(Mark One)

☒ Quarterly Report Pursuant to Section 13 or 15(d) of the Securities Exchange Act of 1934 for the Quarterly Period Ended June 30, 2018

☐ Transition Report Pursuant to Section 13 or 15(d) of the Securities Exchange Act of 1934 for the transition period from to .

Commission File Number: 001-31950

MONEYGRAM INTERNATIONAL, INC.

(Exact name of registrant as specified in its charter)

Delaware	16-1690064
(State or other jurisdiction of incorporation or organization)	(I.R.S. Employer Identification No.)
2828 N. Harwood St., 15th Floor	75201
Dallas, Texas	(Zip Code)

(Address of principal executive offices)

(214) 999-7552

(Registrant's telephone number, including area code)

Not applicable

(Former name, former address and former fiscal year, if changed since last report)

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes ☒ No ☐

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files). Yes ☒ No ☐

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, a smaller reporting company, or an emerging growth company. See the definitions of "large accelerated filer," "accelerated filer," "smaller reporting company," and "emerging growth company" in Rule 12b-2 of the Exchange Act.

Large accelerated filer <input type="checkbox"/>	Accelerated filer <input checked="" type="checkbox"/>
Non-accelerated filer <input type="checkbox"/> (Do not check if a smaller reporting company)	Smaller reporting company <input type="checkbox"/>
	Emerging growth company <input type="checkbox"/>

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act. ☐

Edgar Filing: MONEYGRAM INTERNATIONAL INC - Form 10-Q

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes ☐ No ☒

Indicate the number of shares outstanding of each of the issuer's classes of common stock, as of the latest practicable date.

As of August 1, 2018, 55,606,766 shares of common stock, \$0.01 par value, were outstanding.

MONEYGRAM INTERNATIONAL, INC.

NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

Note 1 — Description of the Business and Basis of Presentation

References to “MoneyGram,” the “Company,” “we,” “us” and “our” are to MoneyGram International, Inc. and its subsidiaries.

Nature of Operations — MoneyGram offers products and services under its two reporting segments: Global Funds Transfer and Financial Paper Products. The Global Funds Transfer segment provides global money transfer services and bill payment services to consumers. We primarily offer services through third-party agents, including retail chains, independent retailers, post offices and other financial institutions. We also offer Digital solutions such as moneygram.com, mobile solutions, account deposit and kiosk-based services. Additionally, we have limited Company-operated retail locations. The Financial Paper Products segment provides official check outsourcing services and money orders through financial institutions and agent locations.

Basis of Presentation — The accompanying unaudited Condensed Consolidated Financial Statements of MoneyGram are prepared in conformity with generally accepted accounting principles in the United States of America (“GAAP”) and the instructions to Form 10-Q and Rule 10-01 of Regulation S-X. Accordingly, they do not include all of the information and notes required for complete financial statements. In the opinion of management, all adjustments considered necessary for a fair presentation have been included and are of a normal recurring nature. Operating results for the three and six months ended June 30, 2018 are not necessarily indicative of the results that may be expected for future periods. For further information, refer to the Consolidated Financial Statements and Notes thereto included in the Company's Annual Report on Form 10-K for the year ended December 31, 2017.

In the first quarter of 2018, the Company changed the presentation of certain operating expenses, which are now presented as part of "Direct transaction expense" on the Condensed Consolidated Statements of Operations. Direct transaction expense includes expenses related to the processing of money transfers, such as customer authentication and funding costs. Prior period amounts have been updated to reflect the change in presentation, which had no impact on operating income, net income, earnings per share, or segments operating results.

Use of Estimates — The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. These estimates and assumptions are based on historical experience, future expectations and other factors and assumptions the Company believes to be reasonable under the circumstances. These estimates and assumptions are reviewed on an ongoing basis and are revised when necessary. Changes in estimates are recorded in the period of change. Actual amounts may differ from these estimates.

Recent Accounting Pronouncements and Related Developments — In May 2014, the Financial Accounting Standards Board (the "FASB") issued Accounting Standards Update ("ASU") 2014-09, Revenue from Contracts with Customers (Topic 606). The new guidance sets forth a five-step revenue recognition model which replaces the current revenue recognition guidance in its entirety and is intended to eliminate numerous industry-specific pieces of revenue recognition guidance and requires more detailed disclosures. To further assist with adoption and implementation of ASU 2014-09, the FASB issued the following ASUs:

- ASU 2016-08 (Issued March 2016) — Principal versus Agent Consideration (Reporting Revenue Gross versus Net)
- ASU 2016-10 (Issued April 2016) — Identifying Performance Obligations and Licensing
- ASU 2016-12 (Issued May 2016) — Narrow-Scope Improvements and Practical Expedients
- ASU 2016-20 (Issued December 2016) — Technical Corrections and Improvements to Topic 606, Revenue from Contracts with Customers

These ASUs are effective for public entities for interim and annual reporting periods beginning after December 15, 2017. The Company adopted these standards in the first quarter of 2018 using the cumulative effect transition method upon adoption. See Note 15 — Revenue Recognition for more information related to the Company's revenue from contracts with customers.

In February 2016, the FASB issued ASU 2016-02, Leases (Topic 842). ASU 2016-02 requires organizations to recognize lease assets and lease liabilities on the balance sheet and to disclose key information about leasing arrangements. The classification criteria for distinguishing between finance leases and operating leases are substantially similar to the classification criteria for distinguishing between capital leases and operating leases in the previous lease guidance. The FASB retained the distinction between finance leases and operating leases, leaving the effect of leases in the statement of comprehensive income and the statement of cash flows largely unchanged from previous GAAP. To further assist with adoption and implementation of ASU 2016-02, the FASB issued the following ASUs:

▲ASU 2018-10 (Issued July 2018) — Codification Improvements to Topic 842, Leases

▲ASU 2018-11 (Issued July 2018) — Leases (Topic 842): Targeted Improvements

Table of Contents

ASU 2018-11 provides entities with an additional transition method to adopt the new lease standard. Under this new transition method, an entity initially applies the new lease standard at the adoption date and recognizes a cumulative-effect adjustment to the opening balance of retained earnings in the period of adoption. The new lease standard is effective for fiscal years beginning after December 15, 2018. Early adoption of the amendment is permitted but the Company will not be early adopting this standard. Upon adoption the Company will utilize the new transition method allowed under ASU 2018-11.

The Company's leases consist primarily of operating leases for buildings, equipment and vehicles. While the Company continues to assess potential impacts from this standard, we currently expect the most significant impact will be the recognition of right-of-use assets and lease liabilities for operating leases. We expect our accounting for capital leases to remain substantially unchanged. Additionally, we intend to elect the available practical expedients on adoption. The Company anticipates that this standard will have a material impact on the Consolidated Balance Sheets. However, management believes that this standard will not have a material impact on the Consolidated Statements of Operations. In October 2016, the FASB issued ASU 2016-16, Income Taxes (Topic 740) - Intra-Entity Transfers of Assets Other Than Inventory. This standard requires that an entity should recognize the income tax consequences of an intra-entity transfer of an asset other than inventory when the transfer occurs. Consequently, the amendments in this standard eliminate the exception for an intra-entity transfer of an asset other than inventory. ASU 2016-16 is effective for public companies for annual reporting periods beginning after December 15, 2017, including interim reporting periods within those annual reporting periods. The Company adopted this standard in the first quarter of 2018 using the modified retrospective approach. The modified retrospective approach resulted in a cumulative effect of \$4.2 million to "Retained loss," consisting of a deferred charge of \$1.3 million offset by a recording of deferred tax balances of \$5.5 million from "Other assets" on the Condensed Consolidated Balance Sheets.

In March 2017, the FASB issued ASU 2017-07, Compensation - Retirement Benefits (Topic 715) - Improving the Presentation of Net Periodic Pension Cost and Net Periodic Postretirement Benefit Cost. The amendments in the standard require components of net periodic benefit cost, other than service cost, to be presented outside of income from operations. The Company adopted ASU 2017-07 in the first quarter of 2018. Prior to the adoption of this ASU, the Company presented net periodic benefit costs, other than service cost, in "Compensation and benefits" on the Condensed Consolidated Statements of Operations. Upon adoption, these costs were reclassified to "Other non-operating expense (income)" on the Condensed Consolidated Statements of Operations and the prior period was updated to reflect this change. For the three and six months ended June 30, 2018, net periodic benefit costs, other than service cost, were \$1.5 million and \$2.9 million, respectively. For the three and six months ended June 30, 2017, net periodic benefit costs, other than service cost, were \$1.4 million and \$2.7 million, respectively.

In February 2018, the FASB issued ASU 2018-02, Income Statement - Reporting Comprehensive Income (Topic 220) - Reclassification of Certain Tax Effects from Accumulated Other Comprehensive Income. The amendments in the standard allow a reclassification from accumulated other comprehensive income to retained earnings for stranded tax effects resulting from the legislation commonly known as the "Tax Cuts and Jobs Act," and also known as H.R. 1 - 115th Congress (the "TCJA"). ASU 2018-02 will not have an impact on the Consolidated Statements of Operations. The amendments in this standard also require certain disclosures about stranded tax effects. ASU 2018-02 is effective for all entities for fiscal years beginning after December 15, 2018, and interim periods within those fiscal years. Early adoption is permitted. The Company will not be early adopting this standard. The impact of this ASU is still being evaluated, but management does not expect this standard to have a material impact on the Consolidated Balance Sheets.

The Company has determined that there have been no other recently adopted or issued accounting standards that had, or will have, a material impact on its consolidated financial statements.

Merger Agreement — On January 26, 2017, MoneyGram International, Inc. entered into an Agreement and Plan of Merger (as amended by the First Amendment to the Agreement and Plan of Merger, dated April 15, 2017, the "Merger Agreement") with Alipay (UK) Limited, a United Kingdom limited company ("Alipay"), Matrix Acquisition Corp., a Delaware corporation and wholly owned subsidiary of Alipay ("Merger Sub"), and, solely for purposes of certain specified provisions of the Merger Agreement, Alipay (Hong Kong) Holding Limited, a Hong Kong limited company, providing for the merger of Merger Sub with and into the Company, with the Company surviving as a wholly owned

subsidiary of Alipay (the “Merger”). The closing of the Merger was subject to certain conditions, including clearance by the Committee on Foreign Investment in the United States (“CFIUS”) under the Defense Production Act of 1950, as amended. On January 2, 2018, the parties to the Merger Agreement were advised that CFIUS clearance of the Merger would not be forthcoming, and after further discussion between the parties, they determined to cease efforts to seek CFIUS approval and entered into a Termination Agreement (the “Termination Agreement”). Pursuant to the Termination Agreement, Alipay paid the Company a termination fee of \$30.0 million on January 3, 2018, which is recorded in "Other non-operating expense (income)" on the Condensed Consolidated Statements of Operations for the six months ended June 30, 2018. The parties agreed to release each other from certain claims and liabilities arising out of or relating to the Merger Agreement or the transactions contemplated thereby.

Table of Contents

Note 2 — Restructuring and Reorganization Costs

In the first quarter of 2018, the Company initiated a restructuring and reorganization program (the "Digital Transformation Program") to reduce operating expenses, focus on improving profitability and better align the organization to deliver new digital touch-points for customers and agents. In connection with the Digital Transformation Program, which is expected to be substantially completed in 2019, the Company expects over 350 employees to be affected, possibly through transfers or terminations, representing approximately 14% of the Company's global workforce as of December 31, 2017. The Company expects to incur restructuring and reorganization charges between \$15.0 million to \$18.0 million, consisting primarily of severance and outplacement benefits (between \$10.5 million to \$11.0 million), real estate lease termination and other associated costs (between \$3.0 million to \$3.5 million), legal and other costs (between \$1.0 million to \$2.5 million), and reorganization costs (between \$0.5 million to \$1.0 million). The actual timing and costs of the plan may differ from the Company's current expectations and estimates.

The following table is a roll-forward of the restructuring and reorganization costs accrual as of June 30, 2018:

(Amounts in millions)	Digital Transformation Program
Balance, December 31, 2017	\$ —
Expenses	12.8
Cash payments	(9.2)
Non-cash operating expenses	(2.3)
Balance, June 30, 2018	\$ 1.3

The following table is a summary of the cumulative restructuring and reorganization costs incurred to date in operating expenses and the estimated remaining restructuring and reorganization costs to be incurred as of June 30, 2018:

(Amounts in millions)	Digital Transformation Program
Cumulative restructuring costs incurred to date in operating expenses	\$ 12.3
Estimated additional restructuring costs to be incurred	4.7
Total restructuring costs incurred and to be incurred	17.0
Cumulative reorganization costs incurred to date in operating expenses	0.5
Estimated additional reorganization costs to be incurred	0.5
Total reorganization costs incurred and to be incurred	1.0
Total restructuring and reorganization costs incurred and to be incurred	\$ 18.0

The following table summarizes the restructuring and reorganization costs recorded:

(Amounts in millions)	Three Months Ended June 30, 2018	Six Months Ended June 30, 2018
Restructuring costs in operating expenses:		
Compensation and benefits	\$ 3.2	\$ 9.2
Transaction and operations support	0.4	1.6
Occupancy, equipment and supplies	1.1	1.2

Total reorganization costs incurred and to be incurred	—	1.0	1.0
Total restructuring and reorganization costs incurred and to be incurred	\$ 17.0	\$ 1.0	\$ 18.0

Note 3 — Settlement Assets and Payment Service Obligations

The Company records payment service obligations relating to amounts payable under money transfers, money orders and consumer payment service arrangements. These obligations are recognized by the Company at the time the underlying transaction occurs. The Company records corresponding settlement assets, which represent funds received or to be received for unsettled money transfers, money orders and consumer payments.

The following table summarizes the amount of Settlement assets and Payment service obligations:

(Amounts in millions)	June 30, 2018	December 31, 2017
Settlement assets:		
Settlement cash and cash equivalents	\$ 1,353.2	\$ 1,469.9
Receivables, net	1,004.3	1,125.8
Interest-bearing investments	1,152.8	1,154.2
Available-for-sale investments	6.3	7.0
	\$ 3,516.6	\$ 3,756.9
Payment service obligations	\$(3,516.6)	\$(3,756.9)

Note 4 — Fair Value Measurement

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability, or the exit price, in an orderly transaction between market participants on the measurement date.

