PROXY STATEMENT
ANNUAL MEETING OF STOCKHOLDERS

INTRODUCTION

This Proxy Statement is furnished by the Board of Directors of Noble International, Ltd., a Delaware corporation, (the "Company") in connection with the solicitation of proxies for use at the Annual Meeting of Stockholders to be held on May 12, 2004 and at any adjournments thereof. The Annual Meeting has been called to consider and vote upon (1) the election of Class II Directors; (2) the ratification of Deloitte & Touche LLP as the Company's independent public accountants, and (3) such other business as may properly come before the Annual Meeting or any adjournment(s) thereof. This Proxy Statement and the accompanying Proxy are being sent to Stockholders on or about April 19, 2004.

PERSONS MAKING THE SOLICITATION

THE PROXY IS SOLICITED ON BEHALF OF THE BOARD OF DIRECTORS OF THE COMPANY. The original solicitation will be by mail. Following the original solicitation, the Board of Directors expects that certain individual Stockholders will be further solicited through telephone or other oral communications from the Board of Directors. The Board of Directors does not intend to use specially engaged employees or paid solicitors. The Board of Directors intends to solicit Proxies for shares which are held of record by brokers, dealers, banks or voting trustees, or their nominees, and may pay the reasonable expenses of such record holders for completing the mailing of solicitation materials to persons for whom they hold shares. All solicitation expenses will be borne by the Company.

TERMS OF THE PROXY

The enclosed Proxy indicates the matters to be acted upon at the Annual Meeting and provides boxes to be marked to indicate the manner in which the Stockholder's shares are to be voted with respect to such matters. By appropriately marking the boxes, a Stockholder may specify whether the proxy shall vote for or against or shall be without authority to vote the shares represented by the Proxy. The Proxy also confers upon the proxy discretionary voting authority with respect to such other business as may properly come before the Annual Meeting.

If the Proxy is executed properly and is received by the proxy holder

Edgar Filing: NOBLE INTERNATIONAL LTD - Form DEF 14A

prior to the Annual Meeting, the shares represented by the Proxy will be voted. An abstention and a broker non-vote would be included in determining whether a quorum is present at the meeting, but would otherwise not affect the outcome of any vote. Where a Stockholder specifies a choice with respect to the matter to be acted upon, the shares will be voted in accordance with such specification. Any Proxy which is executed in such a manner as not to withhold authority to vote for the election of the specified nominees as Directors (see "Matters To Be Acted Upon -- Item 1: Election of Class II Directors") shall be deemed to confer such authority. A Proxy may be revoked at any time prior to its exercise by giving written notice of the revocation thereof to Michael C. Azar, Secretary, Noble International, Ltd., 28213 Van Dyke Avenue, Warren, Michigan 48093, by attending the meeting and electing to vote in person, or by a duly executed Proxy bearing a later date.

In no event will the Proxies be voted for more than three (3) persons.

1997 STOCK OPTION PLAN

In November 1997, the Board of Directors of the Company adopted, and in April 1998, the Company's Stockholders approved, the Noble International, Ltd. 1997 Stock Option Plan (the "1997 Plan"). The 1997 Plan provides for the grant to employees, officers, directors, consultants and independent contractors of non-qualified stock options as well as for the grant of stock options to employees that qualify as incentive stock options under Section 422 of the Internal Revenue Code of 1986 ("Code"). Although the Company has approximately 1,000 employees technically eligible to participate in the 1997 Plan, it is anticipated the stock options will be granted only to a limited number of management level personnel. The 1997 Plan terminates on November 24, 2007. The purpose of the 1997 Plan is to enable the Company to attract and retain qualified persons as employees, officers and directors and others whose services are required by the Company, and to motivate such persons by providing them with an equity participation in the Company. The 1997 Plan reserved 700,000 shares of the Company's Common Stock for issuance, subject to adjustment upon occurrence of certain events affecting the capitalization of the Company.

The 1997 Plan is administered by the Compensation Committee of the Board of Directors (the "Committee"), which has, subject to specified limitations, the full authority to grant options and establish the terms and conditions for vesting and exercise thereof. The exercise price of incentive stock options granted under the 1997 Plan is required to be no less than the fair market value of the common stock on the date of grant (110% in the case of a greater than 10% Stockholder). The exercise price of non-qualified stock options is required to be no less than 85% of the fair market value of the Common Stock on the date of grant. Options may be granted for terms of up to 10 years (5 years in the case of incentive stock options granted to greater than 10% Stockholders). No optionee may be granted incentive stock options such that the fair market value of the options which first become exercisable in any one calendar year exceeds \$100,000. If an optionee ceases to be employed by, or ceases to have a relationship with the Company, such optionee's options expire six months after termination of the employment or consulting relationship by reason of death, one year after termination by reason of permanent disability, immediately upon termination for cause and three months after termination for any other reason.

