Q: *Who is entitled to vote?*

A:

Edgar Filing: HESKA CORP - Form DEF 14A

Stockholders as of the close of business on April 9, 2003 (the Record Date) are entitled to vote at the Annual Meeting. As of the Record Date, 47,813,740 shares of the Company's common stock were issued and outstanding. Each stockholder is entitled to one vote for each share of common stock held on the Record Date. A list of stockholders entitled to vote at the Annual Meeting will be available at the Annual Meeting and for ten days prior to the meeting during normal business hours at our offices at 1613 Prospect Parkway, Fort Collins, Colorado 80525, by contacting the Secretary of the Company.

Q: *How do I vote?*

Both abstentions and broker non-votes are counted for the purposes of determining the presence of a quorum. Broker non-votes are not counted as shares present and entitled to be voted with respect to matters on which the broker has not received voting instructions. Thus, broker non-votes will not affect the outcome of any of the matters being voted upon at the meeting, assuming that a quorum is obtained. Broker non-votes generally occur on a matter when a broker is not permitted to vote on that matter without instructions from the beneficial owner and instructions are not given.

Napolitano, Heska's Executive Vice President and Chief Financial Officer, will have the discretion to vote your shares on any additional matters presented for a vote at the meeting. A: We intend to announce preliminary voting results at the Annual Meeting and publish final results in our quarterly report on Form 10-Q for our second fiscal quarter of 2003.

A:

Edgar Filing: HESKA CORP - Form DEF 14A

You may submit proposals, including director nominations, for consideration at future stockholder meetings. All proposals or nominations should be addressed to: Corporate Secretary, Heska Corporation, 1613 Prospect Parkway, Fort Collins, Colorado 80525.

Stockholder Proposals: For a stockholder proposal to be considered for inclusion in Heska's proxy statement for the annual meeting next year, the written proposal must be received by our corporate secretary at our principal executive offices no later than December 30, 2003. If the date of next year's annual meeting is moved more than 30 days before or after the anniversary date of this year's annual meeting, the deadline for inclusion of proposals in Heska's proxy statement is instead a reasonable period of time before Heska begins to print and mail its proxy materials. Such proposals also will need to comply with Rule 14a-8 under the Securities Exchange Act of 1934, as amended, regarding the inclusion of stockholder proposals in company-sponsored proxy materials. For a stockholder proposal that is not intended to be included in Heska's proxy statement under Rule 14a-8, the stockholder must deliver a written notice of intent to propose such action in

accordance with the bylaws of Heska, which in general require that the notice be received by us not less than 60 days nor more than 90 days prior to the first anniversary of the date on which notice of the prior year's annual meeting was mailed to stockholders. For the 2004 Annual Meeting, this means that any such proposal must be submitted no earlier than January 29, 2004 and no later than February 28, 2004.

Director Nominees: You may propose director candidates for consideration by the Board's Corporate Governance Committee. Any such recommendations should be directed to our corporate secretary at our principal executive offices. In addition, you must give timely notice to the corporate secretary of Heska of your intention to make such nomination in accordance with the bylaws of Heska, which require that the notice be received by the corporate secretary within the time periods described above under "Stockholder Proposals."

Copy of Bylaw Provisions: You may contact our corporate secretary at our principal executive offices for a copy of the relevant bylaw provisions regarding the requirements for making stockholder proposals and nominating director candidates.

Q: *Who bears the costs of soliciting votes for the Annual Meeting?*

A: Heska is making this solicitation and will pay the entire cost of preparing, printing, assembling and mailing these proxy materials. In addition to the mailing of these proxy materials, certain of our directors and employees may solicit proxies on our behalf in person, by telephone, electronic transmission or facsimile. No additional compensation will be paid to these people for such solicitation. We also have hired Morrow & Co., Inc. ("Morrow") to assist us in the distribution of proxy materials and the solicitation of votes described above. We will pay Morrow a fee of \$4,500 plus customary costs and expenses for these services. Heska has agreed to indemnify Morrow against certain liabilities arising out of or in connection with its agreement. Upon request, we will also reimburse brokerage houses and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy and solicitation materials to stockholders.

In January 2003, the Corporate Governance Committee prepared, and the full Board approved, Corporate Governance Guidelines outlining the qualifications, responsibilities and other issues related to the Board's governance role and functions. A copy of such guidelines is posted on our website at www.heska.com and is attached to this proxy statement as Appendix B.

DIRECTOR COMPENSATION

Each new non-employee director elected to the Board is automatically granted, as of the date he or she is elected, an option to purchase 40,000 shares of our common stock, at an exercise price equal to the fair market value of our common stock on the date of grant. Currently, these initial grants vest in four equal installments at annual intervals over a four-year period commencing on the date of grant. Further, (i) each non-employee director who continues to serve as a director following any annual meeting of stockholders is automatically granted an option, as of the date of such meeting, to purchase 40,000 shares of our common stock at an exercise price equal to the fair market value of our common stock on the date of grant and (ii) each non-employee director who will serve as chairperson of a committee of the Board, following any annual meeting of stockholders, is automatically granted an additional option to purchase 2,000 shares of our common stock at an exercise price equal to the fair market value of our common stock on the date of grant. These annual grants vest on the first anniversary of the date of grant. No director is eligible to receive the initial 40,000-share grant and the annual 40,000-share grant in the same calendar year.

In addition, during 2002, non-employee directors received an option to purchase 200 shares of our common stock for attendance at each meeting of the Board, or Board committee, which was less than four hours, and an option to purchase 1,000 shares of our common stock for attendance at each meeting of the Board, or Board committee, which was four hours or more. These options were immediately exercisable and the exercise price was equal to the fair market value of our common stock on the date of grant.

In January 2003, upon a recommendation by the Corporate Governance Committee, the Board revised its policy regarding the award of options to directors for attendance at Board and committee meetings. Commencing February 1, 2003, non-employee directors will receive the following:

for each in-person Board meeting attended, an automatic, fully vested, grant of options to purchase a number of shares of common stock of the Company equal to \$2,000 divided by the fair market value of the Company's common stock, with an exercise price equal to such fair market value;

for each in-person Board committee meeting attended, an automatic, fully vested, grant of options to purchase a number of shares of common stock of the Company equal to \$2,000 divided by the fair market value of the Company's common stock, with an exercise price equal to such fair market value; and

for each telephonic Board meeting or Board committee meeting attended, an automatic, fully vested, grant of options to purchase a number of shares of common stock of the Company equal to \$500 divided by the fair market value of the Company's common stock, with an exercise price equal to such fair market value.

Directors are also reimbursed for customary and usual travel expenses. Employee directors receive no compensation for serving on the Board other than their employee compensation.

PROPOSAL NO. 2

RATIFICATION OF INDEPENDENT AUDITORS

On July 30, 2002, the Audit Committee of the Board approved a change in the Company's independent auditors for the fiscal year ended December 31, 2002, from Arthur Andersen LLP to KPMG LLP.

The report of Arthur Andersen LLP for the fiscal years ended December 31, 2000 and 2001 contained no adverse opinions, disclaimer of opinion or qualification or modification as to uncertainty, audit scope or accounting principles. During the fiscal years ended December 31, 2000 and 2001, and the interim period from December 31, 2001 through July 30, 2002, there were no disagreements between the Company and Arthur Andersen LLP on any accounting principles or practices, financial statement disclosure or auditing scope or procedure, which, if not resolved to the satisfaction of Arthur Andersen LLP, would have caused it to make reference to the subject matter of the disagreement in connection with its report. No event described in paragraph (a)(1)(v) of Item 304 of Regulation S-K has occurred within the Company's fiscal years ended December 31, 2000 and 2001, or the period from December 31, 2001 through July 30, 2002.

The Company did not consult with KPMG LLP during the fiscal years ended December 31, 2000 and 2001, and the interim period from December 31, 2001 through July 30, 2002, with respect to the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company's financial statements, or any other matters or reportable events listed in paragraphs (a)(2)(i) and (ii) of Item 304 of Regulation S-K.

The Audit Committee has approved the appointment of KPMG LLP as our independent auditors for fiscal 2003, subject to your approval. KPMG has served as our independent auditors since July 30, 2002. Representatives of KPMG LLP will attend the Annual Meeting to answer appropriate questions and, if they desire, to make a statement.

Vote Required; Recommendation of the Board of Directors

Approval by the stockholders of the selection of independent auditors is not required, but the Audit Committee believes that it is desirable to submit this matter to the stockholders. If holders of a majority of the common stock present and entitled to vote on the matter do not ratify the appointment of KPMG LLP, the Audit Committee will consider whether it should select other independent auditors. Abstentions will be considered a vote against this proposal and broker non-votes will have no effect on such matter since these votes will not be considered present and entitled to vote.

The Audit Committee of the Board of Directors unanimously recommends a vote FOR the approval of KPMG LLP as our independent auditors for 2003.

