PROPOSAL 1

ELECTION OF DIRECTORS

Our Board of Directors currently consists of ten members: David W. Anstice, Floyd E. Bloom, Robert A. Breyer, David A. Broecker, Geraldine Henwood, Paul J. Mitchell, Richard F. Pops, Alexander Rich, Mark B. Skaletsky, and Michael A. Wall. Ten directors are to be elected at the Meeting to serve one-year terms until the 2010 annual meeting of shareholders and until their respective successors are elected and shall qualify. The persons named in the accompanying proxy intend to vote for the election of David W. Anstice, Floyd E. Bloom, Robert A. Breyer, David A. Broecker, Geraldine Henwood, Paul J. Mitchell, Richard F. Pops, Alexander Rich, Mark B. Skaletsky, and Michael A. Wall unless authority to vote for one or more of such nominees is specifically withheld in the proxy. The persons named in the proxy will have the right to vote cumulatively and to distribute their votes among such nominees as they consider advisable. The Board of Directors is informed that all the nominees are willing to serve as directors, but if any of them should decline to serve or become unavailable for election at the Meeting, an event which the Board of Directors does not anticipate, the persons named in the proxy will vote for such nominee or nominees as may be designated by the Board of Directors, unless the Board of Directors reduces the number of directors accordingly.

The ten nominees for directors receiving the highest number of votes cast by shareholders entitled to vote thereon will be elected to serve on the Board of Directors. Abstentions will be counted as present for purposes of determining the presence of a quorum for purposes of this proposal, but will not be counted as votes cast. Broker non-votes (shares held by a broker or nominee as to which the broker or nominee does not have the authority to vote on a particular matter) will be counted as present for purposes of determining the presence of a quorum for purposes of this proposal but will not be voted. Accordingly, while abstentions and broker non-votes will count towards establishing a quorum, neither abstentions nor broker non-votes will effect the outcome of the vote on this proposal.

The Board of Directors recommends that you vote **FOR** the election of the nominees named herein to the Company's Board of Directors.

CORPORATE GOVERNANCE AND BOARD MATTERS

Independence of Members of the Board of Directors

The Company defines an independent director in accordance with the applicable provisions of the Securities Exchange Act of 1934, as amended (the Exchange Act), the rules promulgated thereunder and the applicable rules of the Nasdaq Stock Market LLC (Nasdaq). Because it is not possible to anticipate or explicitly provide for all potential situations that may affect independence, the Board periodically reviews each director's status as an independent director and whether any independent director has any other relationship with the Company that, in the judgment of the Board, would interfere with the director's exercise of independent judgment in carrying out such director's responsibilities as a director. The Board makes a determination as to whether each director is independent under the applicable provisions of the Exchange Act, the rules promulgated thereunder and the applicable rules of Nasdaq at two points in time during the year after the annual meeting of shareholders and in conjunction with the preparation and filing of the Company's Proxy Statement. To assist in making its determination, the Board solicits information from each of the Company's directors regarding whether such director, or any family member of his immediate family, had a direct or indirect material interest in any transactions involving the Company, was involved in a debt relationship with the Company or received personal benefits outside the scope of such person's normal compensation.

The Board of Directors has determined that each of David W. Anstice, Floyd E. Bloom, Geraldine Henwood, Paul J. Mitchell, Alexander Rich and Mark B. Skaletsky are independent within the meaning of the Company's director independence standards and the director independence standards of the Exchange Act and Nasdaq. Furthermore, the Board of Directors has determined that each member of each of the committees of the Board of Directors is independent within the meaning of the Company's, the Exchange Act and Nasdaq's director independence standards.

Executive Sessions of Independent Directors

The Board's policy is to hold meetings of the independent directors following each regularly scheduled in-person Board Meeting (other than in connection with the annual meeting of shareholders). Independent director sessions do not include any employee directors of the Company, and a majority of the independent directors will determine who will assume the responsibility of chairing such sessions. Since February 2005, Mr. Skaletsky has been the presiding director of the executive sessions of the independent directors.

Policies Governing Director Nominations

Director Qualifications

The Nominating and Corporate Governance Committee is responsible for reviewing with the Board, from time to time, the appropriate qualities, skills and characteristics desired of Board members in the context of the current make-up of the Board. This assessment includes consideration of the following minimum qualifications that the Nominating and Corporate Governance Committee believes must be met by all directors:

Directors must be of high ethical character and share the values of the Company as reflected in the Company's Code of Business Conduct and Ethics applicable to all directors, officers and employees;

Directors must have reputations, both personal and professional, consistent with the image and reputation of the Company;

Directors must have the ability to exercise sound business judgment; and

Directors must have substantial business or professional experience and be able to offer advice and guidance to the Company's management based on that experience.

Table of Contents

The Nominating and Corporate Governance Committee also considers numerous other qualities, skills and characteristics when evaluating director nominees, such as:

An understanding of and experience in biotechnology and pharmaceutical industries;

An understanding of and experience in accounting oversight and governance, finance and marketing;

Leadership experience with public companies or other significant organizations;

International experience; and

Diversity of age, gender, culture and professional background.

These factors and others are considered useful by the Board, and are reviewed in the context of an assessment of the perceived needs of the Board at a particular point in time.

Board members are expected to prepare for, attend, and participate in all Board meetings, meetings of Committees on which they serve and the Company's annual meeting of shareholders. In addition, directors should stay abreast of the Company's business and markets. The General Counsel and the Chief Financial Officer will be responsible for assuring the orientation of new directors, and for periodically providing materials or briefing sessions for all directors on subjects that would assist them in discharging their duties. Periodically, the Company will provide opportunities for directors to visit Company facilities in order to provide greater understanding of the Company's business and operations. The Board performs an annual self-evaluation. The Board, in coordination with each Committee, performs an annual performance evaluation of each such Committee. The Board, following review by the Nominating and Corporate Governance Committee, determines whether other educational measures are appropriate as part of the annual Board evaluation.

Each Board member is expected to ensure that other existing and planned future commitments do not materially interfere with the member's service as an outstanding director. Board members should not hold more than six directorships (including such member's seat on the Company's Board of Directors), excluding for this purpose, not-for-profit organizations, trade organizations and related organizations, unless otherwise agreed to by the Nominating and Corporate Governance Committee. These other commitments will be considered by the Nominating and Corporate Governance Committee and the Board when reviewing Board candidates. Directors are expected to report changes in their primary business or professional association, including retirement, to the Chairperson of the Board and the Chairperson of the Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee, in consultation with the Chairperson of the Board, will consider any effects these changes may have on the effectiveness of the director's contribution to the work of the Board.

Process for Identifying and Evaluating Director Nominees

The Board is responsible for selecting its own members to stand for election. The Board delegates the selection and nomination process to the Nominating and Corporate Governance Committee, with the expectation that other members of the Board and management will be requested to take part in the process as appropriate.

Once candidates have been identified, the Nominating and Corporate Governance Committee confirms that the candidates meet all of the minimum qualifications for director nominees established by the Nominating and Corporate Governance Committee. Based on the results of the evaluation process, the Nominating and Corporate Governance Committee recommends candidates for the Board's approval as director nominees for election to the Board. The

Nominating and Corporate Governance Committee also recommends candidates for the Board's appointment to the committees of the Board.

Table of Contents

Composition and Responsibilities of the Board of Directors

Size of the Board

The Board of Directors currently consists of ten members. The Board periodically reviews the appropriate size of the Board and, in accordance with the Company's By-laws, this number may be adjusted from time to time.

Board Compensation

It is the general policy of the Board that Board compensation should be a mix of cash and equity based compensation. Full-time employee directors will not be paid for Board membership in addition to their regular employee compensation. Independent directors may not receive consulting, advisory or other compensatory fees from the Company if the receipt of such fees would result in disqualifying the director as an independent director in accordance with the applicable provisions of the Exchange Act, the rules promulgated thereunder and the applicable rules of Nasdaq. To the extent practicable or required by applicable rule or regulation, independent directors who are affiliated with the Company's service providers or partners or collaborators will undertake to ensure that their compensation from such providers or partners or collaborators does not include amounts connected to payments by the Company. The Compensation Committee periodically reviews director compensation.

Operation of Board of Directors

The Company's business, property and affairs are managed under the direction of the Board of Directors. Members of the Board are kept informed of the Company's business through discussions with the Chief Executive Officer and other officers of the Company, by reviewing materials provided to them, by visiting the Company's offices and by participating in meetings of the Board and its committees and the annual meeting of shareholders.

Succession Plan

The Chairman of the Board reviews succession planning and management development with the Board of Directors on an annual basis.

Scheduling and Selection of Agenda Items for Board Meetings

In-person Board meetings are scheduled in advance at least four times a year. Furthermore, additional Board meetings may be called upon appropriate notice at any time to address specific needs of the Company. Each director may propose the inclusion of items on the agenda, request the presence of or a report by any member of the Company's management, or at any Board meeting raise subjects that are not on the agenda for that meeting. The Board may also take action from time to time by unanimous written consent.