In order to exercise an option granted under the 1997 Plan, the optionee may pay the full exercise price of the shares being purchased or by utilizing a cashless exercise feature. Payment may be made either: (i) in cash; (ii) at the discretion of the Committee, by delivering shares of Common Stock already owned by the optionee that have a fair market value equal to the applicable exercise price; or (iii) in the form of such other consideration as may be determined by the Committee and permitted by applicable law.

Subject to the foregoing, the Committee has broad discretion to

Edgar Filing: NOBLE INTERNATIONAL LTD - Form DEF 14A

describe the terms and conditions applicable to options granted under the 1997 Plan. The Committee may at any time discontinue granting options under the 1997 Plan or otherwise suspend, amend or terminate the 1997 Plan and may, with the consent of an optionee, make such modification of the terms and conditions of such optionee's option as the Committee shall deem advisable. However, the Committee has no authority to make any amendment or modifications to the 1997 Plan or any outstanding option which would: (i) increase the maximum number of shares which may be purchased pursuant to options granted under the 1997 Plan, either in the aggregate or by an optionee, except in connection with certain antidilution adjustments; (ii) change the designation of the class of employees eligible to receive qualified options; (iii) extend the term of the 1997 Plan or the maximum option period thereunder; (iv) decrease the minimum qualified option price or permit reductions of the price at which shares may be purchased for qualified options granted under the 1997 Plan, except in connection with certain antidilution adjustments; or (v) cause qualified stock options issued under the 1997 Plan to fail to meet the requirements of incentive stock options under Section 422 of the Code. Any such amendment or modification shall be effective immediately, subject to Stockholder approval thereof within 12 months before or after the effective date. No option may be granted during any suspension or after termination of the 1997 Plan.

The 1997 Plan is designed to meet the requirements of an incentive stock option plan as defined in Code Section 422. As a result, an optionee will realize no taxable income, for federal income tax purposes, upon either the grant of an incentive stock option under the 1997 Plan or its exercise, except that the difference between the fair market value of the stock on the date of exercise and the exercise price is included as income for purposes of calculating Alternative Minimum Tax. If no disposition of the shares acquired upon exercise is made by the optionee within two years from the date of grant or within one year from the date the shares are transferred to the optionee, any gain realized upon the subsequent sale of the shares will be taxable as a capital gain. In such case, the Company will be entitled to no deduction for federal income tax purposes in connection with either the grant or the exercise of the option. If, however, the optionee disposes of the shares within either of the periods mentioned above, the optionee will realize earned income in an amount equal to the excess of the fair market value of the shares on the date of exercise (or the amount realized on disposition if less) over the exercise price, and the Company will be allowed a deduction for a corresponding amount.

2001 NON-EMPLOYEE DIRECTOR STOCK INCENTIVE PLAN

On March 30, 2001, the Company's Board of Directors adopted, and in May 2001, the Company's Stockholders approved, the 2001 Non-Employee Director Stock Incentive Plan (the "Non-Employee Director Plan"). The Non-Employee Director Plan is designed to attract and retain the services of experienced and knowledgeable independent directors of the Company for the benefit of the Company and its Stockholders and to provide additional incentive for such directors to continue to work for the best interests of the Company and its Stockholders through continuing ownership of its Common Stock.

Each director who is not, and has not been during the immediately preceding 12-month period, an employee of the Company or any subsidiary of the Company, is eligible to participate in the Non-Employee Director Plan, provided that such director is not separately compensated by the Company as a consultant and does not fail to attend (or otherwise participate in) at least two-thirds (2/3) of the board meetings.

An aggregate of 200,000 shares of Common Stock have been reserved for

Edgar Filing: NOBLE INTERNATIONAL LTD - Form DEF 14A

issuance under the Non-Employee Director Plan. The Non-Employee Director Plan provides for the annual grant of incentive awards consisting of restricted stock grants and stock purchase participation awards. The Non-Employee Director Plan will be administered by the Board of Directors or, if the Board so determines, by a committee of the Board. The annual restricted stock award shares and stock purchase participation award limit will be established by the Board of Directors (or by a committee thereof) at its first meeting following the annual meeting of Stockholders each year.

