PROXY STATEMENT

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of MapInfo Corporation, a Delaware corporation (the "Company"), for use at the Annual Meeting of Stockholders (the "Annual Meeting") to be held on Thursday, February 12, 2004 and at any adjournments of the Annual Meeting. All proxies will be voted in accordance with the stockholders' instructions, and if no choice is specified, the proxies will be voted in favor of the matters set forth in the accompanying Notice of Meeting. Any proxy may be revoked by a stockholder at any time before its exercise by delivery of written revocation or a subsequently dated proxy to the Secretary of the Company or by voting in person at the Annual Meeting.

At the close of business on December 16, 2003, the record date for the determination of stockholders entitled to vote at the Annual Meeting (the "Record Date"), there were outstanding and entitled to vote an aggregate of 15,662,506 shares of common stock, \$0.002 par value per share, of the Company (the "Common Stock"). Stockholders are entitled to one vote per share.

The Company's Annual Report on Form 10-K for the fiscal year ended September 30, 2003, without exhibits, was mailed to stockholders, along with these proxy materials, on or about January 5, 2004. The Company will provide copies of the exhibits without charge upon request.

Votes Required

The holders of a majority of the number of shares of Common Stock issued, outstanding and entitled to vote at the Annual Meeting shall constitute a quorum at the Annual Meeting. Shares of Common Stock present in person or represented by proxy (including shares which abstain or do not vote with respect to one or more of the matters presented for stockholder approval) will be counted for purposes of determining whether a quorum is present.

Director nominees must receive a plurality of the votes cast at the Annual Meeting, which means that a vote withheld from a particular nominee or nominees will not affect the outcome of the election. The amendment to the 1993 Employee Stock Purchase Plan, the amendment to the 1993 Director Stock Option Plan and the ratification of

PricewaterhouseCoopers LLP as the Company's independent auditors for the current fiscal year must be approved by a majority of the votes cast on the matter.

Shares that abstain from voting as to a particular matter and shares held in street name by brokers or nominees who indicate on their proxy that they do not have discretionary authority to vote such shares as to a particular matter (a "broker non-vote"), will not be counted as votes in favor of such matter and will also not be counted as shares voting on such matter. Accordingly, an abstention or a broker non-vote on a matter that requires the affirmative vote of a plurality or a certain percentage of the shares present and voting on the matter, such as the election of directors, the amendment to the 1993 Employee Stock Purchase Plan, the amendment to the 1993 Director Stock Option Plan and the ratification of independent auditors, has no effect on the voting on such matter.

Stockholders may vote by any one of the following means:

- by mail
- by telephone (toll-free)
- over the Internet
- in person at the meeting

To vote by mail, sign, date and complete the enclosed proxy card and return it in the enclosed self-addressed stamped envelope. No postage is necessary if mailed in the United States. Instructions for voting by using a toll-free telephone number or over the Internet can be found on your proxy card. If you hold your shares through a bank, broker or other nominee, they will give you separate instructions on voting your shares.

(1) Each option has a ten-year term and vests over a four-year period, with one quarter vesting after the first year and the remaining portions vesting in equal monthly installments.

(2) Amounts represent hypothetical gains that could be achieved for the option if exercised at the end of the option term. These gains are based on assumed rates of stock appreciation of 5% and 10% compounded annually from the date the respective options were granted to their expiration date. Actual gains, if any, on stock option exercises will depend on the future performance of the Common Stock and the date on which the options are exercised. Because the exercise price of each option represents the fair market value of the Common Stock on the grant date, no gain to the optionee is possible without an appreciation in stock price, which will benefit all stockholders commensurately.

Based solely on its review of copies of reports filed by Reporting Persons pursuant to Section 16(a) of the Exchange Act or written representations from certain Reporting Persons that no Form 5 filing was required for such persons, the

Mr. Cavalier serves as chairman of the board of directors of Bridgeline Software, a privately held company, of which Mr. Massie is President and CEO.

REPORT OF COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

The Company's executive compensation program is administered by the Compensation Committee. The Company's executive compensation program, consisting of base salaries, bonus awards and stock option grants, is designed to attract, retain and reward executives who are responsible for leading the Company in achieving its business objectives. The Compensation Committee establishes the compensation of the Chief Executive Officer. All decisions regarding the compensation of other executive officers were approved by the Compensation Committee and then reviewed by the outside independent directors. The Compensation Committee made recommendations to the other outside independent directors regarding the Chairman's compensation, which recommendations were approved.

Compensation Philosophy

The Company's executive compensation philosophy is based on the belief that competitive compensation is essential to attract, motivate and retain highly qualified employees. The Company's policy is to provide total compensation that is competitive for comparable work and comparable corporate performance. The compensation program includes both motivational and retention-related compensation components. Bonuses are included to encourage effective performance relative to current plans and objectives. Stock options are included to help retain productive people and to more closely align their interests with those of stockholders.

In executing its compensation policy, the Company seeks to relate compensation with the Company's financial performance and business objectives, reward high levels of individual performance and tie a significant portion of total executive compensation to the performance of the Company. While compensation survey data are useful guides for comparative purposes, the Company believes that a successful compensation program also requires the application of judgment and subjective determinations of individual performance, and the Compensation Committee applies judgment in reconciling the program's objectives with the realities of retaining valued employees.

In addition, during fiscal 2003, the Company entered into employment agreements with its executives. These agreements include provisions designed to reinforce and encourage the continued employment and dedication of these executives to provide their expertise and contribute to the successful operation and growth of the Company as well as provisions that apply in the event of a change in control of the Company.

Executive Compensation Program

Annual compensation for the Company's executives consists of three principal elements -- base salary, cash bonus awards and stock options.

Base Salary

In setting the annual cash compensation for Company executives, the Compensation Committee reviews and considers compensation for comparable positions in a group of software companies selected by the Committee for comparison purposes, software industry compensation surveys, historical compensation levels of executives, reports of outside compensation consulting firms and the terms of any applicable employment agreement. The Compensation Committee and the Board also compare the Company's pay practices with other software companies through review of survey and proxy data.

