NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

March 31, 2016

(Unaudited)

Note 1 – Organization and Summary of Significant Accounting Policies:

Organization and Nature of Business – National Retail Properties, Inc., a Maryland corporation, is a fully integrated real estate investment trust (“REIT”) formed in 1984. The terms “NNN” and the “Company” refer to National Retail Properties, Inc. and all of its consolidated subsidiaries.

NNN may elect to treat certain subsidiaries as taxable REIT subsidiaries. These taxable subsidiaries and their majority owned and controlled subsidiaries are collectively referred to as the “TRS.” At the close of business on December 31, 2015, NNN elected to revoke its election to classify the TRS as taxable REIT subsidiaries (“TRS Revocation”).

NNN's assets include: real estate, mortgages and notes receivable, and commercial mortgage residual interests. NNN acquires, owns, invests in and develops properties that are leased primarily to retail tenants under long-term net leases and primarily held for investment (“Properties”, “Property Portfolio”, or individually a “Property”).

March 31,
2016

Property Portfolio:

Total properties	2,293
Gross leasable area (square feet)	25,401,000

Weighted average remaining lease term (years) 11.3

The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with the instructions to Form 10-Q and do not include all of the information and note disclosures required by U.S. generally accepted accounting principles (“GAAP”). The unaudited condensed consolidated financial statements reflect all adjustments (including normal recurring accruals) which are, in the opinion of management, necessary for a fair presentation of the results for the interim periods presented. Operating results for the quarter ended March 31, 2016, may not be indicative of the results that may be expected for the year ending December 31, 2016. Amounts as of December 31, 2015, included in the condensed consolidated financial statements have been derived from the audited consolidated financial statements as of that date. The unaudited condensed consolidated financial statements, included herein, should be read in conjunction with the consolidated financial statements and notes thereto as well as Management's Discussion and Analysis of Financial Condition and Results of Operations in NNN's Form 10-K for the year ended December 31, 2015.

Principles of Consolidation – NNN's condensed consolidated financial statements include the accounts of each of the Company's respective majority owned and controlled affiliates, including transactions whereby NNN has been determined to be the primary beneficiary in accordance with the Financial Accounting Standards Board (“FASB”) guidance included in Consolidation. All significant intercompany account balances and transactions have been eliminated.

Real Estate Portfolio – NNN records the acquisition of real estate which is not subject to a lease at cost, including acquisition and closing costs. The cost of properties developed by NNN includes direct and indirect costs of construction, property taxes, interest and other miscellaneous costs incurred during the development period until the project is substantially complete and available for occupancy. During the quarters ended March 31, 2016 and 2015, NNN recorded \$511,000 and \$390,000 respectively, in capitalized interest during the development period.

Purchase Accounting for Acquisition of Real Estate Subject to a Lease – In accordance with the FASB guidance on business combinations, the fair value of the real estate acquired with in-place leases is allocated to the acquired tangible assets, consisting of land, building and tenant improvements, and identified intangible assets and liabilities, consisting of the value of above-market and below-market leases and the value of in-place leases, based on their respective fair values. Acquisition costs incurred in connection with a business combination are expensed when

incurred.

The fair value of the tangible assets of an acquired leased property is determined by valuing the property as if it were vacant, and the "as-if-vacant" value is then allocated to land, building and tenant improvements based on the determination of their fair values.

In allocating the fair value of the identified intangible assets and liabilities of an acquired property, above-market and below-market in-place lease values are recorded as other assets or liabilities based on the present value (using an interest rate which

reflects the risks associated with the leases acquired) of the difference between (i) the contractual amounts to be paid pursuant to the in-place leases, and (ii) management's estimate of fair market lease rates for the corresponding in-place leases, measured over a period equal to the remaining term of the lease and the applicable option terms if it is probable that the tenant will exercise the option. The capitalized above-market lease values are amortized as a reduction of rental income over the remaining terms of the respective leases. The capitalized below-market lease values are amortized as an increase to rental income over the initial term unless the Company believes that it is likely that the tenant will renew the lease for an option term whereby the Company amortizes the value attributable to the renewal over the renewal period.

The aggregate value of other acquired intangible assets, consisting of in-place leases, is measured by the excess of (i) the purchase price paid for a property after adjusting existing in-place leases to market rental rates over (ii) the estimated fair value of the property as-if-vacant, determined as set forth above. The value of in-place leases exclusive of the value of above-market and below-market in-place leases is amortized to expense over the remaining non-cancelable periods of the respective leases. If a lease were to be terminated prior to its stated expiration, all unamortized amounts relating to that lease would be written off. The value of tenant relationships is reviewed on individual transactions to determine if future value was derived from the acquisition.

Intangible assets and liabilities consisted of the following as of (dollars in thousands):

	March 31, 2016	December 31, 2015
Intangible lease assets (included in Other assets):		
Value of above market in-place leases, net	\$ 10,619	\$ 10,883
Value of in-place leases, net	60,530	61,359
Intangible lease liabilities (included in Other liabilities):		
Value of below market in-place leases, net	24,538	25,767

Cash and Cash Equivalents – NNN considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents. Cash equivalents consist of demand deposits and money market accounts and are stated at cost plus accrued interest, which approximates fair value.

Cash accounts maintained on behalf of NNN in demand deposits at commercial banks and money market funds may exceed federally insured levels or may be held in accounts without any federal insurance or any other insurance or guarantee. However, NNN has not experienced any losses in such accounts.

Restricted Cash and Cash Held in Escrow – Restricted cash and cash held in escrow include (i) cash proceeds from the sale of assets held by qualified intermediaries in anticipation of the acquisition of replacement properties in tax-free exchanges under Section 1031 of the Internal Revenue Code, (ii) cash that has been placed in escrow for the future funding of construction commitments, or (iii) cash that is not immediately available to NNN. As of March 31, 2016 and December 31, 2015, NNN held \$43,136,000 and \$601,000, respectively, in escrow and other restricted accounts. Valuation of Receivables – NNN estimates the collectability of its accounts receivable related to rents, expense reimbursements and other revenues. NNN analyzes accounts receivable and historical bad debt levels, tenant credit-worthiness and current economic trends when evaluating the adequacy of the allowance for doubtful accounts. In addition, tenants in bankruptcy are analyzed and estimates are made in connection with the expected recovery of pre-petition and post-petition claims.

Debt Costs – In April 2015, the FASB issued Accounting Standards Update ("ASU") 2015-03, "Interest – Imputation of Interest (Subtopic 835-30)." To simplify presentation of debt issuance costs, the amendments in this update require that debt issuance costs related to a recognized debt liability be presented in the balance sheet as a direct deduction from the carrying amount of that debt liability, consistent with debt discounts. NNN adopted ASU 2015-03 in 2015. Debt Costs – Line of Credit Payable – Debt costs incurred in connection with NNN's \$650,000,000 line of credit have been deferred and are being amortized over the term of the loan commitment using the straight-line method, which approximates the effective interest method. In accordance with ASU 2015-15, "Presentation and Subsequent Measurement of Debt Issuance Costs Associated With Line-of-Credit Arrangements," NNN has recorded debt costs associated with the line of credit as an asset, in Debt Costs on the Consolidated Balance Sheets.