Restricted stock awards will be subject to such restrictions and conditions to the vesting of awards as the Board of Directors (or committee) deems appropriate, including, without limitation, that the non-employee director remain in the continuous service of the Company for a certain period; provided, however, that no restricted stock award may vest prior to six months from its date of grant other than in connection with a participant's death or disability.

Stock purchase participation awards shall consist of a right to receive shares of Common Stock with a fair market value equal to one-third (1/3) of the net amount spent by the non-employee director on purchases of Common Stock in the public market, subject to the terms and limitations determined by the Board of Directors (or committee). The Board of Directors (or committee) shall impose such restrictions or conditions to the vesting of stock purchase participation awards as it deems appropriate, including, without limitation, that the non-employee director remain in the continuous service of the Company for a specified period.

2001 STOCK INCENTIVE PLAN

On March 30, 2001, the Company's Board of Directors adopted, and in May, 2001, the Company's Stockholders approved, the 2001 Stock Incentive Plan (the "Stock Incentive Plan"). The purpose of the Stock Incentive Plan is to advance the interests of the Company and its Stockholders by enabling the Company and its subsidiaries to attract and retain persons of ability to perform services for the Company and its subsidiaries by providing an incentive to such individuals through equity participation in the Company and by rewarding such individuals who contribute to the achievement by the Company of its economic objectives.

All employees of the Company and its subsidiaries, as well as non-employee directors, consultants and independent contractors, are eligible to participate in the Stock Incentive Plan. It is anticipated that the Stock Incentive Plan will be used primarily for the grant of incentive awards to executive officers of the Company and its subsidiaries.

An aggregate of 400,000 shares of Common Stock have been reserved for issuance under the Stock Incentive Plan. The Stock Incentive Plan provides for the grant of incentive awards consisting of restricted stock grants and stock bonuses. The Stock Incentive Plan will be administered by the Board of Directors or, if the Board so determines, by a committee of the Board.

Restricted stock awards will be subject to such restrictions and conditions to the vesting of awards as the Board of Directors (or committee) deems appropriate, including, without limitation, that the participant remain in the continuous employ or service of the Company or a subsidiary for a certain period or that the participant or the Company (or any subsidiary or division thereof) satisfy certain performance goals or criteria; provided, however, that no restricted stock award may vest prior to six months from its date of grant other than in connection with a participant's death or disability.

Stock bonuses shall consist of a grant of shares of Common Stock, subject to the terms and limitations determined by the Board of Directors (or committee). In no event will a stock bonus be granted in consideration of future services. The participant will have all voting, dividend, liquidation and other rights with respect to the shares of Common Stock issued to a participant as a stock bonus upon the participant becoming the holder of record of such shares; provided, however, that the Board of Directors (or committee) may impose such restrictions on the assignment or transfer of shares of Common Stock issued as a stock bonus as it deems appropriate.

2002 EXECUTIVE STOCK APPRECIATION RIGHTS PLAN

In May, 2002, the Company's Board of Directors adopted the 2002 Executive Stock Appreciation Plan (the "SAR Plan"). The purpose of the SAR Plan is to advance the interests of the Company and its Stockholders by enabling the Company and its subsidiaries to attract and retain executives of ability to perform services for the Company and its subsidiaries by providing an incentive to such individuals through equity growth in the Company and by rewarding such individuals who contribute to the achievement by the Company of its economic objectives.

All employees of the Company and its subsidiaries, as well as non-employee directors, consultants and independent contractors, are eligible to participate in the SAR Plan. It is anticipated that the SAR Plan will be used primarily for the grant of incentive awards to executive officers of the Company and its subsidiaries.

An aggregate of 250,000 SAR units have been authorized for issuance under the SAR Plan. The SAR Plan provides for the grant of incentive awards consisting of SAR units. The SAR Plan will be administered by the Board of Directors or, if the Board so determines, by a committee of the Board.

SAR grants will be subject to such restrictions and conditions to the vesting of awards as the Board of Directors (or committee) deems appropriate, including, without limitation, that the participant remain in the continuous employ or service of the Company or a subsidiary for a certain period or that the participant or the Company (or any subsidiary or division thereof) satisfy certain performance goals or criteria. In May, 2003, the Company's Board of Directors terminated the SAR Plan and converted all previously granted SARs into options under the Company's 1997 Plan.

