**INTERIM RESULTS ANNOUNCEMENT
FOR THE SIX MONTHS ENDED JUNE 30, 2006**

The directors (the "Directors") of PCCW Limited (the "PCCW" or the "Company") announce the unaudited consolidated results of the Company and its subsidiaries (collectively the "Group") for the six months ended June 30, 2006. These interim financial statements have not been audited, but have been reviewed by the Company's Audit Committee and, in accordance with the Statement of Auditing Standards 700 "Engagements to review interim financial reports" issued by the Hong Kong Institute of Certified Public Accountants, by the Company's independent auditors, PricewaterhouseCoopers.

	Continued recovery of core telecommunications business
	Significant growth of now TV
	Consolidated revenue increased 21% to HK\$14,124 million
	Consolidated EBITDA increased 13% to HK\$3,652 million
	Basic earnings per share 11.83 HK cents
	Declared interim dividend of 6.5 HK cents per share

MANAGEMENT REVIEW

In the first half of 2006, PCCW's core telecommunications business continued to recover in a steadily improving business environment. Consolidated revenue for the six months ended June 30, 2006 increased 21% to HK\$14,124 million and consolidated EBITDA increased 13% to HK\$3,652 million. This was largely due to the higher Bel-Air sales recognized upon completion of construction, and the consolidation of SUNDAY Communications Limited (the "SUNDAY") results in the first half of 2006. Excluding the Group's property business, Pacific Century Premium Developments Limited (the "PCPD"), and its mobile business, SUNDAY, the financial performance of PCCW's telecommunications business was relatively stable.

Profit attributable to equity holders decreased 17% to HK\$796 million primarily due to a lower investment gain recognized in the current six-month period. Excluding such impact, profit attributable to equity holders would have increased. Basic earnings per share was 11.83 HK cents. The Board of Directors of PCCW (the "Board") has resolved to declare an interim dividend of 6.5 HK cents per share.

Business Segments

The Group's business comprises the following main segments:

Telecommunications Services ("TSS") is the leading provider of telecommunications products and services including local telephony, broadband access services (residential, business and wholesale), local and international data, international direct dial ("IDD"), sales of customer premise equipment ("CPE"), technical maintenance and subcontracting services and teleservices businesses.

TV & Content includes the Group's fast-growing interactive pay-TV service **now** TV; and its Internet portal multimedia entertainment platform, now.com.hk.

Mobile includes the Group's 2G and 3G businesses conducted jointly with SUNDAY, a mobile operator acquired by the Group on June 22, 2005, under the brand names of SUNDAY and PCCW mobile.

PCCW Solutions offers Information and Communications Technologies ("ICT") services and solutions in Hong Kong and mainland China. This segment also includes the business undertaken by Unihub China Information Technology Company Limited, the Company's subsidiary jointly owned with China Telecommunications Corporation.

Other Businesses include the Group's directories operations in Hong Kong and mainland China, telecommunications business in Taiwan, wireless broadband business in the United Kingdom and all corporate support functions.

PCPD is the 61.66% flagship property subsidiary of PCCW. Its property portfolio includes the Cyberport project development in Hong Kong, Pacific Century Place in Beijing, and other residential sites and telephone exchange building redevelopment projects in Hong Kong and mainland China.

OUTLOOK

PCCW has successfully stabilized its core telecommunications business. The Group is working on building new revenue streams, including TV & Content and Mobile.

After years of intense competition in the local fixed line market, signs of industry consolidation and improvements in retail prices in the market were seen. The market share of the Group's core telecommunications business has stabilized, generating stable operating cash flow to fund the development of new businesses.

NOW TV has rapidly become one of the largest pay-TV services in Hong Kong. With the increasingly rich content and the interactive features, the Group is optimistic about the continuing growth of **NOW** TV.