Table of Contents

The following table summarizes the Company's financial assets and liabilities measured at fair value by hierarchy level on a recurring basis:

(Amounts in millions)	Level 2	Level 3	Total
June 30, 2018			
Financial assets:			
Available-for-sale investments:			
Residential mortgage-backed securities	\$ 5.0	\$ —	\$ 5.0
Asset-backed and other securities	—	1.3	1.3
Forward contracts	0.4	—	0.4
Total financial assets	\$ 5.4	\$ 1.3	\$ 6.7
Financial liabilities:			
Forward contracts	\$ 0.1	\$ —	\$ 0.1

December 31, 2017

Financial assets:

Available-for-sale investments:

Residential mortgage-backed securities	\$ 5.6	\$ —	\$ 5.6
Asset-backed and other securities	—	1.4	1.4
Forward contracts	0.2	—	0.2
Total financial assets	\$ 5.8	\$ 1.4	\$ 7.2

Financial liabilities:

Forward contracts	\$ 1.0	\$ —	\$ 1.0
-------------------	--------	------	--------

The following table provides a roll-forward of the asset-backed and other securities classified as Level 3, which are measured at fair value on a recurring basis:

(Amounts in millions)	Three Months Ended June 30,		Six Months Ended June 30,	
	2018	2017	2018	2017
Beginning balance	\$1.3	\$10.6	\$1.4	\$10.6
Principal paydowns	—	(0.7)	—	(0.8)
Change in unrealized gains (losses)	—	4.1	(0.1)	4.2
Net realized gains	—	(12.2)	—	(12.2)
Ending balance	\$1.3	\$1.8	\$1.3	\$1.8

Assets and liabilities that are disclosed at fair value — Debt and interest-bearing investments are carried at amortized cost; however, the Company estimates the fair value of debt for disclosure purposes. The fair value of debt is estimated using an observable market quotation (Level 2). The following table is a summary of the Company's fair value and carrying value of debt:

(Amounts in millions)	Fair Value		Carrying Value	
	June 30, 2018	December 31, 2017	June 30, 2018	December 31, 2017
Senior secured credit facility	\$875.2	\$ 910.8	\$909.3	\$ 914.2

The carrying amounts for the Company's cash and cash equivalents, settlement cash and cash equivalents, interest-bearing investments and payment service obligations approximate fair value as of June 30, 2018 and December 31, 2017.

Table of Contents

Note 5 — Investment Portfolio

The following table shows the components of the investment portfolio:

(Amounts in millions)	June 30, 2018	December 31, 2017
Cash	\$1,551.2	\$1,654.5
Money market securities	2.4	5.4
Cash and cash equivalents ⁽¹⁾	1,553.6	1,659.9
Interest-bearing investments	1,152.8	1,154.2
Available-for-sale investments	6.3	7.0
Total investment portfolio	\$2,712.7	\$2,821.1

⁽¹⁾ For purposes of the disclosure of the investment portfolio as a whole, the cash and cash equivalents balance includes settlement cash and cash equivalents.

The following table is a summary of the amortized cost and fair value of available-for-sale investments:

(Amounts in millions)	Amortized Cost	Gross Unrealized Gains	Fair Value
June 30, 2018			
Residential mortgage-backed securities	\$ 4.7	\$ 0.3	\$ 5.0
Asset-backed and other securities	0.2	1.1	1.3
Total	\$ 4.9	\$ 1.4	\$ 6.3

December 31, 2017

Residential mortgage-backed securities	\$ 5.2	\$ 0.4	\$ 5.6
Asset-backed and other securities	0.2	1.2	1.4
Total	\$ 5.4	\$ 1.6	\$ 7.0

As of June 30, 2018 and December 31, 2017, 79% and 80%, respectively, of the fair value of the available-for-sale portfolio were invested in residential mortgage-backed securities issued by U.S. government agencies. These securities have the implicit backing of the U.S. government, and the Company expects to receive full par value upon maturity or pay-down, as well as all interest payments.

Gains and Losses — For the three and six months ended June 30, 2018, the Company had no net realized gains or losses. For the three and six months ended June 30, 2017, the Company recognized \$12.2 million of investment income from the redemption at par value of \$12.7 million of a previously impaired asset-backed security in "Investment revenue" on the Condensed Consolidated Statement of Operations. Prior to the redemption, the security had \$0.5 million in book value with \$7.9 million in unrealized gains. The Company had nominal unrealized losses in its available-for-sale portfolio as of June 30, 2018 and December 31, 2017. See summary of net unrealized gains included in Accumulated other comprehensive loss in Note 9 — Stockholders' Deficit.

Contractual Maturities — Actual maturities may differ from contractual maturities as borrowers may have the right to call or prepay obligations, sometimes without call or prepayment penalties. Maturities of residential mortgage-backed and asset-backed and other securities depend on the repayment characteristics and experience of the underlying obligations.

Note 6 — Derivative Financial Instruments

The Company uses forward contracts to manage its foreign currency needs and foreign currency exchange risk arising from its assets and liabilities denominated in foreign currencies. While these contracts may mitigate certain foreign currency risk, they are not designated as hedges for accounting purposes and will result in gains and losses. The

Company also reports gains and losses from the spread differential between the rate set for its transactions and the actual cost of currency at the time the Company buys or sells in the open market.

Table of Contents

The following (losses) gains related to assets and liabilities denominated in foreign currencies are included in the "Transaction and operations support" line in the Condensed Consolidated Statements of Operations and in the "Net cash provided by operating activities" line in the Condensed Consolidated Statements of Cash Flows:

	Three Months Ended June 30,		Six Months Ended June 30,	
(Amounts in millions)	2018	2017	2018	2017
Net realized foreign currency (loss) gain	\$(4.3)	\$11.3	\$(3.8)	\$14.3
Net gain (loss) from the related forward contracts	5.6	(8.2)	5.1	(10.2)
Net gains from foreign currency transactions and related forward contracts	\$1.3	\$3.1	\$1.3	\$4.1

As of June 30, 2018 and December 31, 2017, the Company had \$314.8 million and \$311.5 million, respectively, of outstanding notional amounts relating to its foreign currency forward contracts. The Company reflects the following fair values of derivative forward contract instruments in its Condensed Consolidated Balance Sheets:

		Gross Amount of Recognized Assets		Gross Amount of Offset		Net Amount of Assets Presented in the Condensed Consolidated Balance Sheets	
(Amounts in millions) Balance Sheet Location		June 30, 2018	December 31, 2017	June 30, 2018	December 31, 2017	June 30, 2018	December 31, 2017
Forward contracts	Other assets	\$ 0.6	\$ 0.4	\$(0.2)	\$(0.2)	\$ 0.4	\$ 0.2

		Gross Amount of Recognized Liabilities		Gross Amount of Offset		Net Amount of Liabilities Presented in the Condensed Consolidated Balance Sheets	
(Amounts in millions) Balance Sheet Location		June 30, 2018	December 31, 2017	June 30, 2018	December 31, 2017	June 30, 2018	December 31, 2017
Forward contracts	Accounts payable and other liabilities	\$ 0.3	\$ 1.2	\$(0.2)	\$(0.2)	\$ 0.1	\$ 1.0

The Company's forward contracts are primarily executed with counterparties governed by International Swaps and Derivatives Association agreements that generally include standard netting arrangements. Asset and liability positions from forward contracts and all other foreign exchange transactions with the same counterparty are net settled upon maturity.

The Company is exposed to credit loss in the event of non-performance by counterparties to its derivative contracts. In the unlikely event the counterparty fails to meet the contractual terms of the derivative contract, the Company's risk is limited to the fair value of the instrument. The Company has not had any historical instances of non-performance by any counterparties, nor does it anticipate any future instances of non-performance.

Note 7 — Debt

The following is a summary of the Company's outstanding debt:

(Amounts in millions, except percentages)	June 30, 2018	December 31, 2017
	Effective Interest	Effective Interest

Edgar Filing: MONEYGRAM INTERNATIONAL INC - Form 10-Q

	Rate		Rate
Senior secured credit facility due 2020	5.58 %	\$909.3	4.94 % \$914.2
Unamortized debt issuance costs and debt discount	(4.7)		(6.1)
Total debt, net		\$904.6	\$908.1

The Company's effective interest rate on senior secured borrowings increased from 4.94% as of December 31, 2017 to 5.58% as of June 30, 2018, due to an increase in the Eurodollar rate.

Table of Contents

Revolving Credit Facility — As of June 30, 2018, the Company had no outstanding letters of credit and no borrowings under its revolving credit facility, leaving \$85.8 million of availability thereunder. Pursuant to an amendment to the credit agreement, dated December 12, 2016, among other things, the aggregate revolving credit commitments were decreased from \$150.0 million to \$125.0 million for the period beginning December 12, 2016 and ending March 27, 2018 (the remainder of the original revolving credit facility term). This amendment also extended the maturity date of the revolving credit commitments of the extending lenders, which represent commitments of \$85.8 million in the aggregate, from March 28, 2018 to September 28, 2019.

Debt Covenants and Other Restrictions — Borrowings under the credit agreement that provides for the senior secured facility due 2020 and the revolving credit facility are subject to various limitations that restrict the Company's ability to: incur additional indebtedness; create or incur additional liens; effect mergers and consolidations; make certain acquisitions or investments; sell assets or subsidiary stock; pay dividends and other restricted payments; and effect loans, advances and certain other transactions with affiliates. In addition, the revolving credit facility has covenants that place limitations on the use of proceeds from borrowings under the facility.

The revolving credit facility contains certain financial covenants, in addition to the non-financial covenants described above. The Company is required to maintain asset coverage greater than its payment service obligations. Assets used in the determination of the asset coverage covenant are cash and cash equivalents and settlement assets. The Company's assets in excess of payment service obligations used for the asset coverage calculation, which is equal to total cash and cash equivalents and settlement assets less payment service obligations, are \$200.4 million and \$190.0 million as of June 30, 2018 and December 31, 2017, respectively.

The credit agreement also has quarterly financial covenants to maintain the following interest coverage and secured leverage ratios:

	Interest Coverage Minimum Ratio	Secured Leverage Ratio Not to Exceed
January 1, 2018 through June 30, 2018	2.25:1	4.000:1
July 1, 2018 through December 31, 2018	2.25:1	3.750:1
January 1, 2019 through maturity	2.25:1	3.500:1

As of June 30, 2018, the Company was in compliance with its financial covenants: our interest coverage ratio was 6.11 to 1.00 and our secured leverage ratio was 3.227 to 1.00. We continuously monitor our compliance with our debt covenants.

Note 8 — Pension and Other Benefits

The following table is a summary of net periodic benefit expense for the Company's defined benefit pension plan ("Pension Plan") and supplemental executive retirement plans ("SERPs"), collectively referred to as "Pension":

	Three Months Ended June 30,		Six Months Ended June 30,	
(Amounts in millions)	2018	2017	2018	2017
Interest cost	\$1.5	\$1.6	\$3.1	\$3.1
Expected return on plan assets	(1.2)	(1.2)	(2.5)	(2.5)
Amortization of net actuarial loss	1.1	1.1	2.2	2.2
Net periodic benefit expense	\$1.4	\$1.5	\$2.8	\$2.8

The following table is a summary of net periodic benefit income for the Company's postretirement medical benefit plan ("Postretirement Benefits"):

	Three Months Ended June 30,	Six Months Ended June 30,
--	-----------------------------	---------------------------

(Amounts in millions)	2018	2017	2018	2017
Amortization of prior service credit	\$—	\$(0.1)	\$—	\$(0.2)
Amortization of net actuarial loss	0.1	—	0.1	0.1
Net periodic benefit expense (income)	\$0.1	\$(0.1)	\$0.1	\$(0.1)

Net periodic benefit expense (income) for the Pension and Postretirement Benefits is recorded in "Other non-operating expense (income)" on the Condensed Consolidated Statements of Operations.

Table of Contents

Note 9 — Stockholders' Deficit

Common Stock — No dividends were paid during the three or six months ended June 30, 2018 or June 30, 2017.

Accumulated Other Comprehensive Loss — The following tables are a summary of the changes to Accumulated other comprehensive loss by component:

(Amounts in millions)	Net unrealized gains on securities classified as available-for-sale, net of tax	Cumulative foreign currency translation adjustments, net of tax	Pension and Postretirement Benefits adjustments, net of tax	Total
January 1, 2018	\$ 2.2	\$ (10.4)	\$ (54.8)	\$(63.0)

Amortization of net actuarial loss	1.2	1.1	2.3	2.3	"Compensation and benefits"
Total before tax	1.2	1.0	2.3	2.1	
Tax benefit, net	(0.4)	(0.3)	(0.6)	(0.7)	
Total, net of tax	\$0.8	\$0.7	\$1.7	\$1.4	
Total reclassified for the period, net of tax	\$0.8	\$(11.5)	\$1.7	\$(10.8)	

Note 10 — Stock-Based Compensation

The following table is a summary of the Company's stock-based compensation expense:

(Amounts in millions)	Three Months Ended June 30,		Six Months Ended June 30,	
	2018	2017	2018	2017
Expense recognized related to stock options	\$—	\$0.1	\$—	\$0.4
Expense recognized related to restricted stock units	2.7	3.4	7.5	7.1
Stock-based compensation expense	\$2.7	\$3.5	\$7.5	\$7.5

Stock Options — The following table is a summary of the Company's stock option activity:

	Shares	Weighted-Average Exercise Price	Weighted-Average Remaining Contractual Term	Aggregate Intrinsic Value (\$000,000)
Options outstanding at December 31, 2017	2,019,850	\$ 17.72	2.8 years	\$ 0.6
Forfeited/Expired	(163,809)	19.96		
Options outstanding, vested or expected to vest, and exercisable at June 30, 2018	1,856,041	\$ 17.53	1.8 years	\$ —

As of June 30, 2018, the Company had no unrecognized stock option expense related to outstanding options.

