Forward Looking Statements

This document includes statements that may constitute forward-looking statements made pursuant to the Safe harbor provisions of the Private Securities Litigation Reform Act of 1995. The Company would like to caution certain readers regarding certain forward-looking statements in this document and in all of its communications to shareholders and others, on management's projections, estimates and all other communications. Statements that are based on management's projections, estimates and assumptions are forward-looking statements. The words believe, expect, anticipate, intend and similar expressions generally identify forward-looking statements. While the Company believes in the veracity of all statements made herein, forward-looking statements are necessarily based upon a number of estimates, and assumptions that, while considered reasonable by the Company, are inherently subject to significant business, economic and competitive uncertainties and contingencies and known and unknown risks. Many of the uncertainties and contingencies can affect events and the Company's actual results and could cause its actual results to differ materially from that expressed in any forward-looking statements made by, or on behalf, of the Company.

ITEM 1.

DESCRIPTION OF BUSINESS

Aero Performance Products, Inc. (the Company) a Nevada corporation, was incorporated on July 6, 2001. The Company was formerly named Cortex Systems, Inc. In December of 2004 the Company changed its name to Franchise Capital Corporation, to more accurately reflect its business of developing and franchising casual dining restaurants. The Company acquired the rights to four franchise concepts. Effective December 24, 2004, the Company became an internally managed, closed end investment company electing to be treated as a business development company under the Investment Company Act of 1940, as amended.

As a business development company (BDC), the Company intended to provide long-term debt and equity investment capital to support the expansion of companies in the casual, fast food restaurant industry. The Company served as a holding company for its wholly and majority owned operating portfolio investments: Fathom Business Systems, Inc. (Fathom), Comstock Jake's Franchise Company, (Comstock's), Kokopelli Franchise Company, (Kokopelli), Corbin's Franchise Company (CV), and Kirby Foods Asian Grill Franchise Company (Kirby). The Company owned 100% of Fathom and Kokopelli and had ownership interests in Kirby of approximately 97.5%, 72.5% of Comstock Jake's, and 50% of CV.

In August 2006, the Company abandoned its business model and commenced liquidating all of its investment holdings. On March 13, 2007, the Company held a shareholder meeting at which the Company's shareholders voted to withdraw the Company's election to be a business development company as defined by the 1940 Act. On March 14, 2007, the Company filed for N-54C to formally withdraw the Company's BDC status.

On January 12, 2007, the Company executed a definitive share exchange agreement with TTR HP, Inc. (dba Aero Exhaust, Inc.) pursuant to which the Company agreed to exchange shares of its common stock to acquire 100% of the total issued and outstanding stock of Aero. Aero was incorporated in the State of Nevada in 1999 and designs and manufactures highly efficient, technologically superior vehicle exhaust systems for the automotive aftermarket. The Company is headquartered outside of Salt Lake City, Utah.

On October 4, 2007, Aero consummated the share exchange with Franchise Capital Corporation. As a result of the transaction, FCCN agreed to issue a total of 1,119,636,659 new shares of restricted common stock in exchange for 6,745,456 shares of Aero common stock, representing 100% of the total issued and outstanding shares of Aero, and the satisfaction of Aero debt of \$6,406,646. Since FCCN was essentially a non-operating shell immediately prior to the share exchange, the Company has treated the transaction as a reverse merger for accounting purposes. Accordingly, all financial information presented prior to the date of the share exchange is that of Aero exclusive of FCCN operations or assets. The equity and share information presented is that of Aero and all share information has been adjusted to reflect the share exchange rate (approximately 84:1). In addition, shares held by FCCN shareholders at the time of the share exchange have been treated as shares issued by Aero.

At the Special Meeting of Stockholders of Franchise Capital Corporation held on January 7, 2008, a majority of the Company's stockholders approved the Amendment to the Articles of Incorporation which changed the Company's name to Aero Performance Products, Inc. In connection with the change in the Company's name, effective January 24, 2008 the Company's common stock commenced trading under the ticker symbol AERP.

Aero Exhaust has been issued U.S. and Australian patents on its innovations and development in the exhaust industry, and its mufflers are available worldwide through major retailers, mass merchant centers, automotive aftermarket supply stores and wholesalers. Aero Exhaust mufflers are an exclusive National Association for Stock Car Auto Racing (NASCAR) Performance product and carry the NASCAR brand on product, packaging and related media.

