What Are the Voting Rights of the Holders of Our Common Stock?

Holders of our common stock are entitled to one vote per share with respect to each of the matters to be presented at the Annual Meeting. With regard to the election of directors, holders of common stock are entitled to vote for as many individuals as there are director seats to be elected, which for the 2011 Annual Meeting include three director seats. The three nominees receiving the greatest number of votes cast will be elected provided a quorum is present. On each other matter to be presented, a matter will be approved if the votes cast in favor of the action exceed the votes cast opposing the action.

Abstentions will not be counted towards the tabulation of votes cast on matters properly presented to the shareholders (except the election of directors). In the election of directors, if more votes are withheld than votes for the election of a director, that director must tender his or her resignation to the Board of Directors; the Board of Directors will have 90 days to consider the matter and act. Any director who tenders his or her resignation due to this process cannot participate in any decision, unless the election resulted in less than three directors.

Table of Contents**PROPOSAL II****PROPOSAL TO RATIFY APPOINTMENT OF
KPMG LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee of our Board of Directors has appointed the firm of KPMG LLP as our company's independent registered public accounting firm to audit our consolidated financial statements for the fiscal year ending December 31, 2011. From December 31, 2003 through December 31, 2010, KPMG LLP has served as our independent registered public accounting firm.

We are not required to seek shareholder approval for the appointment of our independent registered public accounting firm; however, the Audit Committee and the full Board of Directors believe it to be sound corporate practice to seek such approval. If the appointment is not ratified, the Audit Committee will investigate the reasons for shareholder rejection and will re-consider the appointment. Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of our company and our shareholders.

Independent Registered Public Accounting Firm

Aggregate fees billed to us for professional services by KPMG LLP for the fiscal years ended December 31, 2010 and 2009 were as follows:

	2010	2009
Audit fees	\$ 335,000	\$ 245,000
All other fees	37,583	154,163

In the above table, in accordance with the definitions and rules of the Securities and Exchange Commission, or the SEC, "audit fees" are fees we paid KPMG LLP for professional services for the audit of our consolidated financial statements included in our Form 10-K, the review of financial statements included in our Form 10-Q's and for services that are normally provided by auditors in connection with statutory and regulatory filings or engagements. "All other fees" in 2010 represent fees paid to KPMG LLP for services rendered in connection with our applications under the Therapeutic Discovery Project Credit. "All other fees" in 2009 represent fees paid to KPMG LLP in connection with our initial public offering.

All permitted non-audit services fees were approved by our Audit Committee Chairman.

Representatives of KPMG LLP will be present at the Annual Meeting and will have an opportunity to make a statement, if they so desire, and will be available to respond to appropriate questions.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR THE RATIFICATION OF THE APPOINTMENT OF KPMG LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR FISCAL YEAR 2011.

PROPOSAL III

ADVISORY VOTE ON EXECUTIVE COMPENSATION

The recently enacted Dodd-Frank Wall Street Reform and Consumer Protection Act, or the Dodd-Frank Act, requires that our shareholders have the opportunity to cast a non-binding advisory vote regarding the approval of the compensation disclosed in this Proxy Statement of the Company's executive officers who are named in the Summary Compensation Table, or the named executive officers. The Company has disclosed the compensation of the named executive officers pursuant to rules adopted by the SEC.

The Company believes that the compensation policies for the named executive officers are designed to attract, motivate and retain talented executive officers and are aligned with the long-term interests of the Company's shareholders. This advisory shareholder vote, commonly referred to as a say-on-pay vote, gives you as a shareholder the opportunity to approve or not approve the compensation of the named executive officers that is disclosed in this Proxy Statement by voting for or against the following resolution (or by abstaining with respect to the resolution):

RESOLVED, that the shareholders of Cumberland Pharmaceuticals Inc. approve all of the compensation of Cumberland's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion.

Because your vote is advisory, it will not be binding on either the Board of Directors or the Company. However, the Compensation Committee will take into account the outcome of the shareholder vote on this proposal at the annual meeting and the advice of the shareholders when considering future executive compensation arrangements.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR THE RESOLUTION REGARDING THE COMPENSATION OF NAMED EXECUTIVE OFFICERS.

Table of Contents

PROPOSAL IV

**ADVISORY VOTE ON THE FREQUENCY OF
FUTURE ADVISORY VOTES ON EXECUTIVE COMPENSATION**

The Dodd-Frank Act requires that the Company's shareholders have the opportunity to cast a non-binding advisory vote regarding how frequently we should seek from our shareholders a non-binding advisory vote (similar to Proposal III above) on the compensation disclosed in the Company's Proxy Statement of its named executive officers. By voting on this frequency proposal, shareholders may indicate whether they would prefer that the advisory vote on the compensation of the Company's named executive officers occur every one, two or three years. Shareholders may also abstain from voting on the proposal. Accordingly, the following resolution is submitted for an advisory shareholder vote at the annual meeting:

RESOLVED, that the highest number of votes cast by the shareholders of Cumberland Pharmaceuticals Inc. for the option set forth below shall be the preferred frequency of the Company's shareholders for holding an advisory vote on the compensation of the Company's executive officers who are named in the Summary Compensation Table of the Company's Proxy Statement:

- every year;
- every other year;
- every three years; or
- abstain.