Restricted Stock Units — In March 2018, the Company issued time-based and performance-based restricted stock units. The time-based restricted stock units vest in three equal installments on each anniversary of the grant date. The performance-based restricted stock units are subject to performance conditions that must be satisfied. If such performance conditions are satisfied at the conclusion of a one-year performance period, the performance-based restricted stock units will vest in three equal installments on each anniversary of the grant date. With respect to the

performance-based restricted stock units, the number of restricted stock units eligible to vest is based on the performance achievement percentage determined by straight line interpolation using the aggregate of 75% based on Adjusted EBITDA and 25% based on constant currency revenue. Adjusted EBITDA is EBITDA (earnings before interest, taxes, depreciation and amortization, including agent signing bonus amortization) adjusted for certain significant items. Achievement of the threshold level of target in the aggregate for both performance conditions will result in a percentage payout of 50% of the performance-based restricted stock units. No performance-based restricted stock units will vest for performance achievement below the thresholds.

Table of Contents

The following table is a summary of the Company's restricted stock unit activity:

	Total Shares	Weighted Average Price	Weighted-Average Remaining Contractual Term	Aggregate Intrinsic Value (\$000,000)
Restricted stock units outstanding at December 31, 2017	3,266,912	\$ 8.78	0.7 years	\$ 43.1
Granted	1,271,800	10.45		
Vested and converted to shares	(1,962,869)	8.30		
Forfeited	(275,982)	10.97		
Restricted stock units outstanding at June 30, 2018	2,299,861	\$ 9.85	1.3 years	\$ 15.4
Restricted stock units vested and outstanding at June 30, 2018	39,869	\$ 8.15		\$ 0.3

As of June 30, 2018, the Company's outstanding restricted stock units had unrecognized compensation expense of \$17.5 million with a remaining weighted-average vesting period of 1.4 years. Unrecognized restricted stock unit expense and the remaining weighted-average vesting period are presented using the Company's current estimate of achievement of performance goals. The Company had \$0.4 million of cash settled restricted stock units. The grant-date fair value of restricted stock units vested and converted was \$0.9 million and \$16.3 million for the three and six months ended June 30, 2018, respectively, and \$1.2 million and \$14.4 million for the three and six months ended June 30, 2017, respectively.

Note 11 — Income Taxes

For the three months ended June 30, 2018, the Company recognized income tax benefit of \$7.4 million on pre-tax loss of \$5.1 million, primarily due to a one-time \$4.0 million deferred tax benefit from a reorganization of our corporate structure and a \$2.6 million reduction of foreign uncertain tax positions, offset by an increase to the Company's provisional tax obligation for the one-time transition tax imposed by the TCJA as discussed in more detail below. For the six months ended June 30, 2018, the Company recognized income tax expense of \$7.4 million on a pre-tax income of \$16.8 million, primarily due to non-deductible expenses, including the accrual related to the deferred prosecution agreement (the "DPA"), as discussed in more detail in Note 12 — Commitments and Contingencies, and the adverse tax consequences related to the new provisions enacted under the TCJA, as discussed in more detail herein, which result in multiple taxation of a single item of income.

For the three and six months ended June 30, 2017, the Company recognized income tax expense of \$2.4 million and \$4.9 million on a pre-tax income of \$8.6 million and \$19.9 million, respectively. The recorded income tax expense differs from taxes calculated at the statutory rate for the three and six months ended June 30, 2017, primarily due to a net tax benefit recognized for the redemption of a previously impaired asset-backed security of \$3.8 million. Additionally, for the six months ended June 30, 2017, the Company recognized a tax benefit on stock-based compensation. For more information related to the redemption see Note 5 — Investment Portfolio.

On December 22, 2017, the TCJA, which significantly revises the Internal Revenue Code of 1986, as amended, was enacted. The TCJA, among other things, contains significant changes to the U.S. corporate tax laws, including i) a permanent reduction of the corporate income tax rate, ii) a limitation on the deductibility of business interest expense, iii) limitation of the deductions for certain executive compensation and other business expenses, iv) limitation of the deduction for certain net operating losses to 80% of current year taxable income, v) an indefinite net operating loss carryforward, vi) immediate deductions for new investments in certain business assets instead of deductions for depreciation expense over time, vii) modification or repeal of many business deductions and credits (including certain foreign tax credits), viii) a shift of the U.S. taxation of multinational corporations from a tax on worldwide income to a modified territorial system (retaining certain existing rules and containing new rules, such as the global intangible

low-taxed income provisions, designed to include in the U.S. income tax base certain income generated in non-U.S. territories whether or not that income has been repatriated to the U.S.), ix) a minimum taxing system related to payments deemed to erode the U.S. tax base referred to as a tax on base erosion payments, and x) a one-time tax on accumulated offshore earnings held in cash and illiquid assets (with the latter taxed at a lower rate). As the provisions under the TCJA interact with previously-existing U.S. tax law, separation of income into baskets and required expense allocations can restrict the taxpayer's ability to credit foreign taxes paid whereby causing double taxation. In addition, routine business expenses can be deemed to erode the U.S. tax base. As such, the TCJA has a material impact on our year to date 2018 income tax expense.

The Company has made reasonable estimates of certain effects related to the TCJA and, therefore, has recorded the below provisional amounts for the year ended December 31, 2017.

Table of Contents

As a result of the reduction in the U.S. corporate income tax rate from 35% to 21% under the TCJA, the Company revalued its ending net deferred tax liabilities at December 31, 2017 and recognized a provisional \$19.8 million tax benefit in the Company's consolidated statement of income for the year ended December 31, 2017.

The Company recognized a provisional net \$3.0 million tax benefit for the remeasurement of previously recorded deferred tax assets and liabilities primarily associated with historical earnings in its foreign subsidiaries, which was provisionally reduced to \$2.3 million during the three months ended June 30, 2018.

As of June 30, 2018, the accounting for certain income tax effects of the TCJA is not complete. During the six months ended June 30, 2018, the Company increased its provisional tax obligation for the one-time transition tax imposed by the TCJA due to revised estimates of the Company's previously undistributed earnings of foreign subsidiaries, resulting in a charge of \$0.7 million recorded in income tax expense. The provisional amounts may change when the Company completes its review and analysis later in 2018 or if additional guidance of the relevant tax code is released. We continue to examine the impact the TCJA has on the Company, which could adversely affect our business, financial condition and results of operations. Until the analysis is complete, the Company will account for the tax effects of global intangible low-tax income as a component of income tax expense in the period the tax arises, as opposed to recognizing both the current and deferred tax consequences of the related investments in its foreign subsidiaries. The Company is continuing its analysis of the effects of the TCJA and expects to finalize its accounting policy election in the latter half of 2018.

Unrecognized tax benefits are recorded in "Accounts payable and other liabilities" in the Condensed Consolidated Balance Sheets. As of June 30, 2018 and December 31, 2017, the liability for unrecognized tax benefits was \$17.1 million and \$28.7 million, respectively, exclusive of interest and penalties. For the six months ended June 30, 2018 and 2017, the net amount of unrecognized tax benefits that if recognized could impact the effective tax rate was \$17.1 million and \$17.6 million, respectively. The Company accrues interest and penalties for unrecognized tax benefits through "Income tax expense" in the Condensed Consolidated Statements of Operations. For the six months ended June 30, 2018 and 2017, the Company's accrual for interest and penalties decreased by \$2.2 million and increased by \$1.1 million, respectively. The significant decreases in the liability for unrecognized tax benefits and interest for the six months ended June 30, 2018 were related to a decrease in foreign taxes. As of June 30, 2018 and December 31, 2017, the Company had a liability of \$6.7 million and \$8.9 million, respectively, accrued for interest and penalties within "Accounts payable and other liabilities." As a result of the Company's litigation related to its securities losses previously discussed, it is possible that there could be a significant decrease to the total amount of unrecognized tax benefits over the next 12 months. However, as of June 30, 2018, it is not possible to reasonably estimate the expected change to the total amount of unrecognized tax positions over the next 12 months.

Note 12 — Commitments and Contingencies

Legal Proceedings — The matters set forth below are subject to uncertainties and outcomes that are not predictable. The Company accrues for these matters as any resulting losses become probable and can be reasonably estimated. Further, the Company maintains insurance coverage for many claims and litigation matters. In relation to various legal matters, including those described below, the Company had \$95.5 million and \$85.5 million of liability recorded in the "Accounts payable and other liabilities" line in the Condensed Consolidated Balance Sheets as of June 30, 2018 and December 31, 2017, respectively. A nominal charge and a charge of \$10.0 million were recorded for legal proceedings during the three and six months ended June 30, 2018, respectively, in the "Transaction and operations support" line in the Condensed Consolidated Statements of Operations. A nominal charge and a charge of \$0.9 million were recorded for legal proceedings during the three and six months ended June 30, 2017, respectively, in the "Transaction and operations support" line in the Condensed Consolidated Statements of Operations.

Litigation Commenced Against the Company:

The Company is involved in various claims and litigation that arise from time to time in the ordinary course of the Company's business. Management does not believe that after final disposition any of these matters is likely to have a material adverse impact on the Company's financial condition, results of operations or cash flows.

Government Investigations:

OFAC — In 2015, we initiated an internal investigation to identify any payments processed by the Company that were violations of the U.S. Department of the Treasury's Office of Foreign Assets Control ("OFAC") sanctions regulations. We notified OFAC of the internal investigation, which was conducted in conjunction with the Company's outside counsel. On March 28, 2017, we filed a Voluntary Self-Disclosure with OFAC regarding the findings of our internal investigation. OFAC is currently reviewing the results of the Company's investigation. At this time, it is not possible to determine the outcome of this matter, or the significance, if any, to our business, financial condition, or operations, and we cannot predict when OFAC will conclude its review of our Voluntary Self-Disclosure.

Table of Contents

Deferred Prosecution Agreement — In November 2012, we announced that a settlement was reached with the U.S. Attorney's Office for the Middle District of Pennsylvania (the "MDPA") and the U.S. DOJ relating to the previously disclosed investigation of transactions involving certain of our U.S. and Canadian agents, as well as fraud complaint data and the consumer anti-fraud program, during the period from 2003 to early 2009. In connection with this settlement, we entered into the DPA with the MDPA and U.S. DOJ (collectively, the "Government") dated November 8, 2012.

On November 1, 2017, the Company agreed to a stipulation with the Government that the five-year term of the Company's DPA be extended for 90 days to February 6, 2018. On January 31, 2018, the Company agreed with the Government that the term of the DPA be extended for an additional 45 days to March 23, 2018; on March 21, 2018, the Company agreed with the Government that the term of the DPA be further extended for an additional 45 days to May 7, 2018; on May 7, 2018, the Company agreed with the Government that the term of the DPA be further extended for an additional 45 days to June 21, 2018; and on June 19, 2018, the Company agreed with the Government that the term of the DPA be further extended for an additional 90 days to September 18, 2018. Any extension of the DPA extends all terms of the DPA, including the term of the monitorship for an equivalent period. The purpose of the extensions is to provide the Company and the Government additional time to discuss whether the Company is in compliance with the DPA. There can be no assurance that the Company and the Government will continue to be able to negotiate a mutually satisfactory outcome during the latest extension (or any further short-term extension of the DPA) or that such outcome will not include a further extension of the DPA, financial penalties or additional restrictions on the Company. Furthermore, there can be no assurance that the Government will not seek any other remedy, including criminal prosecution and financial penalties, in lieu of an extension of the DPA and monitorship. The Company has recorded a \$95.0 million accrual in connection with a possible resolution of this matter, based on the facts and circumstances known at the time. However, the Company is unable to reasonably estimate the ultimate loss and no assurance can be given that future costs and payments made in connection with this matter will not materially exceed the amount currently recorded or that the Government will not also seek to impose non-monetary remedies or penalties.

Other Matters — The Company is involved in various other government inquiries and other matters that arise from time to time. Management does not believe that after final disposition any of these other matters is likely to have a material adverse impact on the Company's financial condition, results of operations or cash flows.

Actions Commenced by the Company:

Tax Litigation — The IRS completed its examination of the Company's consolidated income tax returns through 2013 and issued Notices of Deficiency for 2005-2007 and 2009, and an Examination Report for 2008. The Notices of Deficiency and Examination Report disallow, among other items, approximately \$900.0 million of ordinary deductions on securities losses in the 2007, 2008 and 2009 tax returns. In May 2012 and December 2012, the Company filed petitions in the U.S. Tax Court challenging the 2005-2007 and 2009 Notices of Deficiency, respectively. In 2013, the Company reached a partial settlement with the IRS allowing ordinary loss treatment on \$186.9 million of deductions in dispute. In January 2015, the U.S. Tax Court granted the IRS's motion for summary judgment upholding the remaining adjustments in the Notices of Deficiency. The Company filed a notice of appeal with the U.S. Tax Court on July 27, 2015 for an appeal to the U.S. Court of Appeals for the Fifth Circuit. Oral arguments were held before the Fifth Circuit on June 7, 2016, and on November 15, 2016, the Fifth Circuit vacated the Tax Court's decision and remanded the case to the Tax Court for further proceedings. The Company filed a motion for summary judgment in the Tax Court on May 31, 2017. On August 23, 2017, the IRS filed a motion for summary judgment and its response to the Company's motion for summary judgment. The Tax Court has directed the parties to agree to a joint stipulation of facts to be filed with the court, at which point the Company expects to file a revised memorandum in support of its motion for summary judgment, and the IRS is expected to file its cross motion for summary judgment.

The January 2015 Tax Court decision was a change in facts which warranted reassessment of the Company's uncertain tax position. Although the Company believes that it has substantive tax law arguments in favor of its position and has appealed the ruling, the reassessment resulted in the Company determining that it is no longer more likely than not that its existing position will be sustained. Accordingly, the Company re-characterized certain deductions relating to

securities losses to be capital in nature, rather than ordinary. The Company recorded a full valuation allowance against these losses in the quarter ended March 31, 2015. This change increased "Income tax expense" in the Consolidated Statements of Operations in the quarter ended March 31, 2015 by \$63.7 million. During 2015, the Company made payments to the IRS of \$61.0 million for federal tax payments and associated interest related to the matter. The November 2016 Fifth Circuit decision to remand the case back to the U.S. Tax Court does not change the Company's current assessment regarding the likelihood that these deductions will be sustained. Accordingly, no change in the valuation allowance was made as of June 30, 2018. Pending the outcome of the Tax Court proceeding, the Company may be required to file amended state returns and make additional cash payments of up to \$18.9 million on amounts that have previously been accrued.