Debt Costs – Mortgages Payable – Debt costs incurred in connection with NNN’s mortgages payable have been deferred and are being amortized over the term of the respective loan commitment using the straight-line method, which approximates the effective interest method. These costs of \$226,000 at March 31, 2016 and December 31, 2015, are included in Mortgages Payable on the Consolidated Balance Sheets net of accumulated amortization of \$103,000 and \$93,000, respectively.

Debt Costs – Notes Payable – Debt costs incurred in connection with the issuance of NNN’s notes payable have been deferred and are being amortized to interest expense over the term of the respective debt obligation using the effective interest method. These costs of \$17,782,000 at March 31, 2016 and December 31, 2015, are included in Notes Payable on the Consolidated Balance Sheets net of accumulated amortization of \$5,109,000 and \$4,704,000, respectively.

Earnings Per Share – Earnings per share have been computed pursuant to the FASB guidance included in Earnings Per Share. The guidance requires classification of the Company’s unvested restricted share units, which carry rights to receive nonforfeitable dividends, as participating securities requiring the two-class method of computing earnings per share. Under the two-class method, earnings per common share are computed by dividing the sum of distributed earnings to common stockholders and undistributed earnings allocated to common stockholders by the weighted average number of common shares outstanding for the period. In applying the two-class method, undistributed earnings are allocated to both common shares and participating securities based on the weighted average shares outstanding during the period.

The following table is a reconciliation of the numerator and denominator used in the computation of basic and diluted earnings per common share using the two-class method (dollars in thousands):

	Quarter Ended March 31,	
	2016	2015
Basic and Diluted Earnings:		
Net earnings attributable to NNN	\$ 70,683	\$ 53,978
Less: Series D preferred stock dividends	(4,762)	(4,762)
Less: Series E preferred stock dividends	(4,097)	(4,097)
Net earnings available to NNN’s common stockholders	61,824	45,119
Less: Earnings allocated to unvested restricted shares	(151)	(163)
Net earnings used in basic and diluted earnings per share	\$ 61,673	\$ 44,956

Basic and Diluted Weighted Average Shares Outstanding:

Weighted average number of shares outstanding	141,577,504	142,453,638
Less: Unvested restricted stock	(343,466)	(388,331)
Less: Unvested contingent shares	(393,667)	(400,049)
Weighted average number of shares outstanding used in basic earnings per share	140,840,371	141,665,258
Other dilutive securities	485,632	444,707
Weighted average number of shares outstanding used in diluted earnings per share	141,326,003	142,109,965

Fair Value Measurement – NNN’s estimates of fair value of financial and non-financial assets and liabilities are based on the framework established in the fair value accounting guidance. The framework specifies a hierarchy of valuation inputs which was established to increase consistency, clarity and comparability in fair value measurements and related disclosures. The guidance describes a fair value hierarchy based upon three levels of inputs that may be used to measure fair value, two of which are considered observable and one that is considered unobservable. The following describes the three levels:

Level 1 – Valuation is based upon quoted prices in active markets for identical assets or liabilities.

Level 2 – Valuation is based upon inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 – Valuation is generated from model-based techniques that use at least one significant assumption not observable in the market. These unobservable assumptions reflect estimates of assumptions that market participants would use in pricing the asset or liability. Valuation techniques include option pricing models, discounted cash flow models and similar techniques.

Accumulated Other Comprehensive Income (Loss) – The following table outlines the changes in accumulated other comprehensive income (loss) (dollars in thousands):

	Gains or Losses on Cash Flow Hedges ⁽¹⁾	Gains and Losses on Commercial Mortgage Residual Interests ⁽²⁾	Gains and Losses on Available-for-Sale Securities	Total
Beginning balance, December 31, 2015	\$(25,046)	\$ 4,454	\$ 240	\$(20,352)
Other comprehensive income (loss)	—	(234)	174	(60)
Reclassifications from accumulated other comprehensive income to net earnings	695 ⁽³⁾	59 ⁽⁴⁾	—	754
Net current period other comprehensive income (loss)	695	(175)	174	694
Ending balance, March 31, 2016	\$(24,351)	\$ 4,279	\$ 414	\$(19,658)

⁽¹⁾ Additional disclosure is included in Note 6 – Derivatives.

⁽²⁾ Additional disclosure is included in Note 7 – Fair Value Measurements.

⁽³⁾ Reclassifications out of other comprehensive income (loss) are recorded in Interest Expense on the Condensed Consolidated Statements of Income and Comprehensive Income. There is no income tax expense (benefit) resulting from this reclassification.

⁽⁴⁾ Reclassifications out of other comprehensive income are recorded in Impairment on the Condensed Consolidated Statements of Income and Comprehensive Income. There is no income tax expense (benefit) resulting from this reclassification.

New Accounting Pronouncements – In May 2014, the FASB issued ASU 2014-09, “Revenue from Contracts with Customers (Topic 606),” effective for annual reporting periods beginning after December 15, 2017, including interim periods within that reporting period. The core principle of ASU 2014-09, is that an entity should recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. Certain contracts are excluded from ASU 2014-09, including lease contracts within the scope of the FASB guidance included in Leases. In March 2016, the FASB issued ASU 2016-08 as an update to ASU 2014-09. ASU 2016-08, "Revenue from Contracts with customers (Topic 606) - Principal versus Agent Considerations (Reporting Gross Versus Net)," clarifies the implementation guidance on principal versus agent considerations included within the scope of ASU 2014-09. NNN is currently evaluating to determine the potential impact, if any, the adoption of ASU 2014-09 and ASU 2016-08 will have on its financial position and results of operations.

In August 2014, the FASB issued ASU 2014-15, "Presentation of Financial Statements – Going Concern (Subtopic 205-40)," effective for the annual period ending after December 15, 2016, and for annual periods and interim periods thereafter. Early application is permitted. The amendments in this update provide guidance in GAAP about management's responsibility to evaluate whether there is substantial doubt about an entity's ability to continue as a going concern and to provide related footnote disclosures. The adoption of ASU 2014-15 will not have an impact on NNN's footnote disclosures.

In January 2016, the FASB issued ASU 2016-01, "Financial Instruments - Overall (Subtopic 825-10) - Recognition and Measurement of Financial Assets and Financial Liabilities," effective for fiscal years beginning after December 15, 2017, including interim periods within those fiscal years. The amendments in this update address certain aspects of recognition, measurement, presentation, and disclosure of financial instruments. NNN is currently evaluating to determine the potential impact, if any, the adoption of ASU 2016-01 will have on NNN's financial position or results of operations.

In February 2016, the FASB issued ASU 2016-02, "Leases (Topic 842)," effective for fiscal years beginning after December 15, 2018, including interim periods within those fiscal years. The FASB issued final guidance that requires lessees to put most leases on their balance sheets but recognize expenses in the income statement in a manner similar

to today's accounting. The guidance also eliminates today's real estate-specific provisions and changes the guidance on sale-leaseback transactions, initial direct costs and lease executory costs for all entities. For lessors, the standard modifies the classification criteria and the accounting for sales-type and direct financing leases. NNN is currently evaluating to determine the potential impact, if any, the adoption of ASU 2016-02 will have on NNN's financial position or results of operations.