Mr. Morin is also entitled to an incentive bonus for each fiscal year in an amount to be determined by the Compensation Committee of the Board, as well as to participate in any executive bonus or other incentive compensation program adopted by the Company. Edgar Filing: NOBLE INTERNATIONAL LTD - Form DEF 14A

The Employment Agreement provides for an initial term of three years, with an unlimited number of successive three-year renewals subject to the election by either party not to renew the Employment Agreement. Mr. Skandalaris is also entitled to an incentive bonus for each fiscal year in an amount to be determined by the Compensation Committee of the Board, as well as to participate in any executive bonus or other incentive compensation program adopted by the Company. In the event Mr. Skandalaris' employment is terminated by the Company without cause, or by reason of his death or disability, or in the event the Employment Agreement is not renewed, the Company is obligated to pay to Mr. Skandalaris, as severance and/or liquidated damages, an amount equal to three times his highest annual base salary at the time of termination plus any incentive bonus due under the Employment Agreement. Mr. Skandalaris' employment agreement was renewed in 2000 and 2003 and has been amended to reflect increases in his annual compensation authorized by the Compensation Committee of the Board.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Company's officers, directors and persons who beneficially own more than 10% of a registered class of the Company's equity securities to file reports of securities ownership and changes in such ownership with the Securities and Exchange Commission (the "SEC"). Officers, directors and greater than 10% beneficial owners are also required by rules promulgated by the SEC to furnish the Company with copies of all Section 16(a) forms they file.

Based solely upon a review of the copies of such forms furnished to the Company, or written representations that no Form 5 filings were required, the Company believes that during the period from January 1, 2003 through December 31, 2003, all Section 16(a) filing requirements applicable to its officers, directors and greater than 10% beneficial owners were complied with, except the following i) on May, 16, 2003, Anthony Tersigni, Thomas Saeli, Daniel McEnroe, Van Conway, Lee Canaan, Jonathan Rye and Stuart Greenbaum were granted stock as compensation for their service as Board Members. The Form 4s for the aforementioned directors were not filed until September 18, 2003; ii) On May 16, 2003, Messrs. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Edgar Filing: NOBLE INTERNATIONAL LTD - Form DEF 14A

On April 22, 2002, the Company completed a sale and leaseback transaction of its Shelbyville, KY facility to the Company's Chairman. The sale price was \$6.2 million which was equal to the book value of the property. The proceeds of the transaction were used to reduce the Company's debt under its current credit facility. The lease has a term of five years and provides for monthly rent of \$72,000. The sale price and rent amount were determined by the estimated fair value of the property and estimated prevailing lease rates for similar properties. Although the Company did not obtain an independent valuation of the property or the terms of the transaction, it believes the terms of the sale and leaseback were at least as favorable to Noble as terms that could have been obtained from an unaffiliated third party. Rent expense for 2003 was approximately \$0.7 million.

On December 30, 2002, the Company completed the sale of its subsidiary, Noble Construction Equipment, Inc., to a private equity fund for \$14.0 million. The Company's Chairman and certain other officers have an interest in the private equity fund. Due to the related party nature of the transaction, an independent committee of the board of directors was formed to evaluate, negotiate and complete the sale of this operation. In addition, the Company obtained an independent opinion regarding the fairness of the transaction.

On January 29, 2004, the Company completed the sale of Monroe Engineering Products, Inc. to a private equity fund for \$5.5 million in cash. The Company's Chairman and certain other officers have an interest in the private equity fund. Due to the related party nature of the transaction, an independent committee of the board of directors was formed to evaluate, negotiate and complete the sale of this operation. In addition, the Company obtained an independent opinion regarding the fairness of the transaction.

CODE OF ETHICS

The Company has adopted a code of ethics that applies to all of our employees, executive officers and directors including our principal executive officer, principal financial officer, general counsel and principal accounting officer. REPORT OF THE COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

The Compensation Committee report shall not be deemed incorporated by reference by any general statement incorporating by reference this Proxy Statement into any filing under the Securities Act of 1933 or under the Securities Exchange Act of 1934, except to the extent that the Company specifically incorporates this information by reference, and shall not otherwise be deemed filed under such acts.