Changes in our corporate structure

On October 4, 2007, the Company consummated a share exchange with Aero Exhaust, Inc. As a result of the transaction, FCCN agreed to issue a total of 1,119,636,659 new shares of restricted common stock in exchange for 6,745,456 shares of Aero common stock, representing 100% of the total issued and outstanding shares of Aero, and the satisfaction of Aero debt of \$6,406,646. Since FCCN was essentially a non-operating shell immediately prior to the share exchange, the Company has treated the transaction as a reverse merger for accounting purposes. Accordingly, all financial information presented prior to the date of the share exchange is that of Aero exclusive of FCCN operations or assets. The equity and share information presented is that of Aero and all share information has been adjusted to reflect the share exchange rate (approximately 84:1). In addition, shares held by FCCN shareholders at the time of the share exchange have been accounted as shares issued by Aero.

Employees

During the fiscal year ended June 30, 2008, the Company had five full time employees, who served in sales and operations positions, and six contractors serving in sales and management. Manufacture of the Company's products is presently done under contract by third party manufacturers.

Compliance with the Sarbanes-Oxley Act of 2002

On July 30, 2002, President Bush signed into law the Sarbanes-Oxley Act of 2002 (the "Sarbanes-Oxley Act"). The Sarbanes-Oxley Act imposes a wide variety of new regulatory requirements on publicly held companies and their insiders. Many of these requirements will affect us. For example:

-

Our chief executive officer and chief financial officer must now certify the accuracy of the financial statements contained in our periodic reports;

-

Our periodic reports must disclose our conclusions about the effectiveness of our controls and procedures;

-

Our periodic reports must disclose whether there were significant changes in our internal controls or in other factors that could significantly affect these controls subsequent to the date of their evaluation, including any corrective actions with regard to significant deficiencies and material weaknesses; and

-

We may not make any loan to any director or executive officer and we may not materially modify any existing loans.

The Sarbanes-Oxley Act has required us to review our current policies and procedures to determine whether we comply with the Sarbanes-Oxley Act and the new regulations promulgated thereunder. We will continue to monitor

our compliance with all future regulations that are adopted under the Sarbanes-Oxley Act and will take actions necessary to ensure that we are in compliance therewith.

ITEM 2.

DESCRIPTION OF PROPERTY

The Company presently maintains its offices at 10288 S. Jordan Gateway #F, South Jordan, Utah. The contract term is month to month. The Company also has warehouse space in Bluffdale, Utah and intends to relocate its offices to this facility in the near term. The warehouse facility is leased under a three year term that expires 2011. Management believes that its current facilities are adequate for its current and foreseeable needs.

ITEM 3.

LEGAL PROCEEDINGS

Global Outdoor Services filed a complaint against the Company on June 30, 2008 owing to past due invoices. Subsequent to June 30, 2008, the Company made payment arrangements with Global Outdoor Services and payments are ongoing.

A complaint was filed on July 3, 2008 by a partner of Xtreme Grafix who is suing the other two partners in Xtreme Grafix for misappropriation of funds. TTR-HP was named as co-defendant as part of the action on the basis that the Plaintiff did not receive his allotted portion of the payment made by TTR-HP. TTR-HP believes that it has paid the principals for work performed and any issues are between the Plaintiff and the other partners. The Company strongly believes that it does not have any liability and intends to vigorously defend itself under the belief that the case against TTR-HP should be released with prejudice.

A complaint was filed in Wisconsin state court on August 26, 2008 by a customer of TTR-HP, Don Doolittle, for \$70,000. Mr. Doolittle's complaint alleges he purchased product from TTR-HP in 2005, was unable to resell the product, and now wants TTR-HP to purchase the product back. TTR-HP has offered to purchase the product back from Doolittle at cost but Doolittle wants TTR-HP to pay him full retail price, which is more than double the original price paid in 2005. The Company believes that the case is without merit and intends to defend itself vigorously.

ITEM 4.

SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS

At the Special Meeting of Stockholders of Franchise Capital Corporation held on January 7, 2008, a majority of the Company's stockholders approved the Amendment to the Articles of Incorporation which changed the Company's name to Aero Performance Products, Inc.

Holders of record

As of June 30, 2008 there were approximately 239 holders of record of the Company's common stock.

Dividends

The Company has never paid a cash dividend on its common stock. Payment of dividends is at the discretion of the Board of Directors. The Board of Directors plans to retain earnings, if any, for operations and does not intend to pay dividends in the foreseeable future.