In March 2016, the FASB issued ASU 2016-06, "Derivatives and Hedging (Topic 815): Contingent Put and Call Options in Debt Instruments." The update is effective for financial statements issued for fiscal years beginning after December 15, 2016, and interim periods within those fiscal years. The update clarifies the requirements for assessing whether contingent call (put) options that can accelerate the payment of principal on debt instruments are clearly and closely related to their debt hosts. NNN is currently evaluating to determine the potential impact, if any, the adoption of ASU 2016-06 will have on NNN's financial position or results of operations.

In March 2016, the FASB issued ASU 2016-09, "Compensation - Stock Compensation (Topic 718)," effective for annual periods beginning after December 15, 2016, and interim periods within those annual periods. The areas for simplification in this update involve several aspects of the accounting for share-based payment transactions, including the income tax consequences, classification of awards as either equity or liabilities, and classification on the statement of cash flows. NNN is currently evaluating to determine the potential impact, if any, the adoption of ASU 2016-09 will have on NNN's financial position or results of operations.

Use of Estimates – Management of NNN has made a number of estimates and assumptions relating to the reporting of assets and liabilities, revenues and expenses and the disclosure of contingent assets and liabilities to prepare these condensed consolidated financial statements in conformity with GAAP. Significant estimates include provisions for impairment and allowances for certain assets, accruals, useful lives of assets and purchase price allocation. Actual results could differ from those estimates.

Reclassification – Certain items in the prior year's consolidated financial statements and notes to consolidated financial statements have been reclassified to conform to the 2016 presentation.

Note 2 – Real Estate:

Real Estate – Portfolio

Leases – The following outlines key information for NNN's leases:

	March 31, 2016
Lease classification:	
Operating	2,330
Direct financing	10
Building portion – direct financing/land portion – operating	2
Weighted average remaining lease term (years)	11.3

The leases generally provide for limited increases in rent as a result of fixed increases, increases in the consumer price index, and/or increases in the tenant's sales volume. Generally, the tenant is also required to pay all property taxes and assessments, substantially maintain the Property and carry property and liability insurance coverage. Certain of the Properties are subject to leases under which NNN retains responsibility for specific costs and expenses of the Property. Generally, the leases provide the tenant with one or more multi-year renewal options subject to generally the same terms and conditions of the base term of the lease, including rent increases.

Real Estate Portfolio – Accounted for Using the Operating Method – Real estate subject to operating leases consisted of the following as of (dollars in thousands):

	March 31, 2016	December 31, 2015
Land and improvements	\$1,944,175	\$1,922,579
Buildings and improvements	4,020,538	3,891,239
Leasehold interests	4,565	1,290
	5,969,278	5,815,108
Less accumulated depreciation and amortization	(650,377)	(620,188)
	5,318,901	5,194,920
Work in progress	24,532	61,354
	\$5,343,433	\$5,256,274

Real Estate – Held For Sale

On a quarterly basis, the Company evaluates its Properties for held for sale classification based on specific criteria as outlined in ASC 360, Property, Plant & Equipment, including management's intent to commit to sell the asset. As of March 31, 2016, NNN had one Property categorized as held for sale. NNN anticipates the disposition of this Property to occur within 12 months. NNN's real estate held for sale at December 31, 2015, included six properties, five of which were sold in the first quarter of 2016. Real estate held for sale consisted of the following as of (dollars in thousands):

	March 31, December 31,	
	2016	2015
Land and improvements	\$ 627	\$ 9,419
Building and improvements	—	27,881
	627	37,300
Less accumulated depreciation and amortization	—	(4,419)
Less impairment	—	(215)
	\$ 627	\$ 32,666

Real Estate – Dispositions

The following table summarizes the number of Properties sold and the corresponding gain recognized on the disposition of Properties (dollars in thousands):

	Quarter Ended March 31,			
	2016		2015	
	# of Sold Properties	Gain	# of Sold Properties	Gain
Gain on disposition of real estate	10	\$ 16,875	6	\$ 7,230
Income tax expense		—		(30)
		\$ 16,875		\$ 7,200

Real Estate – Commitments

NNN has agreed to fund construction commitments on leased Properties. The improvements are estimated to be completed within 12 months. These construction commitments, as of March 31, 2016, are outlined in the table below (dollars in thousands):

Number of properties	19
Total commitment ⁽¹⁾	\$63,465
Amount funded	\$40,147
Remaining commitment	\$23,318

⁽¹⁾ Includes land, construction costs, tenant improvements and lease costs.

Real Estate – Impairments

Management periodically assesses its real estate for possible impairment whenever certain events or changes in circumstances indicate that the carrying amount of the asset, including accrued rental income, may not be recoverable through operations. Events or circumstances that may occur include significant changes in real estate market conditions and the ability of NNN to re-lease or sell properties that are vacant or become vacant in a reasonable period of time. Impairments are measured as the amount by which the current book value of the asset exceeds the estimated fair value of the asset. As a result of the Company's review of long lived assets, including identifiable intangible assets, NNN recognized real estate impairments, net of recoveries of \$572,000 and \$1,028,000 for the quarters ended March 31, 2016 and 2015, respectively.

The valuation of impaired assets is determined using widely accepted valuation techniques including discounted cash flow analysis, income capitalization, analysis of recent comparable sales transactions, actual sales negotiations and bona fide purchase offers received from third parties, which are Level 3 inputs. NNN may consider a single valuation technique or multiple valuation techniques, as appropriate, when estimating the fair value of its real estate.

Note 3 – Line of Credit Payable:

NNN's \$650,000,000 revolving credit facility (the "Credit Facility") had a weighted average outstanding balance of \$2,252,000 and a weighted average interest rate of 1.4% during the quarter ended March 31 2016. The Credit Facility matures January 2019, unless the Company exercises its option to extend maturity to January 2020. The Credit Facility bears interest at LIBOR plus 92.5 basis points; however, such interest rate may change pursuant to a tiered interest rate structure based on NNN's debt rating. The Credit Facility also includes an accordion feature to increase the facility size up to \$1,000,000,000, subject to lender approval. As of March 31, 2016, there was no outstanding balance and \$650,000,000 was available for future borrowings under the Credit Facility.

Note 4 – Stockholders' Equity:

In February 2015, NNN filed a shelf registration statement with the Securities and Exchange Commission (the "Commission") which permits the issuance by NNN of an indeterminate amount of debt and equity securities. Dividend Reinvestment and Stock Repurchase Plan – In February 2015, NNN filed a shelf registration statement with the Commission for its Dividend Reinvestment and Stock Purchase Plan ("DRIP") which permits the issuance by NNN of up to 16,000,000 shares of common stock. The following table outlines the common stock issuances pursuant to NNN's DRIP (dollars in thousands):

	Quarter Ended	
	March 31,	
	2016	2015
Shares of common stock	134,150	31,854
Net proceeds	\$5,892	\$1,142

At-The-Market Offerings – NNN has established an at-the-market equity program ("ATM") which allows NNN to sell shares of common stock from time to time. The following outlines NNN's ATM programs:

	2016 ATM	2015 ATM	2013 ATM
Established date	March 2016	February 2015	March 2013
Termination date	March 2019	March 2016	February 2015
Total allowable shares	12,000,000	10,000,000	9,000,000
Total shares issued as of March 31, 2016	372,328	9,852,465	6,252,812

The following table outlines the common stock issuances pursuant to NNN's ATM equity programs (dollars in thousands, except per share data):

	Quarter Ended	
	March 31,	
	2016	2015
Shares of common stock	1,865,260	1,191,973
Average price per share (net)	\$44.00	\$39.90
Net proceeds	\$82,076	\$47,556
Stock issuance costs ⁽¹⁾	\$1,429	\$842

⁽¹⁾ Stock issuance costs consist primarily of underwriters' fees and commissions, and legal and accounting fees.

