REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Participants and Administrator
Sallie Mae 401(k) Retirement Savings Plan

We have audited the accompanying statement of net assets available for benefits of the Sallie Mae 401(k) Retirement Savings Plan (the Plan) as of December 31, 2008, and the related statement of changes in net assets available for benefits for the year then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Plan's internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2008, and the changes in net assets available for benefits for the year then ended, in conformity with U.S. generally accepted accounting principles.

Our audit was performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2008, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Sallie Mae 401(k) Retirement Savings Plan

Notes to Financial Statements

December 31, 2008 and 2007

1. Plan Description

General

The Sallie Mae 401(k) Retirement Savings Plan (the Plan) was first adopted on July 1, 1984 for the benefit of eligible employees electing to participate in the Plan (the Participants). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Effective August 1, 2007, the Plan covers substantially all employees of SLM Corporation's Asset Performance Group who have completed one month of service. The Plan also covers substantially all new hires after August 1, 2007 of SLM Corporation and its subsidiaries (the Employer). Previously, the Plan covered substantially all employees of SLM's Asset Performance Group who completed three months of service.

Contributions and Vesting

Participants are eligible to contribute from 1 to 75 percent of their eligible compensation, in increments of whole percentages, to the Plan under salary reduction agreements up to the Internal Revenue Service maximum of \$15,500 in 2008. The Plan allows Participants who have attained age 50 to make additional contributions up to the IRS maximum of \$5,000 for 2008. Participants may also contribute amounts rolled over from qualified employer plans in which they had previously participated.

Effective October 1, 2008 the Employer provides a one percent contribution of eligible compensation to all eligible employees after one month of service which vests after one year of service. The Employer matches up to 100 percent on the first 3 percent of contributions and up to 50 percent on the next 2 percent of contributions after one year of service except that during the period August 1, 2007 through September 30, 2008 the match formula was up to 100 percent on the first five percent of contributions after one year of service. The Plan is a Safe Harbor 401(k) Plan under Internal Revenue Code Sections 401(k)(12) and 401(m)(11). Safe Harbor Employer Matching Contributions are 100% vested when made.

During 2008, Employer contributions were reduced by \$31,266 from forfeited nonvested accounts. Unused forfeitures at December 31, 2008 and 2007 totaled \$20,649 and \$33,658, respectively, which will be used to offset future Employer contributions.

The Plan also allows for a profit sharing contribution, whereby the Employer will determine the amount of net profits, if any, to contribute to the Plan. There were no profit sharing contributions made during 2008.

Participant loans

Participants may borrow from their fund accounts starting at a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their account balance, whichever is less. Participants may have two general loans outstanding at any time. The term of a general loan shall be a maximum of five years. A loan that is used for the Participant's principal residence must be repaid over twenty years; however, prior to April 1, 2005, the term could be a maximum of thirty years. The loans are secured by the balance in the Participant's account and bear interest at the prime rate at the time of loan origination. Principal and interest is paid through bi-weekly payroll deduction. In addition, Participants may repay all or a portion (in \$500 increments) of such loans at any time.

Sallie Mae 401(k) Retirement Savings Plan

Notes to Financial Statements

December 31, 2008 and 2007

Investment elections

Fidelity Management Trust Company (Fidelity) is the Plan Trustee. An affiliate, Fidelity Investments Institutional Operations Company, Inc. (FIIOC) serves as recordkeeper. Contributions are invested, based on Participants instructions, in any of the various investment options selected by the Retirement Committee. Through the Sallie Mae 401(k) Savings Plan Master Trust, the Plan offers various mutual funds, an employer stock fund, a money market fund and a self-directed brokerage option. Under the self-directed brokerage option, Participants may direct investments in any security or other investments offered by Fidelity, regardless of whether they are included as investment options offered by the Plan. In order to participate in the self-directed brokerage option, Participants must have a minimum Plan balance of \$10,000 and at least \$500 must remain in the other available funds.

Participant accounts

Each Participant s account is credited with the Participant s and Employer s contributions and their portion of the Plan s earnings (losses). Plan earnings (losses) are allocated based on the Participant s designated investments of their account balances, as defined. The benefit to which a Participant is entitled is the benefit that can be provided from the Participant s vested account.