PCCW mobile's 3G trial proved successful in quickly adding a large number of test users to the network. The Group has commenced migrating 3G trial users to paying customers. Innovations such as mobile TV also help to differentiate PCCW's 3G offering from its competitors. The Group is confident that 3G will play an important role in increasing its market share in the mobile telecommunications sector.

The Company looks forward with optimism to the second half of 2006 and beyond, as the strengthened financial position and stabilization of the core telecommunications business has laid a firm foundation on which to expand.

Note 1 Certain comparative figures have been restated to conform with the business segment presentation in the current period:

TV & Content and Mobile, previously included in TSS, have been presented as separate business segments.

The Group's retail business broadband and directories businesses, both previously included in Business eSolutions, have been reclassified to TSS and Other Businesses, respectively. Business eSolutions has also been renamed as PCCW Solutions. Certain ICT business in mainland China has been restructured during the period.

PCPD is principally the former Infrastructure segment with certain external rental income earned from the Group's telephone exchange buildings reclassified to Other Businesses.

Note 2 EBITDA represents earnings before interest income, finance costs, income tax, depreciation, amortization, gain/loss on disposal of property, plant and equipment, investment properties and interests in leasehold land, net other gains, provisions for impairment losses, restructuring costs, impairment losses on interests in jointly controlled companies and associates and the Group's share of results of jointly controlled companies and associates. While EBITDA is commonly used in the telecommunications industry worldwide as an indicator of operating performance, leverage and liquidity, it is not presented as a measure of operating performance in accordance with the Hong Kong Financial Reporting Standards and should not be considered as representing net cash flows from operating activities. The computation of the Group's EBITDA may not be comparable to similarly titled measures of other companies.

Note 3 Y-o-y percentage change was based on absolute percentage change.

Note 4 Gross debt refers to the principal amount of short-term borrowings and long-term liabilities. Net debt refers to the principal amount of short-term borrowings and long-term liabilities minus cash and cash equivalents and certain restricted cash.

TSS

The table below sets out the financial performance of TSS for the six months ended June 30, 2006 and 2005:

	Jun 30,	Jun 30,	Dec 31,	Better/
For the six months ended	2006	2005	2005	(Worse)

TSS continued to deliver stable financial results in a steadily improving business environment. Revenue and EBITDA for the six months ended June 30, 2006 was HK\$7,405 million and HK\$3,414 million, respectively.

Local Telephony Services. Local telephony services revenue for the six months ended June 30, 2006 decreased by 4% to HK\$2,352 million primarily due to the general downward pricing pressure in a highly saturated local fixed line market. Nevertheless, competition from other fixed line network operators appeared to become more benign; and with the Group's effective customer retention and win-back campaigns, PCCW continued to record net fixed line gain on a consecutive monthly basis.

In the first half of 2006, the number of direct exchange lines operated by the Group increased by nearly 1% to 2,579,000, compared to a 2% decline for the same six months period in 2005. This was in line with the modest growth in the Hong Kong fixed line market, according to the industry statistics provided by the Office of the Telecommunications Authority, as a result of the continuing recovery of the local economy. The Group's estimated market share remained solid at approximately 68%.

Local Data Services. Local data services revenue for the six months ended June 30, 2006 remained stable at HK\$2,092 million. Total broadband access lines in service reached 998,000 by the end of June 2006, including all wholesale customers. The continuing growth was supported by the Group's high-quality value-added services, although average revenue per user (ARPU) for basic broadband access products and services softened in a highly penetrated local broadband market. The Group's TV & Content business increased customer loyalty and kept the broadband churn rate much lower than the industry average.

International Telecommunications Services. International telecommunications services revenue for the six months ended June 30, 2006 decreased by 9% to HK\$1,060 million. This segment of the market continued to be highly competitive, driving down retail prices while boosting traffic volume. In line with the global market trend, unit prices of IDD, IPLC and other international data products were lower than those in 2005.