Our Board has determined that holding a say-on-pay vote every three years is most appropriate for the Company and recommends that you vote to hold such advisory vote in the future every third year, for the reasons set forth below.

First, we believe that providing our shareholders with an advisory vote on executive compensation every three years, or a triennial vote, will encourage a long-term approach to evaluating our executive compensation policies and practices, consistent with the Compensation Committee's long-term philosophy on executive compensation. In contrast, focusing on executive compensation over an annual or biennial period would focus on short-term results rather than long-term value creation, which is inconsistent with our compensation philosophy.

Second, a triennial vote allows for a meaningful evaluation of our performance against our compensation practices. This would also allow changes in compensation practices to be implemented and accounted for in our financial performance.

Lastly, a triennial vote would allow us adequate time to compile meaningful input from shareholders on our pay practices and respond appropriately. Both the Company and our shareholders would benefit from having more time for a thoughtful and constructive dialogue on why particular pay practices are appropriate for us.

The option receiving the greatest number of votes (every year, other year or three years) will be considered the frequency approved by shareholders. Although the vote is non-binding, the Board will take into account the outcome of the vote when making future decisions about the frequency for holding an advisory vote on executive compensation. Despite the outcome of the vote, and our decision in light of it, the Board intends to periodically reassess the frequency of the say on pay vote and, if it determines appropriate, may provide for an advisory vote on

executive compensation on a more or less frequent basis.

THE BOARD UNANIMOUSLY RECOMMENDS THAT THE SHAREHOLDERS VOTE TO CONDUCT AN ADVISORY SHAREHOLDER VOTE EVERY THREE YEARS ON THE COMPENSATION OF THE COMPANY'S EXECUTIVE OFFICERS NAMED IN THE PROXY STATEMENT'S SUMMARY COMPENSATION TABLE FOR THAT YEAR.

- Ø met with management periodically during the year to consider the adequacy of the Company's internal controls and the quality of its financial reporting and discussed these matters with the Company's independent registered public accounting firm and with appropriate Company financial personnel;
- Ø discussed with the Company's senior management, independent registered public accounting firm and appropriate Company financial personnel the process used for the Company's chief executive officer and chief financial officer to make the certifications required by the SEC and the Sarbanes-Oxley Act of 2002 in connection with the 10-K and other periodic filings with the SEC;
- Ø reviewed and discussed with the independent registered public accounting firm (1) their judgments as to the quality (and not just the acceptability) of the Company's accounting policies, (2) the written communication required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees and the independence of the independent registered public accounting firm and (3) the matters required to be discussed with the Audit Committee under auditing standards generally accepted in the United States, including Statement on Auditing Standards No. 61, Communication with Audit Committees ;
- Ø based on these reviews and discussions, as well as private discussions with the independent registered public accounting firm and appropriate Company financial personnel, recommended to the Board of Directors the inclusion of the audited financial statements of the Company and its subsidiaries in the 10-K; and
- Ø determined that the non-audit services provided to the Company by the independent registered public accounting firm (discussed above under the Proposal to Ratify Appointment of Independent Registered Public Accounting Firm (Proposal II)), are compatible with maintaining the independence of the independent registered public accounting firm. The Committee's pre-approval policies and procedures are discussed below.

Notwithstanding the foregoing actions and the responsibilities set forth in the Audit Committee charter, the charter clarifies that it is not the duty of the Audit Committee to plan or conduct audits or to determine that the Company's financial statements are complete and accurate and in accordance with generally accepted accounting principles. Management is responsible for the Company's financial reporting process including its system of internal controls, and for the preparation of consolidated financial statements in accordance with accounting principles generally accepted in the United States. The independent registered public accounting firm is responsible for expressing an opinion on those financial statements and on the effectiveness of internal control over financial reporting. Audit Committee members

are not necessarily accountants or auditors by profession or experts in the fields of accounting or auditing. Therefore, the Audit Committee has relied, without independent verification, on (i) management's representation that the financial statements have been prepared with integrity and objectivity and in conformity with accounting principles generally accepted in the United States

Table of Contents

and (ii) the representations of the independent registered public accounting firm included in their report on the Company's financial statements.

