Dear

**Fellow

Jim Koch

**Founder, Brewer,
and Chairman of the Board**

April 5, 2019

It is my pleasure to invite you to attend our 2019 Annual Meeting of Stockholders on Thursday, May 16, 2019 at 9:00 a.m. ET at the Samuel Adams Brewery, located at 30 Germania Street in Boston, Massachusetts.

At the Annual Meeting you will be asked to elect three Class A Directors and cast an advisory vote on executive compensation. As the holder of the voting rights of the Company's Class B Common Stock, I will elect four Class B Directors and cast a vote to ratify the selection of our independent registered public accounting firm.

In January, we shared with sadness the passing of longtime Director Gregg A. Tanner. Gregg had been a member of our Board and Audit Committee since May 2007, chair of our Audit Committee since May 2013, a member of our Compensation Committee since May 2017, and a member of our Nominating/Governance Committee since May 2018. He brought with him an unparalleled knowledge of supply chain and operations, an entrepreneurial spirit, a deep humility, a genuinely caring nature, and a wonderful sense of humor. We will miss him greatly.

As you may remember from last year's Proxy Statement, Dave Burwick joined the Company as our President and Chief Executive Officer on April 2, 2018, following the retirement of longtime President and CEO Martin Roper. Dave had been a Director since 2005 and remains on our Board today. However, Martin's retirement created a vacancy for a Class B Director, which has yet to be filled.

In this Proxy Statement you will find information about Meghan V. Joyce, who was appointed as a Class A Director in March 2019 to fill the vacancy left by Gregg's passing. She is a candidate for reelection as a Class A Director this year. Incumbent Class A Directors Michael Spillane and Jean-Michel Valette are also candidates for reelection this year. Dave, Cynthia Fisher, David Fialkow and I are candidates for reelection as Class B Directors.

In March we also announced that Lesya Lysyj will be joining the Company as Chief Marketing Officer in late April 2019. Lesya's experience leading marketing and strategy for numerous recognizable and highly-respected brands will be a great addition to our leadership team as we look ahead to ensure that our brands and initiatives are well-positioned for growth.

“The Mission of The Boston Beer Company is to seek long-term profitable growth by offering the highest quality product to the U.S. beer drinker.”

At the Annual Meeting each year, it is always a pleasure for me to share news with you about our Company and samples of the beers that we believe will support our long-term growth. More importantly, the meeting is an opportunity for you to ask questions and express opinions about the Company, regardless of the number of shares that you own.

The Proxy Statement and Boston Beer's Annual Report for the fiscal year ended December 29, 2018 are available at www.bostonbeer.com.

On behalf of the Board of Directors and Boston Beer's Executive Leadership Team, I thank you for your continued confidence and support of Boston Beer and our products.

Cheers!

2018 Business Results

The Company's business goal is to become the leading supplier for "high end" beer drinker occasions by creating and offering high quality alcohol beverages. With the support of a large, well-trained sales organization and world-class brewers, the Company strives to achieve this goal by offering great beers, hard ciders, and hard seltzers, while increasing brand availability and awareness through traditional media and digital advertising, point-of-sale, promotional programs, and drinker education.

Our business results for the Company's 52-week fiscal period ended December 29, 2018 ("Fiscal Year 2018") are as follows.

•

Net revenue of \$995.7 million, an increase of \$132.7 million, or 15.4%, from the 52-week fiscal period ended December 30, 2017 (“Fiscal Year 2017”)

Earnings per diluted share of \$7.82, a decrease of \$0.27 from Fiscal Year 2017, primarily due to a 2017 favorable one-time tax benefit of \$1.72 per diluted share related to the Tax Cuts and Jobs Act of 2017, lower margins, and increased advertising, promotional, and selling expenses, partially offset by an increase in net revenue

Depletions (sales by our wholesalers to retailers) increase of approximately 13% compared to Fiscal Year 2017

Shipments (our sales to our wholesalers) of approximately 4.3 million barrels, a 13.7% increase compared to Fiscal Year 2017

Cash and cash equivalents on hand as of the end of Fiscal Year 2018 of \$108.4 million, up from \$65.6 million as of the end of Fiscal Year 2017

Capital investments of \$55.5 million to drive efficiencies and cost reductions, and support product innovation and potential future growth

Executive Compensation

Boston Beer's executive compensation program seeks to attract, motivate, reward, and retain highly competent executives with an overall compensation package that affords strong performers the opportunity to earn competitive compensation over the long term through a combination of base salary, cash incentives, and equity awards. The program focuses on "pay for performance" through bonuses linked to company performance targets and equity awards with both performance-based vesting tied to volume growth and time-based vesting linked to service. We believe that executive compensation should be aligned with achieving the Company's strategic goals and delivering strong Company performance, both in terms of growth and long-term stockholder value.

Boston Beer is dedicated to having effective corporate governance standards in place around our executive compensation program. Some highlights of those standards include:

- Independent oversight over executive compensation by the Compensation Committee;
- Competitive benchmarking of executive compensation against a peer group;
- Bonus program for Executive Officers based solely on Company performance (depletions growth, EBIT, and resource efficiency and/or cost savings targets);
- Long-term equity program with a mix of performance and time-based vesting criteria;
- Annual advisory Say-on-Pay vote;
- Policy banning hedging and pledging of Boston Beer stock by Executive Officers; and
- Robust equity ownership guidelines applicable to our Chairman and CEO.

2018 Compensation of President & CEO David A. Burwick

In February 2017, then President and CEO Martin F. Roper announced his plans to retire in 2018. Following a year-long search for Mr. Roper's replacement, on January 23, 2018, the Company entered into an offer letter with David A. Burwick (the "Burwick Offer Letter") to join the Company as President & Chief Executive Officer, which offer was contingent upon subsequent approval by the Board of Directors and the Compensation Committee. The appointment and the details of the Burwick Offer Letter were subsequently approved by the Compensation Committee on February 13, 2018 and the Board of Directors on February 14, 2018. A copy of the Burwick Offer Letter was attached as Exhibit 10.1 to the Company's Current Report on Form 8-K (a "Form 8-K") filed with the Securities and Exchange Commission ("SEC") on February 16, 2018. In that Form 8-K, the Company announced that Mr. Burwick would commence service as President and Chief Executive Officer on April 2, 2018.

Mr. Burwick joined the Company with an established track record of innovation and success in the beverage and consumer goods industries, including service on Boston Beer's Board of Directors since 2005. Mr. Burwick previously served as President and CEO of Peet's Coffee and Tea from December 2012 to March 2018. Under his leadership, Peet's more than doubled its sales and profits over the previous five years. Prior to joining Peet's, Mr. Burwick served as President of North America for Weight Watchers International, Inc. from April 2010 to December 2012, and in

numerous leadership roles at PepsiCo from 1989 through 2009, including as Chief Marketing Officer of Pepsi-Cola North America.

Mr. Burwick’s compensation in 2018 included a base salary, a performance-based bonus made pursuant to the Company’s bonus program, two annual equity grants made pursuant to the Company’s long-term equity program, two one-time restricted stock awards and a one-time signing bonus made for the purposes of recruitment and retention, and assistance with certain relocation costs, all of which was outlined in the Burwick Offer Letter.

Mr. Burwick earned total compensation of \$20,037,667 in 2018, a substantial portion of which was attributable to one-time payments, equity awards, and reimbursements made for the purposes of recruiting him to join the Company and retaining him for the long term. The mix of his total compensation for 2018 is set forth below:

**President & CEO David A. Burwick’s
2018 Total Compensation Mix**

Base Salary Received	\$562,500
Performance Bonus Earned	\$1,515,000
April 30, 2018 Stock Option Award	\$1,000,910
April 30, 2018 Restricted Stock Award	\$999,977
Other Compensation	\$9,535
One-Time Recruitment RSA #1	\$7,749,881
One-Time Recruitment RSA #2	\$5,999,864
One-Time Signing Bonus	\$1,600,000
One-Time Relocation Assistance	\$600,000
TOTAL	\$20,037,667

Each of these categories of Mr. Burwick’s compensation mix are described in detail in the Compensation Discussion and Analysis, or “CD&A” section of this Proxy Statement under the heading “Compensation of David A. Burwick, President & Chief Executive Officer.” Included in that discussion are the establishment of Mr. Burwick’s base salary, the attainment of his performance bonus, the grant of his equity awards, and his relocation assistance, all of which were approved by the Compensation Committee and the full Board of Directors.

[Back to Contents](#)

Excluding the one-time payments, equity awards, and relocation assistance made for the purposes of recruitment and retention, Mr. Burwick earned total compensation of \$4,087,922 in 2018, as outlined in the below chart:

President & CEO David A. Burwick's**2018 Total Compensation Mix****Excluding One-Time Recruitment Compensation**

Base Salary Received	\$562,500
Performance Bonus Earned	\$1,515,000
April 30, 2018 Option Award	\$1,000,910
April 30, 2018 Restricted Stock Award	\$999,977
Other Compensation	\$9,535
TOTAL	\$4,087,922

Taking into account information from a number of sources, including an assessment prepared by an executive compensation consulting firm, the Compensation Committee believes that Mr. Burwick's compensation in 2018 was appropriate based on his responsibilities, individual performance and contribution to Boston Beer, Company performance under Mr. Burwick's leadership, and the costs of recruiting and retaining a new President and CEO with Mr. Burwick's capabilities and track record. The Compensation Committee also believes that Mr. Burwick's compensation package is structured in a way that provides him with appropriate incentives and rewards for superior performance and increasing stockholder value.

Other Named Executive Officer 2018 Compensation Mix

The mix of 2018 compensation of our other Named Executive Officers was also consistent with the goals of our executive compensation program. For example, as shown in the chart below, equity awards and performance-based bonuses provided approximately 61.1% of the total compensation, in the aggregate, of our other Named Executive Officers.

The actual compensation paid to each of our Named Executive Officers in 2018 is discussed in the CD&A section of this Proxy Statement. Of the total compensation of our other Named Executive Officers for 2018, salary constituted 20% to 33%, bonuses earned (paid in 2019 based on 2018 performance) constituted 0%¹ to 55%, and equity compensation constituted 17% to 33%.

Former Chief Marketing Officer Jonathan N. Potter left the Company on July 31, 2018. Pursuant to his Separation Agreement, the Company made separation payments to him based on certain contingencies in Fiscal Year 2018,

including his covenant not to compete with the Company. A copy of Mr. Potter's Separation Agreement was attached as Exhibit 10.1 to the Form 8-K filed by the Company on August 9, 2018.

Note Regarding Forward-Looking Statements

Forward-looking statements may appear throughout this Proxy Statement, including but not limited to this Proxy Summary and the CD&A. These forward-looking statements generally are identified by the words "believe," "project," "expect," "anticipate," "estimate," "intend," "strategy," "future," "opportunity," "plan," "may," "should," "will," "will likely result," and similar expressions. Forward-looking statements are based on current expectations and assumptions that are subject to risks and uncertainties that may cause actual results to differ materially. We describe risks and uncertainties that could cause actual results and events to differ materially in our Forms 10-K and 10-Q filed with the SEC. We undertake no obligation to update or revise publicly any forward-looking statements, whether because of new information, future events, or otherwise.

Mr. Potter did not receive a performance bonus for 2018 because he was not employed by the Company at the close of the fiscal year. However, he did receive separation payments in connection with his July 31, 2018 separation from the Company, which are described in more detail under the heading "Compensation of Named Executive Officers Other than the CEO and former CEO" in this Proxy Statement.

The Board recommends a vote FOR the proposal.

10. How many shares must be present, in person or by proxy, to hold the Annual Meeting?

The holders of a majority of the issued and outstanding shares of each class of Common Stock are required to be present in person or to be represented by proxy at the Annual Meeting in order to constitute a “quorum” to vote on the matters coming before their respective Class.

11. How will “withhold” votes and abstentions be counted for matters to be voted on by the Class A Stockholders?

Abstentions and “withhold” votes will be counted as present in determining whether the quorum requirement is satisfied.

As our Class A Director nominees are running unopposed this year and are elected by a plurality of votes cast by the Class A Stockholders, each nominee technically only needs one vote to be elected. However, our Class A Stockholders have the option to express dissatisfaction with one or more candidates by indicating that they wish to “withhold” favorable votes with respect to certain or all Class A Director nominees. A substantial number of “withhold” votes will not prevent a nominee from getting elected, but could potentially influence decisions by the Board concerning future nominations.

Abstentions on the advisory vote of Class A Stockholders regarding the compensation of our Named Executive Officers will have the same effect as negative votes.

