PROXY STATEMENT
FOR ANNUAL MEETING OF STOCKHOLDERS

May 20, 2002

INFORMATION CONCERNING SOLICITATION AND VOTING

GENERAL

The enclosed proxy is solicited on behalf of the Board of Directors of Digital River, Inc., a Delaware corporation (the "Company"), for use at the Annual Meeting of Stockholders to be held on Monday, May 20, 2002, at 3:30 p.m. local time (the "Annual Meeting"), or at any adjournment or postponement thereof, for the purposes set forth herein and in the accompanying Notice of Annual Meeting. The Annual Meeting will be held at the Radisson Plaza Hotel, 35 South 7th Street, Minneapolis, Minnesota. The Company intends to mail this proxy statement and accompanying proxy card on or about **APRIL 22, 2002**, to all stockholders entitled to vote at the Annual Meeting.

SOLICITATION

The Company will bear the entire cost of solicitation of proxies, including preparation, assembly, printing and mailing of this proxy statement, the proxy card and any additional information furnished to stockholders. Copies of solicitation materials will be furnished to banks, brokerage houses, fiduciaries and custodians holding in their names shares of Common Stock beneficially owned by others to forward to such beneficial owners. The Company may reimburse persons representing beneficial owners of Common Stock for their costs of forwarding solicitation materials to such beneficial owners. Original solicitation of proxies by mail may be supplemented by telephone, telegram or personal solicitation by directors, officers or other regular employees of the Company. No additional compensation will be paid to directors, officers or other regular employees for such services.

VOTING RIGHTS AND OUTSTANDING SHARES

Edgar Filing: DIGITAL RIVER INC /DE - Form DEF 14A

Only holders of record of Common Stock at the close of business on March 22, 2002 will be entitled to notice of and to vote at the Annual Meeting. At the close of business on March 22, 2002, the Company had outstanding and entitled to vote 26,583,884 shares of Common Stock.

Each holder of record of Common Stock on such date will be entitled to one vote for each share held on all matters to be voted upon at the Annual Meeting.

A quorum of stockholders is necessary to hold a valid meeting. A quorum will be present if at least a majority of the outstanding shares are represented by votes at the meeting or by proxy. All votes will be tabulated by the inspector of election appointed for the meeting, who will separately tabulate affirmative and negative votes, abstentions and broker non-votes. Abstentions will be counted towards the vote total on proposals presented to the stockholders and will have the same effect as negative votes. Broker non-votes are counted towards a quorum, but are not counted for any purpose in determining whether a matter has been approved.

1

VOTING VIA THE INTERNET

Stockholders may grant a proxy to vote their shares by means of the Internet. The law of Delaware, under which the Company is incorporated, specifically permits electronically transmitted proxies, provided that each such proxy contains or is submitted with information from which the inspectors of election can determine that such proxy was authorized by the stockholder.

The Internet voting procedures below are designed to authenticate stockholders' identities, to allow stockholders to grant a proxy to vote their shares and to confirm that stockholders' instructions have been recorded properly. Stockholders granting a proxy to vote via the Internet should understand that there may be costs associated with electronic access, such as usage charges from Internet access providers and telephone companies, that must be borne by the stockholder.

For Shares Registered in Your Name or in the Name of a Broker or Bank

Stockholders of record may go to <http://www.proxyvote.com> to grant a proxy to vote shares of Company Common Stock by means of the Internet. You will be required to provide the 12 digit control number contained on your proxy card. You will then be asked to complete an electronic proxy card. The votes represented by such proxy will be generated on the computer screen and you will be prompted to submit or revise them as desired.

Most beneficial owners whose stock is held in street name receive instruction for granting proxies from their banks, brokers or other agents, rather than the Company's proxy card. A number of brokers and banks are participating in a program provided through ADP Investor Communication Services that offers the means to grant proxies to vote shares by means of the Internet. If your shares are held in an account with a broker or bank participating in the ADP Investor Communications Services program, you may go to <http://www.proxyvote.com> to grant a proxy to vote your shares by means of the Internet.