Table of Contents

Note 13 — Earnings per Common Share

For all periods in which it is outstanding, the Series D Participating Convertible Preferred Stock (the "D Stock") is included in the weighted-average number of common shares outstanding utilized to calculate basic earnings per common share because the D Stock is deemed a common stock equivalent. Diluted earnings per common share reflects the potential dilution that could result if securities or incremental shares arising out of the Company's stock-based compensation plans were exercised or converted into common stock. Diluted earnings per common share assumes the exercise of stock options using the treasury stock method.

The following table is a reconciliation of the weighted-average amounts used in calculating earnings per share:

	Three Months Ended June 30,		Six Months Ended June 30,	
(Amounts in millions)	2018	2017	2018	2017
Basic common shares outstanding	64.5	63.0	64.1	62.6
Shares related to stock options and restricted stock units	1.9	3.3	2.2	3.5
Diluted common shares outstanding	66.4	66.3	66.3	66.1

Potential common shares are excluded from the computation of diluted earnings per common share when the effect would be anti-dilutive. All potential common shares are anti-dilutive in periods of net loss available to common stockholders. Stock options are anti-dilutive when the exercise price of these instruments is greater than the average market price of the Company's common stock for the period. The following table summarizes the weighted-average potential common shares excluded from diluted earnings per common share as their effect would be anti-dilutive:

	Three Months Ended June 30,		Six Months Ended June 30,	
(Amounts in millions)	2018	2017	2018	2017
Shares related to stock options	1.9	1.1	1.9	1.7
Shares related to restricted stock units	0.4	0.5	0.2	0.3
Shares excluded from the computation	2.3	1.6	2.1	2.0

Note 14 — Segment Information

The Company's reporting segments are primarily organized based on the nature of products and services offered and the type of consumer served. The Company has two reporting segments: Global Funds Transfer and Financial Paper Products. See Note 1 — Description of the Business and Basis for Presentation for further discussion on our segments. One of the Company's agents for the total of the Global Funds Transfer and Financial Paper Products segments accounted for 16% and 17% of total revenue for the three and six months ended June 30, 2018, respectively, and 17% and 18% of total revenue for the three and six months ended June 30, 2017, respectively.

The following table is a summary of the total revenue by segment:

	Three Months Ended June 30,		Six Months Ended June 30,	
(Amounts in millions)	2018	2017	2018	2017
Global Funds Transfer revenue				
Money transfer revenue	\$329.7	\$356.9	\$666.3	\$698.6
Bill payment revenue	19.5	20.7	40.3	45.8
Total Global Funds Transfer revenue	349.2	377.6	706.6	744.4

Financial Paper Products revenue

Money order revenue	14.2	16.7	27.6	29.2
Official check revenue	11.2	15.7	20.4	22.5
Total Financial Paper Products revenue	25.4	32.4	48.0	51.7
Total revenue	\$374.6	\$410.0	\$754.6	\$796.1

Table of Contents

The following table is a summary of the operating income by segment and detail of the income before income taxes:

	Three Months Ended June 30,		Six Months Ended June 30,	
(Amounts in millions)	2018	2017 ⁽¹⁾	2018	2017 ⁽¹⁾
Global Funds Transfer operating income	\$5.7	\$12.3	\$7.1	\$37.5
Financial Paper Products operating income	7.1	17.4	12.7	22.1
Total segment operating income	12.8	29.7	19.8	59.6
Other operating loss	(2.8)	(8.5)	(4.1)	(15.0)
Total operating income	10.0	21.2	15.7	44.6
Interest expense	13.7	11.2	26.0	22.0
Other non-operating expense (income)	1.4	1.4	(27.1)	2.7
(Loss) income before income taxes	\$(5.1)	\$8.6	\$16.8	\$19.9

(1) In the fourth quarter of 2017, the Company's management determined that there was an error with respect to the allocation of certain expenses between the reporting segments in the first three quarters of 2017. The Company assessed the materiality of the misstatement both quantitatively and qualitatively and determined that the error was immaterial to all prior consolidated financial statements, taken as a whole. Accordingly, prior period amounts have been adjusted to reflect the correction of the error. This correction resulted in a decrease to Global Funds Transfer operating income of \$2.4 million, an increase to Financial Paper Products operating income of \$0.2 million and a decrease to Other operating loss of \$2.2 million for the three months ended June 30, 2017. This correction also resulted in a decrease to Global Funds Transfer operating income of \$3.3 million, an increase to Financial Paper Products operating income of \$0.1 million and a decrease to Other operating loss of \$3.2 million for the six months ended June 30, 2017. There was no impact on total operating income or other reported financial statement amount.

Total assets by segment — In the second quarter of 2018, the Company changed its accounting policy related to the presentation of segment assets to be aligned with a change in the reporting package provided to our Chief Operating Decision Maker. The presentation change had no impact on the segments' operations. Under the new policy, payment service obligations are specifically identified to each reporting segment. Settlement assets, with the exception of interest-bearing and available-for-sale investments which belong to the Financial Paper Product segment, are allocated to cover the segments' corresponding payment service obligations. Reported cash and cash equivalents, which are the assets in excess of payment service obligations as further discussed in Note 7 — Debt, are used by the Global Funds Transfer segment to fulfill its working capital needs. Property and equipment is specifically identified to each reporting segment. The net carrying value of goodwill and intangibles relates to the Global Funds Transfer segment. While the derivatives portfolio is managed on a consolidated level, each derivative instrument is utilized in a manner that can be identified to the Global Funds Transfer segment. All assets that are not specifically identified or allocated to a reporting segment are reported as "Other." These assets primarily include taxes and various other corporate assets. The following table sets forth assets by segment with prior year financial information adjusted retrospectively to reflect the updated presentation:

(Amounts in millions)	June 30, 2018	December 31, 2017
Global Funds Transfer	\$1,413.7	\$1,533.8
Financial Paper Products	3,041.0	3,174.5
Other	72.1	64.2
Total assets	\$4,526.8	\$4,772.5

Note 15 — Revenue Recognition

In the first quarter of 2018, the Company adopted ASU 2014-09 using the cumulative effect transition method for all

contracts. There was no transition impact on the Condensed Consolidated Financial Statements from the adoption of this ASU. The Company earns revenues from consideration specified in contracts with customers and recognizes revenue when it satisfies its performance obligations by transferring control over its services and products to customers. The following is a description of the principal activities, separated by reporting segments, from which the Company generates revenues. For more information about the Company's reporting segments, see Note 14 — Segment Information.

Global Funds Transfer Segment

Money transfer fee revenue — The Company earns money transfer revenues primarily from consumer transaction fees and the management of currency exchange spreads on money transfer transactions involving different “send” and “receive” currencies. Fees are collected from consumers at the time of transaction. In a cash-to-cash money transfer transaction, both the agent initiating the transaction and the receiving agent earn a commission that is generally a fixed fee or is based on a percentage of the fee charged

Table of Contents

to the consumer. When a money transfer transaction is initiated at a MoneyGram-owned store, full-service kiosk or via our online platform, typically only the receiving agent earns a commission. Each money transfer is considered a separate agreement between the Company and the consumer and includes only one performance obligation that is satisfied at a point in time, which is when the funds are made available for pick up. Money transfer funds are typically available for pick up within 24 hours of being sent. The consumer is in control of the service, as the consumer picks the "send" and "receive" locations as well as the transaction currency. Normally, the Company provides fee refunds to consumers only if the transaction is canceled within 30 minutes of initiating the transfer and the transfer amount has not been picked up by the receiver. As such, fee refunds are accounted for within the same period as the origination of the transaction and no liability for the amount of expected returns is recorded on the Condensed Consolidated Balance Sheets. The Company recognizes revenues on a gross basis for money transfer services as the Company is considered the principal in these transactions.

Bill payment services fee revenue — Bill payment revenues are earned primarily from fees charged to consumers for each transaction completed. Our primary bill payment service offering is our ExpressPayment service, which we offer at substantially all of our money transfer agent and Company-operated locations in the U.S., Canada and Puerto Rico, at certain agent locations in select Caribbean and European countries and through our Digital solutions. Through our bill payment services, consumers can complete urgent bill payments, pay routine bills, or load and reload prepaid debit cards with cash at an agent location, Company-operated locations or through moneygram.com with a credit or debit card. We offer consumers same-day and two or three-day payment service options; the service option is dependent upon our agreement with the biller. Each bill payment service is considered a separate agreement with the consumer and includes only one performance obligation that is satisfied at a point in time, when the funds are transferred to the designated institution, which is generally within the same day. The consumer is in control of the service, as the consumer picks out the "send" location and time. MoneyGram does not offer refunds for bill payment services and revenue is recognized on a gross basis as the Company is considered the principal in these transactions.

Other revenue — Includes breakage income, fees from royalties, early contract terminations, insufficient funds and other one-time charges. The Company recognizes breakage revenue for unclaimed money transfers when the likelihood of consumer pick-up becomes remote based on historical experience and there is no requirement for remitting balances to government agencies.

Financial Paper Products Segment

Money order fee revenue — Consumers use our money orders to make payments in lieu of cash or personal checks. We generate revenue from money orders by charging per item and other fees, as well as from the investment of funds underlying outstanding money orders. The Company contracts with agents and/or financial institutions for this product and associated services. We sell money orders under the MoneyGram brand and on a private label or on a co-branded basis with certain agents and financial institutions in the U.S. The Company recognizes revenue when an agent sells a money order because the funds are immediately made available to the consumer. As such, each sale of a money order and related service is considered a separate performance obligation that is satisfied at a point in time.

Official check outsourcing services fee revenue — Official checks are used by consumers where a payee requires a check drawn on a bank. Financial institutions also use official checks to pay their own obligations. Similar to money orders, the Company generates revenue from official check outsourcing services through U.S. banks and credit unions by charging per item and other fees, as well as from the investment of funds underlying outstanding official checks. The Company's consumer for official checks is considered the financial institution. The official checks services and products are considered a bundle of services and products that are provided to the financial institution on an ongoing basis. As such, revenue from these services is recognized on a monthly basis. Revenue corresponds directly with the value of MoneyGram's services and/or products completed to date and for which the Company has a right to invoice. Monthly revenue may vary based on the number of official checks issued and other ancillary services provided to the financial institution.

Other revenue — Includes fees from money order service revenue, proof adjustments, early contract terminations, money order photo and replacement fees and other one-time charges. The Company recognizes service revenue from money orders that have not been redeemed within a one year period from issuance. Proof adjustment fees are generally unresolved and not recouped as they pertain to immaterial bank variances. The Company recognizes as

revenue the net proof adjustments amount on a monthly basis.

Investment Revenue

Investment revenue, which is not within the scope of Topic 606 per ASC 606-10-15-2, is earned from the investment of funds generated from the sale of payment instruments, primarily official checks and money orders, and consists of interest income, dividend income, income received on our cost recovery securities and amortization of premiums and discounts. Investment revenue varies depending on the level of investment balances and the yield on our investments.

Table of Contents

In the following table, revenue is disaggregated by services and products for each segment and timing of revenue recognition for such services and products excluding other revenue:

(Amounts in millions)	Three Months		Six Months	
	Ended June 30,		Ended June 30,	
	2018	2017	2018	2017
Global Funds Transfer revenue				
Money transfer fee revenue	\$323.8	\$353.6	\$654.4	\$692.1
Bill payment services fee revenue	19.5	20.7	40.3	45.8
Other revenue	5.9	3.3	11.9	6.5
Total Global Funds Transfer fee and other revenue	349.2	377.6	706.6	744.4
Financial Paper Products revenue				
Money order fee revenue	2.9	3.3	6.0	6.8
Official check outsourcing services fee revenue	2.4	2.5	4.6	4.9
Other revenue	8.0	7.7	15.4	15.3
Total Financial Paper Products fee and other revenue	13.3	13.5	26.0	27.0
Investment revenue	12.1	18.9	22.0	24.7
Total revenue	\$374.6	\$410.0	\$754.6	\$796.1

Timing of revenue recognition:

Services and products transferred at a point in time	\$346.2	\$377.6	\$700.7	\$744.7
Products transferred over time	2.4	2.5	4.6	4.9
Total revenue from services and products	348.6	380.1	705.3	749.6
Investment revenue	12.1	18.9	22.0	24.7
Other revenue	13.9	11.0	27.3	21.8
Total revenue	\$374.6	\$410.0	\$754.6	\$796.1

Due to the short-term nature of the Company's services and products, the amount of contract assets and liabilities on the Condensed Consolidated Balance Sheets as of June 30, 2018 and December 31, 2017 is negligible. Assets for unsettled money transfers, money orders and consumer payments are included in "Settlement assets" with a corresponding liability recorded in "Payment service obligations" on the Condensed Consolidated Balance Sheets. For more information on these assets and liabilities see Note 3 — Settlement Assets and Payment Service Obligations.

Note 16 — Condensed Consolidating Financial Statements

In the event the Company offers debt securities pursuant to a registration statement under the Securities Act of 1933, such debt securities may be guaranteed by certain of its subsidiaries. Accordingly, the Company is providing condensed consolidating financial information in accordance with Securities and Exchange Commission Regulation S-X Rule 3-10, Financial Statements of Guarantors and Issuers of Guaranteed Securities Registered or Being Registered. If the Company issues debt securities, the following 100 percent directly or indirectly owned subsidiaries could fully and unconditionally guarantee the debt securities on a joint and several basis: MoneyGram Payment Systems Worldwide, Inc.; MoneyGram Payment Systems, Inc.; and MoneyGram of New York LLC (collectively, the "Guarantors").