Other Services. Other services revenue for the six months ended June 30, 2006 increased 15% to HK\$1,901 million. Other services revenue primarily includes revenue from the sale of network equipment and CPE, provision of technical and maintenance services including contracts secured by Cascade Limited (["CASCADE"]), certain international connectivity products and services and the Group's teleservices businesses.

In the first half of 2006, CASCADE continued to build its external business and was awarded significant network operation outsourcing and consultancy projects from various Southeast Asia telecommunications operators. Revenue from the Group's teleservices businesses also increased during the period as the teleservices outsourcing model for corporations became increasingly popular.

TV & Content

Revenue from TV & Content surged by 66% to HK\$303 million for the six months ended June 30, 2006, driven by the strong growth of the **now** TV business. By the end of June 2006, **now** TV subscription reached 608,000 with a large number paying an ARPU of HK\$118 per month. New content recently introduced by **now** TV includes the self-produced **now** Business News Channel (["nowBNC"]), the exclusive HBO suite of channels, AXN, the TVB PAY VISION pack and the exclusive UEFA Champions League. More interactive features were introduced including the **now** Game channel and **now** shop.

now.com.hk, the Group's Internet portal, continued to bring high-quality value-added services exclusively to PCCW's broadband customers. 227,000 NETVIGATOR customers subscribed to the service at the end of June 2006, up 8% from December 2005. MOOV, an online digital music service, was also launched during the period.

Mobile

Revenue from the Group's mobile operation was HK\$585 million for the six months ended June 30, 2006, and primarily represented the post-acquisition revenue contribution from SUNDAY. The mobile telecommunications market in Hong Kong remained intensively competitive. In January 2006, PCCW launched a 3G trial program, which has proven to be a success with some 105,000 customers selected and activated. Beginning in August 2006, marketing campaigns have been launched to migrate the 3G trial users to various pricing packages.

In May 2006, the Group introduced the world's first real-time mobile TV service using Cell Multimedia Broadcast technology. Initial TV programs offered include **now** BNC, 24-hour ATV News Channel, CNN International, CNBC and Mobile ESPN.

PCCW Solutions

PCCW Solutions revenue for the six months ended June 30, 2006 decreased 9% to HK\$737 million. PCCW Solutions continued to expand its external business and was awarded significant contracts despite the challenging business environment. The Group's ICT business in mainland China underwent certain restructuring during the period to improve efficiency. Major contracts recently won include high-profile public sector contracts such as the 10-year Electronic Passport System (e-Pass) contract and the Government Financial Management Information System (GFMIS) contract with the Hong Kong Government. In the private sector, a contract with Bossini International Holdings Limited was also signed to provide comprehensive implementation services and manage its new Oracle Financial system rollout in the region.

PCPD

PCPD revenue for the six months ended June 30, 2006 increased 58% to HK\$5,276 million, reflecting the higher Bel-Air sales recognized upon completion of construction.

Other Businesses

Other Businesses primarily include the Group's directories businesses in Hong Kong and mainland China, its telecommunications business in Taiwan, its wireless broadband business in the United Kingdom, and all corporate support functions. Other Businesses revenue decreased 8% to HK\$364 million largely due to the Group's disposal of its entire interest in JALECO Ltd. in the second half of 2005.

Eliminations

Eliminations predominantly relate to internal charges for telecommunications services consumed, IT support and computer system network charges, customer support services and rental among the Group's business units.

COSTS

Total cost of sales for the six months ended June 30, 2006 increased 28% to HK\$7,555 million primarily due to a 54% higher cost of sales of the Cyberport project recognized in relation to the increased Bel-Air revenue. Post-acquisition cost of sales for SUNDAY was also recognized in the first half of 2006. Excluding the Group's property business and SUNDAY's results, total cost of sales remained fairly stable on a year-on-year basis. The higher cost of sales for TV & Content corresponding to the strong business growth was partially offset by the lower cost of sales for PCCW Solutions.