Increases in annual base salary are based on a subjective review and evaluation of the performance of the operation or activity for which the executive has responsibility, the impact of that operation or activity on the Company and the skills and experience required for the job, coupled with a comparison of these elements with similar elements for other executives both within and outside the Company. The Compensation Committee does not assign any particular weight to these factors or use any objective formula for determining base salaries.

Cash Bonus Awards

The cash bonus awards for each executive are tied to targets established in employment agreements and financial and other performance objectives and targets, fixed by the Board of Directors for the Chief Executive Officer, and by the Chief Executive Officer for the other executive officers. During fiscal 2003, bonus awards were based principally on the Company's achievement of its goals relating to reducing expenses and returning to profitability. In addition, the Chief Executive Officer set personal objectives for the other executive officers who receive cash bonuses and made a subjective determination of the extent to which such personal objectives were achieved by each executive during fiscal 2003. The weighting between objectives and targets varied by executive based upon the subjective determinations of the Compensation Committee.

Equity Ownership

Total compensation at the executive level also includes long-term incentives afforded by stock options. The purpose of the Company's stock option program is to (i) reinforce the mutuality of long-term interests between employees and the stockholders and (ii) assist in the attraction and retention of executives, key managers and individual contributors who are essential to the Company's success.

The Company's stock option program includes multi-year vesting periods to optimize the retention value of these options and to orient the Company's executives and managers to longer-term success. During fiscal 2003, options granted to executives provided for one-quarter vesting after one year from the date of grant and the remaining portion vesting at the end of each succeeding month at the rate of 1/48 of the original number of options per month until fully vested after four years, with unvested options immediately terminating upon an employee leaving the Company. The size of the stock option awards is generally intended to reflect the significance of the recipient's current and anticipated contributions to the Company. The exercise price of options granted by the Company is 100% of the fair market value per share on the date of grant. A recipient's existing equity interest in the Company generally is taken into account when determining the size of an option grant. The Company also has an employee stock purchase plan, which is available to all of its full-time employees, including executives but exclusive of any employee who owns, or would own after purchase under this plan, 5% or more of the total combined voting power or value of the stock of the Company or of any subsidiary. Such plan generally permits employees to purchase shares at a discount of 15% from the lesser of the fair market value at the beginning or end of an offering period.

In fiscal 2003, pursuant to the 1993 Stock Incentive Plan, Mr. Cattini, the Company's President and Chief Executive Officer, received an option to purchase 20,000 shares of Common Stock at an exercise price of \$3.21 per share and an option to purchase 25,000 shares of Common Stock at an exercise price of \$6.04 per share; Mr. McDougall, the Company's Vice President and Chief Financial Officer, received an option to purchase 20,000 shares of Common Stock at an exercise price of \$6.22 per share and an option to purchase 20,000 shares of Common Stock at an exercise price of \$3.21 per share; Mr. Hickey, the Company's Chief Operating Officer, received an option to purchase 20,000

shares of Common Stock at an exercise price of \$3.21 per share; Mr. Lennox, the Company's Group Vice President, Sales and Marketing, received an option to purchase 25,000 shares of Common Stock at an exercise price of \$3.21 per share; Mr. Moon, the Company's Chief Technology Officer, received an option to purchase 11,250 shares of Common Stock at an exercise price of \$3.21 per share and Mr. Tobin, the Company's Executive Vice President, Human Resources, received an option to purchase 11,250 shares of Common Stock at an exercise price of \$3.21 per share.

Chief Executive Officer Fiscal 2003 Compensation

Mr. Cattini served as Chief Executive Officer of the Company during 2003. The Compensation Committee set Mr. Cattini's base salary at \$300,000, which was considered to be at the lower end of marketplace competitive standards. Mr. Cattini was also awarded a bonus of \$388,904 for fiscal 2003 based upon the achievement of certain targeted objectives, which related to the Company reducing expenses and returning to profitability, focused primarily on the last three quarters of fiscal year 2003. Additionally, based upon the Compensation Committee's subjective determination of Mr. Cattini's value to the Company including his current and anticipated contributions and expertise, and taking into account Mr. Cattini's current stock and option holdings and the amount of his fiscal 2003 cash bonus, Mr. Cattini received options to purchase an aggregate of 45,000 shares of Common Stock.

Compliance with Internal Revenue Code Section 162(m)

Section 162(m) of the Internal Revenue Code of 1986, as amended, generally disallows a tax deduction to public companies for certain compensation in excess of \$1 million paid to the company's Chief Executive Officer and the four other most highly compensated executive officers. Certain compensation, including qualified performance-based compensation, will not be subject to the deduction limit if certain requirements are met.

The Compensation Committee periodically reviews the potential consequences of Section 162(m) of the Internal Revenue Code (the "Code") and may structure the performance-based portion of its executive compensation to comply with certain exemptions to Section 162(m). However, the Compensation Committee reserves the right to use its judgment to authorize compensation payments that do not comply with the exemptions to Section 162(m) when the Compensation Committee believes such payments are appropriate and in the best interests of the stockholders, after taking into account changing business conditions or the officer's performance.

PROPOSAL NO. 2 -

APPROVAL OF AMENDMENT TO 1993

EMPLOYEE STOCK PURCHASE PLAN

The Board of Directors believes that the Company's 1993 Employee Stock Purchase Plan (as amended, the "1993 Stock Purchase Plan") is an important component of the Company's strategy to attract, retain and motivate employees. As of October 31, 2003, only 149 shares were available for future purchases under the 1993 Stock Purchase Plan. Accordingly, on November 12, 2003, the Board of Directors adopted, subject to stockholder approval, an amendment to the 1993 Stock Purchase Plan that increases from 1,712,500 to 2,212,500 the number of shares of Common Stock available for purchase by employees under the 1993 Stock Purchase Plan, subject to proportionate adjustment for

certain changes in the Company's capitalization, such as a stock split.