The following information represents Condensed Consolidating Balance Sheets as of June 30, 2018 and December 31, 2017, along with Condensed Consolidating Statements of Operations for the three and six months ended June 30, 2018 and 2017 and Condensed Consolidating Statements of Cash Flows for the six months ended June 30, 2018 and 2017. The condensed consolidating financial information presents financial information in separate columns for MoneyGram International, Inc. on a Parent-only basis carrying its investment in subsidiaries under the equity method; Guarantors on a combined basis, carrying investments in subsidiaries that are not expected to guarantee the debt (collectively, the "Non-Guarantors") under the equity method; Non-Guarantors on a combined basis; and eliminating

entries. The eliminating entries primarily reflect intercompany transactions, such as accounts receivable and payable, fee revenue and commissions expense and the elimination of equity investments and income in subsidiaries.

ITEM 2. MANAGEMENT’S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The purpose of this Management's Discussion and Analysis of Financial Condition and Results of Operations ("MD&A") is to provide an understanding of MoneyGram International, Inc.'s ("MoneyGram," the "Company," "we," "us" and "our") financial condition, results of operations and cash flows by focusing on changes in certain key measures. This MD&A is provided as a supplement to, and should be read in conjunction with, our Condensed Consolidated Financial Statements and related Notes included in this Quarterly Report on Form 10-Q and the Consolidated Financial Statements and Notes included in the Company's Annual Report on Form 10-K for the year ended December 31, 2017. This discussion contains forward-looking statements that involve risks and uncertainties. MoneyGram’s actual results could differ materially from those anticipated due to various factors discussed below under “Cautionary Statements Regarding Forward-Looking Statements” and elsewhere in this Quarterly Report on Form 10-Q.

The comparisons presented in this MD&A refer to the same period in the prior year, unless otherwise noted. This MD&A is organized in the following sections:

Overview

Results of Operations

Liquidity and Capital Resources

Critical Accounting Policies and Estimates

Cautionary Statements Regarding Forward-Looking Statements

OVERVIEW

MoneyGram is a global provider of innovative money transfer services and is recognized worldwide as a financial connection to friends and family. Whether online, through a mobile device, at a kiosk or in a local store, we connect consumers in any way that is convenient for them. We also provide bill payment services, issue money orders and process official checks in the U.S. and in select countries and territories. We primarily offer services through third-party agents, including retail chains, independent retailers, post offices and financial institutions. MoneyGram also has limited Company-operated retail locations. Additionally, we offer Digital solutions, which include moneygram.com, mobile solutions, account deposit and kiosk-based services.

We manage our revenue and related commissions expense through two reporting segments: Global Funds Transfer and Financial Paper Products. The Global Funds Transfer segment provides global money transfer services in approximately 350,000 agent locations in more than 200 countries and territories. Our global money transfer services are our primary revenue driver, accounting for 88% of total revenue for the three and six months ended June 30, 2018, respectively. The Global Funds Transfer segment also provides bill payment services to consumers through substantially all of our money transfer agent and Company-operated locations in the U.S., Canada and Puerto Rico, at certain agent locations in select Caribbean and European countries and through our Digital solutions. The Financial Paper Products segment provides money order services to consumers through retail locations and financial institutions located in the U.S. and Puerto Rico, and provides official check services to financial institutions in the U.S. Corporate expenses that are not related to our segments' performance are excluded from operating income for Global Funds Transfer and Financial Paper Products segments.

Business Environment

In the first half of 2018, worldwide political and economic conditions remained highly variable, as evidenced by both economic growth and challenges in key markets, low currency reserves, currency controls in certain countries and a volatile immigration environment. Also, there is continued political unrest and economic weakness in parts of the Middle East and Africa that contributed to the volatility. Given the global reach and extent of the current economic conditions, the growth of money transfer volumes and the average face value of money transfers continued to be highly variable by corridor and country.

We generally compete for money transfer consumers on the basis of trust, convenience, price, technology and brand recognition. The market for money transfer services remains very competitive, consisting of a few large competitors and many small, niche competitors. In the first quarter of 2018, the Company and Walmart Inc. (“Walmart”), our largest agent, announced the launch of Walmart2World, Powered by MoneyGram, a new money transfer service that allows

customers to send money from Walmart in the U.S. to any MoneyGram location in more than 200 countries. The Company expects the Walmart2World products to continue to have a negative impact on our top-line growth due to lower revenue per transaction. We also renewed our long-term agreement to offer all MoneyGram products and services at Walmart for two more years.

In addition to the competitive environment, global compliance requirements are becoming increasingly more complex, which has been affecting our top line growth. In the first quarter of 2018, the Company launched compliance standards that go beyond what is currently required by applicable law, including new global customer verification standards for all money transfer services, limits on transaction frequency and limits on the total amount of money an individual can send within a certain period of time. We continue to enhance our compliance tools to comply with various government and other regulatory programs around the globe.

Table of Contents

We are making progress on our journey toward becoming a digitally-enabled, customer-centric organization despite competition from new technologies that allow consumers to send and receive money in a variety of ways. We believe that our continued investment in innovative products and services, such as the global expansion of moneygram.com, mobile solutions and account deposit services, positions the Company to accelerate our digital transformation and diversify our product and service offerings to meet consumers' needs. In 2018, the Company expanded its moneygram.com product platform to be available in 11 countries. Digital solutions revenue for the three and six months ended June 30, 2018, was \$53.3 million and \$106.7 million, respectively, or 16% of money transfer revenue for each period. Digital solutions revenue for the three and six months ended June 30, 2017 was \$52.0 million and \$103.2 million, respectively, or 15% of money transfer revenue for each period. Moneygram.com revenue grew by \$3.7 million or 17% and \$7.9 million or 19%, respectively, for the three and six months ended June 30, 2018, over the corresponding periods in 2017.

In the first quarter of 2018, the Company initiated a restructuring and reorganization program (the "Digital Transformation Program") to reduce operating expenses, focus on improving profitability and better align the organization to deliver new digital touch-points for customers and agents. In connection with the Digital Transformation Program, which is expected to be substantially completed in 2019, the Company expects over 350 employees to be affected, possibly through transfers or terminations, representing approximately 14% of the Company's global workforce as of December 31, 2017. The Company expects to incur restructuring and reorganization charges between \$15.0 million to \$18.0 million, consisting primarily of severance and outplacement benefits (between \$10.5 million to \$11.0 million), real estate lease termination and other associated costs (between \$3.0 million to \$3.5 million), legal and other costs (between \$1.0 million to \$2.5 million), and reorganization costs (between \$0.5 million to \$1.0 million). The Company expects between \$13.0 million to \$16.0 million of the charges to be paid in cash over the course of 2018 and into 2019. The actual timing and costs of the plan may differ from the Company's current expectations and estimates.

Anticipated Trends

This discussion of trends expected to impact our business in the remainder of 2018 is based on information presently available and reflects certain assumptions, including assumptions regarding future economic conditions. Differences in actual economic conditions compared with our assumptions could have a material impact on our results. See "Cautionary Statements Regarding Forward-Looking Statements" included further below and "Risk Factors" included in Part II, Item 1A of this Quarterly Report on Form 10-Q and Part I, Item 1A of the Company's Annual Report on Form 10-K for the year ended December 31, 2017 for additional factors that could cause results to differ materially from those contemplated by the following forward-looking statements.

We continue to see increased opportunities to capitalize on growth and expansion both geographically and through product and service offerings. The Company is growing its digital footprint through the introduction of new countries for the moneygram.com platform as well as the introduction of new ways to send and receive money. In July 2018, the Company announced its partnership with Visa Direct, Visa's real-time push payments platform, which will allow the customer to choose to receive funds either directly into their bank account or to a Visa prepaid card. However, pricing pressure continues to negatively impact our growth in the U.S., along with economic issues in the Middle East and Africa, which have restricted our ability to transact in certain markets. Additionally, currency volatility, liquidity pressure on central banks and pressure on labor markets in certain countries may continue to impact our business during 2018.

We continue to see a trend among state, federal and international regulators toward enhanced scrutiny of anti-money laundering compliance programs, as well as consumer fraud prevention and education. Compliance with laws and regulations is a highly complex and integral part of our day-to-day operations; thus we have continued to increase our compliance personnel headcount and make investments in our compliance-related technology and infrastructure. Additionally, the Company continues to implement various consumer protection initiatives and enhancements to improve the overall customer experience. As previously discussed, the Company launched compliance standards that go beyond what is currently required by applicable law in the first quarter of 2018. As a pioneer in the implementation of these compliance and fraud prevention measures, the Company has seen, and expects to continue to see, a negative impact on our top-line and Adjusted EBITDA growth in 2018.

On December 22, 2017, the legislation commonly known as the “Tax Cuts and Jobs Act,” and also known as H.R. 1 - 115th Congress (the “TCJA”), which significantly revises the Internal Revenue Code of 1986, as amended, was enacted. As the TCJA is broad and complex, we continue to examine the impact it may have on us, and it could adversely affect our future effective tax rate, our business, financial condition, cash flows, and results of operations. Given its recent enactment, the regulations are still forthcoming and other interpretive federal and state guidance is limited. As guidance is published regarding the interpretation of the TCJA or if there are legislative modifications or amendments, the changes could have a material effect on the Company's federal and state income tax expense in future periods. See "Income Taxes" section further below and Note 11 — Income Taxes of the Notes to the Condensed Consolidated Financial Statements for more information on the impacts from the TCJA.

The June 23, 2016 referendum by British voters to exit the European Union (referred to as Brexit), which was followed by Britain providing official notice to leave the European Union in March of 2017, introduced additional uncertainty in global markets and currency exchange rates. We are currently unable to determine the long-term impact that Brexit will have on us, as any impact will depend, in part, on the outcome of tariff, trade, regulatory and other negotiations. With the effective date of Brexit approaching

Table of Contents

as the UK is due to leave the European Union in the first quarter of 2019, the Company anticipates making a number of operational changes during 2018 to accommodate any potential business impact.

For our Financial Paper Products segment, we expect the decline in overall paper-based transactions to continue primarily due to continued migration by customers to other payment methods. Our investment revenue, which consists primarily of interest income generated through the investment of cash balances received from the sale of our Financial Paper Products, is dependent on the interest rate environment. The Company would see a positive impact on its investment revenue if interest rates continue to rise.

Financial Measures and Key Metrics

This Quarterly Report on Form 10-Q includes financial information prepared in accordance with generally accepted accounting principles in the U.S. ("GAAP") as well as certain non-GAAP financial measures that we use to assess our overall performance.

GAAP Measures — We utilize certain financial measures prepared in accordance with GAAP to assess the Company's overall performance. These measures include, but are not limited to: fee and other revenue, fee and other commissions expense, fee and other revenue less commissions, operating income and operating margin. Due to our regulatory capital requirements, we deem certain assets as settlement assets. Settlement assets represent funds received or to be received from agents for unsettled money transfers, money orders and customer payments. Settlement assets include settlement cash and cash equivalents, receivables, net, interest-bearing investments and available-for-sale investments. See Note 3 — Settlement Assets and Payment Service Obligations of the Notes to the Condensed Consolidated Financial Statements for additional disclosure.

Non-GAAP Measures — Generally, a non-GAAP financial measure is a numerical measure of financial performance, financial position or cash flows that excludes (or includes) amounts that are included in (or excluded from) the most directly comparable measure calculated and presented in accordance with GAAP. The non-GAAP financial measures should be viewed as a supplement to, and not a substitute for, financial measures presented in accordance with GAAP. We strongly encourage investors and stockholders to review our financial statements and publicly-filed reports in their entirety and not to rely on any single financial measure. While we believe that these metrics enhance investors' understanding of our business, these metrics are not necessarily comparable with similarly named metrics of other companies. The following are non-GAAP financial measures we use to assess our overall performance:

EBITDA (Earnings before interest, taxes, depreciation and amortization, including agent signing bonus amortization)

Adjusted EBITDA (EBITDA adjusted for certain significant items) — Adjusted EBITDA does not reflect cash requirements necessary to service interest or principal payments on our indebtedness or tax payments that may result in a reduction in cash available.

Adjusted Free Cash Flow (Adjusted EBITDA less cash interest, cash taxes, cash payments for capital expenditures and cash payments for agent signing bonuses) — Adjusted Free Cash Flow does not reflect cash payments related to the adjustment of certain significant items in Adjusted EBITDA.

Constant Currency — Constant currency metrics assume that amounts denominated in foreign currencies are translated to the U.S. dollar at rates consistent with those in the prior year.

The Company utilizes specific terms related to our business throughout this document, including the following:

Corridor — With regard to a money transfer transaction, the originating "send" location and the designated "receive" location are referred to as a corridor.

Corridor mix — The relative impact of increases or decreases in money transfer transaction volume in each corridor versus the comparative prior period.

Face value — The principal amount of each completed transaction, excluding any fees related to the transaction.

Foreign currency — The impact of foreign currency exchange rate fluctuations on our financial results is typically calculated as the difference between current period activity translated using the current period's currency exchange rates and the comparable prior-year period's currency exchange rates. We use this method to calculate the impact of changes in foreign currency exchange rates on revenues, commissions and other operating expenses for all countries where the functional currency is not the U.S. dollar.

Net income	\$2.3	\$6.2	(63)%	\$9.4	\$15.0	(37)%

NM = Not meaningful

Revenues

The following table is a summary of the Company's revenues:

(Amounts in millions, except percentages)	Three Months Ended June 30,				Six Months Ended June 30,			
	2018	Percent of Total Revenue	2017	Percent of Total Revenue	2018	Percent of Total Revenue	2017	Percent of Total Revenue
Global Funds Transfer fee and other revenue	\$349.2	93 %	\$377.6	92 %	\$706.6	94 %	\$744.4	94 %
Financial Paper Product fee and other revenue	13.3	4 %	13.5	3 %	26.0	3 %	27.0	3 %
Investment revenue	12.1	3 %	18.9	5 %	22.0	3 %	24.7	3 %
Total revenue	\$374.6	100 %	\$410.0	100 %	\$754.6	100 %	\$796.1	100 %

For the three and six months ended June 30, 2018, revenue declined when compared to the prior year periods, primarily due to the decline in the Global Funds Transfer fee and other revenue, which was impacted by the new compliance standards implemented in the first half of 2018, Walmart2World service, increased competition and shift in industry mix. See "Segments results" section below for a detailed discussion of revenues by segment. For the three and six months ended June 30, 2018, investment revenue decreased when compared to the prior reporting periods due to the \$12.2 million one-time redemption of an asset-backed security in 2017, partially offset by higher yields and investment balances in 2018.

