

ASHANTI GOLDFIELDS CO LTD

Form 425

August 06, 2003

A powerful combination

AngloGold & Ashanti Goldfields

A transaction which brings together the financial and technical resources of AngloGold with the reserve base and growth potential of Ashanti creating a combination strategically placed for sustained value growth.

A powerful combination

Filed by Ashanti Goldfields Company Limited
Pursuant to Rule 425 under the Securities Act of 1933
Subject Company: Ashanti Goldfields Company Limited
Commission File No. 1-14212

Certain forward-looking statements

Certain statements in this presentation are forward-looking within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended, including, without limitation, those statements concerning (i) timing, fulfillment of completion of the proposed transaction, (ii) the value of the transaction consideration, (iii) expectations regarding production and cost savings at the combined group's operations and its operating and financial performance and (iv) synergies and other benefits anticipated from the proposed transaction. Although AngloGold believes that the expectations reflected in such forward-looking statements are reasonable, no assurance can be given that such expectations will prove to have been correct.

For a discussion of important terms of the proposed transaction and important factors and risks in the companies' businesses, which could cause the combined group's actual operating and financial results to differ materially from such forward-looking statements, refer to AngloGold's and Ashanti's filings with the U.S. Securities and Exchange Commission (the "SEC") including AngloGold's annual report on Form 20-F for the year ended 31 December 2002, filed with the SEC on 7 April 2003 and Ashanti's annual report on Form 20-F for the year ended 31 December 2002, filed with the SEC on 17 June 2003 and any other documents in respect of the proposed transaction that are furnished to the SEC by AngloGold or Ashanti under cover of Form 6-K.

Neither AngloGold nor Ashanti nor the combined group undertakes any obligation to update publicly released information or to publicly update any forward-looking statements discussed in this presentation, whether as a result of new information, future events or otherwise.

Shareholders are reminded that there can be no assurance that the Merger will be implemented. Consequently holders of AngloGold and Ashanti securities are advised to exercise caution when dealing with relevant securities until a further announcement is made.

A powerful combination

Summary

The Transaction

• AngloGold to merge with Ashanti by way of a scheme of arrangement
Combined group to be called AngloGold Ashanti and will trade as

• Ashanti AngloGold in Ghana

The Terms

• 0.26 AngloGold shares for every Ashanti share
US\$8.36 per Ashanti share (as at close 1 August) ¹

• US\$7.96 per Ashanti share (as at close 15 May) ²

• 12% premium for Ashanti shareholders on 15 May²

• 34% premium based on 30 day average price prior to 15 May³

Anticipated Benefits

• Accretive to earnings per share from 2004 ⁴

• A 31% increase in reserves and significant brownfields exploration
potential

• A US\$20/oz reduction in cash costs at Obuasi over the next 5 years

• US\$15 million per annum in synergies ⁵

Notes:

1 Based on AngloGold ADS/Ashanti GDS on NYSE as at close 1 August 2003, trading day prior to ann

6

A powerful combination

Growth potential: Obuasi Deeps

- • Obuasi orebody extends at depth below the deepest level workings (1,500m depth)
- • High grade extensions of orebody projected below 50 level by exploration intersections down to 66 level (2,000m depth)
- • Orebody is extrapolated to extend to a depth of 3,000m
- • Higher grade of ore below 50 level compared to that mined the current plan for the remaining life of mine allows potential gold production and/or to transform operation to a low to medium gold producer
- • US\$44 million of exploration expenditure over the next 5 years
- • Dedicated project team to undertake feasibility study
- • Conceptual plans for optimal development under review
- • Total potential capital expenditure anticipated to be US\$1.5 billion in terms for the Obuasi Deeps development
- • Life of Obuasi potentially extended to 2040 or beyond

1

1

Note:

1 AngloGold management forecasts. US\$44 million of exploration expenditure is included in the

Pro forma estimates based on 30 June 2003 and 31 December 2002 figures, net debt includes estimates of debt redemption options and proceeds from the exercise of the remaining Ashanti warrants

2

EBITDA calculated in accordance with International Financial Reporting Standards

21

A powerful combination

AngloGold & Ashanti

• Significant premium

- US\$8.36 per share ¹

- 34% premium based on 30 day average price to 15 May ²

• Enhanced operating profile

- significantly larger reserve base
- lower cash costs
- well diversified asset portfolio

• Increased financial strength

- removes existing capital constraints to future development
- high dividend yield

• Much improved share trading liquidity

• Sharing in upside potential

- synergies
- growth through greenfields/brownfields development

A compelling transaction ... for Ashanti shareholders

Notes:

- 1 Based on AngloGold ADS/Ashanti GDS on NYSE as at close 1 August 2003, the trading day prior
- 2 Based on average closing prices of AngloGold ADS/Ashanti GDS on NYSE for 30 trading days up

22

A powerful combination

AngloGold & Ashanti

A compelling transaction ... for AngloGold shareholders

• Enhances AngloGold's strategic position

- Reserves: 31% increase ¹

- Production: 27% increase ¹

- Market capitalisation: 15% increase to US\$8.3 billion ²

- Cash costs: US\$220 per ounce at 30 June 2003 on a pro forma basis ³

- Life: Two key long-life assets, Obuasi and outstanding interest in Geita

- Risk diversification: Production outside South Africa increased by over 65% ¹

• Financially attractive

- accretive to earnings per share ⁴

• Good cultural fit

• Improved share trading liquidity

• Sharing in upside potential

- synergies

- greenfields/brownfields development

Additional information

In connection with the proposed transaction, AngloGold will file with, or otherwise furnish to, the SEC a scheme document/prospectus. Investors and security holders are urged to carefully read the scheme document/prospectus regarding the proposed transaction when it becomes available, because it will contain important information. Investors and security holders may obtain a free copy of the scheme document/prospectus (when it is available) and other documents containing information about AngloGold and Ashanti, without charge, at the SEC's website at www.sec.gov. Copies of the scheme

document/prospectus together with any SEC filings that may be incorporated by reference in the scheme document/prospectus may also be obtained free of charge by directing a request to: AngloGold Limited, 11 Diagonal Street, Johannesburg 2001, PO Box 62117, Marshalltown 2107, South Africa, Attention: Chris R. Bull, Company Secretary, telephone +27 11 637 6000, fax: +27 11 637 6624.

UBS Investment Bank and First Africa Group Holdings (Pty) Limited ("First Africa") are acting for AngloGold and no one else in connection with the proposed transaction and will not be responsible to anyone other than AngloGold for providing the protections afforded to clients of UBS Investment Bank or First Africa or for providing advice in relation to the proposed transaction.

CIBC World Markets plc is acting for Ashanti and no one else in connection with the proposed transaction and will not be responsible to anyone other than Ashanti for providing the protections afforded to clients of CIBC World Markets plc or for providing advice in relation to the proposed transaction.