Typically, the meetings of the Board are held at the Company's headquarters in Cambridge, Massachusetts, but occasionally meetings may be held at other locations at the discretion of the Board.

The annual cycle of agenda items for Board meetings is expected to change on a periodic basis to reflect Board requests, changing business and legal issues and the work done by the Board Committees.

Board Committees

The Company currently has three standing Committees: Audit, Compensation, and the Nominating and Corporate Governance Committees. There will, from time to time, be occasions on which the Board may form a new committee

or disband a current committee depending upon the circumstances. The Audit, Compensation and Nominating and Corporate Governance Committees shall each be composed entirely of independent directors.

Table of Contents

Each Committee has a written charter, approved by the Board, which describes the Committee's general authority and responsibilities. Each Committee will undertake an annual review of its charter, and will work with the Board to make such revisions as are considered appropriate.

Each Committee has the authority to engage outside experts, advisors and counsel to the extent it considers appropriate to assist the Committee in its work.

Each Committee will regularly report to the Board concerning the Committee's activities.

Assignment of Committee Members

The Board is responsible for the appointment of Committee members.

Frequency and Length of Committee Meetings and Committee Agenda

The Committee Chairperson, in consultation with the Chairman of the Board and appropriate members of management, will determine the frequency and length of the Committee meetings and develop the Committee's agenda. The agendas and meeting minutes of the Committees will be shared with the full Board, and other Board members are welcome to attend Committee meetings, except that non-independent directors are not permitted to attend the executive sessions of any Committee.

RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS

The Audit Committee of the Board of Directors has retained the firm of PricewaterhouseCoopers LLP, independent registered public accountants, to serve as independent registered public accountants for the fiscal year ending March 31, 2010. REPORT OF THE AUDIT COMMITTEE

This report is submitted by the Audit Committee of the Board of Directors. The Audit Committee currently consists of Messrs. Bloom, Mitchell and Skaletsky. The Board of Directors has determined that each member of the Audit Committee meets the independence requirements promulgated by Nasdaq and the Securities and Exchange Commission including Rule 10A-3(b)(1) under the Exchange Act and that Messrs. Mitchell and Skaletsky qualify as audit committee financial experts under the rules of the Securities and Exchange Commission. The Audit Committee has the responsibility and authority described in the Audit Committee Charter which has been approved by the Board of Directors. A copy of the Audit Committee Charter is available on the Governance page of the Investor Relations section of the Company's website, available at: <http://investor.alkermes.com>.

In accordance with law, the Audit Committee has ultimate authority and responsibility to select, compensate, evaluate and, when appropriate, replace the Company's independent auditors. The Audit Committee has the authority to engage its own outside advisors, including experts in particular areas of accounting, as it determines appropriate, apart from counsel or advisors hired by management.

During the fiscal year ended March 31, 2009, the Company's independent registered public accountants were PricewaterhouseCoopers LLP (PWC). PWC is responsible for performing an independent audit of the consolidated financial statements, and an independent audit of the effectiveness of the Company's internal control over financial reporting, as well as attesting to management's assessment of the effectiveness of the Company's internal control over financial reporting, each in accordance with the standards of the Public Company Accounting Oversight Board (PCAOB). PWC also performed audit-related services, tax services and other permissible non-audit services for the Company during the fiscal year ended March 31, 2009, as described more fully below.

The Audit Committee oversees the accounting and financial reporting processes of the Company and the audits of the financial statements of the Company on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process, including the Company's systems of internal controls. In fulfilling its oversight responsibilities, the Audit Committee reviewed the audited consolidated financial statements in the Annual Report with management, and discussed with management the quality, not just the acceptability, of the accounting principles, the reasonableness of significant estimates and judgments, critical accounting policies, accounting estimates resulting from the application of these policies, the substance and clarity of disclosures in the financial statements, and reviewed the Company's disclosure control process and internal control over financial reporting. In addition, the Audit Committee reviewed the rules under the Sarbanes-Oxley Act that pertain to the Audit Committee and the roles and responsibilities of Audit Committee members. The Audit Committee reviewed with PWC, who are responsible for expressing an opinion on the conformity of the Company's audited financial statements with accounting principles generally acceptable in the United States, the overall scope and plans for their audit, and PWC's judgments as to the quality, not just the acceptability, of the Company's accounting principles, the reasonableness of significant estimates and judgments, critical accounting policies and accounting estimates resulting from the application of these policies, and the substance and clarity of disclosures in the financial statements, and reviewed with PWC the Company's disclosure control process and internal control over financial reporting. The Committee met with PWC, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal control over financial reporting, and the overall quality of the Company's financial reporting.

The Audit Committee has reviewed the audited consolidated financial statements of the Company at March 31, 2009 and 2008 and the consolidated financial statements for each of the quarters in the two-year period ended March 31, 2009, and has discussed them with both management and PWC. In connection with the Company's Form 10-K for the year ended March 31, 2009, the Audit Committee discussed with management the results of the Company's

certification process relating to the certification of financial statements under Sections 302 and 906 of the Sarbanes-Oxley Act. The Audit Committee has also discussed with PWC the matters required to be discussed by Statement on Auditing Standards No. 61, as amended by Statement on Auditing Standards No. 90 (Communications with Audit Committees), other standards of the PCAOB, the rules of the Securities and Exchange Commission and other applicable regulations, as currently in

Table of Contents

effect. This discussion included, among other things, a review with management of the quality of the Company's accounting principles, the reasonableness of significant estimates and judgments, and the clarity of disclosure in the Company's financial statements, including the disclosures related to critical accounting policies and practices used by the Company. The Audit Committee has received the written disclosures and the letter from PWC to confirm their independence as required by applicable requirements of the PCAOB regarding the independent accountants communication with the audit committee concerning independence and has discussed with the independent accountant the independent accountant's independence. Based on its review of the financial statements and these discussions, the Audit Committee concluded that it would be reasonable to recommend, and on that basis did recommend, to the Board of Directors that the audited consolidated financial statements and management's assessment of the Company's control over financial reporting be included in the Company's Annual Report on Form 10-K for the fiscal year ended March 31, 2009 and the Board of Directors approved such inclusion.

The Audit Committee also reviewed the Company's quarterly financial statements during the fiscal year ended March 31, 2009 and discussed them with both the management of the Company and PWC prior to including such interim financial statements in the Company's quarterly reports on Form 10-Q. In connection with the Company's quarterly reports on Form 10-Q for its first, second and third fiscal quarters of 2009, the Audit Committee discussed with management and PWC the results of the Company's certification process relating to the certification of financial statements under Sections 302 and 906 of the Sarbanes-Oxley Act.

During the course of the fiscal year ended March 31, 2009, management completed the testing and evaluation of the Company's system of internal control over financial reporting in response to the requirements set forth in Section 404 of the Sarbanes-Oxley Act and related regulations. At the conclusion of the process, management provided the Committee with and the Audit Committee reviewed a report on the effectiveness of the Company's internal control over financial reporting. The Audit Committee also reviewed the report of management contained in the Company's Annual Report on Form 10-K for the fiscal year ended March 31, 2009 filed with the Securities and Exchange Commission, as well as PWC's Report of Independent Registered Public Accounting Firm included in the Company's Annual Report on Form 10-K related to its audit of (i) the consolidated financial statements, (ii) management's assessment of the effectiveness of internal control over financial reporting and (iii) the effectiveness of internal control over financial reporting. The Committee continues to oversee the Company's efforts related to its internal control over financial reporting and management's preparations for the evaluation in the fiscal year ending March 31, 2010.

The Audit Committee monitors the activity and performance of PWC. All services to be provided by PWC are pre-approved by the Audit Committee. The Audit Committee's evaluation of the performance of PWC included, among other things, the amount of fees paid to PWC for audit and permissible non-audit services in fiscal year ended March 31, 2009. Information about PWC fees for the fiscal years ended March 31, 2009 and 2008 is discussed below in this Proxy Statement under Audit Fees. The Audit Committee has retained PWC to serve as the Company's auditors for the fiscal year ending March 31, 2010.

No portion of this Audit Committee Report shall be deemed to be incorporated by reference into any filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, through any general statement incorporating by reference in its entirety the Proxy Statement in which this report appears, except to the extent that the Company specifically incorporates this report or a portion of it by reference. In addition, this report shall not be deemed filed under either the Securities Act or the Exchange Act.

Respectfully submitted by the Audit Committee,

Paul J. Mitchell, Chair
Floyd E. Bloom

Mark Skaletsky

**EXECUTIVE COMPENSATION AND RELATED INFORMATION
COMPENSATION DISCUSSION AND ANALYSIS**

Introduction and Corporate Governance

Our Compensation Committee reviews, oversees and administers our executive compensation programs. The Committee's complete roles and responsibilities are set forth in the written charter adopted by the Board of Directors, which is available on the Governance page of the Investor Relations section of the Company's website, available at: <http://investor.alkermes.com>. The Board of Directors selected the following individuals to serve on the Committee as of October 7, 2008: Mark B. Skaletsky (Chair), Paul J. Mitchell and David W. Anstice. Prior to October 2008, the Compensation Committee consisted of Mark B. Skaletsky (Chair), Paul J. Mitchell and Dr. Alexander Rich. Each of these individuals satisfies the independence requirements of Nasdaq.