12. I am a Class A Stockholder. What if I do not specify a choice for a matter when returning a proxy card?

If you are a Stockholder of Record and you sign and return the proxy card without indicating your instructions, your shares will be voted as recommended by the Board on each of the agenda items for which you are entitled to vote and have not clearly indicated your vote. For example, your shares will be voted in favor of each of the Class A Director nominees and in favor of the proposal to approve, on an advisory basis, the Company’s 2018 executive officer compensation. In addition, if other matters come before the meeting, your proxy will have discretion to vote on these matters in accordance with their best judgment. If you are a Beneficial Owner and do not provide voting instructions on the form provided by your bank, broker, or other nominee holding your shares of Class A Common Stock, your shares may not be voted with respect to “non-routine” matters such as the election of directors and the proposal to approve, on an advisory basis, the Company’s 2018 executive officer compensation.

13. What does it mean if I receive more than one Notice?

If you receive multiple Notices, it means that you hold your shares in different ways (for example, some shares held by you directly, some beneficially or in a trust, in custodial accounts, or by joint tenancy) or in multiple accounts. Each Notice you receive should be voted separately by internet, telephone, or mail.

14. May stockholders ask questions at the Annual Meeting?

Yes. There will be a question and answer period after the formal portion of the meeting has concluded. In order to provide an opportunity for everyone who wishes to ask a question, stockholders may be limited in the number of questions they may ask. Stockholders should direct questions to the Chairman and confine questions to matters that relate to Company business.

15. When will Boston Beer announce the voting results?

We will announce the preliminary voting results at the Annual Meeting. We will report the final results in a Form 8-K filed with the SEC within four business days after the meeting.

16. I lost my Notice or Proxy Materials. How am I able to vote?

You will need the control number found on the bottom of your Notice to be able to vote your shares. If you are a Stockholder of Record and you have not received your Notice or Proxy Materials by April 26, 2019, or have lost or misplaced your Notice or Proxy Materials, please contact Computershare at 888-877-2890 or www.computershare.com to get your control number. If you are a Beneficial Owner, please contact your bank, broker, or other holder of record.

17. Can I revoke or change my proxy?

You may revoke or change your proxy at any time before it is exercised by: (1) delivering a signed proxy card to Boston Beer with a date later than your previously delivered proxy; (2) voting in person at the Annual Meeting after revoking your proxy; (3) granting a subsequent proxy through the internet or telephone; or (4) sending a written revocation to our Corporate Secretary, Michael G. Andrews. Your most current proxy is the one that will be counted.

18. Who incurs the expenses of the proxy solicitation?

All proxy soliciting expenses incurred in connection with the Company's solicitation of proxies for the Annual Meeting will be borne by the Company. Our officers and employees may solicit proxies by mail, telephone, fax, or personal contact, without being additionally compensated. In addition, Boston Beer has retained Morrow Sodali, a professional proxy solicitation firm, to assist in the solicitation of proxies for a fee of \$7,500, plus reimbursement of reasonable out-of-pocket expenses.

Nominees for Board of Directors

The nominees for our Board of Directors have been proposed in accordance with our Articles of Organization, By-Laws, and Corporate Governance Guidelines. Below are the nominees for election as Class A and Class B Directors, respectively, for a one-year term ending at the close of the 2020 Annual Meeting. As discussed in more detail below, each nominee has extensive business and senior management experience, and together they represent a group of individuals with diverse skills and experience in the areas that we consider to be the most critical to our business and prospects, including knowledge of and experience in the alcohol beverage industry, marketing and brand development, operations and supply chain management, finance, sales, corporate governance, entrepreneurship, and general enterprise management.

When former President & CEO Martin F. Roper stepped down from his position and the Board on April 2, 2018, the number of Directors serving on the Board was temporarily reduced from eight to seven. At that time, the Board commenced a search for an eighth Director to fill that Class B Director vacancy. Mr. Tanner's unfortunate passing in January 2019 then created a Class A Director vacancy on the Board. In March 2019, the Nominating/Governance Committee filled the Class A Director vacancy by appointing Ms. Joyce to the Board as a Class A Director, as permitted by our By-Laws. She is a candidate for reelection as Class A Director. As of the mailing of this Proxy Statement, the Nominating/Governance Committee remains in the late stages of its search to fill the Class B Director vacancy. Once the search is complete, it is expected that the candidate will be appointed to the Board in accordance with our By-Laws.

Corporate Governance

We are committed to having effective corporate governance and high ethical standards because we believe that these values support our long-term performance. Our Articles of Organization, By-Laws, Corporate Governance Guidelines, the charters of the Board's committees, and our Code of Business Conduct and Ethics provide the framework of our corporate governance standards. These documents are available on our investor relations website, www.bostonbeer.com, and are also available in print by request. Requests should be directed to the attention of Investor Relations, The Boston Beer Company, Inc., One Design Center Place, Suite 850, Boston, Massachusetts 02210.

Director Independence

All three of the individuals standing for election as Class A Directors in 2018 – Meghan V. Joyce, Michael Spillane, and Jean-Michel Valette – and one of the four individuals standing for reelection as a Class B Director – David P. Fialkow – constituting a majority of the Board of Directors, have no material relationship with Boston Beer (either directly or indirectly as a partner, stockholder, or officer of an organization that has a relationship with the Company) and are independent, as determined in accordance with the director independence standards of the New York Stock Exchange (“NYSE”) and the SEC. Only independent Directors may serve as members of our Audit, Compensation, and Nominating/ Governance Committees.

Board Leadership Structure

Since 2001, Boston Beer has separated the roles of CEO and Chairman. We believe that this strengthens the Company by allowing the CEO to focus on the day-to-day management of the business and the Chairman to focus on leadership of the Board of Directors, issues of product quality and innovation, and overall brand strategy and awareness. The Chairman continues to be active in our business, but with more focus in critical areas of the business and outreach, including participation in industry trade associations. Both the Chairman and the CEO participate fully in deliberations of the Board of Directors.

In May 2013, the non-management members of the Board of Directors voted to establish the position of Lead Director and adopted a charter for the position. The non-management members of the Board of Directors then appointed Mr. Valette as the Lead Director. The role of the Lead Director is to serve in a leadership capacity to coordinate the activities of the other non-management Directors, including but not limited to: (i) presiding at meetings of the Board in the absence of, or upon the request of, the Chairman; (ii) presiding over all executive session meetings of non-management Directors and reporting to the full Board and management concerning such meetings; (iii) reviewing Board agendas in collaboration with the Chairman and CEO and recommending matters for the Board to consider; (iv) serving as a liaison between Directors and the Chairman and CEO without inhibiting direct communications among the Chairman, CEO, and other Directors; (v) serving as the principal liaison for consultation and communication

between Directors and stockholders; and (vi) advising the Chairman concerning the retention of advisors and consultants who report directly to the Board.

Executive Sessions of the Board

The non-management Directors generally meet in executive sessions without management as part of each regularly-scheduled Board meeting. A portion of each executive session includes the Chairman and the one non-management Director who is not independent, and another portion includes only the independent Directors. The Lead Director leads these sessions and reports back to the Chairman and the CEO regarding these executive session discussions. The independent Directors met formally in executive sessions four times during Fiscal Year 2018.

Board Risk Oversight

The Board as a whole has ultimate responsibility for risk oversight. It exercises this oversight function through its standing committees, each of which has primary risk oversight accountability with respect to all matters within the scope of its responsibilities, as set forth in its charter. As further described below under the headings “Audit Committee” and “Compensation Committee”, the Audit Committee and management regularly discuss Boston Beer’s risk assessment and risk management programs and processes, and the Compensation Committee reviews the risks associated with Boston Beer’s compensation practices.

Review of Related Party Transactions

Under our Code of Business Conduct and Ethics, our Directors, Executive Officers, and other employees are required to report any proposed related party transactions to our Compliance Officer, who will bring them to the attention of the Audit Committee.

On May 18, 2017, the Board of Directors adopted a written Related Party Transactions Policy on the recommendation of the Audit Committee. The policy is intended to enable the Audit Committee to consider the approval and reporting of transactions between the Company and any of its Directors, Director Nominees, Executive Officers, or 5% Stockholders, or certain entities or persons related to them (each, a “Related Party”). The policy requires Directors, Director Nominees, and Executive Officers to report any potential material related party transaction between the Company on one hand and a Related Party on the other hand to the Company’s General Counsel, who will in turn refer the transaction to the Audit Committee for review. In considering whether to approve the transaction, the Audit Committee will weigh a number of factors, including but not limited to: (i) whether the terms of the transaction are fair to the Company and would be acceptable if the same transaction did not involve a Related Party; (ii) the nature of alternative transactions; (iii) Director independence; (iv) timely compliance with the approval process; (v) the potential for conflicts of interest; and (vi) the size and ongoing nature of the proposed transaction.

Since January 1, 2018, we have not entered into any material transaction with any of our Directors, Executive Officers, their immediate family members or related entities, or any stockholder owning 5% or more of our outstanding stock, nor do we currently have any proposed transactions in which Boston Beer is or was a participant and in which any such related person had or will have a direct or indirect material interest.

Board Meetings and Attendance

We believe that all members of the Board of Directors should attend and actively participate in meetings of the Board and of its committees. Directors are also strongly encouraged to attend meetings of stockholders.

During Fiscal Year 2018, there were four regular meetings and one special telephonic meeting of the Board of Directors. Each incumbent Director attended at least 75% of the aggregate of the meetings of the Board of Directors and the meetings of the committees on which he or she served.

All Directors attended the 2018 Annual Meeting of Stockholders in person, which was held at our brewery in Boston, Massachusetts. At this meeting, the Directors had the opportunity to meet directly with a number of our individual stockholders, many of whom have held Boston Beer stock since our initial public offering in 1995.

Board Committee Structure

There are three standing committees of the Board of Directors: the Audit Committee, the Compensation Committee, and the Nominating/Governance Committee. Membership on these committees is limited to independent Directors. Membership of the committees as of the mailing of this Proxy Statement is outlined in the below chart.

Director	Audit	Compensation	Nom/Gov
David P. Fialkow			
Michael Spillane		Chair	
Jean-Michel Valette	Chair		Chair

Back to Contents

In 2018, Mr. Tanner served as Chair of our Audit Committee and a member of our Compensation and Nominating/Governance Committees. He passed away in January 2019. In January 2019, Mr. Spillane was appointed to the Company's Audit Committee on an interim basis to fill the vacancy arising out of Mr. Tanner's passing. In February 2019, Mr. Valette was named interim Chair of the Audit Committee, succeeding Mr. Tanner as Chair. The Nominating/Governance Committee anticipates filling these committee assignments on a more permanent basis following the Annual Meeting of Stockholders, including the committee assignment(s) of Ms. Joyce.

Ms. Fisher, Mr. Koch, and Mr. Burwick are not independent Directors. Mr. Burwick, who was formerly considered independent, served as Chair of the Nominating/Governance Committee and a member of the Compensation Committee until he became President and CEO on April 2, 2018, at which time he stepped down from those positions.

Each of the committees operates under a written charter adopted by the Board, reviews its charter annually, and makes recommendations for revisions to the Board as appropriate. Additionally, each year the Nominating/Governance Committee formally reviews its performance as well as the adequacy of our Corporate Governance Guidelines, recommending any necessary changes to the full Board for approval. The Nominating/ Governance Committee also oversees the annual self-evaluation process for the full Board and each of the standing committees. Copies of the Corporate Governance Guidelines and respective charters, as amended and currently in effect, are available on Boston Beer's investor relations website, www.bostonbeer.com. The function of each committee and attendance during 2018 are described below.

Audit Committee

In accordance with its charter, the Audit Committee assists the Board in fulfilling its responsibility to oversee management's conduct of Boston Beer's financial reporting process, including overseeing the financial reports and other financial information provided by the Company's internal accounting and financial control systems and the annual independent audit of the Company's financial statements. The Audit Committee also appoints, evaluates, and determines the compensation of the Company's independent registered public accounting firm; reviews and approves the scope of the annual audits of the Company's financial statements and its internal controls over financial reporting; pre-approves all other audit and non-audit services provided to the Company by the independent auditors; reviews the Company's disclosure controls and procedures; and reviews other risks that may have a significant impact on the Company's financial statements. Each year, the Audit Committee issues an annual report for inclusion in the Proxy Statement in cooperation with the Corporate Secretary.

The Audit Committee is also responsible for the oversight of operational, governance, and other risks that could adversely affect Boston Beer's business. To fulfill these oversight responsibilities, at each of its regular meetings, the Audit Committee reviews and discusses potential material risks to the Company with Boston Beer's Director of Internal Audit and with representatives of the Company's independent registered public accounting firm, and asks for and receives regular updates on steps taken by management to address those risks. Areas of focus in 2018 included brand health and innovation, business processes and controls, effective collaboration and execution, employee engagement, health and safety, business continuity, cybersecurity, product quality, and regulatory and legal

compliance. The Audit Committee reports any risks that it believes could have a material adverse impact on the Company to the full Board of Directors.

The Audit Committee also reviews and approves Rule 10b5-1 Plans related to the Company's repurchase of its Class A Shares. In the event that an Audit Committee member has an individual Rule 10b5-1 Plan in place or the intention to sell Boston Beer stock during a corresponding time period, that member recuses himself from discussions regarding the pricing parameters under the proposed 10b5-1 Plan.