General Information for All Shares Voted Via the Internet

Votes submitted via the Internet must be received by 12:00 noon, Eastern Daylight Time, on Friday, May 17, 2002. Submitting your proxy via the Internet will not affect your right to vote in person should you decide to attend the Annual Meeting.

REVOCABILITY OF PROXIES

Any person giving a proxy pursuant to this solicitation has the power to revoke it at any time before it is voted. It may be revoked by filing with the Secretary of the Company at the Company's principal executive office, 9625 West 76th Street, Suite 150, Eden Prairie, Minnesota 55344, a written notice of revocation or a duly executed proxy bearing a later date, or it may be revoked by attending the meeting and voting in person. Attendance at the meeting will not, by itself, revoke a proxy.

STOCKHOLDER PROPOSALS

The deadline for submitting a stockholder proposal for inclusion in the Company's proxy statement and form of proxy for the Company's 2003 annual meeting of stockholders pursuant to Rule 14a-8 of the Securities and Exchange Commission ("SEC") is December 23, 2002. Stockholders wishing to submit proposals or director nominations that are not to be included in such proxy statement and proxy, must have given written notice delivered to the Secretary at the principal executive offices of the Company not later than the close of business on

February 19, 2003 nor earlier than the close of business on January 20, 2003. Stockholders are also advised to review the Company's Bylaws, which contain additional requirements with respect to advance notice of stockholder proposals and director nominations.

PROPOSAL 1

ELECTION OF DIRECTORS

The Company's Restated Certificate of Incorporation and Bylaws provide that the Board of Directors shall be divided into three classes, each class consisting, as nearly as possible, of one-third of the total number of directors, with each class having a three-year term. Vacancies on the Board may be filled only by persons elected by a majority of the remaining directors. A director elected by the Board to fill a vacancy (including a vacancy created by an increase in the number of directors) shall serve for the remainder of the full term of the class of directors in which the vacancy occurred and until such director's successor is elected and qualified.

The Board of Directors is presently composed of seven members and there is currently one vacant Board seat. There is one director in the class whose term of office expires in 2002. The nominee for election to this class, Thomas F. Madison, is currently a director of the Company who was previously elected by the stockholders. If elected at the Annual Meeting, Mr. Madison would serve until the 2005 annual meeting and until his successor is elected and has qualified, or until his earlier death, resignation or removal.

Directors are elected by a plurality of the votes present in person or represented by proxy and entitled to vote at the meeting. Shares represented by executed proxies will be voted, if authority to do so is not withheld, for the election of Mr. Madison. In the event that Mr. Madison should be unavailable for election as a result of an unexpected occurrence, such shares will be voted for the election of such substitute nominee as management may propose. Mr. Madison has agreed to serve if elected, and management has no reason to believe that he will be unable to serve.

Set forth below is biographical information for Mr. Madison and each person whose term of office as a director will continue after the Annual Meeting.

The Audit Committee is composed of three non-employee directors: Messrs. Choate, Madison and Thorin. It met two times during the last fiscal year. All members of the Company's Audit Committee are independent (as independence is defined in Rule 4200(a)(15) of the National Association of Securities Dealers listing standards). REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS(1)

(1)

The material in this report is not "soliciting material," is not deemed "filed" with the SEC, and is not incorporated by reference into any filing of the Company under the Securities Act of 1933, as amended (the "1933 Act"), or the Securities Exchange Act of 1934 (the "1934 Exchange Act").

The following is the report of the Audit Committee with respect to the Company's audited financial statements for the fiscal year ended December 31, 2001, which include the consolidated balance sheets of the Company as of December 31, 2001 and 2000, and the related consolidated statements of operations, stockholders' equity and cash flows for each of the three years in the period ended December 31, 2001, and the notes thereto.

REVIEW WITH MANAGEMENT

The Audit Committee has reviewed and discussed the Company's audited financial statements with management.