Executive Compensation Philosophy and Objectives

Our executive compensation program is designed to attract, retain and motivate experienced and well-qualified executive officers who will promote the Company's research and product development, manufacturing, commercialization and operational efforts. We structure our executive officer compensation packages based on level of job responsibility, peer comparisons, individual performance and overall Company performance. The Committee bases its executive compensation programs on the same objectives that guide the Company in establishing all its compensation programs, which are:

To provide an overall compensation package that rewards individual performance and corporate performance in achieving Company objectives, as a means to promote the creation and retention of value for the Company and its stockholders;

To attract and retain a highly skilled work force by providing a compensation package that is competitive with other employers who compete with us for talent;

To structure an increasing proportion of an individual's compensation as performance-based as he or she progresses to higher levels within the Company;

To foster the long-term focus required for success in the biotechnology industry; and

To structure our compensation and benefits programs similarly across the Company.

Compensation Program Elements

The compensation program for executive officers consists of the following elements:

Base salary

Annual cash performance pay (bonus)

Long-term equity incentive awards, including:

Stock options

Restricted stock awards (also referred to as stock awards)

The Committee utilizes these elements of compensation to structure compensation packages for executive officers that can reward both short and long-term performance of the individual and the Company and foster executive retention.

Base Salary

Base salaries are used to provide a fixed amount of compensation for the executive's regular work. The Committee establishes base salaries that are competitive with comparable companies for each position and level of responsibility to the extent such comparable companies and positions exist. The salaries of the executive officers are reviewed on an annual basis, at the time of the mid-fiscal year performance review

Table of Contents

established by the Company. The Committee may consider factors such as the individual's performance, level of pay compared to comparable companies for each position and level of responsibility, experience in the position of the individual, cost of living indices, the magnitude of other annual salary increases at the Company, and general progress towards achieving the corporate objectives, in determining increases, if any, to base salary. Any base salary increase for an executive officer must be established by the Committee.

Cash Performance Pay

Cash performance pay motivates executive officers to achieve both short-term operational and longer term strategic goals that are aligned with and supportive of long-term Company value. Cash performance pay is awarded by the Committee after the fiscal year-end based on an evaluation of Company performance and each individual's contribution to this performance. Performance objectives are established and evaluated by the Committee.

In May 2008, the Committee approved the Alkermes Fiscal Year 2009 Reporting Officer Performance Pay Plan, and established the Company's fiscal year 2009 corporate objectives, target performance pay ranges and target performance pay that may be earned for the period April 1, 2008 to March 31, 2009 by the Company's executive officers, including all of its named executive officers. The fiscal year 2009 corporate objectives under the plan were: successfully commercialize VIVITROL®; achieve key development program milestones; and achieve financial performance against budget. In May 2008, the committee set target performance pay for fiscal year 2009 as 60% of base salary for Mr. Pops and Mr. Broecker and 50% of base salary for the remaining executive officers named in the performance pay plan. Performance pay ranges determined by the Committee were 0% to 100% of base salary for each executive officer named in the performance pay plan. The Committee established such performance pay targets and performance pay ranges based generally on comparable market data. Performance pay under the executive performance pay plan is awarded after the close of the fiscal year based upon the Committee's review of the performance of the Company against its fiscal year objectives, and the individual performance of each executive officer in achieving such goals. Individual performance of the participants is determined by the Committee in its sole discretion.

Equity Incentives Stock Options, Restricted Stock Awards and Restricted Stock Unit Awards

In October 2008, the shareholders of the Company adopted the Alkermes, Inc. 2008 Stock Option and Incentive Plan (the "2008 Plan"). The award of stock options (both incentive and non-qualified options), restricted stock unit awards, restricted stock awards, cash-based awards, and performance share awards is permitted under the 2008 Plan. The Committee determined that equity awards would thereafter no longer be granted under any of the Company's other equity plans, including the amended and restated 1999 Stock Option Plan, 2002 Restricted Stock Award Plan and 2006 Stock Option Plan for Non-Employee Directors (together with the 2008 Plan, the "Plans"), which comprised all other equity plans of the Company under which equity awards could then be granted. As used herein, the term "restricted stock award," unless otherwise specified, will include restricted stock unit awards and restricted stock awards.

Grants of stock options and restricted stock awards under the Company's equity compensation plan are designed to promote long-term retention and stock ownership, and align the interests of executives with those of stockholders, providing our executives with the opportunity to share in the future value they are responsible for creating. Generally, stock options and non-performance based restricted stock awards vest in equal annual installments over a four-year period. The Committee may, in its discretion, award equity with a different vesting schedule; however, under the 2008 Plan, restricted stock awards granted to employees that have a performance-based goal are required to have a restriction period of at least one year, and those with a time-based restriction are required to have at least a three year restriction period, although vesting can occur incrementally over such three year period. If any employee, including a named executive officer, retires after having met the retirement eligibility criteria reflected in our stock option grants,

then the stock option will vest and become exercisable in full for a prescribed period of time after retirement, not to exceed the full term of the grant. The Committee has determined, however, that any stock option granted to Mr. Pops under his employment agreement would not receive the benefit of a certain Company retirement provision which would

Table of Contents

have provided Mr. Pops with accelerated vesting and greater time to exercise given his satisfaction of the required age and seniority requirements. If the retirement criteria have not been met, vested exercisable stock options remain exercisable for up to three months from the recipient's date of termination from service and unvested stock options are forfeited. Currently, there are no special retirement provisions associated with restricted stock awards.

The number of options and restricted stock awards granted to each executive officer is generally determined by the Committee based on the performance of the executives and their contributions to overall Company performance; information with regard to stock option grants and restricted stock awards at comparable companies, and generally within the biotechnology industry, based upon data provided by the independent compensation consultant; consideration of previous equity awards made to such person; and personal knowledge of the Committee members regarding executive stock options and restricted stock awards at comparable companies. Consideration is also given to the impact of stock option and restricted stock awards on the Company's results of operations.

During fiscal year 2008, the Committee decided to alter the historical composition of equity incentives at the Company from primarily stock options to a combination of stock options and restricted stock awards, while at the same time more selectively utilizing these types of equity compensation within the Company to focus on senior executives and those other key employees, as identified by our CEO in consultation with our human resources department, who are more likely to be motivated by such equity compensation. The Committee believes this philosophy will reward and retain key employees, while motivating executives to increase shareholder value. In this context, the Committee determined that the mix of stock options and restricted stock awards should be re-balanced within the company so that senior executives receive a greater proportion of stock options than restricted stock awards, vice presidents receive a more balanced mixture of the two, and the Company more aggressively utilize restricted stock awards for other key employees of the Company.

The Committee, in setting its compensation calendar for fiscal year 2009, determined to schedule one grant of restricted stock awards, the vesting of which would be tied to Company share price performance, to certain of the reporting officers at the beginning of the fiscal year and a second grant of equity awards to all eligible Company employees after conclusion of fiscal year 2009 to reward performance during such fiscal year. This second grant of equity awards would occur in May, after the window to trade in Company securities reopened following the announcement of the Company's year-end financial results. The Committee chose to make the May equity grant after the close of our fiscal year so that it may fully evaluate the performance of the Company during the entire prior fiscal year against its fiscal year performance objectives.

For fiscal year 2009, the Committee established the range of equity compensation for each of Mr. Pops and Mr. Broecker to be between 0 and 500,000 shares and determined that in order for each of Mr. Pops or Mr. Broecker to receive an equity award, at least 33% of his performance objectives consisting of the corporate objectives set forth above in our Alkermes Fiscal Year 2009 Reporting Officer Performance Pay Plan must be met. A maximum equity award to Mr. Pops or Mr. Broecker required the Committee to determine that such individual had substantially achieved a majority of such objectives.

Compensation Committee Calendar

At the beginning of fiscal year 2009, the Committee determined the following compensation calendar. In May 2008, the Committee considered the grant to executives of restricted stock unit awards, the vesting of which would be tied to stock price performance. In November 2008, approximately mid-way through the Company's fiscal year, the Committee determined the annual percentage adjustment to base salaries for executives. In May 2009, after the close of the Company's fiscal year, the Committee determined (i) the size of the Company performance pay pool, (ii) executive performance pay and (iii) the scheduled equity grants for executives and qualified employees (such equity to be granted after the window to trade reopens after announcement of the Company's fiscal year-end financial

results).

Compensation Determinations

Factors Considered in Determining Compensation

The Committee may consider a number of factors to assist it in determining compensation for the Company's executive officers.

Company Performance. As discussed previously, the Committee, with the agreement of the Board of Directors, set three corporate objectives for performance during the fiscal year ended March 31, 2009. The Company's performance against these objectives were as follows:

Corporate Objectives

Accomplishments

Successfully commercialize VIVITROL

Gross sales for VIVITROL were \$18.8 million in fiscal 2009, compared to \$18.0 million in fiscal 2008.

