AZTAR CORPORATION AND SUBSIDIARIES  
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (unaudited)

Note 1: General

The consolidated financial statements reflect all adjustments, such adjustments being normal recurring accruals, which are necessary, in the opinion of management, for the fair presentation of the results of the interim periods; interim results, however, may not be indicative of the results for the full year.

The notes to the interim consolidated financial statements are presented to enhance the understanding of the financial statements and do not necessarily represent complete disclosures required by generally accepted accounting principles. The interest that was capitalized during the third quarter and nine months ended 2002 was \$789,000 and \$1,866,000, respectively; it was \$357,000 and \$835,000 during the third quarter and nine months ended 2001. Capitalized costs related to various development projects, included in intangible assets, were \$946,000 and \$5,990,000 at October 3, 2002 and January 3, 2002, respectively. For additional information regarding significant accounting policies, long-term debt, lease obligations, and other matters applicable to the Company, reference should be made to the Company's Annual Report to Shareholders for the year ended January 3, 2002.

Certain reclassifications have been made in the January 3, 2002 Consolidated Balance Sheet and the 2001 Consolidated Statement of Cash Flows in order to be comparable with the October 3, 2002 presentations.

Note 2: Recent Accounting Pronouncements

In July 2001, the Financial Accounting Standards Board issued Statement No. 142, "Goodwill and Other Intangible Assets." SFAS 142 is effective for fiscal years beginning after December 15, 2001 and applies to all goodwill and other intangible assets recognized in an entity's statement of financial position at that date, regardless of when those assets were initially recognized. Effective January 4, 2002, the Company ceased amortization of the cost of its initial gaming licenses because it was determined, under the criteria established in SFAS 142, that these assets have an indefinite life. Amortization expense related to the cost of the Company's initial gaming licenses during the third quarter and nine months ended 2001 was \$663,000 and \$1,989,000, respectively.

A reconciliation of the Company's reported net income to proforma net income to give effect to SFAS 142 for the periods ended October 3, 2002 and September 27, 2001 is as follows (in thousands, except per share data):

AZTAR CORPORATION AND SUBSIDIARIES  
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (unaudited) (continued)

In August 2001, the Financial Accounting Standards Board issued Statement No. 143, "Accounting for Obligations Associated with the Retirement of Long-Lived Assets." The objectives of SFAS 143 are to establish accounting standards for the recognition and measurement of an asset retirement obligation and its associated asset retirement cost. SFAS 143 is effective for fiscal years beginning after June 15, 2002. Based upon a preliminary review, the Company has no asset retirement obligation at October 3, 2002.

Note 3: Acquisition

Edgar Filing: AZTAR CORP - Form 10-Q

On February 28, 2002, the Company purchased the 50% partnership interest in Tropicana Enterprises that it did not own. After credits, the Company paid \$117,500,000. The source of funds for this purchase was cash on hand of \$47,500,000 and \$70,000,000 in borrowings under its revolving credit facility ("Revolver"). In addition, the Company assumed \$48,921,000 of partnership debt that the Company was servicing through its rent payments. This purchase eliminates, after February 28, 2002, the Company's real estate rent expense at the Las Vegas Tropicana and its equity in unconsolidated partnership's loss. The Company's real estate rent expense at the Las Vegas Tropicana during the nine months ended 2002 was \$1,361,000 net of intercompany eliminations; it was \$2,056,000 and \$6,428,000 net of intercompany eliminations during the third quarter and nine months ended 2001. The Company's equity in unconsolidated partnership's loss during the nine months ended 2002 was \$458,000; it was \$845,000 and \$2,825,000 during the third quarter and nine months ended 2001. The purchase, however, increases depreciation and interest expenses and decreases interest income after February 28, 2002. As part of the acquisition, the Company acquired the 50% interest in the Tropicana trademark, an intangible asset with an indefinite life, that it did not already own as part of its interest in the partnership, at an allocated cost of \$22,172,000 based upon an appraisal report.

Note 4: Investments in and Advances to Unconsolidated Partnership

Following are summarized operating results prior to the acquisition for the Company's unconsolidated partnership, accounted for using the equity method for the periods ended October 3, 2002 and September 27, 2001 (in thousands):

AZTAR CORPORATION AND SUBSIDIARIES  
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (unaudited) (continued)

Note 5: Las Vegas Tropicana Development

The Company is conducting feasibility studies to master-plan a potential development of the Las Vegas Tropicana site. The master plan envisions the creation of two separate but essentially equal and inter-connected sites. The north site would be developed by the Company. The south site would be held for future Company development, joint venture development, or sale for development by another party.