Table of Contents

Operating Expenses

The following table is a summary of the operating expenses:

	Three Months Ended June 30,						Six Months Ended June 30,					
	2018			2017			2018			2017		
		Percent			Percent			Percent			Percent	
(Amounts in millions, except percentages)	Dollars	of Total		Dollars	of Total		Dollars	of Total		Dollars	of Total	
		Revenue			Revenue			Revenue			Revenue	
Total commissions and direct transaction expenses	\$190.4	51	%	\$201.0	49	%	\$375.9	50	%	\$393.4	49	%
Compensation and benefits	65.1	17	%	65.5	16	%	144.4	19	%	135.7	17	%
Transaction and operations support	72.0	19	%	85.5	21	%	146.8	19	%	152.0	19	%
Occupancy, equipment and supplies	17.0	5	%	18.2	4	%	33.6	4	%	33.5	4	%
Depreciation and amortization	20.1	5	%	18.6	5	%	38.2	5	%	36.9	5	%
Total operating expenses	\$364.6	97	%	\$388.8	95	%	\$738.9	98	%	\$751.5	94	%

For the three and six months ended June 30, 2018, total operating expenses as a percentage of total revenue increased when compared to the same periods in 2017, mainly due to the decrease in revenue, which was partially offset by the decrease in fee and other commissions expense and the decrease in transaction and operations expense, both of which are discussed below.

Total commissions and direct transaction expenses

Total commissions and direct transaction expenses as a percent of revenues increased for the three and six months ended June 30, 2018, when compared to the same periods in 2017, due to the decline in fee and other revenue which more than offset the decrease in commissions expense. See "Segments results" section below for a detailed discussion of commissions and direct transaction expenses.

Compensation and Benefits

Compensation and benefits include salaries and benefits, management incentive programs, related payroll taxes and other employee related costs. The following table is a summary of the change in compensation and benefits from 2017 to 2018:

(Amounts in millions)	Three Months Ended	Six Months Ended
For the period ended June 30, 2017	\$ 65.5	\$ 135.7
Change resulting from:		
Net salaries, related payroll taxes and cash incentive compensation	(4.7)	(5.1)
Restructuring and reorganization costs	3.7	9.7
Impact from changes in exchange rates	2.9	5.0
Employee stock-based compensation	(0.8)	—
Other	(1.5)	(0.9)
For the period ended June 30, 2018	\$ 65.1	\$ 144.4

For the three months ended June 30, 2018, compensation and benefits decreased primarily due to decreases in net salaries, related payroll taxes and cash incentive compensation and employee stock-based compensation, partially offset by restructuring and reorganization costs primarily driven by severance, and changes in exchange rates due to a weaker U.S. dollar. For the six months ended June 30, 2018, compensation and benefits increased due to restructuring and reorganization costs and changes in exchange rates, partially offset by decreases in net salaries, related payroll taxes and cash incentive compensation.

Transaction and Operations Support

Transaction and operations support primarily includes marketing, professional fees and other outside services, telecommunications, agent support costs, including forms related to our products, non-compensation employee costs, including training, travel and relocation costs, bank charges and the impact of foreign exchange rate movements on our monetary transactions, assets and liabilities denominated in a currency other than the U.S. dollar.

Table of Contents

The following table is a summary of the change in transaction and operations support from 2017 to 2018:

(Amounts in millions)	Three Months Ended	Six Months Ended
For the period ended June 30, 2017	\$ 85.5	\$ 152.0
Change resulting from:		
Marketing costs	(4.9)	(6.8)
Outsourcing, independent contractor and consultant costs	(3.2)	(5.4)
Bank charges	(2.9)	(2.9)
Legal expenses	(2.2)	6.2
Net gains from foreign currency transactions and related forward contracts	1.8	2.8
Travel and entertainment expenses	(1.3)	(2.3)
Impact from changes in exchange rates	0.6	2.0
Restructuring and reorganization costs	0.4	1.6
Other	(1.8)	(0.4)
For the period ended June 30, 2018	\$ 72.0	\$ 146.8

For the three months ended June 30, 2018, transaction and operations support decreased primarily due to a decrease in marketing costs, decreases in outsourcing, independent contractor and consultant costs and travel and entertainment expenses driven by cost saving initiatives, and a decrease in bank charges, partially offset by the change in net realized foreign exchange gains. For the six months ended June 30, 2018, the decrease in transaction and operations support expense was driven by the same factors that impacted the three months, partially offset by an increase in legal expenses driven by the additional \$10.0 million accrual related to the deferred prosecution agreement (the "DPA"), as discussed in more detail in Note 12 — Commitments and Contingencies of the Notes to the Condensed Consolidated Financial Statements, and restructuring and reorganization costs.

Occupancy, Equipment and Supplies

Occupancy, equipment and supplies expense include facilities rent and maintenance costs, software and equipment maintenance costs, freight and delivery costs and supplies.

For the three months ended June 30, 2018, occupancy, equipment and supplies expense decreased due to cost savings from the Digital Transformation Program. For the six months ended June 30, 2018, occupancy, equipment and supplies expense remained relatively flat when compared to the same period in 2017.

Depreciation and Amortization

Depreciation and amortization includes depreciation on computer hardware and software, agent signage, point of sale equipment, capitalized software development costs, office furniture, equipment and leasehold improvements and amortization of intangible assets.

Depreciation and amortization for the three and six months ended June 30, 2018, increased when compared to the same periods in 2017 as a result of accelerated depreciation from certain restructuring and other activities.

Segments Results

Global Funds Transfer

The following table sets forth our Global Funds Transfer segment results of operations:

(Amounts in millions)	Three Months Ended June 30, 2018 vs 2017			Six Months Ended June 30, 2018 vs 2017		
	2018	2017	2017	2018	2017	2017
Money transfer revenue	\$ 329.7	\$ 356.9	\$(27.2)	\$ 666.3	\$ 698.6	\$(32.3)
Bill payment revenue	19.5	20.7	(1.2)	40.3	45.8	(5.5)
Total Global Funds Transfer revenue	\$ 349.2	\$ 377.6	\$(28.4)	\$ 706.6	\$ 744.4	\$(37.8)

Fee and other commissions and direct transaction expenses \$ 185.5 \$ 198.7 \$(13.2) \$ 367.2 \$ 389.4 \$(22.2)

Table of Contents

Money Transfer Fee and Other Revenue

The following table details the changes in money transfer fee and other revenue from 2017 to 2018:

(Amounts in millions)	Three Months Ended	Six Months Ended
For the period ended June 30, 2017	\$356.9	\$698.6
Change resulting from:		
Money transfer volume	(25.3)	(42.3)
Average face value per transaction and pricing	(12.6)	(16.9)
Impact from changes in exchange rates	8.0	21.8
Corridor mix	0.1	(0.4)
Other	2.6	5.5
For the period ended June 30, 2018	\$329.7	\$666.3

For the three and six months ended June 30, 2018, the decrease in money transfer fee and other revenue was primarily driven by a decrease in money transfer transaction volume and average face value per transaction and pricing due to newly implemented compliance standards and increased competition in the U.S., Walmart2World service, along with weakness in parts of Africa and the Middle East. The decline was partially offset by growth in South America, Europe, our Digital solutions channel, and the impact from changes in exchange rates due to the weaker U.S. dollar. Total Digital solutions grew 2% and 3%, respectively, for the three and six months ended June 30, 2018, when compared to the prior year periods, driven by strong moneygram.com growth which was partially offset by a decline in revenue from kiosks and global economic trends. Moneygram.com revenue grew by 17% and 19%, respectively, for the three and six months ended June 30, 2018, over the corresponding periods in 2017. Digital solutions represented 16% of total money transfer revenue for the three and six months ended June 30, 2018.

Bill Payment Fee and Other Revenue

Bill payment fee and other revenue decreased by \$1.2 million and \$5.5 million for the three and six months ended, respectively, due to increased competition partially offset by transaction volume increase.

Fee and Other Commissions and Direct Transaction Expenses

The following table details the changes in fee and other commissions expense for the Global Funds Transfer segment from 2017 to 2018:

(Amounts in millions)	Three Months Ended	Six Months Ended
For the period ended June 30, 2017	\$193.9	\$379.5
Change resulting from:		
Money transfer revenue	(16.9)	(25.9)
Impact from changes in exchange rates	3.7	10.3
Money transfer corridor and agent mix	(2.5)	(7.6)
Signing bonuses	1.0	1.2
Bill payment revenue and commission rates	(0.7)	(2.8)
For the period ended June 30, 2018	\$178.5	\$354.7

For the three and six months ended June 30, 2018, fee and other commissions decreased \$15.4 million and \$24.8 million, respectively, when compared to the same periods in 2017. The declines were primarily from decreases in money transfer revenue and money transfer corridor and agent mix, which were partially offset by changes in exchange rates.

For the three and six months ended June 30, 2018, direct transaction expense was \$7.0 million and \$12.5 million, respectively, and increased by \$2.2 million and \$2.6 million, respectively, primarily due to an increase in moneygram.com revenues.

Table of Contents

Financial Paper Products

The following table sets forth our Financial Paper Products segment results of operations:

(Amounts in millions)	Three Months Ended June 30,		2018 vs 2017	Six Months Ended June 30,		2018 vs 2017
	2018	2017		2018	2017	
Money order revenue	\$14.2	\$16.7	\$(2.5)	\$27.6	\$29.2	\$(1.6)
Official check revenue	11.2	15.7	(4.5)	20.4	22.5	(2.1)
Total Financial Paper Products revenue	\$25.4	\$32.4	\$(7.0)	\$48.0	\$51.7	\$(3.7)

Commissions expense \$4.9 \$2.3 \$2.6 \$8.7 \$4.0 \$4.7

For the three and six months ended June 30, 2018, Financial Paper Products revenue decreased due to the \$12.2 million one-time redemption of an asset-backed security in 2017 and as a result of the migration of consumers to other products. The decrease was partially offset by the increase in investment revenues driven by higher yields and investment balances.

Commissions expense for Financial Paper Products increased by \$2.6 million and \$4.7 million for the three and six months ended June 30, 2018, respectively, when compared to the same periods in 2017. The increases were driven by an increase in investment commissions expense due to higher interest rates, partially offset by the decline in fee and other commissions expense.

Operating Income and Operating Margin

The following table provides a summary overview of operating income and operating margin:

(Amounts in millions, except percentages)	Three Months Ended June 30,			Six Months Ended June 30,		
	2018	2017	Change	2018	2017	Change
Operating income:						
Global Funds Transfer	\$5.7	\$12.3	\$(6.6)	\$7.1	\$37.5	\$(30.4)
Financial Paper Products	7.1	17.4	(10.3)	12.7	22.1	(9.4)
Total segment operating income	12.8	29.7	(16.9)	19.8	59.6	(39.8)
Other	(2.8)	(8.5)	5.7	(4.1)	(15.0)	10.9
Total operating income	\$10.0	\$21.2	\$(11.2)	\$15.7	\$44.6	\$(28.9)

Total operating margin 2.7 % 5.2 % 2.1 % 5.6 %

Global Funds Transfer 1.6 % 3.3 % 1.0 % 5.0 %

Financial Paper Products 28.0 % 53.7 % 26.5 % 42.7 %

For the three and six months ended June 30, 2018, the Company experienced a decrease in Global Funds Transfer segment operating income and operating margin primarily due to the decline in money transfer fee and other revenue and restructuring and reorganization costs, partially offset by the decrease in marketing and outsourcing, independent contractor and consultant costs. Additionally, for the six months ended June 30, 2018, the Global Funds Transfer segment had a \$10.0 million accrual related to the DPA matter. Our Financial Paper Products segment operating income and margin decreased for the three and six months ended June 30, 2018 when compared to the same periods in 2017, primarily due to the one-time redemption of an asset-backed security in 2017, partially offset by higher yields and investment balances in 2018. Other operating loss decreased when compared to the same periods in 2017 primarily due to the prior year periods including costs related to the proposed merger with Ant Financial that was terminated in January of 2018. See Note 1 — Description of Business and Basis of Presentation of the Notes to the Condensed Consolidated Financial Statements for more information about the terminated merger.

Other Expenses (Income)

For the three months ended June 30, 2018, total other expenses (income) increased by \$2.5 million when compared to the prior year period due to the increase in interest expense from higher interest rates. For the six months ended

June 30, 2018, the Company had total other income of \$1.1 million, which included \$30.0 million related to the terminated merger, compared to other expense of \$24.7 million for the six months ended June 30, 2017.

Table of Contents

Income Taxes

For the three months ended June 30, 2018, the Company recognized income tax benefit of \$7.4 million on pre-tax loss of \$5.1 million, primarily due to a one-time \$4.0 million deferred tax benefit from a reorganization of our corporate structure and a \$2.6 million reduction of foreign uncertain tax positions, offset by an increase to the Company's provisional tax obligation for the one-time transition tax imposed by the TCJA.

For the six months ended June 30, 2018, the Company recognized income tax expense of \$7.4 million on a pre-tax income of \$16.8 million, primarily due to non-deductible expenses, including the accrual related to the DPA and the adverse tax consequences related to the new provisions enacted under the TCJA, as discussed in more detail Note 11 — Income Taxes of the Notes to the Condensed Consolidated Financial Statements, which result in multiple taxation of a single item of income.

For the three and six months ended June 30, 2017, the Company recognized income tax expense of \$2.4 million and \$4.9 million on a pre-tax income of \$8.6 million and \$19.9 million, respectively. The recorded income tax expense differs from taxes calculated at the statutory rate for the three and six months ended June 30, 2017, primarily due to a net tax benefit recognized for the redemption of a previously impaired asset-backed security of \$3.8 million. Additionally, for the six months ended June 30, 2017, the Company recognized a tax benefit on stock-based compensation.