The Audit Committee met regularly with management and the independent registered public accounting firm, including private discussions with the independent registered public accounting firm and received the communications described above. The Audit Committee has also established procedures for (i) the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters and (ii) the confidential, anonymous submission by the Company's employees of concerns regarding questionable accounting or auditing matters. However, this oversight does not provide us with an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or policies, or appropriate internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, our considerations and discussions with management and the independent registered public accounting firm do not assure that the Company's consolidated financial statements are presented in accordance with generally accepted accounting principles or that the audit of the Company's financial statements has been carried out in accordance with generally accepted auditing standards.

The Audit Committee maintains written procedures that require it to pre-approve the scope of all auditing services to be performed by the Company's independent registered public accounting firm. The Audit Committee's procedures prohibit the independent registered public accounting firm from providing any non-audit services unless the service is permitted under applicable law and is pre-approved by the Audit Committee or its Chair. Although applicable regulations waive these pre-approval requirements in certain limited circumstances, the Audit Committee reviews and pre-approves all non-audit services provided by KPMG LLP. The Audit Committee has determined that the provision of KPMG LLP's non-audit services is compatible with maintaining KPMG LLP's independence.

If you would like additional information on the responsibilities of the Audit Committee, please refer to its charter, a copy of which is posted on the Company's website at www.cumberlandpharma.com and is available in print to any shareholder who requests it.

COMPENSATION DISCUSSION AND ANALYSIS

We provide what we believe is a competitive total compensation package to our executive management team through a combination of base salary, annual bonuses, grants under our long-term equity incentive compensation plan and broad-based benefits programs. We place significant emphasis on performance-based incentive compensation programs. This Compensation Discussion and Analysis explains our compensation philosophy, policies and practices.

Overall compensation objectives

Our Compensation Committee is responsible for establishing and administering the policies governing compensation for our executive officers. Our compensation programs are designed to achieve the following objectives:

- Ø attract and retain talented and experienced executives;
- Ø motivate and reward executives whose knowledge, skills and performance are critical to our success;
- Ø align the interests of our executive officers and shareholders by motivating executive officers to increase shareholder value and rewarding them when shareholder value increases;
- Ø provide a competitive compensation package in which total compensation is primarily determined by company and individual results along with the creation of shareholder value;
- Ø ensure fairness among the executive management team by recognizing the contributions each executive makes to our success; and
- Ø compensate our executives so they will manage our business to meet our long-range objectives.

When making decisions on setting compensation for new employees, the Compensation Committee considers the importance of the position to us, the individual's past salary history and the contributions to be made by the executive officer to the Company.

We use the following principles to guide our decisions regarding executive compensation:

- Ø provide compensation packages targeted at market median levels;
- Ø require performance goals to be achieved that will increase value to the shareholder;
- Ø offer a comprehensive benefits package to all full-time employees; and
- Ø provide fair and equitable compensation consistent with experience and performance.

Our compensation programs

Overall, our compensation programs are designed to be consistent with the objectives and principles set forth above. The basic elements of our executive compensation at Cumberland are base salary, annual bonuses, long-term equity incentive plan awards, retirement savings opportunities and health and welfare benefits.

In making compensation determinations, our Compensation Committee considers published survey data to guide compensation decisions and then considers the performance of each named executive officer through a review of annual corporate and individual objectives. In 2010 and previous years, the Committee has used the Radford Global Life Sciences, or Radford, Survey of approximately 650 pharmaceutical and biotechnology companies to ensure that our compensation practices are competitive relative to our industry and our size based on number of employees. The survey provides benchmarking data for base salary, annual bonuses and long-term equity incentive awards, and we target the midpoint in the range of reported compensation for positions held by each named executive officer. The Committee then determines adjustments in each element of compensation paid to our

Table of Contents

named executive officers based on a review of annually established corporate and individual objectives. These annual objectives help identify achievements made by our executive officers. Increases or decreases in compensation in relation to the midpoint of the range identified in the Radford survey are based on our Compensation Committee's review of each executive's performance, as well as other factors including the Committee's assessment of the executive officer's past experience, knowledge, future potential and the scope of his or her responsibilities.

Corporate objectives against which all of our executive officers are evaluated involve growth in sales and promotion of our marketed products, progress in our product development activities, progress in expanding our product pipeline through development or acquisition activities, enhancement of our corporate infrastructure and improvement in overall financial performance of the Company. Individual objectives for our executive officers involve more specific progress in areas of personal responsibility and vary by individual. The achievement of particular corporate and individual objectives does not determine compensation levels in a formulaic manner.

Base salary and annual bonuses

We review salary ranges and individual salaries for our executive officers on an annual basis. We establish the base salary for each executive officer based on consideration of median pay levels in the market and internal factors, such as the individual's performance and experience, as well as pay of others on our executive team.