The Board has determined that two members of the Audit Committee, independent Directors David Fialkow and Jean-Michel Valette, are "audit committee financial experts" as defined under SEC rules. The Audit Committee met four times in 2018. The Chairman, the CEO, the CFO and the Chief Accounting Officer attended each of the meetings, but recused themselves when the Audit Committee met in executive sessions with the Director of Internal Audit or with representatives of the Company's independent registered public accounting firm.

The Audit Committee Report is included in the Audit Information section of this Proxy Statement.

Compensation Committee

The Compensation Committee's responsibility is to carry out the Board's oversight of the compensation of our Directors and Executive Officers by evaluating and approving the Company's compensation programs and policies for those positions. The Committee provides general oversight of our compensation structure, including the Company's equity compensation plans; reviews and makes recommendations to the Board concerning policies or guidelines with respect to compensatory arrangements involving Directors and Executive Officers and their respective participation in the Company's equity plans; reviews and approves Company goals and objectives relevant to the compensation of the Chairman, CEO, and other Executive Officers; evaluates the performance of the Chairman, CEO, and other Executive Officers against those goals; approves cash bonuses and sets salaries for

[Back to Contents](#)

the Chairman, CEO, and other Executive Officers, and determines the total compensation level and mix for the Chairman, CEO, and the other Executive Officers.

In cooperation with the independent Directors, members of the Compensation Committee perform an annual evaluation of the performance of the Chairman and the CEO, including obtaining feedback from other Executive Officers and a select group of senior managers.

The Compensation Committee also considers areas of risk that may arise from Boston Beer's compensation practices, not only relating to Executive Officer compensation, but with respect to the Company's compensation practices as a whole. In carrying out its responsibilities, the Compensation Committee reports to the full Board on a regular basis. In cooperation with the Corporate Secretary, the Committee also issues an annual report and approves the CD&A for inclusion in the Proxy Statement.

On December 20, 2018, based on the Compensation Committee's recommendation, the Board of Directors amended our Employee Equity Incentive Plan (our "EEIP") to: (1) permit the grant of restricted stock units; (2) eliminate certain plan features and limitations that are no longer applicable following the repeal of the qualified performance-based exception under Section 162(m) of the Internal Revenue Code of 1986, as amended; and (3) make certain other changes to enhance administrative flexibility, including but not limited to greater flexibility related to vesting periods, grant dates for equity awards, purchase dates for investment shares, and alternatives for participants to cover their tax withholding liability. A copy of the amended EEIP was attached as Exhibit 10.1 to the Form 8-K filed by the Company on December 21, 2018.

During Fiscal Year 2018, there were four regular meetings and one special telephonic meeting of the Compensation Committee.

Nominating/Governance Committee

The Nominating/Governance Committee assists the Board by recommending nominees for election as Directors and nominees for each Board committee, evaluating the Board's leadership structure, developing and recommending to the Board a set of corporate governance principles, overseeing an annual evaluation of the Board, and planning for Board succession.

The Nominating/Governance Committee, acting independently, but also in concert with the Class B Stockholder, who elects the majority of the Board under our By-Laws, regularly assesses the size and composition of the Board, including the experience, qualifications, attributes, and skills represented by current Board members and those that could enhance the overall breadth and strength of the Board. The Committee also reviews director independence and

any potential conflicts of interest; examines and discusses the analyses of Boston Beer's corporate governance standards by proxy advisory firms; considers votes cast by stockholders; reviews communications with stockholders, and makes recommendations to management and/or the Board for improvements; all in order to ensure the adequacy of our corporate governance policies.

During Fiscal Year 2018, there were four regular meetings and one special telephonic meeting of the Nominating/Governance Committee.

Consideration of Nominees for Director

Identifying and Evaluating Nominees for the Board of Directors

The Nominating/Governance Committee employs a variety of methods for identifying and evaluating nominees for Director. The Committee identifies those attributes, qualifications, skills, and experiences that Committee members believe should be reflected on the Board as a whole. Then the Committee reviews the characteristics of the then-current Board and seeks to identify any particular perceived weakness or imbalance. In doing so, the Nominating/Governance Committee takes into consideration the results of the annual self-assessments performed by the Board and each of the standing committees and seeks input from the full Board on opportunities to strengthen the Board. The Committee also meets with Mr. Koch, who holds the voting rights to all Class B Shares, which entitle him to elect a majority of Board members under our By-Laws.

The Nominating/Governance Committee identifies potential Director candidates without regard to their age, gender, race, national origin, sexual orientation, or religion. While the Board does not have a formal policy on diversity, the Nominating/Governance Committee considers and discusses diversity in selecting Director nominees. The Committee views diversity broadly, taking gender, ethnicity, experience, skills, judgment, differences of viewpoint, location, education, and professional and industry experience into account, all in the context of the perceived needs of the Board at the relevant time. The Board believes that a diversity of perspectives can result in more thoughtful deliberations.

The Nominating/Governance Committee has discussed the issue of term limits and concluded that establishing formal term limits for Directors is not in the best interests of the Company. The Committee has weighed the potential advantage of bringing "new blood" to the Board versus the disadvantage of losing valuable contributions by Directors who have developed expansive knowledge of the Company and its operations, which the Committee believes has historically resulted in a higher level of overall Board effectiveness. The Committee believes that the Board's annual self-evaluation process serves as an appropriate alternative to term limits.

Candidates may come to the attention of the Nominating/Governance Committee through a number of sources, including current Board members, professional search firms, stockholders, or other persons. Candidates are evaluated by the Nominating/Governance Committee and may be considered at any point during the year.

Stockholder Nominees

The policy of the Nominating/Governance Committee is to consider properly submitted stockholder nominations for candidates for membership on the Board, as described in the above section. The same process is used for evaluating a director candidate submitted by a stockholder as is used in the case of any other potential nominee. Any stockholder nominations proposed for consideration by the Nominating/Governance Committee should include the nominee's name and qualifications for Board membership and should be addressed to:

Chair, Nominating/Governance Committee
c/o Corporate Secretary
The Boston Beer Company, Inc.
One Design Center Place, Suite 850
Boston, Massachusetts 02210

If Boston Beer receives a communication from a stockholder nominating a candidate that is not submitted as described above, it will forward such communication to the Chair of the Nominating/Governance Committee.

Response to 2018 Annual Meeting and Stockholder Feedback

At the Company's 2018 Annual Meeting, all of Boston Beer's Class A Directors were elected by a majority of votes cast. As reported in a Form 8-K filed by the Company on May 22, 2018, Mr. Spillane received a favorable vote of 88.8% of the votes cast, Mr. Tanner received a favorable vote of 92.4% of the votes cast, and Mr. Valette received a favorable vote of 97.0% of the votes cast. Additionally, the Class A Stockholders approved, on an advisory basis, the non-binding "Say-on-Pay" resolution, which received a favorable vote of 82.0% of the votes cast.

In May 2018, prior to the Company's 2018 Annual Meeting of Stockholders, the Company reached out to its top twenty-five institutional stockholders to discuss the Company's advisory Say-on-Pay resolution, and ultimately held a telephone conference with one large stockholder and received written responses from others. Certain stockholders indicated that a telephone conference was not necessary, as they would be voting in favor of our executive officer compensation as disclosed in the Company's Proxy Statement for the 2018 Annual Meeting of Stockholders without the need for further consultation. In connection with this outreach, we received feedback that investors prefer that the Company utilize a mix of annual performance-based options and time-based restricted stock awards for its long-term

equity compensation grants to its Named Executive Officers, recognizing that the Company began moving in that direction with its 2018 equity grants.² These concerns were relayed to the Compensation Committee. As reported in a Form 8-K filed by the Company on February 15, 2019, the Compensation Committee utilized a similar mix of performance-based options and time-based restricted stock units to the Company's Named Executive Officers in connection with their 2019 annual equity grants. At this time, the Company anticipates utilizing a similar mix of annual long-term equity grants on a going forward basis.

In recent years, we have increased our outreach to stockholders and have strengthened our corporate governance through the adoption of additional policies and procedures, including the adoption of an executive compensation clawback policy, the adoption of a policy banning hedging or pledging of Boston Beer stock, the establishment of equity ownership guidelines, and the adoption of a revised Insider Trading Policy, a revised Related Party Transactions Policy, and a revised EEIP. We intend to continue these efforts to maintain a strong corporate governance structure and engage in open communications with our stockholders about governance issues.

Communications with the Board

Stockholders and other interested parties may communicate with the Board of Directors or any individual Director by submitting an email to the Company's Board at bod@bostonbeer.com. Communications that are intended specifically for the independent Directors should be sent to the email address above to the attention of the Lead Director.

Based partly on historical stockholder feedback, we adjusted our long-term equity program in 2018 so that the non-salary portion of the potential compensation mix of our NEOs was more balanced between: (1) cash incentive bonuses contingent solely on Company performance; (2) option awards contingent solely on Company performance; and (3) restricted stock awards contingent on continued employment.

Compensation Discussion and Analysis

In this section of the Proxy Statement, which we sometimes refer to as the CD&A, we will describe the important components of the executive compensation program for our Named Executive Officers. In 2018, our Named Executive Officers were:

DAVID A. BURWICK	President and Chief Executive Officer
MARTIN F. ROPER	Former President and Chief Executive Officer
FRANK H. SMALLA	Treasurer and Chief Financial Officer
C. JAMES KOCH	Founder and Chairman
JOHN C. GEIST	Chief Sales Officer
QUINCY B. TROUPE	Senior Vice President, Supply Chain
JONATHAN N. POTTER	Former Chief Marketing Officer

In addition to providing an overview of our executive compensation program, this section also explains how the Compensation Committee determined the specific compensation policies and decisions involving our Named Executive Officers.

Role of the Compensation Committee

The Compensation Committee has overall responsibility for evaluating and approving Boston Beer's compensation programs and policies relating to Directors and Executive Officers. This includes reviewing the competitiveness of executive compensation programs, evaluating the performance of our Executive Officers, and approving their annual compensation and equity awards. The Committee reviews and approves corporate goals and objectives relevant to the compensation of our Chairman, CEO, and other Executive Officers; evaluates the achievement of those goals, taking into consideration the recommendations of the CEO; and sets compensation levels based on this evaluation.

Compensation Philosophy and Objectives

Boston Beer's executive compensation program is designed to attract, motivate, reward, and retain highly competent executives, with a focus on pay for performance through bonuses linked to company performance and equity awards with performance-based vesting linked to company performance and time-based vesting linked to retention. Overall, Boston Beer believes it should provide competitive pay to its Executive Officers and align compensation with achieving the Company's goals and delivering strong company performance, both in terms of growth and long-term stockholder value. These compensation packages are designed to:

provide executives with competitive cash and stock compensation with a significant portion of total compensation contingent on company performance, thereby increasing stockholder value;
provide higher compensation to high-value contributors and high performers in the most critical areas of the Company's business; and
encourage executives to act as owners with an equity stake in the Company, while reducing risk from its compensation practices that would be reasonably likely to have a material adverse effect on the Company by basing variable compensation on a range of performance criteria that have a mix of short-term and long-term implications.

In keeping with these objectives, the structure of our executive compensation program is described in the section below.

[Back to Contents](#)

Components of Executive Compensation and Compensation Mix

The total potential compensation mix of our Named Executive Officers balances: (1) competitive base salaries; (2) cash incentive bonuses contingent solely on Company performance; (3) option awards contingent solely on multi-year Company performance; and (4) restricted stock awards contingent on continued employment. These pillars of our executive compensation program are described in more detail below. For other Executive Officers and senior managers of the Company, the proportion of compensation provided by equity and the proportion of other variable, performance-based compensation increases with the individual's level of responsibility and ability to have an impact on the Company's business.

Base Salary

Base salaries are determined by a variety of factors, including the executive's scope of responsibilities, tenure, performance, and a comparison of salaries paid to peers within the Company and to those with similar roles at other companies of similar size, scale, and complexity. Base salaries are set at levels that allow us to attract and retain superior leaders and that will enable us to deliver on our business goals. Salaries are reviewed annually and may be adjusted after considering the above factors.

The Compensation Committee determines the base salaries of the Chairman and the CEO, taking individual and Company performance, individual responsibilities, and market data regarding peer group compensation into account. The Chairman makes a recommendation to the Compensation Committee for the base salary of the CEO. The CEO, in turn, makes recommendations to the Compensation Committee for base salaries of each Executive Officer, other than the Chairman and the CEO. When setting the base salaries of each of these Executive Officers, the Compensation Committee, while considering the recommendations of the CEO and the Chairman, makes the final determination based on the factors listed above and its assessment of each Executive Officer's performance during the previous year.