PROPOSAL NO. 3

APPROVAL OF HESKA CORPORATION

2003 EQUITY INCENTIVE PLAN

We are asking our stockholders to approve our 2003 Equity Incentive Plan so that we can use it to achieve the Company's goals. The Board has approved the Equity Incentive Plan, and is seeking approval from our stockholders at the Annual Meeting. Approval of the Equity Incentive Plan requires the affirmative vote of the holders of a majority of the shares of the Company's common stock that are present in person or by proxy and entitled to vote at the Annual Meeting. Our named executive officers and directors have an interest in this proposal.

A total of 2,390,500 shares of our common stock have initially been reserved for issuance under the Equity Incentive Plan. As of the date of this proxy statement no awards have been granted under the Equity Incentive Plan.

We believe strongly that the approval of the Equity Incentive Plan is essential to our continued success. Our employees are our most valuable asset. Stock options and other awards such as those provided under the Equity Incentive Plan are vital to our ability to attract and retain outstanding and highly skilled individuals in the extremely competitive labor markets in which we must compete. Such awards also are crucial to our ability to motivate employees to achieve the Company's goals.

Summary of the Equity Incentive Plan

The following paragraphs provide a summary of the principal features of the Equity Incentive Plan (the "Plan") and its operation. The following summary is qualified in its entirety by reference to Plan as set forth in Appendix C.

Background and Purpose of the Plan

The Plan permits the grant of the following types of incentive awards: (1) stock options, (2) stock appreciation rights, (3) restricted stock, (4) performance units, and (5) performance shares (individually, an "Award"). The Plan is intended to attract, motivate, and retain employees, consultants, and non-employee directors who provide significant services to us. The Plan also is intended to further our growth and profitability.

Administration of the Plan

The Board or a committee appointed by the Board (the "Committee") administers the Plan. The members of the Committee must qualify as non-employee directors under Rule 16b-3 of the Securities Exchange Act of 1934, and as outside directors under Section 162(m) of the Internal Revenue Code (so that the Company can receive a federal tax deduction for certain compensation paid under the Plan). In adopting the Plan, the

Edgar Filing: HESKA CORP - Form DEF 14A

Board designated the Compensation Committee, which is comprised solely of independent directors, as the administrator of the Plan.

Subject to the terms of the Plan, the Committee has the sole discretion to select the employees and consultants who will receive Awards, determine the terms and conditions of Awards (for example, the exercise price and vesting schedule), and interpret the provisions of the Plan and outstanding Awards. The Committee may delegate any part of its authority and powers under the Plan to one or more directors and/or officers of the Company, but only the Committee itself can make Awards to participants who are executive officers of the Company.

If an Award expires or is cancelled without having been fully exercised or vested, the unvested or cancelled shares of the Company's common stock (the Shares) generally will be returned to the available pool of Shares reserved for issuance under the Plan. Also, if we experience a stock dividend, reorganization or other change in

our capital structure, the Committee has discretion to adjust the number of Shares available for issuance under the Plan, the outstanding Awards, and the per-person limits on Awards, as appropriate to reflect the stock dividend or other change.

Eligibility to Receive Awards

The Committee selects the employees, directors and consultants who will be granted Awards under the Plan. The actual number of individuals who will receive an Award under the Plan cannot be determined in advance because the Committee has the discretion to select the participants.

Stock Options

A stock option is the right to acquire Shares at a fixed exercise price for a fixed period of time. Under the Plan, the Committee may grant nonqualified stock options and/or incentive stock options (which entitle employees, but not the Company, to more favorable tax treatment). The Committee will determine the number of Shares covered by each option, but during any fiscal year of the Company, no participant may be granted options covering more than 500,000 Shares, except an additional 500,000 Shares may be granted to a participant in connection with his or her initial employment.

The exercise price of the Shares subject to each option is set by the Committee but cannot be less than 100% of the fair market value of the Shares (on the date of grant).

In addition, the exercise price of an incentive stock option must be at least 110% of fair market value of the Shares if (on the grant date) the participant owns stock possessing more than 10% of the total combined voting power of all classes of stock of the Company or any of its subsidiaries. The aggregate fair market value of the Shares (determined on the grant date) covered by incentive stock options which first become exercisable by any participant during any calendar year also may not exceed \$100,000.

An option granted under the Plan cannot generally be exercised until it becomes vested. The Committee establishes the vesting schedule of each option at the time of grant. Options become exercisable at the times and on the terms established by the Committee. Options granted under the Plan expire at the times established by the Committee, but not later than 10 years after the grant date.

The exercise price of each option granted under the Plan must be paid in full at the time of exercise. The Committee also may permit payment through the tender of Shares that are already owned by the participant, or by any other means that the Committee determines to be consistent with the purpose of the Plan. The participant must pay any taxes the Company is required to withhold at the time of exercise.

Stock Appreciation Rights

Awards of stock appreciation rights may be granted in connection with all or any part of an option, either concurrently with the grant of an option or at any time thereafter during the term of the option, or may be granted independently of options. No participant may be granted stock appreciation rights covering more than 500,000 Shares in any fiscal year of the Company, except additional stock appreciation rights covering

Edgar Filing: HESKA CORP - Form DEF 14A

up to an additional 500,000 Shares may be granted to a participant in connection with his or her initial employment.

The Committee determines the terms of stock appreciation rights, except that the exercise price of a stock appreciation right may not be less than 100% of the fair market value of the Shares on the date of grant.

A stock appreciation right in connection with an option will entitle the participant to exercise the stock appreciation right by surrendering to the Company a portion of the unexercised related option. The participant will receive in exchange from the Company an amount equal to the excess of the fair market value of the Shares

on the date of exercise of the stock appreciation right covered by the surrendered portion of the related option over the exercise price of the Shares covered by the surrendered portion of the related option. When a stock appreciation right granted in connection with an option is exercised, the related option, to the extent surrendered, will cease to be exercisable. A stock appreciation right granted in connection with an option will be exercisable until, and will expire no later than, the date on which the related option ceases to be exercisable or expires.

Stock appreciation rights may also be granted independently of options. Such a stock appreciation right will entitle the participant, upon exercise, to receive from the Company an amount equal to the excess of the fair market value of the Shares on the date of exercise over the fair market value of the Shares covered by the exercised portion of the stock appreciation right on the date of grant. A stock appreciation right granted without a related option will be exercisable, in whole or in part, at such time as the Committee will specify in the stock appreciation right agreement.

The Company's obligation arising upon the exercise of a stock appreciation right may be paid in Shares or in cash, or any combination thereof, as the Committee may determine.

Restricted Stock

Awards of restricted stock are Shares that vest in accordance with the terms and conditions established by the Committee. The Committee will determine the number of Shares of restricted stock granted to any employee or consultant, but during any fiscal year of the Company, no participant may be granted more than 100,000 Shares of restricted stock and no more than 500,000 of the Shares available for grant under the Plan may be issued pursuant to Shares of restricted stock with a purchase price that is less than 100% of the fair market value of the Shares.

In determining whether an Award of restricted stock should be made, and/or the vesting schedule for any such Award, the Committee may impose whatever conditions to vesting as it determines to be appropriate. For example, the Committee may determine to grant an Award of restricted stock only if the participant satisfies performance goals established by the Committee.

Performance Units and Performance Shares

Performance units and performance shares are Awards that will result in a payment to a participant only if performance goals established by the Committee are achieved or the Awards otherwise vest. The applicable performance goals will be determined by the Committee, and may be applied on a Company-wide or an individual business unit basis, as deemed appropriate in light of the participant's specific responsibilities (see Performance Goals below for more information).

During any fiscal year of the Company, no participant may receive performance units with an initial value of more than \$1,000,000 and no participant will receive more than 500,000 performance shares, except the initial value may be up to \$2,000,000 and an additional 500,000 performance shares may be granted to a participant in connection with his or her initial employment.

Change of Control

Edgar Filing: HESKA CORP - Form DEF 14A

In the event of a change of control of the Company, the successor corporation will either assume or provide a substitute award for each outstanding stock option and stock appreciation right. In the event the successor corporation refuses to assume or provide a substitute award, the Committee will provide at least 15 days notice that the option or stock appreciation right will immediately vest and become exercisable as to all of the Shares subject to such Award and that such Award will terminate upon the expiration of such notice period.

In the event of a change of control of the Company, any Company repurchase or reacquisition right with respect to restricted stock will be assigned to the successor corporation. In the event any such Company

repurchase or reacquisition right is not assigned to the successor corporation, such Company repurchase or reacquisition right will lapse and the participant will be fully vested in such Shares of restricted stock.

In the event of a change of control of the Company, the Committee or the Board may provide that the Performance Units or Shares are assumed, terminated prior to the change of control and/or immediately vested prior to the change of control. In the event Performance Units or Shares are assumed, then the successor shall have the ability to reasonably and equitably adjust the applicable performance goals.

Performance Goals

The Committee (in its discretion) may make performance goals applicable to a participant with respect to an Award. At the Committee's discretion, one or more of the following performance goals may apply: cash flow, earnings per share, market share, profit after tax, profit before tax, return on capital, return on equity, return on sales, revenue and total stockholder return.

