- 1 Per share numbers have been calculated using the average shares method.
- 2 The amounts shown are based on Common Share equivalents.
- 3 Total Return at Net Asset Value is the combination of changes in the Common Share net asset value, reinvested dividend income and reinvested capital gains distributions at net asset value, if any, and does not reflect the sales charge, if applicable.
- 4 Total Return at Market Price is the combination of changes in the market price per share and the effect of reinvested dividend income and reinvested capital gains distributions, if any, at the average price paid per share at the time of the reinvestment.
- 5 Ratios do not reflect the effect of dividend payments to preferred shareholders and any associated commission costs.
- 6 The net expense ratio is calculated without reduction for expense offset arrangements. The net expense ratio for the year ended November 30, 2008 is 0.98% after taking into account this expense reduction.
- 7 Ratios reflect reductions for dividend payments to preferred shareholders.
- 8 This expense decrease is reflected in both the net expense and the net investment income ratios shown above.
- 9 Additional information relating to contractual expense waivers, which has no effect on net expenses, net investment income and net assets previously reported, has been provided to conform to the current year presentation.

Portfolio of Investments Summary Table (unaudited) – Federated Premier Municipal Income Fund

At November 30, 2010, the Fund's sector composition¹ was as follows:

Sector Composition	Percentage of Total Investments ²
Hospital	13.5%
GO State	12.4%
GO Local	12.1%
Special Tax	10.6%
Transportation	10.1%
Pre-refunded	6.4%
Senior Care	5.7%
Education	5.4%
Water & Sewer	4.8%
Public Power	4.5%
Other ³	14.5%
TOTAL	100.0%

1 Sector classifications, and the assignment of holdings to such sectors, are based upon the economic sector and/or revenue source of the underlying borrower, as determined by the Fund's Adviser. For securities that have been enhanced by a third-party (other than a bond insurer), such as a guarantor, sector classifications are based upon the economic sector and/or revenue source of the third party, as determined by the Fund's Adviser. Securities that are insured by a bond insurer are assigned according to the economic sector and/or revenue source of the underlying obligor. Pre-refunded securities are those whose debt service is paid from escrowed funds, usually U.S. government securities.

2 Percentages reflect the fully consolidated asset of any inverse floater trust as presented in the Portfolio of Investments.

3 For purposes of this table, sector classifications constitute 85.5% of the Fund's investments. Remaining sectors have been aggregated under the designation "Other."

At November 30, 2010, the Fund held no securities that are subject to the federal alternative minimum tax (AMT).

1 Obligor filed for bankruptcy. On September 30, 2008, a Notice of Initial Distribution was received and a portion of the bond was redeemed at par. Subsequent distributions have occurred on various dates to redeem portions of the remaining bonds at discounts to par. The market value of the holding is adjusted to reflect the expected value of

future distributions.

- 2 Denotes a restricted security that either: (a) cannot be offered for public sale without first being registered, or being able to take advantage of an exemption from registration, under the Securities Act of 1933; or (b) is subject to a contractual restriction on public sales. At November 30, 2010, these restricted securities amounted to \$1,976,720, which represented 1.5% of total market value.

Annual Shareholder Report

3 Denotes a restricted security that may be resold without restriction to “qualified institutional buyers” as defined in Rule 144A under the Securities Act of 1933 and that the Fund has determined to be liquid under criteria established by the Fund's Board of Trustees (the “Trustees”). At November 30, 2010, this liquid restricted security amounted to \$783,390, which represented 0.6% of total market value.

4 Underlying security in inverse floater structure.

5 Current rate and next reset date shown for Variable Rate Demand Notes.

6 The cost of investments for federal tax purposes amounts to \$116,717,731.

7 Assets, other than investments in securities, less liabilities. See Statement of Assets and Liabilities.

Note: The categories of investments are shown as a percentage of total market value at November 30, 2010.

Various inputs are used in determining the value of the Fund's investments. These inputs are summarized in the three broad levels listed below:

Level 1 — quoted prices in active markets for identical securities

Level 2 — other significant observable inputs (including quoted prices for similar securities, interest rates, prepayment speeds, credit risk, etc.)

Level 3 — significant unobservable inputs (including the Fund's own assumptions in determining the fair value of investments)

The inputs or methodology used for valuing securities are not an indication of the risk associated with investing in those securities.

As of November 30, 2010, all investments of the Fund utilized Level 2 inputs in valuing the Fund's assets carried at fair value.

Portfolio of Investments Summary Table (unaudited) – Federated Premier Intermediate Municipal Income Fund

At November 30, 2010, the Fund's sector composition¹ was as follows:

Sector Composition	Percentage of Total Investments ²
GO State	21.6%
Hospital	10.9%
Special Tax	9.9%
Public Power	8.9%
Transportation	8.3%
Pre-refunded	7.2%
Electric & Gas	6.4%
Education	5.3%
Senior Care	4.3%
Water & Sewer	4.3%
Other ³	12.9%
TOTAL	100.0%

1 Sector classifications, and the assignment of holdings to such sectors, are based upon the economic sector and/or revenue source of the underlying borrower, as determined by the Fund's Adviser. For securities that have been enhanced by a third-party (other than a bond insurer), such as a guarantor, sector classifications are based upon the economic sector and/or revenue source of the third party, as determined by the Fund's Adviser. Securities that are insured by a bond insurer are assigned according to the economic sector and/or revenue source of the underlying obligor. Pre-refunded securities are those whose debt service is paid from escrowed funds, usually U.S. government securities.

2 Percentages reflect the fully consolidated asset of any inverse floater trust as presented in the Portfolio of Investments.

3 For purposes of this table, sector classifications constitute 87.1% of the Fund's total investments. Remaining sectors have been aggregated under the designation "Other."

Annual Shareholder Report

Edgar Filing: FEDERATED PREMIER MUNICIPAL INCOME FUND - Form N-CSR

- 1 Denotes a restricted security that either: (a) cannot be offered for public sale without first being registered, or being able to take advantage of an exemption from registration, under the Securities Act of 1933; or (b) is subject to a contractual restriction on public sales. At November 30, 2010, these restricted securities amounted to \$1,903,680, which represented 1.2% of total market value.
- 2 Underlying security in inverse floater structure.
- 3 Obligor filed for bankruptcy. On September 30, 2008, a Notice of Initial Distribution was received and a portion of the bond was redeemed at par. Subsequent distributions have occurred on various dates to redeem portions of the remaining bonds at discounts to par. The market value of the holding is adjusted to reflect the expected value of future distributions.
- 4 Current rate and next reset date shown for Variable Rate Demand Notes.
- 5 The cost of investments for federal tax purposes amounts to \$130,532,609.
- 6 Assets, other than investments in securities, less liabilities. See Statement of Assets and Liabilities.

Note: The categories of investments are shown as a percentage of total net assets at November 30, 2010.

Various inputs are used in determining the value of the Fund's investments. These inputs are summarized in the three broad levels listed below:

Level 1 — quoted prices in active markets for identical securities

Level 2 — other significant observable inputs (including quoted prices for similar securities, interest rates, prepayment speeds, credit risk, etc.)

Level 3 — significant unobservable inputs (including the Fund's own assumptions in determining the fair value of investments)

The inputs or methodology used for valuing securities are not an indication of the risk associated with investing in those securities.

As of November 30, 2010, all investments of the Fund utilized Level 2 inputs in valuing the Fund's assets carried at fair value.

Notes to Financial Statements

November 30, 2010

1. ORGANIZATION

Federated Premier Municipal Income Fund and Federated Premier Intermediate Municipal Income Fund (individually referred to as the “Fund,” or collectively as the “Funds”) are registered under the Investment Company Act of 1940, as amended (the “Act”), as diversified, closed-end management investment companies. Each Fund's investment objective is to provide current income exempt from federal income tax, including the federal AMT.

2. SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of significant accounting policies consistently followed by the Funds in the preparation of their financial statements. These policies are in conformity with U.S. generally accepted accounting principles (GAAP).