The Board of Directors recommends a vote "FOR" the approval of the amendment to the 1993 Stock Purchase Plan.

The following is a brief summary of the 1993 Stock Purchase Plan. The following summary is qualified in its entirety by reference to the 1993 Stock Purchase Plan, a copy of which is attached as an appendix to the electronic copy of this Proxy Statement filed with the SEC and may be accessed from the SEC's home page (www.sec.gov). In addition, a copy of the 1993 Stock Purchase Plan may be obtained from the Secretary of the Company.

The 1993 Stock Purchase Plan provides eligible employees of the Company with opportunities to purchase shares of Common Stock at a discounted price. The 1993 Stock Purchase Plan is implemented through offerings, each approximately six months in length. The Board may specify a shorter period, or a longer period of less than twelve months.

Each employee of the Company and its eligible subsidiaries, including two directors who are also employees, is eligible to participate in the 1993 Stock Purchase Plan, provided he or she (i) is employed by the Company or any eligible subsidiary on the applicable offering commencement date, (ii) is regularly employed by the Company or any eligible subsidiary for more than 20 hours per week and for more than five months in a calendar year and (iii) has been employed by the Company or any eligible subsidiary for at least three months (or such period as may be determined by the Board or the Compensation Committee) prior to enrolling in the 1993 Stock Purchase Plan. An employee may elect to have a whole number percentage from 1% to up to 10% deducted from his or her base pay for purposes of purchasing shares under the 1993 Stock Purchase Plan, subject to certain limitations on the maximum number of shares that may be purchased. The price at which shares may be purchased during each offering will be the lower of (i) 85% of the closing price of the Common Stock as reported on the Nasdaq National Market on the first business day of the offering period or (ii) 85% of the closing price of the Common Stock as reported on the Nasdaq National Market on the last business day of the offering period.

The 1993 Stock Purchase Plan is administered by the Board of Directors of the Company and the Compensation Committee of the Board of Directors. The Board and the Compensation Committee have the authority to make rules and regulations for the administration of the 1993 Stock Purchase Plan. The Board may at any time terminate or amend the 1993 Stock Purchase Plan, provided that no such amendment may be made without prior approval of the stockholders of the Company if such approval is required by Rule 16b-3 under the Exchange Act or Section 423 of the Code, and in no event may any amendment be made which would cause the 1993 Stock Purchase Plan to fail to comply with Section 16 of the Exchange Act and the rules promulgated thereunder or Section 423 of the Code. The 1993 Stock Purchase Plan contains provisions relating to the disposition of purchase rights under the 1993 Stock Purchase Plan in the event of certain mergers, acquisitions and other extraordinary corporate transactions involving the Company.

As of October 31, 2003, approximately 690 employees were eligible to participate in the 1993 Stock Purchase Plan.

The purchase of shares under the 1993 Stock Purchase Plan is discretionary, and the Company cannot now determine the number of shares to be purchased in the future by any particular person or group. Since the adoption of the 1993 Stock Purchase Plan, the following persons and groups have purchased the number of shares listed: Mr. Cattini, the Company's President and Chief Executive Officer - 19,490 shares; Mr. Hickey, the Company's Chief Operating Officer - 12,565 shares; Mr. McDougall, the Company's Vice President, Treasurer and Chief Financial Officer - 12,583 shares; Mr. Lennox, the Company's Group Vice President, Worldwide Sales & Marketing - 7,666 shares; Mr. Moon, the Company's Chief Technology Officer - 6,768 shares; Mr. Tobin, the Company's Executive Vice President, Human Resources - 21,801 shares; all current executive officers as a group - 80,873 shares; and Mr. Cavalier, the Company's Chairman - 4,416 shares. No other current director, nominee for director, or associate of any of such

directors, executive officers or nominees, has purchased any shares under the 1993 Stock Purchase Plan. No person has purchased greater than 5% of the shares issued under this plan. Current employees of the Company have purchased an aggregate of 1,121,342 shares under this plan.

Federal Income Tax Consequences

The following generally summarizes the United States federal income tax consequences that will arise with respect to participation in the 1993 Stock Purchase Plan and with respect to the sale of common stock acquired under the 1993 Stock Purchase Plan. This summary is based on the tax laws in effect as of the date of this proxy statement. Changes to these laws could alter the tax consequences described below.

Tax Consequences to Participants

. A participant will not have income upon enrolling in the plan or upon purchasing stock at the end of an offering.

A participant may have both compensation income and capital gain income or both compensation income and a capital loss upon the sale of stock that was acquired under the plan. The amount of each type of income and loss will depend on when the participant sells the stock.

If the participant sells the stock more than two years after the commencement of the offering during which the stock was purchased and more than one year after the date that the participant purchased the stock, then the participant will have compensation income equal to the lesser of:

- (1) 15% of the value of the stock on the day the offering commenced; and
- (2) the participant's profit (the excess of the sales proceeds over the purchase price).

Any excess profit will be long-term capital gain. If the participant sells the stock at a loss (if sales proceeds are less than the purchase price) after satisfying these waiting periods, then the loss will be a long-term capital loss.

If the participant sells the stock prior to satisfying these waiting periods, then he or she will have engaged in a disqualifying disposition. Upon a disqualifying disposition, the participant will have compensation income equal to the value of the stock on the day he or she purchased the stock less the purchase price. If the participant's profit exceeds the compensation income, then the excess profit will be capital gain. If the participant's profit is less than the compensation income, then the participant will have a capital loss equal to the value of the stock on the day he or she purchased the stock less the sales proceeds. This capital gain or loss will be long-term if the participant has held the stock for more than one year and otherwise will be short-term.

Tax Consequences to the Company

. There will be no tax consequences to the Company except that we will be entitled to a deduction when a participant has compensation income upon a disqualifying disposition. Any such deduction will be subject to the limitations of Section 162(m) of the Code.