Dividends – The following table outlines the dividends declared and paid for each issuance of NNN's stock (dollars in thousands, except per share data):

	Quarter Ended	
	March 31,	
	2016	2015
Series D preferred stock ⁽¹⁾ :		
Dividends	\$4,762	\$ 4,762
Per depositary share	0.414063	0.414063
Series E preferred stock ⁽¹⁾ :		
Dividends	4,097	4,097
Per depositary share	0.356250	0.356250

Common stock:

Dividends	61,151	55,314
Per share	0.435	0.420

⁽¹⁾ The Series D and E preferred stock have no maturity date and will remain outstanding unless redeemed. The earliest redemption date for the Series D and Series E preferred stock is February 2017 and May 2018, respectively. In April 2016, NNN declared a dividend of \$0.435 per share, which is payable in May 2016 to its common stockholders of record as of April 29, 2016.

Note 5 – Income Taxes:

NNN has elected to be taxed as a REIT under the Internal Revenue Code (“Code”), commencing with its taxable year ended December 31, 1984. To qualify as a REIT, NNN must meet a number of organizational and operational requirements, including a requirement that it currently distribute at least 90% of its REIT taxable income to its stockholders. NNN intends to adhere to these requirements and maintain its REIT status. As a REIT, NNN generally will not be subject to corporate level federal income tax on taxable income that it distributes currently to its stockholders. NNN may be subject to certain state and local taxes on its income and property, and to federal income and excise taxes on its undistributed taxable income, if any. The provision for federal income taxes in NNN's consolidated financial statements relates to its TRS operations and any potential taxable built-in gain. NNN did not have significant tax provisions or deferred income tax items during the periods reported hereunder.

At the close of business on December 31, 2015, NNN elected to revoke its election to classify the TRS as taxable REIT subsidiaries.

NNN, in accordance with FASB guidance included in Income Taxes, has analyzed its various federal and state tax filing positions. NNN believes that its income tax filing positions and deductions are well documented and supported. Additionally, NNN believes that its accruals for tax liabilities are adequate. Therefore, no reserves for uncertain income tax positions have been recorded pursuant to the FASB guidance.

NNN has had no increases or decreases in unrecognized tax benefits for current or prior years. Further, no interest or penalties have been included since no reserves were recorded and no significant increases or decreases are expected to occur within the next 12 months. When applicable, such interest and penalties will be recorded as non-operating expenses. The periods that remain open under federal statute are 2012 through 2016. NNN also files tax returns in many states with varying open years under statute.

Note 6 – Derivatives:

In accordance with the guidance on derivatives and hedging, NNN records all derivatives on the balance sheet at fair value. The accounting for changes in the fair value of derivatives depends on the intended use of the derivative and the resulting designation. Derivatives used to hedge the exposure to changes in the fair value of an asset, liability, or firm commitment attributable to a particular risk, such as interest rate risk, are considered fair value hedges. Derivatives used to hedge the exposure to variability in expected future cash flows, or other types of forecasted transactions, are

considered cash flow hedges.

NNN's objective in using derivatives is to add stability to interest expense and to manage its exposure to interest rate movements or other identified risks. To accomplish this objective, NNN primarily uses treasury locks, forward swaps ("forward hedges") and interest rate swaps as part of its cash flow hedging strategy. Treasury locks and forward starting swaps are used to

hedge forecasted debt issuances. Treasury locks designated as cash flow hedges lock in the yield/price of a treasury security. Forward swaps also lock the associated swap spread. Interest rate swaps designated as cash flow hedges hedging the variable cash flows associated with floating rate debt involve the receipt of variable rate amounts in exchange for fixed-rate payments over the life of the agreements without exchange of the underlying principal amount.

For derivatives designated as cash flow hedges, the effective portion of changes in the fair value of the derivative is initially reported in other comprehensive income (outside of earnings) and subsequently reclassified to earnings when the hedged transaction affects earnings, and the ineffective portion of changes in the fair value of the derivative is recognized directly in earnings.

NNN discontinues hedge accounting prospectively when it is determined that the derivative is no longer effective in offsetting changes in the cash flows of the hedged item, the derivative expires or is sold, terminated, or exercised, the derivative is re-designated as a hedging instrument or management determines that designation of the derivative as a hedging instrument is no longer appropriate.

When hedge accounting is discontinued, NNN continues to carry the derivative at its fair value on the balance sheet, and recognizes any changes in its fair value in earnings or may choose to cash settle the derivative at that time.

The following table outlines NNN's derivatives which were hedging the risk of changes in forecasted interest payments on forecasted issuance of long-term debt (dollars in thousands):

Terminated	Description	Aggregate Notional Amount	Liability Fair Value When Terminated	Fair Value Deferred In Other Comprehensive Income ⁽¹⁾
September 2007	Two interest rate hedges	\$ 100,000	\$ 3,260	\$ 3,228
June 2011	Two treasury locks	150,000	5,300	5,218
April 2013	Four forward starting swaps	240,000	3,156	3,141
May 2014	Three forward starting swaps	225,000	6,312	6,312
October 2015	Four forward starting swaps	300,000	13,369	13,369

⁽¹⁾ The amount reported in accumulated other comprehensive income will be reclassified to interest expense as interest payments are made on the related notes payable.

As of March 31, 2016, \$24,351,000 remained in other comprehensive income related to the effective portion of NNN's previous terminated interest rate hedges. During the quarters ended March 31, 2016 and 2015, NNN reclassified out of other comprehensive income \$695,000 and \$414,000, respectively, as an increase in interest expense. Over the next 12 months, NNN estimates that an additional \$2,894,000 will be reclassified as an increase in interest expense. Amounts reported in accumulated other comprehensive income related to derivatives will be reclassified to interest expense as interest payments are made on NNN's long-term debt.

NNN does not use derivatives for trading or speculative purposes or currently have any derivatives that are not designated as hedges. NNN had no derivative financial instruments outstanding at March 31, 2016.

Note 7 – Fair Value Measurements:

NNN holds the commercial mortgage residual interests ("Residuals") from seven securitizations. Each of the Residuals is recorded at estimated fair value. Unrealized gains and losses are reported as other comprehensive income in stockholders' equity and other than temporary losses as a result of a change in the timing or amount of estimated cash flows are recorded as an other than temporary valuation impairment.