Recent Sales of Unregistered Securities

Except as otherwise noted, the securities described in this Item 5 were issued pursuant to the exemption from registration provided by Section 4(2) of the Securities Act of 1933. Each such issuance was made pursuant to individual contracts which are discrete from one another and are made only with persons who were sophisticated in such transactions and who had knowledge of and access to sufficient information about the Company to make an informed investment decision. Among the information provided was the fact that the securities issued were restricted securities. No commissions were paid in connection with the transactions described below unless specifically noted.

Share issuances prior to October 4, 2007 represent the shares issued by TTR-HP. All stock issuances have been adjusted to reflect the 84:1 exchange ratio resulting from the shares exchange between TTR-HP and Franchise Capital.

During the year ended June 30, 2007, the Company issued a total of 63,991,200 shares of restricted common stock for services valued at \$208,800.

During the year ended June 30, 2008, the Company had the following unregistered stock issuances:

.

566,314,129 restricted shares were issued in the share exchange with Franchise Capital Corp.

.

383,322,530 restricted shares were issued to retire debt and interest obligations totaling \$6,406,646 at the time of the share exchange.

.

393,700,000 shares were issued under court-ordered debt settlements totaling \$274,063 pursuant to Section 3(a)10 of the Securities Act of 1933.

As of October 2, 2008, the Company had 2,219,457,804 shares of common stock outstanding.

ITEM 6.

MANAGEMENTS DISCUSSION AND ANALYSIS OR PLAN OF OPERATION

The following information should be read in conjunction with the consolidated financial statements and notes thereto appearing elsewhere in this Form 10-KSB.

Plan of Operation

On December 23, 2004 the Company's Board of Directors elected to be regulated as a business investment company under the Investment Company Act of 1940. As a business development company (BDC), the Company is required to maintain at least 70% of its assets invested in eligible portfolio companies, which are loosely defined as any domestic company which is not publicly traded or that has assets less than \$4 million. As of December 29, 2004, management recognized that a deficiency in liquidity. Such deficiency was noted in the notes to the financial statements and the audit opinion. To remedy this situation, the Board of Directors authorized management to file Form 1-E with the Commission notifying of its intent to sell up to \$5 million of the Company's common stock under a Regulation E exemption. From July 1, 2005 to June 30, 2006, the Company sold a total of 39,640,500 shares of common stock pursuant to Regulation E for aggregate proceeds of \$620,261.

Franchise Capital Corporation invested in a total of five portfolio companies: Fathom Business Systems, Inc., Comstock Jakes Franchise Co., LLC, Cousin Vinnie's Franchise Co., LLC, Kirby Foods Franchise Co., LLC and Kokopelli Franchise Co., LLC.

At June 30, 2006, the Company's management determined that the business model in effect was not sustainable and voted to liquidate the Company's investment portfolio. From July 1, 2006 through December 31, 2006, the Company sold 100% of its portfolio assets and effectively ceased operations. On March 13, 2007, the Company's shareholders voted by majority consent to withdraw the Company's election as a BDC under the 1940 Act and, on March 13, 2007, the Company filed a Form N-54C which formally withdrew the BDC election.

On January 12, 2007, the Company executed a definitive share exchange agreement with TTR HP, Inc. (dba Aero Exhaust, Inc.) pursuant to which the Company agreed to exchange shares of its common stock to acquire 100% of the total issued and outstanding stock of Aero.

On October 4, 2007, Aero consummated the share exchange with Franchise Capital Corporation. As a result of the transaction, FCCN agreed to issue a total of 1,119,636,659 new shares of restricted common stock in exchange for 6,745,456 shares of Aero common stock, representing 100% of the total issued and outstanding shares of Aero, and the satisfaction of Aero debt of \$6,406,646. Since FCCN was essentially a non-operating shell immediately prior to the share exchange, the Company has treated the transaction as a reverse merger for accounting purposes. Accordingly, all financial information presented prior to the date of the share exchange is that of Aero exclusive of FCCN operations or assets. The equity and share information presented is that of Aero and all share information has been adjusted to reflect the share exchange rate (approximately 84:1). In addition, shares held by FCCN shareholders at the time of the share exchange have been treated as shares issued by Aero.

At the Special Meeting of Stockholders of Franchise Capital Corporation held on January 7, 2008, a majority of the Company's stockholders approved the Amendment to the Articles of Incorporation which changed the Company's name to Aero Performance Products, Inc. In connection with the change in the Company's name, effective January 24, 2008 the Company's common stock commenced trading under the ticker symbol AERP.