PROPOSAL NO. 3 -

APPROVAL OF AMENDMENT TO 1993 DIRECTOR STOCK OPTION PLAN

The Board of Directors believes that the continued growth and profitability of the Company depends upon the ability of the Company to attract and retain highly qualified non-employee directors. The Company's 1993 Director Stock Option Plan (as amended, the "Director Option Plan") authorizes an annual option grant to purchase 15,000 shares of Common Stock at an option exercise price equal to the fair market value of the Common Stock on the date of grant and allows discretionary grants to eligible directors. On November 12, 2003, the Board of Directors adopted, subject to stockholder approval, an amendment to the Director Option Plan that increased from 347,500 to 497,500 the number of shares of Common Stock available for issuance under the Director Option Plan (subject to proportionate adjustment for certain changes in the Company's capitalization, such as a stock split).

The Board of Directors recommends a vote "FOR" the approval of the amendment to the Director Option Plan.

The following is a brief summary of the 1993 Director Option Plan. The following summary is qualified in its entirety by reference to the Director Option Plan, a copy of which is attached as an appendix to the electronic copy of this Proxy Statement filed with the SEC and may be accessed from the SEC's home page (www.sec.gov). In addition, a copy of the Director Option Plan may be obtained from the Secretary of the Company.

Each director who is not also an employee of the Company or any subsidiary of the Company receives on the date of each annual meeting of stockholders a nonstatutory option to purchase 15,000 shares of Common Stock of the Company at its then fair market value. Each option vests nine years and nine months after the date of grant, provided, however, that such option becomes exercisable one year after the date of grant if the director has during that year attended at least 75% of the aggregate of the number of meetings of the Board of Directors and the number of meetings held by all committees on which the director then served. In May 2000, the Board of Directors amended the Director Option Plan to allow the Board to make discretionary option grants under the Plan to eligible directors on such terms as the Board may determine. The amendment to the Director Option Plan submitted to the stockholders for approval will increase the number of shares reserved for issuance under the Director Option Plan from 347,500 to 497,500 shares of Common Stock. As of October 31, 2003, options to purchase 201,316 shares of the Company's Common Stock were outstanding under the Director Option Plan, options to purchase 134,316 shares had been exercised and 11,868 shares were available for grant under the Plan.

In the event an optionee ceases to serve as a director, each option granted under the Director Option Plan may be exercised by the optionee at any time within 12 months after the date of cessation of service to the extent such option was exercisable at the time of such cessation of service. Notwithstanding the foregoing, no option is exercisable after the expiration of ten years from the date of grant. Unless otherwise provided in the option agreement, an option granted under the Director Option Plan is nontransferable otherwise than by the laws of descent and distribution and may be exercised during the lifetime of the optionee only by such optionee. The Director Option Plan contains provisions relating to the disposition of options in the event of certain mergers, acquisitions and other extraordinary corporate transactions involving the Company. In the event that the Company is merged or consolidated into or with another corporation (in which consolidation or merger the stockholders of the Company receive distributions of cash or securities of another issuer as a result thereof), or in the event that all or substantially all of the assets of the Company are acquired by any other person or entity, or in the event of a reorganization or liquidation of the Company, the Board of Directors of the Company, or the board of directors of any corporation assuming the obligations of the Company, shall, as to outstanding options, either (i) provide that such options shall be assumed, or equivalent options shall be substituted, by the acquiring or successor corporation (or an affiliate thereof), or (ii) upon written notice to the optionees, provide that all unexercised options will terminate immediately prior to the consummation of such merger, consolidation, acquisition, reorganization or liquidations unless exercised by the optionee within a specified number of days following the date of such notice.

The Director Option Plan is administered by the Company's Board of Directors. The Board of Directors may, at any time, modify, terminate, or amend the Plan in any respect, except that if at any time the approval of the stockholders of the Company is required as to such modification or amendment under any applicable tax or regulatory requirement, such approval must be obtained.

The following table sets forth the benefits that will be received in fiscal 2004 by the Named Executive Officers, individually and as a group, by non-executive directors as a group and by non-executive officer employees as a group under the Director Option Plan.

Federal Income Tax Consequences

The following is a summary of the United States federal income tax consequences that generally will arise with respect to options granted under the Director Option Plan and to the sale of Common Stock acquired under the Director Option Plan.

Tax Consequences to Participants. A participant will not recognize taxable income upon the grant of an option under the Director Option Plan. However, a participant who exercises a stock option generally will recognize ordinary compensation income in an amount equal to the excess of the fair market value of the Common Stock acquired

through the exercise of the option ("Option Stock") on the Exercise Date over the exercise price.

With respect to any Option Stock, a participant will have a tax basis equal to the exercise price plus any income recognized upon the exercise of the option. Upon selling Option Stock, a participant generally will recognize capital gain or loss in an amount equal to the difference between the sale price of the Option Stock and the participant's tax basis in the Option Stock. This capital gain or loss will be a long-term gain or loss if the participant has held the Option Stock for more than one year prior to the date of the sale, and will be a short-term capital gain or loss if the participant has held the Option Stock for a shorter period.

Tax Consequences to the Company. The grant of an option under the Director Stock Option Plan will have no tax consequences to the Company. The Company generally will be entitled to a business-expense deduction with respect to any ordinary compensation income recognized by a participant upon the exercise of an option under the Director Option Plan.

PROPOSAL NO. 4 - RATIFICATION OF SELECTION OF INDEPENDENT AUDITORS

The Board of Directors, at the recommendation of the Audit Committee, has selected the firm of PricewaterhouseCoopers LLP as the Company's independent auditors for the current fiscal year. PricewaterhouseCoopers LLP (and its predecessor, Coopers & Lybrand L.L.P.) has served as the Company's independent auditors since inception. Although stockholder approval of the Board of Directors' selection of PricewaterhouseCoopers LLP is not required by law, the Board of Directors believes that it is advisable to give stockholders an opportunity to ratify this selection. If this proposal is not approved at the Annual Meeting, the Board of Directors will reconsider its selection of PricewaterhouseCoopers LLP. Representatives of PricewaterhouseCoopers LLP are expected to be present at the Annual Meeting and will have the opportunity to make a statement if they desire to do so and will also be available to respond to appropriate questions from stockholders.

