Report of Independent Registered Public Accounting Firm

To the Pension Committee of

ATH Holding Company, LLC

We have audited the accompanying statements of net assets available for benefits of the WellPoint 401(k) Retirement Savings Plan (the Plan) as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Plan's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2012 and 2011, and the changes in its net assets available for benefits for the year ended December 31, 2012, in conformity with U.S. generally accepted accounting principles.

Our audits were conducted for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2012, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management. The information has been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

WellPoint 401(k) Retirement Savings Plan

Notes to Financial Statements

December 31, 2012

1. Description of the Plan

General

The WellPoint 401(k) Retirement Savings Plan (the Plan) is a defined-contribution plan, which was established to provide savings opportunities for employees of WellPoint, Inc. (WellPoint) and certain of its subsidiaries (the Participating Employers). Employees of the Participating Employers are generally eligible to participate upon employment. The Plan Sponsor is ATH Holding Company, LLC, a wholly owned subsidiary of WellPoint, Inc. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Plan Mergers

The American Imaging Management, Inc. Investment Plan (the AIM Plan) was merged into the Plan effective November 1, 2012. Net assets available for benefits of \$5,341,834 were transferred to the Plan on the date of the merger. Employees of American Imaging Management, Inc. became eligible to participate in the Plan effective January 1, 2008, when the AIM Plan was frozen to new contributions.

Effective December 31, 2012, the 1-800 CONTACTS, Inc. Retirement and Savings Plan (the 1-800 Plan) was merged into the Plan. Active employees of 1-800-CONTACTS, Inc. became eligible to make contributions to the Plan effective January 1, 2013. Net assets available for benefits of \$13,744,803 were transferred to the Plan on the date of the merger.

Participant Accounts

Individual accounts are maintained by the Plan for each eligible employee who participates in the Plan (Participant). Each Participant's account is credited with the Participant's contributions, allocations of the Plan Sponsor's contributions, and an allocation of Plan earnings or losses, reduced by Participant withdrawals and certain administrative fees. Participant accounts are Participant directed. Forfeited balances of terminated Participants' nonvested accounts are used to reduce future Plan Sponsor contributions and to pay administrative expenses of the Plan. The benefit to which a Participant is entitled is the benefit that can be provided from the Participant's account.

1. Description of the Plan (continued)

Contributions

Participants may make voluntary contributions of 1% to 60% of eligible compensation, as defined in the Plan document, subject to limitations imposed by applicable Internal Revenue Service (IRS) regulations. Participants may make pretax contributions to a traditional 401(k) account or, effective January 1, 2012, after tax contributions to a Roth 401(k) account. Eligible employees who do not make an election within 30 days of their date of hire are automatically enrolled in the Plan for pretax contributions of 4% of eligible compensation. After the Participant has completed one year of service, the Plan Sponsor will match up to 100% of the first 3% of the Participant s eligible compensation contributed, then 50% of the next 2% of the Participant s eligible compensation contributed, for a total Plan Sponsor match potential of 4%. The Plan Sponsor match is contributed as a pretax contribution.

Participants who attain age 50 by the end of the plan year may elect to contribute additional amounts to their account as permitted by the Economic Growth and Tax Relief Reconciliation Act of 2001 and as provided by the Plan. A catch-up contribution enables Participants to contribute additional funds beyond the regular IRS limits as they near retirement. Catch-up contributions are not eligible for matching contributions.

Participants direct their elective contributions into various investment options offered by the Plan, including the WellPoint Stock Fund and a brokerage option account. The WellPoint Stock Fund is a unitized fund that invests in WellPoint, Inc. common stock. A portion of the fund may also be invested in short-term reserves to accommodate daily transactions. Generally, Participants are permitted to change investment options daily. Plan Sponsor contributions are allocated in the same manner as that of the Participant s elective contributions.

Vesting

Active Participants are immediately 100% vested in employee and employer contributions and any earnings thereon. Participants in former plans of acquired companies who were not active employees at the date the plans were merged into the Plan may be subject to separate vesting schedules on former plan employer contributions.

1. Description of the Plan (continued)

Benefit Payments and Withdrawals

An active Participant in the Plan may make a complete or partial in-service hardship withdrawal of the amounts held in the Participant's account attributable to the Participant's contributions, rollovers, pre-2006 employer match, and income allocated to the contributions account. The in-service hardship withdrawal must be necessary in light of an immediate and heavy financial need of the Participant due to one of six causes specified by the Plan, and the Participant shall have obtained all other withdrawals and nontaxable loans provided by the Plan. Participant contributions to the Participant's account are suspended for the six months following a hardship withdrawal from a Participant's account.