Awards to be Granted to Certain Individuals and Groups

The number of Awards that an employee or consultant may receive under the Plan is in the discretion of the Committee and therefore cannot be determined in advance. The following table sets forth (a) the aggregate number of Shares subject to options granted under our 1997 Stock Incentive Plan during the last fiscal year and (b) the average per Share exercise price of such options.

Limited Transferability of Awards

Awards granted under the Plan generally may not be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, other than by will or by the applicable laws of descent and distribution. However, participants may, in a manner specified by the Committee, transfer nonqualified stock options (a) pursuant to a court-approved domestic relations order, and (b) by bona fide gift to (1) a member of the participant's immediate family, (2) a trust or other entity for the sole benefit of the member(s) of the participant's and/or his or her immediate family, (3) a partnership, limited liability company or other entity whose members are the participant and/or his or her immediate family, or (4) certain tax-qualified charities.

Federal Tax Aspects

The following paragraphs are a summary of the general federal income tax consequences to U.S. taxpayers and the Company of Awards granted under the Plan. Tax consequences for any particular individual may be different.

Nonqualified Stock Options

No taxable income is reportable when a nonqualified stock option is granted to a participant. Upon exercise, the participant will recognize ordinary income in an amount equal to the excess of the fair market value (on the exercise date) of the Shares purchased over the exercise price of the option. Any additional gain or loss recognized upon any later disposition of the Shares would be capital gain or loss.

Incentive Stock Options

No taxable income is reportable when an incentive stock option is granted or exercised (except for purposes of the alternative minimum tax, in which case taxation is the same as for nonqualified stock options). If the participant exercises the option and then later sells or otherwise disposes of the Shares more than two years after the grant date and more than one year after the exercise date, the difference between the sale price and the exercise price will be taxed as capital gain or loss. If the participant exercises the option and then later sells or otherwise disposes of the Shares before the end of the two- or one-year holding periods described above, he or she generally will have ordinary income at the time of the sale equal to the fair market value of the Shares on the exercise date (or the sale price, if less) minus the exercise price of the option.

Stock Appreciation Rights

No taxable income is reportable when a stock appreciation right is granted to a participant. Upon exercise, the participant will recognize ordinary income in an amount equal to the amount of cash received and the fair market value of any Shares received. Any additional gain or loss recognized upon any later disposition of the Shares would be capital gain or loss.

Restricted Stock, Performance Units and Performance Shares

A participant will not have taxable income upon grant unless he or she elects to be taxed at that time. Instead, he or she will recognize ordinary income at the time of vesting equal to the fair market value (on the vesting date) of the Shares or cash received minus any amount paid for the Shares.

Tax Effect for the Company

The Company generally will be entitled to a tax deduction in connection with an Award under the Plan in an amount equal to the ordinary income realized by a participant and at the time the participant recognizes such income (for example, the exercise of a nonqualified stock option). Special rules limit the deductibility of compensation paid to our Chief Executive Officer and to each of our four most highly compensated executive officers. Under Section 162(m) of the Internal Revenue Code, the annual compensation paid to any of these specified executives will be deductible only to the extent that it does not exceed \$1,000,000. However, the Company can preserve the deductibility of certain compensation in excess of \$1,000,000 if the conditions of Section 162(m) are met. These conditions include stockholder approval of the Plan, setting limits on the number of Awards that any individual may receive and for Awards other than certain stock options, establishing performance criteria that must be met before the Award actually will vest or be paid. The Plan has been designed to permit the Committee to grant Awards that qualify as performance-based for purposes of satisfying the conditions of Section 162(m), thereby permitting the Company to

continue to receive a federal income tax deduction in connection with such Awards.

Amendment and Termination of the Plan

The Board generally may amend or terminate the Plan at any time and for any reason; provided, however, that the Board cannot reduce the exercise price of any outstanding Award, cancel and re-grant options at a lower exercise price, replace underwater options with other Awards in an exchange, buy-back or other scheme, or replace Awards with an Award of the same type having a lower exercise price or accelerated vesting schedule in an exchange, buy-back or other scheme without stockholder approval.

Summary

We believe strongly that the approval of the Plan is essential to our continued success. Awards such as those provided under the Plan constitute an important incentive for key employees and other service providers of the Company and help us to attract, retain and motivate people whose skills and performance are critical to our success. Our employees are our most valuable asset. We strongly believe that the Plan is essential for us to compete for talent in the very difficult labor markets in which we operate.

The Board of Directors unanimously recommends a vote FOR the approval of the Heska Corporation 2003 Equity Incentive Plan.

The Board modified the terms of this loan in May 2002 to require the payment of all accrued interest due on December 23, 2002 and to extend the term of the loan for an additional three years or until December 23, 2005. Interest on the outstanding principal balance accrues at the rate of 5.74% per annum. Heska will not materially modify or renew this loan and will not provide any new loans to its executive officers in the future, in accordance with the Sarbanes-Oxley Act of 2002.

REPORT OF THE COMPENSATION COMMITTEE

This report on executive compensation is provided by the Compensation Committee of the Board of Directors to assist stockholders in understanding the objectives and procedures used in establishing the compensation of our executive officers. The Compensation Committee's basic responsibilities are to review the performance and development of the Company's management in achieving corporate goals and objectives and to assure that senior executives of the Company are compensated effectively in a manner consistent with the strategy of the Company and competitive practices. Toward that end, the Committee oversees all compensation, equity and employee benefit plans and programs.

Compensation Philosophy And Objectives

The overall goal of the Compensation Committee is to develop compensation policies and practices that encourage and reward executive efforts to create shareholder value through achievement of corporate objectives, business strategies and performance goals. This is accomplished by blending cash and equity compensation and by aligning the interests of the executives with those of shareholders generally.

Competition for skilled employees, particularly management level employees, in the Company's industry is intense and the Compensation Committee seeks to provide total compensation packages that will attract and retain superior caliber individuals, yet be consistent with the Company's financial situation and stage of development.

Compensation Components

The Company's compensation structure for executive officers includes a combination of base salary, stock options and an annual performance based cash incentive under a management incentive compensation plan.

The Compensation Committee determines the compensation levels for the executive officers with the assistance of the Company's Human Resources Department, and in 2003, worked with an independent consulting firm. The firm furnished the Compensation Committee with executive compensation data drawn from several nationally recognized surveys of similarly situated medical, technology and/or general industry companies. The positions of Heska's Chief Executive Officer and other executive officers were then compared with those of their counterparts at these companies. Market compensation levels for comparable positions were examined to determine base salary, cash incentives and equity-based compensation.

Because the Company had not achieved operational profitability prior to the fourth quarter of 2002, the Compensation Committee believed that the use of traditional performance standards, such as profit levels and return on equity, was not appropriate in the evaluation of executive performance. Instead, the Compensation Committee evaluated the performance of executives and set their compensation based primarily on the Company's achievement of its business objectives, specifically developing and introducing products, improving financial performance, obtaining appropriate financing, developing its intellectual property portfolio and entering into collaborations with other companies and academia. As the Company begins to approach sustained profitability, the Compensation Committee expects that profitability and other financial metrics will play an increasing role in future compensation decisions. Profitability and revenue growth are the key metrics to be used in the variable compensation program, which has been reinstated for 2003. The Compensation Committee also evaluates each executive's individual contribution toward the achievement of these objectives and of other individual objectives.

Edgar Filing: HESKA CORP - Form DEF 14A

Base Salary. The Compensation Committee annually reviews each executive's base salary. When reviewing base salaries, the Compensation Committee considers compensation data from companies in medical, high technology and general industry groups that have similar revenues and/or are in a similar stage of development. Consideration is also given to prior performance, relevant experience, level of responsibility and

skills and abilities. The Compensation Committee believes that the Company's salary levels for the executive officers are at a level that, at the time such salary determinations were made, are now reasonable and necessary given the Company's financial resources and the stage of its development.

Stock Options. The Compensation Committee believes that stock options provide excellent long-term incentives for executive officers to increase the Company's market value for the benefit of all stockholders. The Compensation Committee is responsible for determining the number and terms of options to be granted to executive officers, taking into account such factors as individual and Company performance, policies regarding cash compensation and practices of comparable companies. Options granted to executive officers have exercise prices equal to fair market value on the date of grant, generally vest over a four-year period, and expire ten years from the date of grant. Vesting ceases and the vested portion of options must be exercised should the executive leave the Company's employ (subject to any rights to partial acceleration of vesting upon termination without cause under employment agreements). Accordingly, the option grants will provide a return to the executive officer only if the executive officer remains with the Company and only if the market price appreciates over the option term. The Compensation Committee believes that these vesting provisions help both to retain qualified employees and to motivate them to achieve long-term increases in stock value, providing continuing benefits to the Company and its stockholders beyond those in the year of grant.