NNN currently values its Residuals using a projected discounted cash flow analysis based upon estimated prepayment speeds, expected loan losses and yield curves. These valuation inputs are generally considered unobservable; therefore, the Residuals are considered Level 3 financial assets. The table below presents a roll forward of the Residuals (dollars in thousands):

	Quarter Ended March 31, 2016
Balance at beginning of period	\$11,115
Total gains (losses) – realized/unrealized:	
Included in earnings	(220)
Included in other comprehensive income	(175)
Interest income on Residuals	452
Cash received from Residuals	(371)
Purchases, sales, issuances and settlements, net	—
Transfers in and/or out of Level 3	—
Balance at end of period	\$10,801
Changes in gains (losses) included in earnings attributable to a change in unrealized gains (losses) relating to assets still held at the end of period	\$59

Note 8 – Fair Value of Financial Instruments:

NNN believes the carrying value of its Credit Facility approximates fair value based upon its nature, terms and variable interest rate. NNN believes that the carrying value of its cash and cash equivalents, mortgages, notes and other receivables, mortgages payable and other liabilities at March 31, 2016 and December 31, 2015, approximate fair value based upon current market prices of similar instruments (Level 1). At March 31, 2016 and December 31, 2015, the fair value of NNN's notes payable was \$2,051,024,000 and \$2,007,242,000, respectively, based upon quoted market prices, which is a Level 1 valuation since NNN's debt is publicly traded.

Note 9 – Subsequent Events:

NNN reviewed its subsequent events and transactions that have occurred after March 31, 2016, the date of the condensed consolidated balance sheet. There were no reportable subsequent events or transactions.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

The following discussion and analysis should be read in conjunction with the consolidated financial statements and related notes included in the Annual Report on Form 10-K of National Retail Properties, Inc. for the year ended December 31, 2015. The terms "NNN" and the "Company" refer to National Retail Properties, Inc. and all of its consolidated subsidiaries.

NNN may elect to treat certain subsidiaries as taxable real estate investment trust subsidiaries. These subsidiaries and their majority owned and controlled subsidiaries are collectively referred to as the "TRS." At the close of business on December 31, 2015, NNN elected to revoke its election to classify the TRS as taxable REIT subsidiaries ("TRS Revocation"). This TRS Revocation resulted in an additional tax expense of approximately \$9,607,000 for the quarter and year ended December 31, 2015.

Forward-Looking Statements

The information herein contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities and Exchange Act of 1934 (the "Exchange Act"). These statements generally are characterized by the use of terms such as "believe," "expect," "intend," "may," "estimated" or similar words or expressions. Forward-looking statements are not historical facts or guarantees of future performance and are subject to known and unknown risks. Certain factors that could cause actual results or events to differ materially from those NNN anticipates or projects include, but are not limited to, the following:

- Financial and economic conditions may have an adverse impact on NNN, its tenants, and commercial real estate in general;
- NNN may be unable to obtain debt or equity capital on favorable terms, if at all;
- Loss of revenues from tenants would reduce NNN's cash flow;
- A significant portion of the source of NNN's Property Portfolio annual base rent is heavily concentrated in specific industry classifications, tenants and in specific geographic locations;
- Owning real estate and indirect interests in real estate carries inherent risk;
- NNN's real estate investments are illiquid;
- Costs of complying with changes in governmental laws and regulations may adversely affect NNN's results of operations;
- NNN may be subject to known or unknown environmental liabilities and hazardous materials on properties owned by NNN;
- NNN may not be able to successfully execute its acquisition or development strategies;
- NNN may not be able to dispose of properties consistent with its operating strategy;
- A change in the assumptions used to determine the value of commercial mortgage residual interests could adversely affect NNN's financial position;
- NNN may suffer a loss in the event of a default or bankruptcy of a borrower or a tenant;
- Certain provisions of NNN's leases or loan agreements may be unenforceable;
- Property ownership through joint ventures and partnerships could limit NNN's control of those investments;
- Competition from numerous other REITs, commercial developers, real estate limited partnerships and other investors may impede NNN's ability to grow;
- NNN's loss of key management personnel could adversely affect performance and the value of its common stock;
- Uninsured losses may adversely affect NNN's operating results and asset values;
- Acts of violence, terrorist attacks or war may adversely affect the markets in which NNN operates and NNN's results of operations;
- Vacant properties or bankrupt tenants could adversely affect NNN's business or financial condition;
- The amount of debt NNN has and the restrictions imposed by that debt could adversely affect NNN's business and financial condition;
-

NNN is obligated to comply with financial and other covenants in its debt instruments that could restrict its operating activities, and the failure to comply with such covenants could result in defaults that accelerate the payment of such debt;

The market value of NNN's equity and debt securities is subject to various factors that may cause significant fluctuations or volatility;

- NNN's failure to qualify as a REIT for federal income tax purposes could result in significant tax liability;

Even if NNN remains qualified as a REIT, NNN faces other tax liabilities that reduce operating results and cash flow;

Adverse legislative or regulatory tax changes could reduce NNN's earnings, cash flow and market price of NNN's common stock;

- Compliance with REIT requirements, including distribution requirements, may limit NNN's flexibility and negatively affect NNN's operating decisions;
- Changes in accounting pronouncements could adversely impact NNN's or NNN's tenants' reported financial performance;
- NNN's failure to maintain effective internal control over financial reporting could have a material adverse effect on its business, operating results and share price;
- NNN's ability to pay dividends in the future is subject to many factors;
- Cybersecurity risks and cyber incidents could adversely affect NNN's business and disrupt operations and expose NNN to liabilities to tenants, employees, capital providers, and other third parties; and
- Future investments in international markets could subject NNN to additional risks.

Additional information related to these risks and uncertainties are included in Item 1A. Risk Factors of NNN's Annual Report on Form 10-K for the year ended December 31, 2015, and may cause NNN's actual future results to differ materially from expected results. Given these risks and uncertainties, readers are cautioned not to place undue reliance on such forward-looking statements, which speak only as of the date of this Quarterly Report on Form 10-Q. NNN undertakes no obligation to update or revise such forward-looking statements, whether as a result of new information, future events or otherwise.

Overview

NNN, a Maryland corporation, is a fully integrated real estate investment trust ("REIT") formed in 1984. NNN's assets include: real estate, mortgages and notes receivable, and commercial mortgage residual interests (the "Residuals"). NNN acquires, owns, invests in and develops properties that are leased primarily to retail tenants under long-term net leases and primarily held for investment ("Properties" or "Property Portfolio", or individually a "Property").

As of March 31, 2016, NNN owned 2,293 Properties, with an aggregate gross leasable area of approximately 25,401,000 square feet, located in 47 states, with a weighted average remaining lease term of 11.3 years.

Approximately 99 percent of the Properties were leased as of March 31, 2016.

NNN's management team focuses on certain key indicators to evaluate the financial condition and operating performance of NNN. The key indicators for NNN include items such as: the composition of the Property Portfolio (such as tenant, geographic and line of trade diversification), the occupancy rate of the Property Portfolio, certain financial performance ratios and profitability measures, and industry trends and performance compared to that of NNN.