General and administrative expenses	4,386	3,834	4,218	(14)%

General and administrative expenses for the period increased 14% after consolidating SUNDAY's operating costs in the first half of 2006. Excluding SUNDAY's results, general and administrative expenses remained fairly stable on a year-on-year basis. Staff costs were flat despite an increase in the Group's business activities such as **snOW** TV and 3G.

EBITDA2

Consolidated EBITDA for the six months ended June 30, 2006 increased 13% to HK\$3,652 million. EBITDA recognized from PCPD more than doubled on a year-on-year basis although the Group's **snOW** TV and 3G businesses recorded higher EBITDA losses at their respective early stages of business life cycle. TSS EBITDA remained steady at HK\$3,414 million while PCCW Solutions EBITDA increased substantially upon completion of certain contracts.

The Group continued to exercise cautious cost control and substantially reduced its corporate overhead during the period. As a result, Other Businesses EBITDA loss in the first half of 2006 narrowed by 23%.

Consolidated EBITDA margin decreased by nearly 2 percentage points to 26% while TSS EBITDA margin was maintained at 46%.

Other Gains, Net

Net other gains decreased to HK\$98 million for the six months ended June 30, 2006 from HK\$545 million in the first half of 2005 largely due to the lower net realized and unrealized gains arising from cross currency swap contracts and other investments of the Group.

Interest Income and Finance Costs

Interest income for the six months ended June 30, 2006 increased 82% year-on-year to HK\$312 million. Finance costs decreased 16% to HK\$928 million after the US\$1,100 million 3.5% guaranteed convertible bonds due 2005

were redeemed in December 2005. Average cost of debt for the six months ended June 30, 2006 was approximately 6.4%.

□ □

Share of Results of Associates

Share of results of associates decreased to HK\$18 million for the six months ended June 30, 2006 from HK\$100 million in the first half of 2005 after the Group's disposal of its entire interest in MobileOne Ltd in October 2005.

Taxation

Taxation expenses for the six months ended June 30, 2006 increased 3% to HK\$609 million and the Group's effective tax rate for the six months ended June 30, 2006 was 36% (June 30, 2005: 35%). This rate is higher than the statutory tax rate of 17.5% mainly due to the fact that losses of some companies cannot be offset against profits of other companies for Hong Kong tax purposes and the disallowance of financing costs relating to the financing of non-income-producing assets. Excluding these factors, the Group would have an effective tax rate around the statutory tax rate of 17.5%.

Minority Interests

Minority interests of HK\$278 million primarily represented the net profit attributable to the minority shareholders of PCPD.

Profit Attributable to Equity Holders of the Company

Profit attributable to equity holders of the Company for the six months ended June 30, 2006 decreased to HK\$796 million from HK\$954 million in the first half of 2005 mainly due to a lower investment gain recognized in the current period partially offset by a higher operating profit and the substantial savings in net finance costs.

LIQUIDITY AND CAPITAL RESOURCES

Net cash outflow from operating activities for the six months ended June 30, 2006 was HK\$2,817 million compared to an inflow of HK\$1,587 million for the same period in 2005. At the end of June 2006, a total of HK\$4,314 million was set aside in a restricted cash account mainly for discharging the US\$450 million 1% guaranteed convertible bonds due in January 2007. Excluding such difference, net cash inflow from operating activities for the period was relatively stable on a year-on-year basis.

The Group's gross debt totaled HK\$30,467 million as at June 30, 2006 (December 31, 2005: HK\$29,165 million) while cash and cash equivalents decreased to HK\$5,574 million (December 31, 2005: HK\$9,679 million). The Group's net debt was HK\$20,579 million as at June 30, 2006 compared to HK\$19,486 million as at December 31, 2005.

PCCW-HKT Telephone Limited (□HKTC□), an indirect wholly-owned subsidiary of the Company, had a total of HK\$10,800 million committed medium-term revolving credit facilities, of which HK\$3,000 million remained undrawn as at June 30, 2006. In July 2006, PCCW further strengthened its liquidity position by entering into a HK\$6,450 million four-year revolving loan facility for general corporate purposes.