Management Incentive Compensation Plan. The Compensation Committee believes that short-term (annual) performance based incentives play an important role in executive compensation. The Company adopted a management incentive compensation plan in 1999 to provide incentives to the executives of the Company to meet and exceed certain predetermined annual goals. Target annual incentives and specific performance criteria are established each year by the Compensation Committee for executives, with the actual payout based on the extent to which the performance criteria are met. This approach provides a very strong incentive to the Company's management to achieve the stated annual goals. The target components of the plan were amended in 2001 and at management's request the plan was suspended in 2002 in an effort to assist the Company in reaching its 2002 financial goals. The Compensation Committee decided to reinstate the plan for 2003, with revenue growth and profitability to be the primary components. Any such payouts under the plan will be made as soon as practicable in 2004 following the release of audited financial results.

Chief Executive Officer Compensation

The annual salary of Robert B. Grieve, the Company's Chief Executive Officer, was \$310,000 in 2002, and at his request, his base salary will remain unchanged for 2003. Because the management incentive plan was suspended for 2002, Dr. Grieve did not receive any bonus in 2002. Dr. Grieve may be eligible for a cash award for 2003 under the Company's management incentive plan, with a target bonus of 32% of his base salary. This amount will vary based on the level of achievement of the goals established by the Board as the 2003 target criteria. In 2002, the Compensation Committee awarded Dr. Grieve a stock option to purchase 275,000 shares of common stock. In January 2003, the Compensation Committee awarded Dr. Grieve a stock option to purchase an additional 275,000 shares of common stock. These awards were made at the same time the Compensation Committee granted stock options to other executive officers, and are part of annual grants to all employees of the Company under the Company's broad based stock option program. Also in January 2003, the Compensation Committee awarded Dr. Grieve a stock option to purchase an additional 70,000 shares of common stock. This award was based on Dr. Grieve's continued leadership of the Company and to further incentivize him to reach the financial metrics and goals of the Company for 2003 and beyond.

Compliance With Internal Revenue Code Section 162(m)

It is the Company's policy generally to qualify compensation paid to executive officers for deductibility under section 162(m) of the Internal Revenue Code. Section 162(m) generally disallows the Company from deducting the compensation of executive officers that exceeds \$1,000,000 unless that compensation is based on the satisfaction of objective performance goals. The Company has structured the proposed 2003 Equity Incentive

Plan, the 1997 Stock Incentive Plan and the Management Incentive Plan to qualify awards under such plans as performance-based compensation and to maximize the tax deductibility of such awards. However, the Company reserves the discretion to pay compensation to its executive officers that may not be deductible.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The Compensation Committee consists of non-employee directors only. No interlocking relationship existed during 2002 between the Company's executive officers or members of the Board and the executive officers of the board of directors or compensation committee of any other company. Lyle A. Hohnke, a member of the Compensation Committee, was previously a director and executive officer of Diamond Animal Health, a wholly-owned subsidiary of the Company, prior to our acquisition of Diamond Animal Health in 1996.

REPORT OF THE AUDIT COMMITTEE

The ultimate responsibility for good corporate governance rests with the Board, whose primary roles are oversight, counseling and direction to Heska's management in the best long-term interests of the Company and its stockholders. The Board's Audit Committee has been established for the purpose of overseeing the accounting and financial reporting processes of the Company and audits of the Company's financial statements. During the past year, the Sarbanes-Oxley Act of 2002 added a number of provisions to federal law to strengthen the authority of, and increase the responsibility of, corporate audit committees. Related rules concerning audit committee structure, membership, authority and responsibility have been promulgated by the Securities and Exchange Commission and additional rules have been proposed by the Nasdaq Stock Market and will become applicable to Heska if and when they are finally adopted.

Heska's Audit Committee is made up solely of independent directors. In January 2003, the Board reviewed the composition of the Audit Committee and determined that all of the current members of the Audit Committee meet the requirements of independence as set forth in Section 10A(m)(3) of the Securities Exchange Act of 1934, the rules and regulations promulgated by the Securities and Exchange Commission and Rule 4200(a)(14) of the National Association of Securities Dealers' listing standards. The Audit Committee operates under a written charter that was revised in January 2003 and that is attached hereto as Appendix A.

As described more fully in its charter, the purpose of the Audit Committee is to assist the Board in its oversight and monitoring of Heska's financial reporting, internal controls and audit function. Management is responsible for the preparation, presentation and integrity of Heska's financial statements; accounting and financial reporting principles; internal controls; and procedures designed to ensure compliance with accounting standards, applicable laws and regulations. KPMG LLP, Heska's independent auditors, are responsible for performing an independent audit of the consolidated financial statements in accordance with generally accepted auditing standards. In accordance with the Sarbanes-Oxley Act of 2002, the Audit Committee has ultimate authority and responsibility to select, compensate, evaluate and, when appropriate, replace Heska's independent auditors.

The Audit Committee members are not professional accountants or auditors, and their functions are not intended to duplicate or to certify the activities of management and the independent auditors, nor can the Audit Committee certify that the independent auditors are independent under applicable rules. The Audit Committee serves a board-level oversight role, in which it provides advice, counsel and direction to management and the auditors on the basis on the information it receives, discussions with management and the auditors, and the experience of the Audit Committee's members in business, financial and accounting matters. The Audit Committee has the authority to engage its own outside advisers, including experts in particular areas of accounting, as it determines appropriate, apart from counsel or advisers hired by management.

In this context, during the year 2002, the Audit Committee met and held discussions with management and KPMG LLP. Management represented to the Audit Committee that the Company's consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the Audit Committee has reviewed and discussed the consolidated financial statements with management and KPMG LLP. In the Audit Committee meetings with KPMG LLP, the Audit Committee discussed matters required to be discussed by Statement of Auditing Standards No. 61 (Communication with Audit Committees). This review included a discussion with management of the quality, not merely the acceptability, of Heska's accounting principles, the reasonableness of significant estimates and judgments and the disclosure in Heska's financial statements and financial reports.

The Audit Committee received from KPMG LLP the written disclosures required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and discussed with KPMG LLP its independence. In reliance on the reviews and discussions noted above, and the report of the independent auditors, the Audit Committee recommended to the Board that the Company's audited financial statements be included in its Annual Report on Form 10-K for the year ended December 31, 2002, and be filed with the Securities and Exchange Commission.

Tax Services. This category consists of professional services rendered by the independent auditors for tax compliance and tax advice. The services for the fees disclosed under this category include tax return preparation and technical tax advice.

APPENDIX B

CORPORATE GOVERNANCE GUIDELINES

OF

HESKA CORPORATION

OVERVIEW THE ROLE OF THE BOARD OF DIRECTORS:

It is the paramount duty of the Board of Directors to oversee the CEO and other senior management in the competent and ethical operation of the corporation. To satisfy this duty the directors will take an informed and focused approach to their position, and set standards to ensure that the corporation is committed to business success through maintenance of the highest standards of responsibility and ethics.

Directors bring to the corporation a wide range of experience, knowledge and judgment, and bring these skills to bear for the corporation. These varied skills mean that good governance depends on far more than a "check the box" approach to standards or procedures. The governance structure in the company is designed to be a working structure for principled actions, effective decision-making and appropriate monitoring of both compliance and performance.

Effective directors maintain an attitude of constructive skepticism and careful review. Our directors know that their job requires them to ask probing questions of management and to take the action necessary to get accurate and honest answers. Our directors also rely on the advice, reports and opinions of management, counsel and our expert advisers. In doing so the board constantly evaluates the qualifications of those it relies upon for information and advice, and also looks to the process used by managers and advisers in reaching their recommendations.

Finally our board prides itself on keeping up to date on best governance practices. We, working together with management and our advisers, look to the knowledge and information of others in the governance debate for additional information on how to manage our affairs. We particularly note the efforts by the various exchanges as well as the Securities and Exchange Commission and the Business Roundtable to promote better governance. We established a Corporate Governance Committee in August 2001 composed entirely of independent directors and a strong majority of our board today is comprised of independent directors. We intend to continually monitor the way we govern ourselves, including reviewing whether there are alternatives or new ideas which would strengthen our governance structures.

DIRECTOR QUALIFICATIONS:

The board shall have a majority of directors who meet the criteria for independence established by the Nasdaq Stock Market. Directors will be nominated by the Corporate Governance Committee of the board, in accordance with the charter and principles of that committee. The Corporate Governance Committee is responsible for reviewing with the board, on an annual basis, the appropriate skills and characteristics required of board members as well as the composition of the board as a whole. This assessment will include members' qualification as independent, as well as consideration of diversity, skills and experience in such areas as operations, finance, marketing and sales, manufacturing and the general needs of the board. The board, together with the Chairman of the Corporate Governance Committee and the Chairman of the Board, should

Edgar Filing: HESKA CORP - Form DEF 14A

extend the actual invitation to join the board.

The board presently has eight directors. It is the sense of the board that a size of 8 to 10 is about right. However, the board would consider expanding its size to accommodate outstanding candidates.

