Item 2.05 Costs Associated with Exit or Disposal Activities.

On March 14, 2016, McKesson Corporation (the "Company") committed to a restructuring plan to lower its operating costs ("Cost Alignment Plan"). The Cost Alignment Plan will consist of a reduction in workforce and business process initiatives that will be substantially implemented prior to the completion of the Company's fiscal year ending March 31, 2019 ("Fiscal 2019").

As a result of its Cost Alignment Plan, the Company expects to record pre-tax charges to earnings totaling approximately \$300 million to \$330 million. Approximately \$250 million to \$275 million will be recorded in the fourth quarter of the Company's fiscal year ending March 31, 2016, with the remainder recognized prior to the completion of Fiscal 2019. A majority of the charges will be comprised of severance and employee-related costs. The balance of the charges will include exit-related costs, asset impairments and accelerated depreciation. These ranges are estimates and actual charges to earnings may vary.

The Company expects the Cost Alignment Plan to generate approximately \$170 million to \$190 million of net pre-tax savings during the fiscal year ending March 31, 2017 and an incremental \$70 million to \$90 million of net pre-tax savings in the fiscal year ending March 31, 2018.