REVIEW AND DISCUSSIONS WITH INDEPENDENT ACCOUNTANTS

The Audit Committee has discussed with Arthur Andersen LLP, the Company's independent accountants, the matters required to be discussed by SAS 61 (Codification of Statements on Accounting Standards) that includes, among other items, matters related to the conduct of the audit of the Company's financial statements.

The Audit Committee has also received written disclosures and the letter from Arthur Andersen LLP required by Independence Standards Board Standard No. 1 (that relates to the accountant's independence from the Company and its related entities) and has discussed with Arthur Andersen LLP its independence from the Company.

CONCLUSION

Based on the review and discussions referred to above, the Audit Committee recommended to the Board of Directors that the Company's audited financial statements be included in the Company's Annual Report of Form 10-K for the fiscal year ended December 31, 2001.

SELECTION OF INDEPENDENT AUDITORS

Arthur Andersen LLP has served as the Company's independent auditors for each of the fiscal years since the Company's initial public offering. On March 14, 2002, the SEC announced regulatory actions providing guidance to issuers whose financial statements are being audited by Arthur Andersen LLP. Issuers must obtain from Arthur Andersen LLP certain representations concerning audit quality controls, including representations regarding the continuity of Andersen LLP personnel working on the audit, the availability of national office consultation, and the availability of personnel at foreign affiliates of Arthur Andersen LLP to conduct relevant portions of the audit.

The Company has not yet addressed this recently released regulatory guidance by the SEC as it relates to the Company's selection of independent auditors for its fiscal year ending December 31, 2002. No selection of the Company's independent auditors for the fiscal year ending December 31, 2002 has been made by the Board of Directors. Accordingly, the Company is not seeking stockholder ratification of the selection of independent auditors in this proxy statement.

AUDIT FEES

During the fiscal year ended December 31, 2001, the aggregate fees billed by Arthur Andersen LLP for the audit of the Company's financial statements for such fiscal year and for the reviews of the Company's interim financial statements were \$108,500.

ALL OTHER FEES

During the fiscal year ended December 31, 2001, the aggregate fees billed by Arthur Andersen LLP for professional services other than audit fees were \$163,000.

AUDITOR'S INDEPENDENCE

The Audit Committee has determined that the rendering of all other non-audit services by Arthur Andersen LLP is compatible with maintaining the auditor's independence.

- (2) Based on options to purchase 3,631,533 shares of the Company's Common Stock granted in the fiscal year ended December 31, 2001.
- (3) All options were granted at the fair market value of the Company's Common Stock on the date of grant.
- (4) The potential realizable value is calculated based on the term of the option at its time of grant. It is calculated by assuming that the stock price on the date of grant appreciates at the indicated annual rate, compounded annually for the entire term of the option and that the option is exercised and sold on the last day of its term for the appreciated stock price. No gain to the option holder is possible unless the stock price increases over the option term. The 5% and 10% assumed rates of appreciation are derived from the rules of the SEC and do not represent the Company's estimate or projection of the future Common Stock price.

EMPLOYMENT AGREEMENTS

In May 1998, the Company entered into an employment and non-competition agreement with Joel A. Ronning, the Company's Chief Executive Officer and a member of the Office of the President. The term of the employment agreement is for a period of two years (the "Expiration Date") with automatic one-year renewals if not terminated prior to the Expiration Date (as extended in connection with any renewed term). Mr. Ronning's compensation pursuant to the employment agreement consists of a base salary of \$225,000. In 2001, Mr. Ronning's compensation also included a cash bonus equivalent to 162% of his base salary based on his and the Company's performance. Beginning in 2002, Mr. Ronning's base salary will be increased to \$250,000. In February 2002, Mr. Ronning was granted stock options to purchase an aggregate of 200,000 shares of the Company's Common Stock as part of his compensation. The options vest quarterly over four years. Future annual bonuses and stock option awards will be determined at the discretion of the Board. In the event of Mr. Ronning's termination under certain circumstances, including termination upon a change in control of the Company, he will be entitled to termination payments equal to his base salary at the time of termination plus a weighted three year average of his annual bonus amount. In the event of a change of control, any unvested and unexercised stock options held by Mr. Ronning will immediately vest and become exercisable. Mr. Ronning has also agreed not to compete with the Company in countries or territories where the Company conducts business for a period of 12 months following termination under certain circumstances.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The Company's Compensation Committee is composed of three non-employee directors: Messrs. Lansing, Madison and Thorin. No current member of the Compensation Committee is an officer or employee of the Company and no executive officer of the Company serves as a member of a compensation committee of any entity that has one or more executive officers serving as a member of the Compensation Committee.