Aero designs and manufactures performance exhaust systems for both street and race applications. Aero Exhaust has been issued U.S. and Australian patents on its innovations and development in the exhaust industry, and its mufflers are available worldwide through major retailers, mass merchant centers, automotive aftermarket supply stores and wholesalers. Aero Exhaust mufflers are an exclusive National Association for Stock Car Auto Racing (NASCAR) Performance product and carry the NASCAR brand on product, packaging and related media. The Company intends to continue developing distribution outlets for its exhaust products and growing sales through increased market share. In addition, the Company perceives the need to increase its product offering in the way of muffler kits that include, in addition to the muffler, exhaust tubing and mounting hardware specific to individual vehicle make and model. Coupled with this product expansion, the Company intends to eventually bring aspects of its manufacture in house to avoid costly shipping delays and tied-up capital from sourcing product overseas. Management believes that both of these objectives can be accomplished through strategic acquisitions and partnerships which are being aggressively pursued.

It should be noted that the Company's auditors expressed in their audit opinion letter that there is substantial doubt about the Company's ability to continue as a going concern.

Liquidity and Capital Resources

The Company's financial statements present an impairment in terms of liquidity. As of June 30, 2008 the Company had \$3,498,328 in current liabilities, which exceeded current assets by \$3,197,536. The Company has accumulated \$22,247,420 of net operating losses through June 30, 2008, the majority of which resulted from the write off of goodwill associated with the share exchange with Franchise Capital, which may be used to reduce taxes in future years through 2028. The use of these losses to reduce future income taxes will depend on the generation of sufficient taxable income prior to the expiration of the net operating loss carry-forwards. The potential tax benefit of the net operating loss carry-forwards have been offset by a valuation allowance of the same amount. The Company has not yet established revenues to cover its operating costs. Management believes that the Company will soon be able to generate revenues sufficient to cover its operating costs resulting from the share exchange agreement with Aero Exhaust. In the event Aero does not sustain cash flow positive operations, and if suitable financing is unavailable, there is substantial doubt about the Company's ability to continue as a going concern.

Results of Operations

For the year ended June 30, 2008 the Company had a net loss of \$2,923,215 compared to a net loss of \$4,134,606 for year ended June 30, 2007. The current year loss includes marketing and advertising costs of \$1,245,443, interest expense of \$188,838, and settlement costs of \$422,538 related to the issuance of stock under court ordered settlement of debt obligations. The prior year net loss included \$2,837,766 related to advertising and marketing, included costs associated with sponsoring the Morgan McClure Motorsports team and obtaining Nascar rights, and \$591,393 in interest expense. During the year ended June 30, 2008, the Company eliminated much of its debt obligations by converting debt into common stock at the time of the Share Exchange, resulting in lowered interest costs. Also, the Company ended its sponsorship agreement with Morgan McClure and restructured its license agreement with Nascar, both of which helped reduce overall operating costs.

Revenues for the year ended June 30, 2008 were \$810,240 compared to revenues of \$726,098 for the prior year. Gross profit was \$363,162 or 44%, for the 2008, compared to \$476,705, or 66% for the year ended June 30, 2007.

Gross margin declined in 2008 due higher shipping costs incurred by air freighting product during the third and fourth quarters. Commencing in December 2007, the Company experienced a product shortage that continued through June 2008 during a period of increasing demand. The shortage was generated by the long product delivery cycle and the Company's inability to pre-pay for product due to capital limitations. Commencing late fourth quarter, the Company was able to resume regular product shipments and expects that margins will increase during the coming fiscal year.

ITEM 8.

CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE

On April 18, 2007, Franchise Capital Corporation dismissed Epstein Weber & Conover, PLC as independent auditors for the Company. The decision to dismiss Epstein Weber & Conover, PLC (Epstein Weber) and to seek new independent auditors was approved by the Company s Board of Directors.

The reports of Epstein Weber on the Company s financial statements for the fiscal years ended June 30, 2005 and 2004 did not contain an adverse opinion or a disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principles. In connection with the audits of the Company s financial statements for the fiscal years ended June 30, 2005 and 2004, (1) there were no disagreements with Epstein Weber on any matter of accounting principles or practices, financial statement disclosure or auditing scope and procedure which, if not resolved to the satisfaction of Epstein Weber, would have caused Epstein Weber to make reference to the matter in its report and (2) there were no reportable events as that term is defined in Item 304 of Regulation S-K promulgated under the Securities Exchange Act of 1934.