Payment of benefits

Participants may withdraw funds from their account upon retirement, disability, separation from employment, attainment of age 59 1/2, and certain other times as specified in the Plan Document. Distributions shall be made in a lump sum in cash, in common stock of SLM Corporation, or a combination thereof, reduced by the outstanding balance of any loans not repaid by the Participant.

Administrative expenses

Participants pay fees for loans and withdrawals, and terminated Participants pay annual maintenance fees. Additionally, Participants may pay for commissions associated with common stock purchases and sales and short term transaction fees in certain funds when Participants trade in and out of the fund within 90 days. The Participant costs are charged directly to the Participant s account and are reflected in the statement of changes in net assets available for benefits. The Employer bears the remaining cost of Plan administration.

Plan administration

Members of the Retirement Committee and Trustees of the Plan were appointed by the Board of Directors of SLM Corporation. The Plan paid no compensation for their services.

Plan merger

On March 31, 2008, the Upromise 401(k) Plan, a defined contribution plan which was also sponsored by the Employer, with assets of \$9,722,425 (inclusive of participant loans of \$79,620) was merged with and into the Plan.

2. Summary of Significant Accounting Policies

Fair Value Measurements

Effective January 1, 2008, the Plan adopted SFAS No.157, Fair Value Measurements (the Standard). The Standard defines fair value, sets out a framework for measuring fair value and requires additional disclosures about fair value measurements. The Standard applies to fair value measurements already required or permitted by existing standards.

Sallie Mae 401(k) Retirement Savings Plan

Notes to Financial Statements

December 31, 2008 and 2007

Under SFAS No. 157, the categories of fair value estimates are based on a hierarchical framework associated with three levels of price transparency utilized in measuring financial statements at fair value. Classification is based on the lowest level of input that is significant to the fair value of the instrument. The three levels are as follows:

Level 1 Quoted prices (unadjusted) in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date. The types of financial instruments included in level 1 are highly liquid instruments with quoted prices;

Level 2 Inputs from active markets, other than quoted prices for identical instruments, are used to model fair value. Significant inputs are directly observable from active markets for substantially the full term of the asset or liability being valued; and

Level 3 Pricing inputs significant to the valuation are unobservable. Inputs are developed based on the best information available; however, significant judgment is required by management in developing the inputs.

The related disclosures are in note 4.

Basis of accounting

The Plan maintains its accounting records on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment valuation and income recognition

Investments held by the Sallie Mae 401(k) Savings Plan Master Trust (the Master Trust) consist of various mutual funds, a unitized employer stock fund, a money market fund and a self-directed brokerage option. Money market funds are carried at cost, which approximates fair value. Common stock, securities and brokerage account investments traded on national securities exchanges are carried at market value based on the closing price on the last business day of the year. The fair value of mutual funds is determined based on the net asset value for shares held by the Master Trust at year-end. Investments traded in the over-the-counter market and listed securities for which no sale was reported on that date are valued at the average of the last reported bid and asked prices. Loans to Participants are valued at cost, which approximates fair value.

The Master Trust information in note 4 presents the net depreciation in the fair value of its investments, which consists of realized gains or losses and unrealized appreciation (depreciation) on those investments. Dividend income is recorded on the ex-dividend date. Interest earned on investments is recorded on the accrual basis. Purchases and sales of securities are recorded on the trade date.

Contributions

Contributions made by employees electing to participate in the Plan under salary reduction agreements and Employer contributions are recorded when payable into the Plan.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Such estimates include those regarding fair value. Actual results could differ from those estimates.

Sallie Mae 401(k) Retirement Savings Plan**Notes to Financial Statements****December 31, 2008 and 2007****Risks and uncertainties**

The Plan, through the Master Trust, provides for various investment options. Such investments are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect Participants' account balances and the amounts reported in the statement of net assets available for benefits.

Benefit payments

Benefits are recorded when paid.

3. Investments

The individual investments representing five percent or more of the fair value of net assets available for benefits is the interest in the Master Trust, which was \$38,524,456 and \$36,401,837 at December 31, 2008 and 2007, respectively.

4. Interest in Master Trust

At December 31, 2008 and 2007, the Plan's investment assets were held in a trust account with Fidelity and consist of a specific interest in the Master Trust. The Master Trust includes the defined contribution retirement plan investment assets of the Sallie Mae 401(k) Savings Plan and the Sallie Mae 401(k) Retirement Savings Plan.