As discussed above, our Compensation Committee determines base salaries for each named executive officer after a review of published survey data, which provides us with a general understanding of the reasonableness and competitiveness of our compensation. We believe the base salaries paid to our executives during 2010 achieved our compensation objectives, compared favorably to market pay levels and was consistent with our target of providing base salaries at or near the market median.

The awards of discretionary annual bonuses are determined after consideration of our organizational and individual objectives, and are intended to recognize and reward our named executive officers with cash payments above base salary as determined by our success in a given year. Our Compensation Committee uses the Radford survey as a benchmarking guide for bonuses as a percentage of base salary, and then considers each executive's individual performance to determine bonuses paid in a given year. In 2010, adjustments to our executive officers' total compensation were made based on an analysis of current market pay levels in the aforementioned Radford survey. In addition to market pay levels, factors taken into account in determining 2010 bonuses included each executive's contributions, performance, role and responsibilities and the relationship of the executive officer's base pay to that of other executives.

Long-term equity incentive compensation

We award long-term equity incentive grants to executives as part of our total compensation package. These awards are consistent with our pay for performance principles and align the interests of the executives with the interests of our shareholders. The Compensation Committee reviews and recommends to the Board of Directors the amount of each award to be granted to executive officers, and the Board of Directors approves the awards. The Compensation Committee's goal is to provide awards that are competitive with the external market. Long-term equity incentive awards granted to executives are determined after consideration of data included in the Radford survey. The awards generally vest over a period of years and are intended to focus our executives on achievement of our long-term strategic goals. Long-term equity incentive awards were made pursuant to our 1999 Stock Option Plan, or the 1999 Plan, until April 2007, and thereafter pursuant to our 2007 Long-Term Incentive Compensation Plan.

Table of Contents

1999 Stock Option Plan

Our 1999 Plan provided for the grant of incentive stock options and nonqualified stock options. The 1999 Plan is administered by a committee designated by our Board of Directors. The committee, in its sole discretion, granted options under the 1999 Plan to certain persons rendering services to us, including employees, directors and consultants. Except as otherwise determined by the committee and stated in the applicable option agreement, the exercise price per share of each option granted under the 1999 Plan is the fair market value per share on the date of grant, as defined in the 1999 Plan, except for Mr. Kazimi's, whose exercise price is 110% of fair market value at the time of issuance. In general, the fair market value per share was determined by our Board of Directors until the Company became a public entity. An option may generally be exercised until the tenth anniversary of the date that we granted the option, except for Mr. Kazimi's option agreements which have five-year terms. Option holders who exercise their options may pay for their shares in cash, check or such other consideration as is deemed acceptable by us. All agreements have defined vesting schedules.

As of March 1, 2011, there were outstanding options to purchase a total of 1,100,905 shares of common stock pursuant to the 1999 Plan. The exercise price per share under such options ranges from \$1.63 to \$11.00.

2007 Long-Term Incentive Compensation Plan

The purposes of the 2007 Long-Term Incentive Compensation Plan, or the 2007 Plan, are:

- Ø to encourage our employees and consultants to acquire stock and other equity-based interests; and
- Ø to replace the 1999 Plan without impairing the vesting or exercise of any option granted thereunder.

The 2007 Plan authorizes the issuance of each of the following incentives:

- Ø incentive stock options (options that meet Internal Revenue Service requirements for special tax treatment);
- Ø non-statutory stock options (all stock options other than incentive stock options);
- Ø stock appreciation rights (right to receive any excess in fair market value of shares over a specified exercise price);
- Ø restricted stock (shares subject to vesting, transfer and forfeiture limitations); and
- Ø performance shares (contingent awards comprised of stock and/or cash and paid only if specified performance goals are met).

The Compensation Committee administers the 2007 Plan. The Compensation Committee is authorized to select participants, determine the type and number of awards to be granted, determine and later amend, subject to certain limitations, the terms of any award, interpret and specify the rules and regulations relating to the 2007 Plan and make all other necessary determinations. Employees and consultants other than non-employee directors are eligible to participate. We may cancel unvested or unpaid incentives for terminated employees and consultants to the extent permitted by law. Upon the occurrence of a change of control event, as defined in the 2007 Plan, all outstanding options will automatically become exercisable in full, and restrictions and conditions for other issued incentives will generally be deemed terminated or satisfied. In addition, our Board of Directors may amend or terminate the 2007 Plan, subject to shareholder approval, to comply with tax or regulatory requirements.

Under the 2007 Plan, all executive officers were granted incentive option agreements for common stock in 2010 at exercise prices equal to the fair market value of our common stock at the time of issuance, except Mr. Kazimi, whose exercise price is 110% of the fair market value at the time of

Table of Contents

issuance. Each option agreement issued in 2010 has a term of five years and all agreements have defined vesting schedules.