It is the sense of the board that individual directors who change the responsibility they held when they were elected to the board should volunteer to resign from the board. It is not the sense of the board that in every instance the directors who retire or change from the position they held when they came on the board should

B-1

necessarily leave the board. There should, however, be an opportunity for the board, through the Corporate Governance Committee, to review the continued appropriateness of board membership under the circumstances.

Each board member must ensure that other existing and anticipated future commitments do not materially interfere with the members' service as director. Directors are encouraged to limit the number of other boards (excluding non-profit) on which they serve, taking into account potential board attendance, participation and effectiveness on these boards. In any event, no director who serves on the Audit Committee shall serve on the audit committee of more than two additional public company boards without prior consultation with the Chair of the Corporate Governance Committee. Directors should advise the Chairman of the Board and the Chair of the Corporate Governance Committee in advance of accepting an invitation to serve on the board of any other public company.

The board believes that term limits are on balance not the best way to maximize the effectiveness of the board. While term limits would likely introduce fresh perspectives and make new viewpoints available to the board, they may have the countervailing effect of causing the loss of the benefit gained from the contributions of directors who have developed, over time, increasing insight into the Company. As an alternative to term limits the Corporate Governance Committee will review the appropriateness of each board member's continued service every three years.

DIRECTOR RESPONSIBILITIES:

The fundamental role of the directors is to exercise their business judgment to act in what they reasonably believe to be the best interests of the Company and its shareholders. In fulfilling that responsibility the directors should be able to rely on the honesty and integrity of the Company's senior management and expert legal, accounting, financial and other advisors. The directors should have the benefit of directors' and officers' insurance, paid by the company, to indemnification to the fullest extent allowed under the Company's charter and Delaware law, and to exculpation as provided by Delaware law and the Company's charter.

Board members are expected to rigorously prepare for, attend and participate in all board and applicable committee meetings, and to spend the time needed and meet as often as necessary to properly discharge their obligations. Information and data that is important to the board's understanding of the business to be conducted at a board or committee meeting should generally be distributed in writing to the directors prior to the meeting, so that board meeting time may be conserved and discussion time focused on questions that the board has about the materials. Particularly sensitive subject matters may be discussed at the meeting without advance distribution of written materials.

The board does not have a policy on whether or not the roles of Chief Executive Officer and Chairman of the Board should be separate and, if they are to be separate, whether the Chairman should be selected from the non-employee directors or be an employee. The board believes these issues should be considered as part of the board's broader succession planning process.

The Chairman of the Board will establish the agenda for each board meeting and distribute it in advance to the board. At the beginning of each year the Chairman will, to the extent foreseeable and practicable, set a schedule of agenda items to be discussed during the year. Each board member is free to suggest the inclusion of items on the agenda and to raise at any board meeting subjects that are not on the agenda for that meeting. The board will review the Company's long-term strategic plans during at least one board meeting each year. The non-management directors will meet in executive session at least semi-annually.

The board believes that management speaks for the Company. Individual board members may occasionally meet or otherwise communicate with various constituencies that are involved with the Company, but it is expected that board members would do this with the knowledge of management and, in most instances, absent unusual circumstances or as contemplated by the committee charters, at the request of management.

B-2

BOARD COMMITTEES:

A Corporate Governance Committee, Audit Committee and Compensation Committee of the board shall exist at all times. The members of the Audit Committee shall meet the independence and experience requirements of Section 10A(m)(3) of the Securities Exchange Act of 1934, the rules and regulations of the Securities and Exchange Commission and the Nasdaq Stock Market (or any other exchange upon which the Company's stock becomes listed). The members of the Corporate Governance Committee and Compensation Committee will meet the criteria for independence established by the Nasdaq Stock Market and the rules and regulations of the Securities and Exchange Commission. The members of these committees will also meet the other membership criteria specified in the respective charters for these committees.

Committee members will be appointed by the board upon recommendation by the Corporate Governance Committee of the board, in accordance with the charter and principles of that committee. There will, from time to time, be occasions on which the board may want to rotate committee members, but the board does not believe that a formal policy of rotation is mandated.

Each committee will have its own charter. The charter will set forth the purposes, policies and responsibilities of the committees in addition to the qualifications for committee membership, procedures for committee member nomination and removal, committee organization and functioning and how the committee will communicate with the board. The charters will also provide that each committee will annually evaluate its performance.

The Chair of each committee will, in consultation with the appropriate committee members and members of management, and in accordance with the committee's charter, determine the frequency and length of committee meetings and develop the committee's agenda. At the beginning of the year each committee will establish a schedule of agenda subjects to be discussed during the year (to the extent these can be foreseen). The schedule for each committee will be furnished to the full board.

The board and each committee shall have the authority to obtain advice, reports or opinions from internal and external counsel and expert advisors and shall have the power to hire independent legal, financial and other advisors as they may deem necessary, without consulting with, or obtaining approval from, any officer of the Company in advance.

The board may, from time to time, establish or maintain additional committees, as it deems appropriate.

DIRECTOR ACCESS TO OFFICERS AND EMPLOYEES:

The board has complete access to all Company officers and employees. Any meetings or contacts that a director desires to initiate may be arranged directly by the director or through the CEO or other Company officer. The directors should use their judgment to ensure that any such contact or communication is not disruptive to the business operations of the Company, and will, to the extent not inappropriate, copy the CEO or any written communications between a director and an officer or employee of the Company.

Edgar Filing: HESKA CORP - Form DEF 14A

The board welcomes the attendance of senior officers at each board meeting. The board also encourages management to schedule managers to present at board meetings who: (a) can provide additional insight into the items being discussed because of personal involvement in these areas, or (b) have potential that senior management believes should be given exposure to the board.

DIRECTOR COMPENSATION:

The form and amount of director compensation will be determined by the Corporate Governance Committee. The Corporate Governance Committee will conduct an annual review of director compensation. The Corporate Governance Committee will consider that directors independence may be jeopardized if director

B-3

compensation and perquisites exceed customary levels, if the Company makes substantial charitable contributions to organizations with which a director is affiliated, or if the Company enters into consulting contracts with (or provides other indirect forms of compensation to) a director or an organization with which the director, or members of their immediate family, is affiliated.

CEO EVALUATION:

The Compensation Committee will conduct an annual review of the CEO's performance, in accordance with the charter and principles of that committee. The board will review the committee's report to ensure that the current CEO is providing the best leadership for the Company, from a short, intermediate and long-term perspective.

BOARD EVALUATION:

The Corporate Governance Committee will oversee the annual board evaluation process in accordance with the charter and principles of that committee. As part of this process directors will conduct a self-evaluation to review the progress and effectiveness of the board and its committees, and will submit its comments to the Corporate Governance Committee. The Corporate Governance Committee will then report back to the board, and the full board will consider and discuss the committee's report.

MANAGEMENT SUCCESSION:

The Corporate Governance Committee should conduct an annual review on succession planning, in accordance with the charter and principles of that committee. The committee should report its recommendation to the board. The entire board, along with the committee, will nominate and evaluate potential successors to the CEO. The CEO should make available his or her recommendation for potential successors, together with the reasons for such recommendation and any suggested strategy or development plans for that person.

DIRECTOR ORIENTATION AND CONTINUING EDUCATION:

The Company will have an orientation program for new directors. The orientation should include an introduction to the Company's senior management, the Company's business strategies and financial processes, visits to its corporate headquarters and to the extent practicable its significant facilities. Incumbent directors are also invited to attend the orientation program.

All directors will comply with the continuing education requirements mandated by the Nasdaq Stock Market or such other exchange upon which the Company's common stock may be listed.

If the Committee is not the Board then the Committee shall be comprised solely of Directors who both are (a) non-employee directors under Rule 16b-3, and (b) outside directors under Section 162(m) of the Code.

3.2 Authority of the Committee. It shall be the duty of the Committee to administer the Plan in accordance with the Plan's provisions. The Committee shall have all powers and discretion necessary or appropriate to administer the Plan and to control its operation, including, but not limited to, the power to (a) determine which Employees, Consultants and Directors shall be granted Awards, (b) prescribe the terms and conditions of the Awards, (c) interpret the Plan and the Awards, (d) adopt such procedures and subplans as are necessary or appropriate to permit participation in the Plan by Employees and Directors who are foreign nationals or employed outside of the United States, (e) adopt rules for the administration, interpretation and application of the Plan as are consistent therewith, and (f) interpret, amend or revoke any such rules.

3.4 Decisions Binding. All determinations and decisions made by the Committee, the Board, and any delegate of the Committee pursuant to the provisions of the Plan shall be final, conclusive, and binding on all persons, and shall be given the maximum deference permitted by law.

4.2 Lapsed Awards. If an Award is settled in cash, or is cancelled, terminates, expires, or lapses for any reason (with the exception of the termination of a Tandem SAR upon exercise of the related Option, or the termination of a related Option upon exercise of the corresponding Tandem SAR), any Shares subject to such Award again shall be available to be the subject of an Award.