Alkermes shipped more than 25,000 vials of VIVITROL.

Alkermes regained full commercialization rights to VIVITROL in the U.S. from Cephalon, Inc. Subsequently, Alkermes designed a new distribution system and a new suite of product-related services to improve access and ease of use for physicians and patients.

Alkermes collaborator, Cilag GmbH International (Cilag GmbH), launched VIVITROL for the treatment of alcohol dependence in Russia.

Alkermes initiated a registration study of VIVITROL for the treatment of opioid dependence. Study enrollment of more than 250 patients was completed in April 2009.

Achieve key development program milestones

Exenatide Once Weekly

Alkermes completed the technology transfer to Amylin Pharmaceuticals, Inc. (Amylin) for the manufacture of exenatide once weekly at Amylin's West Chester, Ohio, facility, enabling the team to meet overall timelines for the project.

Alkermes, Amylin and Eli Lilly announced positive data from the DURATION-2 clinical study which demonstrated that exenatide once weekly provided superior glucose control with weight loss compared to sitagliptin or pioglitazone.

Alkermes, Amylin and Eli Lilly announced results from a 52-week open-label clinical study that showed the durable efficacy of exenatide once weekly.

ALKS 27

Alkermes initiated a phase 2a clinical study of ALKS 27 in patients with chronic obstructive pulmonary disease (COPD).

ALKS 33

Alkermes initiated a phase 1 study of ALKS 33, an oral opioid modulator for the potential treatment of addiction and other central nervous system (CNS) disorders. ALKS 33 is the company's first novel, small molecule drug candidate to enter the clinic.

ALKS 29

Alkermes initiated a phase 1 pharmacokinetic study to further explore ALKS 29, a potential oral treatment for alcohol dependence. ALKS 29 is a co-formulation of ALKS 33 and baclofen.

4-week formulation of long-acting risperidone

Johnson & Johnson Pharmaceutical Research & Development, L.L.C. (J&JPRD) initiated a phase 1 study of a four-week long-acting injectable formulation of risperidone for the treatment of schizophrenia.

ALKS 36

Alkermes announced positive preclinical results for ALKS 36, which demonstrated the candidate was effective in reversing opioid effects on gastrointestinal motility. Data also showed that oral administration of ALKS 36 had greater efficacy at a lower dose and for an extended period of time compared to an active comparator, methylnaltrexone. ALKS 36 is a co-formulation of a peripherally acting opioid antagonist and an FDA approved pain medication.

Total revenues for fiscal 2009 were \$327 million, compared to \$241 million for fiscal 2008, an increase of more than 35% year over year. This increase was driven by record manufacturing and royalty revenues from RISPERDAL CONSTA of \$146 million.

Worldwide sales of RISPERDAL CONSTA by Janssen were over \$1.3 billion in fiscal year 2009, an approximately 13% increase over sales of RISPERDAL CONSTA in fiscal 2008, and are based on product sales in approximately 60 countries.

Overall manufacturing yields of RISPERDAL CONSTA improved markedly over the past two years. Cumulatively since launch, Alkermes shipped more than 20 million vials of RISPERDAL CONSTA for sale in more than 60 countries.

Fourth consecutive year of positive cash flow from operations. The business generated \$35 million in cash from operations during fiscal 2009.

Alkermes repurchased a principal amount of \$93 million of its non-recourse RISPERDAL CONSTA secured 7% notes for \$89 million.

Alkermes repurchased 1.6 million shares of common stock for \$18 million as part of an ongoing stock repurchase program.

At the close of fiscal year 2009, Alkermes was in a strong financial position with cash and total investments of \$405 million.

The Committee does not apply a formula or assign these performance objectives relative weights. Instead, it makes a subjective determination after considering such measures collectively.

Individual Performance. In establishing compensation levels, the Committee also evaluates each executive's individual performance using certain subjective criteria, including an evaluation of each executive's contribution to achievement of the corporate objectives and to overall corporate performance and managerial ability. In making its evaluations, the Committee consults on an informal basis with other members of the Board of Directors. In

establishing compensation for executive officers other than Mr. Pops, who served as Chairman of the Company during fiscal year 2009, and Mr. Broecker, who served as President and CEO of the Company during fiscal year 2009, the Committee reviewed in detail the recommendations of Mr. Pops and Mr. Broecker. With respect to Mr. Broecker, the Committee reviews the recommendation of Mr. Pops. With respect to Mr. Pops, the Committee meets at the end of the fiscal year to evaluate his achievement of the corporate objectives and other accomplishments related to his oversight of strategic issues affecting the Company.

Benchmarking. Another consideration which affects the Committee's decisions regarding executive compensation is the high demand for well-qualified personnel. Given such demand, the Committee strives to maintain compensation levels which are competitive with the compensation of other executives in the industry.

Table of Contents

To that end, the Committee, through the Company's Director of Compensation and Benefits, retained the services of an independent compensation consultant, Pearl Meyer and Partners, to review market data and various incentive programs and to provide assistance in establishing the Company's cash and equity based compensation targets and awards based, in large part, upon a peer group identification and assessment that it was retained to conduct. Pearl Meyer and Partners reported its findings to the Chair of the Committee as well as to the Committee as a whole.

The companies that comprised the Company's pharmaceutical peer group for fiscal year 2009 consisted of BioMarin Pharmaceuticals Inc.; Cubist Pharmaceuticals Inc.; ImClone Systems Inc.; Isis Pharmaceuticals, Inc.; K-V Pharmaceutical; The Medicines Company; Millennium Pharmaceuticals Inc.; Nektar Therapeutics; OSI Pharmaceuticals Inc.; PDL BioPharma, Inc.; United Therapeutics Corp.; Vertex Pharmaceuticals Inc; and Viropharma Inc. These thirteen publicly-traded US-headquartered firms compete in similar product, service and labor markets as Alkermes and have generally similar revenue.

Pearl Meyer also reviewed, and provided to the Committee, data from a survey group of companies, which reflects a broader group of biopharmaceutical/biotechnology companies employing the appropriate revenue, industry and executive role perspectives. Data is collected from survey sources of similar size and industry as Alkermes. Surveys used in this analysis were: 2007 Presidio Pay Advisor Executive Compensation in Biopharmaceutical Industry, 2008 Mercer Executive Compensation Survey, 2008 Radford Biotech Survey and one survey source maintained as confidential by Pearl Meyer.

The peer group analyses enable the Committee to compare the Company's executive compensation program as a whole and also the pay of individual executives if the jobs are sufficiently similar to make the comparison meaningful. The Committee seeks to ensure that our executive compensation program is competitive, meaning generally between the median and 65th percentile of our peers in terms of value when the Company achieves the targeted performance levels; however, as mentioned elsewhere in our compensation discussion and analysis, this comparative data provided by our compensation consultant is only one of many factors that the Committee takes into consideration in determining executive and individual compensation programs. The Committee, in its sole authority, has the right to hire or fire outside compensation consultants.

Executive Officer Compensation Determination

Base Salary. The Company and Richard Pops entered into an employment agreement pursuant to which, effective April 1, 2007 and for a period of three years, Mr. Pops serves as the Company's Chairman of the Board of Directors and is responsible for overseeing strategic issues affecting the Company and maintaining key relationships with the Company's business partners. Under the agreement, Mr. Pops continues to receive the same salary (adjusted for inflation), and is entitled to the same benefits, as under his previous employment agreement with the Company.

The Committee reviewed base salaries for all executives of the Company coinciding with the mid-fiscal year performance review established by the Company. The Committee considered a number of factors, such as cost of living indices, market data for comparable companies, general progress towards achieving the corporate objectives and the recommendation of Mr. Broecker for executives, other than himself and Mr. Pops, in determining base salary adjustments for fiscal year 2009. The Committee solicited the input of Mr. Pops, the Chairman of the Board, in determining salary adjustments for Mr. Broecker. The Committee determined to increase the existing base salary of all executive officers, including Messrs. Pops, Broecker, Frates and Pugh and Dr. Ehrich, by approximately 5%, effective as of October 27, 2008.

Cash Performance Pay. In May 2009, the Committee reviewed the performance of Mr. Broecker against the Alkermes corporate objectives and the target performance pay and pay range set by the Committee. The Committee solicited the input of Mr. Pops regarding Mr. Broecker's performance pay. The Committee determined that the cash

performance pay for Mr. Broecker for fiscal year 2009 should be equal to \$315,000, which is equal to his target performance pay of sixty percent (60%) of his base salary.

In May 2009, the Committee reviewed the performance of Mr. Pops against his performance objectives and the target performance pay and pay range set by the Committee. The Committee determined that the cash

Table of Contents

performance pay for Mr. Pops for fiscal year 2009 should be equal to \$395,325, which is equal to his target performance pay of sixty percent (60%) of his base salary.