The Compensation Committee met on February 13, 2018 and reviewed the compensation packages of our Executive Officers. During the meeting, the Committee approved the 2018 base salaries of our Named Executive Officers, to be effective March 26, 2018, as follows: \$750,000 for Mr. Burwick³; \$783,000 for Mr. Roper, no increase from his 2017 base salary; \$520,000 for Mr. Smalla, a 3.0% increase from his 2017 base salary; \$415,000 for Mr. Koch, a 2.5% increase from his 2017 base salary; \$520,000 for Mr. Geist, a 3.0% increase from his 2017 base salary; \$389,000 for Mr. Troupe, a 10.0% increase from his 2017 base salary; and \$492,000 for Mr. Potter, a 2.6% increase from his 2017 base salary. Mr. Troupe's salary increase was attributed to supply chain results and demonstrated leadership skills in 2017.

Cash Incentive Bonuses

Bonuses payable to our Executive Officers are based solely on Company performance against certain “Company Goals” in accordance with a “Bonus Scale.” In recent years, the Company Goals have consisted of pre-established depletions growth, Earnings Before Interest & Tax (“EBIT”), and resource efficiency (focused cost savings) targets.

The target parameters of the 2018 Company Goals were established by the Compensation Committee on December 19, 2017, based on the Company’s 2018 Financial Plan, as reported in a Form 8-K filed by the Company on December 21, 2017. The 2018 Company Goals consisted of achieving: (1) certain depletions targets over 2017 (“2018 Depletions Growth”), which are weighted as 60% of the Goals; (2) certain EBIT targets, which are weighted as 20% of the Goals; and (3) the generation of certain resource efficiency targets, which are weighted as 20% of the Goals. Bonus payouts were determined in accordance with the 2018 Bonus Scale, which provided for between 0% and 250% payout, based on the Company’s performance against the Company Goals as determined by the Compensation Committee. As a motivation tool, the Committee provided the opportunity for a payout of up to 250% bonus potential in the event that the Company’s performance significantly exceeded the targets of the Company Goals.

The 2018 Bonus Scale was a sliding scale of target points for each of the depletions, EBIT, and resource efficiency goals. For example, the potential payouts for achievement relative to the 2018 Depletions Growth target would have been: 0% of the target if 2018 Depletions Growth was 0.4% or less; 50% of the target if 2018 Depletions Growth was 2.4%; 100% of the target if 2018 Depletions Growth was 4.4%; 200% of the target if 2018 Depletions Growth was 10.4%; and 250% of the target if 2018 Depletions Growth was 14.4% or greater. These targets were established following annual depletions decreases of 7% in 2017 and 5% in 2016. For the EBIT target, potential payouts would have been: 0% of the target if the Company’s 2018 EBIT was \$96 million or less; 50% of the target if 2018 EBIT was \$100 million; 100% of the target if 2018 EBIT was \$104 million; 200% of the target if 2018 EBIT was \$120 million; and 250% of the target if 2018 EBIT was \$132 million or higher. For the resource efficiency target, potential payouts would have been: 0%

Mr. Burwick entered into the Burwick Offer Letter on January 23, 2018, subject to subsequent approval by the Board of Directors and the Compensation Committee. The Burwick Offer Letter established Mr. Burwick’s 2018 base³ salary as \$750,000. The appointment was approved by the Company’s Compensation Committee on February 13, 2018 and the Board of Directors on February 14, 2018.

of the target if the Company recognized \$5 million or less in resource efficiencies; 50% of the target if the Company recognized \$9 million in resource efficiencies; 100% of the target if the Company recognized \$15 million in resource efficiencies; 200% of the target if the Company recognized \$23 million in resource efficiencies; and 250% of the target if the Company recognized \$27 million or more in resource efficiencies.

The 2018 bonus opportunities for the NEOs, approved by the Compensation Committee, were based 100% on the Company's performance against the 2018 Company Goals in accordance with the 2018 Bonus Scale. If the Company achieved the 100% payout level on the Bonus Scale, the bonus potential of the NEOs were to range between 50% and 100% of their respective base salaries. The bonus potentials of the Company's NEOs in 2018 were as follows: Mr. Burwick: 100% of base salary; Mr. Smalla: 60% of base salary; Mr. Koch: 100% of base salary; Mr. Geist: 60% of base salary; and Mr. Troupe: 50% of base salary. Mr. Roper and Mr. Potter were not eligible for bonus payouts for 2018, as they did not remain employed by the Company at year end. The bonus potentials of the Company's other executive officers for 2018 ranged between 25% and 50% of their respective base salaries, with payout levels calculated in accordance with the 2018 Bonus Scale.

The Compensation Committee met on February 12, 2019 and reviewed the Company's performance against the 2018 Bonus Scale, and determined that the Company ultimately achieved 202% of the 2018 Company Goals. In making this assessment, the Committee determined that the Company significantly exceeded each of the depletions growth, EBIT, and resource efficiency targets. Specifically, the Committee determined that the Company hit 230% of target for 2018 Depletions Growth; 182% of target for EBIT; and 140% of target for resource efficiency. As noted herein, the Company achieved 13% depletions growth in Fiscal Year 2018, significantly exceeding growth targets. This was a significant turnaround from Fiscal Year 2017, in which we experienced a depletions decrease of approximately 7% over the fiscal year ended December 31, 2016 ("Fiscal Year 2016"). Additionally, the Committee determined that the Company achieved \$18.2 million in resource efficiencies, despite that those savings were offset by the incremental costs required to meet the demands of our accelerated depletions growth, as well as increases in commodity costs. The Committee accordingly approved 2018 bonuses for our Executive Officers, including the following bonuses for our Named Executive Officers: \$1,515,000 for Mr. Burwick; \$626,044 for Mr. Smalla; \$833,638 for Mr. Koch; \$626,044 for Mr. Geist; and \$384,615 for Mr. Troupe. These bonuses were paid in March 2019.

Long-Term Equity Awards

Long-Term Equity Awards ("LTE Awards") are designed to provide Executive Officers and other select employees a reward for delivering long-term stockholder value, so as to align the interests of our key employees with the interests of our stockholders. LTE Awards are also an effective tool for attracting and retaining executives and other key employees. Our LTE Awards program is governed by our EEIP, which was last amended on December 20, 2018. A copy of the EEIP was attached as Exhibit 10.1 to the Form 8-K filed by the Company on December 22, 2018. The primary components of our LTE Awards program -- stock option awards, restricted stock awards (prior to 2019), restricted stock units (commencing in 2019), and investment shares -- are described in detail below.

Stock Option Awards

Under our EEIP, certain employees are eligible to receive stock option awards. While historically granted on an annual basis in January, all option grants are discretionary and may be granted by the Board upon the recommendation of the Compensation Committee at any time. For example, options may be granted at other times during the year under certain circumstances, such as the hiring of a new Executive Officer, as a part of a performance review, in connection with a promotion or mid-year compensation adjustment, or to address potential retention issues. Such option awards may have vesting and performance criteria that differ from the annual grants.

The Compensation Committee believes that stock option awards are an effective way to reward Executive Officers and senior managers and align their interests with the interests of Boston Beer's stockholders, as they provide significant equity compensation only if the value of the Company's stock increases. In addition, through the use of performance-based vesting, the Committee endeavors to assure that receipt of significant equity-based compensation requires that the Company's performance exceeds appropriate benchmarks. Through the use of vesting over a number of years, the Committee also endeavors to create an incentive for retention. The Compensation Committee has also granted time-based vesting options in the past to certain Executive Officers to encourage retention or to provide appropriate incentives to attract new employees. The Compensation Committee reviews any employment offers made to new Executive Officers that contain equity grants; any such grant is conditioned on approval of the Compensation Committee and the full Board of Directors. In assessing these offers, the Compensation Committee evaluates historical compensation for the individual, the value of the role, and compensation for peers within the Company or comparable roles within the Company's peer group, to the extent such data is available to the Committee.

At its meeting on December 20, 2017, the Board of Directors approved, upon the recommendation of the Compensation Committee, grants of stock option awards to seven Executive Officers and one vice president, to be effective on January 1, 2018, for a total of 17,531 shares. The January 1, 2018 option grants included the following awards to our Named Executive Officers: 0 option shares to Mr. Roper, due to his previously-announced pending retirement; 3,023 option shares to Mr. Smalla, valued at \$249,984 on the grant date; 1,511 option shares to Mr. Koch, valued at \$124,951 on the grant date; 3,023 option shares to Mr. Geist, valued at \$249,984 on the grant date; and 2,116 option shares to Mr. Troupe, valued at \$174,981 on the grant date. The Board also approved a grant of 2,418 option

shares to Mr. Potter, valued at \$199,953 on the grant date, which were subsequently cancelled upon his separation from the Company on July 31, 2018.

At its meeting on February 14, 2018, the Board of Directors approved, upon the recommendation of the Compensation Committee and pursuant to the Burwick Offer Letter, the grant of a stock option award to Mr. Burwick, to be effective April 30, 2018, for a total of 9,959 option shares, valued at \$1,000,910 on the grant date.

The extent to which all of these option shares may become exercisable is dependent upon the Company achieving certain compounded annual growth rate targets based on net revenue growth in Fiscal Year 2019 over Fiscal Year 2017. The determination of the vesting of these stock option shares will be made by the Compensation Committee before March 1, 2020. If the compounded annual growth rate of the Company's net revenue in Fiscal Year 2019 over Fiscal Year 2017 is equal to or greater than 3.5%, the options will vest as to 33% of the underlying shares on March 1, 2020, 33% on January 1, 2021, and 34% on January 1, 2022, contingent on continued employment on the applicable vesting dates and subject to accelerated vesting upon the occurrence of certain specified events. If the compounded annual growth rate of the Company's net revenue in Fiscal Year 2019 over Fiscal Year 2017 is equal to or greater than 2% but less than 3.5%, the options will vest as to 16.5% of the underlying shares on March 1, 2020, 16.5% on January 1, 2021, and 17% on January 1, 2022, contingent on continued employment on the applicable vesting dates and subject to accelerated vesting upon the occurrence of certain specified events. The options will lapse to the extent that the growth targets are not met.

Each of the option awards granted to the Company's Executive Officers in Fiscal Year 2018 included a double-trigger Change-in-Control clause which provides that the option shall become immediately exercisable in the event that a Change in Control results in the termination of the employment of the optionee without cause or good reason within 12 months of the Change in Control. For the purposes of the Company's equity grants, the term "Change in Control" means if Chairman C. James Koch and/or members of his family cease to control a majority of the Company's Class B Shares.

Restricted Stock Awards

Restricted stock awards or "RSAs" are granted by the Board of Directors upon the recommendation of the Compensation Committee, and are ratified by the Class B Stockholder. In making its recommendations, the Committee takes into account recommendations from the CEO and Chairman. RSAs have historically been granted on an annual basis on January 1, valued at fair market value as of the award date. These shares of restricted stock generally vest over a five-year period, at the rate of 20% per year. On occasion, RSA grants are made at other times during the year, such as upon the hiring of a new executive or senior manager. Grants of RSAs have occasionally included different vesting schedules.

Boston Beer believes that restricted stock awards serve as an important retention tool for its employees because: (1) for most employees, restricted stock awards are easier to understand and value than stock option awards; (2) restricted stock has value even if the share price decreases after the date of the award; and (3) restricted stock allows employees to think and act like owners of the Company. That said, the Company believes in striking a proper balance between stock option awards and restricted stock awards for its Executive Officers.

On January 1, 2018, the Board of Directors, upon the recommendation of the Compensation Committee, granted an aggregate of 18,873 shares of restricted stock to 138 employees, including nine Executive Officers. All shares vest 20% per year over a five-year period, contingent on continued employment on the applicable vesting dates. Each of the restricted stock awards granted to the Company's Executive Officers and other employees in 2018 included a double-trigger Change in Control clause. The January 1, 2018 grants including the following RSAs to our Named Executive Officers: 0 shares to Mr. Roper, due to his previously-announced pending retirement; 1,308 shares to Mr. Smalla, valued at \$249,959 on the grant date; 654 shares to Mr. Koch, valued at \$124,979 on the grant date; 1,308 shares to Mr. Geist, valued at \$249,959 on the grant date; and 1,046 shares to Mr. Troupe, valued at \$199,891 on the grant date. The Board also approved a grant of 1,046 shares to Mr. Potter, valued at \$199,891 on the grant date, which were subsequently cancelled upon his separation from the Company on July 31, 2018.

At its meeting on February 14, 2018, the Board of Directors approved, upon the recommendation of the Compensation Committee and pursuant to the Burwick Offer Letter, the grant of an annual RSA to Mr. Burwick, to be effective April 30, 2018, for a total of 4,361 shares, which was ultimately valued at \$999,977.30 on the grant date. Similar to the RSAs granted to the other Named Executive Officers, all shares vest 20% per year over a five-year period, contingent on continued employment on the applicable vesting dates. This award also includes a double-trigger Change in Control clause.