COMPENSATION PHILOSOPHY

The Company's executive compensation program is designed to link

Edgar Filing: NOBLE INTERNATIONAL LTD - Form DEF 14A

executive compensation to corporate performance. To this end, the Company has developed an overall compensation strategy and specific compensation plans that tie executive compensation to the Company's success in meeting specified performance goals. The overall objectives of this strategy are to attract and retain the best possible executive talent, to motivate these executives to achieve goals that support the Company's business strategy, to establish a link between executive and stockholder interests, and to provide a compensation package that is based on individual performance and initiative, as well as overall business results, both long and short term.

The Compensation Committee reviews the Company's executive compensation program annually. The review includes a comparison of current total compensation levels (including base salary, annual bonus and long-term incentives) to those provided in similarly situated companies, with data being collected from several executive compensation surveys. In addition to the Compensation Surveys, the Compensation Committee also considers the compensation reported for executives by the companies included in a group of automotive companies.

The Compensation Committee determines the compensation of the CEO and the officers of the corporation, reviews the policies and philosophy set for the next level of key executives (approximately 5), and evaluates and recommends to the Board of Directors all long-term incentive plans. This process is designed to ensure congruity throughout the executive compensation program. In reviewing the individual performance of the executives whose compensation is detailed in this proxy statement the Compensation Committee takes into account the views of Mr. Skandalaris, the Company's Chairman.

The key elements of the Company's executive compensation program are base salary, annual bonus and long-term incentives that consist of cash compensation, Company stock, and stock options. The Compensation Committee's policies with respect to each of these elements, are the basis for the compensation awarded to Mr. Morin, the Company's CEO.

BASE SALARIES

Base salaries for management employees are based primarily on the responsibilities of the position and the experience of the individual, with reference to the competitive marketplace for management talent, measured in terms of executive compensation offered by comparable companies in related businesses. Increases in base salaries are based upon the performance of the executive officers as compared to pre-established goals.

CASH BONUSES

Cash bonuses are awarded, at the discretion of the Compensation Committee, to executive officers based in part on the overall financial performance of the Company and in part on the performance of the executive officer. The financial performance of the Company is measured by revenue and operating income growth and actual performance against budgeted performance. Although annual bonuses depend primarily on the achievement of performance objectives as described above, the Compensation Committee may adjust bonus measures and awards based on other financial or non-financial actions that the Compensation Committee believes will benefit long-term stockholder value. In 2003, Mr. Morin received a cash bonus of \$100,000. In 2003, cash bonuses were also paid to certain executive officers in connection with the performance of the Company.

Edgar Filing: NOBLE INTERNATIONAL LTD - Form DEF 14A

STOCK OPTIONS

The Company grants stock options under the 1997 Plan as part of its strategy to attract and retain qualified persons as executive officers and to motivate such persons by providing them with an equity participation in the Company. During 2003, options to purchase an aggregate of 135,832 shares were granted to executives and Directors of the Company and its subsidiaries. Of these grants, all were issued in exchange for the termination and surrender of the SAR grants provided in 2002 under the Executive Stock Appreciation Rights Plan.

STOCK GRANTS

The Company grants stock pursuant to the Employee Stock Incentive Plan as part of its strategy to attract and retain qualified persons as executive officers and to motivate such persons by providing them with an opportunity to obtain equity in the Company. During 2003, the following stock grants were made: i) 29,362 shares to Directors as compensation for their service to the Company; ii) 2,500 shares to Directors pursuant to matches made to certain Directors who made open market purchases of the Company's stock; iii) 13,210 shares to certain executive officers as part of their 2003 bonus award; and iv) 17,394 shares to certain executives (approximately 11) under the 2001 Stock Incentive Plan as matches in connection with open market purchases of the Company's stock. Stock granted to executives bear a two year restriction prohibiting holders from selling the stock.

SAR GRANTS

The Company grants SARs pursuant to the Executive Stock Appreciation Rights Plan as part of its strategy to attract and retain qualified persons as executive officers and to motivate such person by providing them with an opportunity to realize financial gain matched to the growth of the equity of the Company. During 2003, no SAR units were granted to executives or other employees of the Company and its subsidiaries. In May, 2003, the Company's Board of Directors terminated the SAR Plan and converted all previously granted SARs into options under the Company's 1997 Plan.