The Master Trust was composed of the following investments, at fair value at December 31, 2008 and 2007:

	Fair Value at December 31, 2008	Quoted prices in active markets (Level 1)	Based on Other observable inputs (Level 2)	Unobservable inputs (Level 3)	Fair Value at December 31, 2007
Assets measured at fair value on a recurring basis:					
Mutual Funds	\$213,005,119	\$213,005,119	\$		\$343,490,628
Sallie Mae Stock Fund	9,567,357	9,567,357			19,304,694
Money Market Funds	58,970,578	58,970,578			57,094,965
Common Stock/ Preferred Stock	1,584,049	1,584,049			3,382,766
Corporate Bonds/ Government Bonds					352,947
Participant Loans	10,411,031			10,411,031	12,404,846
Total Master Trust Assets	\$293,538,134	\$283,127,103	\$	\$10,411,031	\$436,030,846

Sallie Mae 401(k) Retirement Savings Plan
Notes to Financial Statements
December 31, 2008 and 2007

The net investment loss of the Master Trust for the year ended December 31, 2008 is summarized as follows:

Dividends	\$ 10,703,050
Interest	819,521
Net appreciation (depreciation) in fair value of investments related to:	
Mutual Funds	(125,682,167)
Sallie Mae Stock Fund	(11,082,596)
Common Stock/Preferred Stock	(1,189,996)
Corporate Bonds/Government Bonds	7,618
	\$ (126,424,570)

The Plan's specific interest in the net assets of the Master Trust was approximately 13% and 8% at December 31, 2008 and 2007, respectively. Investment income or losses relating to the Master Trust are allocated to the individual plans based upon the specific transactions occurring in the individual plans.

5. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, Participants would become 100 percent vested in their employer contributions.

6. Related Party Transactions

Certain Plan investments are shares of mutual funds or amounts of the Sallie Mae Stock Fund managed by Fidelity. Fidelity is the trustee as defined by the Plan and therefore these transactions qualify as party-in-interest. Fees paid by the Plan for administrative services were \$21,543 for the year ended December 31, 2008.

Additionally, within the Master Trust, the Plan has investments in the Sallie Mae Stock Fund which are comprised principally of SLM Corporation common stock. At December 31, 2008 and 2007, the Plan held 107,547 and 55,999 units in the Master Trust, respectively, valued at \$731,585 and \$843,372, respectively. During 2008, 95,462 units in the amount of \$999,827 were purchased and 43,914 units in the amount of \$471,099 were sold related to the Sallie Mae Stock Fund. Such transactions qualify as party-in-interest transactions, as SLM Corporation is the Plan's sponsor.

7. Income Tax Status

The Company adopted the McDermott Will & Emery Prototype Non-standardized Safe Harbor Profit Sharing Plan with CODA (Prototype Plan), which obtained a favorable determination letter from the Internal Revenue Service on September 24, 2001. SLM Corporation, as the Plan Sponsor, has not applied for a stand-alone plan determination letter. Although the Plan has been amended since adopting the Prototype Plan, the Plan administrator believes that the Plan and related trust are operating in accordance with the Internal Revenue Code (IRC) and are qualified under Section 401(a) of the IRC and the Plan is therefore not subject to tax under present income tax law.

Sallie Mae 401(k) Retirement Savings Plan

Notes to Financial Statements

December 31, 2008 and 2007

8. Litigation

On April 8, 2008, a class action complaint for alleged violations of ERISA was filed in the United States District Court for the Southern District of New York, naming SLM Corporation, certain officers of SLM Corporation, SLM Corporation's Retirement Committee, and others. The action was brought on behalf of a purported class of participants in and beneficiaries of the Plan. The complaint asserts breaches of fiduciary duties and prohibited transactions in violation of ERISA arising out of alleged false and misleading public statements regarding SLM Corporation's business made during the period January 18, 2007 through the present and investments in SLM Corporation's stock by the Plan and Plan participants. Two additional copycat cases were filed as recently as September 11, 2008 and have since been consolidated. The Consolidated Amended Complaint was filed on December 31, 2008 and SLM Corporation expects to file a motion to dismiss after the Court sets an appropriate scheduling order.
