## Edgar Filing: CYTOKINETICS INC - Form 8-K

#### <u>Top of the Form</u> Item 8.01 Other Events.

On June 13, 2014, Cytokinetics, Inc. issued a press release announcing the presentation of results from research relating to tirasemtiv in mouse models of spinal muscular atrophy (SMA) during the 2014 Annual Spinal Muscular Atrophy Conference in National Harbor, Maryland. In these models, tirasemtiv increased muscle force and improved grip strength, grid hang time, and resistance to fatigue. These studies were supported in part by a grant from the Families of Spinal Muscle Atrophy. Tirasemtiv, a novel skeletal muscle activator, is the lead drug candidate from Cytokinetics' skeletal muscle contractility program.

A copy of the press release is furnished as Exhibit 99.1 to this Current Report on Form 8-K, and is incorporated herein by reference.