NNN evaluates the creditworthiness of its current and prospective tenants. This evaluation includes available financial statements, store level financial performance, press releases, public credit ratings from major credit rating agencies, industry news publications, financial market data (debt and equity pricing), and developing a thorough understanding of the tenant's business and operations, including periodically meeting with senior management of certain tenants. NNN continues to maintain its diversification by tenant, geography and tenant's line of trade. NNN's highest lines of trade concentrations are the convenience store and restaurant (including full and limited service) sectors. These sectors represent a large part of the freestanding retail property marketplace and NNN's management believes these sectors present attractive investment opportunities. The Property Portfolio is geographically concentrated in the south and southeast United States, which are regions of historically above-average population growth. Given these concentrations, any financial hardship within these sectors or geographic regions, respectively, could have a material adverse effect on the financial condition and operating performance of NNN.

Results of Operations

Property Analysis

General. The following table summarizes the Property Portfolio:

	March 31, 2016	December 31, 2015	March 31, 2015
Properties Owned:			
Number	2,293	2,257	2,104
Total gross leasable area (square feet)	25,401,000	24,964,000	23,146,000
Properties:			
Leased and unimproved land	2,272	2,236	2,079
Percent of Properties – leased and unimproved land	99 %	99 %	99 %
Weighted average remaining lease term (years)	11.3	11.4	11.5
Total gross leasable area (square feet) – leased	25,055,000	24,544,000	22,672,000

The following table summarizes the diversification of the Property Portfolio based on the top 10 lines of trade:

Lines of Trade	% of Annual Base Rent ⁽¹⁾					
	March 31, 2016	December 31, 2015	March 31, 2015			
1. Convenience stores	16.5 %	16.7 %	17.7 %			
2. Restaurants – full service	10.8 %	11.0 %	9.0 %			
3. Restaurants – limited service	7.9 %	7.2 %	6.9 %			
4. Automotive service	7.0 %	7.0 %	7.2 %			
5. Family entertainment centers	5.7 %	5.6 %	5.1 %			
6. Theaters	5.1 %	5.2 %	5.1 %			
7. Automotive parts	4.1 %	4.2 %	4.6 %			
8. Health and fitness	4.0 %	3.8 %	3.8 %			
9. Recreational vehicle dealers, parts and accessories	3.6 %	3.6 %	3.3 %			
10. Banks	3.4 %	3.4 %	3.6 %

	100.0 %	100.0 %	100.0 %			

⁽¹⁾ Based on annualized base rent for all leases in place for each respective period.

Property Acquisitions. The following table summarizes the Property acquisitions (dollars in thousands):

	Quarter Ended March 31,	
	2016	2015
Acquisitions:		
Number of Properties	46	56
Gross leasable area (square feet)	591,000	782,000
Initial cash yield	7.0 %	7.3 %
Total dollars invested ⁽¹⁾	\$125,150	\$155,177

⁽¹⁾ Includes dollars invested in projects under construction or tenant improvements for each respective year.

NNN typically funds Property acquisitions either through available cash, borrowings under NNN's unsecured revolving credit facility (the "Credit Facility") (see "Debt – Line of Credit Payable") or by issuing its debt or equity securities in the capital markets.

Property Dispositions. The following table summarizes the Properties sold by NNN (dollars in thousands):

	Quarter Ended March 31,	
	2016	2015
Number of properties	10	6
Gross leasable area (square feet)	152,000	113,000
Net sales proceeds	\$52,839	\$23,272
Gain, net of income tax expense	\$16,875	\$7,200

NNN typically uses the proceeds from a Property disposition to either pay down the Credit Facility or reinvest in real estate.

Analysis of Revenue

General. During the quarter ended March 31, 2016, rental income increased primarily due to additional Property acquisitions as compared to the same period in 2015 (See “Results of Operations – Property Analysis – Property Acquisitions”). NNN anticipates increases in rental income will continue to come from additional Property acquisitions and increases in rents pursuant to lease terms.

The following table summarizes NNN’s revenues for the quarter ended March 31 (dollars in thousands):

	2016	2015	Percent Increase (Decrease)	Percent of Total	
				2016	2015
Rental Income ⁽¹⁾	\$122,475	\$112,064	9.3%	96.4 %	96.5 %

⁽¹⁾ Includes rental income from operating leases, earned income from direct financing leases and percentage rent (“Rental Income”).

Quarter Ended March 31, 2016 versus Quarter Ended March 31, 2015

Rental Income. Rental Income increased in amount but remained relatively flat as a percent of the total revenues for the quarter ended March 31, 2016, as compared to the same period in 2015. The increase for the quarter ended March 31, 2016, is primarily due to a partial year of Rental Income received as a result of the acquisition of 46 properties with aggregate gross leasable area of approximately 591,000 during 2016 and a full year of Rental Income received as a result of the acquisition of 221 properties with a gross leasable area of approximately 2,706,000 square feet in 2015.

Analysis of Expenses

General. Operating expenses increased for the quarter ended March 31, 2016, as compared to the same period in 2015, primarily due to an increase in depreciation expense. The following table summarizes NNN's expenses for the quarter ended March 31 (dollars in thousands):

	2016	2015	Percent Increase (Decrease)	Percentage of Total		Percentage of Revenues	
				2016	2015	2016	2015

Quarter Ended March 31, 2016 versus Quarter Ended March 31, 2015

General and Administrative. General and administrative expenses increased in amount but remained relatively flat as a percentage of total operating expenses and revenues for the quarter ended March 31, 2016, as compared to the same period in 2015. The increase in general and administrative expenses for the quarter ended March 31, 2016, is primarily attributable to an increase in personnel costs.

Depreciation and Amortization. Depreciation and amortization expenses increased in amount and as a percentage of total operating expenses, but decreased as a percentage of revenues for the quarter ended March 31, 2016, as compared to the same period in 2015. The increase in expenses is primarily due to the acquisition of 46 properties with an aggregate gross leasable area of approximately 591,000 square feet in 2016 and 221 properties with an aggregate gross leasable area of approximately 2,706,000 square feet during 2015.

Interest Expense. Interest expense increased in total and as a percentage of total other expenses for the quarter ended March 31, 2016, as compared to the same period in 2015, and remained relatively flat as a percentage of revenues.

The following represents the primary changes in debt that have impacted interest expense:

- (i) the issuance in October 2015 of \$400,000,000 principal amount of notes payable with a maturity of November 2025, and stated interest rate of 4.000%;
- (ii) the repayment in December 2015 of \$150,000,000 principal amount of notes payable with a stated interest rate of 6.150%;
- (iii) the repayment in January 2016 of \$5,876,000 principal amount of mortgages payable with an interest rate of 5.750%;
- (iv) the repayment in March 2016 of \$722,000 principal amount of mortgages payable with an interest rate of 6.900%; and
- (v) the \$23,237,000 decrease in the weighted average debt outstanding on the Credit Facility for the quarter ended March 31, 2016, as compared to the quarter ended March 31, 2015, and a slightly higher weighted average interest rate for the quarter ended March 31, 2016, as compared to the same period in 2015.

Liquidity

General. NNN's demand for funds has been, and will continue to be, primarily for (i) payment of operating expenses and cash dividends; (ii) Property acquisitions and development; (iii) capital expenditures; (iv) payment of principal and interest on its outstanding indebtedness; and (v) other investments.