In connection with his hiring, the Company also granted two one-time restricted stock awards to Mr. Burwick for the purposes of recruitment and retention (the "Recruitment RSAs"), both of which were effective on April 30, 2018. Recruitment RSA #1 is for 33,798 shares, valued at \$7,749,881.40 on the grant date. The vesting of these shares is contingent upon Mr. Burwick's continued employment with the Company on the applicable vesting dates, with one-third of the shares vesting on April 30 in each of the years 2019 through 2021, subject to accelerated vesting upon the occurrence of certain specified events. Recruitment RSA #2 is for 26,166 shares, valued at \$5,999,863.80 on the grant date. The vesting of these shares is contingent upon Mr. Burwick's continued employment with the Company on the applicable vesting dates, with one-half of the shares vesting in 2020, and one-quarter of the shares vesting in the years 2021 and 2022, subject to accelerated vesting upon the occurrence of certain specified events.

Additionally, one senior manager was granted an award of 363 shares of restricted stock in July 2018 for the purposes of retention.

Restricted Stock Units

On December 20, 2018, the Board of Directors, upon the recommendation of the Compensation Committee, amended the EEIP to permit the grant of restricted stock units, or “RSUs”, as reported in a Form 8-K filed by the Company on December 21, 2018. A copy of the amended EEIP, which was also approved by Mr. Koch as the sole holder of the Company’s Class B Shares, was attached as Exhibit 10.1 to that Form 8-K. RSUs are valued in terms of Company stock, except participants do not actually receive the underlying shares until the vesting contingencies are met. This differs from RSAs, where participants actually receive the underlying and can vote the restricted underlying shares.

Investment Shares

Eligible Boston Beer employees, including Executive Officers other than the Chairman and CEO, may also participate in the Company’s Investment Share Program, or the “ISP,” where our stock may be purchased at a discount based on tenure, encouraging equity ownership in the Company. Eligible Boston Beer employees, referred to herein as “ISP Eligible Employees,” generally must have: (1) been employed by Boston Beer for at least one year; and (2) entered into an employment agreement with Boston Beer.

Under our Investment Share Program, ISP Eligible Employees may purchase such number of Class A Shares that have a value of no greater than 10% of their annual base salary and bonus received in the immediately preceding year, up to a maximum investment of \$17,500 (“Investment Shares”). After two full years of service with the Company, Investment Shares may be purchased at a discount. The amount of the discount is tied to years of service; the maximum discount is 40% after four full years of service. ISP Eligible Employees have the opportunity to purchase Investment Shares on an annual basis -- historically on January 1 each year --with the purchase price based on the fair market value of the shares as of the purchase date. Investment Shares vest at the rate of 20% per year over the five-year period commencing on the effective date of purchase, contingent on continued employment with the Company on the applicable vesting dates. While the Chairman and the CEO are precluded from participating in the ISP, other Executive Officers are permitted to participate.

In 2018, Boston Beer employees purchased a total of 9,214 Investment Shares under the ISP, of which 417 shares were purchased by three Executive Officers. Of our Named Executive Officers, Mr. Smalla purchased 114 shares under the ISP, effective January 1, 2018, at the price of \$152.88, which was a 20% discount on the market price for that date.

Executive Benefits

In 2018, the Company's Executive Officers were eligible for the same level and offering of benefits, including annual life insurance premiums, Company matching contributions under the Company's 401(k) plan, car allowances where applicable, Company health savings contributions under the Company's medical plan, fitness reimbursements, and other benefit programs as were made available to other employees. The Company provides no additional benefits to its Executive Officers. However, certain employees are eligible for the reimbursement of relocation, commuting, and living expenses ("Relocation Assistance") upon hiring and for a limited period thereafter. In Fiscal Year 2018, Mr. Burwick received \$600,000 in Relocation Assistance, Mr. Smalla received \$52,431 in Relocation Assistance, and Mr. Potter received \$35,077 in Relocation Assistance.

How Executive Pay Levels are Determined

As noted above, the Compensation Committee considers a number of factors in determining executive compensation, including but not limited to individual performance, responsibility level, role within the Company, tenure, a comparison of salaries paid to peers within the Company and to those with similar roles at other companies, and data collected in interviewing and hiring external candidates for executive positions. It also reviews the historical compensation for each Executive Officer, including salary, bonus, and equity grants. The Committee also considers actual and unrealized gains made by the Executive Officers through historical LTE Awards.

Each year, the Compensation Committee, taking into consideration the recommendations of the CEO and the Chairman, determines the appropriate level of compensation for each Executive Officer. The Company emphasizes differentiation in executive compensation, focusing on high performers and individuals who impact significantly, or who have the potential to impact significantly, Boston Beer's business.

Compensation Assessments

The Compensation Committee has the authority to select, retain, and compensate outside executive compensation consultants and other experts as it determines is necessary to carry out its responsibilities. As one element in its assessment of the competitiveness of executive compensation packages established for Fiscal Year 2018, the Compensation Committee applied knowledge gained through an executive compensation competitive assessment relating to certain selected Executive

Officers prepared by Frederick W. Cook & Co., Inc., or FW Cook, a nationally-recognized executive compensation consulting firm, presented in October 2015 (the “FW Cook Assessment”⁴) At that time, the Compensation Committee assessed the independence of FW Cook and determined that FW Cook was independent and that no conflicts of interest existed. FW Cook reported directly to the Compensation Committee and did not provide services to, or on behalf of, any other part of our business.

FW Cook’s task was to analyze Boston Beer’s compensation programs and compensation strategies, confirm the appropriateness of the strategies, develop an updated peer group for use as a competitive frame of reference, and provide the Committee with benchmarking information for Boston Beer’s Executive Officers. The Compensation Committee reviewed the peer group suggested by FW Cook, considering criteria such as financial similarity (primarily revenue and market capitalization), industry similarity, and number of employees. After discussion, the Committee approved the following companies as Boston Beer’s peer group:

FW Cook Assessment Boston Beer Peer Group

B&G Foods, Inc.	Lancaster Colony Corp.	Steve Madden, Ltd.
Calavo Growers Inc.	Movado Group, Inc.	The Hain Celestial Group, Inc.
Cal-Maine Foods Inc.	National Beverage Corp.	Tootsie Roll Industries Inc.
Diamond Foods Inc.	Oxford Industries, Inc.	Tumi Holdings Inc.
G-III Apparel Group, Ltd.	Pinnacle Foods, Inc.	Vector Group Ltd.
J&J Snack Foods Corp.	Snyder’s-Lance, Inc.	

Once this peer group was established, FW Cook used multiple data sources to assess Boston Beer’s executive compensation plan going forward, including, but not limited to, the compensation paid to the CEO and other named executive officers of the peer group companies, as derived from the most recent proxy statements filed by the peer group companies and third-party surveys. The information gained from the FW Cook Assessment helped the Compensation Committee better understand market practices and provided perspective for the Committee’s determinations regarding Named Executive Officer 2018 compensation packages. However, while competitive market practices are considered, the Committee continues to believe that individual and Company performance, the impact of an Executive Officer’s role and function within the Company, and the Executive Officer’s contribution to the Company’s growth are more important drivers of total compensation decisions than comparisons against the peer group.

Additional Compensation Policies and Practices

Executive Compensation Recovery Policy

In December 2006, the Compensation Committee adopted an executive compensation recovery policy that applies to Executive Officers and the Corporate Controller. Under this policy, the Company may recover incentive income that was based on achievement of quantitative performance targets, if an Executive Officer or the Corporate Controller engaged in intentional misconduct that resulted in an increase in his or her incentive income. Incentive income includes income related to annual bonuses, stock option awards, and restricted stock awards.

Stock Ownership and Retention Guidelines

To foster a culture of ownership and further align the long-term interests of the Directors with those of stockholders, in 2013, the Board of Directors, upon the recommendation of both the Compensation Committee and the Nominating/Governance Committee, adopted guidelines setting target stock ownership of six times annual cash salary for the Chairman and CEO and six times annual cash compensation for the non-management Directors, and retention of a portion of the net shares received upon exercise of certain stock option awards for a period of time. Under the guidelines, the Compensation Committee in the future may establish equity ownership guidelines for the Company's other Executive Officers.

⁴*FW Cook performed a similar assessment in June through October of 2018, which the Compensation Committee utilized as an element in its assessment of executive compensation packages for the 2019 Fiscal Year.*

[Back to Contents](#)

The following requirements apply to all LTE Awards to the Chairman granted after February 7, 2013: (i) retention of 75% of net shares for six months after exercise or vesting, and (ii) retention of 50% of net shares for one year after exercise or vesting.

The CEO and the non-management Directors have an indefinite period to achieve the target ownership, but for all LTE Awards granted after February 7, 2013, they must retain 100% of Net Shares until the target has been achieved, and if not achieved within five years, they must retain 75% of Net Shares on any LTE Awards granted prior to February 7, 2013. After their respective targets have been achieved, the same retention requirements that apply to the Chairman apply to them for all new LTE Awards granted after February 7, 2013. For the purposes of these guidelines, “Net Shares” means shares acquired upon the exercise of an option or the vesting of restricted stock, after the payment any applicable exercise price or taxes.

Ownership requirements lapse on the first to occur of: (i) the first anniversary of voluntary termination of employment or resignation from the Board; (ii) the first anniversary of involuntary termination of employment or resignation or removal from the Board for cause; (iii) involuntary termination of employment or resignation from the Board other than for cause; (iv) death; (v) for individuals other than Mr. Koch, a Change in Control.

The Compensation Committee reviewed the progress made on the equity ownership guidelines at its meeting on February 12, 2019, and determined that three Directors had achieved their respective share ownership targets, while four Directors had yet to achieve their respective share ownership targets.

Tax Deductibility under Section 162(m)

Section 162(m) of the U.S. Internal Revenue Code limits to \$1,000,000 the tax deductibility by a publicly-traded corporation of compensation paid to the CEO and certain other Named Executive Officers. However, prior to the enactment of the Tax Cuts and Jobs Act of 2017 on December 22, 2017, compensation that qualified as “performance-based” was excluded from the \$1,000,000 limit if, among other requirements, the compensation was payable only upon the attainment of pre-established, objective performance goals under a plan approved by stockholders. In 2014, the EEIP was amended to include specific performance measures to be used for restricted stock awards or discretionary stock options granted to certain Executive Officers and senior managers that were designed to qualify for the performance-based compensation exception under Section 162(m). On December 20, 2018, the EEIP was amended to eliminate certain plan features and limitations that are no longer applicable following the repeal of the qualified performance-based exception under Section 162(m).

The bonuses and stock option awards granted to the Named Executive Officers have been approved, in accordance with the requirements of Section 162(m) and the EEIP, by the Class B Stockholder, who acts with sole authority on such matters. Starting on January 1, 2018, performance-based compensation is no longer excluded from the \$1,000,000 limit, unless the compensation was granted under “written binding contracts” in effect as of November 2,

2017, which is the case for all LTE Awards granted by the Company. Prior to 2018, total annual cash compensation paid to any individual executive that has not been performance-based has not exceeded \$1,000,000. The Compensation Committee will continue to monitor the compensation levels potentially payable under Boston Beer's compensation programs, but intends to retain the flexibility necessary to provide total compensation in line with competitive practice, Boston Beer's compensation philosophy, and the Company's best interests. Boston Beer has not adopted a policy that all executive compensation be fully deductible.

2018 Say-on-Pay Results

In May 2018, the Class A Stockholders cast an advisory vote to approve our Named Executive Officer compensation as disclosed in the Proxy Statement for the 2018 Annual Meeting of Stockholders. Approximately 82% of the shares voted on the matter were cast in support of our Named Executive Officer compensation. The Compensation Committee considered this result, as well as the results of the FW Cook Assessment, and determined that the Company's compensation policies remained largely appropriate. In 2019, we have continued our philosophy of providing a total potential compensation mix to our Named Executive Officers that balances: (1) competitive base salaries; (2) cash incentive bonuses contingent on Company performance; (3) stock option awards contingent solely on multi-year Company performance; and (4) grants of restricted stock contingent on continued employment.

At the 2019 Annual Meeting, we will hold another advisory Say-on-Pay vote on the compensation of our Named Executive Officers, as we have done on an annual basis since 2011. The Compensation Committee will continue to consider the results of these advisory votes in evaluating our executive compensation policies.

Fiscal Year 2018 Named Executive Officer Compensation

Compensation of David A. Burwick, President & Chief Executive Officer

In February 2017, then President and CEO Martin F. Roper announced his plans to retire in 2018. Following a year-long search for Mr. Roper’s replacement, on January 23, 2018, the Company entered into an offer letter with David A. Burwick (the “Burwick Offer Letter”) to join the Company as President & Chief Executive Officer, which offer was contingent upon subsequent approval by the Board of Directors and the Compensation Committee. The appointment and the details of the Burwick Offer Letter were subsequently approved by the Compensation Committee on February 13, 2018 and the Board of Directors on February 14, 2018. A copy of the Burwick Offer Letter was attached as Exhibit 10.1 to the Form-8K filed by the Company on February 16, 2018. In that Form 8-K, the Company announced that Mr. Burwick would commence service as President and Chief Executive Officer on April 2, 2018.