Also, in May 2009, Mr. Broecker presented to the Committee a performance evaluation of each of the other named executive officers and his recommendations for cash performance pay amounts based on such evaluation. Based upon the achievement of the Company's corporate objectives and the individual performance recommendations of Mr. Broecker, as well as the target performance pay and performance pay ranges set by the Committee, the Committee determined and awarded cash performance pay for fiscal year 2009 to Mr. Pugh and Mr. Frates in an amount equal to their target performance pay and to Dr. Ehrich in an amount in excess of his target performance pay in recognition of his role in the accomplishment of key development program milestones. All such amounts are set forth in the Summary Compensation Table below.

Equity Incentives – Stock Options and Restricted Stock Awards. As noted above, the Committee determined to add to its compensation calendar for fiscal year 2009 a grant of restricted stock made at the beginning of the year, the vesting of which was tied to share price performance. In that regard, in May 2008, each of Mr. Pops and Mr. Broecker received a restricted stock unit award of 10,000 shares, which would become vested in full upon the later of the Nasdaq-reported trading price of the Company's common stock having a five day trailing average closing price of \$19 or more per share or one year after grant; such restricted stock award would expire if not vested five years after grant.

In May 2009, after the close of fiscal year 2009, the Committee awarded additional equity grants for fiscal year 2009 performance. In determining the grant of equity to Messrs. Pops and Broecker, the Committee took into consideration comparable company data provided by the independent compensation consultant, historic awards, the overall fiscal year 2009 shareholder return, and the performance of Mr. Pops and Mr. Broecker against the corporate objectives and their respective individual objectives. The Committee also considered the potential beneficial impact on shareholder return offered by the long-term incentive nature of time-vesting equity grants. Based upon these factors, the Committee granted Mr. Pops 220,000 option shares and Mr. Broecker 175,000 option shares. Each of these options vest in one quarter increments over a four year period beginning on the anniversary of the date of grant, subject to early vesting in certain instances such as death or permanent disability and other instances as described below in Potential Payments upon Termination or Change in Control.

As previously discussed, the above equity grants, taken together, were based on performance by our named executive officers for our fiscal year 2009. In this context, the following table sets forth equity incentive awards earned by Mr. Broecker and Mr. Pops based on their performance and the performance of the Company during fiscal years 2008 and 2009:

	2008 Fiscal Year Performance (April 1, 2007 – March 31, 2008)	2009 Fiscal Year Performance (April 1, 2008 – March 31, 2009)

* Subject to performance vesting criteria

For reporting officers other than Mr. Pops and Mr. Broecker, the Committee also made two equity grants for performance during fiscal year 2009 in May 2008 and May 2009. In May 2008, the Committee awarded

Table of Contents

each of Mr. Frates and Mr. Pugh a restricted stock unit award of 5,000 shares, which would become vested in full upon the later of the Nasdaq-reported trading price of the Company's common stock having a five day trailing average closing price of \$19 or more per share or one year after grant; such restricted stock award would expire if not vested five years after grant. Mr. Ehrich did not receive such an award. In May 2009, after the close of fiscal year 2009, the Committee determined equity awards for executive officers for performance during such fiscal year. The Committee considered the comparable company data provided by the independent compensation consultant, historic awards, and the recommendations of Mr. Broecker, which are based on an assessment of the individual's performance against corporate objectives and his or her individual objectives. The Committee made the following equity grants:

Mr. Frates, 65,000 option shares and 8,500 shares of restricted stock; Mr. Pugh, 65,000 option shares and 8,500 shares of restricted stock; and Dr. Ehrich, 65,000 option shares and 8,500 shares of restricted stock. Each of these options and restricted stock awards vest in four equal installments commencing on the one year anniversary of the grant date and annually thereafter, subject to early vesting in certain instances such as death or permanent disability and other instances as described below in Potential Payments upon Termination or Change in Control.

In addition, on May 26, 2009, the Committee awarded Mr. Pops 25,000 restricted stock units and Mr. Broecker 20,000 restricted stock units, the vesting of which will occur in full upon the later of the receipt of regulatory approval from the United States Food and Drug Administration for exenatide long-acting injection or one year after the date of grant. These performance-based restricted stock units will expire, if the vesting condition has not been met, five years from the date of grant.

Perquisites

The Company did not provide executive officers with any perquisites in fiscal year 2009.

The terms of the Company's 401(k) Savings Plan (401k Plan), provide for executive officer and broad-based employee participation. Under the 401k Plan, all Company employees are eligible to receive matching contributions from the Company. The Company's matching contribution for the 401k Plan for fiscal year 2009 was as follows: dollar for dollar on the first 1% of each participant's eligible compensation and \$0.50 on the dollar on the next 5% of each participant's eligible compensation, for a total match of 3.5% of such participant's eligible compensation, subject to applicable Federal limits.

Other benefits

Executive officers are eligible to participate in the Company's employee benefit plans on the same terms as all other employees. These plans include medical, dental and life insurance. The Company may also provide relocation expense reimbursement and related tax gross-up benefits which are negotiated on an individual basis with executive officers. In addition, executive officers are eligible to receive severance benefits in connection with a termination or a change in control as set forth in each of their employment contracts and described more fully below.

Post Termination Compensation and Benefits

We have a program in place under which our executive officers receive severance benefits if they are terminated without cause or if they terminate their employment for good reason (e.g., a material diminution in his or her responsibilities, authority, powers, functions, duties or compensation or a material change in the geographic location at which he or she must perform his or her employment), and thereafter sign a general release of claims. Additionally, named executive officers receive severance benefits if, for a period of time following a corporate transaction or a change in control, they are terminated without cause or they terminate for good reason. The terms of these

arrangements and the amounts payable under them are described in more detail below under Potential Payments Upon Termination or Change in Control. We provide these arrangements because we believe that some severance arrangements are necessary in a competitive market for talent to attract

Table of Contents

and retain high quality executives. In addition, the change in control benefit allows the executives to maintain their focus on Company business during a period when they otherwise might be distracted.

Tax Deductibility of Compensation

In general, under Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code), the Company cannot deduct, for federal income tax purposes, compensation in excess of \$1,000,000 paid to its named executive officers. This deduction limitation does not apply, however, to certain performance-based compensation within the meaning of Section 162(m) of the Code and the regulations promulgated thereunder.

During fiscal year 2009, the Board of the Company determined that the compensation attributable to certain grants of non-qualified stock options made to certain of its executive officers in the past may not be deductible by the Company as a result of the limitations imposed by Section 162(m) of the Internal Revenue Code (Section 162(m)) because such stock options were granted pursuant to a stock option plan that did not contain one of the provisions necessary in order to maintain such deductibility under Section 162(m). As a result, stockholders of the Company approved, in October 2007, an amended and restated 1999 Stock Option Plan containing the necessary provision so that compensation attributable to stock options granted under such plan could be deductible by the Company when exercised and such provision was also contained in the 2008 Plan approved by Company shareholders on October 7, 2008. Accordingly, on October 15, 2008, and again on November 19, 2008, the Board, with the consent of the grantee, decided to cancel certain of the affected stock options provided that the Committee re-grant the same stock options under the 2008 Plan. On October 15, 2008 and again on November 19, 2008, the Committee re-granted such stock options under the 2008 Plan. The re-granted stock options contain the same terms as the canceled stock options, including vesting schedule, number of shares, and the original exercise price which, in all cases, is higher than the fair market value of the Company's common stock on the date of grant. The sole purpose of the cancellation and re-grant was to preserve the Company's tax deduction in the future with respect to such stock options. No additional benefit was extended to the officers as a result of the cancellation and re-grant and the Company does not expect to incur any additional accounting charge as a result of such cancellation and re-grant.

As a result of the above, during fiscal year 2009, the Board canceled and the Committee re-granted options to our named executive officers, as follows: Richard Pops, two option grants, representing the right to purchase approximately 506,220 shares; David Broecker, three option grants, representing the right to purchase approximately 386,035 shares; James Frates, two option grants, representing the right to purchase approximately 87,524 shares; Elliot Ehrich, three option grants, representing the right to purchase approximately 52,989 shares; and Gordon Pugh, two option grants, representing the right to purchase approximately 35,550 shares.