Cash and Cash Equivalents. The table below summarizes NNN's cash flows (dollars in thousands):

	Quarter Ended	
	March 31,	
	2016	2015
Cash and cash equivalents:		
Provided by operating activities	\$102,423	\$97,138
Used in investing activities	(118,767)	(128,919)
Provided by financing activities	10,888	25,633
Decrease	(5,456)	(6,148)
Net cash at beginning of period	13,659	10,604
Net cash at end of period	\$8,203	\$4,456

Cash provided by operating activities represents cash received primarily from Rental Income and interest income less cash used for general and administrative expenses. NNN's cash flow from operating activities has been sufficient to pay the distributions for each period presented. The change in cash provided by operations for the quarter ended March 31, 2016 and 2015, is primarily the result of changes in revenues and expenses as discussed in "Results of Operations." Cash generated from operations is expected to fluctuate in the future.

Changes in cash for investing activities are primarily attributable to the acquisitions and dispositions of Properties. NNN typically uses proceeds from its Credit Facility to fund the acquisition of its Properties.

NNN's financing activities for the quarter ended March 31, 2016, included the following significant transactions: \$5,892,000 in net proceeds from the issuance of 134,150 shares of common stock in connection with the Dividend Reinvestment and Stock Purchase Plan ("DRIP"),

\$82,076,000 in net proceeds from the issuance of 1,865,260 shares of common stock in connection with the at-the-market ("ATM") equity program,

\$4,762,000 in dividends paid to holders of the depositary shares of NNN's Series D Preferred Stock,

\$4,097,000 in dividends paid to holders of the depositary shares of NNN's Series E Preferred Stock, and

\$61,151,000 in dividends paid to common stockholders.

Contractual Obligations and Commercial Commitments. NNN has committed to fund construction commitments on leased Properties. The improvements are estimated to be completed within 12 months. These construction commitments, at March 31, 2016, are outlined in the table below (dollars in thousands):

Number of properties	19
Total commitment ⁽¹⁾	\$63,465
Amount funded	\$40,147
Remaining commitment	\$23,318

⁽¹⁾ Includes land, construction costs, tenant improvements and lease costs.

As of March 31, 2016, NNN did not have any other material contractual cash obligations, such as purchase obligations, financing lease obligations or other long-term liabilities other than those reflected in the tables above and previously disclosed under Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations included in NNN's Annual Report on Form 10-K for the year ended December 31, 2015. In addition to items reflected in the tables, NNN has issued preferred stock with cumulative preferential cash distributions, as described below under "Dividends."

Management anticipates satisfying these obligations with a combination of NNN's cash provided from operations, current capital resources on hand, its credit facility, debt or equity financings and asset dispositions.

Generally, the Properties are leased under long-term net leases, which require the tenant to pay all property taxes and assessments, substantially maintain the interior and exterior of the property and carry property and liability insurance coverage. Therefore, management anticipates that capital demands to meet obligations with respect to these Properties will be modest for the foreseeable future and can be met with funds from operations and working capital. Certain of the Properties are subject to leases under which NNN retains responsibility for specific costs and expenses associated with the Property. Management anticipates that the costs associated with the vacant Properties or those Properties that become vacant will also be met with funds from operations and working capital. NNN may be required to borrow under its credit facility or use other sources of capital in the event of significant capital expenditures.

The lost revenues and increased property expenses resulting from vacant Properties or uncollectibility of lease revenues could have a material adverse effect on the liquidity and results of operations if NNN is unable to re-lease the Properties at comparable rental rates and in a timely manner. As of March 31, 2016, NNN owned 21 vacant, un-leased Properties which accounted for approximately one percent of total Properties held in the Property Portfolio. NNN generally monitors the financial performance of its significant tenants on an ongoing basis.

Dividends. NNN has made an election to be taxed as a REIT under Sections 856 through 860 of the Code, as amended, and related regulations and intends to continue to operate so as to remain qualified as a REIT for federal income tax purposes. NNN generally will not be subject to federal income tax on income that it distributes to its stockholders, provided that it distributes 100 percent of its REIT taxable income and meets certain other requirements for qualifying as a REIT. If NNN fails to qualify as a REIT in any taxable year, it will be subject to federal income tax on its taxable income at regular corporate rates and will not be permitted to qualify for treatment as a REIT for federal income tax purposes for the four years following the year during which qualification is lost. Such an event could materially adversely affect NNN's income and ability to pay dividends. NNN believes it has been structured as, and its past and present operations qualify NNN as, a REIT.

One of NNN's primary objectives, consistent with its policy of retaining sufficient cash for reserves and working capital purposes and maintaining its status as a REIT, is to distribute a substantial portion of its funds available from operations to its stockholders in the form of dividends.

The following table outlines the dividends declared and paid for each issuance of NNN's stock (dollars in thousands, except per share data):

	Quarter Ended March 31,	
	2016	2015
Series D preferred stock ⁽¹⁾ :		
Dividends	\$4,762	\$ 4,762
Per depositary share	0.414063	0.414063
Series E preferred stock ⁽¹⁾ :		
Dividends	4,097	4,097
Per depositary share	0.356250	0.356250
Common stock:		
Dividends	61,151	55,314
Per share	0.435	0.420

⁽¹⁾ The Series D and E preferred stock have no maturity date and will remain outstanding unless redeemed. The earliest redemption date for the Series D and Series E preferred stock is February 2017 and May 2018, respectively.

In April 2016, NNN declared a dividend of \$0.435 per share which is payable in May 2016 to its common stockholders of record as of April 29, 2016.

Capital Resources

Generally, cash needs for Property acquisitions, debt payments, capital expenditures, development and other investments have been funded by equity and debt offerings, bank borrowings, the sale of properties and, to a lesser extent, by internally generated funds. Cash needs for operating and interest expenses and dividends have generally been funded by internally generated funds. If available, future sources of capital include proceeds from the public or private offering of NNN's debt or equity securities, secured or unsecured borrowings from banks or other lenders, proceeds from the sale of properties, as well as undistributed funds from operations.

Debt

The following is a summary of NNN's total outstanding debt as of (dollars in thousands):

	March 31, 2016	Percentage of Total	December 31, 2015	Percentage of Total
Mortgages payable	17,066	0.9 %	23,964	1.2 %
Notes payable	1,952,723	99.1 %	1,951,980	98.8 %
Total outstanding debt	\$1,969,789	100.0 %	\$ 1,975,944	100.0 %

Indebtedness. NNN expects to use indebtedness primarily for property acquisitions and development of single-tenant retail properties, either directly or through investment interests, and mortgage and note receivables. Additionally indebtedness may be used to refinance existing indebtedness.

Line of Credit Payable. NNN's \$650,000,000 revolving Credit Facility had a weighted average outstanding balance of \$2,252,000 and a weighted average interest rate of 1.4% during the quarter ended March 31, 2016. The Credit Facility matures January 2019, unless the Company exercises its option to extend maturity to January 2020. The Credit Facility currently bears interest at LIBOR plus 92.5 basis points; however, such interest rate may change pursuant to a tiered interest rate structure based on NNN's debt rating. The Credit Facility also includes an accordion feature to increase the facility size up to \$1,000,000,000, subject to lender approval. As of March 31, 2016, there was no outstanding balance and \$650,000,000 was available for future borrowings, under the Credit Facility.