□ 0 □

The Cyberport project continued to generate surplus proceeds from the sale of Bel-Air units. Net surplus proceeds distributed to the Group over the course of the Cyberport project totaled HK\$2,285 million, including HK\$638 million received in the first half of 2006.

The Group's gross debt to total assets was 58.8% as at June 30, 2006.

Credit Ratings of HKTC

As at the date of this announcement, HKTC had investment grade ratings with Standard & Poor's Ratings Services (BBB/Stable), Moody's Investors Service (Baa2/Stable) and Fitch Ratings (BBB+/Negative).

CAPITAL EXPENDITURE

Group capital expenditure for the six months ended June 30, 2006 increased to HK\$1,070 million (June 30, 2005: HK\$691 million), after consolidating SUNDAY's capital expenditure of HK\$324 million in the first half of 2006 (June 30, 2005: Nil). The majority of capital expenditure was spent on meeting demand of new products and services, such as **Now** TV, and on new initiatives including building the Group's IP Network, next generation fixed-line services and broadband network expansion. SUNDAY's capital expenditure was spent on 3G network rollout and enhancement of the 2G network coverage and service quality.

PCCW has made significant investment in its communications network in previous years. This included the upgrade and expansion of network coverage, and building a platform for broadband and fast developing IP initiatives. Besides ongoing core network expansion, capital expenditure will include development of the full IP Network, mobile network services and other new products and services. PCCW will continue to invest prudently, using assessment criteria including internal rate of return, net present value and payback period.

HEDGING

Market risk arises from foreign currency exposure and interest rate exposure related to cash investments and borrowings. As a matter of policy, the Group continues to manage the market risk directly relating to its operations and financing and does not undertake any speculative derivative trading activities. The Finance and Management Committee, a sub-committee of the Executive Committee of the Board, determines appropriate risk management activities undertaken with the aim of managing prudently the market risk associated with transactions undertaken in the normal course of the Group's business. All treasury risk management activities are carried out in accordance with policies and guidelines approved by the Finance and Management Committee and the Executive Committee of the Company, which are reviewed on a regular basis.

In the normal course of business, the Group enters into forward contracts and other derivative contracts in order to limit its exposure to adverse fluctuations in foreign currency exchange rates and interest rates. These instruments are executed with creditworthy financial

institutions, and all contracts are denominated in currencies of major industrial countries. Gains and losses on these contracts serve as hedges in that they offset fluctuations that would otherwise impact the Group's financial results. Costs associated with entering into such contracts are not material to the Group's financial results.

CHARGE ON ASSETS

As at June 30, 2006, certain assets of the Group with an aggregate carrying value of HK\$68 million (December 31, 2005: HK\$62 million) were pledged to secure loans and borrowing facilities utilized by the Group.

Certain financial assets at fair value through profit or loss, with an aggregate value of HK\$173 million (December 31, 2005: HK\$178 million), were placed as collateral in relation to certain equity-linked transactions entered into by the Group in 2002.

Performance guarantee	451	403
Others	26	34

Apart from the above, as disclosed in the Group's annual financial statements for the year ended December 31, 2005, on April 23, 2002, a writ of summons was issued against PCCW-HKT Limited (["HKT"]), an indirect wholly-owned subsidiary of the Company, by New Century Infocomm Tech Co., Ltd. (["NCIC"]) for HKT's alleged failure to purchase 6,522,000 shares of Taiwan Telecommunication Network Services Co., Ltd. (["TTNS"]), an indirect subsidiary of the Company, pursuant to an option agreement entered into on July 24, 2000.

During the period, the Group decided to raise its stake in TTNS in view of the increasing strategic importance of its Taiwan operations in the context of its Greater China business operations. The Group negotiated with NCIC to acquire 6,522,000 shares of TTNS and completed the acquisition in July 2006. Following the purchase, the Group's effective interest in TTNS was increased to 62.56% from 56.56%.