Investment Valuation

In calculating its net asset value (NAV), each Fund generally values investments as follows:

- Fixed-income securities acquired with remaining maturities greater than 60 days are fair valued using price evaluations provided by a pricing service approved by the Trustees.
- Fixed-income securities acquired with remaining maturities of 60 days or less are valued at their cost (adjusted for the accretion of any discount or amortization of any premium).
- Shares of other mutual funds are valued based upon their reported NAVs.
- Derivative contracts listed on exchanges are valued at their reported settlement or closing price.
- Over-the-counter (OTC) derivative contracts are fair valued using price evaluations provided by a pricing service approved by the Trustees.

If the Funds cannot obtain a price or price evaluation from a pricing service for an investment, the Funds may attempt to value the investment based upon the mean of bid and asked quotations or fair value the investment based on price evaluations, from one or more dealers. If any price, quotation, price evaluation or other pricing source is not readily available when the NAV is calculated, the Funds use the fair value of the investment determined in accordance with the procedures described below. There can be no assurance that the Funds could purchase or sell an investment at the price used to calculate each Fund's NAV.

Fair Valuation and Significant Events Procedures

The Trustees have authorized the use of pricing services to provide evaluations of the current fair value of certain investments for purposes of calculating the NAV. Factors considered by pricing services in evaluating an investment include the yields or prices of investments of comparable quality, coupon, maturity, call rights and other potential prepayments, terms and type, reported transactions, indications as to values from dealers and general market conditions. Some pricing services provide a single price evaluation reflecting the bid-side of the market for an investment (a “bid” evaluation). Other pricing services offer both bid evaluations and price evaluations indicative of a price between the prices bid and asked for the investment (a “mid” evaluation). The Funds normally use bid evaluations for U.S. Treasury and Agency securities, mortgage-backed securities and municipal securities. The Funds normally use mid evaluations for other types of fixed-income securities and OTC derivative contracts. In the event that market quotations and price evaluations are not available for an investment, the fair value of the investment is determined in accordance with procedures adopted by the Trustees.

Annual Shareholder Report

The Trustees also have adopted procedures requiring an investment to be priced at its fair value whenever the Adviser determines that a significant event affecting the value of the investment has occurred between the time as of which the price of the investment would otherwise be determined and the time as of which the NAV is computed. An event is considered significant if there is both an affirmative expectation that the investment's value will change in response to the event and a reasonable basis for quantifying the resulting change in value. Examples of significant events that may occur after the close of the principal market on which a security is traded, or after the time of a price evaluation provided by a pricing service or a dealer, include:

- With respect to price evaluations of fixed-income securities determined before the close of regular trading on the NYSE, actions by the Federal Reserve Open Market Committee and other significant trends in U.S. fixed-income markets;
- Political or other developments affecting the economy or markets in which an issuer conducts its operations or its securities are traded; and
- Announcements concerning matters such as acquisitions, recapitalizations, litigation developments, a natural disaster affecting the issuer's operations or regulatory changes or market developments affecting the issuer's industry.

The Funds may seek to obtain more current quotations or price evaluations from alternative pricing sources. If a reliable alternative pricing source is not available, the Funds will determine the fair value of the investment using another method approved by the Trustees.

Investment Income, Gains and Losses, Expenses and Distributions

Investment transactions are accounted for on a trade-date basis. Realized gains and losses from investment transactions are recorded on an identified-cost basis. Interest income and expenses are accrued daily. Non-cash dividends included in dividend income, if any, are recorded at fair value. Distributions to common shareholders are recorded on the ex-dividend date and are declared and paid monthly. Distributions to preferred shareholders are recorded daily and paid weekly at a rate set through auction procedures or under each Fund's Statement of Preferences. The dividend rate to preferred shareholders for Federated Premier Municipal Income Fund and Federated Premier Intermediate Municipal Income Fund at November 30, 2010, was 0.232% and 0.232%, respectively.

Each auction requires the participation of one or more Broker-Dealers. The auction agent, currently Deutsche Bank Trust Company Americas, will enter into agreements with one or more Broker-Dealers selected by the Funds, which provide for the participation of those Broker-Dealers in auctions for preferred shares. The auction agent will pay each Broker-Dealer after each auction, from funds provided by the Funds. The trailer commissions for Federated Premier Municipal Income Fund and Federated Premier Intermediate Municipal Income Fund for the year ended November 30, 2010 were \$92,272 and \$105,861, respectively.

Premium and Discount Amortization

All premiums and discounts on fixed-income securities are amortized/accreted for financial statement purposes.

Federal Taxes

It is each Fund's policy to comply with the Subchapter M provision of the Internal Revenue Code (the "Code") and to distribute to shareholders each year substantially all of its income. Accordingly, no provision for federal income tax is necessary. As of and during the year ended November 30, 2010, the Funds did not have a liability for any uncertain tax positions. The Annual Shareholder Report

Funds recognize interest and penalties, if any, related to tax liabilities as income tax expense in the Statement of Operations. As of November 30, 2010, tax years 2007 through 2010 remain subject to examination by the Funds' major tax jurisdictions, which include the United States of America and the Commonwealth of Massachusetts.

When-Issued and Delayed Delivery Transactions

The Funds may engage in when-issued or delayed delivery transactions. The Funds record when-issued securities on the trade date and maintain security positions such that sufficient liquid assets will be available to make payment for the securities purchased. Securities purchased on a when-issued or delayed delivery basis are marked to market daily and begin earning interest on the settlement date. Losses may occur on these transactions due to changes in market conditions or the failure of counterparties to perform under the contract.

Inverse Floater Structures

The Funds may participate in Inverse Floater Structures in which fixed-rate, tax-exempt municipal bonds purchased by the Funds are transferred to a trust. The trust subsequently issues two or more variable rate securities that are collateralized by the cash flows of the fixed-rate, tax-exempt municipal bonds. One or more of these variable-rate securities pays interest based on a floating rate set by a remarketing agent at predetermined intervals. A residual interest tax-exempt security, which is transferred to the Funds, is also created by the trust and pays interest based on the remaining cash flow of the trust, after payment of interest on the other securities and various expenses of the trust.

The Funds account for the transfer of bonds to the trusts as secured borrowings, with the securities transferred remaining in the Fund's investments, and the related floating rate notes reflected as Fund liabilities under the caption, "Payable for floating rate certificate securities" in the Statement of Assets and Liabilities. At November 30, 2010, for Federated Premier Municipal Income Fund, investments with a value of \$23,836,821 are held by the trust and serve as collateral for the \$17,100,000 in floating-rate certificate securities outstanding at that date, and for the Federated Premier Intermediate Municipal Income Fund, investments with a value of \$28,317,360 are held by the trust and serve as collateral for the \$19,125,000 in floating-rate certificate securities outstanding at that date. The Federated Premier Municipal Income Fund and the Federated Premier Intermediate Municipal Income Fund recorded interest and trust expenses of \$152,586 and \$163,478, respectively, for these investments for the year ended November 30, 2010.

While these inverse floater structures are accounted for as secured borrowings, the Funds' Adviser has determined that they do not constitute borrowings for purposes of any fundamental limitation on borrowings that may be applicable to the Funds.

Restricted Securities

The Funds may purchase securities which are considered restricted. Restricted securities are securities that either: (a) cannot be offered for public sale without first being registered, or being able to take advantage of an exemption from registration, under the Securities Act of 1933; or (b) are subject to contractual restrictions on public sales. In some cases, when a security cannot be offered for public sale without first being registered, the issuer of the restricted security has agreed to register such securities for resale, at the issuer's expense, either upon demand by the Funds or in connection with another registered offering of the securities. Many such restricted securities may be resold in the secondary market in transactions exempt from registration. Restricted securities may be determined to be liquid

Annual Shareholder Report

Edgar Filing: FEDERATED PREMIER MUNICIPAL INCOME FUND - Form N-CSR

under criteria established by the Trustees. The Funds will not incur any registration costs upon such resales. The Funds' restricted securities are valued at the price provided by dealers in the secondary market or, if no market prices are available, at the fair value as determined in accordance with procedures established by and under the general supervision of the Trustees.