Notes Payable. In October 2015, NNN filed a prospectus supplement to the prospectus contained in its February 2015 shelf registration statement and issued \$400,000,000 aggregate principal amount of 4.00% notes due November 2025 (the "2025 Notes"). The 2025 Notes were sold at a discount with an aggregate purchase price of \$399,036,000 with interest payable semi-annually commencing on May 15, 2016. The discount of \$964,000 is being amortized to interest expense over the term of the notes using the effective interest method. The effective interest rate for the 2025 Notes after accounting for the note discount is 4.029%. NNN previously entered into four forward starting swaps with an aggregate notional amount of \$300,000,000. Upon issuance of the 2025 Notes, NNN terminated the forward starting swaps resulting in a liability of \$13,369,000, which was deferred in other comprehensive income. The deferred liability is being amortized to interest expense over the term of the 2025 Notes using the effective interest method. The 2025 Notes are senior unsecured obligations of NNN and are subordinated to all secured indebtedness and to the indebtedness and other liabilities of NNN's subsidiaries. Additionally, the 2025 Notes are redeemable at NNN's option, in whole or part anytime, for an amount equal to (i) the sum of the outstanding principal balance of the notes being redeemed plus accrued interest thereon to the redemption date, and (ii) the make whole amount, if any, as defined in the supplemental indenture dated October 14, 2015, relating to the 2025 Notes.

NNN received approximately \$395,436,000 of net proceeds in connection with the issuance of the 2025 Notes, after incurring debt issuance costs totaling \$3,600,000 consisting primarily of underwriting discounts and commissions, legal and accounting fees, rating agency fees and printing expenses. NNN intends to use the net proceeds to repay NNN's outstanding indebtedness under its Credit Facility, to fund future property acquisitions and for general corporate purposes.

Debt and Equity Securities

NNN has used, and expects to use in the future, issuances of debt and equity securities primarily to pay down its outstanding indebtedness and to finance investment acquisitions.

Securities Offerings. In February 2015, NNN filed a shelf registration statement with the Securities and Exchange Commission (the "Commission") which was automatically effective and permits the issuance by NNN of an indeterminate amount of debt and equity securities.

Refer to "Debt – Notes Payable" above for a discussion of NNN's publicly held notes. Additional information related to NNN's publicly held notes is included in NNN's Annual Report on Form 10-K for the year ended December 31, 2015.

Dividend Reinvestment and Stock Purchase Plan. In February 2015, NNN filed a shelf registration statement which was automatically effective with the Commission for its DRIP, which permits the issuance by NNN of up to 16,000,000 shares of common stock. NNN's DRIP provides an economical and convenient way for current stockholders and other interested new investors to invest in NNN's common stock. The following outlines the common stock issuances pursuant to NNN's DRIP (dollars in thousands):

	Quarter Ended	
	March 31,	
	2016	2015
Shares of common stock	134,150	31,854
Net proceeds	\$5,892	\$1,142

At-The-Market Offerings. NNN established an at-the-market equity program ("ATM") which allows NNN to sell shares of common stock from time to time. The following outlines NNN's ATM programs:

	2016 ATM	2015 ATM	2013 ATM
Established date	March 2016	February 2015	March 2013
Termination date	March 2019	March 2016	February 2015
Total allowable shares	12,000,000	10,000,000	9,000,000
Total shares issued at March 31, 2016	372,328	9,852,465	6,252,812

The following table outlines the common stock issuances pursuant to NNN's ATM equity programs (dollars in thousands, except per share data):

	Quarter Ended	
	March 31,	
	2016	2015
Shares of common stock	1,865,260	1,191,973
Average price per share (net)	\$44.00	\$39.90
Net proceeds	\$82,076	\$47,556
Stock issuance costs ⁽¹⁾	\$1,429	\$842

⁽¹⁾ Stock issuance costs consist primarily of underwriters' fees and commissions, and legal and accounting fees.

Recent Accounting Pronouncements

Refer to Note 1 to the March 31, 2016, Condensed Consolidated Financial Statements.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

NNN is exposed to interest rate risk primarily as a result of its variable rate Credit Facility and its fixed rate debt which are used to finance NNN's development and acquisition activities, as well as for general corporate purposes. NNN's interest rate risk management objective is to limit the impact of interest rate changes on earnings and cash flows and to reduce overall borrowing costs. To achieve its objectives, NNN borrows at both fixed and variable rates on its long-term debt. As of March 31, 2016, NNN had no outstanding derivatives.

The information in the table below summarizes NNN's market risks associated with its debt obligations outstanding as of March 31, 2016 and December 31, 2015. The table presents principal payments and related interest rates by year for debt obligations outstanding as of March 31, 2016. The table incorporates only those debt obligations that existed as of March 31, 2016, and it does not consider those debt obligations or positions which could arise after this date. Moreover, because firm commitments are not presented in the table below, the information presented therein has limited predictive value. As a result, NNN's ultimate realized gain or loss with respect to interest rate fluctuations will depend on the exposures that arise during the quarter, NNN's hedging strategies at that time and interest rates. If interest rates on NNN's variable rate debt increased by one percent, NNN's interest expense would have increased by less than one percent for the quarter ended March 31, 2016.

⁽¹⁾ NNN's mortgages payable represent principal payments by year and include unamortized premiums and exclude debt costs.

⁽²⁾ Includes NNN's notes payable, each exclude debt costs and are net of unamortized discount. NNN uses market prices quoted from Bloomberg, a third party, which is a Level 1 input, to determine the fair value.

⁽³⁾ Weighted average effective interest rate for periods after 2020.

NNN is also exposed to market risks related to the Residuals. Factors that may impact the market value of the Residuals include delinquencies, loan losses, prepayment speeds and interest rates. The Residuals, which are reported at market value based upon an independent valuation, had a carrying value of \$10,801,000 and \$11,115,000 as of March 31, 2016 and December 31, 2015, respectively. Unrealized gains and losses are reported as other comprehensive income in stockholders' equity. Losses considered other than temporary are reported as valuation impairments in earnings from operations if and when there has been a change in the timing or amount of estimated cash flows that leads to a loss in value.

Item 4. Controls and Procedures

Evaluation of Disclosure Controls and Procedures. An evaluation was performed under the supervision and with the participation of NNN's management, including NNN's Chief Executive Officer, Chief Financial Officer, and Chief Accounting Officer, of the effectiveness as of March 31, 2016, of the design and operation of NNN's disclosure controls and procedures as defined in Rule 13a-15(e) under the Exchange Act. Based on that evaluation, the Chief Executive Officer, Chief Financial Officer, and Chief Accounting Officer concluded that the design and operation of these disclosure controls and procedures were effective as of the end of the period covered by this report.

Changes in Internal Control over Financial Reporting. There has been no change in NNN's internal control over financial reporting that occurred during the most recent fiscal quarter that has materially affected, or is reasonably likely to materially affect, NNN's internal control over financial reporting.