In July 2006, HKT and NCIC filed a consent summons with the High Court of the Hong Kong Special Administrative Region permanently staying the court action as mentioned above which has effectively terminated these legal proceedings.

HKTC is in dispute with Hong Kong's Inland Revenue Department (the ["IRD"]) regarding the deductibility of certain finance expenses. The IRD had raised two assessments for part of the disputed finance expenses on April 21, 2005 and February 3, 2006. HKTC had lodged an objection to both assessments and successfully obtained a holdover of the tax assessed through the purchase of Tax Reserve Certificates in the amount of HK\$308 million. The

estimated tax impact of the dispute may amount to HK\$354 million up to June 30, 2006. Based on the information available to the Group to date, HKTC has made a provision based on the best estimate of the amount that may ultimately be required to settle the dispute. The Directors consider that the impact of any unprovided amounts which may materialize is immaterial.

The Group is subject to certain corporate guarantee obligations to guarantee performance of its wholly-owned subsidiaries in the normal course of their businesses. The amount of liabilities arising from such obligations, if any, cannot be ascertained but the Directors are of the opinion that any resulting liability would not materially affect the financial position of the Group.

HUMAN RESOURCES

As at June 30, 2006, the Group had approximately 14,453 employees (June 30, 2005: 13,525), including employees of SUNDAY. About three quarters of these employees work in Hong Kong and the others are based outside of Hong Kong, mainly in mainland China. The Company has established incentive bonus schemes designed to motivate and reward employees at all levels to achieve the Company's business performance targets. Payment of bonuses is generally based on achievement of net profit after tax target for the Group as a whole and revenue and EBITDA² targets for the Company's individual businesses. The Company also operates a discretionary employee share option scheme and two share award schemes to motivate employee performance in enhancing shareholders' value.

PCCW places great emphasis on training and developing its people to keep the Company at the leading edge of ICT as well as at the forefront of the best business and customer service practices. A wide spectrum of training programs on product, system, business and management practices were provided to help build a competitive workforce and cultivate effective managerial practices throughout the Group. Career and leadership development programs and various trainee schemes were in place to take care of career development of both internal talent and top-notch graduate intakes while serving to build general business and management strength for the Group.

INTERIM DIVIDEND

The Board has resolved to declare an interim dividend of 6.5 HK cents per share (June 30, 2005: 6.5 HK cents per share) for the six months ended June 30, 2006 to shareholders whose names appear on the Register of Members of the Company on October 4, 2006, payable on or around October 11, 2006.

CLOSURE OF REGISTER OF MEMBERS

The Register of Members will be closed from September 29, 2006 to October 4, 2006 both days inclusive, during which period no transfer of shares of the Company will be effected. In order to qualify for the interim dividend of 6.5 HK cents per share, all transfers, accompanied by the relevant share certificates,

should be lodged with the Company's Registrars, Computershare Hong Kong Investor Services Limited, Shops 1712-1716, 17th Floor, Hopewell Centre, 183 Queen's Road East, Wan Chai, Hong Kong, for registration not later than 4:00 p.m. on September 28, 2006. Dividend warrants will be despatched on or around October 11, 2006.

PURCHASE, SALE OR REDEMPTION OF LISTED SECURITIES

During the six months ended June 30, 2006, neither the Company nor any of its subsidiaries purchased, sold or redeemed any of its listed securities.

AUDIT COMMITTEE

The Audit Committee of the Company has reviewed the accounting policies adopted by the Group and the unaudited interim financial statements of the Group for the six months ended June 30, 2006. Such interim financial statements have not been audited but have been reviewed by the Company's auditors.

COMPLIANCE WITH THE CODE ON CORPORATE GOVERNANCE PRACTICES

The Company is committed to maintaining high standards of corporate governance for a transparent, responsible and value-driven management that is focused on enhancing shareholders' value.