A Participant may make a withdrawal of voluntary after-tax contributions made to a traditional 401(k) account prior to January 1, 2012, or take a qualified distribution of Roth 401(k) contributions, as defined by the IRS, at any time. Additionally, after attaining age 59 ¹/₂, a Participant may withdraw Participant and Plan Sponsor contributions for any reason.

Upon termination of employment, the Participant is entitled to receive the fully vested current value of his or her account. If the current value of the vested account is less than \$1,000, the account is paid in a lump-sum payment. If the vested account value is more than \$1,000 but less than \$5,000, the account will be rolled over into an IRA unless the Participant elects otherwise. If the vested account value is more than \$5,000, the account will remain in the Plan unless the Participant elects otherwise. The Participant may elect to have the entire portion, if any, of the account held in the WellPoint Stock Fund paid in whole shares of WellPoint common stock, with fractional shares and any uninvested funds paid in cash. Participant accounts must be distributed by the year following the later of retirement or attainment of age 70 ¹/₂. Upon death, payments are made to the Participant's beneficiary in the form of a lump-sum payment or in installments.

Participant Loans

Participants may request a loan not in excess of the lesser of: (1) 50% of the vested account balance, or (2) \$50,000, less the highest outstanding loan balance during the preceding year. Repayment of loans shall not exceed five years, except for loans used to acquire the Participant's principal residence. Each loan bears interest equal to the prime lending rate plus 1% as listed by Reuters on the last business day of the month prior to the month the loan is requested and is set on the day the loan is approved. Repayments are made by payroll deduction. Participants may have no more than three loans outstanding at any one time.

1. Description of the Plan (continued)

Forfeitures

Forfeitures of terminated nonvested account balances totaling \$409,349 and \$192,576 remained in the Plan as of December 31, 2012 and 2011, respectively. Forfeitures of \$54,207 were used to reduce Plan Sponsor contributions and pay administrative expenses during 2012.

Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right to terminate the Plan subject to the terms of ERISA. In the event the Plan is terminated, each Participant's account shall be nonforfeitable with respect to both the Participant's and the Plan Sponsor's contributions, and the net assets are to be set aside for the payment of withdrawals to the Participants. The Plan Sponsor has the right to amend the Plan or to suspend matching contributions to the Plan at any time, either permanently or temporarily, for any length of time.

Administration of the Plan

Vanguard Fiduciary Trust Company (Vanguard) serves as the Plan's trustee to administer the Plan's assets. The Vanguard Group, Inc. serves as the Plan's recordkeeper and provides investment services.

The Plan Sponsor may bear certain costs associated with administering the Plan. These costs are not included in the accompanying financial statements and constitute exempt party-in-interest transactions.

More detailed information concerning the Plan may be found by consulting the summary plan description, which is available from the Plan Sponsor.

2. Significant Accounting Policies

Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting and are in conformity with accounting principles generally accepted in the United States (GAAP). Accordingly, contributions to the Plan and interest and dividend income are recognized as earned, and realized gains and losses and net unrealized appreciation (depreciation) of fair value of investments are recognized as they occur. Plan benefit payments and withdrawals are recognized when paid.

2. Significant Accounting Policies (continued)

New Accounting Pronouncements

In May 2011, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update 2011-04, *Fair Value Measurements (Topic 820): Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs*. (ASU 2011-04), which amends ASC 820 to clarify the application of existing fair value measurement and disclosure requirements and to require expanded disclosures regarding fair value measurements. The amended guidance became effective for annual periods beginning after December 15, 2011. The adoption of ASU 2011-04 did not have a material effect on the Plan's net assets available for benefits or its changes in net assets available for benefits.

Use of Estimates

The preparation of financial statements in accordance with GAAP requires the use of estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments of the Plan are recorded at fair value. See Note 5 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis and interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Notes Receivable from Participants

Notes receivable from participants represent Participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2012 or 2011. If a Participant ceases to make loan repayments and the plan administrator deems the Participant loan to be a distribution, the Participant loan balance is reduced and a benefit payment is recorded.

2. Significant Accounting Policies (continued)**Reclassification**

Certain prior year investment balances have been reclassified to conform with the current year presentation. This reclassification does not impact amounts presented in the financial statements.

