Item 8.01. Other Events

OfficeMax holds a 20.01% ownership interest in the Series B Common Units (the Series B Units) of Boise Cascade Holdings, L.L.C. (BCH). OfficeMax has accounted for the Series B Units under the cost method as an investment on its consolidated balance sheet since October 2004. As previously announced, on February 12, 2013, OfficeMax received approximately \$17 million from a distribution (the Series B Distribution) on the Series B Units from BCH.

Based on further analysis of the accounting pertaining to the Series B Distribution, OfficeMax now expects that the Series B Distribution will be treated as a return of investment (and not dividend income), reducing the investment amount included in the consolidated balance sheet. This return of investment will trigger recognition of a portion of the deferred gain attributable to the Series B Units, resulting in the recording of income of approximately \$17 million. In summary, while the nature of the income OfficeMax expects to recognize as a result of the distribution has changed, the amount of income to be recognized is substantially unchanged from what was previously announced.