For development of a potential project on the north site, the Company plans to complete a detailed design development effort with construction documents and estimated construction costs by the end of 2003, at which time the Company will decide whether or not to proceed. The amount and timing of any future expenditure, and the extent of any impact on existing operations, will depend on the nature and timing of the development we ultimately undertake, if any. If we decide to abandon any facilities in the development process, we would have to conduct a review for impairment with a possible write-down and review their useful lives with a possible adjustment to depreciation and amortization expense. These reviews could result in adjustments that have a material adverse effect on our consolidated results of operations.

The net book value of the property and equipment used in the operation of the Las Vegas Tropicana, excluding land at a cost of \$109,979,000, was \$63,485,000 at October 3, 2002. The net book value of accounts receivable, inventories and prepaid expenses at the Las Vegas Tropicana was \$9,256,000 at October 3, 2002. It is reasonably possible that the carrying value of some or all of these assets may change in the near term.

Note 6: Long-term Debt

Long-term debt consists of the following (in thousands):

The Tropicana Enterprises loan calls for monthly principal payments of \$342,000 to \$419,000, with a final payment of approximately \$34,000,000 due at maturity. The Tropicana Enterprises loan is collateralized by the Las Vegas Tropicana property. Interest is computed based upon, at the borrower's option, a one-, two-, three- or six-month Eurodollar rate plus a margin ranging from 1.25% to 2.25%, or the prime rate plus a margin ranging from zero to 1.00%. The applicable margin is dependent upon the Company's outstanding indebtedness and operating cash flow.

Note 8: Income Taxes

The Internal Revenue Service ("IRS") has completed its examination of the Company's income tax returns for the years 1992 and 1993 and has settled for all but two issues. The two issues involve the deductibility of certain complimentary services provided to customers and the deductibility of a portion of payments on certain liabilities related to the restructuring of Ramada Inc. (the "Restructuring"). The Company has filed a petition in the United States Tax Court for these two issues for 1992 and 1993. The IRS is examining the Company's income tax returns for 1994 through 1999 and has settled for all but the same two issues. The New Jersey Division of Taxation is examining the New Jersey income tax returns for the years 1995 through 1998. Management believes that adequate provision for income taxes and interest has been made in the financial statements.

The Company has received proposed assessments from the Indiana Department of Revenue ("IDR") in connection with the examination of the Company's Indiana income tax returns for the years 1996 through 2000. Those assessments are based on the IDR's position that the Company's gaming taxes that are based on gaming revenue are not deductible for Indiana income tax purposes. The Company filed a petition in Indiana Tax Court for the 1996 and 1997 tax years and oral arguments were heard in April 2001. The Company has filed a formal protest for the years 1998 through 2000. The Company believes that it has meritorious legal defense to those assessments and has not recorded an accrual for payment. It is reasonably possible that the Company's estimate may change in the near term. The amount involved, including the Company's estimate of interest, net of a federal income tax benefit assuming continuation through October 3, 2002, was approximately \$9,200,000 at October 3, 2002.

Note 9: Earnings Per Share

Net income per common share excludes dilution and is computed by dividing income applicable to common shareholders by the weighted-average number of common shares outstanding. Net income per common share, assuming dilution, is computed based on the weighted-average number of common shares outstanding after consideration of the dilutive effect of stock options and the assumed conversion of the preferred stock at the stated rate.

The computations of net income per common share and net income per common share, assuming dilution, for the periods ended October 3, 2002 and September 27, 2001, are as follows (in thousands, except per share data):

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (unaudited) (continued)

Note 10: Contingencies and Commitments

The Company agreed to indemnify Ramada Inc. ("Ramada") against all monetary judgments in lawsuits pending against Ramada and its subsidiaries as of the conclusion of the Restructuring on December 20, 1989, as well as all related attorneys' fees and expenses not paid at that time, except for any judgments, fees or expenses accrued on the hotel business balance sheet and except for any unaccrued and unreserved aggregate amount up to \$5,000,000 of

judgments, fees or expenses related exclusively to the hotel business. Aztar is entitled to the benefit of any crossclaims or counterclaims related to such lawsuits and of any insurance proceeds received. In addition, the Company agreed to indemnify Ramada for certain lease guarantees made by Ramada. In connection with these matters, the Company's accrued liability was \$3,833,000 at both October 3, 2002 and January 3, 2002.

