EXHIBIT 99

IONICS REPORTS 2003 RESULTS FOR THE FOURTH QUARTER AND THE YEAR

WATERTOWN, MA, March 16, 2004 . . . Ionics, Incorporated (NYSE-ION) today reported financial results for the quarter and for the year ended December 31, 2003. For the quarter, revenues of \$89.0 million were up from \$84.1 million for the fourth quarter of 2002. The net loss for the quarter was \$18.4 million, compared to net income of \$1.7 million for the fourth quarter of 2002, and the loss per share was \$1.03 for the quarter, compared to earnings per share of \$0.10 for the fourth quarter of 2002.

Revenues for the year were \$347.4 million compared to \$318.9 million in 2002. The net loss for the year was \$44.8 million, or \$2.53 per share, compared to net income of \$4.8 million, or \$0.27 per share, in 2002. Ending backlog on December 31, 2003 was \$330.0 million, compared to \$377.2 million at the end of 2002.

The results for the quarter included \$2.1 million of restructuring and impairment of long-lived asset charges, primarily related to the Company's ongoing restructuring program, as well as a \$5.4 million pension curtailment charge related to the decision to cease the accrual of future benefits under the Company's defined benefit plan. Other charges in the quarter include \$1.8

Edgar Filing: IONICS INC - Form 8-K

million in inventory and other charges primarily related to the restructuring program, \$1.4 million in process reengineering expense related to the Company's implementation of new software, \$1.8 million in bad debt expense, and a \$4.2 million equity loss related to the Company's Toray Membrane America, Inc. ("TMA") affiliate (of which the Company holds a 43% equity interest). The TMA equity loss was primarily related to an asset impairment charge recorded by TMA in the quarter.

Due to the decision to divest the Company's Elite Consumer Products business, which was sold on January 31, 2004, the results for that business have been reflected as discontinued operations. Also included in discontinued operations are the results for the European POU business, which the Company plans to divest. Discontinued operations amounted to a tax-effected loss of \$3.6 million for the quarter.

Ionics will host a conference call today, Tuesday, March 16, 2004 at 2:00PM, EST to discuss its fourth quarter and year-end financial results. This conference call will be accessible on the Company's website at <http://www.shareholder.com/ion/medialist.cfm>. A recorded replay of the conference call will also be accessible on our website for a one-week period. In addition, this press release will also be accessible on our website promptly following its issuance.

About Ionics, Inc.

Ionics is a global leader in water purification and wastewater treatment. The Company has over 50 years of experience in the design, installation, operation and maintenance of water and wastewater treatment systems and is a leading provider of emergency and long-term water treatment services. More membrane-based desalination systems have been designed and built by Ionics than any other supplier worldwide. Ionics is also a leader in supplying zero-liquid-discharge systems, in providing ultrapure water systems for the power and microelectronics industries, and in the measurement and analysis of water impurities. The Company also supplies Point-of-Use and Point-of-Entry water treatment systems for commercial and residential applications. For more information, visit www.ionics.com.

Safe-harbor statement under the Private Securities Litigation Reform Act of 1995: Forward-looking statements in this news release involve risk and uncertainty. The statements contained in this release which are not historical facts are forward-looking statements. These forward-looking statements are based on management's current views and assumptions and are neither promises nor guarantees but are subject to risks, uncertainties and other factors that could cause actual results to differ materially from management's current expectations as described in such forward-looking statements, including overall economic and business conditions; competitive factors, such as acceptance of new products, pricing pressures and competition from competitors larger than the Company; risks of nonpayment of accounts receivable, including those from affiliated companies; risks associated with foreign operations; risks associated with the Company's recently announced restructuring program; technological and product development risks; availability of manufacturing capacity; and other factors described in the Company's filings with the Securities and Exchange Commission,