On April 20, 2007, the Company engaged Gruber & Company, LLC as the Company's independent accountant to report on the Company s balance sheets as of June 30, 2006 and 2007, and the related statements of income, stockholders equity and cash flows for the years then ended. Neither the Company nor anyone acting on its behalf consulted with Gruber & Company, LLC regarding (i) either the application of any accounting principles to a specific completed or contemplated transaction of the Company, or the type of audit opinion that might be rendered by Gruber & Company, LLC on the Company's financial statements; or (ii) any matter that was either the subject of a disagreement with Epstein Weber or a reportable event with respect to Epstein Weber.

Item 8A. Disclosure Controls and Procedures

Evaluation of Disclosure Controls and Procedures. Based on an evaluation under the supervision and with the participation of the our management, including our chief executive officer and chief financial officer, as of the end of the period covered by this Annual Report on Form 10-KSB, we have concluded our disclosure controls and procedures (as defined in Rules 13a-14(c) and 15d-14(c) under the Securities Exchange Act of 1934 are effective to ensure that information required to be disclosed in reports we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in SEC rules and forms.

Changes in Internal Controls. There were no significant changes in our internal controls or in other factors that could significantly affect these controls subsequent to the date of their evaluation. There were no significant deficiencies or material weaknesses and therefore there were no corrective actions taken. However, the design of any system of controls is based in part upon certain assumptions about the likelihood of future events and there is no certainty that any design will succeed in achieving its stated goal under all potential future considerations, regardless of how remote.

Item 8A.(T). Management s Report on Internal Control over Financial Reporting

Our management is responsible for establishing and maintaining adequate internal control over financial reporting as defined in Rule 13a-15(f) under the Exchange Act. Internal control over financial reporting refers to a process designed by, or under the supervision of, our Chief Executive Officer and Chief Financial Officer and effected by our Board, management and other personnel, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in connection with generally accepted accounting principles, including those policies and procedures that:

- pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of our assets;
- provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that our receipts and expenditures are being made only in accordance with authorizations of our management and directors; and
- provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of our assets that could have a material effect on our consolidated financial statements.

Because of its inherent limitations, internal control over financial reporting cannot provide absolute assurance of the prevention or detection of misstatements. In addition, projections of any evaluation of effectiveness to future periods are subject to risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

In connection with the preparation of this Annual Report on Form 10-KSB for the year ended June 30, 2008, management, with the participation of our Chief Executive Officer and Chief Financial Officer, has evaluated the effectiveness of our internal controls over financial reporting, pursuant to Rule 13a-15 under the Exchange Act. Our Chief Executive Officer and Chief Financial Officer have concluded that the design and operation of our internal controls and procedures are effective as of June 30, 2008. There were no significant changes in our internal controls over financial reporting that occurred during the fourth fiscal quarter that have materially affected, or are reasonably likely to materially affect, our internal controls over financial reporting.

This Annual Report on Form 10-KSB does not include an attestation report of the Company's independent registered public accounting firm regarding internal control over financial reporting. Management's report was not subject to attestation by our registered public accounting firm pursuant to temporary rules of the Securities and Exchange Commission that permit us to provide only management's report in this Annual Report on Form 10-KSB.

Indemnification

As permitted by the provisions of the General Corporation Law of the State of Nevada, the Company has the power to indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative, by reason of the fact that

the person is or was a director, officer, employee or agent of the corporation if such officer or director acted in good faith and in a manner reasonably believed to be in or not opposed to the best interest of the Company. Any such person may be indemnified against expenses, including attorneys' fees, judgments, fines and settlements in defense of any action, suit or proceeding. The Company does not maintain directors and officers liability insurance.

Compliance With Section 16(a) of the Securities Act of 1934

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's executive officers and directors, and persons who own more than ten percent (10%) of a registered class of the Company's equity securities, to file an initial report of ownership on Form 3 and changes in ownership on Form 4 or 5 with the Securities and Exchange Commission (the "SEC"). Such officers, directors and ten percent (10%) shareholders are also required by the SEC rules to furnish Aero Performance Products with copies of all Section 16(a) forms they file. To our knowledge, based solely on review of the copies of such reports furnished to us, during the fiscal year ended June 30, 2008, our officers, directors, and greater than ten percent beneficial owners complied with all Section 16(a) filing requirements applicable to them.