Audit Fees

PricewaterhouseCoopers LLP billed the Company an aggregate of \$240,660 in fees for professional services rendered in connection with the audit of the Company's financial statements for the most recent fiscal year and the reviews of the financial statements included in each of the Company's Quarterly Reports on Form 10-Q during the fiscal year ended September 30, 2003.

Financial Information Systems Design and Implementation Fees

PricewaterhouseCoopers LLP did not bill the Company for any professional services rendered to the Company and its affiliates for the fiscal year ended September 30, 2003 in connection with financial information systems design or implementation, the operation of the Company's information system or the management of its local area network.

All Other Fees

PricewaterhouseCoopers LLP billed the Company an aggregate of \$273,235 in fees for other services rendered to the Company and its affiliates for the fiscal year ended September 30, 2003. These other services included income tax services, statutory audits in connection with foreign jurisdictions and tax consulting related to acquisitions, income tax exams and research and development credit claims.

The Audit Committee considered and determined that the provision of non-audit services provided by PricewaterhouseCoopers LLP is compatible with maintaining the firm's independence.

The Board of Directors recommends a vote "FOR" the ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent auditors.

STOCKHOLDER PROPOSALS

Proposals of stockholders made in accordance with Rule 14a-8 of the Exchange Act and intended to be presented at the 2005 Annual Meeting of Stockholders must be received by the Company at its principal office in Troy, New York no later than September 7, 2004 for inclusion in the proxy statement for that meeting. In addition, the Company's By-laws require that the Company be given advance notice of stockholder nominations for election to the Company's Board of Directors and of other matters which stockholders wish to present for action at an annual meeting of stockholders (other than matters included in the Company's proxy statement in accordance with Rule 14a-8). The required notice must be made in writing, include the information required by the By-Laws, be delivered or mailed by first class United States mail, postage prepaid, to the Secretary of the Company at the principal offices of the Company, and be received not less than 60 days nor more than 90 days prior to the 2005 Annual Meeting; provided, however, that if less than 70 days notice or prior public disclosure of the date of the meeting is given to stockholders, such nomination or other proposal shall have been mailed or delivered to the Secretary not later than the close of business on the 10th day following the date on which the notice of the meeting was mailed or such public disclosure made, whichever occurs first. While the Company has not yet set the date of the 2005 Annual Meeting, assuming it was held on February 12, 2005 (the same day as this year's meeting), notice of a stockholder proposal or director nomination would need to be made no earlier than November 14, 2004 and no later than December 14, 2004. Any stockholder proposal must also comply with the other applicable provisions of the Company's Certificate of Incorporation and By-laws and the Exchange Act. No stockholder proposal is required to be considered unless it is presented in accordance with the foregoing requirements.

OTHER MATTERS

The Board of Directors does not know of any other matters which may come before the Annual Meeting. However, if any other matters are properly presented to the Annual Meeting, it is the intention of the persons named in the accompanying proxy to vote, or otherwise act, in accordance with their judgment on such matters. All costs of solicitation of proxies will be borne by the Company. In addition to solicitations by mail, the Company's directors, officers and regular employees, without additional remuneration, may solicit proxies by telephone, e-mail, telecopy and personal interviews, and the Company reserves the right to retain outside agencies for the purpose of soliciting proxies. Brokers, custodians and fiduciaries will be requested to forward proxy soliciting material to the owners of stock held in their names, and, as required by law, the Company will reimburse them for their out-of-pocket expenses in this regard.

MapInfo Corporation
1993 Employee Stock Purchase Plan

The purpose of this Plan is to provide eligible employees of MapInfo Corporation (the "Company") and certain of its subsidiaries with opportunities to purchase shares of the Company's common stock, \$.002 par value per share (the "Common Stock"). 1,712,500 shares of Common Stock in the aggregate have been approved for this purpose.

1. Administration. The Plan will be administered by the Company's Board of Directors (the "Board") or by a Committee appointed by the Board (the "Committee"). The Board or the Committee has authority to make rules and regulations for the administration of the Plan and its interpretation and decisions with regard thereto shall be final and conclusive.

2. Eligibility. Participation in the Plan will neither be permitted nor denied contrary to the requirements of Section 423 of the Internal Revenue Code of 1986, as amended (the "Code"), and regulations promulgated thereunder. All employees of the Company, including Directors who are employees, and all employees of any subsidiary of the Company (as defined in Section 424(f) of the Code) designated by the Board or the Committee from time to time (a "Designated Subsidiary"), are eligible to participate in any one or more of the offerings of Options (as defined in Section 9) to purchase Common Stock under the Plan provided that:

(a) they are regularly employed by the Company or a Designated Subsidiary for more than 20 hours a week and for more than five months in a calendar year; and

(b) they have been employed by the Company or a Designated Subsidiary for at least three months (or such number of days as may be determined by the Board of Directors or Committee) prior to enrolling in the Plan; and

(c) they are employees of the Company or a Designated Subsidiary on the first day of the applicable Plan Period (as defined below).

No employee may be granted an option hereunder if such employee, immediately after the option is granted, owns 5% or more of the total combined voting power or value of the stock of the Company or any subsidiary. For purposes of the preceding sentence, the attribution rules of Section 424(d) of the Code shall apply in determining the stock ownership of an employee, and all stock which the employee has a contractual right to purchase shall be treated as stock owned by the employee.

3. Offerings. The Company will make one or more offerings ("Offerings") to employees to purchase stock under this Plan. Offerings will begin on such dates as may be determined by the Board of Directors or the Committee (the "Offering Commencement Dates"). Each Offering Commencement Date will begin an approximately six-month period (a "Plan Period") during which payroll deductions will be made and held for the purchase of Common Stock at the end of the Plan Period. The Board or the Committee may, at its discretion, choose different Plan Periods of twelve (12) months or less for Offerings.