Notes to Summary Compensation

- (1) The amounts in column (e) reflect the compensation cost recognized for financial statement reporting purposes, excluding estimates of forfeitures, if any, for the fiscal years ended March 31, 2009, 2008 and 2007, respectively,

in accordance with Statement of Financial Accounting Standards No. 123(R), *Share-Based Payment* (SFAS No. 123(R)) for stock awards (which we also refer to as restricted stock awards) made under the Plans, which includes amounts for stock awards granted in and prior to the fiscal year ended March 31, 2009. The Company recognizes the cost of stock awards with graded vesting on a straight-line basis over the requisite service period of each separately vesting tranche. The Company recognizes the cost of stock awards with market-based or performance-based vesting conditions on a straight-line basis over a derived service period. Included within the compensation cost for the year ended March 31, 2009 were stock awards granted to Messrs. Broecker, Frates, Pops and Pugh that have market based vesting conditions. These market based vesting awards were granted on May 27, 2008 and vest over a derived service period calculated to be approximately one and one-half years. The weighted average grant date fair value of stock awards vesting during the year ended March 31, 2009 is included in footnote 12 *Share-Based Compensation* to the Company's consolidated financial statements for the fiscal year ended March 31, 2009 included in the Company's Annual Report on Form 10-K filed with the Securities and Exchange Commission on May 28, 2009. The weighted average grant date fair value of stock awards vesting during the year ended March 31, 2008 is included in footnote 9 *Share-Based Compensation* to the Company's consolidated financial statements for the fiscal year ended March 31, 2008 included in the Company's Annual Report on Form 10-K filed with the Securities and Exchange Commission on May 30, 2008. includes amounts related to option awards granted in and prior to the fiscal year ended March 31, 2009. Option awards vest based on graded vesting and the Company recognizes the cost of option awards with graded vesting on a straight-line basis over the requisite service period of each separately vesting tranche. Mr. Pops met certain retirement eligibility criteria reflected in stock option grants under the Plans for performance during fiscal year 2006 (which were granted during fiscal year 2007 and are therefore included as fiscal year 2007 compensation) and fiscal year 2007 (which were granted partially in fiscal year 2007 and partially in fiscal year 2008 and therefore the relevant portions of which are included in fiscal year 2007 and 2008 compensation). The entire fair value of such stock options granted to Mr. Pops that met such eligibility criteria are included in the table and expensed in full in the fiscal year of grant and there were no estimated forfeitures for these option grants.

Assumptions used in the calculation of the fair value of option awards granted by the Company in the fiscal year ended March 31, 2009 is included in footnote 12 *Share-Based Compensation* to the Company's consolidated financial statements for the fiscal year ended March 31, 2009 included in the Company's Annual Report on Form 10-K filed with the Securities and Exchange Commission on May 28, 2009. Assumptions used in the calculation of the fair value of option awards granted by the Company in the fiscal years ended March 31, 2006, 2005 and 2004 are included under the heading *Stock Options and Awards* in footnote 2 *Summary of Significant Accounting Policies* to the Company's consolidated financial statements for the fiscal year ended March 31, 2006 included in the Company's Annual Report on Form 10K/A filed with the Securities and Exchange Commission on August 14, 2006. There can be no assurance that the cost of stock option awards recognized for financial reporting purposes will be realized by grantees.

- (3) The amounts in column (g) reflect the cash awards paid to the named executive officers for services performed in the fiscal years ended March 31, 2007, 2008 and 2009, pursuant to the Alkermes Fiscal 2007 Named-Executive Bonus Plan, the Alkermes Fiscal 2008 Named-Executive Bonus Plan, and the Alkermes Fiscal 2009 Reporting Officer Performance Pay Plan, respectively.
- (4) With the exception of Mr. Broecker, the amounts in column (i) reflects the Company's match on contributions made by the named executive officers to the Company's 401(k) plan. Column (i) for Mr. Broecker in fiscal year 2007 also includes \$87,912 related to the forgiveness of approximately one-fifth of a loan made to Mr. Broecker on June 13, 2001, including \$27,912 of taxes related to the loan forgiveness, pursuant to the employment agreement with Mr. Broecker dated as of December 22, 2000. Although this loan terminated in February 2006 and no balance remained outstanding as of March 31, 2006, the amount of the loan forgiveness was recorded in the Company's payroll system in the fiscal year ended March 31, 2007.

Notes to Grants of Plan-Based Awards

- * In fiscal year 2009, the Company awarded stock options and stock awards for fiscal year 2008 performance (in May after the close of the fiscal year). As such, all of the stock options and a portion of the stock awards (also known as restricted stock awards) reflected in this Grants of Plan-Based Awards table were granted on May 27, 2008 for performance by grantees in the fiscal year ended March 31, 2008. A portion of the stock awards reflected in the table were granted for performance in fiscal year 2009; see Note 3 below. This Grants of Plan-Based Awards table does not include those stock options and stock awards which were granted on May 26, 2009 for performance by grantees in fiscal year ended March 31, 2009. Such equity grant was as follows: Mr. Broecker, 175,000 stock options; Mr. Frates, 65,000 stock options and 8,500 stock awards; Mr. Pops, 220,000 stock options; Mr. Pugh, 65,000 stock options and 8,500 stock awards; and Mr. Ehrich, 65,000 stock options and 8,500 stock awards. The May 26, 2009 stock option grant was made at an exercise price of \$8.55.
- (1) Represents the target bonus range under the Alkermes Fiscal Year 2009 Reporting Officer Performance Pay Plan (the 2009 Performance Plan) for bonus awards that may be earned by named executive officers during the performance period April 1, 2008 to March 31, 2009. The target bonus range for Mr. Broecker and Mr. Pops is 0% to 100% of base salary, with a target bonus of 60% of base salary in effect at the time of award. The target bonus range for Mr. Frates, Mr. Pugh and Mr. Ehrich is 0% to 100% of base salary with a target bonus of 50% of base salary in effect at the time of award. See Compensation Discussion and Analysis Compensation Program Elements Cash Incentive Bonus for a detailed discussion of

Table of Contents

the Alkermes Fiscal 2009 Reporting Officer Performance Pay Plan and the Summary Compensation Table above for the actual cash incentive bonus amounts earned in fiscal year 2009.

- (2) Represents the target range of the equity award that may be earned by Mr. Broecker and Mr. Pops during the performance period April 1, 2008 to March 31, 2009. The target range is 0 to 500,000 shares. There is no specific target award. In order for Mr. Broecker and Mr. Pops to receive such an equity award, 33% of the Company objectives set forth in the 2009 Performance Plan must have been met. A maximum award to Mr. Broecker and Mr. Pops requires the Compensation Committee to determine that substantial achievement of a majority of such objectives has occurred. See Compensation Discussion and Analysis Executive Officer Compensation Determination Equity Incentives Stock options and Restricted Stock Awards for a detailed discussion of the equity awards earned by Mr. Broecker and Mr. Pops for performance during fiscal year 2009.
- (3) Represents stock awards granted on May 27, 2008 under the 2002 Restricted Stock Award Plan. Messrs. Broecker, Frates, Pops and Pugh received 10,000, 5,000, 10,000, and 5,000 stock awards, respectively, that would vest in full upon the later of the Nasdaq-reported trading price of the Company's common stock having a five day trailing average closing price of \$19 or more per share or one year after grant; such stock awards would expire if not vested five years after grant. As of March 31, 2009, such stock awards have not vested. The balance of the stock awards for Messrs. Broecker, Frates, Pops and Pugh and the stock award for Dr. Ehrlich reflected in this column vest in four equal installments commencing on the one year anniversary of the grant date and annually thereafter. No dividend equivalents are paid on unvested stock awards.
- (4) Represents stock options granted under the amended and restated 1999 Stock Option Plan which vest in four equal installments commencing on the first anniversary of the grant date and annually thereafter. Certain of the stock options qualify as incentive stock options under Section 422 of the IRS Code.
- (5) The exercise prices of the stock options granted on May 27, 2008 equals the average of the high and low of the Company's common stock on the grant date.
- (6) Represents the estimated grant date fair value of stock options and stock awards granted to the named executive officers during the fiscal year ended March 31, 2009 calculated using valuation techniques compliant with SFAS No. 123(R) and used for financial reporting purposes. The grant price and fair value of the stock options granted on May 27, 2008 was \$12.29 and \$6.10 per share, respectively. There can be no assurance that the stock options will be exercised (in which case no value will be realized by the optionee) or the value realized upon exercise will equal the grant date fair value.

Potential Payments upon Termination or Change in Control

If, during the term of the executive officer's employment agreement with the Company, the Company terminates such executive officer's employment without cause or such executive officer terminates his employment for good reason (e.g., a material diminution in his responsibilities, authority, powers, functions, duties or compensation or a material change in the geographic location at which he or she must perform his employment) and such executive officer thereafter signs a general release of claims, the Company will provide severance, as follows: to Mr. Pops, over a twenty-four month period, the Company will pay an amount equal to two times the sum of (i) the average of his current and prior year's base salary, plus (ii) the average of his annual bonus during the prior two years, and will provide for continued participation in the Company's health benefit plans during such twenty-four month period; to Mr. Broecker, over an eighteen month period, the Company will pay an amount equal to one and one-half times the sum of (i) his current base salary, plus (ii) the average of his annual bonus during the prior two years, and will provide for continued participation in the Company's health benefit plans during such eighteen month period; and to Messrs. Ehrich, Frates and Pugh, over a twelve month period, the Company will pay an amount equal to the sum of (i) his current base salary plus (ii) the average of his annual bonus during the prior two years, and will provide for continued participation in the Company's health benefit plans during such twelve month period.