Additional information on restricted securities, excluding securities purchased under Rule 144A, if applicable, that have been deemed liquid by the Trustees, held at November 30, 2010, is as follows:

TOTAL CHANGE RESULTING FROM FUND SHARE TRANSACTIONS	13,829	6,495

4. FEDERAL TAX INFORMATION

The timing and character of income and capital gain distributions are determined in accordance with income tax regulations, which may differ from GAAP. These differences are primarily due to differing treatments for discount accretion/premium amortization on debt securities and inverse floater structures.

For the year ended November 30, 2010, permanent differences identified and reclassified among the components of net assets were as follows:

	Increase (Decrease)	
	Undistributed Net Investment Income (Loss)	Accumulated Net Realized Gains (Losses)
Federated Premier Municipal Income Fund	\$6,394	\$(6,394)
Federated Premier Intermediate Municipal Income Fund	\$23,551	\$(23,551)

Net investment income (loss), net realized gains (losses), and net assets were not affected by this reclassification.

The tax character of distributions as reported on the Statements of Changes in Net Assets for the years ended November 30, 2010 and 2009, was as follows:

	2010	2009
	Tax-Exempt Income	Tax-Exempt Income
Federated Premier Municipal Income Fund	\$6,561,250	\$6,353,189
Federated Premier Intermediate Municipal Income Fund	\$6,127,735	\$6,300,115

As of November 30, 2010, the components of distributable earnings on a tax basis were as follows:

	Federated Premier Municipal Income Fund	Federated Premier Intermediate Municipal Income Fund
Undistributed tax-exempt income	\$605,956	\$338,665
Net unrealized appreciation	\$1,432,078	\$4,121,448
Capital loss carryforwards	\$(6,235,180)	\$(8,644,844)

The difference between book-basis and tax-basis net unrealized appreciation/depreciation is attributable to differing treatments for discount accretion/premium amortization on debt securities, inverse floater structures and wash sales.

Annual Shareholder Report

Edgar Filing: FEDERATED PREMIER MUNICIPAL INCOME FUND - Form N-CSR

At November 30, 2010, the following amounts apply for federal income tax purposes:

	Cost of Investments	Unrealized Appreciation	Unrealized Depreciation	Net Unrealized Appreciation
Federated Premier Municipal Income Fund	\$116,717,731	\$5,142,110	\$3,710,032	\$1,432,078
Federated Premier Intermediate Municipal Income Fund	\$130,532,609	\$6,396,834	\$2,275,386	\$4,121,448

At November 30, 2010, Federated Premier Municipal Income Fund and Federated Premier Intermediate Municipal Income Fund had capital loss carryforwards of \$6,235,180 and \$8,644,844, respectively, which will reduce the Funds' taxable income arising from future net realized gains on investments, if any, to the extent permitted by the Code and thus will reduce the amount of distributions to shareholders which would otherwise be necessary to relieve the Funds of any liability for federal income tax. Pursuant to the Code, such capital loss carryforward will expire as follows:

	2011	2012	2013	2015	2016	2017	2018	Total Capital Loss Carryforwards
Federated Premier Municipal Income Fund	\$ —	\$1,006,389	\$678,904	\$ —	\$1,763,799	\$2,786,088	\$ —	\$6,235,180
Federated Premier Intermediate Municipal Income Fund	\$5,504	\$1,598,165	\$1,175,977	\$615,196	\$1,122,663	\$4,048,132	\$79,207	\$8,644,844

Federated Premier Municipal Income Fund used capital loss carryforwards of \$490,732 to offset taxable capital gains realized during the year ended November 30, 2010.

5. INVESTMENT ADVISER FEE AND OTHER TRANSACTIONS WITH AFFILIATES

Investment Adviser Fee

Each Fund has entered into an Investment Management Agreement (the "Agreement") with Federated Investment Management Company (the "Adviser"), to serve as investment manager to the Funds. The Agreement provides for an annual management fee, payable daily, at the annual rate of 0.55% of each Fund's managed assets.

In order to reduce the Funds' expenses, the Adviser has contractually agreed to waive a portion of its investment adviser fee at the annual rate 0.20% of the average daily net value of each Fund's managed assets, inclusive of any assets attributable to any preferred shares that may be issued, from the commencement of operations through December 31, 2007, and at a declining rate thereafter through December 31, 2010. Effective January 1, 2009 and continuing through December 31, 2009, the contractual waiver was reduced to 0.10%. Effective January 1, 2010 and continuing through December 31, 2010, the contractual waiver was reduced to 0.05%. For the year ended November 30, 2010, the Adviser waived \$65,837 and \$74,506 of its Annual Shareholder Report

Edgar Filing: FEDERATED PREMIER MUNICIPAL INCOME FUND - Form N-CSR

fee for Federated Premier Municipal Income Fund and Federated Premier Intermediate Municipal Income Fund, respectively. Additionally, for the year ended November 30, 2010, the Adviser reimbursed other operating expenses of \$142,399 and \$89,754 for Federated Premier Municipal Income Fund and Federated Premier Intermediate Municipal Income Fund, respectively.

Administrative Fee

Federated Administrative Services (FAS), under the Administrative Services Agreement, provides the Funds with administrative personnel and services. The fee paid to FAS is based on the average aggregate daily net assets of certain Federated funds as specified below:

Administrative Fee	Average Aggregate Daily Net Assets of the Federated Funds
0.150%	on the first \$5 billion
0.125%	on the next \$5 billion
0.100%	on the next \$10 billion
0.075%	on assets in excess of \$20 billion

The administrative fee received during any fiscal year shall be at least \$150,000 per portfolio and \$40,000 per each additional class of Shares. FAS may voluntarily choose to waive any portion of its fee. FAS can modify or terminate this voluntary waiver at any time at its sole discretion. For the year ended November 30, 2010, FAS waived its entire fee of \$150,000 on each Fund.

Interfund Transactions

During the year ended November 30, 2010, the Funds engaged in purchase and sale transactions with funds that have a common investment adviser (or affiliated investment advisers), common Directors/Trustees, and/or common Officers. These purchase and sale transactions complied with Rule 17a-7 under the Act and were as follows:

	Purchases	Sales
Federated Premier Municipal Income Fund	\$18,690,000	\$19,840,000
Federated Premier Intermediate Municipal Income Fund	\$36,940,000	\$38,640,000

General

Certain Officers and Trustees of the Funds are Officers and Directors or Trustees of the above companies.

6. PREFERRED SHARES

On February 13, 2003, Federated Premier Municipal Income Fund and Federated Premier Intermediate Municipal Income Fund offered 2,147 and 2,441 Auction Market Preferred Shares (AMPS), respectively. The AMPS are redeemable at the option of the Funds at the redemption price of \$25,000 per share plus an amount equal to accumulated, but unpaid dividends thereon through the redemption date. As of November 30, 2010, Federated Premier Municipal Income Fund and Federated Premier Intermediate Municipal Income Fund currently have outstanding 1,463 and 1,676 AMPS, respectively.

Annual Shareholder Report

Edgar Filing: FEDERATED PREMIER MUNICIPAL INCOME FUND - Form N-CSR

On July 17, 2008, the Funds' Trustees approved a plan to use inverse floater structures to refinance a portion of the Funds' outstanding AMPS. During the year ended November 30, 2009, Federated Premier Municipal Income Fund and Federated Premier Intermediate Municipal Income Fund redeemed \$7,500,000 and \$9,000,000, representing 300 and 360 of their outstanding preferred shares, respectively, at liquidation value, using proceeds that arose from the use of the inverse floater structures. During the year ended November 30, 2008, Federated Premier Municipal Income Fund and Federated Premier Intermediate Municipal Income Fund redeemed \$9,600,000 and \$10,125,000, representing 384 and 405 of their outstanding preferred shares, respectively, at liquidation value, using proceeds that arose from the use of the inverse floater structures.

Whenever AMPS are outstanding, common shareholders will not be entitled to receive any distributions from the Funds unless all accrued dividends on preferred shares have been paid, the Funds satisfy the 200% asset coverage requirement, and certain other requirements imposed by any nationally recognized statistical ratings organizations (NRSROs) rating the preferred shares have been met. Should these requirements not be met, or should dividends accrued on the AMPS not be paid, the Funds may be restricted in their ability to declare dividends to common shareholders or may be required to redeem certain of the AMPS. At November 30, 2010, there were no such restrictions on the Funds.

