FOR IMMEDIATE RELEASE

EATON VANCE CORP. REPORT FOR THE THREE MONTHS AND FISCAL YEAR ENDED OCTOBER 31, 2004

Boston, MA--Eaton Vance Corp. earned \$1.99 per diluted share in fiscal 2004 compared to \$1.51 per diluted share in fiscal 2003, an increase of 32 percent. The Company earned \$0.55 per diluted share in the fourth quarter of fiscal 2004, an increase of 34 percent over the \$0.41 per diluted share earned in the fourth quarter of fiscal 2003.

Assets under management on October 31, 2004 were \$94.3 billion, a 26 percent increase over the \$75.0 billion of managed assets on October 31, 2003. Total gross inflows into Eaton Vance funds and separate accounts were \$25.5 billion in fiscal 2004, an increase of 52 percent from the \$16.8 billion of gross inflows in fiscal 2003. Net inflows (gross inflows less redemptions and withdrawals) were \$13.8 billion in fiscal 2004 compared to \$8.3 billion in fiscal 2003, an increase of 66 percent. Both gross and net flows in fiscal 2004 represented the highest levels in Company history. Market appreciation added \$3.6 billion and the separate accounts acquired from Deutsche Bank last July added \$1.9 billion to assets under management in fiscal 2004. Tables 1, 2 and 3 (attached) summarize assets under management and asset flows by investment objective.

Eaton Vance raised a record \$6.3 billion in closed-end fund assets in fiscal 2004 compared to \$5.0 billion raised in fiscal 2003. In the fourth quarter, the Company introduced the Eaton Vance Enhanced Equity Income Fund, a closed-end fund that raised \$716 million in October. Earnings in fiscal 2004 were reduced by \$7.8 million of sales incentives and other expenses associated with the assets raised in 5 closed-end fund offerings.

"Eaton Vance had another year of record growth in fiscal 2004," said James B. Hawkes, Chairman and CEO. "Total assets under management increased 26 percent to \$94.3 billion. The Company was a leader among asset management firms in closed-end fund sales with \$6.3 billion of assets raised in fiscal 2004. Overall, equity fund assets increased 28 percent, bank loan fund assets increased 57 percent and separately managed account assets increased 33 percent. The new assets added in fiscal 2004 should contribute meaningfully to revenue and profit in fiscal 2005."

Page 5 of 10

Revenue in fiscal 2004 increased 27 percent to \$661.8 million from \$523.1 million in fiscal 2003. Fiscal 2004 investment adviser and administration fee revenue increased 39 percent in line with the 40 percent increase in average assets under management for the full year. Fiscal 2004 distribution and underwriter fee revenue increased only 2 percent, primarily because of the continuing shift in mutual fund sales and assets from Class B shares to other fund share classes and other managed assets with low or no distribution fees. Service fee revenue increased 23 percent due to the increase in average fund assets that pay service fees. Other revenue increased 25 percent, primarily because of investment income earned by two consolidated investment companies in which Eaton Vance is the majority shareholder.

Operating expenses increased 22 percent to \$439.3 million in fiscal 2004 from \$360.0 million in fiscal 2003 because of higher compensation, marketing,

Edgar Filing: EATON VANCE CORP - Form 8-K

distribution and other expenses. Compensation expense increased 30 percent in fiscal 2004 due to higher marketing incentive payments associated with the increase in fund and separate account sales, additional compensation expense associated with the acquisition of Parametric Portfolio Associates in September 2003 and separate account assets of Deutsche Bank's Scudder Private Investment Counsel Boston office in July 2004, other employee additions, increases in base salaries and operating income-based performance bonuses.

Amortization of deferred sales commissions decreased 5 percent in fiscal 2004 compared to fiscal 2003 because of the decline in Class B share assets. Service fee expense increased 19 percent because of the growth in fund assets retained more than one year. Distribution expense increased 49 percent in fiscal 2004 primarily because of higher closed-end fund distribution expense, increases in other sales-related marketing expenses and an increase in commissions paid on certain Class A sales. Other expense increased 23 percent in fiscal 2004 because of increased travel, facilities, information technology, legal, audit, recruiting and other miscellaneous costs. Operating income increased 36 percent to \$222.6 million in fiscal 2004 from \$163.1 million in fiscal 2003.

Fiscal year 2004 net income increased 31 percent to \$138.9 million. Interest income in fiscal 2004 declined 42 percent to \$2.8 million primarily because of the inclusion of interest income from two consolidated investment companies in other revenue beginning in the second quarter of fiscal 2003. Interest expense increased 2 percent, reflecting \$1.0 million of previously capitalized debt offering costs expensed in the fourth quarter associated with the repurchase of \$46.0 million of a subsidiary's exchangeable notes that was partly offset by the decline in interest expense associated with the Company's overall reduction of long-term debt in fiscal 2004. The Company's effective tax rate was 36 percent in fiscal 2004 and 35 percent in fiscal 2003.

Cash, cash equivalents and short-term investments were \$357.6 million on October 31, 2004 (\$294.3 million excluding minority shareholder investments in two consolidated investment companies) and \$242.8 million on October 31, 2003 (\$238.8 million excluding minority interest). The Company's strong cash flow in fiscal 2004 allowed it to pay \$85.0 million to repurchase and retire 2,263,155 shares of its non-voting common stock (at an average price of \$37.57 per share), \$34.5 million to pay dividends to its shareholders and \$53.2 million to reduce its long-term debt. There are no outstanding borrowings against the Company's \$170.0 million credit facility. Approximately 1.6 million shares remain of the current stock repurchase authorization.