Under the employment agreements with our executive officers, in the event of a change in control, each executive officer would be entitled to continue his employment with the Company for a period of two years following the change in control. If, during this two-year period, the Company terminates such executive officer without cause or if such executive officer terminates his employment for good reason, the Company shall pay such executive officer a pro rata bonus (based upon the average of the annual bonus for the prior two years) for the year in which the termination occurs. Additionally, he or she will receive a lump sum payment equal to, for Messrs. Pops and Broecker, two times, and for Messrs. Ehrich, Frates and Pugh, one and one-half times, the sum of his then base salary (or the base salary in effect at the time of the change in control, if higher) plus an amount equal to the average of his annual bonus during the prior two years. Each executive officer will also be entitled to continued participation in the Alkermes health benefit plans, for Messrs. Pops and Broecker, for a period of two years following the date of termination, and for Messrs. Ehrich, Frates and Pugh, for a period of eighteen months following the date of termination. These change in control payments are expressly in lieu of, and supersede, those severance payments and benefits otherwise payable if the Company terminates such executive officer without cause or if such executive officer terminates his employment for good reason, provided that such termination occurs within two years after the occurrence of the first event constituting a change in control and that such first event occurs during the period of employment of the executive officer. Each executive officer is also entitled to a gross-up payment equal to the excise tax imposed upon the severance payments made in the event of a change in control, if any payment or benefit to the executive, whether pursuant to the employment agreement or otherwise, is considered an excess parachute payment and subject to an excise tax under the Internal Revenue Code. Upon a change in control of the Company, all outstanding stock options issued under our amended and restated 1999 Stock Option Plan and all outstanding stock options and restricted stock awards with time-based vesting issued under the 2008 Plan become exercisable. Restricted stock awards issued under our 2002 Restricted Stock Award Plan, all awards with conditions and restrictions relating to the attainment of performance goals issued under the 2008 Plan, and all other outstanding stock options may become vested and

nonforfeitable in connection with a change in control in the Committee's discretion.

Table of Contents

Except as set forth below, if any employee, including a named executive officer, retires after having met certain of the Company's retirement eligibility criteria, then those stock options granted (i) under our 2008 Plan, (ii) under our 1998 Equity Incentive Plan and amended and restated 1999 Stock Option Plan after December 9, 2004 and (iii) before December 9, 2004 with an exercise price less than \$13.69, shall vest and become exercisable in full for a prescribed period of time after retirement, not to exceed the full term of the grant. As of March 31, 2009, Mr. Pops was the only named executive officer who met the retirement eligibility criteria reflected in these stock option grants; however, as previously discussed, under his current employment agreement, Mr. Pops is not entitled to the benefit of this retirement provision for stock options granted to him for performance during fiscal years 2008, 2009 and 2010. If the retirement criteria have not been met, vested exercisable stock options remain exercisable for up to three months from the recipient's date of termination from service and unvested stock options are forfeited. In addition, in the event an employee (including a named executive officer) is terminated by reason of death or permanent disability, his stock options shall vest and become exercisable in full for a period of one to three years following termination depending on the date of the stock option grant, not to exceed the full term of the grant.

The named executive officers are entitled to certain benefits upon death or disability available to all our employees, as described below. Under our flexible benefits program, all of our eligible employees, including the named executive officers, have the ability to purchase long-term disability coverage that will pay up to 60% of base monthly salary, up to \$20,000 per month during disability. In addition, under our flexible benefits program, the Company provides life insurance coverage for all of our eligible employees, including the named executive officers, equal to two times base salary, with a maximum of \$500,000 in coverage paid by the Company. In the event of termination due to death or disability, stock options granted prior to November 2000 become exercisable for a one-year period, not to exceed the full term of the grant, and stock options granted after November 2000 become fully vested and exercisable for a three-year period, not to exceed the full term of the grant. In addition, in the event Mr. Pops is removed or reassigned due to disability, he is entitled to his then-current full base salary and benefits for a period of time equal to the lesser of (a) six (6) months or (b) the balance of the term of his employment agreement.

In October 2008, the Compensation Committee, in response to additional interpretive guidance issued by the IRS over the past year regarding Section 409(A) of the Internal Revenue Code, approved minor amendments to the executive employment agreements, entered into in December 2007, to clarify when compensation will be received in the event of termination by the Company without cause or by the executive with good reason, and a change in control. Other than as set forth above, these amendments did not in any way otherwise alter the content of the employment agreements entered into in December 2007.

Table of Contents**Potential Post-Termination Payments**

The following table summarizes the potential payments to each named executive officer under various termination events. The table assumes that the event occurred on March 31, 2009, and the calculations use the closing price of our common stock on March 31, 2009 (the last trading day of fiscal year 2009) as reported by Nasdaq, which was \$12.13 per share.

Notes to Post-Termination Payments

- (1) If any employee, including a named executive officer, retires after having met certain of the Company's retirement eligibility criteria, then those stock options granted under our 1998 Equity Incentive Plan and 1999 Stock Option Plan, as amended, on or after December 9, 2004 and those stock options granted before

December 9, 2004 with an exercise price less than \$13.69, shall vest and become exercisable in full for a period of five years after retirement, not to exceed the full term of the grant; however, stock options awarded to Mr. Pops for performance in fiscal years 2008 and 2009 are not eligible for this retirement benefit. As of March 31, 2009, Mr. Pops was the only named executive officers who met the retirement eligibility criteria reflected in these stock option grants for eligible stock options granted for performance during fiscal years prior to fiscal year 2008.

- (2) If, during the term of the executive officer's employment agreement with the Company, the Company terminates such executive officer's employment without cause or such executive officer terminates his employment for good reason (e.g., a material diminution in his responsibilities, authority, powers, functions, duties or compensation or a material change in the geographic location at which he or she must perform his employment) and such executive officer thereafter signs a general release of claims, the Company will provide severance, as follows: to Mr. Pops, over a twenty-four month period, the Company will pay an amount equal to two times the sum of (i) the average of his current and prior year's base salary, plus (ii) the average of his annual bonus during the prior two years, and will provide for continued participation in the Company's health benefit plans during such twenty-four month period; to Mr. Broecker, over an eighteen month period, the Company will pay an amount equal to one and one-half times the sum of (i) his current base salary, plus (ii) the average of his annual bonus during the prior two years, and will provide for continued participation in the Company's health benefit plans during such eighteen month period; and to Messrs. Ehrich, Frates and Pugh, over a twelve month period, the Company will pay an amount equal to the sum of (i) his current base salary plus (ii) the average of his annual bonus during the prior two years, and will provide for continued participation in the Company's health benefit plans during such twelve month period.
- (3) Under the employment agreements with our executive officers, in the event of a change in control, each executive officer would be entitled to continue his employment with the Company for a period of two years following the change in control. If, during this two-year period, the Company terminates such executive officer without cause or if such executive officer terminates his employment for good reason, the Company shall pay such executive officer a pro rata bonus (based upon the average of the annual bonus for the prior two years) for the year in which the termination occurs. Additionally, he or she will receive a lump sum payment equal to, for Messrs. Pops and Broecker, two times, and for Messrs. Ehrich, Frates and Pugh, one and one-half times, the sum of: (i) his then base salary (or the base salary in effect at the time of the change in control, if higher) plus (ii) an amount equal to the average of his annual bonus during the prior two years. Each executive officer will also be entitled to continued participation in the Alkermes health benefit plans, for Messrs. Pops and Broecker, for a period of two years following the date of termination, and for Messrs. Ehrich, Frates and Pugh, for a period of eighteen months following the date of termination. These change in control payments are expressly in lieu of, and supersede, those severance payments and benefits otherwise payable if the Company terminates such executive officer without cause or if such executive officer terminates his employment for good reason, provided that such termination occurs within two years after the occurrence of the first event constituting a change in control and that such first event occurs during the period of employment of the executive officer. Each executive officer is also entitled to a gross-up payment equal to the excise tax imposed upon the severance payments made in the event of a change in control, if any payment or benefit to the executive, whether pursuant to the employment agreement or otherwise, is considered an excess parachute payment and subject to an excise tax under the Internal Revenue Code.

In the event that any payments made in connection with a change in control would be subjected to the excise tax imposed by Section 4999 of the Internal Revenue Code, we will gross up, on an after-tax basis, the executive officer's compensation for all federal, state and local income and excise taxes. The projected payments in this table would not trigger excise taxes and thus no gross-up payments would be made to any named executive officer.

- (4) All options granted under the amended and restated 1999 Stock Option Plan vest in full upon a change in control. At March 31, 2009, there were no unvested stock options granted under the amended and restated 1999 Stock Option Plan and held by our named executive officers that had an exercise price less than the market closing price of our common stock on March 31, 2009, which was \$12.13 per share. Therefore,

Table of Contents

there would be no value realized by our named executive officers upon exercise of unvested stock options granted under the amended and restated 1999 Stock Option Plan under any of the termination events had they occurred on March 31, 2009.