ITEM 11.**SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT AND RELATED STOCKHOLDER MATTERS**

The following table sets forth, as of October 2, 2008 the beneficial ownership of the Company's common stock (i) by any person or group known by the Company to beneficially own more than 5% of the outstanding common stock, (ii) by each Director and executive officer and (iii) by all Directors and executive officers as a group. ITEM 12.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS, AND DIRECTOR INDEPENDENCE

The Company's officers and directors are subject to the doctrine of corporate opportunities only insofar as it applies to business opportunities in which the Company has indicated an interest, either through its proposed business plan or by way of an express statement of interest contained in the Company's minutes. If directors are presented with business opportunities that may conflict with business interests identified by the Company, such opportunities must be promptly disclosed to the Board of Directors and made available to the Company. In the event the Board shall reject an opportunity that was presented to it and only in that event, any of the Company's officers and directors may avail themselves of such an opportunity. Every effort will be made to resolve any conflicts that may arise in favor of the Company. There can be no assurance, however, that these efforts will be successful.

The Company previously owed \$194,000 to Bryan Hunsaker, Chief Executive Officer and Chairman of the Board of Directors, relating to accrued salary and benefits. On July 10, 2005, the past due salary was converted into a note payable which bears interest at the rate of 8% per annum and was due and payable July 10, 2006. On January 2, 2008, the note was assigned by Mr. Hunsaker to a third party.

FINANCIAL STATEMENTS

June 30, 2008

GRUBER & COMPANY LLC

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Board of Aero Performance Products, Inc.

We have audited the accompanying consolidated balance sheet of Aero Performance Products, Inc. as of June 30, 2008 and 2007 and the related statements of operations, stockholders equity and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform our audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Company as at June 30, 2008 and 2007 and the results of its operations and its stockholders equity and cash flows for the years then in conformity with accounting principles generally accepted in the United States of America.

The accompanying financial statements have been prepared assuming the Company will continue as a going concern. As discussed in the notes to the financial statements, the Company has incurred material losses, has negative equity, negative working capital and is in default of many of its loan agreements. These items, among others, raises substantial doubt about its ability to continue as a going concern. These financial statements do not include any adjustments that might result from the outcome of this uncertainty.

AERO PERFORMANCE PRODUCTS, INC.

Notes to Consolidated Financial Statements

June 30, 2008

NOTE 1 - ORGANIZATION AND BASIS OF PRESENTATION

Aero Performance Products Inc. (Aero or the Company), formerly Franchise Capital Corporation, a Nevada corporation, was incorporated on July 6, 2001. Effective December 24, 2004, the Company became as an internally managed, closed end investment company electing to be treated as a business development company under the Investment Company Act of 1940, as amended.

As a business development company (BDC), the Company intended to provide long-term debt and equity investment capital to support the expansion of companies in the casual, fast food restaurant industry. The Company served as a holding company for its wholly and majority owned operating portfolio investments: Fathom Business Systems, Inc. (Fathom), Comstock Jake s Franchise Company, (Comstock s), Kokopelli Franchise Company, (Kokopelli), Comstock Vinnie s Franchise Company (CV), and Kirby Foo s Asian Grill Franchise Company (Kirby). The Company owned 100% of Fathom and Kokopelli and had ownership interests in Kirby of approximately 97.5%, 72.5% of Comstock Jake s, and 50% of CV.

In August 2006, the Company abandoned its business model and commenced liquidating all of its investment holdings. On March 13, 2007, the Company held a shareholder meeting at which the Company s shareholders voted to withdraw the Company s election to be a business development company as defined by the 1940 Act. On March 14, 2007, the Company filed for N-54C to formally withdraw the Company s BDC status.

On October 4, 2007, Aero consummated a share exchange with Franchise Capital Corporation (FCCN), a publicly-held Nevada corporation. As a result of the transaction, FCCN agreed to issue a total of 1,119,636,659 new shares of restricted common stock in exchange for 6,745,456 shares of Aero common stock, representing 100% of the total issued and outstanding shares of Aero, and the satisfaction of Aero debt of \$6,406,646. Since FCCN was essentially a non-operating shell immediately prior to the share exchange, the Company has treated the transaction as a reverse merger for accounting purposes. Accordingly, all financial information presented prior to the date of the share exchange is that of Aero exclusive of FCCN operations or assets. The equity and share information presented is that of Aero and all share information has been adjusted to reflect the share exchange rate (approximately 84:1). In addition, shares held by FCCN shareholders at the time of the share exchange have been treated as shares issued by Aero.