The Company has applied the principles and complied with all the code provisions of the Code on Corporate Governance Practices (the "Code") contained in Appendix 14 under the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the "Listing Rules") during the six months ended June 30, 2006, save for the exceptions as described below.

Under code provision A.4.1 of the Code, non-executive directors should be appointed for a specific term, subject to re-election. The Non-Executive Directors are not appointed for a specific term of office. However, all the Directors are subject to retirement by rotation and re-election at annual general meetings in accordance with the Company's Articles of Association as mentioned below.

Under the second part of code provision A.4.2 of the Code, every director, including those appointed for a specific term, should be subject to retirement by rotation at least once every three years. According to the Company's previous Articles of Association, all Directors are subject to retirement by rotation and one-third of the Directors (or, if their number is not a multiple of three, then the number nearest to but not greater than one-third) shall retire from office at each annual general meeting.

At the Annual General Meeting of the Company held on May 24, 2006, a special resolution was passed to amend the relevant articles of the Articles of Association of the Company which provide that every Director shall be subject to retirement at least once every three years and therefore no Director will remain in office for a term of more than three years.

Accordingly, code provisions A.4.1 and A.4.2 of the Code have been fully complied with since May 24, 2006.

INTERIM REPORT

The Company's 2006 interim report containing information required by Appendix 16 of the Listing Rules will be published on the websites of The Stock Exchange of Hong Kong Limited and the Company (www.pccw.com) in due course.

NOTES TO THE UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

For the six months ended June 30, 2006

1 BASIS OF PREPARATION

The unaudited condensed consolidated financial statements of PCCW Limited (the "Company") and its subsidiaries (collectively known as the "Group") have been prepared in accordance with Hong Kong Accounting Standard ("HKAS") 34 Interim Financial Reporting issued by the Hong Kong Institute of Certified Public Accountants.

The preparation of the unaudited condensed consolidated financial statements in conformity with HKAS 34 requires management to make judgments, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses on a year to date basis. Actual results may differ from these estimates.

The accounting policies and methods of computation used in preparing these unaudited condensed consolidated financial statements are consistent with those followed in preparing the Group's annual financial statements for the year ended December 31, 2005, except for the adoption of the following new and revised Hong Kong Financial Reporting Standards ("HKFRSs"), HKASs and Interpretations ("Int") (hereinafter collectively referred to as "new HKFRSs") which are effective for accounting periods beginning on or after January 1, 2006:

Amendment to HKAS 19 Employee Benefits

Actuarial Gains and Losses, Group Plans and Disclosures

Amendment to HKAS 21 The Effects of Changes in Foreign Exchange Rates

Net Investment in a Foreign Operation

Amendment to HKAS 39 Financial Instruments: Recognition and Measurement

Cash Flow Hedge Accounting of Forecast Intragroup Transactions

The Fair Value Option

Amendments to HKAS 39 Financial Instruments: Recognition and Measurement & HKFRS 4 Insurance Contracts

Financial Guarantee Contracts

HKFRS-Int 4 Determining whether an Arrangement contains a Lease

The adoption of these new HKFRSs has no material effect on the Group's results and financial position for the current or prior periods.

2 MATERIAL TRANSACTIONS

- a. On January 10, 2006, the High Court of the Hong Kong Special Administrative Region (the "High Court") made an order permitting the release of the Company from its undertakings given to the High

Court in connection with the capital reduction of the Company. In summary, the undertakings required certain amounts to be credited to the special capital reserve created in connection with the capital reduction; that those amounts should not be treated as realized profit for the purposes of the Hong Kong Companies Ordinance; that the special capital reserve should be treated as undistributable for the purposes of the Hong Kong Companies Ordinance; and that the Company record a summary of the undertakings in its audited or interim financial statements.