EBITDA, Adjusted EBITDA, Adjusted Free Cash Flow and Constant Currency

We believe that EBITDA (earnings before interest, taxes, depreciation and amortization, including agent signing bonus amortization), Adjusted EBITDA (EBITDA adjusted for certain significant items), Adjusted Free Cash Flow (Adjusted EBITDA less cash interest, cash taxes, cash payments for capital expenditures and cash payments for agent signing bonuses) and constant currency measures (which assume that amounts denominated in foreign currencies are translated to the U.S. dollar at rates consistent with those in the prior year) provide useful information to investors because they are indicators of the strength and performance of our ongoing business operations. These calculations are commonly used as a basis for investors, analysts and other interested parties to evaluate and compare the operating performance and value of companies within our industry. In addition, our debt agreements require compliance with covenants that incorporate a financial measure similar to Adjusted EBITDA.

EBITDA, Adjusted EBITDA, Adjusted Free Cash Flow and constant currency are financial and performance measures used by management in reviewing results of operations, forecasting, allocating resources and establishing employee incentive programs. We also present Adjusted EBITDA growth, constant currency adjusted, which provides information to investors regarding MoneyGram's performance without the effect of foreign currency exchange rate fluctuations year-over-year.

Although we believe that EBITDA, Adjusted EBITDA, Adjusted Free Cash Flow and constant currency measures enhance investors' understanding of our business and performance, these non-GAAP financial measures should not be considered in isolation or as substitutes for the accompanying GAAP financial measures. These metrics are not necessarily comparable with similarly named metrics of other companies.

Table of Contents

The following table is a reconciliation of our non-GAAP financial measures to the related GAAP financial measures:

(Amounts in millions)	Three Months			Six Months		
	Ended June 30,			Ended June 30,		
	2018	2017	Change	2018	2017	Change
(Loss) income before income taxes	\$(5.1)	\$8.6	\$(13.7)	\$16.8	\$19.9	\$(3.1)
Interest expense	13.7	11.2	2.5	26.0	22.0	4.0
Depreciation and amortization	20.1	18.6	1.5	38.2	36.9	1.3
Signing bonus amortization	14.7	13.3	1.4	28.7	26.3	2.4
EBITDA	43.4	51.7	(8.3)	109.7	105.1	4.6
Significant items impacting EBITDA:						
Restructuring and reorganization costs	5.2	—	5.2	12.5	—	12.5
Compliance enhancement program	4.6	3.9	0.7	7.2	6.0	1.2
Stock-based, contingent and incentive compensation	2.7	3.5	(0.8)	7.5	7.5	—
Direct monitor costs	2.6	5.4	(2.8)	5.7	8.2	(2.5)
Legal and contingent matters ⁽¹⁾	1.3	0.2	1.1	12.7	1.4	11.3
(Income) costs related to the terminated merger with Ant Financial ⁽²⁾	—	5.7	(5.7)	(29.3)	8.5	(37.8)
Severance and related costs	—	—	—	0.4	—	0.4
Adjusted EBITDA	\$59.8	\$70.4	\$(10.6)	\$126.4	\$136.7	\$(10.3)
Adjusted EBITDA growth, as reported	(15)%			(8)%		
Adjusted EBITDA growth, constant currency adjusted	(19)%			(12)%		
Adjusted EBITDA	\$59.8	\$70.4	\$(10.6)	\$126.4	\$136.7	\$(10.3)
Cash payments for interest	(12.9)	(10.4)	(2.5)	(24.4)	(20.4)	(4.0)
Cash payments for taxes, net of refunds	(1.3)	(2.9)	1.6	(2.9)	(3.6)	0.7
Cash payments for capital expenditures	(16.2)	(21.5)	5.3	(28.5)	(40.1)	11.6
Cash payments for agent signing bonuses	(7.8)	(8.2)	0.4	(19.6)	(18.4)	(1.2)
Adjusted Free Cash Flow	\$21.6	\$27.4	\$(5.8)	\$51.0	\$54.2	\$(3.2)

(1) Year-to-date 2018 primarily consists of an additional \$10.0 million accrual related to the DPA.

(2) Income includes the \$30.0 million merger termination fee, and costs include, but are not limited to, legal, bank and consultant fees.

For the three and six months ended June 30, 2018, the Company generated EBITDA of \$43.4 million and \$109.7 million, respectively, and Adjusted EBITDA of \$59.8 million and \$126.4 million, respectively. Adjusted EBITDA declined for the three and six months ended June 30, 2018 when compared to the prior year reporting periods as a result of the decrease in investment revenue due to the one-time redemption of an asset-backed security in 2017, partially offset by decrease in marketing and contractor expenses. For the three months ended June 30, 2018, EBITDA decreased due to the same factors that impacted Adjusted EBITDA as well as restructuring and reorganization costs. For the six months ended June 30, 2018, EBITDA increased primarily due to the other non-operating income of \$30.0 million related to the terminated merger with Ant Financial, partially offset by the decrease in investment revenue and the increase in legal and contingent matters related to the DPA and restructuring and reorganization costs.

For the three and six months ended June 30, 2018, Adjusted Free Cash Flow decreased by \$5.8 million and \$3.2 million, respectively, when compared to the same periods in 2017. The decreases were primarily a result of the decrease in Adjusted EBITDA and increase in cash payments for interest, partially offset by the decrease in cash payments for capital expenditures.

See "Results of Operations" and "Analysis of Cash Flows" sections for additional information regarding these changes.

LIQUIDITY AND CAPITAL RESOURCES

We have various resources available for purposes of managing liquidity and capital needs, including our investment portfolio, credit facilities and letters of credit. We refer to our cash and cash equivalents, settlement cash and cash equivalents, interest-bearing investments and available-for-sale investments collectively as our “investment portfolio.” The Company utilizes cash and cash equivalents in various liquidity and capital assessments.

Table of Contents

Cash and Cash Equivalents, Settlement Assets and Payment Service Obligations

The following table shows the components of the Company's cash and cash equivalents and settlement assets:

(Amounts in millions)	June 30, 2018	December 31, 2017
Cash and cash equivalents	\$200.4	\$190.0
Settlement assets:		
Settlement cash and cash equivalents	1,353.2	1,469.9
Receivables, net	1,004.3	1,125.8
Interest-bearing investments	1,152.8	1,154.2
Available-for-sale investments	6.3	7.0
	\$3,516.6	\$3,756.9
Payment service obligations	\$(3,516.6)	\$(3,756.9)

Our primary sources of liquidity include cash flows generated by the sale of our payment instruments, our cash and cash equivalents and interest-bearing investment balances, proceeds from our investment portfolio and credit capacity under our credit facilities. Our primary operating liquidity needs are related to the settlement of payment service obligations to our agents and financial institution customers, general operating expenses and debt service.

To meet our payment service obligations at all times, we must have sufficient highly liquid assets and be able to move funds globally on a timely basis. On average, we receive in and pay out a similar amount of funds on a daily basis to collect and settle the principal amount of our payment instruments sold and related fees and commissions with our end consumers and agents. This pattern of cash flows allows us to settle our payment service obligations through existing cash balances and ongoing cash generation rather than liquidating investments or utilizing our revolving credit facility. We have historically generated, and expect to continue generating, sufficient cash flows from daily operations to fund ongoing operational needs.

We preposition cash in various countries and currencies to facilitate settlement of transactions. We also maintain funding capacity beyond our daily operating needs to provide a cushion through the normal fluctuations in our payment service obligations, as well as to provide working capital for the operational and growth requirements of our business. We believe we have sufficient liquid assets and funding capacity to operate and grow our business for the next 12 months. Should our liquidity needs exceed our operating cash flows, we believe that external financing sources, including availability under our credit facilities, will be sufficient to meet our anticipated funding requirements.

Cash and Cash Equivalents and Interest-bearing Investments

To ensure we maintain adequate liquidity to meet our payment service obligations at all times, we keep a significant portion of our investment portfolio in cash and cash equivalents and interest-bearing investments at financial institutions rated A- or better by two of the following three rating agencies: Moody's Investor Service ("Moody's"), Standard & Poor's ("S&P") and Fitch Ratings, Inc. ("Fitch"); and in AAA rated U.S. government money market funds. If the rating agencies have split ratings, the Company uses the lower of the highest two out of three ratings across the agencies for disclosure purposes. If the institution has only two ratings, the Company uses the lower of the two ratings for disclosure purposes. As of June 30, 2018, cash and cash equivalents (including unrestricted and settlement cash and cash equivalents) and interest-bearing investments totaled \$2.7 billion. Cash and cash equivalents consist of interest-bearing deposit accounts, non-interest bearing transaction accounts and money market securities; interest-bearing investments consist of time deposits and certificates of deposit with maturities of up to 24 months.

Available-for-sale Investments

Our investment portfolio includes \$6.3 million of available-for-sale investments as of June 30, 2018. U.S. government agency residential mortgage-backed securities compose \$5.0 million of our available-for-sale investments, while asset-backed and other securities compose the remaining \$1.3 million.

Credit Facilities

As of June 30, 2018, the Company had an outstanding balance of \$909.3 million on its senior secured borrowings. The Company's effective interest rate on senior secured borrowings increased from 4.94% as of December 31, 2017 to 5.58% as of June 30, 2018, due to an increase in the Eurodollar rate. As of June 30, 2018, the Company had no

outstanding letters of credit or borrowings under the revolving credit facility, leaving \$85.8 million of borrowing capacity thereunder, and was in compliance with its financial covenants. See Note 7 — Debt of the Notes to the Condensed Consolidated Financial Statements for additional disclosure related to the Company's credit facilities and financial covenants.

Table of Contents**Credit Ratings**

As of June 30, 2018, our credit ratings from Moody's and S&P were B1 with a stable outlook and B+ with a stable outlook, respectively. Our credit facilities, regulatory capital requirements and other obligations will not be impacted by a future change in our credit ratings.

Analysis of Cash Flows

	Six Months	
	Ended June 30,	
(Amounts in millions)	2018	2017
Net cash provided by operating activities	\$49.9	\$31.1
Net cash used in investing activities	(28.5)	(40.1)
Net cash used in financing activities	(11.0)	(3.1)
Net change in cash and cash equivalents	\$10.4	\$(12.1)

Cash Flows from Operating Activities

For the six months ended June 30, 2018, cash provided by operating activities increased due to the \$30.0 million payment related to the terminated merger with Ant Financial and a decrease in cash spent on marketing and outsourcing, independent contractor and consultant as part of ongoing cost savings initiatives. The increase was partially offset by compensation and benefits spend related to the reorganization and restructuring program, an increase in payments for interest of \$4.0 million due to higher interest rates, and an increase in signing bonus payments of \$1.2 million driven by the timing of agent contract renewals.

Cash Flows from Investing Activities

For the six months ended June 30, 2018, net cash used in investing activities decreased by \$11.6 million primarily due to a decrease in capital expenditures when compared to the same period in 2017.

Cash Flows from Financing Activities

For the six months ended June 30, 2018, net cash used in financing activities was \$11.0 million for principal payments on debt and payments to tax authorities for stock-based compensation. For the six months ended June 30, 2017, net cash used in financing activities was \$3.1 million, primarily for principal payments on debt, partially offset by proceeds from exercise of stock options and other.

CRITICAL ACCOUNTING POLICIES AND ESTIMATES

The preparation of financial statements in conformity with GAAP requires estimates and assumptions that affect the reported amounts and related disclosures in the Condensed Consolidated Financial Statements. Actual results could differ from those estimates. On a regular basis, management reviews its accounting policies, assumptions and estimates to ensure that our financial statements are presented fairly and in accordance with GAAP. Our significant accounting policies are discussed in Note 2 — Summary of Significant Accounting Policies of the Notes to the Consolidated Financial Statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2017.

Critical accounting policies are those policies that management believes are very important to the portrayal of our financial position and results of operations, and that require management to make estimates that are difficult, subjective or complex. There were no changes to our critical accounting policies and estimates during the quarter ended June 30, 2018. For further information regarding our critical accounting policies and estimates, refer to Part II, Item 7, "Management's Discussion and Analysis of Financial Condition and Results of Operations — Critical Accounting Policies and Estimates" in the Company's Annual Report on Form 10-K for the year ended December 31, 2017.

CAUTIONARY STATEMENTS REGARDING FORWARD-LOOKING STATEMENTS

This Quarterly Report on Form 10-Q and the documents incorporated by reference herein may contain forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995, including statements with respect to, among other things, the financial condition, results of operations, plans, objectives, future performance and business of MoneyGram and its subsidiaries. Statements preceded by, followed by or that include words such as "believes," "estimates," "expects," "projects," "plans," "anticipates," "intends," "continues," "will," "should," "would," "goals" and other similar expressions are intended to identify some of the forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995 and are included, along with this statement, for

purposes of complying with the safe harbor provisions of the Act. These forward-looking statements involve risks and uncertainties. Actual results may differ materially from those contemplated by the forward-looking statements due to, among others, the risks and uncertainties described in Part I, Item 1A under the caption "Risk Factors" of our Annual Report on Form 10-K for the year ended December 31, 2017, as well as the various factors described herein. These forward-looking statements speak only as of the date they are made, and MoneyGram undertakes no obligation to

Table of Contents

publicly update or revise any forward-looking statements for any reason, whether as a result of new information, future events or otherwise, except as required by federal securities law. These forward-looking statements are based on management's current expectations, beliefs and assumptions and are subject to certain risks, uncertainties and changes in circumstances due to a number of factors. These factors include, but are not limited to:

- our ability to compete effectively;
- our ability to maintain key agent or biller relationships, or a reduction in business or transaction volume from these relationships, including with our largest agent, Walmart, through its introduction of additional competing white label money transfer products or otherwise, and due to increased costs or loss of business as a result of higher compliance standards;
- our ability to manage fraud risks from consumers or agents;
- the ability of us and our agents to comply with U.S. and international laws and regulations;
- litigation and regulatory proceedings involving us or our agents, which could result in material settlements, fines or penalties, revocation of required licenses or registrations, termination of contracts, other administrative actions or lawsuits and negative publicity;
- possible uncertainties relating to compliance with and the impact of the DPA;
- current and proposed regulations addressing consumer privacy and data use and security;
- our ability to successfully develop and timely introduce new and enhanced products and services and our investments in new products, services or infrastructure changes;
- our substantial debt service obligations, significant debt covenant requirements and credit rating and our ability to maintain sufficient capital;
- continued weakness in economic conditions, in both the U.S. and global markets;
- our ability to manage risks associated with our international sales and operations;
- our offering of money transfer services through agents in regions that are politically volatile or, in a limited number of cases, that may be subject to certain U.S. Department of Treasury's Office of Foreign Assets Control ("OFAC") restrictions;
- a major bank failure or sustained financial market illiquidity, or illiquidity at our clearing, cash management and custodial financial institutions;
- the ability of us and our agents to maintain adequate banking relationships;
- a security or privacy breach in systems, networks or databases on which we rely;
- disruptions to our computer systems and data centers and our ability to effectively operate and adapt our technology;
- changes in tax laws or unfavorable outcomes of tax positions we take, or a failure by us to establish adequate reserves for tax events;
- a significant change, material slow down or complete disruption of international migration patterns;
- our ability to manage credit risks from our agents and official check financial institution customers;
- our ability to adequately protect our brand and intellectual property rights and to avoid infringing on the rights of others;
- our ability to attract and retain key employees;
- our ability to manage risks related to the operation of retail locations and the acquisition or start-up of businesses;
- any restructuring actions and cost reduction initiatives that we undertake may not deliver the expected results and these actions may adversely affect our business;
- our ability to maintain effective internal controls;
- our capital structure and the special voting rights provided to the designees of Thomas H. Lee Partners, L.P. on our Board of Directors; and
 - the risks and uncertainties described in the "Risk Factors" and "Management's Discussion and Analysis of Financial Condition and Results of Operations" sections of the Company's Annual Report on Form 10-K for the year ended December 31, 2017, as well as any additional risk factors that may be described in our other filings with the Securities and Exchange Commission ("SEC") from time to time.