INTRODUCTION

The Company's executive compensation policies and practices are approved by the Compensation Committee of the Board of Directors (the "Committee"). The Committee consists of three directors who are not employees of the Company. The Committee's determinations on compensation of the Chief Executive Officer and other executive officers are reviewed with all the non-employee directors.

PHILOSOPHY

The Committee has implemented compensation policies, plans and programs that seek to enhance stockholder value by aligning the financial interests of the executive officers with those of its stockholders. Annual base salaries are generally set at market-based competitive median levels. The Company relies on annual incentive compensation and stock options to attract, retain, motivate and reward executive officers and other key employees. Incentive compensation is variable and tied to corporate performance. The plans are designed to provide an incentive to management to grow revenues, provide quality returns on investment, enhance stockholder value and contribute to the long-term growth of the Company. All incentive compensation plans are reviewed at least annually to ensure they meet the current strategies and needs of the business.

COMPENSATION PLANS

The Company's executive compensation is based on three components, each of which is intended to support the overall compensation philosophy.

BASE SALARY

Base salary is targeted at the median level for emerging Internet companies of similar characteristics such as sales volume, capitalization and financial performance. Salaries for executive officers are reviewed by the Committee on an annual basis and may be changed based on the individual's performance or a change in competitive pay levels in the marketplace.

The Committee reviews with the Chief Executive Officer an annual salary plan for the Company's executive officers (other than the Chief Executive Officer). The salary plan is modified as deemed appropriate and approved by the Committee. The annual salary plan is developed by the Company's Chief Executive Officer based on publicly available information on organizations with similar characteristics and on performance judgments as to the past and expected future contributions of the individual executive. The Committee reviews and establishes the base salary of the Chief Executive Officer based on similar competitive compensation data and the Committee's assessment of his past performance and its expectation as to his future contributions in directing the long-term success of the Company.

The Committee elected to keep the Chief Executive Officer's base salary in 2001 at the 2000 level of \$225,000 per year. This reflected the Committee's belief that Mr. Ronning's base salary continued to be at a competitive level for similar Internet companies.

ANNUAL INCENTIVES

The Company's short-term incentives are paid pursuant to annual bonus plans agreed to by the Committee and the executive at or near the beginning of the year. The Committee believes that the annual bonus of key employees, including executive officers, should be based on optimizing revenues while maintaining prudent management of gross margins and operating expenses. Accordingly, the bonus plan for 2001 was based on achieving certain revenue and earnings levels. The bonus of \$363,750 paid to the Chief Executive Officer for 2001 was based on the pre-established performance goals as described.

EQUITY INCENTIVES

Long-term equity incentives are provided through grants of stock options to executive officers and other key employees pursuant to the Company's 1998 Stock Option Plan and the Company's 1999 Non-Officer Stock Option Plan (the "Option Plans"). The stock component of

Edgar Filing: DIGITAL RIVER INC /DE - Form DEF 14A

compensation is intended to retain and motivate employees to improve long-term stockholder value. Stock options are granted at fair market value and have value only if the Company's stock price increases. Stock options generally vest over a four year period. The Committee believes this element of the total compensation program directly links the participant's interests with those of the stockholders and the long-term performance of the Company.