The order of the High Court permits the undertakings to be released subject to the Company setting aside sums totalling approximately US\$544 million (approximately HK\$4,243 million) and HK\$106 million for the sole purpose of discharging certain debts or liabilities of the Company existing at the

□19 □

date of the capital reduction, principally being the aggregate amount of principal, accrued interest and redemption premium payable on maturity of the US\$450 million 1% guaranteed convertible bonds due 2007 issued by PCCW Capital No. 2 Limited, an indirect wholly-owned subsidiary of the Company. Those amounts were set aside, and the release of the undertakings thereby became effective, on March 27, 2006. As at June 30, 2006, the total cash set aside was approximately HK\$4,314 million and has been recorded under "Restricted cash" in the unaudited consolidated balance sheet.

Following the release of the undertakings, the Company and the special capital reserve ceased to be subject to those restrictions and the Company is no longer required to record a summary of the undertakings in its audited or interim financial statements.

- b. On March 2, 2006, PCCW IMS China Development Company Limited ("PCCW IMS China"), an indirect wholly-owned subsidiary of the Company, entered into a sale and purchase agreement with China Network Communications Group Corporation ("China Netcom"), a stated-owned enterprise established under the laws of the People's Republic of China (the "PRC"), and China Netcom (Holdings) Company Limited, a stated-owned enterprise established under the laws of the PRC and a wholly-owned subsidiary of China Netcom, as vendors, and China Netcom Broadband Corporation Limited ("CNCBB"), a limited liability company established in the PRC and a subsidiary of China Netcom, as the target company, whereby PCCW IMS China agreed to acquire from the vendors an aggregate of 50% of the registered capital of CNCBB after the completion of CNCBB's group reorganization at a consideration of RMB318 million (approximately HK\$305.77 million), which will be funded by internal resources of the Company and is payable in a prescribed manner. As at June 30, 2006, a deposit of HK\$7.8 million has been paid and recorded under "Prepayments, deposits and other current assets" in the unaudited consolidated balance sheet. The transaction has not been completed as at the date of this announcement.
- c. Pursuant to an Amended and Restated Limited Partnership Agreement dated April 20, 2006 entered into among, inter alia, Internet Applications Limited, an indirect wholly-owned subsidiary of the Company, and CBC Partners, L.P., the general partner of China Broadband Capital Partners, L.P. (the "Fund"), Internet Applications Limited agreed to invest up to a maximum amount of US\$50 million in the Fund as a limited partner of the Fund. The Fund has been established with the principal objective of making investments in telecommunications, media and technology related companies with substantial markets and/or operations in the PRC. As at June 30, 2006, the investment in the Fund was approximately HK\$15.6 million and recorded under "Available-for-sale financial assets" in the unaudited consolidated balance sheet.

3 SEGMENT INFORMATION

During the period, the Group has changed the identification of its reporting business segments. The new basis of segment identification provides a more appropriate presentation of segment information so as to better reflect the Group's current business development. The Group comprises the following main business segments:

Telecommunications Services ("TSS") is the leading provider of telecommunications products and services including local telephony, broadband access services, local and international data, international direct dial, sales of equipment, technical maintenance and subcontracting services and teleservices businesses.

TV & Content includes interactive pay-TV service and the Internet portal multimedia entertainment platform.

Mobile includes the Group's 2G and 3G mobile businesses.

PCCW Solutions offers Information and Communications Technologies services and solutions in Hong Kong and mainland China.

Pacific Century Premium Developments Limited (["PCPD"]) covers the Group's property portfolio in Hong Kong and mainland China including the Cyberport project development in Hong Kong.

Other Businesses include the Group's directories operations in Hong Kong and mainland China, telecommunications business in Taiwan, wireless broadband business in the United Kingdom and all corporate support functions.

An analysis of turnover and contribution to the Group's results by business segment is set out below:

8 EARNINGS PER SHARE

The calculations of basic and diluted earnings per share are based on the following data:

	Six months ended	
	June 30, 2006	June 30, 2005
	(Unaudited)	(Unaudited)
Earnings (in HK\$ million)		
Earnings for the purposes of basic and diluted earnings per share	796	954