4.3 Adjustments in Awards and Authorized Shares. In the event that any dividend or other distribution (whether in the form of cash, Shares, other securities, or other property), recapitalization, stock split, reverse stock split, reorganization, merger, consolidation, split-up, spin-off, combination, repurchase, or exchange of Shares or other securities of the Company, or other change in the corporate structure of the Company affecting the Shares occurs such that an adjustment is determined by the Committee (in its sole discretion) to be appropriate in order to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under the Plan, then the Committee shall, in such manner as it may deem equitable, adjust the number and class of Shares which may be delivered under the Plan, the number, class, and price of Shares subject to outstanding Awards, and the numerical limits of Sections 5.1, 6.1, 7.1 and 8.1. Notwithstanding the preceding, the number of

Shares subject to any Award always shall be a whole number.

C-5

SECTION 5

STOCK OPTIONS

5.1 Grant of Options. Subject to the terms and provisions of the Plan, Options may be granted to Employees, Consultants and Directors at any time and from time to time as determined by the Committee in its sole discretion. The Committee, in its sole discretion, shall determine the number of Shares subject to each Option, provided that during any Fiscal Year, no Participant shall be granted Options covering more than 500,000 Shares. Notwithstanding the foregoing limitation, in connection with a Participant's initial service as an Employee, a Participant may be granted Options to purchase up to an additional 500,000 Shares. The Committee may grant Incentive Stock Options, Nonqualified Stock Options, or a combination thereof.

5.2 Award Agreement. Each Option shall be evidenced by an Award Agreement that shall specify the Exercise Price, the expiration date of the Option, the number of Shares to which the Option pertains, any conditions to exercise the Option, and such other terms and conditions as the Committee, in its discretion, shall determine. The Award Agreement shall also specify whether the Option is intended to be an Incentive Stock Option or a Nonqualified Stock Option.

5.3 Exercise Price. Subject to the provisions of this Section 5.3, the Exercise Price for each Option shall be determined by the Committee in its sole discretion.

5.3.1 Nonqualified Stock Options. In the case of a Nonqualified Stock Option, the Exercise Price shall be not less than one hundred percent (100%) of the Fair Market Value of a Share on the Grant Date.

5.3.2 Incentive Stock Options. In the case of an Incentive Stock Option, the Exercise Price shall be not less than one hundred percent (100%) of the Fair Market Value of a Share on the Grant Date; provided, however, that if on the Grant Date, the Employee (together with persons whose stock ownership is attributed to the Employee pursuant to Section 424(d) of the Code) owns stock possessing more than 10% of the total combined voting power of all classes of stock of the Company or any of its Subsidiaries, the Exercise Price shall be not less than one hundred and ten percent (110%) of the Fair Market Value of a Share on the Grant Date.

5.3.3 Substitute Options. Notwithstanding the provisions of Sections 5.3.1 and 5.3.2, in the event that the Company or an Affiliate consummates a transaction described in Section 424(a) of the Code (e.g., the acquisition of property or stock from an unrelated corporation), persons who become Employees, Directors or Consultants on account of such transaction may be granted Options in substitution for options granted by their former employer. If such substitute Options are granted, the Committee, in its sole discretion and consistent with Section 424(a) of the Code, may determine that such substitute Options shall have an exercise price less than one hundred percent (100%) of the Fair Market Value of the Shares on the Grant Date.

5.4 Expiration of Options.

5.4.1 Expiration Dates. Each Option shall terminate no later than the first to occur of the following events:

Edgar Filing: HESKA CORP - Form DEF 14A

(a) The date for termination of the Option set forth in the written Award Agreement, or

(b) If no date for the termination of the Option is set forth in the written Award Agreement (other than reference to Section 5.4.1(c)), the expiration of three (3) months from the date of the Participant's Termination of Service for any reason; or

(c) The expiration of ten (10) years from the Grant Date.

5.4.2 Committee Discretion. Subject to the limits of Section 5.4.1, the Committee, in its sole discretion, (a) shall provide in each Award Agreement when each Option expires and becomes

C-6

unexercisable, and (b) may, after an Option is granted, extend the maximum term of the Option (subject to Section 5.8.4 regarding Incentive Stock Options).

5.5 Exercisability of Options. Options granted under the Plan shall be exercisable at such times and be subject to such restrictions and conditions as the Committee shall determine in its sole discretion. After an Option is granted, the Committee, in its sole discretion, may accelerate the exercisability of the Option.

5.6 Payment. Options shall be exercised by the Participant's delivery of a written notice of exercise to the Secretary of the Company (or its designee), setting forth the number of Shares with respect to which the Option is to be exercised, accompanied by full payment for the Shares.

Upon the exercise of any Option, the Exercise Price shall be payable to the Company in full in cash or its equivalent. The Committee, in its sole discretion, also may permit exercise (a) by tendering previously acquired Shares having an aggregate Fair Market Value at the time of exercise equal to the total Exercise Price (such previously acquired Shares must have been held for the requisite period necessary to avoid a charge to the Company's earnings for the financial reporting purposes, unless otherwise determined by the Committee), or (b) by any other means which the Committee, in its sole discretion, determines to both provide legal consideration for the Shares, and to be consistent with the purposes of the Plan.

As soon as practicable after receipt of a written notification of exercise and full payment for the Shares purchased, the Company shall deliver to the Participant (or the Participant's designated broker), Share certificates (which may be in book entry form) representing such Shares.

5.7 Restrictions on Share Transferability. The Committee may impose such restrictions on any Shares acquired pursuant to the exercise of an Option as it may deem advisable, including, but not limited to, restrictions related to applicable federal securities laws, the requirements of any national securities exchange or system upon which Shares are then listed or traded, or any blue sky or state securities laws.

5.8 Certain Additional Provisions for Incentive Stock Options.

5.8.1 Exercisability. The aggregate Fair Market Value (determined on the Grant Date(s)) of the Shares with respect to which Incentive Stock Options are exercisable for the first time by any Employee during any calendar year (under all plans of the Company and its Subsidiaries) shall not exceed \$100,000.

5.8.2 Termination of Service. No Incentive Stock Option may be exercised more than three (3) months after the Participant's Termination of Service for any reason other than Disability or death, unless (a) the Participant dies during such three-month period, and/or (b) the Award Agreement or the Committee permits later exercise. No Incentive Stock Option may be exercised more than one (1) year after the Participant's Termination of Service on account of death or Disability, unless the Award Agreement or the Committee permit later exercise.

5.8.3 Company and Subsidiaries Only. Incentive Stock Options may be granted only to persons who are employees of the Company or a Subsidiary on the Grant Date.

Edgar Filing: HESKA CORP - Form DEF 14A

5.8.4 Expiration. No Incentive Stock Option may be exercised after the expiration of ten (10) years from the Grant Date; provided, however, that if the Option is granted to an Employee who, together with persons whose stock ownership is attributed to the Employee pursuant to Section 424(d) of the Code, owns stock possessing more than 10% of the total combined voting power of all classes of the stock of the Company or any of its Subsidiaries, the Option may not be exercised after the expiration of five (5) years from the Grant Date.

C-7

SECTION 6

6.1 Grant of SARs. Subject to the terms and conditions of the Plan, an SAR may be granted to Employees, Directors and Consultants at any time and from time to time as shall be determined by the Committee, in its sole discretion. The Committee may grant Affiliated SARs, Freestanding SARs, Tandem SARs, or any combination thereof.

6.1.1 Number of Shares. The Committee shall have complete discretion to determine the number of SARs granted to any Participant, provided that during any Fiscal Year, no Participant shall be granted SARs covering more than 500,000 Shares, except that such Participant may receive SARs covering up to an additional 500,000 Shares in the fiscal year of the Company in which his or her service as an Employee first commences.

6.1.2 Exercise Price and Other Terms. The Committee, subject to the provisions of the Plan, shall have complete discretion to determine the terms and conditions of SARs granted under the Plan. However, the exercise price of a Freestanding SAR shall be not less than one hundred percent (100%) of the Fair Market Value of a Share on the Grant Date. The exercise price of Tandem or Affiliated SARs shall equal the Exercise Price of the related Option.

6.2 Exercise of Tandem SARs. Tandem SARs may be exercised for all or part of the Shares subject to the related Option upon the surrender of the right to exercise the equivalent portion of the related Option. A Tandem SAR may be exercised only with respect to the Shares for which its related Option is then exercisable. With respect to a Tandem SAR granted in connection with an Incentive Stock Option: (a) the Tandem SAR shall expire no later than the expiration of the underlying Incentive Stock Option; (b) the value of the payout with respect to the Tandem SAR shall be for no more than one hundred percent (100%) of the difference between the Exercise Price of the underlying Incentive Stock Option and the Fair Market Value of the Shares subject to the underlying Incentive Stock Option at the time the Tandem SAR is exercised; and (c) the Tandem SAR shall be exercisable only when the Fair Market Value of the Shares subject to the Incentive Stock Option exceeds the Exercise Price of the Incentive Stock Option.

