**PROXY STATEMENT
FISCAL YEAR END 2005 ANNUAL MEETING OF SHAREHOLDERS**

F5 Networks, Inc. (the Company) is furnishing this Proxy Statement and the enclosed proxy in connection with the solicitation of proxies by the Board of Directors of the Company for use at the Annual Meeting of Shareholders to be held on March 2, 2006, at 10:00 am, Pacific Standard Time at F5 Networks, Inc., 401 Elliott Avenue West, Seattle, Washington 98119, and at any adjournments thereof (the Annual Meeting). These materials are being mailed to shareholders on or about January 20, 2006.

Only holders of the Company's common stock, no par value (the Common Stock), as of the close of business on December 23, 2005 (the Record Date) are entitled to vote at the meeting. As of the Record Date, there were 39,572,965 shares of Common Stock outstanding.

A majority of the outstanding shares of Common Stock entitled to vote at the Annual Meeting must be present in person or by proxy in order for there to be a quorum at the meeting. Shareholders of record who are present at the meeting in person or by proxy and who abstain from voting, including brokers holding customers' shares of record who cause abstentions to be recorded at the meeting, will be included in the number of shareholders present at the meeting for purposes of determining whether a quorum is present.

Each shareholder of record is entitled to one vote at the Annual Meeting for each share of Common Stock they hold on the Record Date. Shareholders may vote their shares by using the enclosed proxy card, over the Internet or by phone. If a proxy is received that does not specify a vote or an abstention, the shares represented by that proxy will be voted FOR the nominees to the Board of Directors listed in this Proxy Statement. The Company is not aware, as of the date hereof, of any matters to be voted upon at the Annual Meeting other than those stated in this Proxy Statement and the accompanying Notice of Annual Meeting of Shareholders. If any other matters are properly brought before the Annual Meeting, the enclosed proxy card and proxies submitted by telephone or over the Internet give discretionary authority to the person named as proxy to vote the shares represented by the proxy in her discretion.

Under Washington law and the Company's Second Amended and Restated Articles of Incorporation and Bylaws (the Bylaws), if a quorum exists at the meeting, the nominees for director who receive the greatest number of votes cast will be elected to the Board of Directors. Abstentions and broker non-votes (shares held by a broker or nominee that does not have the authority, either express or discretionary, to vote on a particular matter) will have no impact on the election of directors since they have not been cast in favor of or against any nominee.

A shareholder may revoke a proxy at any time before it is voted at the Annual Meeting by (a) delivering a proxy revocation or another proxy bearing a later date to the Corporate Secretary of the Company at 401 Elliott Avenue West, Seattle, Washington 98119 before or at the Annual Meeting or (b) attending the Annual Meeting and voting in person. Attendance at the Annual Meeting will not revoke a proxy unless the shareholder actually votes in person at the meeting.

The Board of Directors of the Company is soliciting the proxies accompanying this Proxy Statement. The Company will pay all of the costs of this proxy solicitation. In addition to mail solicitation, officers, directors, and employees of the Company may solicit proxies personally or by telephone, without receiving additional compensation. The Company, if requested, will pay brokers, banks and other fiduciaries that hold shares of Common Stock for beneficial owners for their reasonable out-of-pocket expenses of forwarding these materials to shareholders.

BOARD OF DIRECTORS

The Board of Directors of the Company currently consists of six directors divided into three classes. Currently, the Class I directors are Karl D. Guelich and Keith D. Grinstein; the Class II directors are Alan J. Higginson and John McAdam; and the Class III directors are Rich Malone and A. Gary Ames. At the annual meeting of shareholders for fiscal year end 2005 (referred to as the Annual Meeting), the shareholders will vote on the election of two Class I directors to serve for three-year terms until the annual meeting of shareholders for fiscal year end 2008 and until their successors are elected and qualified. The Class II directors will hold office until the Company's annual meeting for fiscal year end 2006 and the Class III directors will hold office until the Company's annual meeting for fiscal year end 2007. All directors will hold office until the annual meeting of shareholders at which their terms expire and the election and qualification of their successors.

Committees of the Board

The Board of Directors has standing Audit, Compensation and Nominating and Corporate Governance Committees.