7. Investment TRANSACTIONS

Purchases and sales of investments, excluding long-term U.S. government securities and short-term obligations, for the year ended November 30, 2010, were as follows:

	Purchases	Sales
Federated Premier Municipal Income Fund	\$23,110,112	\$22,859,177
Federated Premier Intermediate Municipal Income Fund	\$43,186,566	\$41,368,823

8. Legal Proceedings

Since February 2004, Federated Investors, Inc. and related entities (collectively, "Federated"), have been named as defendants in several lawsuits that are now pending in the United States District Court for the Western District of Pennsylvania. These lawsuits have been consolidated into a single action alleging excessive advisory fees involving one of the Federated-sponsored mutual funds ("Federated Funds"). Federated and its counsel have been defending this litigation. Additional lawsuits based upon similar allegations may be filed in the future. The potential impact of these lawsuits, all of which seek monetary damages, attorneys' fees and expenses, and future potential similar suits is uncertain. Although we do not believe that these lawsuits will have a material adverse effect on the Federated Funds, there can be no assurance that these suits, ongoing adverse publicity and/or other developments resulting from the allegations in these matters will not result in increased redemptions, or reduced sales, of shares of the Federated Funds or other adverse consequences for the Federated Funds.

9. FEDERAL TAX INFORMATION (UNAUDITED)

For the year ended November 30, 2010, 100.0% of the distributions from net investment income for each Fund is exempt from federal income tax, other than the federal AMT.

Annual Shareholder Report

Report of Independent Registered Public Accounting Firm

TO THE BOARD OF Trustees AND SHAREHOLDERS OF Federated premier municipal income fund and federated premier intermediate municipal income fund:

We have audited the accompanying statements of assets and liabilities of Federated Premier Municipal Income Fund and Federated Premier Intermediate Municipal Income Fund (the "Funds") including the portfolios of investments, as of November 30, 2010, and the related statements of operations and cash flows for the year then ended, the statements of changes in net assets for each of the two years in the period then ended, and the financial highlights for each of the five years in the period then ended. These financial statements and financial highlights are the responsibility of the Funds' management. Our responsibility is to express an opinion on these financial statements and financial highlights based on our audits.

We conducted our audits in accordance with standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and financial highlights are free of material misstatement. We were not engaged to perform an audit of the Funds' internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Funds' internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements and financial highlights, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. Our procedures included confirmation of securities owned as of November 30, 2010, by correspondence with the custodian and others. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements and financial highlights referred to above present fairly, in all material respects, the financial position of Federated Premier Municipal Income Fund and Federated Premier Intermediate Municipal Income Fund, the results of their operations and their cash flows for the year then ended, the changes in their net assets for each of the two years in the period then ended, and the financial highlights for each of the five years in the period then ended, in conformity with U.S. generally accepted accounting principles.

Annual Shareholder Report

Evaluation and Approval of Advisory
Contract – May 2010

Federated Premier Municipal Income Fund (“FMN” or the “Fund”)

Federated Premier Intermediate Municipal Income Fund
 (“FPT” or the “Fund”)

The Fund's Board reviewed each Fund's investment advisory contract at meetings held in May 2010. The Board's decision regarding these contracts reflects the exercise of its business judgment on whether to continue the existing arrangements.

In this connection, the Federated funds' Board had previously appointed a Senior Officer, whose duties include specified responsibilities relating to the process by which advisory fees are to be charged to a Federated fund. The Senior Officer has the authority to retain consultants, experts, or staff as may be reasonably necessary to assist in the performance of his duties, reports directly to the Board, and may be terminated only with the approval of a majority of the independent members of the Board. The Senior Officer prepared and furnished to the Board an independent, written evaluation that covered topics discussed below. The Board considered that evaluation, along with other information, in deciding to approve the advisory contract.

During its review of these contracts, the Board considered compensation and benefits received by the Adviser. This included the fees received for services provided to the Fund by other entities in the Federated organization and research services received by the Adviser from brokers that execute Federated fund trades, as well as advisory fees. The Board is also familiar with and considered judicial decisions concerning allegedly excessive investment advisory fees which have indicated that the following factors may be relevant to an Adviser's fiduciary duty with respect to its receipt of compensation from a fund: the nature and quality of the services provided by the Adviser, including the performance of the Fund; the Adviser's cost of providing the services; the extent to which the Adviser may realize “economies of scale” as the Fund grows larger; any indirect benefits that may accrue to the Adviser and its affiliates as a result of the Adviser's relationship with the Fund; performance and expenses of comparable funds; and the extent to which the independent Board members are fully informed about all facts the Board deems relevant bearing on the Adviser's services and fees. The Board further considered management fees (including any components thereof) charged to institutional and other clients of the Adviser for what might be viewed as like services and the cost to the Adviser and its affiliates of supplying services pursuant to the management fee agreements, excluding any intra-corporate profit and profit margins of the Adviser and its affiliates for supplying such services. The Board was aware of these factors and was guided by them in its review of the Fund's advisory contract to the extent it considered them to be appropriate and relevant, as discussed further below.

Annual Shareholder Report

The Board considered and weighed these circumstances in light of its substantial accumulated experience in governing the Fund and working with Federated on matters relating to the Federated funds, and was assisted in its deliberations by independent legal counsel. Throughout the year, the Board has requested and received substantial and detailed information about the Fund and the Federated organization that was in addition to the extensive materials that comprise and accompany the Senior Officer's evaluation. Federated provided much of this information at each regular meeting of the Board, and furnished additional reports in connection with the particular meeting at which the Board's formal review of the advisory contract occurred. Between regularly scheduled meetings, the Board also received information on particular matters as the need arose. Thus, the Board's consideration of the advisory contract included review of the Senior Officer's evaluation, accompanying data and additional reports covering such matters as: the Adviser's investment philosophy, revenue, profitability, personnel and processes; investment and operating strategies; the Fund's short- and long-term performance (in absolute terms, both on a gross basis and net of expenses, as well as in relationship to its particular investment program and certain competitor or "peer group" funds and/or other benchmarks, as appropriate), and comments on the reasons for performance; the Fund's investment objectives; the Fund's expenses (including the advisory fee itself and the overall expense structure of the Fund, both in absolute terms and relative to similar and/or competing funds, with due regard for contractual or voluntary expense limitations); the use and allocation of brokerage commissions derived from trading the Fund's portfolio securities (if any); and the nature, quality and extent of the advisory and other services provided to the Fund by the Adviser and its affiliates. The Board also considered the preferences and expectations of Fund shareholders and their relative sophistication; the continuing state of competition in the investment company industry and market practices; the range of comparable fees for similar funds; compliance and audit reports concerning the Federated funds and the Federated companies that service them (including communications from regulatory agencies), as well as Federated's responses to any issues raised therein; and relevant developments in the fund industry and how the Federated funds and/or Federated are responding to them. The Board's evaluation process is evolutionary. The criteria considered and the emphasis placed on relevant criteria change in recognition of changing circumstances in the fund marketplace.

With respect to the Fund's performance and expenses in particular, the Board has found the use of comparisons to other closed-end funds with comparable investment programs to be relevant, given the high degree of competition in the investment company industry. The Board focused on comparisons with other similar funds more heavily than non-fund products or services because it is believed that they are more relevant. For example, other closed-end funds are the products most like the Fund, they are readily available to Fund shareholders as alternative investment vehicles, and they are the type of investment vehicle in Annual Shareholder Report

fact chosen and maintained by the Fund's investors. The range of their fees and expenses therefore appears to be a generally reliable indication of what consumers have found to be reasonable in the precise marketplace in which the Fund competes. The Fund's ability to deliver competitive performance when compared to its peer group was a useful indicator of how the Adviser is executing the Fund's investment program, which in turn assisted the Board in reaching a conclusion that the nature, extent, and quality of the Adviser's investment management services were such as to warrant continuation of the advisory contract. In this regard, the Senior Officer has reviewed Federated's fees for providing advisory services to Federated registered investment companies as well as products outside the Federated family of funds (e.g., institutional and separate accounts). He concluded that registered investment companies and institutional accounts are inherently different products. Those differences include, but are not limited to, different types of targeted investors; being subject to different laws and regulations; different legal structures; different average account sizes; different associated costs; portfolio management techniques made necessary by such differences; and portfolio manager time spent in review of securities pricing. The Senior Officer did not consider these fee schedules to be determinative in judging the appropriateness of fund advisory contracts.