The Company is a party to various other claims, legal actions and complaints arising in the ordinary course of business or asserted by way of defense or counterclaim in actions filed by the Company. Management believes that its defenses are substantial in each of these matters and that the Company's legal posture can be successfully defended without material adverse effect on its consolidated financial position, results of operations or cash flows.

The Company has severance agreements with certain of its senior executives. Severance benefits range from a lump-sum cash payment equal to three times the sum of the executive's annual base salary and the average of the executive's annual bonuses awarded in the preceding three years plus payment of the value in the executive's outstanding stock options and vesting and distribution of any restricted stock to a lump-sum cash payment equal to the executive's annual base salary. In certain agreements, the termination must be as a result of a change in control of the Company. Based upon salary levels and stock options at October 3, 2002, the aggregate commitment under the severance agreements should all these executives be terminated was approximately \$27,000,000 at October 3, 2002.

At October 3, 2002, the Company had commitments of approximately \$162,000,000 for the Atlantic City Tropicana expansion project.

## Item 2. Management's Discussion and Analysis

### Financial Condition

On February 28, 2002, we purchased the 50% partnership interest in Tropicana Enterprises that we did not own. After credits, we paid \$117.5 million. The source of funds for this purchase was cash on hand of \$47.5 million and borrowings of \$70.0 million under our Revolver. In addition, we assumed \$48.9 million of partnership debt that we were servicing through our rent payments. This purchase eliminates, after February 28, 2002, our real estate rent expense at the Las Vegas Tropicana and our equity in unconsolidated partnership's loss. Our real estate rent expense at the Las Vegas Tropicana during the nine months ended 2002 was \$1.4 million net of intercompany eliminations; it was \$2.0 million and \$6.4 million net of intercompany eliminations during the third quarter and nine months ended 2001. Our equity in unconsolidated partnership's loss during the nine months ended 2002 was \$0.5 million; it was \$0.8 million and \$2.8 million during the third quarter and nine months ended 2001. The purchase, however, increases depreciation and interest expenses and decreases interest income after February 28, 2002. We anticipate that the net result will be accretive to net income and earnings per share. This purchase simplifies our ownership structure of the Las Vegas Tropicana and our financial statements.

We are conducting feasibility studies to master-plan a potential development of the site. The master plan envisions the creation of two separate but essentially equal and inter-connected 17-acre development sites. The north site would be developed by us. The south site would be held for our future development, joint venture development, or sale for development by another party. For development of a

## AZTAR CORPORATION AND SUBSIDIARIES

potential project on the north site, we plan to complete a detailed design development effort with construction documents and estimated construction costs by the end of 2003, at which time we will decide whether or not to proceed. The amount and timing of any future expenditure, and the extent of any impact on existing operations, will depend on the nature and timing of the development we ultimately undertake, if any. If we decide to abandon any facilities in the development process, we would have to conduct a review for impairment with a possible write-down and review their useful lives with a possible adjustment to depreciation and amortization expense. These reviews could result in adjustments that have a material adverse effect on our results of operations.

We have received proposed assessments from the Indiana Department of Revenue ("IDR") in connection with the examination of our Indiana income tax returns for the years 1996 through 2000. Those assessments are based on the IDR's position that our gaming taxes that are based on gaming revenue are not deductible for Indiana income tax purposes. We filed a petition in Indiana Tax Court for the 1996 and 1997 tax years and oral arguments were heard in April 2001. We have filed a formal protest for the years 1998 through 2000. We believe that we have meritorious legal defense to those assessments and have not recorded an accrual for payment. It is reasonably possible that our estimate may change in the near term. The amount involved, including our estimate of interest, net of a federal income tax benefit assuming continuation through October 3, 2002, was approximately \$9.2 million at October 3, 2002.

On July 1, 2002, our gaming taxes in Indiana at Casino Aztar Evansville increased from 20% to 22.5% of casino revenue and on August 1, 2002, we began dockside gaming, which increased accessibility to our casino riverboat by eliminating cruising schedules. With dockside gaming, our gaming taxes will be based on a graduated scale from 15% to 35% of casino revenue and our admissions tax will be \$3 per person versus \$3 per person per cruise.

On April 22, 2002, we commenced construction of the previously disclosed major expansion of our Atlantic City Tropicana. The cost of the expansion, excluding tenant improvements, is targeted to be \$225 million. Funds for the expansion will come in part from third-party contributions, public sector subsidies, tax rebates and other credits, the present value of which could be up to \$60 million. During the nine months of 2002, our purchases of property and equipment, including capitalized interest of \$1.9 million, were \$23.5 million for this project.