Mr. Burwick joined the Company with an established track record of innovation and success in the beverage and consumer goods industries, including service on Boston Beer’s Board of Directors since 2005. Mr. Burwick previously served as President and CEO of Peet’s Coffee and Tea from December 2012 to March 2018.

Under his leadership, Peet’s more than doubled its sales and profits over the previous five years. Prior to joining Peet’s, Mr. Burwick served as President of North America for Weight Watchers International, Inc. from April 2010 to December 2012, and in numerous leadership roles at PepsiCo from 1989 through 2009, including as Chief Marketing Officer of Pepsi-Cola North America.

Mr. Burwick’s compensation in 2018 included a base salary, a performance-based bonus made pursuant to the Company’s bonus program, two annual equity grants made pursuant to the Company’s long-term equity program, two one-time restricted stock awards and a one-time signing bonus made for the purposes of recruitment and retention, and assistance with certain relocation costs, all of which was outlined in the Burwick Offer Letter.

Mr. Burwick earned total compensation of \$20,037,667 in 2018, a substantial portion of which was attributable to one-time payments, equity awards, and reimbursements made for the purposes of recruiting him to join the Company and retaining him for the long term. The mix of his total compensation for 2018 is set forth below:

President & CEO David A. Burwick’s	
2018 Total Compensation Mix	
Base Salary Received	\$562,500
Performance Bonus Earned	\$1,515,000
April 30, 2018 Stock Option Award	\$1,000,910

April 30, 2018 Restricted Stock Award	\$999,977
Other Compensation	\$9,535
One-Time Recruitment RSA #1	\$7,749,881
One-Time Recruitment RSA #2	\$5,999,864
One-Time Signing Bonus	\$1,600,000
One-Time Relocation Assistance	\$600,000
TOTAL	\$20,037,667

Base Salary: Mr. Burwick's annual base salary of \$750,000 was approved by the Compensation Committee and the Board of Directors. For 2018, he earned \$562,500 of his annual base salary based on his April 2, 2018 start date.

Performance Bonus: As outlined in the Burwick Offer Letter, if the Company achieved the 100% payout level on the 2018 Bonus Scale, Mr. Burwick's bonus would be 100% of his \$750,000 annual base salary and not prorated. The 2018 Bonus Scale is described in more detail below under the heading "Cash Incentive Bonuses." As noted above, the Company achieved 13% depletions growth under Mr. Burwick's guidance in Fiscal Year 2018, significantly exceeding growth targets. This represented a significant turnaround from Fiscal Year 2017, in which we experienced a depletions decrease of approximately 7% over Fiscal Year 2016. As described under the "Cash Incentive Bonuses" heading, the Compensation Committee reviewed Fiscal Year 2018 Company performance against the 2018 Bonus Scale and determined that the Company achieved 202% on the scale. The Committee accordingly approved a bonus to Mr. Burwick in the amount of \$1,515,000, which was paid in March 2019.

Annual Stock Option and Restricted Stock Awards: In February 2018, the Company granted Mr. Burwick: (1) a stock option award that became effective on April 30, 2018, for a total of 9,959 shares, valued at \$1,000,910 as of the grant date; and (2) a restricted stock award that became effective on April 30, 2018, for a total of 4,361 shares, valued at \$999,977 as of the grant date. These awards have identical vesting requirements and contingencies as the awards granted to the Company's other Named Executive Officers on January 1, 2018.

Other Compensation: “Other Compensation” includes \$8,565 in matching contributions to the Company’s 401(k) plan and \$970 in Company contributions to annual group life insurance, accidental death and dismemberment insurance, and short-term and long-term disability. Mr. Burwick was eligible for the same level and offering of these benefits as other Company employees.

One-Time Recruitment RSAs: In connection with his hiring, the Company granted two “Recruitment RSAs” to Mr. Burwick for the purposes of recruitment and retention, both of which were effective on April 30, 2018.

Recruitment RSA #1 is for 33,798 shares, valued at \$7,749,881 on the grant date. The vesting of these shares is contingent upon Mr. Burwick’s continued employment with the Company on the applicable vesting dates, with one-third of the shares vesting on April 30 in each of the years 2019 through 2021, subject to accelerated vesting upon the occurrence of certain specified events.

Recruitment RSA #2 is for 26,166 shares, valued at \$5,999,863 on the grant date. The vesting of these shares is contingent upon Mr. Burwick’s continued employment with the Company on the applicable vesting dates, with one-half of the shares vesting on April 30 in 2020, and one-quarter of the shares vesting on April 30 in the years 2021 and 2022, subject to accelerated vesting upon the occurrence of certain specified events.

One-Time Signing Bonus: In connection with its recruitment of Mr. Burwick, the Company agreed to pay Mr. Burwick a one-time signing bonus of \$1,600,000 that was paid in April 2018 and was subject to full forfeiture in the event that Mr. Burwick voluntarily terminated his employment with the Company, other than for certain predefined reasons, prior to April 2, 2019. \$800,000 of this bonus remains subject to forfeiture in the event that Mr. Burwick voluntarily terminates his employment with the Company, other than for certain predefined reasons, after April 2, 2019 but before April 2, 2020.

One-Time Relocation Assistance: Under the Burwick Offer Letter, the Company also agreed to provide Mr. Burwick with certain relocation assistance related to the sale of his then-current home in California, finding and purchasing a new home in the Boston area, and temporary housing in the Boston area for a limited time period, up to a maximum for all such assistance of \$600,000. The Company paid directly or reimbursed Mr. Burwick for \$600,000 of such expenses over the course of Fiscal Year 2018.

Excluding the one-time payments, equity awards, and relocation assistance made for the purposes of recruitment and retention, Mr. Burwick earned total compensation of \$4,087,922 in 2018, as outlined in the below chart:

President & CEO David A. Burwick’s

April 30, 2018 Restricted Stock Award	\$999,977
Other Compensation	\$9,535
TOTAL	\$4,087,922

Taking into account information from a number of sources, including the FW Cook Assessment, the Compensation Committee believes that Mr. Burwick’s compensation in 2018 was appropriate based on his responsibilities, individual performance and contribution to Boston Beer, Company performance under Mr. Burwick’s leadership, and the costs of

recruiting and retaining a new President and CEO with Mr. Burwick's capabilities and track record. The Compensation Committee also believes that Mr. Burwick's compensation package is structured in a way that provides him with appropriate incentives and rewards for superior performance and increasing stockholder value.

The Summary Compensation Table included in this Proxy Statement sets forth all compensation received by Mr. Burwick during Fiscal Year 2018. There is no Company-sponsored retirement program for Mr. Burwick other than the Company's 401(k) plan, and he receives no benefits or perquisites from Boston Beer other than the benefits generally available to our employees. Compensation of Martin F. Roper, former President & Chief Executive Officer

Prior to his retirement, Mr. Roper served as President and CEO and a member of the Board of Directors since January 2001. He announced his plans to retire on February 2, 2017, and ultimately stepped down from his role as President, CEO, and Director on April 2, 2018, when Mr. Burwick commenced service in those roles. Following that date, Mr. Roper remained employed by the Company to consult with Mr. Burwick on transition matters through May 31, 2018.

In connection with his planned retirement, the Company and Mr. Roper entered into an agreement on February 2, 2017, that set forth the terms and conditions of his continued employment with the Company until his planned retirement (the "Retirement Letter Agreement"). On that same date, the Company and Mr. Roper also entered into a Proprietary Information and Restrictive Covenant Agreement, which outlines certain duties and responsibilities that will remain in effect following his

retirement (the “Restrictive Covenant Agreement”). Full copies of the Retirement Letter Agreement and the Restrictive Covenant Agreement were attached as Exhibits 10.1 and 10.2, respectively, to the Company’s Form 8-K filed by the Company on February 6, 2017. In the Retirement Letter Agreement, the Company agreed to pay \$1,500,000 to Mr. Roper in 54 consecutive monthly equal installments, commencing in December 2018, in consideration of his ongoing compliance with the covenants outlined in the Restrictive Covenant Agreement (each, a “Retirement Payment”).

The mix of Mr. Roper’s compensation in 2018 included a base salary, Retirement Payment, and other miscellaneous benefits. In sum, Mr. Roper earned total compensation of \$565,631 in 2018, the mix of which is set forth below:

Former President & CEO Martin	
F. Roper	
Compensation Mix in 2018	
Base Salary Received	\$509,996
Retirement Payment	\$27,778
Other Compensation	\$27,857
TOTAL	\$565,631

Base Salary: Mr. Roper’s 2018 base salary of \$783,000 was unchanged from his 2017 base salary, which had been established by the Compensation Committee in February 2017. As approved by the full Board on February 14, 2018, the Company paid Mr. Roper his base salary rate from January 1, 2018 through May 31, 2018, except during the month of March 2018, where he was paid a gross monthly salary of \$250,000 to focus on CEO transition matters.

Retirement Payment: Pursuant to the Retirement Letter Agreement, the Company paid \$27,778 to Mr. Roper in December 2018, which was the first installment of the Retirement Payments outlined above.

In 2018, Mr. Roper was eligible for the same level and offering of these benefits as other Company employees.

Mr. Roper did not receive a performance bonus or equity awards in 2018 due to his previously-announced retirement. The Summary Compensation Table included in this Proxy Statement sets forth all compensation received by Mr. Roper during Fiscal Year 2018. There is no Company-sponsored retirement program for Mr. Roper other than the Company’s 401(k) plan, and he received no benefits or perquisites from Boston Beer other than the benefits generally available to our employees. At the end of Fiscal Year 2018, Mr. Roper did not have a severance or change in control arrangement, other than the Retirement Letter Agreement.

Compensation of Named Executive Officers Other than the CEO and former CEO

As described in more detail under the heading “Components of Executive Compensation and Determination of Compensation Mix”, the primary components of the compensation of our Named Executive Officers in 2018, other than Mr. Burwick and Mr. Roper, were as follows.

Base Salary: The following table shows the 2018 base salary and the corresponding percentage increase above the 2017 base salary level of our other Named Executive Officers.

Name	Title	Base Salary for 2018 ⁽⁵⁾	Percent Increase from 2017 Base Salary
Frank H. Smalla	Treasurer and CFO	\$520,000	3.0%
C. James Koch	Chairman and Founder	\$415,000	2.5%
John C. Geist	Chief Sales Officer	\$520,000	3.0%
Quincy B. Troupe	Senior Vice President, Supply Chain	\$389,000	10.0%
Jonathan N. Potter	Former Chief Marketing Officer	\$492,000	2.6%

The Compensation Committee considered recommendations made by the CEO for 2018 salary adjustments and concluded that the recommended base salary for each of these Named Executive Officers, as adjusted, was within the appropriate range for his experience and job responsibilities. Mr. Troupe’s salary increase was attributed to supply chain results and demonstrated leadership skills in 2017.

Bonus: For Fiscal Year 2018, the overall cash incentive target bonus potential of our other Named Executive Officers was: (1) 60% of base salary for Mr. Smalla; (2) 100% of base salary for Mr. Koch; (3) 60% of base salary for Mr. Geist; (4) 50% of base salary for Mr. Troupe; and (5) 50% of base salary for Mr. Potter. Achievement of these bonuses for 2018 was based solely on Company performance against the Company Goals. As described

On February 13, 2018, the Compensation Committee approved salary increases for our Named Executive Officers to be effective as of March 26, 2018. The amounts shown in the “Base Salary for 2018” column are the annual base (5) salaries approved by the Compensation Committee on that date. The actual pro-rated base salary compensation received in Fiscal Year 2018 was \$516,538 for Mr. Smalla, \$416,692 for Mr. Koch, \$516,538 for Mr. Geist, \$380,808 for Mr. Troupe, and \$284,804 for Mr. Potter, who separated from the Company on July 31, 2018.

Back to Contents

in the “Cash Incentive Bonuses” section, in February 2019 the Compensation Committee determined that the Company achieved 202% of the Company Goals, based on significantly exceeding the depletions growth, EBIT, and resource efficiency targets in the Bonus Scale. As a result, the Committee approved total bonus payments to our other Named Executive Officers as follows:

Name	Title	2018 Bonus, Paid in March 2019
Frank H. Smalla	Treasurer and CFO	\$ 626,045
C. James Koch	Chairman and Founder	\$ 833,638
John C. Geist	Chief Sales Officer	\$ 626,045
Quincy B. Troupe	Senior Vice President, Supply Chain	\$ 384,616

Mr. Potter was not eligible for a 2018 bonus as he was not employed by the Company on December 31, 2018.

Equity Awards: On January 1, 2018, the Company granted annual stock option awards and restricted stock awards to our Named Executive Officers, which awards had been approved by the Compensation Committee on December 19, 2017 and by the Board of Directors on December 20, 2017. The number of shares awarded and the value of the awards of the grant date for each of these awards are shown in the below chart.