The Senior Officer reviewed reports compiled by Federated, using data supplied by independent fund ranking organizations, regarding the performance of, and fees charged by, other regulated investment companies, noting his view that comparisons to fund peer groups are relevant in judging the reasonableness of proposed fees.

For the periods covered by the report, FMN's performance for the one-year and five-year periods was above the median of the relevant peer group, and FMN's performance fell below the median of the relevant peer group for the three-year period. The Board discussed FMN's performance with the Adviser and recognized the efforts being undertaken by the Adviser. The Board will continue to monitor these efforts and the performance of FMN.

For the periods covered by the report, FPT's performance for the one-year and five-year periods was above the median of the relevant peer group, and FPT's performance fell below the median of the relevant peer group for the three-year period. The Board discussed FPT's performance with the Adviser and recognized the efforts being undertaken by the Adviser. The Board will continue to monitor these efforts and the performance of FPT.

The Board also received financial information about Federated, including reports on the compensation and benefits Federated derived from its relationships with the Federated funds. These reports covered not only the fees under the advisory contracts, but also fees received by Federated's subsidiaries for providing other services to the Federated funds under separate contracts (e.g., for serving as the Federated funds' administrator). The reports also discussed any indirect benefit Federated may derive from its receipt of research services from brokers who execute Federated fund trades. In addition, the Board Annual Shareholder Report

also considered the fact that, in order for a fund to be competitive in the marketplace, Federated and its affiliates frequently waived fees and/or reimbursed expenses and have disclosed to fund investors and/or indicated to the Board their intention to do so in the future, where appropriate. Moreover, the Board receives regular reports regarding the institution or elimination of these voluntary waivers.

Federated furnished reports, requested by the Senior Officer, that reported revenues on a fund by fund basis and made estimates of the allocation of expenses on a fund-by-fund basis, using allocation methodologies specified by the Senior Officer. The Senior Officer noted that, although they may apply consistent allocation processes, the inherent difficulties in allocating costs (and the unavoidable arbitrary aspects of that exercise) and the lack of consensus on how to allocate those costs may render such allocation reports unreliable. The allocation reports were considered in the analysis by the Board but were determined to be of limited use.

The Board and the Senior Officer also reviewed a report compiled by Federated comparing profitability information for Federated to other publicly held fund management companies. In this regard, the Senior Officer noted the limited availability of such information, but nonetheless concluded that Federated's profit margins did not appear to be excessive and the Board agreed.

The Board also considered whether the Fund might benefit from "economies of scale" and noted that, as a "closed-end fund," which has made an offering of a fixed number of common shares and (other than the issuance of preferred shares contemplated at the time of the Fund's initial public offering) has not made and does not expect to make additional offerings to raise more assets (although it may make additional offerings to replace existing preferred shares), the Fund is unlikely to grow materially in size and, as a consequence, there are no meaningful "economies of scale" to be realized from internal growth. Accordingly, the Board concluded that this was not a relevant consideration in its overall evaluation.

It was noted in the materials for the Board meeting that for the period covered by the report, FMN's investment advisory fee was below the median of the relevant peer group. The Board reviewed the fees and other expenses of FMN with the Adviser and was satisfied that the overall expense structure of FMN remained competitive.

It was noted in the materials for the Board meeting that for the period covered by the report, FPT's investment advisory fee was below the median of the relevant peer group. The Board reviewed the fees and other expenses of FPT with the Adviser and was satisfied that the overall expense structure of FPT remained competitive.

Annual Shareholder Report

The Senior Officer's evaluation noted his belief that the information and observations contained in his evaluation supported a finding that the proposed management fees are reasonable, and that Federated appeared to provide appropriate administrative services to the Fund for the fees paid. Under these circumstances, no changes were recommended to, and no objection was raised to, the continuation of the Fund's advisory contract. The Board concluded that the nature, quality and scope of services provided the Fund by the Adviser and its affiliates were satisfactory.

In its decision to continue an existing investment advisory contract, the Board was mindful of the potential disruptions of the Fund's operations and various risks, uncertainties and other effects that could occur as a result of a decision to terminate or not renew an advisory contract. In particular, the Board recognized that many shareholders have invested in the Fund on the strength of the Adviser's industry standing and reputation and with the expectation that the Adviser will have a continuing role in providing advisory services to the Fund. Thus, the Board's approval of the advisory contract reflected the fact that it is the shareholders who have effectively selected the Adviser by virtue of having invested in the Fund.

The Board based its decision to approve the advisory contract on the totality of the circumstances and relevant factors and with a view to past and future long-term considerations. Not all of the factors and considerations identified above were necessarily relevant to the Fund, nor did the Board consider any one of them to be determinative. With respect to the factors that were relevant, the Board's decision to approve the contract reflects its determination that Federated's performance and actions provided a satisfactory basis to support the decision to continue the existing arrangements.

Dividend Reinvestment Plan

The following description of each Fund's Dividend Reinvestment Plan (the "Plan") is furnished to you annually as required by federal securities laws.

Unless the registered owner of a Fund's common shares elects to receive cash by contacting Computershare Trust Co., N.A. (the "Plan Administrator"), all dividends declared on common shares of the Fund will be automatically reinvested by the Plan Administrator, as agent for shareholders in the Plan, in additional common shares of the Fund. Common shareholders who elect not to participate in the Plan will receive all dividends and other distributions in cash. You may elect not to participate in the Plan and to receive all dividends in cash by contacting the Plan Administrator at the address set forth below if your Shares are registered in your name, or by contacting your bank, broker, or other nominee if your Shares are held in street or other nominee name. Participation in the Plan is completely voluntary and may be terminated or resumed at any time without penalty by written notice to the Plan Administrator. Such notice will be effective for a dividend if received and processed by the Plan Administrator prior to the dividend record date; otherwise the notice will be effective with respect to any subsequently declared dividend or other distribution. Some brokers may automatically elect to receive cash on your behalf and may reinvest that cash in additional common shares of the Fund for you. If you wish for all dividends declared on your common shares to be automatically reinvested pursuant to the Plan, please contact your broker.

The Plan Administrator will open an account for each common shareholder under the Plan in the same name in which the shareholder's common shares are registered. Whenever the Fund declares a dividend or other distribution payable in cash (together, a "dividend"), non-participants in the Plan will receive cash, and participants in the Plan will receive the equivalent in common shares. The common shares will be acquired by the Plan Administrator for the participants' accounts, depending upon the circumstances described below, either: (1) through receipt from the Fund of additional authorized but unissued common shares ("newly issued common shares"); or (2) by purchase of outstanding common shares on the open market ("open-market purchases") on the New York Stock Exchange or elsewhere. If, on the payment date for a dividend, the closing market price plus estimated brokerage commissions per common share is equal to or greater than the net asset value (NAV) per common share, the Plan Administrator will invest the dividend amount on behalf of the participants in newly issued common shares. The number of newly issued common shares to be credited to each participant's account will be determined by dividing the dollar amount of the dividend by the NAV per common share on the payment date; provided that, if the NAV is less than or equal to 95% of the closing market value on the payment date, the dollar amount of the dividend will be divided by 95% of the closing market price per common share on the payment date. If, on the payment date for any dividend, Annual Shareholder Report

the NAV per common share is greater than the closing market value plus estimated brokerage commissions, the Plan Administrator will invest the dividend amount in common shares acquired on behalf of the participants in open-market purchases.