As of March 1, 2011, there were outstanding options to purchase a total of 462,307 shares of common stock pursuant to the 2007 Plan. The exercise price per share under these options ranges from \$4.95 to \$17.00.

As of March 1, 2011, there were 21,050 shares of unvested restricted stock issued pursuant to the 2007 Plan, which have defined vesting schedules. There were also 12,886 shares of common stock outstanding, as of that date, which were issued pursuant to the 2007 Plan.

Retirement savings opportunity

Effective January 1, 2006, we established a 401(k) plan covering all employees meeting certain minimum service and age requirements. The plan allows all qualifying employees to contribute the maximum tax-deferred contribution allowed by the Internal Revenue Code. The non-Highly Compensated Employees, or non-HCEs, do not have a minimum or maximum percentage limit that they can defer. The HCEs, however, are limited to what they can defer based on prior year's testing. Hardship distributions are permitted under well-defined circumstances. Beginning January 2008, our Board approved matching employee contributions. We intend to match a portion of the employee contributions on an annual basis.

Health and welfare benefits

All full-time employees, including our named executive officers, may participate in our health and welfare benefits programs, which consist of medical, dental and vision care coverage, disability insurance and life insurance.

Employment agreements, severance benefits and change in control provisions

In 2010, we entered into new, annual employment agreements with all of our employees. The employment agreements provide that individuals may be eligible for any bonus program which has been approved by our Board of Directors. Any such bonus is discretionary and will be subject to the terms of the bonus program, the terms of which may be modified from year-to-year in the sole discretion of our Board of Directors. During the period of employment under these agreements, each of our employees will be entitled to additional benefits, including eligibility to participate in any company-wide employee benefits programs approved by our Board of Directors as well as reimbursement for reasonable expenses.

Employment is at-will and may be terminated by us at any time, with or without notice and with or without cause. Similarly, each employee may terminate his or her employment with us at any time, with or without notice. Our employment agreements do not provide for any severance payments in the event employment is terminated for cause nor any severance benefits in the event employment is terminated as a result of death or permanent disability. The employment agreements include non-competition, non-solicitation and nondisclosure covenants on the part of employees. These agreements also require that, during the term of employment with us and for one year after an individual ceases to be employed by us, each employee may not compete with our business in any manner, unless he or she discloses all facts to our Board of Directors and receives a release allowing him or her to engage in a specific activity. Pursuant to the employment agreements, our employees also agree that for a period of one year after the individual ceases to be employed by us, he or she will not solicit business related to the development or sales of pharmaceutical products from any entity, organization or person which is contracted with us, which has been doing business with us, or which the employee knew we were going to solicit business from at the time he or she ceased to be employed. The agreements also prohibit a terminated employee from soliciting other of our employees. The employment agreements impose obligations regarding confidential information and state that any discoveries or

improvements conceived, developed or otherwise made by the

Table of Contents

employees, or with others, are deemed our sole property. The employment agreements do not contain any termination or change in control provisions.

Pension Benefits

We do not have any plan that provides for payments or other benefits at, following, or in connection with retirement.

Nonqualified Deferred Compensation

We do not have any plan that provides for the deferral of compensation on a basis that is not tax qualified.

Compensation for Executive Officers

Our Compensation Committee meets outside the presence of all of our executive officers to consider appropriate compensation for our CEO. For all other executives, the Committee meets outside the presence of all executive officers except our CEO.

Mr. Kazimi annually reviews each other executive's performance with the Committee and makes recommendations to the Compensation Committee with respect to the appropriate base salary, annual bonuses and grants of long-term equity incentive awards. These recommendations, as with other employees, are based on data obtained from the Radford survey. Based in part on these recommendations from our CEO, the Compensation Committee approves the annual compensation package of our executives other than our CEO. The Compensation Committee also annually analyzes Mr. Kazimi's performance and determines his base salary, annual bonuses and grants of long-term equity incentive awards based on its assessment of his performance.

