Global Industries, Ltd. Announces Operating Results for the Fourth Quarter and Year Ended December 31, 2004

Carlyss, Louisiana

, (February 16, 2005) **Global Industries, Ltd.** (Nasdaq: **GLBL**) announced results for the fourth quarter and year ended December 31, 2004. Revenues were \$171.2 million for the fourth quarter of 2004, an improvement of \$113.3 million, or 196%, over the same period a year ago. Gross profit was \$43.2 million for the quarter, an improvement of \$57.2 million compared to last year's fourth quarter. Income from continuing operations, net of taxes, increased \$60.4 million to \$5.4 million, or \$0.05 per diluted share, for the fourth quarter, as compared to a (\$0.55) per share loss for the same period last year. As a result of the sale of our Liftboat Division, income from discontinued operations, net of taxes, was \$16.1 million, or \$0.14 per diluted share, for the fourth quarter. The Company reported diluted earnings per share of \$0.19 for the fourth quarter of 2004 compared to a loss per share of (\$0.55) for the comparable period in 2003.

Included in the fourth quarter 2004 results is \$7.1 million of asset impairment costs, or \$0.02 per diluted share, related to the impairment of two vessels and one facility. Also negatively effecting this quarter was \$7.4 million, or \$0.02 per diluted share, related to losses on three contracts, a customs duty reserve in our Latin America segment, and bond early retirement fees. Results from the fourth quarter of 2003 included a \$33.5 million provision (pre-tax) related to an adverse ruling in the Global/GTM litigation.

Revenues for the year ended December 31, 2004 increased \$4.3 million to \$463.3 million from last year. Gross profit was \$64.5 million in 2004, an improvement of \$61.4 million compared to last year. Income from continuing operations, net of taxes, was \$6.5 million, an improvement of \$77.6 million. Earnings per diluted share from continuing operations were \$0.06 this year compared to a loss per share of (\$0.71) for the same period last year. Earnings per diluted share from discontinued operations were \$0.14 in 2004 compared to \$0.03 for the same period last year.

Mr. William J. Dore', Global's Chairman and Chief Executive Officer, said, "I am pleased to announce our second consecutive quarter of positive earnings in 2004. Our revenues and earnings for the quarter have increased substantially compared to the same period last year. Our diluted earnings per share of \$0.05 for the fourth quarter were reduced by the effects of impairment costs of \$0.02 per share and other items relating to contract losses, customs duties, and bond redemption fees totaling another \$0.02 per share. In addition, during the quarter we repaid \$20.3 million in MARAD bonds and reported a year-end cash balance of \$143.2 million. Our efforts to streamline operations, enhance project execution, and realign our business strategies are paying off and coupled with an expected strong market should result in continued positive earnings in 2005."

Mr. Dore' further stated, "We continue to experience improvement in our Latin America market and, due to additional hurricane-related work, an increase in our U.S. Gulf of Mexico market. During the fourth quarter, we booked \$254.4 million of new work resulting in a backlog of \$262.0 million at December 31, 2004 as compared to a backlog of \$96.2 million at the end of the same period last year. Our backlog at January 31, 2005 was \$233.7 million. On February 9, 2005 we were awarded \$125.0 million of new work in our Asia Pacific segment. Our bids outstanding at December 31, 2004 were approximately \$1.1 billion."

The Company has conformed its segment reporting this quarter to changes in its operating management structure that became effective June 2004. The Company's Global Divers and Marine Contractors Gulf of Mexico segment has been restated for prior periods to reflect the reclassification of the Liftboat Division as discontinued operations.