In the event of a market discount on the payment date for any dividend, the Plan Administrator will have until the last business day before the next date on which the common shares trade on an “ex-dividend” basis or 30 days after the payment date for such dividend, whichever is sooner (the “last purchase date”), to invest the dividend amount in common shares acquired in open-market purchases. It is contemplated that the Funds will pay monthly income dividends. Therefore, the period during which open-market purchases can be made will exist only from the payment date of each dividend through the day before the next “ex-dividend” date, which will be approximately ten days. If, before the Plan Administrator has completed its open-market purchases, the market price per common share exceeds the NAV per common share, the average per share purchase price paid by the Plan Administrator may exceed the NAV of the common shares, resulting in the acquisition of fewer common shares than if the dividend had been paid in newly issued common shares on the dividend payment date. Because of the foregoing difficulty with respect to open-market purchases, the Plan provides that if the Plan Administrator is unable to invest the full dividend amount in open-market purchases during the purchase period or if the market discount shifts to a market premium during the purchase period, the Plan Administrator may cease making open-market purchases and may invest the uninvested portion of the dividend amount in newly issued common shares at the NAV per common share at the close of business on the last purchase date; provided that, if the NAV is less than or equal to 95% of the then current market price per common share, the dollar amount of the dividend will be divided by 95% of the market price on the payment date.

The Plan Administrator maintains all shareholders' accounts in the Plan and furnishes written confirmation of all transactions in the accounts, including information needed by shareholders for tax records. Common shares in the account of each Plan participant will be held by the Plan Administrator on behalf of the Plan participant, and each shareholder proxy will include those shares purchased or received pursuant to the Plan. The Plan Administrator will forward all proxy solicitation materials to participants and vote proxies for shares held under the Plan in accordance with the instructions of the participants.

In the case of record shareholders such as banks, brokers, or nominees which hold common shares for others who are the beneficial owners, the Plan Administrator will administer the Plan on the basis of the number of common shares certified from time to time by the record holder as held for the account of beneficial owners who participate in the Plan.

Edgar Filing: FEDERATED PREMIER MUNICIPAL INCOME FUND - Form N-CSR

There will be no brokerage charges with respect to common shares issued directly by the Fund. However, each participant will pay a pro rata share of brokerage commissions incurred in connection with open-market purchases. The automatic reinvestment of dividends will not relieve participants of any federal, state or local income tax that may be payable (or required to be withheld) on such dividends. Participants that request a sale of shares through the Plan Administrator are subject to a \$15.00 sales fee and a \$0.12 per share sold brokerage commission.

Each Fund reserves the right to amend or terminate its Plan. There is no direct service charge to participants with regard to purchases in the Plan; however, each Fund reserves the right to amend its Plan to include a service charge payable by the participants.

All correspondence or questions concerning the Plan should be directed to the Plan Administrator, Computershare Trust Company, N.A., P.O. Box 43011, Providence, RI 02940-3011 or by telephone at (800) 730-6001.

The address of the principal office of the Funds is 4000 Ericsson Drive, Warrendale, PA 15086-7561.

The Funds' transfer agent is Computershare Trust Company, N.A., P.O. Box 43011, Providence, RI 02940-3011.

Voting Proxies on Fund Portfolio Securities

A description of the policies and procedures that each Fund uses to determine how to vote proxies relating to securities held in the Fund's portfolio is available, without charge and upon request, by calling 1-800-341-7400. A report on "Form N-PX" of how the Fund voted any proxies during the most recent 12-month period ended June 30 is available from Federated's website at FederatedInvestors.com. To access this information go to the "Products" section of the website, select "Closed-End Funds," select the name of the Fund, then select "Shareholder and Regulatory Reports" from the left menu. This information is also available directly from the EDGAR database on the SEC's website at www.sec.gov.

Quarterly Portfolio Schedule

Each Fund files with the SEC a complete schedule of its portfolio holdings, as of the close of the first and third quarters of its fiscal year, on "Form N-Q." These filings are available on the SEC's website at www.sec.gov and may be reviewed and copied at the SEC's Public Reference Room in Washington, DC. (Call 1-800-SEC-0330 for information on the operation of the Public Reference Room.) You may also access this information from the "Products" section of the Federated Investors website at FederatedInvestors.com by clicking on "Closed-End Funds," selecting the name of the Fund, then selecting "Portfolio Holdings" from the left menu.

Source of Distributions – Notice

Under the federal securities laws, the Funds are required to provide a notice to shareholders regarding the source of distributions made by the Funds if such distributions are from sources other than ordinary investment income. Annual Shareholder Report

Certification Disclosure

The Funds' reports on Form N-CSR and Form N-Q filed with the SEC during the past fiscal year, including the annual report for the year ended November 30, 2009, have contained the certifications of the Funds' Chief Executive Officer and Chief Financial Officer regarding the quality of the Funds' public disclosure required by Section 302 of the Sarbanes-Oxley Act.

IMPORTANT NOTICE ABOUT FUND DOCUMENT DELIVERYIn an effort to reduce costs and avoid duplicate mailings, the Fund(s) intend to deliver a single copy of certain documents to each household in which more than one shareholder of the Fund(s) resides (so-called "householding"), as permitted by applicable rules. The Fund's "householding" program covers its Semi-Annual and Annual Shareholder Reports and any Proxies or information statements. Shareholders must give their written consent to participate in the "householding" program. The Fund is also permitted to treat a shareholder as having given consent ("implied consent") if (i) shareholders with the same last name, or believed to be members of the same family, reside at the same street address or receive mail at the same post office box, (ii) the Fund gives notice of its intent to "household" at least sixty (60) days before it begins "householding" and (iii) none of the shareholders in the household have notified the Fund(s) or their agent of the desire to "opt out" of "householding." Shareholders who have granted written consent, or have been deemed to have granted implied consent, can revoke that consent and opt out of "householding" at any time: shareholders who purchased shares through an intermediary should contact their representative; other shareholders may call the Fund at 1-800-730-6001 or email CEinfo@federatedinvestors.com.

Fiscal year ended 2010 - \$0

Fiscal year ended 2009 - \$0

Amount requiring approval of the registrant's audit committee pursuant to paragraph (c)(7)(ii) of Rule 2-01 of Regulation S-X, \$0 and \$0 respectively.

(e)(1) Audit Committee Policies regarding Pre-approval of Services.

The Audit Committee is required to pre-approve audit and non-audit services performed by the independent auditor in order to assure that the provision of such services do not impair the auditor's independence. Unless a type of service to be provided by the independent auditor has received general pre-approval, it will require specific pre-approval by the Audit Committee. Any proposed services exceeding pre-approved cost levels will require specific pre-approval by the Audit Committee.

Certain services have the general pre-approval of the Audit Committee. The term of the general pre-approval is 12 months from the date of pre-approval, unless the Audit Committee specifically provides for a different period. The Audit Committee will annually review the services that may be provided by the independent auditor without obtaining specific pre-approval from the Audit Committee and may grant general pre-approval for such services. The Audit Committee will revise the list of general pre-approved services from time to time, based on subsequent determinations. The Audit Committee will not delegate its responsibilities to pre-approve services performed by the independent auditor to management.

The Audit Committee has delegated pre-approval authority to its Chairman. The Chairman will report any pre-approval decisions to the Audit Committee at its next scheduled meeting. The Committee will designate another member with such pre-approval authority when the Chairman is unavailable.

AUDIT SERVICES

The annual Audit services engagement terms and fees will be subject to the specific pre-approval of the Audit Committee. The Audit Committee must approve any changes in terms, conditions and fees resulting from changes in audit scope, registered investment company (RIC) structure or other matters.

In addition to the annual Audit services engagement specifically approved by the Audit Committee, the Audit Committee may grant general pre-approval for other Audit Services, which are those services that only the independent auditor reasonably can provide. The Audit Committee has pre-approved certain Audit services, all other Audit services must be specifically pre-approved by the Audit Committee.

AUDIT-RELATED SERVICES

Audit-related services are assurance and related services that are reasonably related to the performance of the audit or review of the Company's financial statements or that are traditionally performed by the independent auditor. The Audit Committee believes that the provision of Audit-related services does not impair the independence of the auditor, and has pre-approved certain Audit-related services, all other Audit-related services must be specifically pre-approved by the Audit Committee.

TAX SERVICES

The Audit Committee believes that the independent auditor can provide Tax services to the Company such as tax compliance, tax planning and tax advice without impairing the auditor's independence. However, the Audit Committee will not permit the retention of the independent auditor in connection with a transaction initially recommended by the independent auditor, the purpose of which may be tax avoidance and the tax treatment of which may not be supported in the Internal Revenue Code and related regulations. The Audit Committee has pre-approved certain Tax services, all Tax services involving large and complex transactions must be specifically pre-approved by the Audit Committee.