2010 Executive Compensation

Our Compensation Committee believes that our executive officers made significant, favorable progress in meeting corporate and individual objectives in 2010 and that the progress justified the resulting increases in base salary, annual bonuses and equity awards. In 2010, growth in the Company's revenues continued and profitability was maintained in spite of a significant investment in sales and marketing to support Caldolor and the Company's other products. We ended 2010 in a particularly strong financial position with profitable, cash flow operations, significant cash reserves as well as a significant reduction in our debt. Management identified and submitted two supplemental New Drug Applications for Acetadote and with the approval of that product's new formulation successfully executed on its strategy to support that brand. We also strengthened our corporate infrastructure in 2010 by converting our field sales force of representatives and managers from their prior contract status to Cumberland employees and added new sales training and medical science liaison departments to the organization. We completed the expansion of our headquarter office facilities which included an upgrade in our communications systems. The factors considered by our Compensation Committee in assessing performance of executive officers in 2010 are set forth below:

- Ø **A.J. Kazimi.** Mr. Kazimi has overseen significant growth in revenues and net income for our company and has provided leadership in a challenging economic and financial markets environment. He has led the Company's financing initiatives including our initial public offering with our listing on the Nasdaq Global Select Market. He has continued to position us for future growth through the development activities to support our product line as well as the expansion in our infrastructure at all levels adding key personnel and partners. He also led our subsidiary Cumberland Emerging Technologies (CET) and progressed our pipeline of product candidates with NIH support in 2010.

Ø

Jean W. Marstiller. Ms. Marstiller has assumed additional administrative responsibility as the number of our employees has increased. She continues to play a key role in recruiting

Table of Contents

talented individuals to our management team, and in 2010 led the Company's efforts to convert our field sales representatives from their contract arrangement to Cumberland employees. She also formed and managed our new sales training department and oversaw the expansion of our headquarter facilities and communications systems in 2010.

- Ø **Martin E. Cearnal.** Mr. Cearnal was instrumental in the sales growth of our products in 2010 including the progress we made in the launch of Caldolor with a growing number of institutions stocking the product. He continued to direct strategy for the marketing campaigns and activities to support all our products. He is also continued as a key member of the Company's business development team, and helped present Cumberland at key investor meetings and conferences.
- Ø **Leo Pavliv.** Mr. Pavliv has provided leadership for the clinical development activities of our company, and under his guidance we completed two supplemental New Drug Applications for Acetadote leading to the approval of the new formulation to support that product. He continues to be responsible for the performance and expansion of our manufacturing partners and their capacity to supply high-quality products. He also established and managed our new medical science liaison capability to support the Company's brands in 2010.
- Ø **David L. Lowrance.** Mr. Lowrance was responsible for the Company's timely financial reports in 2010. He also oversaw the further development of our financial reporting infrastructure including the systems needed to support Sarbanes-Oxley compliance. He led the negotiations to expand our credit facilities in 2010. Under his leadership, Cumberland's financial performance continued to improve, and our company remained profitable in 2010, ending the year in a strong financial position with significant cash reserves and a significant reduction in our debt.

Director compensation

Annual compensation for each of our non-executive directors for service on the Board of Directors for 2010 was \$50,000 plus 1,000 stock options issued pursuant to the 2007 Directors' Plan, or Directors' Plan. Directors who had the responsibility for chairing key committees received additional annual compensation of \$35,000. The compensation for non-executive directors for 2011 will be the same as in 2010, except 1,000 restricted shares will be provided in lieu of stock options. All such director fees are paid in a combination of cash and/or equity, as we and each director shall agree. Cash fees will be accrued and paid on either a monthly or quarterly basis. Directors will not receive separate compensation for attendance at board meetings, board committee meetings or other company board-related activities. Outside directors will be reimbursed for all reasonable and necessary business expenses incurred in the performance of their board responsibilities. Long-term equity incentive awards to our directors were made pursuant to the 1999 Plan until April 2007, and thereafter, pursuant to the Directors' Plan.

The purposes of the Directors' Plan are:

- Ø to strengthen our ability to attract, motivate, and retain qualified independent directors; and
- Ø to replace the 1999 Plan without impairing the vesting or exercise of any option granted to any director thereunder.

The Directors' Plan authorizes the issuance to non-employee directors of each of the following types of awards:

- Ø options (all options to be issued under the Directors' Plan will not meet IRS requirements for special tax treatment and therefore are non-qualified options);

Ø restricted stock grants (shares subject to various restrictions and conditions as determined by our compensation committee); and

Table of Contents

Ø stock grants (awards of shares of our common stock with full and unrestricted ownership rights).

The Compensation Committee of our Board of Directors administers the Directors' Plan. In the event of a change in control of our company (as defined in the Directors' Plan), all outstanding options would automatically become exercisable in full, and restrictions and conditions for other issued awards shall generally be deemed terminated or satisfied. Our Board of Directors may amend or terminate the Directors' Plan, subject to shareholder approval if necessary, to comply with tax or regulatory requirements.

As of March 1, 2011, there were outstanding options to purchase a total of 5,100 shares of common stock pursuant to the 2007 Directors' Plan. The exercise price per share under these options ranges from \$6.69 to \$11.29.