4. Participation. An employee eligible on the Offering Commencement Date of any Offering may participate in such Offering by completing and forwarding a payroll deduction authorization form to the employee's appropriate payroll office at least seven days prior to the applicable Offering Commencement Date. The form will authorize a regular payroll deduction from the Compensation received by the employee during the Plan Period. Unless an employee files a new form or withdraws from the Plan, his deductions and purchases will continue at the same rate for future Offerings under the Plan as long as the Plan remains in effect. The term "Compensation" means the amount of money reportable on the employee's Federal Income Tax Withholding Statement, excluding, to the extent determined by the Board or the Committee, overtime, shift premium, incentive or bonus awards, allowances and reimbursements for expenses such as relocation allowances for travel expenses, income or gains on the exercise of Company stock options or stock appreciation rights, and similar items, whether or not shown on the employee's Federal Income Tax Withholding Statement, and including, in the case of salespersons, sales commissions to the extent determined by the Board or the Committee.

5. Deductions. The Company will maintain payroll deduction accounts for all participating employees. With respect to any Offering made under this Plan, an employee may authorize a payroll deduction up to a maximum of 10% of the Compensation he or she receives during the Plan Period or such shorter period during which deductions from payroll are made, subject to such lesser maximum rate as may be determined by the Board of Directors or Committee prior to the applicable Offering Commencement Date. Subject to the foregoing, payroll deductions may be at the rate of 1%, 2%, 3%, 4%, 5%, 6%, 7%, 8%, 9% or 10% of Compensation.

No employee may be granted an Option (as defined in Section 9) which permits his rights to purchase Common Stock under this Plan and any other stock purchase plan of the Company and its subsidiaries, to accrue at a rate which exceeds \$25,000 of fair market value of such Common Stock (determined at the Offering Commencement Date of the Plan Period) for each calendar year in which the Option is outstanding at any time.

6. Deduction Changes. An employee may decrease or discontinue his payroll deduction once during any Plan Period, by filing a new payroll deduction authorization form. However, an employee may not increase his payroll deduction during a Plan Period. If an employee elects to discontinue his payroll deductions during a Plan Period, but does not elect to withdraw his funds pursuant to Section 8 hereof, funds deducted prior to his election to discontinue will be applied to the purchase of Common Stock on the Exercise Date (as defined below).

7. Interest. Interest will not be paid on any employee accounts, except to the extent that the Board or its Committee, in its sole discretion, elects to credit employee accounts with interest at such per annum rate as it may from time to time determine.

8. Withdrawal of Funds. An employee may at any time prior to the close of business on the last business day in a Plan Period and for any reason permanently draw out the balance accumulated in the employee's account and thereby withdraw from participation in an Offering. Partial withdrawals are not permitted. The employee may not begin participation again during the remainder of the Plan Period. The employee may participate in any subsequent Offering in accordance with terms and conditions established by the Board or the Committee, except that employees who are also directors or officers of the Company within the meaning of Section 16 of the Securities Exchange Act of 1934 (the "Exchange Act") and the rules promulgated there under may not participate again for a period of at least six months as provided in Rule 16b-3(d)(2)(i) or any successor provision.

9. Purchase of Shares. On the Offering Commencement Date of each Plan Period, the Company will grant to each eligible employee who is then a participant in the Plan an option ("Option") to purchase on the last business day of such Plan Period (the "Exercise Date"), at the Option Price hereinafter provided for, such number of whole shares of Common Stock of the Company reserved for the purposes of the Plan as does not exceed the number of shares determined by dividing 15% of such employee's annualized Compensation for the immediately prior six-month period by the price determined in accordance with the formula set forth in the following paragraph but using the closing price on the Offering Commencement Date of such Plan Period.

The purchase price for each share purchased will be 85% of the closing price of the Common Stock on (i) the first business day of such Plan Period or (ii) the Exercise Date, whichever closing price shall be less. Such closing price shall be (a) the closing price on any national securities exchange on which the Common Stock is listed, or (b) the closing price of the Common Stock on the National Association of Securities Dealers Automated Quotation System ("NASDAQ") or (c) the average of the closing bid and asked prices in the over-the-counter-market, whichever is applicable, as published in The Wall Street Journal. If no sales of Common Stock were made on such a day, the price of the Common Stock for purposes of clauses (a) and (b) above shall be the reported price for the next preceding day on which sales were made.

Each employee who continues to be a participant in the Plan on the Exercise Date shall be deemed to have exercised his Option at the Option Price on such date and shall be deemed to have purchased from the Company the number of full shares of Common Stock reserved for the purpose of the Plan that his accumulated payroll deductions on such date will pay for pursuant to the formula set forth above (but not in excess of the maximum number determined in the manner set forth above).

Any balance remaining in an employee's payroll deduction account at the end of a Plan Period will be automatically refunded to the employee, except that any balance which is less than the purchase price of one share of Common Stock will be carried forward into the employee's payroll deduction account for the following Offering, unless the employee elects not to participate in the following Offering under the Plan, in which case the balance in the employee's account shall be refunded.

10. Issuance of Certificates. Certificates representing shares of Common Stock purchased under the Plan may be issued only in the name of the employee, or in the name of the employee and another person of legal age as joint tenants with rights of survivorship.

11. Rights on Retirement, Death, or Termination of Employment. In the event of a participating employee's termination of employment prior to the last business day of a Plan Period, no payroll deduction shall be taken from any pay due and owing to an employee and the balance in the employee's account shall be paid to the employee or, in the event of the employee's death, (a) to a beneficiary previously designated in a revocable notice signed by the employee (with any spousal consent required under state law) or (b) in the absence of such a designated beneficiary, to the executor or administrator of the employee's estate or (c) if no such executor or administrator has been appointed to the knowledge of the Company, to such other person(s) as the Company may, in its discretion, designate. If, prior to the last business day of the Plan Period, the Designated Subsidiary by which an employee is employed shall cease to be a subsidiary of the Company, or if the employee is transferred to a subsidiary of the Company that is not a Designated Subsidiary, the employee shall be deemed to have terminated employment for the purposes of this Plan.

