand the need for Deloitte & Touche to maintain objectivity and independence in its audit of our financial statements. To minimize relationships that could appear to impair the objectivity of Deloitte & Touche, our Audit Committee has restricted the non-audit services that Deloitte & Touche may provide. These determinations are among the key practices adopted by the Audit Committee in its Policies and Procedures for the Approval of Audit and Non-audit Services Provided by the Independent Auditor, effective April 2003.

Under these policies, with Audit Committee pre-approval, we may use Deloitte & Touche for the following categories of non-audit services: merger and acquisition due diligence and audit services; tax services; internal control reviews; employee benefit plan audits; and reviews and procedures that we engage Deloitte & Touche to undertake to provide assurances on matters not required by laws or regulations.

The aggregate fees and expenses billed for professional services rendered by Deloitte & Touche for the years ended December 31, 2012 and 2011 were as follows:

Type of Fees	2012	2011
Audit Fees	\$ 476,078	\$ 616,000
Tax Fees	139,142	74,000
All Other Fees	9,558	74,000
Total	\$ 624,778	\$ 764,000

Audit fees are fees for the audit of our consolidated financial statements included in Form 10-K, review of our condensed consolidated financial statements included in Form 10-Q and services that are normally provided by the accountant in connection with our statutory and regulatory filings or engagements, including the audit required by Section 404 of the Sarbanes-Oxley Act of 2002. Section 404 audit requirements did not apply for the year ended December 31, 2011 due to our status then as a non-accelerated filer.

Tax fees are fees for tax compliance, tax advice and tax planning, billed during the years ended December 31, 2012 and 2010. All other fees are fees for any services not included in the first two categories, consisting of royalty contract compliance review services, billed during the years ended December 31, 2012 and 2011.

All of the services performed by Deloitte & Touche LLP in 2012 and 2011 were pre-approved in accordance with the pre-approval policy and procedures adopted by the Audit Committee. This policy describes the permitted audit, audit-related, tax and other services that the independent auditors may perform. Generally, pre-approval is provided at regularly scheduled committee meetings; however, the authority to pre-approve services between meetings, as necessary, has been delegated to the Chairman of the Audit Committee, subject to formal approval by the committee at the next regularly scheduled meeting.

The Audit Committee believes that the foregoing expenditures are compatible with maintaining the independence of our independent registered public accounting firm.

THE BOARD UNANIMOUSLY RECOMMENDS THAT THE STOCKHOLDERS VOTE FOR THE RATIFICATION OF THE AUDIT COMMITTEE S APPOINTMENT OF DELOITTE & TOUCHE LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM.

PROPOSAL NO. 3:

ADVISORY VOTE ON EXECUTIVE COMPENSATION

We are asking stockholders to adopt, on an advisory basis, a resolution approving the Company's executive compensation as reported in this Proxy Statement.

We urge stockholders to read the Compensation Discussion and Analysis section of this Proxy Statement, which describes how our executive compensation program is designed and operates, as well as the Summary Compensation Table and other related compensation tables, which provide additional information on the compensation of our named executive officers. The Board and the Compensation Committee believe that our executive compensation program as described in the Compensation Discussion and Analysis section has supported and contributed to the Company's recent and long-term success and the creation of long-term stockholder value and is effective in helping the Company attract and retain the high caliber of executive talent necessary to drive our business forward and build sustainable value for our stockholders.

In accordance with regulations issued under Section 14A of the Securities Exchange Act of 1934, as amended (the Exchange Act), we are asking stockholders to approve the following non-binding advisory resolution at the Annual Meeting:

RESOLVED, that the compensation paid to the Company's Named Executive Officers, as disclosed in the Compensation Discussion and Analysis section, compensation tables and narrative discussion of the Proxy Statement for the 2013 Annual Meeting of Stockholders, is hereby APPROVED.

While this advisory resolution, commonly referred to as a say on pay resolution, is non-binding, the Compensation Committee will carefully review and consider the voting results when making future decisions regarding our executive compensation program.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE RESOLUTION APPROVING NAUTILUS' EXECUTIVE COMPENSATION.

PROPOSAL NO. 4:

ADVISORY VOTE REGARDING FREQUENCY OF VOTE ON EXECUTIVE COMPENSATION

The regulations that require us to hold a say on pay advisory vote also require that stockholders be asked how often they wish to vote on a say on pay proposal. In accordance with these requirements, we are asking stockholders to vote on whether future say on pay votes should occur every year, every two years, or every three years. The vote on the frequency of say on pay votes is advisory in nature and must be held at least once every six years.

After careful consideration, the Board has determined that holding an advisory vote on executive compensation every one year is the most appropriate policy for the Company at this time, and recommends that stockholders vote for future advisory votes on executive compensation to occur every one year.

In accordance with regulations promulgated under Section 14A of the Exchange Act, stockholders will be able to specify one of four choices for this proposal on the proxy card: one year, two years, three years, or abstain. Although the advisory vote is non-binding on the Company, the Board has adopted a policy of adopting any recommendation of the stockholders regarding the frequency of advisory votes on executive compensation which receives the vote of a majority of the Company's stockholders voting on the proposal. If none of the three frequency options receives the vote of the holders of a majority of the shares of the common stock present or represented and voting, we will consider the frequency option (one year, two years or three years) receiving the highest number of votes to be the frequency that has been recommended by stockholders, and the Board and the Compensation Committee will give careful consideration to the voting results on this proposal.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE TO HOLD ADVISORY VOTES ON EXECUTIVE COMPENSATION EVERY ONE YEAR.