CORPORATE GOVERNANCE

Meetings of the Board of Directors and Committees

Board of Directors

The property, affairs and business of our company are under the general management of our Board of Directors as provided by the laws of the State of Tennessee and our Bylaws. We have standing Audit, Compensation and Nominating Committees of the Board of Directors. The separately designated standing Audit Committee has been operating in accordance with section 3(a)(58)(A) of The Securities Exchange Act of 1934, as amended, or the Exchange Act. The Board of Directors held three meetings during fiscal 2010. Each director attended 100% of the aggregate of the total meetings of the Board and the total number of meetings held by all committees of the Board on which such director served during fiscal 2010. The Company currently has no formal policy with respect to the attendance of members of the Board of Directors at annual meetings. Seven of our nine directors attended our 2010 Annual Meeting. However, Mr. Jacobs joined the board after our 2010 Annual Meeting.

Director Independence

The Board of Directors affirmatively determines the independence of each director in accordance with the NASDAQ Global Select Market rules and listing standards. The Board has determined that Messrs. Lawrence, Greer, Jones, Griggs, Jacobs and Edwards each qualify as independent non-employee directors with no relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director.

Company Leadership Structure

The business of the Company is managed under the direction of the Board, which is elected by the Company's shareholders. The basic responsibility of the Board is to lead the Company by exercising its business judgment to act in what each director reasonably believes to be the best interests of Cumberland and its shareholders. Leadership is important to facilitate the Board acting effectively as a working group so that the Company and its performance may benefit. The role of the Chairman includes providing continuous feedback on the direction, performance and strategy of the Company, serving as Chair of regular and executive sessions of the Board, setting the Board's agenda with the Company, and

Table of Contents

leading the Board in anticipating and responding to crises. The Board believes that the advisability of having a separate or combined chairman and chief executive officer is dependent upon the strengths of the individuals that hold these positions and the most effective means of leveraging these strengths. At this time, given the composition of the Company's Board, the effective leadership of Mr. Kazimi as both Chairman of the Board and Chief Executive Officer, and the current challenges faced by the Company, the Board believes that combining the chief executive officer and Board chairman positions provides the Company with the right foundation to pursue the Company's strategic and operational objectives, while maintaining effective oversight and objective evaluation of the performance of the Company.

Board Oversight of Risk

Pursuant to its charter, and in compliance with applicable NASDAQ Global Select Market listed company rules, the Audit Committee is responsible for discussing the Company's policies with respect to overall risk assessment and risk management. To accomplish this, the Audit Committee reviews risks that may be material to the Company, as well as major legislative and regulatory developments which could materially impact the Company's risks. In addition, the Board of Directors has delegated to the Compensation Committee the responsibility of assessing the risks associated with the Company's compensation practices and policies for employees, including a consideration of the counterbalance of risk-taking incentives and risk-mitigating factors in Company practices and policies. Finally, the full Board reviews risks that may be material to the Company, including those detailed in the Audit Committee's reports and as disclosed in the Company's quarterly and annual reports filed with the SEC. The goal of these processes is to achieve serious and thoughtful board-level attention to the Company's risk management process and system, the nature of the material risks faced by the Company, and the adequacy of the Company's risk management process and system designed to respond to and mitigate these risks.

Audit Committee

The Board of Directors has instructed the Audit Committee to meet periodically with our management and independent registered public accounting firm to, among other things, review the results of the annual audit and quarterly reviews and discuss our financial statements, recommend to our Board the independent registered public accounting firm to be retained, and receive and consider the auditors' comments as to controls, adequacy of staff and management performance and procedures in connection with audit and financial controls. The Audit Committee is also authorized to review related party transactions for potential conflicts of interest. The Audit Committee's functions are further described under the heading "Audit Committee Report." A copy of the written charter adopted by the Board of Directors for the Audit Committee and as currently in effect is included on our website, www.cumberlandpharma.com.

The Audit Committee is comprised of Dr. Lawrence W. Greer, Chairman, Mr. Thomas R. Lawrence and Mr. James Jones. The majority of the members of the Audit Committee are independent, as such term is defined in the listing standards for companies listed on the NASDAQ Global Select Market. The majority of the members of the Audit Committee also satisfy the Securities and Exchange Commission's additional independence requirements for members of audit committees. The Board has determined that James Jones is an audit committee financial expert as defined under Item 401(e)(2) of Regulation S-K of the Securities Act of 1933. The Audit Committee met four times during fiscal year 2010.