Aero designs and manufactures performance exhaust systems for both street and race applications. Aero Exhaust has been issued U.S. and Australian patents on its innovations and development in the exhaust industry, and its mufflers are available worldwide through major retailers, mass merchant centers, automotive aftermarket supply stores and wholesalers. Aero Exhaust mufflers are an exclusive National Association for Stock Car Auto Racing (NASCAR) Performance product and carry the NASCAR brand on product, packaging and related media. The Company is headquartered outside of Salt Lake City, Utah.

Going Concern - The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. The Company has incurred material operating losses, has continued operating cash flow deficiencies, has defaulted on several loan agreements and has working capital deficit at June 30, 2008 of \$3,197,536. These factors raise substantial doubt about the Company's ability to continue as a going concern. The accompanying financial statements do not include any adjustments that might result from this uncertainty.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation and Principles of Consolidation

The accompanying financial statements represent the consolidated operations of Aero Performance Products, Inc., formerly Franchise Capital Corporation, and TTR-HP, Inc. (DBA Aero Exhaust), its wholly owned subsidiary. All intercompany accounts and transactions have been eliminated in consolidation. Since FCCN was essentially a non-operating shell immediately prior to the share exchange, the Company has treated the transaction as a reverse merger for accounting purposes. Accordingly, all financial information presented is that of Aero exclusive of FCCN operations.

Cash and Cash Equivalents Cash and cash equivalents include all short-term liquid investments that are readily convertible to known amounts of cash and have original maturities of three months or less.

Accounts Receivable-The Company recognizes a receivable upon shipment of its product and reviews the accounts periodically for potential write offs. The Company has established a reserve of \$60,000 for doubtful collections.

Inventory-Inventory consists of finished product and parts valued under the FIFO method using the lower of cost or market pricing module.

Revenue Recognition The Company recognizes revenue upon shipment of its product, which essentially are transportation mufflers and related parts..

Income taxes - The Company provides for income taxes based on the provisions of Statement of Financial Accounting Standards No. 109, *Accounting for Income Taxes*, which among other things, requires that recognition of deferred income taxes be measured by the provisions of enacted tax laws in effect at the date of financial statements.

Use of Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Income (Loss) Per Common Share Basic income per share is computed using the weighted average number of shares of common stock outstanding for the period. .

Property and Equipment and Intangible Asset Consists primarily of office equipment and furnishings and patent costs and is generally stated at cost less accumulated depreciation. Depreciation is recorded on a straight-line basis over the estimated useful lives of the assets ranging from 3 to 5 years for fixed assets and 20 years for patents. Depreciation and amortization expense was \$20,040 for the year ended June 30, 2008..

Recently Issued Accounting Pronouncements

In July 2006, the FASB issued FASB Interpretation (FIN) No. 48, *Accounting for Uncertainty in Income Taxes An Interpretation of FASB Statement No. 109* (FIN 48). This Interpretation clarifies the accounting for uncertainty in income taxes recognized in a company's financial statements. FIN 48 requires companies to determine whether it is more likely than not that a tax position will be sustained upon examination by the appropriate taxing authorities before any part of the benefit can be recorded in the financial statements. It also provides guidance on the recognition,

measurement and classification of income tax uncertainties, along with any related interest and penalties. FIN 48 will also require significant additional disclosures. This Interpretation will be effective for fiscal years beginning after December 15, 2006. We will implement this Interpretation in the first quarter of 2007 on a prospective basis. We are currently evaluating the potential impact this Interpretation will have on our financial position and results of operations.

In September 2006, the FASB issued SFAS No. 157, *Fair Value Measurements* (SFAS 157), which provides guidance on how to measure assets and liabilities that use fair value. SFAS 157 will apply whenever another US GAAP standard requires (or permits) assets or liabilities to be measured at fair value but does not expand the use of fair value to any new circumstances. This standard also will require additional disclosures in both annual and quarterly reports. SFAS 157 will be effective for financial statements issued for fiscal years beginning after November 15, 2007, and will be adopted by us beginning in the first quarter of 2008. We are currently evaluating the potential impact this standard may have on our financial position and results of operations, but do not believe the impact of the adoption will be material.

In September 2006, the SEC staff issued Staff Accounting Bulletin (SAB) No. 108, *Considering the Effects of Prior Year Misstatements when Quantifying Misstatements in Current Year Financial Statements* (SAB 108). SAB 108 was issued in order to eliminate the diversity of practice in how public companies quantify misstatements of financial statements, including misstatements that were not material to prior years' financial statements. We will initially apply the provisions of SAB 108 in connection with the preparation of our annual financial statements for the year ending December 31, 2006. We have evaluated the potential impact SAB 108 may have on our financial position and results of operations and do not believe the impact of the application of this guidance will be material.