6.3 Exercise of Affiliated SARs. An Affiliated SAR shall be deemed to be exercised upon the exercise of the related Option. The deemed exercise of an Affiliated SAR shall not necessitate a reduction in the number of Shares subject to the related Option.

6.4 Exercise of Freestanding SARs. Freestanding SARs shall be exercisable on such terms and conditions as the Committee, in its sole discretion, shall determine.

6.5 SAR Agreement. Each SAR grant shall be evidenced by an Award Agreement that shall specify the exercise price, the term of the SAR, the conditions of exercise, and such other terms and conditions as the Committee, in its sole discretion, shall determine.

6.6 Expiration of SARs. An SAR granted under the Plan shall expire upon the date determined by the Committee, in its sole discretion, and set forth in the Award Agreement. Notwithstanding the foregoing, the rules of Section 5.4 also shall apply to SARs.

Edgar Filing: HESKA CORP - Form DEF 14A

6.7 Payment of SAR Amount. Upon exercise of an SAR, a Participant shall be entitled to receive payment from the Company in an amount determined by multiplying:

- (a) The difference between the Fair Market Value of a Share on the date of exercise over the exercise price; times

- (b) The number of Shares with respect to which the SAR is exercised.

At the discretion of the Committee, the payment upon SAR exercise may be in cash, in Shares of equivalent value, or in some combination thereof.

SECTION 7

RESTRICTED STOCK

7.1 Grant of Restricted Stock. Subject to the terms and provisions of the Plan, the Committee, at any time and from time to time, may grant Shares of Restricted Stock to Employees, Directors and Consultants in such amounts as the Committee, in its sole discretion, shall determine. The Committee, in its sole discretion, shall determine the number of Shares to be granted to each Participant, provided that during any Fiscal Year, no Participant shall receive more than 100,000 Shares of Restricted Stock. In addition, no more than 500,000 Shares available for grant under the Plan may be issued pursuant to Shares of restricted stock with a purchase price that is less than 100% of Fair Market Value.

7.2 Restricted Stock Agreement. Each Award of Restricted Stock shall be evidenced by an Award Agreement that shall specify the Period of Restriction, the number of Shares granted, and such other terms and conditions as the Committee, in its sole discretion, shall determine. Unless the Committee determines otherwise, Shares of Restricted Stock shall be held by the Company as escrow agent until the restrictions on such Shares have lapsed.

7.3 Transferability. Except as provided in this Section 7, Shares of Restricted Stock may not be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated until the end of the applicable Period of Restriction.

7.4 Other Restrictions. The Committee, in its sole discretion, may impose such other restrictions on Shares of Restricted Stock as it may deem advisable or appropriate, in accordance with this Section 7.4.

7.4.1 General Restrictions. The Committee may set restrictions based upon the achievement of specific performance objectives (Company-wide, divisional, or individual), applicable federal or state securities laws, or any other basis determined by the Committee in its discretion.

7.4.2 Section 162(m) Performance Restrictions. For purposes of qualifying grants of Restricted Stock as performance-based compensation under Section 162(m) of the Code, the Committee, in its discretion, may set restrictions based upon the achievement of Performance Goals. The Performance Goals shall be set by the Committee on or before the latest date permissible to enable the Restricted Stock to qualify as performance-based compensation under Section 162(m) of the Code. In granting Restricted Stock which is intended to qualify under Section 162(m) of the Code, the Committee shall follow any procedures determined by it from time to time to be necessary or appropriate to ensure qualification of the Restricted Stock under Section 162(m) of the Code (e.g., in determining the Performance Goals).

7.4.3 Legend on Certificates. The Committee, in its discretion, may legend the certificates representing Restricted Stock to give appropriate notice of such restrictions.

7.5 Removal of Restrictions. Except as otherwise provided in this Section 7, Shares of Restricted Stock covered by each Restricted Stock grant made under the Plan shall be released from escrow as soon as practicable after the last day of the Period of Restriction. The Committee, in its discretion, may accelerate the time at which any restrictions shall lapse or be removed. After the restrictions have lapsed, the Participant shall be entitled to have any legend or legends under Section 7.4.3 removed from his or her Share certificate, and the Shares shall be freely transferable by the Participant.

7.6 Voting Rights. During the Period of Restriction, Participants holding Shares of Restricted Stock granted hereunder may exercise full voting rights with respect to those Shares, unless the Committee determines otherwise.

7.7 Dividends and Other Distributions. During the Period of Restriction, Participants holding Shares of Restricted Stock shall be entitled to receive all dividends and other distributions paid with respect to such Shares

C-9

unless otherwise provided in the Award Agreement. If any such dividends or distributions are paid in Shares, the Shares shall be subject to the same restrictions on transferability and forfeitability as the Shares of Restricted Stock with respect to which they were paid.

7.8 Return of Restricted Stock to Company. On the date set forth in the Award Agreement, the Restricted Stock for which restrictions have not lapsed shall revert to the Company and again shall become available for grant under the Plan.

SECTION 8

PERFORMANCE UNITS AND PERFORMANCE SHARES

8.1 Grant of Performance Units/Shares. Performance Units and Performance Shares may be granted to Employees, Directors and Consultants at any time and from time to time, as shall be determined by the Committee, in its sole discretion. The Committee shall have complete discretion in determining the number of Performance Units and Performance Shares granted to each Participant provided that during any Fiscal Year, (a) no Participant shall receive Performance Units having an initial value greater than \$1,000,000, except that such Participant may receive Performance Units in the fiscal year of the Company in which his or her service as an Employee first commences with an initial value no greater than \$2,000,000, and (b) no Participant shall receive more than 500,000 Performance Shares, except that such Participant may receive up to an additional 500,000 Performance Shares in the fiscal year of the Company in which his or her service as an Employee first commences.

8.2 Value of Performance Units/Shares. Each Performance Unit shall have an initial value that is established by the Committee on or before the Grant Date. Each Performance Share shall have an initial value equal to the Fair Market Value of a Share on the Grant Date.

8.3 Performance Objectives and Other Terms. The Committee shall set performance objectives in its discretion which, depending on the extent to which they are met, will determine the number or value of Performance Units/Shares that will be paid out to the Participants. The time period during which the performance objectives must be met shall be called the Performance Period. Each Award of Performance Units/Shares shall be evidenced by an Award Agreement that shall specify the Performance Period, and such other terms and conditions as the Committee, in its sole discretion, shall determine.

8.3.1 General Performance Objectives. The Committee may set performance objectives based upon the achievement of Company-wide, divisional, or individual goals, applicable federal or state securities laws, or any other basis determined by the Committee in its discretion.

8.3.2 Section 162(m) Performance Objectives. For purposes of qualifying grants of Performance Units/Shares as performance-based compensation under Section 162(m) of the Code, the Committee, in its discretion, may determine that the performance objectives applicable to Performance Units/Shares shall be based on the achievement of Performance Goals. The Performance Goals shall be set by the Committee on or before the latest date permissible to enable the Performance Units/Shares to qualify as performance-based compensation under Section 162(m) of the Code. In granting Performance Units/Shares which are intended to qualify under Section 162(m) of the Code, the Committee shall follow any procedures determined by it from time to time to be necessary or appropriate to ensure qualification of the Performance Units/Shares under Section 162(m) of the Code (e.g., in determining the Performance Goals).

8.4 Earning of Performance Units/Shares. After the applicable Performance Period has ended, the holder of Performance Units/Shares shall be entitled to receive a payout of the number of Performance Units/Shares earned by the Participant over the Performance Period, to be determined as a function of the extent to which the corresponding performance objectives have been achieved. After the grant of a Performance Unit/Share, the Committee, in its sole discretion, may reduce or waive any performance objectives for such Performance Unit/Share.

C-10

8.5 Form and Timing of Payment of Performance Units/Shares. Payment of earned Performance Units/Shares shall be made as soon as practicable after the expiration of the applicable Performance Period. The Committee, in its sole discretion, may pay earned Performance Units/Shares in the form of cash, in Shares (which have an aggregate Fair Market Value equal to the value of the earned Performance Units/Shares at the close of the applicable Performance Period) or in a combination thereof.

8.6 Cancellation of Performance Units/Shares. On the date set forth in the Award Agreement, all unearned or unvested Performance Units/Shares shall be forfeited to the Company, and again shall be available for grant under the Plan.

SECTION 9

MISCELLANEOUS

9.1 Change in Control.

9.1.1 Options and SARs.

(a) In the event of a Change in Control, each outstanding Option and SAR shall be assumed or an equivalent option or right substituted by the successor corporation or a parent or Subsidiary of the successor corporation.

(b) In the event that the successor corporation refuses to assume or substitute for the Option or SAR, then the Options and SARs held by such Participant shall become one hundred percent (100%) exercisable. If an Option or SAR becomes fully vested and exercisable in lieu of assumption or substitution in the event of a Change in Control, the Company shall notify the Participant in writing or electronically that the Option or SAR shall be fully vested and exercisable (subject to the consummation of the Change in Control) for a period of fifteen (15) days from the date of such notice, and the Option or SAR shall terminate upon the expiration of such period.