ALL OTHER SERVICES

With respect to the provision of services other than audit, review or attestation services the pre-approval requirement is waived if:

- (1) The aggregate amount of all such services provided constitutes no more than five percent of the total amount of revenues paid by the registrant, the registrant's adviser (not including any sub-adviser whose role is primarily portfolio management and is subcontracted with or overseen by another investment adviser), and any entity controlling, controlled by, or under common control with the investment adviser that provides ongoing services to the registrant to its accountant during the fiscal year in which the services are provided;
- (2) Such services were not recognized by the registrant, the registrant's adviser (not including any sub-adviser whose role is primarily portfolio management and is subcontracted with or overseen by another investment adviser), and any entity controlling, controlled by, or under common control with the investment adviser that provides ongoing services to the registrant at the time of the engagement to be non-audit services; and
- (3) Such services are promptly brought to the attention of the Audit Committee of the issuer and approved prior to the completion of the audit by the Audit Committee or by one or more members of the Audit Committee who are members of the board of directors to whom authority to grant such approvals has been delegated by the Audit Committee.

The Audit Committee may grant general pre-approval to those permissible non-audit services classified as All Other services that it believes are routine and recurring services, and would not impair the independence of the auditor.

The SEC's rules and relevant guidance should be consulted to determine the precise definitions of prohibited non-audit services and the applicability of exceptions to certain of the prohibitions.

PRE-APPROVAL FEE LEVELS

Pre-approval fee levels for all services to be provided by the independent auditor will be established annually by the Audit Committee. Any proposed services exceeding these levels will require specific pre-approval by the Audit Committee.

PROCEDURES

Requests or applications to provide services that require specific approval by the Audit Committee will be submitted to the Audit Committee by both the independent auditor and the Principal Accounting Officer and/or Internal Auditor, and must include a joint statement as to whether, in their view, the request or application is consistent with the SEC's rules on auditor independence.

(e)(2) Percentage of services identified in items 4(b) through 4(d) that were approved by the registrant's audit committee pursuant to paragraph (c)(7)(i)(C) of Rule 2-01 of Regulation S-X:

4(b)

Fiscal year ended 2010 – 0%

Fiscal year ended 2009 - 0%

Percentage of services provided to the registrant's investment adviser and any entity controlling, controlled by, or under common control with the investment adviser that provides ongoing services to the registrant that were approved by the registrant's audit committee pursuant to paragraph (c)(7)(i)(C) of Rule 2-01 of Regulation S-X, 0% and 0% respectively.

4(c)

Fiscal year ended 2010 – 0%

Fiscal year ended 2009 – 0%

Percentage of services provided to the registrants investment adviser and any entity controlling, controlled by, or under common control with the investment adviser that provides ongoing services to the registrant that were approved by the registrant's audit committee pursuant to paragraph (c)(7)(i)(C) of Rule 2-01 of Regulation S-X, 0% and 0% respectively.

4(d)

Fiscal year ended 2010 – 0%

Fiscal year ended 2009 – 0%

Percentage of services provided to the registrant's investment adviser and any entity controlling, controlled by, or under common control with the investment adviser that provides ongoing services to the registrant that were approved by the registrant's audit committee pursuant to paragraph (c)(7)(i)(C) of Rule 2-01 of Regulation S-X, 0% and 0% respectively.

(f) NA

(g) Non-Audit Fees billed to the registrant, the registrant's investment adviser, and certain entities controlling, controlled by or under common control with the investment adviser:

Fiscal year ended 2010 - \$307,710

Fiscal year ended 2009 - \$193,716

(h) The registrant's Audit Committee has considered that the provision of non-audit services that were rendered to the registrant's adviser (not including any sub-adviser whose role is primarily portfolio management and is subcontracted with or overseen by another investment adviser), and any entity controlling, controlled by, or under common control with the investment adviser that provides ongoing services to the registrant that were not pre-approved pursuant to paragraph (c)(7)(ii) of Rule 2-01 of Regulation S-X is compatible with maintaining the principal accountant's independence.

Item 5. Audit Committee of Listed Registrants

The registrant has established an Audit Committee of the Board as described in Section 3(a)(58)(A) of the Securities Exchange Act of 1934. The Audit Committee consists of the following Board members: Nicholas P. Constantakis, Charles F. Mansfield, Jr., Thomas M. O'Neill and John S. Walsh.

Item 7. Disclosure of Proxy Voting Policies and Procedures for Closed-End Management Investment Companies

VOTING PROXIES ON FUND PORTFOLIO SECURITIES

The Board has delegated to the Adviser authority to vote proxies on the securities held in the Fund's portfolio. The Board has also approved the Adviser's policies and procedures for voting the proxies, which are described below.

Proxy Voting Policies

The Adviser's general policy is to cast proxy votes in favor of proposals that the Adviser anticipates will enhance the long-term value of the securities being voted. Generally, this will mean voting for proposals that the Adviser believes will: improve the management of a company; increase the rights or preferences of the voted securities; and/or increase the chance that a premium offer would be made for the company or for the voted securities.

The following examples illustrate how these general policies may apply to proposals submitted by a company's board of directors. However, whether the Adviser supports or opposes a proposal will always depend on the specific circumstances described in the proxy statement and other available information.

On matters of corporate governance, generally the Adviser will vote for the full slate of directors nominated in an uncontested election; and for proposals to: require a company's audit committee to be comprised entirely of independent directors; require independent tabulation of proxies and/or confidential voting by shareholders; reorganize in another jurisdiction (unless it would reduce the rights or preferences of the securities being voted); ratify the board's selection of auditors (unless compensation for non-audit services exceeded 50% of the total compensation received from the company, or the previous auditor was dismissed because of a disagreement with the company); and

repeal a shareholder rights plan (also known as a “poison pill”). The Adviser will generally vote against the adoption of such a plan (unless the plan is designed to facilitate, rather than prevent, unsolicited offers for the company).

On matters of capital structure, generally the Adviser will vote: against proposals to authorize or issue shares that are senior in priority or voting rights to the securities being voted; and for proposals to: reduce the amount of shares authorized for issuance; authorize a stock repurchase program; and grant preemptive rights to the securities being voted. The Adviser will generally vote against proposals to eliminate such preemptive rights.

On matters relating to management compensation, generally the Adviser will vote: for stock incentive plans that align the recipients’ interests with the interests of shareholders without creating undue dilution; against proposals that would permit the amendment or replacement of outstanding stock incentives with new stock incentives having more favorable terms; and against executive compensation plans that do not disclose the maximum amounts of compensation that may be awarded or the criteria for determining awards.

On matters relating to corporate transactions, the Adviser will vote proxies relating to proposed mergers, capital reorganizations, and similar transactions in accordance with the general policy, based upon its analysis of the proposed transaction. The Adviser will vote proxies in contested elections of directors in accordance with the general policy, based upon its analysis of the opposing slates and their respective proposed business strategies. Some transactions may also involve proposed changes to the company’s corporate governance, capital structure or management compensation. The Adviser will vote on such changes based on its evaluation of the proposed transaction or contested election. In these circumstances, the Adviser may vote in a manner contrary to the general practice for similar proposals made outside the context of such a proposed transaction or change in the board. For example, if the Adviser decides to vote against a proposed transaction, it may vote for anti-takeover measures reasonably designed to prevent the transaction, even though the Adviser typically votes against such measures in other contexts.

The Adviser generally votes against proposals submitted by shareholders without the favorable recommendation of a company’s board. The Adviser believes that a company’s board should manage its business and policies, and that shareholders who seek specific changes should strive to convince the board of their merits or seek direct representation on the board.

In addition, the Adviser will not vote if it determines that the consequences or costs outweigh the potential benefit of voting. For example, if a foreign market requires shareholders casting proxies to retain the voted shares until the meeting date (thereby rendering the shares “illiquid” for some period of time), the Adviser will not vote proxies for such shares.