Compensation of Directors

Each non-employee director and any director who serves as a part-time employee of the Company receives an annual retainer fee of \$30,000 paid quarterly, in advance, and, on the date of the Company's annual meeting, an option to purchase 20,000 shares of Common Stock. In addition, upon becoming a member of the Board of Directors, each new non-employee and part-time employee director who is not then a consultant to the Company automatically receives a one-time grant of options to purchase 20,000 shares of Common Stock. As of July 2008, if a new non-employee director is elected other than at the annual meeting of shareholders, the newly elected non-employee director also receives a grant of options equal to the product of 20,000 shares of Common Stock multiplied by a fraction, the numerator of which equals the number of months remaining until the next annual meeting of shareholders of the Company and the denominator of which equals 12. For the fiscal year ended March 31, 2009, David W. Anstice, Floyd E. Bloom, Robert A. Breyer, Geraldine Henwood, Paul J. Mitchell, Alexander Rich, Paul Schimmel and Mark B. Skaletsky served as non-employee directors. For the fiscal year ended March 31, 2009, Michael A. Wall served as a part-time employee and director of the Company. Richard F. Pops became Chairman of the Board of Directors of the Company effective April 1, 2007 and was an employee of the Company during the fiscal year ended March 31, 2009. David A. Broecker became a member of the Board of Directors of the Company effective April 1, 2007 and was an employee of the Company during the fiscal year ended March 31, 2009.

Under the 2008 Plan, the 20,000 share option is granted automatically each year on the date of the Company's annual meeting of shareholders for non-employee directors. Under the 2008 Plan, the 20,000 share option is granted by resolution of the Compensation Committee of the Board of Directors each year on the date of the Company's annual meeting of shareholders for part-time employee directors; such option grant contains the same terms and conditions as the option grant to non-employee directors. All of such options are exercisable at the fair market value of the Common Stock on the date such options are granted and vest in full six (6) months following their grant. Non-employee and part-time employee directors do not receive any options to purchase shares of Common Stock except for the yearly grant of options to purchase 20,000 shares of the Company's Common Stock and the one-time grant of an option to purchase 20,000 shares of the Company's Common Stock upon joining the Board of Directors.

With the exception of Mr. Pops and Mr. Broecker, each director receives an attendance fee of \$1,500 per Board of Directors' meeting and \$750 for each telephonic Board of Directors' meeting. Mr. Pops and Mr. Broecker do not receive stock options or attendance fees for their service on the Board of Directors.

In September 2006, the Board adopted a resolution to change the way committee members were compensated for their committee service after reviewing compensation paid to board members at comparable companies for their service on the Board and on committees of the Board. The Board adopted the following annual retainers, to be paid pro rata on a quarterly basis, for service beginning October 1, 2006:

Audit Committee Chair: \$15,000

Audit Committee member: \$7,500

Compensation Committee Chair: \$10,000

Compensation Committee member: \$5,000

Nominating & Corporate Governance Committee Chair: \$10,000

Nominating & Corporate Governance Committee member: \$5,000

Directors receive reimbursement for reasonable travel expenses incurred in connection with Board of Directors meetings and meetings of committees of the Board of Directors.

Mr. Wall became a part-time employee of the Company on January 1, 2004. During the fiscal year ended March 31, 2009, Mr. Wall received compensation of \$79,445 for the services that he performed for the

Company outside of his capacity as a director. The Company believes that Mr. Wall's part-time employee status is no less favorable to the Company than obtaining services from an independent third party.

Notes to Director Compensation Table for Fiscal Year Ended March 31, 2009

* Part-time employee director.

- (1) Represents fees earned by the Company's directors in the fiscal year ended March 31, 2009 for services as a director, including annual retainer fees, committee and/or chairmanship fees and meeting fees.
- (2) The amounts in column (d) reflect the compensation cost recognized for financial statement reporting purposes, excluding estimates of forfeitures, if any, in accordance SFAS No. 123(R) for stock option awards granted in the fiscal year ended March 31, 2009. Each director received a grant of 20,000 stock options on October 7, 2008, which had an estimated grant date fair value of \$5.76 per share. Mr. Anstice received an additional grant of 20,000 shares upon joining the Board of Directors. The stock options granted to the non-employee directors and part-time employee directors were granted under the 2008 Plan. Stock options granted under the 2008 Plan are nonqualified stock options that vest six months from the grant date and expire upon the earlier of ten years from the grant date or three years after the optionee terminates their service relationship with the Company. Additionally, any unvested portion of the option grant shall vest upon the optionee's termination of their service relationship with the Company. The Company recognizes the cost of the stock options granted to non-employee and part-time employee directors on a straight-line basis over the requisite service period of the stock options.

There can be no assurance that the stock options will be exercised or the value realized upon exercise will equal the grant date fair value.

- (3) Assumptions used in the calculation of the fair value of option awards made by the Company for the stock options granted to directors on October 7, 2008 are as follows: option exercise price, \$11.44; expected term, 7.25 years; volatility, 44%; interest rate, 2.91%; dividend yield, zero. Our directors hold the following aggregate number of outstanding stock options as of March 31, 2009: David W. Anstice, 40,000 shares; Floyd E. Bloom, 200,000 shares; Robert A. Breyer, 532,500 shares; Geraldine Henwood, 158,000 shares; Paul J. Mitchell, 148,000 shares; Alexander Rich, 200,000 shares; Mark B. Skaletsky, 119,000 shares; Michael A. Wall, 195,000 shares.
- (4) Effective January 1, 2004, Mr. Wall became a part-time employee of the Company. During the fiscal year ended March 31, 2009, Mr. Wall received compensation of \$79,445 for the services that he performed for the Company outside of his capacity as a director. The Company believes that Mr. Wall's part-time employee status is no less favorable to the Company than obtaining services from an independent third party.

In addition, our Code of Business Conduct and Ethics, which sets forth legal and ethical guidelines for all of our directors and employees, states that directors, executive officers and employees must avoid relationships or activities that might impair that persons ability to make objective and fair decisions while acting in their Company roles and requires that, among other things, any transactions with related persons be disclosed to, and receive the approval of, the appropriate committee of our board of directors.

In addition, at the end of each fiscal quarter, we ask all directors and officers of the Company (VP and higher) to disclose a list of their related parties; this practice is not pursuant to a written policy or procedure. Related parties are defined as any public, private, profit, or non-profit companies or organizations of which they or their immediate family is an officer, director or 10% or greater shareholder. OTHER BUSINESS

The Board of Directors does not intend to present to the Meeting any business other than the election of directors and the ratification of its independent registered public accounting firm. If any other matter is presented to the Meeting which under applicable proxy regulations need not be included in this Proxy Statement or which the Board of Directors did not know a reasonable time before this solicitation would be presented, the persons named in the accompanying proxy will have discretionary authority to vote proxies with respect to such matter in accordance with their best judgment.

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

PricewaterhouseCoopers LLP, independent registered public accounting firm, audited the consolidated financial statements of the Company for the fiscal year ended March 31, 2009. Representatives of PricewaterhouseCoopers LLP are expected to attend the Meeting, will have the opportunity to make a statement if they desire to do so and are expected to be available to respond to appropriate questions.

DEADLINE FOR SHAREHOLDER PROPOSALS

Alkermes must receive any proposal by a shareholder of Alkermes intended to be presented at the 2010 annual meeting of shareholders at its principal executive office not later than March 31, 2010 in accordance with Rule 14a-8 issued under the Securities Exchange Act of 1934, as amended, for inclusion in Alkermes' proxy statement and form of proxy relating to that meeting.

If a stockholder who wishes to present a proposal at the 2010 annual meeting of shareholders (which is not otherwise submitted for inclusion in the proxy statement in accordance with the preceding paragraph) fails to notify the Company by June 12, 2010 and such proposal is brought before the 2010 annual meeting of shareholders, then under the Securities and Exchange Commission's proxy rules, the proxies solicited by management with respect to the 2010 annual meeting of shareholders will confer discretionary voting authority with respect to the stockholder's proposal on the persons selected by management to vote the proxies. If a shareholder makes a timely notification, the proxies may still exercise discretionary voting authority under circumstances consistent with the Securities and Exchange Commission's proxy rules.

In addition, in accordance with the Company's bylaws, any nominee for election as a director of the Company at the 2010 annual meeting of shareholders must be submitted in writing to the Chairman of the Board on or before April 30, 2010, which is ninety (90) days prior to the first anniversary of the date of this year's proxy statement.

Table of Contents

Any proposal intended to be presented at the 2010 annual meeting of shareholders must also comply with the other requirements of the proxy solicitation rules of the Securities and Exchange Commission. In order to curtail any controversy as to the date on which a proposal was received by Alkermes, it is suggested that proponents submit their proposal by certified mail, return receipt requested or other means, including electronic means, that permit them to prove date of delivery.

EXPENSES AND SOLICITATION

The cost of solicitation will be borne by Alkermes, and in addition to directly soliciting shareholders by mail, Alkermes may request banks and brokers to solicit their customers who have stock of Alkermes registered in the name of the nominee and, if so, will reimburse such banks and brokers for their reasonable out-of-pocket costs. Solicitation by officers and employees of Alkermes may also be made of some shareholders in person or by mail or telephone following the original solicitation. In addition, Alkermes has retained the services of The Altman Group to solicit proxies, at an estimated cost of \$6,500 plus such firm's expenses.

Our Annual Report, including audited financial statements for the fiscal year ended March 31, 2009, is being mailed to you along with this Proxy Statement.