(c) For the purposes of this Section 9.1.1, the Option or SAR shall be considered assumed if, following the Change in Control, the option or right confers the right to purchase or receive, for each Share subject to the Option or SAR immediately prior to the Change in Control, the consideration (whether stock, cash, or other securities or property) received in the Change in Control by holders of Shares for each Share held on the effective date of the transaction (and if holders were offered a choice of consideration, the type of consideration chosen by the holders of a majority of the outstanding Shares); provided, however, that if such consideration received in the Change in Control is not solely common stock of the successor corporation or its parent, the Committee or the Board may, with the consent of the successor corporation, provide for the consideration to be received upon the exercise of the Option or SAR, for each Share subject to the Option or SAR, to be solely common stock of the successor corporation or its parent equal in fair market value to the per share consideration received by holders of Shares in the Change in Control, as determined on the date of the Change in Control.

9.1.2 Restricted Stock. In the event of a Change in Control, any Company repurchase or reacquisition right with respect to outstanding Shares of Restricted Stock held by the Participant will be assigned to the successor corporation. In the event that the successor corporation refuses to accept the assignment of any such Company repurchase or reacquisition right, such Company repurchase or reacquisition right will lapse and the Participant will become one hundred percent (100%) vested in such Shares of Restricted Stock immediately prior to the Change in Control.

9.1.3 Performance Shares and Performance Units. In the event of a Change in Control, the Committee or the Board, in its discretion, may provide for any one or more of the following with respect to the Performance Shares and Units: (a) any outstanding Performance Shares and Units shall be assumed by the successor corporation or a parent or Subsidiary of the successor corporation, (b) any outstanding Performance

C-11

Shares and Units shall be terminated immediately prior to the Change in Control, or (c) with respect to a Change in Control that occurs prior to a Participant's Termination of Service, one hundred percent (100%) of any outstanding Performance Shares or Units shall be deemed to be earned and shall be immediately payable to the Participant, or, in cases where a Participant has received a target award of Performance Units or Shares, up to one hundred percent (100%) of the target amount shall vest. In the event any outstanding Performance Shares and Units are assumed, the successor corporation shall have the ability to reasonably and equitably adjust the Performance Goals.

9.2 Deferrals. The Committee, in its sole discretion, may permit a Participant to defer receipt of the payment of cash or the delivery of Shares that would otherwise be due to such Participant under an Award. Any such deferral elections shall be subject to such rules and procedures as shall be determined by the Committee in its sole discretion.

9.3 No Effect on Employment or Service. Nothing in the Plan shall interfere with or limit in any way the right of the Company to terminate any Participant's employment or service at any time, with or without cause. For purposes of the Plan, transfer of employment of a Participant between the Company and any one of its Affiliates (or between Affiliates) shall not be deemed a Termination of Service. Employment with the Company and its Affiliates is on an at-will basis only.

9.4 Participation. No Employee or Consultant shall have the right to be selected to receive an Award under this Plan, or, having been so selected, to be selected to receive a future Award.

9.5 Indemnification. Each person who is or shall have been a member of the Committee, or of the Board, shall be indemnified and held harmless by the Company against and from (a) any loss, cost, liability, or expense that may be imposed upon or reasonably incurred by him or her in connection with or resulting from any claim, action, suit, or proceeding to which he or she may be a party or in which he or she may be involved by reason of any action taken or failure to act under the Plan or any Award Agreement, and (b) from any and all amounts paid by him or her in settlement thereof, with the Company's approval, or paid by him or her in satisfaction of any judgment in any such claim, action, suit, or proceeding against him or her, provided he or she shall give the Company an opportunity, at its own expense, to handle and defend the same before he or she undertakes to handle and defend it on his or her own behalf. The foregoing right of indemnification shall not be exclusive of any other rights of indemnification to which such persons may be entitled under the Company's Certificate of Incorporation or Bylaws, by contract, as a matter of law, or otherwise, or under any power that the Company may have to indemnify them or hold them harmless.

9.6 Successors. All obligations of the Company under the Plan, with respect to Awards granted hereunder, shall be binding on any successor to the Company, whether the existence of such successor is the result of a direct or indirect purchase, merger, consolidation, or otherwise, of all or substantially all of the business or assets of the Company.

9.7 Beneficiary Designations. If permitted by the Committee, a Participant under the Plan may name a beneficiary or beneficiaries to whom any vested but unpaid Award shall be paid in the event of the Participant's death. Each such designation shall revoke all prior designations by the Participant and shall be effective only if given in a form and manner acceptable to the Committee. In the absence of any such designation, any vested benefits remaining unpaid at the Participant's death shall be paid to the Participant's estate and, subject to the terms of the Plan and of the applicable Award Agreement, any unexercised vested Award may be exercised by the administrator or executor of the Participant's estate.

9.8 Limited Transferability of Awards. No Award granted under the Plan may be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, other than by will, by the laws of descent and distribution, or to the limited extent provided in Section 9.6. All rights with respect to an Award granted to a Participant shall be available during his or her lifetime only to the Participant. Notwithstanding the foregoing, the

Participant may, in a manner specified by the Committee, (a) transfer a Nonqualified Stock Option to a Participant's spouse, former spouse or dependent pursuant to a court-approved domestic relations order which relates to the provision of child support, alimony payments or marital property rights, and (b) transfer a Nonqualified Stock Option by bona fide gift and not for any consideration, to (i) a member or members of the Participant's immediate family, (ii) a trust established for the exclusive benefit of the Participant and/or member(s) of the Participant's immediate family, (iii) a partnership, limited liability company or other entity whose only partners or members are the Participant and/or member(s) of the Participant's immediate family, or (iv) a foundation in which the Participant and/or member(s) of the Participant's immediate family control the management of the foundation's assets.

9.9 No Rights as Stockholder. Except to the limited extent provided in Sections 7.6 and 7.7, no Participant (nor any beneficiary) shall have any of the rights or privileges of a stockholder of the Company with respect to any Shares issuable pursuant to an Award (or exercise thereof), unless and until certificates representing such Shares shall have been issued, recorded on the records of the Company or its transfer agents or registrars, and delivered to the Participant (or beneficiary).

SECTION 10

AMENDMENT, TERMINATION, AND DURATION

10.1 Amendment, Suspension, or Termination. The Board, in its sole discretion, may amend, suspend or terminate the Plan, or any part thereof, at any time and for any reason. The amendment, suspension, or termination of the Plan shall not, without the consent of the Participant, alter or impair any rights or obligations under any Award theretofore granted to such Participant. No Award may be granted during any period of suspension or after termination of the Plan. Notwithstanding the foregoing, the Board may not, without stockholder approval, (a) reduce the exercise price of any outstanding Award, (b) cancel and re-grant Options at a lower exercise price (including entering into a 6-month-and-1-day cancellation and re-grant program), (c) replace underwater Options with other Awards in an exchange, buy-back or other scheme, or (d) replace Awards with an Award of the same type having a lower exercise price or accelerated vesting schedule in an exchange, buy-back or other scheme.

10.2 Duration of the Plan. The Plan shall be effective as of April 15, 2003, and subject to Section 10.1 (regarding the Board's right to amend or terminate the Plan), shall remain in effect thereafter. However, without further stockholder approval, no Incentive Stock Option may be granted under the Plan after April 15, 2013.

SECTION 11

TAX WITHHOLDING

11.1 Withholding Requirements. Prior to the delivery of any Shares or cash pursuant to an Award (or exercise thereof), the Company shall have the power and the right to deduct or withhold, or require a Participant to remit to the Company, an amount sufficient to satisfy federal, state, and local taxes (including the Participant's FICA obligation) required to be withheld with respect to such Award (or exercise thereof).

11.2 Withholding Arrangements. The Committee, in its sole discretion and pursuant to such procedures as it may specify from time to time, may permit a Participant to satisfy such tax withholding obligation, in whole or in part by (a) electing to have the Company withhold otherwise deliverable Shares, or (b) delivering to the Company already-owned Shares having a Fair Market Value equal to the minimum amount required to be withheld. The amount of the withholding requirement shall be deemed to include any amount which the Committee agrees may be withheld at the time the election is made, not to exceed the amount determined by using the maximum federal, state or local marginal income tax rates applicable to the Participant with respect to the Award on the date that the amount of tax to be withheld is to be determined. The Fair

12.2 Severability. In the event any provision of the Plan shall be held illegal or invalid for any reason, the illegality or invalidity shall not affect the remaining parts of the Plan, and the Plan shall be construed and enforced as if the illegal or invalid provision had not been included.

12.3 Requirements of Law. The granting of Awards and the issuance of Shares under the Plan shall be subject to all applicable laws, rules, and regulations, and to such approvals by any governmental agencies or national securities exchanges as may be required.