Note Payable to an individual with interest at 15% due September 7, 2008	750,000

Total	\$1,694,081
-------	-------------

NOTE 5-DERIVATIVE LIABILITY

The Company is accounting for the conversion option in the Convertible Note of items 1 and 5 above, and the conversion price in the Securities Purchase Agreement and the associated warrants as derivative liabilities in accordance with SFAS 133, Accounting for Derivative Instruments and Hedging Activities and EITF 00-19

Accounting for Derivative Financial Instruments Indexed to and Potentially Settled in a Company's Own Stock due to the fact that the conversion feature and the warrants both have a variable conversion price. The fair value of the Convertible Note was determined utilizing the Black-Scholes stock option valuation model. The significant assumptions used in the valuation are: the exercise price as noted above; the stock price as of June 30, 2008; expected volatility of 66%; risk free interest rate of approximately 4.50%; and a term of six months.

NOTE 6 - INCOME TAXES

The Company recognizes deferred income taxes for the differences between financial accounting and tax bases of assets and liabilities. Income taxes for the years ended June 30, consist of the following:

	2008	2007
Current tax provision (benefit)	0	0
Deferred tax provision (benefit)	0	0
Total income tax provision (benefit)	\$ 0	\$ 0

There was a deferred tax asset of \$6,675,000 at June 30, 2008 relating primarily to net operating loss carryforwards of approximately \$22,000,000. The deferred income tax asset is fully offset by a valuation allowance of \$22,000,000.

NOTE 7 - STOCKHOLDERS EQUITY

During the year ended June 30, 2008 the Company issued 1,375,344,311 shares of stock as follows:

On October 4, 2007, the Company issued 566,314,129 shares of restricted common stock under the Share Exchange Agreement with Franchise Capital Corp. The value of the shares issued, over and above the net asset value of Aero, was recorded as goodwill and impaired.

On October 4, 2007, and in connection with the Share Exchange Agreement, the Company issued a total of 383,322,530 shares of common stock in exchange for debt and interest forgiveness of \$6,406,646. Included in this amount is \$1,750,000 in loans made from Franchise Capital to Aero which were forgiven as part of the share exchange.

During the year ended June 30, 2008, the Company issued 393,700,000 shares of common stock under court-ordered settlement of \$282,197 in past due loans and interest. In connection with the settlement, the Company recorded settlement costs of \$422,538 representing the difference between the fair market value of the stock on the date of settlement and the amount of the obligation.

In October 2007, the Company issued 31,660,000 shares of common stock to third parties under an S-8 Registration for services valued at \$545,321.

The Company also issued 347,652 shares on the exercise of warrants having a value of \$347,652.

NOTE 8 - MAJOR VENDOR

Included in Accounts Payable is an amount to one vendor which represents approximately 73.8% of the total amount owing.

NOTE 9 - COMMITMENTS AND CONTINGENCIES

The Company is obligated under one rental agreement for warehouse and office space totaling approximately 10,000 square feet ending in January 2011. Minimum future amounts per year under the agreement are as follows

Year end June 30, 2009	\$59,400
Year End June 30, 2010	\$59,400
Year End June 30, 2011	<u>\$34,650</u>
Total	\$153,450

Litigation:

The company is a defendant in three lawsuits arising out of the normal course of business. While the eventual outcome of litigation is hard to predict, the Company believes and has been advised that any settlement or result will not have a negative impact on it.

NOTE 10 - SUBSEQUENT EVENTS

Subsequent to June 30, 2008, the Company issued a combined total of 116,000,000 shares of restricted common stock in satisfaction of debt obligations totaling \$67,527.

Notes labeled 4, 5, and 6 in Note 4 were not satisfied and are in default.

SECTION 302

CERTIFICATION OF CHIEF EXECUTIVE OFFICER

I, Bryan Hunsaker, certify that:

(1) I have reviewed this annual report on Form 10-K of Aero Performance Products, Inc.;

(2) Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;

(3) Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;

(4) The registrant's other certifying officer(s) and I am responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:

(a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its unconsolidated investments, is made known to us by others within those entities, particularly during the period in which this report is being prepared;

(b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;

(c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and

(d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and

(5) The registrant's other certifying officer(s) and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):

(a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and

(b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