12. Optionees Not Stockholders. Neither the granting of an Option to an employee nor the deductions from his pay shall constitute such employee a stockholder of the shares of Common Stock covered by an Option under this Plan until such shares have been purchased by and issued to him.

13. Rights Not Transferable. Rights under this Plan are not transferable by a participating employee other than by will or the laws of descent and distribution, and are exercisable during the employee's lifetime only by the employee.

14. Application of Funds. All funds received or held by the Company under this Plan may be combined with other corporate funds and may be used for any corporate purpose.

15. Adjustment in Case of Changes Affecting Common Stock. In the event of a subdivision of outstanding shares of Common Stock, or the payment of a dividend in Common Stock, the number of shares approved for this Plan, and the share limitation set forth in Section 9, shall be increased proportionately, and such other adjustment shall be made as may be deemed equitable by the Board or the Committee. In the event of any other change affecting the Common Stock, such adjustment shall be made as may be deemed equitable by the Board or the Committee to give proper effect to such event.

16. Merger. If the Company shall at any time merge or consolidate with another corporation and the holders of the capital stock of the Company immediately prior to such merger or consolidation continue to hold at least 80% by voting power of the capital stock of the surviving corporation ("Continuity of Control"), the holder of each Option then outstanding will thereafter be entitled to receive at the next Exercise Date upon the exercise of such Option for each share as to which such Option shall be exercised the securities or property which a holder of one share of the Common Stock was entitled to upon and at the time of such merger, and the Committee shall take such steps in connection with such merger as the Committee shall deem necessary to assure that the provisions of Paragraph 15 shall thereafter be applicable, as nearly as reasonably may be, in relation to the said securities or property as to which such holder of such Option might thereafter be entitled to receive thereunder.

In the event of a merger or consolidation of the Company with or into another corporation which does not involve Continuity of Control, or of a sale of all or substantially all of the assets of the Company while unexercised Options remain outstanding under the Plan, (a) subject to the provisions of clauses (b) and (c), after the effective date of such transaction, each holder of an outstanding Option shall be entitled, upon exercise of such Option, to receive in lieu of shares of Common Stock, shares of such stock or other securities as the holders of shares of Common Stock received pursuant to the terms of such transaction; or (b) all outstanding Options may be cancelled by the Board or the Committee as of a date prior to the effective date of any such transaction and all payroll deductions shall be paid out to the participating employees; or (c) all outstanding Options may be cancelled by the Board or the Committee as of the effective date of any such transaction, provided that notice of such cancellation shall be given to each holder of an Option, and each holder of an Option shall have the right to exercise such Option in full based on payroll deductions then credited to his account as of a date determined by the Board or the Committee, which date shall not be less than ten (10) days preceding the effective date of such transaction.

17. Amendment of the Plan. The Board may at any time, and from time to time, amend this Plan in any respect, except that (a) if the approval of any such amendment by the shareholders of the Company is required by Section 423 of the Code or by Rule 16b-3 under the Exchange Act, such amendment shall not be effected without such approval, and (b) in no event may any amendment be made which would cause the Plan to fail to comply with Section 16 of the Exchange Act and the rules promulgated thereunder, as in effect from time to time, or Section 423 of the Code.

18. Insufficient Shares. In the event that the total number of shares of Common Stock specified in elections to be purchased under any Offering plus the number of shares purchased under previous Offerings under this Plan exceeds the maximum number of shares issuable under this Plan, the Board or the Committee will allot, in such manner as it may determine, the shares then available.

19. Termination of the Plan. This Plan may be terminated at any time by the Board. Upon termination of this Plan all amounts in the accounts of participating employees shall be promptly refunded.

20. Governmental Regulations. The Company's obligation to sell and deliver Common Stock under this Plan is subject to listing on a national stock exchange or quotation on the NASDAQ and the approval of all governmental authorities required in connection with the authorization, issuance, or sale of such stock.

The Plan shall be governed by New York law except to the extent that such law is preempted by federal law.

The Plan is intended to comply with the provisions of Rule 16b-3 promulgated under the Securities Exchange Act of 1934. Any provision inconsistent with such Rule shall to that extent be inoperative and shall not affect the validity of the Plan.

21. Issuance of Shares. Shares may be issued upon exercise of an Option from authorized but unissued Common Stock, from shares held in the treasury of the Company, or from any other proper source.

22. Notification upon Sale of Shares. Each employee agrees, by entering the Plan, to promptly give the Company notice of any disposition of shares purchased under the Plan where such disposition occurs within two years after the date of grant of the Option pursuant to which such shares were purchased.

23. Effective Date and Approval of Shareholders. The Plan shall take effect upon the closing of the initial public offering of Common Stock of the Company, subject to approval by the shareholders of the Company as required by Rule 16b-3 under the Exchange Act and by Section 423 of the Code, which approval must occur within twelve months of the adoption of the Plan by the Board.

MapInfo Corporation

1993 Director Stock Option Plan

1. Purpose

The purpose of this 1993 Director Stock Option Plan (the "Plan") of MapInfo Corporation (the "Company") is to encourage ownership in the Company by outside directors of the Company whose continued services are considered essential to the Company's future progress and to provide them with a further incentive to remain as directors of the Company.

2. Administration

The Board of Directors shall supervise and administer the Plan. Grants of stock options under the Plan and the amount and nature of the awards to be granted shall be automatic in accordance with Section 5. However, all questions of interpretation of the Plan or of any options issued under it shall be determined by the Board of Directors and such determination shall be final and binding upon all persons having an interest in the Plan.

3. Participation in the Plan

Directors of the Company who are not employees of the Company or any subsidiary of the Company shall be eligible to participate in the Plan.