Table of Contents

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

There have been no material changes in our market risk since December 31, 2017. For further information on market risk, refer to Part II, Item 7A, “Quantitative and Qualitative Disclosures about Market Risk” in the Company’s Annual Report on Form 10-K for the year ended December 31, 2017.

ITEM 4. CONTROLS AND PROCEDURES

As of the end of the period covered by this report (the “Evaluation Date”), the Company carried out an evaluation, under the supervision and with the participation of management, including the Company’s Chief Executive Officer and Chief Financial Officer, of the effectiveness of the design and operation of the Company’s disclosure controls and procedures (as defined in Rule 13a-15(e) of the Securities Exchange Act of 1934, as amended (the “Exchange Act”). Based upon that evaluation, the Chief Executive Officer and Chief Financial Officer concluded that, as of the Evaluation Date, the Company’s disclosure controls and procedures were effective. Disclosure controls and procedures are controls and other procedures designed to ensure that information required to be disclosed by the Company in its reports filed or submitted under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the SEC’s rules and forms and include, without limitation, controls and procedures designed to ensure that information that the Company is required to disclose in such reports is accumulated and communicated to management, including the Chief Executive Officer and Chief Financial Officer, as appropriate to allow timely decisions regarding required disclosures.

Changes in Internal Control over Financial Reporting

There were no changes in the Company’s internal control over financial reporting (as defined in Rule 13a-15(f) of the Exchange Act) during the quarter ended June 30, 2018 that have materially affected, or are reasonably likely to materially affect, the Company’s internal control over financial reporting.

PART II. OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

The matters set forth below are subject to uncertainties and outcomes that are not predictable. The Company accrues for these matters as any resulting losses become probable and can be reasonably estimated. Further, the Company maintains insurance coverage for many claims and litigation matters.

Litigation Commenced Against the Company:

The Company is involved in various claims and litigation that arise from time to time in the ordinary course of the Company's business. Management does not believe that after final disposition any of these matters is likely to have a material adverse impact on the Company's financial condition, results of operations or cash flows.

Government Investigations:

OFAC — In 2015, we initiated an internal investigation to identify any payments processed by the Company that were violations of OFAC sanctions regulations. We notified OFAC of the ongoing internal investigation, which was conducted in conjunction with the Company's outside counsel. On March 28, 2017, we filed a Voluntary Self-Disclosure with OFAC regarding the findings of our internal investigation. OFAC is currently reviewing the results of the Company's investigation. At this time, it is not possible to determine the outcome of this matter, or the significance, if any, to our business, financial condition or results of operations, and we cannot predict when OFAC will conclude its review of our Voluntary Self-Disclosure.

Deferred Prosecution Agreement — In November 2012, we announced that a settlement was reached with the U.S. Attorney's Office for the Middle District of Pennsylvania (the "MDPA") and the U.S. Department of Justice (the "U.S. DOJ") relating to the previously disclosed investigation of transactions involving certain of our U.S. and Canadian agents, as well as fraud complaint data and the consumer anti-fraud program, during the period from 2003 to early 2009. In connection with this settlement, we entered into the DPA with the MDPA and U.S. DOJ (the "Government") dated November 8, 2012.

On November 1, 2017, the Company agreed to a stipulation with the Government that the five-year term of the Company's DPA be extended for 90 days to February 6, 2018. On January 31, 2018, the Company agreed with the Government that the term of the DPA be extended for an additional 45 days to March 23, 2018; on March 21, 2018, the Company agreed with the Government that the term of the DPA be further extended for an additional 45 days to May 7, 2018; on May 7, 2018, the Company agreed with the Government that the term of the DPA be further extended for an additional 45 days to June 21, 2018; and on June 19, 2018, the Company agreed with the Government that the term of the DPA be further extended for an additional 90 days to September 18, 2018. Any further extension of the DPA extends all terms of the DPA, including the term of the monitorship for an equivalent period. The purpose of the extensions is to provide the Company and the Government additional time to discuss whether the Company is in compliance with the DPA. There can be no assurance that the Company and the Government will continue to be able to negotiate a mutually satisfactory outcome during the latest extension (or any further short-term extension of the DPA) or that such outcome will not include a further extension of the DPA, financial penalties or additional restrictions on the Company. Furthermore, there can be no assurance that the Government will not seek any other remedy, including criminal prosecution and financial penalties, in lieu of an extension of the DPA and monitorship. The Company has recorded a \$95.0 million accrual in connection with a possible resolution of this matter, based on the facts and circumstances known at the time. However, the Company is unable to reasonably estimate the ultimate loss and no assurance can be given that future costs and payments made in connection with this matter will not materially exceed the amount currently recorded or that the Government will not also seek to impose non-monetary remedies or penalties.

FTC — On April 4, 2018, we received a civil investigative demand from the Federal Trade Commission (the "FTC") requesting documents and information relating to the Company's anti-fraud program. We are evaluating the scope of this demand and cooperating with the FTC. At this time, it is not possible to predict the eventual scope, duration or outcome of this investigation or its effect, if any, on our business, financial condition or results of operations.

NYDFS — On June 22, 2018, the Company received a request for production of documents from the New York Department of Financial Services (the "NYDFS") related to the subject of the DPA and FTC matters described above.

This request followed previous inquiries by the NYDFS regarding certain of our New York based agents. Since then, the Company has continued to receive and respond to inquiries from the NYDFS related to this matter. Although NYDFS has not indicated what, if any, action it might take in connection with this matter, it is possible that it could initiate civil litigation and/or seek to impose fines, damages, or other regulatory consequences, any or all of which could have an adverse effect on the Company's business, financial condition, results of operations, and cash flows. The Company is unable to predict the outcome, or the possible loss or range of loss, if any, that could be associated with this matter.

Table of Contents

Other Matters — The Company is involved in various other government inquiries and other matters that arise from time to time. Management does not believe that any of these other matters is likely to have a material adverse impact on the Company's financial condition, results of operations or cash flows.

Actions Commenced by the Company:

Tax Litigation — The Internal Revenue Service (the "IRS") completed its examination of the Company's consolidated income tax returns through 2013 and issued Notices of Deficiency for 2005-2007 and 2009 and an Examination Report for 2008. The Notices of Deficiency and Examination Report disallow, among other items, approximately \$900.0 million of ordinary deductions on securities losses in the 2007, 2008 and 2009 tax returns. In May 2012 and December 2012, the Company filed petitions in the U.S. Tax Court challenging the 2005-2007 and 2009 Notices of Deficiency, respectively. In 2013, the Company reached a partial settlement with the IRS allowing ordinary loss treatment on \$186.9 million of deductions in dispute. In January 2015, the U.S. Tax Court granted the IRS's motion for summary judgment upholding the remaining adjustments in the Notices of Deficiency. During 2015, the Company made payments to the IRS of \$61.0 million for federal tax payments and associated interest related to the matter. The Company believes that it has substantive tax law arguments in favor of its position. The Company filed a notice of appeal with the U.S. Tax Court on July 27, 2015 for an appeal to the U.S. Court of Appeals for the Fifth Circuit. Oral arguments were held before the Fifth Circuit on June 7, 2016, and on November 15, 2016, the Fifth Circuit vacated the Tax Court's decision and remanded the case to the Tax Court for further proceedings. The Company filed a motion for summary judgment in the Tax Court on May 31, 2017. On August 23, 2017, the IRS filed a motion for summary judgment and its response to the Company's motion for summary judgment. The Tax Court has directed the parties to agree to a joint stipulation of facts to be filed with the court, at which point the Company expects to file a revised memorandum in support of its motion for summary judgment, and the IRS is expected to file its cross motion for summary judgment. Pending the outcome of the appeal, the Company may be required to file amended state returns and make additional cash payments of up to \$18.9 million on amounts that have previously been accrued.

See Note 12 — Commitments and Contingencies of the Notes to the Condensed Consolidated Financial Statements for additional disclosure.

ITEM 1A. RISK FACTORS

Except as set forth below, there have been no material changes in the Company's risk factors from those described in the Company's Annual Report on Form 10-K for the year ended December 31, 2017. For further information, refer to Part I, Item 1A, "Risk Factors," in the Company's Annual Report on Form 10-K for the year ended December 31, 2017.

We face possible uncertainties relating to compliance with and the extension and impact of the deferred prosecution agreement entered into with the U.S. federal government.

In November 2012, we announced that we had entered into a five-year DPA with the Government relating to the period from 2003 to early 2009. Pursuant to the DPA, the Government filed a two-count criminal Information in the U.S. District Court for the Middle District of Pennsylvania. Under the DPA, the Company has agreed, among other things, to retain an independent compliance monitor for a period of five years. On November 1, 2017, the Company agreed to a stipulation with the Government that the term of the Company's DPA be extended for 90 days to February 6, 2018. On January 31, 2018, the Company agreed with the Government that the term of the DPA be extended for an additional 45 days to March 23, 2018; on March 21, 2018, the Company agreed with the Government that the term of the DPA be further extended for an additional 45 days to May 7, 2018; on May 7, 2018, the Company agreed with the Government that the term of the DPA be further extended for an additional 45 days to June 21, 2018; and on June 19, 2018, the Company agreed with the Government that the term of the DPA be further extended for an additional 90 days to September 18, 2018. Any extension of the DPA extends all terms of the DPA, including the term of the monitorship for an equivalent period. The purpose of the extensions is to provide the Company and the Government additional time to discuss whether the Company is in compliance with the DPA. There can be no assurance that the Company and the Government will be able to negotiate a mutually satisfactory outcome during the latest extension (or during any further short-term extension of the DPA) or that such outcome will not include a further extension of the DPA, financial penalties or additional restrictions on the Company. The terms of any agreement with the Government

could impose significant additional costs upon the Company related to compliance and other required terms, which could have an adverse impact on the Company's operations. Furthermore, there can be no assurance that the Government will not seek any other remedy, including criminal prosecution and financial penalties, in lieu of an extension of the DPA and the monitorship. A prosecution of the Company by the Government or the imposition of significant financial penalties could lead to a severe material adverse effect upon the Company's ability to conduct its business. Furthermore, neither the DPA nor any agreement with the Government would resolve any inquiries from other governmental agencies, which could result in additional costs, expenses and fines.

The Company has recorded a \$95.0 million accrual in connection with a possible resolution of this matter, based on the facts and circumstances known at the time. However, the Company is unable to reasonably estimate the ultimate loss and no assurance can be given that future costs and payments made in connection with this matter will not materially exceed the amount currently recorded or that the government will not also seek to impose non-monetary remedies or penalties.

Table of Contents

If we lose key agents, our business with key agents is reduced or we are unable to maintain our agent network under terms consistent with those currently in place, including due to increased costs or loss of business as a result of higher compliance standards, our business, financial condition and results of operations could be adversely affected.

Most of our revenue is earned through our agent network. In addition, our international agents may have subagent relationships in which we are not directly involved. If agents or their subagents decide to leave our network, our revenue and profits could be adversely affected. Agent loss may occur for a number of reasons, including competition from other money transfer providers, an agent's dissatisfaction with its relationship with us or the revenue earned from the relationship, or an agent's unwillingness or inability to comply with our standards or legal requirements, including those related to compliance with anti-money laundering regulations, anti-fraud measures or agent monitoring. Agents may also generate fewer transactions or reduce locations for reasons unrelated to our relationship with them, including increased competition in their business, general economic conditions, regulatory costs or other reasons. In addition, we may not be able to maintain our agent network under terms consistent with those already in place. Larger agents may demand additional financial concessions or may not agree to enter into exclusive arrangements, which could increase competitive pressure. The inability to maintain our agent contracts on terms consistent with those already in place, including in respect of exclusivity rights, could adversely affect our business, financial condition and results of operations.

A substantial portion of our agent network locations, transaction volume and revenue is attributable to or generated by a limited number of key agents. During the six months ended June 30, 2018, our ten largest agents accounted for 33% of our total revenue. Our largest agent, Walmart, accounted for 16% and 17% of total revenue for the three and six months ended June 30, 2018, respectively, and 17% and 18% of total revenue for the three and six months ended June 30, 2017, respectively. The current term of our contract with Walmart expires on March 30, 2020. If our contracts with our key agents, including Walmart, are not renewed or are terminated, or are renewed but on less favorable terms, or if such agents generate fewer transactions or reduce their locations, our business, financial condition and results of operations could be adversely affected. In addition, the introduction of additional competitive products by Walmart or our other key agents, including competing white label products, could reduce our business with those key agents and intensify industry competition, which could adversely affect our business, financial condition and results of operations. For example, the Company expects that the Walmart2World products, which were launched by the Company and Walmart in the first quarter of 2018, will have a negative impact on our top-line growth due to lower revenue per transaction.