At October 3, 2002, we had commitments of approximately \$162 million for the Atlantic City Tropicana expansion project.

### Results of Operations

#### Nine Months Ended October 3, 2002 Compared to Nine Months Ended September 27, 2001

Our consolidated revenues in the 2002 nine-month period were \$635.2 million, down slightly from \$637.3 million in the 2001 nine-month period. Our 2002 fiscal nine-month period did not have the benefit of a New Year's weekend, while the year-earlier nine-month period did.

Consolidated operating income was \$108.6 million in the first nine months of 2002, a 7% improvement over \$101.1 million in the first nine months of 2001. Consolidated rent expense was \$4.3 million or 31% lower, in the 2002 versus 2001 nine-month period. As a result of our acquisition of the partnership interest in Tropicana Enterprises, we have eliminated, after February 28, 2002, our real estate rent expense at the Las Vegas Tropicana, which was \$1.4 million prior to the acquisition in the 2002 nine-month period and \$6.4 million in the 2001 nine-month period, net of intercompany eliminations. In addition, the acquisition eliminates, after February 28, 2002, our equity in

unconsolidated partnership's loss.

Consolidated income taxes were \$5.3 million or 21% higher in the 2002 versus 2001 nine-month period primarily due to an increase in our pretax income combined with an

increase in our effective state income tax rate. Our effective state income tax rate increased primarily due to a New Jersey tax law change. On July 2, 2002, the State of New Jersey enacted the Business Tax Reform Act, which was retroactive to the beginning of 2002. As a result, our 2002 consolidated income tax provision increased to provide for the effect of this new tax legislation.

**TROPICANA ATLANTIC CITY** Total revenues at Tropicana Atlantic City were \$347.4 million in the 2002 nine-month period, down slightly from \$348.8 million in the 2001 nine-month period. Casino revenue was 2% lower in the 2002 versus 2001 nine-month period, primarily reflecting a 6% decrease in games revenue offset by a 1% increase in slot revenue. The decline in games revenue was primarily a result of a decrease in the hold percentage. The table games hold percentage was 15.1% in the 2002 nine-month period compared with 16.0% in the 2001 nine-month period.

Tropicana Atlantic City had operating income of \$73.1 million in the 2002 nine-month period, down slightly from \$73.2 million in the 2001 nine-month period. Consistent with the decrease in casino revenue, casino costs were \$1.6 million or 1% lower in the 2002 versus 2001 nine-month period. Operating income is after rent and depreciation and amortization expenses. Rent expense was \$1.9 million in both periods. Depreciation and amortization was \$21.6 million in the nine months ended 2002 compared with \$19.7 million in the nine months ended 2001.

**TROPICANA LAS VEGAS** At Tropicana Las Vegas, total revenues were \$112.6 million in the first nine months of 2002, a 5% decrease from \$118.5 million in the first nine months of 2001. Tropicana Las Vegas had operating income of \$12.9 million in the 2002 nine-month period, a 55% increase from \$8.3 million in the 2001 nine-month period. Operating income is after rent and depreciation and amortization expenses. Rent expense was \$1.9 million in the 2002 nine-month period compared with \$7.1 million in the 2001 nine-month period. As a result of our acquisition of the partnership interest in Tropicana Enterprises, we have eliminated, after February 28, 2002, our real estate rent expense at the Las Vegas Tropicana, which was \$1.4 million prior to the acquisition in the 2002 nine-month period and \$6.4 million in the 2001 nine-month period, net of intercompany eliminations. Depreciation and amortization was \$5.1 million in the 2002 nine-month period compared with \$5.8 million in the 2001 nine-month period.

**RAMADA EXPRESS** At Ramada Express, total revenues were \$70.2 million in the 2002 nine-month period, down 3% from \$72.2 million in the 2001 nine-month period. Operating income was \$12.9 million in the 2002 nine-month period, a 4% decrease from \$13.4 million in the 2001 nine-month period. Operating income is after rent and depreciation and amortization expenses. Rent expense was \$0.2 million in the 2002 nine-month period compared with

\$0.3 million in the 2001 nine-month period. Depreciation and amortization was \$4.5 million in the nine months ended 2002 compared with \$4.3 million in the nine months ended 2001.