Name	Title	Stock Option Award	Restricted Stock Award
Frank H. Smalla	Treasurer and CFO	3,023 option shares \$249,984	1,308 shares \$249,959
C. James Koch	Chairman and Founder	1,511 option shares \$124,951	654 shares \$124,979
John C. Geist	Chief Sales Officer	3,023 option shares \$249,984	1,308 shares \$249,959
Quincy B. Troupe	Senior Vice President, Supply Chain	2,116 option shares \$174,981	1,046 shares \$199,891
Jonathan N. Potter	Former Chief Marketing Officer	2,418 option shares \$199,953	1,046 shares \$199,891

The extent to which the options may become exercisable is dependent upon the Company achieving certain compounded annual growth rate targets based on net revenue growth in Fiscal Year 2019 over Fiscal Year 2017. The determination of the eligibility for vesting of these option shares will be made by the Compensation Committee before March 1, 2020. If the primary growth target is achieved, the options will vest as to 33% of the underlying shares on March 1, 2020, 33% on January 1, 2021, and 34% on January 1, 2022, contingent on continued employment on the applicable vesting dates and subject to accelerated vesting upon the occurrence of certain specified events. If the secondary growth target is achieved and the primary growth target is not achieved, the options will vest as to 16.5% of the underlying shares on March 1, 2020, 16.5% on January 1, 2021, and 17% on January 1, 2022, contingent on continued employment on the applicable vesting dates and subject to accelerated vesting upon the occurrence of certain specified events. The options will lapse to the extent that the growth targets are not met.

The restricted stock awards will vest 20% per year on January 1 in each of the years 2019 through 2023, contingent on continued employment on the respective vesting dates, and subject to accelerated vesting upon the occurrence of certain specified events.

Mr. Potter's awards lapsed in connection with his separation from the Company on July 31, 2018, and he received no value from those awards.

Other: Certain employees are eligible for the reimbursement of relocation, commuting, and living expenses upon hiring and for a limited period thereafter. In Fiscal Year 2018, Mr. Smalla received reimbursement of \$52,431 for 2018 expenses and Mr. Potter received reimbursement of \$35,077 for 2018 expenses.

As disclosed in a Form 8-K filed by the Company on July 17, 2018, Mr. Potter advised the Company earlier that day that he intended to step down from his position as Chief Marketing Officer effective July 31, 2018. As further disclosed in a Form 8-K filed by the Company on August 9, 2018, Mr. Potter and the Company entered into a separation agreement (the "Potter Separation Agreement") on August 7, 2018, finalizing the details of his separation from the Company. Under the terms of the Potter Separation Agreement, the Company agreed to pay Mr. Potter: (1) an amount equal to twenty-two weeks of his then-annual base salary, or \$208,153.88, less applicable deductions, payable in eleven bi-weekly installments through December 29, 2018; (2) \$387,321, less applicable deductions, in a lump sum payment on January 31, 2019, provided that he did not start a new position with another company before November 13, 2018; and (3) \$100,000, less applicable deductions, in a lump sum payment on March 31, 2019, provided that he did not start a new position with another company before that date. The Company confirmed that Mr. Potter did not start a new position with another company before November 13, 2018, and therefore paid Mr. Potter the lump sum payment on January 31. The Company was not yet able to determine whether Mr. Potter started a new position with another company before March 31, 2019 as of the printing date of this Proxy Statement.

Employment Contracts, Termination of Employment, and Change in Control Agreements

Stockholder Rights Agreement

A Stockholder Rights Agreement between Boston Beer and our initial stockholders provides that so long as Mr. Koch remains an employee of Boston Beer: (1) he will devote such time and effort, as a full-time, forty (40) hours-per-week occupation, as may be reasonably necessary for the proper performance of his duties and to satisfy the business needs of the Company; (2) Boston Beer will provide Mr. Koch with benefits no less favorable than those formerly provided to him by the Boston Beer Company Limited Partnership; and (3) Boston Beer will purchase and maintain in effect term life insurance on the life of Mr. Koch.

[Back to Contents](#)

Non-Compete Agreements

Except for employees covered by a collective bargaining agreement (“CBA”), all full-time employees of Boston Beer, including each of the Named Executive Officers, are required to enter into a non-competition agreement with Boston Beer that prohibits the employee from accepting employment with a competitor for a specified time period after leaving Boston Beer. Nevertheless, all employees of Boston Beer not covered by a CBA are employed “at-will.”

Change in Control Provisions in LTE Awards

Our LTE Awards do not discriminate in scope or terms of operation for Executive Officers or other salaried employees. As of the end of Fiscal Year 2018, all outstanding LTE Awards granted under the EEIP on or before December 31, 2015, including those granted to Named Executive Officers, vest or become immediately exercisable in full in the event of a Change in Control. Similarly, all outstanding option awards granted under the EEIP on or after January 1, 2016, including those granted to Named Executive Officers, become immediately exercisable in full in the event that: (1) there is a Change in Control; and (2) it results in the termination of the employment of the option holder without cause or good reason within 12 months of the Change in Control.

Mr. Roper’s Separation Agreements

In connection with Mr. Roper’s retirement, he and the Company entered into the Retirement Letter Agreement and the Restrictive Covenant Agreement, copies of which were attached as Exhibits 10.1 and 10.2, respectively, to the Form 8-K filed by the Company on February 6, 2017.

The Retirement Letter Agreement provided the terms and conditions of Mr. Roper’s continued employment with the Company until his planned retirement. Pursuant to the terms of the agreement, Mr. Roper stepped down from his position as President and Chief Executive Officer when Mr. Burwick assumed those roles on April 2, 2018, but remained available in an advisory role to consult with Mr. Burwick on transition matters through May 31, 2018 (his “Retirement Date”). Mr. Roper’s 2018 compensation arrangements, which are described in detail under the heading “Compensation of Martin F. Roper, former President & Chief Executive Officer”, are also outlined in the Retirement Letter Agreement.

Under the terms of the Retirement Letter Agreement, the Company agreed that it would not terminate Mr. Roper’s employment prior to his Retirement Date, except under certain limited circumstances involving malfeasance, willful and continued failure to substantially perform duties, or willful violations of the restrictive covenants set forth in the Restrictive Covenant Agreement described below. As such, the last tranche of his January 1, 2008 stock option award vested and became exercisable on January 1, 2018 in accordance with its previously-reported terms. Additionally, in

consideration of Mr. Roper's ongoing commitments under the Restrictive Covenant Agreement, Mr. Roper is entitled to a Retirement Payment in the amount of \$1,500,000, payable in 54 substantially equal consecutive monthly installments, which installments commenced in December 2018. The Retirement Letter Agreement also includes a mutual release of claims, non-disparagement covenants, and other provisions customary for agreements of this type.

The Restrictive Covenant Agreement contains various covenants relating to confidentiality, non-competition, and non-solicitation of Company employees. The restrictive covenants relating to non-competition and non-solicitation will continue in effect for a period of five (5) years after Mr. Roper's Retirement Date. In addition to any other remedies available to the Company at law or in equity, in the event of a breach by Mr. Roper of the non-competition or non-solicitation provisions of the Restrictive Covenant Agreement, or of his non-disparagement obligations under the Retirement Letter Agreement, (a) Mr. Roper will forfeit any unpaid Retirement Payment amounts; and (b) the Company will be entitled to recover from Mr. Roper an amount equal to the unamortized net after-tax appreciation realized, by him from the exercise of the portion of his stock option award that vested on January 1, 2018.

Mr. Potter's Separation Agreement

As disclosed in a Form 8-K filed by the Company on July 17, 2018, Mr. Potter advised the Company earlier that day that he intended to step down from his position as Chief Marketing Officer effective July 31, 2018. Mr. Potter and the Company entered into the Potter Separation Agreement on August 7, 2018, which was attached as Exhibit 10.1 to a Form 8-K filed by the Company on August 9, 2018. Pursuant to that agreement, the Company agreed to make certain separation payments to Mr. Potter following his separation date, subject to certain conditions. The separation payments made to Mr. Potter are described in more detail under the heading "Compensation of Named Executive Officers Other than the CEO and former CEO" above. In the Potter Separation Agreement, Mr. Potter also provided a general release of claims against the Company and reaffirmed that he will continue to comply with the confidentiality, non-compete, and non-solicitation obligations in his employment agreement.

Potential Payments Upon Termination or Change in Control

As of December 29, 2018, we did not have employment agreements, severance arrangements, life insurance agreements, or change in control plans with any of our currently serving Named Executive Officers that would provide severance benefits in the event of the termination of their employment or a Change in Control of Boston Beer. However, the EEIP provides participants, including our Named Executive Officers, with certain rights in the event of the termination of their employment, including by reason of death or disability or upon a Change in Control of Boston Beer. This section describes the rights of our Named Executive Officers in the hypothetical event that such contingencies occurred on December 29, 2018. On that date, the market price of Boston Beer Class A Common Stock was \$238.82.

For the purposes of the Company's equity grants, the term "Change in Control" means if Mr. Koch and/or members of his family cease to control a majority of the Company's issued and outstanding Class B Common Stock, and the term "Qualified Termination" means if the Change in Control results in the termination of the employment of the participant without cause or good reason within 12 months of the Change in Control. "Cause" means: (i) engaging in knowing and intentional illegal conduct that was or is materially injurious to the Company or its affiliates; (ii) violating a federal or state law or regulation applicable to the Company's business, which violation was or is reasonably likely to be injurious to the Company; (iii) being convicted of, or entering a plea of nolo contendere to, a felony or committing any act of moral turpitude, dishonesty, or fraud against the Company, or (iv) the misappropriation of material property belonging to the Company or its affiliates. "Good Reason" means, without the participant's written consent: (i) a reduction in base salary; or (ii) a relocation of principal place of work to a location more than 50 miles away from the workplace prior to the relocation; or (iii) the significant reduction of duties or responsibilities when compared to duties or responsibilities in effect immediately prior to the Change in Control.

Payments or benefits under other plans and arrangements that are generally provided on a non-discriminatory basis to all similarly-situated employees of the Company upon the termination of their employment are not described, including: (a) accrued base salary; (b) annual incentive earned with respect to completed performance periods; (c) distribution of vested account balances under the Company's 401(k) plan; and (d) life insurance benefits generally available to all salaried employees.

David A. Burwick

In the hypothetical event of Mr. Burwick's death, disability, or Qualified Termination on December 29, 2018, he (or his estate in the event of death) would have had:

9,959 option shares immediately vest pursuant to his April 30, 2018 stock option award, exercisable at a price of \$229.30. In the hypothetical event that he exercised and sold those shares at the market price on that date, he would have received gross income of \$94,810.

• 64,325 restricted shares immediately vest pursuant to his restricted stock awards. In the hypothetical event that he sold those shares at the market price on that date, he would have received gross income of \$15,362,097.

Altogether, Mr. Burwick would have received gross income of \$15,456,907 in the hypothetical events described above.

Martin F. Roper

Mr. Roper had no outstanding equity as of December 29, 2018, and therefore would not have received any income upon his death or disability. However, as outlined in the Retirement Letter Agreement, in the hypothetical event of Mr. Roper's death on that date, his estate would have been entitled to continue to receive the Retirement Payments on the same installment schedule had he not died.

Frank H. Smalla

In the hypothetical event of Mr. Smalla's death, disability, or Qualified Termination on December 29, 2018, he (or his estate in the event of death) would have had:

• 44,837 option shares immediately vest pursuant to his February 23, 2016 stock option award, exercisable at a price of \$192.26. In the hypothetical event that he exercised and sold those shares at the market price on that date, he would have received gross income of \$2,087,611.

• 3,023 option shares immediately vest pursuant to his January 1, 2018 stock option award, exercisable at a price of \$191.10. In the hypothetical event that he exercised and sold those shares at the market price on that date, he would have received gross income of \$144,258.

• 3,042 restricted shares immediately vest pursuant to his restricted stock awards. In the hypothetical event that he sold those shares at the market price on that date, he would have received gross income of \$726,490.

Altogether, Mr. Smalla would have received gross income of \$2,958,359 in the hypothetical events described above.

C. James Koch

In the hypothetical event of Mr. Koch's death, disability, or Qualified Termination on December 29, 2018, he (or his estate in the event of death) would have had:

428 option shares immediately vest pursuant to his January 1, 2014 stock option award, exercisable at a price of •\$241.79. As the exercise price was greater than the market price on that date, Mr. Koch would not have realized any income from this award.

2,745 option shares immediately vest pursuant to his January 1, 2017 stock option award, exercisable at a price of •\$169.85. In the hypothetical event that he exercised and sold those shares at the market price on that date, he would have received gross income of \$189,323.