Compensation Committee

The Compensation Committee is authorized to review annual salaries and bonuses of our executive officers and has the authority to determine the recipients of options and stock awards, the time or times at which options and stock awards shall be granted, the exercise price of each option and the number of shares to be issuable upon the exercise of

each option under our stock plans. In addition, the Compensation Committee recommends to the full Board the compensation of our Chief Executive Officer. In fulfilling its responsibilities, the Compensation Committee has the authority to engage independent compensation consultants or legal advisers when determined by the Committee to be necessary or

appropriate. The members of the Compensation Committee consist of Mr. Thomas R. Lawrence, Chairman, Dr. Robert G. Edwards and Dr. Lawrence W. Greer. A copy of the written charter adopted by the Board of Directors for the Compensation Committee and as currently in effect is included on our website, www.cumberlandpharma.com. All three members of the Compensation Committee are independent, as such term is defined in the listing standards for companies listed on the NASDAQ Global Select Market. The Compensation Committee met three times during fiscal year 2010.

The Compensation Committee reviews the risks and rewards associated with the Company's compensation programs. The Compensation Committee designs compensation programs with features that mitigate risk without diminishing the incentive nature of the compensation. We believe our programs encourage and reward prudent business judgment and appropriate risk-taking over the long term.

Compensation Committee Interlocks and Insider Participation

The members of the Compensation Committee are set forth above. The Compensation Committee is comprised entirely of independent directors. In addition, none of the Company's executive officers serve as a member of the Board of Directors or Compensation Committee of any entity that has one or more of its executive officers serving as a member of our Board of Directors or Compensation Committee.

Compensation Committee Report

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis included in this Proxy Statement with management. Based on the Compensation Committee's review of and discussions with management with respect to the Compensation Discussion and Analysis, the Compensation Committee has recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement.

Nomination of Directors

The Nominating Committee, the members of which are currently Dr. Robert G. Edwards, Chairman, Dr. Lawrence W. Greer, and Mr. Thomas R. Lawrence, are responsible for identifying, screening and recommending qualified candidates to serve on our Board of Directors. The Nominating Committee is directed, among other things, to: develop and recommend to the Board specific guidelines and criteria for selecting nominees to the Board; formulate a process to identify and evaluate candidates to be recommended; review periodically compensation programs for non-employee directors and make recommendations for changes when appropriate; and evaluate the performance of incumbent members of the Board to determine whether to recommend such persons for re-election. All three members of the Nominating Committee are independent as defined in the listing standards for companies listed on the NASDAQ Global Select Market.

It is our policy that the Nominating Committee consider recommendations for the nomination of directors submitted by our significant, long-term shareholders (generally, shareholders that have beneficially owned more than 5% of our outstanding shares for at least two years). The Nominating Committee will give consideration to such recommendations that have been submitted in accordance with procedural requirements adopted by the Nominating Committee. All such shareholder nominating recommendations must be in writing, addressed to the Nominating

Committee, care of the Corporate Secretary at Cumberland Pharmaceuticals Inc., 2525 West End Avenue, Suite 950, Nashville, Tennessee 37203. Submissions must be made by mail, courier or personal delivery. E-mailed submissions will not be considered. Shareholders wishing to recommend nominees for election as directors at an annual meeting should submit such recommendation, together with any relevant information that they wish the Nominating

Committee to consider, to the Corporate Secretary no later than 120 days prior to the date of the notice of annual meeting released to shareholders in connection with the prior year's annual meeting.

The Committee has determined that, at the minimum, nominees for directorship should possess the highest personal and professional ethics, integrity and values, and be committed to representing the long-term interests of the Company's shareholders. They must also have an inquisitive and objective perspective, practical wisdom and mature judgment. The Company endeavors to have a board representing diverse experience in areas that are relevant to the Company's business activities. Directors must be willing to devote sufficient time to carrying out their duties and responsibilities efficiently, and should be committed to serve on the Board for an extended period of time.

Prior to nominating a candidate for election to the Board, the Committee will review the qualifications of each candidate. Final candidates may be interviewed by the Company's Chairman of the Board and one or more other Board members. The Committee will then make a recommendation to the Board based on its review, the results of interviews with the candidate and all other available information.

In determining whether to nominate an incumbent director for reelection, the Committee will evaluate each incumbent's continued service, in light of the Board's collective requirements, at the time such Director comes up for reelection.

In determining whether to include a shareholder nominee in the Board's slate of nominees, the Committee will consider all information relevant in their business judgment to the decision of whether to nominate the particular candidate for a Board seat, taking into account the current composition of the Company's Board.

In addition to the foregoing, shareholders may nominate directors for election without consideration by the Nominating Committee so long as we are provided with proper notice of such nomination, which notice includes all the information required pursuant to Regulation 14A under the Exchange Act including the consent to serve as a director.

The Nominating Committee approved Messrs. Robert G. Edwards, Jonathan Griggs and Joey Jacobs for inclusion on the Company's proxy card for election to the Board of Directors at the 2011 Annual Meeting based on the aforementioned review process. A copy of the written charter adopted by the Board of Directors for the Nominating Committee and as currently in effect is included on our website, www.cumberlandpharma.com.