CHAIRMAN COMPENSATION

The factors considered by the Compensation Committee in determining the compensation of the Chairman of the Board of Directors who serves in an executive capacity, in addition to the criteria outlined above, include the Company's operating and financial performance, as well as his leadership and establishment and implementation of the strategic direction for the Company. Mr. Skandalaris' compensation for fiscal 2003 was \$287,500 in accordance with the terms of his Employment Agreement with the Company. Mr. Skandalaris also received a cash bonus for fiscal year 2003, totaling \$75,000, along with a grant of stock under the Company's Stock Incentive Plan of 4,605 shares (see restricted stock awards in the table under Executive Compensation -- Summary Compensation Table above). REPORT OF THE COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION (Continued)

COMPENSATION LIMITATIONS

Under section 162(m) of the Internal Revenue Code, adopted in August 1993, and regulations adopted thereunder by the Internal Revenue Service, publicly-held companies may be precluded from deducting certain compensation paid to an executive officer in excess of \$1.0 million in a year. The regulations exclude from this limit performance-based compensation and stock options provided certain requirements such as Stockholder approval, are satisfied. The Company plans to take actions, as necessary, to insure that its stock option plans and executive compensation plans qualify for exclusion.

SUMMARY

The Compensation Committee believes that the compensation plans are consistent with the Company's strategic objectives and are properly aligned with the stockholder's best interest. The programs enable the Company to attract, retain and incent highly qualified individuals and provide appropriate incentives to reward them for achieving and surpassing corporate and personal goals. The Committee periodically reviews these programs to assure that they emphasize performance and reward enhancement of stockholder value, and modifies the programs as deemed necessary and appropriate to achieve stated objectives, as well as to take into account systemic changes in leading compensation practices. The Committee also reviews these programs and changes them in recognition of the market in which the Company competes.

The Committee on Directors and Board Governance is currently composed of four directors, Robert J. Skandalaris (chairman), Anthony R. Tersigni, Stuart I. Greenbaum and Van E. Conway. Messrs. Tersigni, Greenbaum and Conway, meet the criteria for independence specified in the listing standards of the NASDAQ. The principal functions of the Committee on Directors and Board Governance is to:

Edgar Filing: NOBLE INTERNATIONAL LTD - Form DEF 14A

- consider and recommend to the Board qualified candidates for election as directors of the Company;
- periodically prepare and submit to the Board for adoption the Committee's selection criteria for directors nominees;
- recommend to the Board and management a process for new Board member orientation;
- consider matters of corporate governance and Board practices and recommend improvements to the Board;
- review periodically the Company's charter and bylaws in light of statutory changes and current best practices;
- review periodically the charter, responsibilities, membership and chairmanship of each committee of the Board and recommend appropriate changes;
- review Director independence, conflicts of interest, qualifications and conduct and recommend to the Board removal of a Director when appropriate; and
- annually assess the Committee's performance.

The Committee on Directors and Board Governance held five meetings in fiscal year 2003. See "Nominating Procedures" below for further information on the nominating process.

NOMINATING PROCEDURES

As described above, the Company has a standing Committee on Directors and Board Governance. The Committee on Directors and Board Governance's charter is posted on our website, www.nobleintl.com in the investor relations section.

The Board has adopted membership guidelines that outline the desired composition of the Board and the criteria to be used in selecting directors. These guidelines provide that the Board should be composed of directors with a variety of experience and backgrounds who have high-level managerial experience in a complex organization and who represent the balanced interests of shareowners as a whole rather than those of special interest groups. Other important factors in Board composition include diversity, age, international background and experience and specialized expertise. A significant majority of the Board should be directors who are not past or present employees of the Company or of a significant stockholder, customer or supplier.

In considering candidates for the Board, the Committee on Directors and Board Governance considers the entirety of each candidate's credentials and does not have any specific minimum qualifications that must be met by a Board nominee. The Committee is guided by the composition guidelines set forth above and by the following basic selection criteria: highest character and integrity; experience and character.

The independent auditor is responsible for performing an independent audit of the Company's consolidated financial statements in accordance with generally accepted auditing standards and issuing a report thereon. In this context, the Audit Committee has reviewed and discussed with management and the independent auditors the audited financial statements. The Audit Committee has discussed

with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees). In addition, the Audit Committee has received from the independent auditors the written disclosures required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and discussed with them their independence from the Company and its management. Moreover, the Audit Committee has considered whether the independent auditor's provision of other non-audit services to the Company is compatible with the auditor's independence. In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2003, for filing with the Securities and Exchange Commission. By recommending to the Board of Directors that the audited financial statements be so included, the Audit Committee is not opining on the accuracy, completeness or fairness of the audited financial statements.

Sincerely,

Daniel J. McEnroe