1,511 option shares immediately vest pursuant to his January 1, 2018 stock option award, exercisable at a price of •\$191.10. In the hypothetical event that he exercised and sold those shares at the market price on that date, he would have received gross income of \$72,105.

•654 restricted shares immediately vest pursuant to his restricted stock awards. In the hypothetical event that he sold those shares at the market price on that date, he would have received gross income of \$156,188.

Altogether, Mr. Koch would have received gross income of \$417,616 in the hypothetical events described above.

John C. Geist

In the hypothetical event of Mr. Geist's death, disability, or Qualified Termination on December 29, 2018, he (or his estate in the event of death) would have had:

16,000 option shares immediately vest pursuant to his January 1, 2011 stock option award, exercisable at a price of •\$95.09. In the hypothetical event that he exercised and sold those shares at the market price on that date, he would have received gross income of \$2,299,680.

50,096 option shares immediately vest pursuant to his January 1, 2016 stock option award, exercisable at a price of •\$201.91. In the hypothetical event that he exercised and sold those shares at the market price on that date, he would have received gross income of \$1,849,043.

3,023 option shares immediately vest pursuant to his January 1, 2018 stock option award, exercisable at a price of •\$191.10. In the hypothetical event that he exercised and sold those shares at the market price on that date, he would have received gross income of \$144,258.

- 1,308 restricted shares immediately vest pursuant to his restricted stock awards. In the hypothetical event that he sold those shares at the market price on that date, he would have received gross income of \$312,377.

Altogether, Mr. Geist would have received gross income of \$4,605,357 in the hypothetical events described above.

Quincy B. Troupe

In the hypothetical event of Mr. Troupe's death, disability, or Qualified Termination on December 29, 2018, he (or his estate in the event of death) would have had:

- 22,418 option shares immediately vest pursuant to his February 23, 2016 stock option award, exercisable at a price of \$192.26. In the hypothetical event that he and sold those shares at the market price on that date, he would have received gross income of \$1,043,782.

- 2,116 option shares immediately vest pursuant to his January 1, 2018 stock option award, exercisable at a price of \$191.10. In the hypothetical event that he exercised and sold those shares at the market price on that date, he would have received gross income of \$100,976.

- 2,346 restricted shares immediately vest pursuant to his restricted stock awards. In the hypothetical event that he sold those shares at the market price on that date, he would have received gross income of \$560,272.

Altogether, Mr. Troupe would have received gross income of \$1,705,029 in the hypothetical events described above.

Jonathan N. Potter

Mr. Potter had no outstanding equity as of December 29, 2018, and therefore would not have received any income upon his death or disability. However, in the hypothetical event of Mr. Potter's death on that date, his estate would have been entitled to continue to receive any payments due under the Potter Separation Agreement, on the same payment schedule, had he not died.

[Back to Contents](#)**Pay Ratio Disclosure**

As a result of the recently-adopted rules under the Dodd-Frank Act, beginning with our 2018 Proxy Statement, the SEC required disclosure of the CEO to median employee pay ratio. The ratio presented below is a reasonable estimate calculated in a manner consistent with Item 402(u) of Regulation S-K under the Securities Exchange Act of 1934.

As outlined in detail in the Summary Compensation Table and elsewhere in this Proxy Statement, in 2018 Mr. Burwick earned annual total compensation of \$20,037,667. During that same period, our median employee's annual total compensation was \$75,749. The breakdown of the annual total compensation mix of the CEO and the Company's median employee is outlined below.

Position	Salary	Performance Bonus	Signing Bonus	Equity Awards	Other Comp	Total
CEO	\$562,500	\$1,515,000	\$1,600,000	\$15,750,632	\$609,535	\$20,037,667
Median Employee	\$63,650	\$8,580	\$0	\$0	\$3,519	\$75,749

For the purposes of determining the 2018 annual total compensation of the CEO and the median employee, "Other Comp" includes group life insurance premium contributions by the Company, Company matching contributions under the Company's 401(k) plan, company contributions to health savings accounts, fitness reimbursements, car allowances (if applicable), and reimbursement of relocation expenses (if applicable). In determining the median employee, a list was prepared of all employees of the Company as of October 3, 2017, excluding the CEO and employees on leaves of absence. The list was ranked by total compensation, including salary, cash bonus, equity awards and the other compensation elements listed above, and the median employee was selected from that ranking. We believe there has been no change in the Company's employee population or employee compensation arrangements that would significantly affect our 2018 pay ratio disclosure. The median employee selected in 2017 left the Company in 2018; for the current year analysis, as permitted under SEC rules, we selected another employee that has substantially similar compensation as the previously identified median employee. As a result, we estimate that Mr. Burwick's 2018 annual total compensation was approximately 264 times that of our median employee.

Excluding the one-time payments, equity awards, and relocation assistance made for the purposes of recruitment and retention, Mr. Burwick earned total compensation of \$4,087,922 in 2018, the breakdown of which is outlined below.

Position	Salary	Performance Bonus	Equity Awards	Other Comp	Total
CEO	\$562,500	\$1,515,000	\$2,000,887	\$9,535	\$4,087,922
Median Employee	\$63,650	\$8,580	\$0	\$3,519	\$75,749

Excluding the recruitment compensation, we estimate that Mr. Burwick's annual total compensation in 2018 was approximately 54 times that of our median employee.

Environmental Considerations and Sustainability

We are committed to protecting the environment and continue to look for ways to minimize waste, increase recycling, and maximize the effective use of natural resources throughout our operations. We routinely conduct assessments of our breweries and other facilities to ensure compliance with applicable environmental regulations and best practices. Our employees are a key component of these environmental and sustainability initiatives as well, so we invest in training, education, and awareness programs to support those efforts.

As a company, we recycle and reuse many of our materials. In certain states, the Company works with its distributors to collect, clean, and refill its glass bottles. Scrap glass generated from our bottling operations is sent to a glass recycler. We collect beer beyond its freshness date and recycle materials where possible. We recycle packaging materials, including old or defective corrugated paper packaging containers, plastic shrink-wrap and plastic banding, which we send to local recycling facilities. Our breweries refurbish damaged wooden pallets that are returned to us by our wholesalers. Additionally, we also aggressively recycle our brewing byproduct -- our spent grain and yeast is sent to local dairy farmers for use as animal feed or soil fertilizers and we've invested in carbon dioxide (CO₂) recovery systems that allow us to capture and reuse CO₂ for carbonation and other brewery related processes.

We have "Green Teams" at our breweries where we focus on reducing, re-using, and recycling materials, as well as promoting environmental awareness through communications and events. Renovations at our breweries have increased our energy efficiency over the years. For example, at our Pennsylvania brewery, we have upgraded energy efficient foam insulation in our beer aging cellars, installed new high-efficiency lighting systems and motion sensors to turn lights on and off when not in use, and replaced existing fittings with energy-saving fixtures on our pumps and motors. We also established processes for recycling other materials, including office paper, batteries, lamps, e-waste, steel, and used oil from equipment maintenance.

As our products leave our breweries to be transported to wholesalers across the country, we have instituted a "no idling" requirement at our breweries for all transportation carriers in order to reduce CO₂ emissions and save fuel. We have also increased the load weight efficiencies on our trucks and the use of rail transportation for shipments from our breweries and transport of raw materials.

Social Responsibility

In 2008, we launched our core philanthropic initiative, Samuel Adams Brewing the American Dream. In partnership with Accion, one of the nation's largest non-profit micro-lenders, the program supports small business owners in the food, beverage, and brewing industries through access to business capital, coaching, and new market opportunities. The goal is to help strengthen small businesses, create local jobs, and build vibrant communities. Since the inception of the Samuel Adams Brewing the American Dream program, we have worked together with Accion to loan more than \$30 million to more than 2,000 small business owners who have subsequently repaid these loans at a rate of more

than 96%. Company employees, together with local business partners and community organizations, have provided coaching and mentoring to more than 11,000 business owners across the country. In our estimation, these efforts have helped to create or maintain more than 7,600 local jobs.

Voting Matters For 2019 Annual Meeting

Item 1: Election of Class A Directors by Class A Stockholders

The Board of Directors, upon the recommendation of the Nominating/Governance Committee, has nominated Meghan V. Joyce, Michael Spillane, and Jean-Michel Valette for election to the Board as Class A Directors for a one-year term. All three are incumbent Class A Directors. Ms. Joyce was appointed to the Board by the Nominating/Governance Committee in March 2019 to fill the vacancy left by Mr. Tanner's passing. Provided a quorum is present and it is an uncontested election, these Directors are elected by a plurality of votes cast by the Class A Stockholders at the Annual Meeting.

The Board of Directors recommends that the Class A Stockholders vote "FOR" all nominees for Class A Director.

Item 2: Advisory Vote on Executive Compensation by Class A Stockholders

At Boston Beer's 2017 Annual Meeting of Stockholders, a non-binding advisory vote was taken on the frequency of future advisory votes regarding Named Executive Officer compensation. Consistent with the recommendation of the Board of Directors, a majority of Class A Shares cast on the matter were in favor of holding such an advisory vote on an annual basis. After consideration of the 2017 voting results, and based upon its prior recommendation, the Board determined that we will conduct future advisory votes regarding compensation awarded to its Named Executive Officers on an annual basis. While the Class A Stockholders have only limited voting rights, consistent with the intent of the Dodd-Frank Act and SEC rules, the Board is providing Class A Stockholders with the opportunity to cast a non-binding advisory vote to approve the compensation of Boston Beer's Named Executive Officers, as disclosed in this Proxy Statement pursuant to the compensation disclosure rules of the SEC.

The compensation of Boston Beer's Named Executive Officers is disclosed in the CD&A, the compensation tables, and the related disclosures contained in this Proxy Statement. As described in the CD&A, Boston Beer has adopted an executive compensation philosophy designed to deliver competitive total compensation upon the achievement of financial and/or strategic performance objectives that will attract, motivate, and retain leaders who will drive the creation of stockholder value. In order to implement that philosophy, the Compensation Committee has established a disciplined process for the adoption of executive compensation programs and individual Executive Officer pay actions. Boston Beer believes that its compensation policies and decisions are focused on pay-for-performance principles, are strongly aligned with the long-term interests of our stockholders, and provide an appropriate balance between risks and incentives. Stockholders are urged to read the CD&A section of this Proxy Statement, which discusses in greater detail how Boston Beer's compensation policies and procedures implement its executive compensation philosophy. The Board of Directors asks the stockholders to indicate their support for the Named Executive Officer compensation program, as described in this Proxy Statement, by approval of the following resolution:

“RESOLVED, that the compensation policies and procedures followed by Boston Beer and the Compensation Committee of Boston Beer’s Board of Directors and the level and mix of compensation paid to the Company’s Named Executive Officers, as disclosed pursuant to the compensation disclosure rules of the SEC, including the CD&A, compensation tables, and narrative discussion resulting from such policies and procedures, are hereby determined to be appropriate for Boston Beer and are accordingly approved.”

The vote on this Item 2 is advisory, and therefore not binding on the Company, the Compensation Committee, or the Board. The vote will not be construed to create or imply any change to the fiduciary duties of the Company or the Board, or to create or imply any additional fiduciary duties for the Company or the Board. However, the Board and the Compensation Committee value input from stockholders and will consider the outcome of the vote when making future executive compensation decisions.

The affirmative vote of a majority of the shares present or represented and entitled to vote either in person or by proxy is required to approve this Item 2.

The Board of Directors recommends a vote “FOR” the adoption of the foregoing resolution approving Boston Beer’s executive compensation policies and procedures and the compensation paid to its Named Executive Officers for Fiscal Year 2018, as disclosed in the CD&A, the compensation tables, and related narratives in this Proxy Statement.

Item 3: Election of Class B Directors by the Class B Stockholder

The Nominating/Governance Committee recommends that David A. Burwick, David P. Fialkow, Cynthia A. Fisher, and C. James Koch be elected as Class B Directors for a one-year term. All four are incumbent Class B Directors. Class B Directors are elected by the Class B Stockholder at the Annual Meeting.

The Board of Directors recommends that the Class B Stockholder vote “FOR” all nominees for Class B Director.

Item 4: Ratification of Appointment of Independent Registered Public Accounting Firm by the Class B Stockholder

Deloitte has been selected by the Audit Committee to serve as our independent registered public accounting firm for Fiscal Year 2019.

Although our By-Laws do not require stockholder ratification or other approval of the retention of our independent registered public accounting firm, as a matter of good corporate governance, the Board is requesting that the Class B Stockholder ratify the selection of Deloitte as our independent registered accounting firm for Fiscal Year 2019.

Under Boston Beer’s By-Laws, voting rights regarding matters other than a limited number of specific issues solely rest with the Class B Stockholder(s). Accordingly, an affirmative vote of the sole Class B Stockholder is required to approve this Item 4.

The Board of Directors recommends that the Class B Stockholder vote “FOR” the ratification of the appointment by the Audit Committee of Deloitte as our independent registered public accounting firm for Fiscal Year 2019.