Proxy Voting Procedures

The Adviser has established a Proxy Voting Committee (Proxy Committee), to exercise all voting discretion granted to the Adviser by the Board in accordance with the proxy voting policies. The Adviser has hired Glass Lewis & Co. (GL) to obtain, vote, and record proxies in accordance with the Proxy Committee’s directions. The Proxy Committee has supplied GL with general voting instructions that represent decisions made by the Proxy Committee in order to vote common proxy proposals; however, the Proxy Committee retains the right to modify these voting instructions at any time or to vote contrary to the voting instructions at any time in order to cast proxy votes in a manner that the Proxy Committee believes is consistent with the Adviser’s general policy. GL may vote any proxy as directed in the voting instructions without further direction from the Proxy Committee and may make any determinations required to implement the voting instructions. However, if the voting instructions require case-by-case direction for a proposal, GL shall provide the Proxy Committee with all information that it has obtained regarding the proposal and the Proxy Committee will provide specific direction to GL.

Conflicts of Interest

The Adviser has adopted procedures to address situations where a matter on which a proxy is sought may present a potential conflict between the interests of the Fund (and its shareholders) and those of the Adviser or Distributor. This

may occur where a significant business relationship exists between the Adviser (or its affiliates) and a company involved with a proxy vote. A company that is a proponent, opponent, or the subject of a proxy vote, and which to the knowledge of the Proxy Committee has this type of significant business relationship, is referred to as an "Interested Company."

The Adviser has implemented the following procedures in order to avoid concerns that the conflicting interests of the Adviser have influenced proxy votes. Any employee of the Adviser who is contacted by an Interested Company regarding proxies to be voted by the Adviser must refer the Interested Company to a member of the Proxy Committee, and must inform the Interested Company that the Proxy Committee has exclusive authority to determine how the Adviser will vote. Any Proxy Committee member contacted by an Interested Company must report it to the full Proxy Committee and provide a written summary of the communication. Under no circumstances will the Proxy Committee or any member of the Proxy Committee make a commitment to an Interested Company regarding the voting of proxies or disclose to an Interested Company how the Proxy Committee has directed such proxies to be voted. If the voting instructions already provide specific direction on the proposal in question, the Proxy Committee shall not alter or amend such directions. If the voting instructions require the Proxy Committee to provide further direction, the Proxy Committee shall do so in accordance with the proxy voting policies, without regard for the interests of the Adviser with respect to the Interested Company. If the Proxy Committee provides any direction as to the voting of proxies relating to a proposal affecting an Interested Company, it must disclose to the Fund's Board information regarding: the significant business relationship; any material communication with the Interested Company; the matter(s) voted on; and how, and why, the Adviser voted as it did. Alternatively, the Proxy Committee may seek direction from the Fund's Board on how a proposal concerning an Interested Company shall be voted, and shall follow any such direction provided by the Board. In seeking such direction, the Proxy Committee will disclose the reason such company is considered an Interested Company and may provide a recommendation on how such proposal should be voted and the basis for such recommendation.

If the Fund holds shares of another investment company for which the Adviser (or an affiliate) acts as an investment adviser, the Proxy Committee will vote the Fund's proxies in the same proportion as the votes cast by shareholders who are not clients of the Adviser at any shareholders' meeting called by such investment company, unless otherwise directed by the Board.

Item 8. Portfolio Managers of Closed-End Management Investment Companies

As of the date of filing of the report, the Portfolio Managers listed below are jointly and primarily responsible for managing the Fund's assets.

Lee R. Cunningham II

Lee R. Cunningham II has been a Portfolio Manager of the Fund since the fund's inception in December 2002. Mr. Cunningham joined Federated in 1995 as an Investment Analyst, became a Portfolio Manager in 1998 and a Senior Portfolio Manager in 2007. He was named an Assistant Vice President of the Fund's Adviser in January 1998 and

became a Vice President of the Fund's Adviser in July 2000. From 1986 through 1994, Mr. Cunningham was a Project Engineer with Pennsylvania Power and Light Company. Mr. Cunningham received his M.B.A. with concentrations in Finance and Operations from the University of Pittsburgh.

Portfolio Manager Information

The following information about the Fund's portfolio manager is provided as of the end of the fund's most recently completed fiscal year.

Other Accounts Managed by Lee Cunningham	Total Number of Other Accounts Managed / Total Assets*
Registered Investment Companies	3 / \$772 Million
Other Pooled Investment Vehicles	0 / \$0
Other Accounts	0 / \$0

* None of the Accounts has an advisory fee that is based on the performance of the account.

Dollar value range of shares owned in the Fund: none

Lee Cunningham is paid a fixed base salary and a variable annual incentive. Base salary is determined within a market competitive position-specific salary range, based on the portfolio manager's experience and performance. The annual incentive amount is determined based primarily on Investment Product Performance (IPP) and, to a lesser extent, Financial Success, and may be paid entirely in cash, or in a combination of cash and restricted stock of Federated Investors, Inc. (Federated). The total combined annual incentive opportunity is intended to be competitive in the market for this portfolio manager role.

IPP is calculated based on a mix of rolling 1-, 3- and 5- year total returns and income performance relative to peers and benchmark (i.e. S&P Investortools, custom 70% A & up / 20% BBB / 10% HY / 3yr+ / Non AMT). Total return receives greater weighting in calculating the IPP compared to income. The weighting on total return is higher than the income weighting for the trailing 1 and 3 year periods. The weighting on income is higher for the 5 year period. Going forward, the weighting on income will continue to decline, reflecting the group's emphasis on total return. Performance periods are adjusted if a portfolio manager has been managing an account for less than five years; accounts with less than one-year of performance history under a portfolio manager may be excluded. As noted above, Lee Cunningham is also the portfolio manager for other accounts in addition to the Fund. Such other accounts may have different benchmarks. Within each performance measurement period, IPP is calculated with an equal weighting of each included account managed by the portfolio manager. In this regard, any account for which the total return target is not met with respect to a 3 or 5 year period will receive a score of zero for that period. Additionally, a portion of Mr. Cunningham's IPP score is based on the performance for which he provides research and analytic support. A portion of the bonus tied to the IPP score may be adjusted based on management's assessment of overall contributions to fund performance and any other factors as deemed relevant.

The Financial Success category is designed to tie the portfolio manager's bonus, in part, to Federated's overall financial results. Funding for the Financial Success category maybe determined on a product or asset class basis, as well as on corporate financial results. Senior Management determines individual Financial Success bonuses on a discretionary basis, considering overall contributions and any other factors deemed relevant.

In addition, Lee Cunningham was awarded a grant of restricted Federated stock. Awards of restricted stock are discretionary and are made in variable amounts based on the subjective judgment of Federated's senior management.

As a general matter, certain conflicts of interest may arise in connection with a portfolio manager's management of a fund's investments, on the one hand, and the investments of other accounts for which the portfolio manager is

responsible, on the other. For example, it is possible that the various accounts managed could have different investment strategies that, at times, might conflict with one another to the possible detriment of the Fund. Alternatively, to the extent that the same investment opportunities might be desirable for more than one account, possible conflicts could arise in determining how to allocate them. Other potential conflicts might include conflicts created by specific portfolio manager compensation arrangements, and conflicts relating to selection of brokers or dealers to execute fund portfolio trades and/or specific uses of commissions from Fund portfolio trades (for example, research, or “soft dollars”). The Adviser has adopted policies and procedures and has structured the portfolio managers’ compensation in a manner reasonably designed to safeguard the Fund from being negatively affected as a result of any such potential conflicts.

R.J. Gallo

R.J. Gallo has been the Fund’s Portfolio Manager since the fund’s inception in December 2002. Mr. Gallo was named Head of Municipal Bond Investment Group in 2010. Mr. Gallo joined Federated in 2000 as an Investment Analyst, he became a portfolio manager in 2002 and a Senior Portfolio Manager in 2005. He became a Vice President of the Fund’s Adviser in January 2005 and served as Assistant Vice President of the Fund’s Adviser from January 2002 through 2004. From 1996 to 2000, Mr. Gallo was a Financial Analyst and Trader at the Federal Reserve Bank of New York. Mr. Gallo has received the Chartered Financial Analyst designation. Mr. Gallo received a Master’s in Public Affairs with a concentration in Economics and Public Policy from Princeton University.