CASINO AZTAR EVANSVILLE Total revenues at Casino Aztar Evansville were \$86.3 million in the 2002 nine-month period, up 10% from \$78.8 million in the 2001 nine-month period. Casino Aztar Evansville benefited from a change in the State of Indiana rules of operation permitting open boarding of casino patrons that went into effect August 1, 2002. Dockside gaming increased accessibility to our casino riverboat by eliminating cruising schedules. Casino revenue was 10% higher in the 2002 versus 2001 nine-month period primarily due to a 14% increase in slot revenue. Patrons to our casino riverboat increased 21% in the 2002 nine-month period compared with the 2001 nine-month period.

Operating income was \$18.3 million in the nine months ended 2002, a 24% improvement over \$14.8 million in the nine months ended 2001. Consistent with the increase in casino revenue, casino costs were 13% higher in the 2002 versus 2001 nine-month period. Casino costs were higher due to a higher wagering tax that is based on casino revenue and increased costs of complimentary. Operating income is after rent and depreciation and amortization expenses. Rent expense was \$5.4 million in the nine months ended 2002 compared with \$4.4 million in the nine months ended 2001. Rent expense increased in the 2002 versus 2001 nine-month period primarily due to

#### AZTAR CORPORATION AND SUBSIDIARIES

increased rent to the City of Evansville relating to our riverboat landing lease. Casino revenue is a component used in the calculation of rent expense. Rent expense increased as our projections for casino revenue increased. Depreciation and amortization was \$4.7 million in the 2002 nine-month period compared with \$6.8 million in the 2001 nine-month period. Amortization decreased primarily as a result of ceasing amortization of the cost of our initial gaming license beginning January 4, 2002 because it was determined, under the criteria established in SFAS 142 that is effective in 2002, that this asset has an indefinite life.

CASINO AZTAR CARUTHERSVILLE Total revenues at Casino Aztar Caruthersville were \$18.7 million in the 2002 nine-month period, down 2% from \$19.0 million in the 2001 nine-month period. Casino Aztar Caruthersville had operating income of \$1.4 million in the 2002 nine-month period, an improvement over \$1.1 million in the 2001 nine-month period. Operating income is after depreciation and amortization of \$2.1 million in the nine months ended 2002 compared with \$2.2 million in the nine months ended 2001.

Our consolidated revenues were \$218.1 million for both periods. Consolidated operating income was \$36.9 million in the third quarter of 2002, a 1% decrease from \$37.3 million in the third quarter of 2001. Consolidated property taxes and insurance were 20% higher in the 2002 versus 2001 third quarter, reflecting increases at all properties. Effective June 30, 2002, we renewed our property insurance. As a result of conditions in the insurance markets, our property

insurance costs increased substantially. Consolidated rent expense was \$1.4 million or 33% lower in the 2002 versus 2001 third quarter. As a result of our acquisition of the partnership interest in Tropicana Enterprises, we have eliminated, after February 28, 2002, our real estate rent expense at the Las Vegas Tropicana, which was \$2.0 million in the third quarter of 2001, net of intercompany eliminations. In addition, the acquisition eliminates, after February 28, 2002, our equity in unconsolidated partnership's loss.

Consolidated income tax expense was \$0.7 million or 7% higher in the 2002 versus 2001 third quarter. The increase in income tax expense was primarily a result of an increase in our effective state income tax rate. Our effective state income tax rate increased primarily due to a New Jersey tax law change. On July 2, 2002, the State of New Jersey enacted the Business Tax Reform Act, which was retroactive to the beginning of 2002. As a result, our 2002 consolidated income tax provision increased to provide for the effect of this new tax legislation.

#### Labor

Tropicana Las Vegas continues to negotiate with the Culinary Workers Union for renewal of the collective bargaining agreement, which expired on May 31, 2002, covering approximately 1,100 employees (approximately 50% of Tropicana's work force) who are employed as guest room attendants or in food and beverage and other hotel classifications. Tropicana has agreed in principle to the terms of an agreement reached between the union and other casino hotels in Las Vegas, and Tropicana has

been paying the increases for health care and pension benefits provided for in that agreement. The issues that remain unresolved between Tropicana and the union relate primarily to a possible redevelopment of Tropicana Las Vegas.

### Recent Accounting Pronouncements

In August 2001, the Financial Accounting Standards Board issued Statement No. 143, "Accounting for Obligations Associated with the Retirement of Long-Lived Assets." The objectives of SFAS 143 are to establish accounting standards for the recognition and measurement of an asset retirement obligation and its associated asset retirement cost. SFAS 143 is effective for fiscal years beginning after June 15, 2002. Based upon a preliminary review, the Company has no asset retirement obligation at October 3, 2002.