The Committee establishes the number and terms of options granted under the Option Plans. The Committee encourages executives to build a substantial ownership investment in the Company's Common Stock. The table on page 8 reflects the ownership position of the directors and executive officers at March 1, 2002. Outstanding performance by an individual executive officer is recognized through larger option grants.

The Committee has delegated authority for granting certain options to a Stock Option Committee made up of the Company's Chief Executive Officer and President of its Software and Digital Commerce Services Division. All options granted by the Stock Option Committee require ratification by the Board of Directors. The Compensation Committee retains the authority to approve option grants to executive officers and directors of the Company.

Out of a total of 3,631,533 options granted in 2001, executive officers of the Company received grants for 1,185,000 shares, or approximately 33% of the total options granted in 2001. The Committee reviewed Mr. Ronning's performance for 2001 and reviewed market data for similar Internet companies. Based on his 2001 performance and market indicators, the Committee deemed that Mr. Ronning's equity incentive needed to be adjusted. The Committee therefore in early 2002 granted Mr. Ronning an option to purchase 200,000 shares of Common Stock in the Company and additionally in early 2001 granted Mr. Ronning an option to purchase 1,000,000 shares of Common Stock in the Company to bring him to competitive levels with chief executive officers of similar Internet companies.

The Committee believes that the programs described above provide compensation that is competitive with comparable emerging Internet companies, link executive and stockholder interests and provide the basis for the Company to attract and retain qualified executives. The Committee will continue to monitor the relationship among executive compensation, the Company's performance and stockholder value.

PERFORMANCE MEASUREMENT COMPARISON(1)

(1)

This Section is not "soliciting material," is not deemed "filed" with the SEC and is not to be incorporated by reference in any filing of the Company under the 1933 Act or the 1934 Exchange Act whether made before or after the date hereof and irrespective of any general incorporation language in any such filing.

The SEC requires a comparison on an indexed basis of cumulative total stockholder return for the Company, a relevant broad equity market index and a published industry line-of-business index. The following graph shows a total stockholder return of an investment of \$100 in cash on August 11, 1998 (the date the Company's Common Stock began trading on the Nasdaq National Market) for (i) the Company's Common Stock; (ii) the CRSP Total Return Index for the Nasdaq Stock Market (U.S. companies) (the "Nasdaq Composite Index"); and (iii) the JP Morgan H&Q Technology Index. The JP Morgan H&Q Technology Index is composed of approximately 200 technology companies in the semiconductor, electronics, medical and related technology industries. Historic stock price performance is not necessarily indicative of future stock price performance. All values assume reinvestment of the full amount of all dividends.

CERTAIN TRANSACTIONS

In fiscal 2001, Fujitsu Limited and a number of its affiliates were clients of the Company's E-Business Services Group, for which Fujitsu Limited and its affiliates paid the Company a total of approximately \$500,000 for services rendered. As of March 1, 2002, Fujitsu Limited was the beneficial owner of 6.19% of the outstanding shares of the Company's Common Stock.

HOUSEHOLDING OF PROXY MATERIALS

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for proxy statements and annual reports with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders. This process, which is commonly referred to as "householding," potentially means extra convenience for stockholders and cost savings for companies.

This year, a number of brokers with account holders who are Digital River stockholders will be "householding" the Company's proxy materials. A single proxy statement will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that they will be "householding" communications to your address, "householding" will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in "householding" and would prefer to receive a separate proxy statement and annual report, please notify your broker or direct your written request to: Investor Relations, Digital River, Inc., 9625 West 76th Street, Suite 150, Eden Prairie, Minnesota 55344 or contact Digital River, Inc., Investor Relations at (952) 253-1234. Stockholders who currently receive multiple copies of the proxy statement at their address and would like to request "householding" of their communications should contact their broker.

OTHER MATTERS

The Board of Directors knows of no other matters that will be presented for consideration at the Annual Meeting. If any other matters are properly brought before the meeting, it is the intention of the persons named in the accompanying proxy to vote on such matters in accordance with their best judgment.