3. Investments

Investments that represent 5% or more of the Plan's net assets available for benefits as of December 31 were as follows:

	2012	2011
The Vanguard Group mutual funds:		
Prime Money Market Fund	\$ 460,704,004	\$ 481,762,143
Institutional Index Fund	501,693,524	455,734,903
Total Bond Market Index Fund	374,159,738	349,565,745

PRIMECAP Fund	212,133,571	198,922,424
Target Retirement 2025 Fund	205,981,005	170,356,142
Extended Market Index Fund	194,432,424	172,727,190
WellPoint, Inc. common stock	*	204,836,586

* Does not represent 5% or more of the Plan's net assets available for benefits for this period.

During the year ended December 31, 2012, the Plan's investments, including investments bought, sold, and held during the year, appreciated (depreciated) as follows:

Mutual funds	\$ 277,721,912
WellPoint, Inc. common stock	(15,285,276)
Net appreciation of investments	\$ 262,436,636

Table of Contents

WellPoint 401(k) Retirement Savings Plan

Notes to Financial Statements (continued)

4. Employee Stock Ownership Plan (ESOP)

Effective August 15, 2011, the Plan was amended to designate the portion of a Participant's account held in the WellPoint Stock Fund as an ESOP and the account is considered an eligible individual account plan as defined by ERISA. WellPoint, Inc. common stock is purchased by the ESOP using Participant directed contributions. Each Participant is entitled to exercise voting rights attributable to the shares allocated to his or her account.

Put Option

In accordance with IRS regulations, WellPoint, Inc. stock that ceases to be readily tradable on an established market includes a put option for any Participant who is otherwise entitled to a total distribution from the Plan. The put option is the right to require that the Plan Sponsor repurchase the WellPoint stock credited to the Participant's account under a fair valuation formula. The distribution may be paid with interest over a period of not more than five years.

Dividends Paid on WellPoint, Inc. Stock

Any cash dividends paid to the Participant's account will be reinvested in the WellPoint Stock Fund unless the Participant elects to receive the dividend in cash paid directly to the Participant. Participants may change their election to receive dividends in cash or to reinvest dividends at least quarterly.

5. Fair Value of Investments

ASC 820, defines fair value, establishes a framework for measuring fair value in accordance with GAAP, and requires certain disclosures about fair value measurements.

Investments recorded at fair value in the statements of net assets available for benefits are categorized based on the level of judgment associated with the inputs used to measure their fair value. Level inputs, as defined by ASC 820, are as follows:

Level Input:	Input Definition:
Level I	Inputs are unadjusted, quoted prices for identical assets or liabilities in active markets at the measurement date.
Level II	Inputs other than quoted prices included in Level I that are observable for the asset or liability through corroboration with market data at the measurement date.
Level III	Unobservable inputs that reflect management's best estimate of what market participants would use in pricing the asset or liability at the measurement date.

Table of Contents

WellPoint 401(k) Retirement Savings Plan

Notes to Financial Statements (continued)

5. Fair Value of Investments (continued)

Transfers between Levels, if any, are recorded as of the date the transfer occurred.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

The following methods and assumptions were used to determine the fair value of investments recorded at fair value in the statements of net assets available for benefits.

Mutual funds: Valued at quoted market prices, which represent net asset value (NAV), of shares held by the Plan at year end.

Equity securities: Valued at the quoted market price reported on the active market on which the individual securities are traded on the last business day of the plan year.

WellPoint common stock is valued at the closing price on the New York Stock Exchange on the last business day of the year.

Life insurance contracts: Valued at the cash surrender value of the policies as reported by the insurer.

A summary of fair value measurements by level for investments measured at fair value on a recurring basis is as follows:

December 31, 2012	Level I	Level II	Level III	Total
Mutual funds:				
Money market	\$ 464,671,054	\$	\$	\$ 464,671,054

6. Related-Party Transactions

As of December 31, 2012, the Plan owned approximately 3,008,130 shares of WellPoint common stock with a fair value of \$183,323,680. During 2012, the Plan had net sales of WellPoint common stock totaling \$6,636,256. Purchases related to dividends reinvested are excluded from the net sales amount.

During 2012, the Plan reimbursed WellPoint, Inc. \$53,112 of administrative expenses. This reimbursement is included in Administrative fees in the Statement of Changes in Net Assets Available for Benefits.

7. Income Tax Status

The Plan has received a determination letter from the IRS dated March 12, 2009, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and, therefore, the related trust is exempt from taxation under Section 501(a) of the Code. Subsequent to the issuance of the favorable determination letter, the Plan has been amended and restated. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan Sponsor believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

GAAP requires plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions.