4. Stock Subject to the Plan

(a) The maximum number of shares which may be issued under the Plan shall be 347,500 shares of the Company's Common Stock, par value \$.002 per share ("Common Stock"), subject to adjustment as provided in Section 9 of the Plan.

(b) If any outstanding option under the Plan for any reason expires or is terminated without having been exercised in full, the shares allocable to the unexercised portion of such option shall again become available for grant pursuant to the Plan.

(c) All options granted under the Plan shall be non-statutory options not entitled to special tax treatment under Section 422 of the Internal Revenue Code of 1986, as amended to date and as it may be amended from time to time (the "Code").

5. Terms, Conditions and Form of Options

Each option granted under the Plan shall be evidenced by a written agreement in such form as the Board of Directors shall from time to time approve, which agreements shall comply with and be subject to the following terms and conditions:

(a) Option Grants. On the date of each annual meeting of stockholders of the Company, the Company shall grant to each eligible director an option for such number of shares of Common Stock equal to \$20,000 divided by the option exercise price per share for each such option (the "Annual Option").

(b) Option Exercise Price. The option exercise price per share for each option granted under the Plan shall equal
(i) the last reported sales price per share of the Company's Common Stock on the NASDAQ National Market System

(or, if the Company is traded on a nationally recognized securities exchange on the date of grant, the reported closing sales price per share of the Company's Common Stock by such exchange) on the date of grant (or if no such price is reported on such date such price as reported on the nearest preceding day) or (ii) if the Common Stock is not traded on NASDAQ or an exchange, the fair market value per share on the date of grant as most recently determined by the Board of Directors.

(c) Options Non-Transferable. Each option granted under the Plan by its terms shall not be transferable by the optionee otherwise than by will, or by the laws of descent and distribution, and shall be exercised during the lifetime of the optionee only by him. No option or interest therein may be transferred, assigned, pledged or hypothecated by the optionee during his lifetime, whether by operation of law or otherwise, or be made subject to execution, attachment or similar process.

(d) Exercise Period. Each Annual Option shall become exercisable at the end of nine years and nine months after the date of grant, provided that such option shall become exercisable one year after the date of grant if the director has attended during such year at least 75% of the aggregate of the number of meetings of the Board of Directors and the number of meetings held by all committees on which he then served. In the event an optionee ceases to serve as a director, each such option may be exercised by the optionee (or, in the event of his death, by his administrator, executor or heirs), at any time within 12 months after the optionee ceases to serve as a director, to the extent such option was exercisable at the time of such cessation of service. Notwithstanding the foregoing, no option shall be exercisable after the expiration of ten years from the date of grant.

(e) Exercise Procedure. Options may be exercised only by written notice to the Company at its principal office accompanied by (i) payment in cash of the full consideration for the shares as to which they are exercised or (ii) an irrevocable undertaking by a broker to deliver promptly to the Company sufficient funds to pay the exercise price or delivery of irrevocable instructions to a broker to deliver promptly to the Company cash or a check sufficient to pay the exercise price.

6. Assignments

The rights and benefits of participants under the Plan may not be assigned, whether voluntarily or by operation of law, except as provided in Section 5(d).

7. Effective Date

The Plan shall become effective immediately upon its adoption by the Board of Directors, but all grants of options shall be conditional upon the approval of the Plan by the stockholders of the Company within 12 months after adoption of the Plan by the Board of Directors.

8. Limitation of Rights

(a) No Right to Continue as a Director. Neither the Plan, nor the granting of an option nor any other action taken pursuant to the Plan, shall constitute or be evidence of any agreement or understanding, express or implied, that the Company will retain a director for any period of time.

(b) No Stockholders' Rights for Options. An optionee shall have no rights as a stockholder with respect to the shares covered by his options until the date of the issuance to him of a stock certificate therefor, and no adjustment will be made for dividends or other rights (except as provided in Section 9) for which the record date is prior to the date such certificate is issued.

9. Changes in Common Stock

(a) If the outstanding shares of Common Stock are increased, decreased or exchanged for a different number or kind of shares or other securities, or if additional shares or new or different shares or other securities are distributed with respect to such shares of Common Stock or other securities, through merger, consolidation, sale of all or substantially all of the assets of the Company, reorganization, recapitalization, reclassification, stock dividend, stock split, reverse stock split or other distribution with respect to such shares of Common Stock, or other securities, an appropriate and proportionate adjustment will be made in (i) the maximum number and kind of shares reserved for issuance under the Plan, (ii) the number and kind of shares or other securities subject to then outstanding options under the Plan and (iii) the price for each share subject to any then outstanding options under the Plan, without changing the aggregate purchase price as to which such options remain exercisable. No fractional shares will be issued under the Plan on account of any such adjustments.

(b) In the event that the Company is merged or consolidated into or with another corporation (in which consolidation or merger the stockholders of the Company receive distributions of cash or securities of another issuer as a result thereof), or in the event that all or substantially all of the assets of the Company are acquired by any other person or entity, or in the event of a reorganization or liquidation of the Company, the Board of Directors of the Company, or the board of directors of any corporation assuming the obligations of the Company, shall, as to outstanding options, either (i) provide that such options shall be assumed, or equivalent options shall be substituted, by the acquiring or successor corporation (or an affiliate thereof), or (ii) upon written notice to the optionees, provide that all unexercised options will terminate immediately prior to the consummation of such merger, consolidation, acquisition, reorganization or liquidations unless exercised by the optionee within a specified number of days following the date of such notice.

10. Amendment of the Plan

The Board of Directors may suspend or discontinue the Plan or review or amend it in any respect whatsoever; provided, however, that without approval of the stockholders of the Company no revision or amendment shall change the number of shares subject to the Plan (except as provided in Section 9), change the designation of the class of directors eligible to receive options, or materially increase the benefits accruing to participants under the Plan. The Plan may not be amended more than once in any six-month period.

11. Governing Law

The Plan and all determinations made and actions taken pursuant hereto shall be governed by the laws of the State of New York.