Audit Committee. The Board of Directors has adopted a charter governing the duties and responsibilities of the Audit Committee. As described more fully in the charter, the functions of the Audit Committee are to select, evaluate and, if necessary, replace the Company's independent registered public accounting firm, to review and approve the planned scope, proposed fee arrangements and results of the annual audit, approve any proposed non-audit services to be provided by the independent registered public accounting firm, oversee the adequacy of accounting and financial controls, review the independence of the auditors, and oversee the Company's financial reporting process on behalf of the Board of Directors. The Audit Committee members have been Messrs. Guelich, Higginson and Grinstein since January 2004. The Board of Directors has determined that Mr. Guelich is an audit committee financial expert as defined in Item 401(h) of Regulation S-K. Each current member of the Audit Committee is, and each member of the Audit Committee during fiscal year end 2005 was, an independent director as defined by the Nasdaq Marketplace Rules (as independence is currently defined in Rules 4200(a)(15) and 4350(d) therein).

Compensation Committee. The Compensation Committee's function is to recommend the compensation for the Chief Executive Officer and directors, including salaries, bonus levels and stock option grants, and to review compensation proposals made by the Chief Executive Officer for the other executive officers. The Compensation Committee members have been Messrs. Ames, Grinstein and Guelich since July 2004. Each current member of the Compensation Committee is, and each member of the Compensation Committee during fiscal 2005 was, an independent director as defined by the Nasdaq Marketplace Rules.

Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee's function is to identify new board members, recommend board nominees, evaluate the board's performance, and provide oversight of corporate governance and ethical conduct. From January 2004 to March 2005, the Nominating and Governance Committee members were Messrs. Grinstein, Guelich, and Malone. Since March 2005, the Nominating and Governance Committee has been composed of Messrs. Ames, Grinstein, Guelich, Higginson and Malone. Each current member of the Nominating and Governance Committee is, and each member of this committee during fiscal year end 2005 was, an independent director as defined by the Nasdaq Marketplace Rules.

Meetings of the Board and Committees

The Company's Board of Directors met or acted by unanimous written consent 13 times during fiscal 2005. The Audit Committee met 14 times and the Compensation Committee met or acted by unanimous written consent 4 times. During fiscal 2005, the Nominating and Governance Committee did not meet independently; all functions of such committee were performed by the full Board of Directors. The outside directors met 3 times during fiscal 2005, with no members of management present. Each member of the

Board attended 75% or more of the Board meetings during fiscal year 2005. Each member of the Board who served on the Audit, Compensation, or Nominating and Governance Committees attended at least 75% of the committee meetings.

Director Nomination

Criteria for Nomination to the Board. The Nominating and Corporate Governance Committee (the "Nominating Committee") considers the appropriate balance of experience, skills and characteristics required of the Board of Directors, and seeks to insure that at least a majority of the directors are independent under the rules of the Nasdaq Stock Market, that members of the Company's audit committee meet the financial literacy requirements under the rules of the Nasdaq Stock Market and that at least one of them qualifies as an audit committee financial expert under the rules of the Securities and Exchange Commission. Nominees for director are selected on the basis of their depth and breadth of experience, integrity, the ability to work effectively as part of a team, understanding of the Company's business environment, and willingness to devote adequate time to Board duties.

Shareholders Proposals for Nominees. The Nominating Committee will consider written proposals from shareholders for nominees for director. Any such nominations should be submitted to the Nominating Committee c/o the Secretary of the Company and should include the following information: (a) all information relating to such nominee that is required to be disclosed pursuant to Regulation 14A under the Securities Exchange Act of 1934 (including such person's written consent to being named in the proxy statement as a nominee and to serving as a director if elected); (b) the name(s) and address(es) of the shareholder(s) making the nomination and the number of shares of Common Stock which are owned beneficially and of record by such shareholder(s); and (c) appropriate biographical information and a statement as to the qualification of the nominee, and should be submitted in the time frame described in the Bylaws of the Company and under the caption "Shareholder Proposals for the Annual Meeting for Fiscal Year End 2006" below.

Process for Identifying and Evaluating Nominees. The process for identifying and evaluating nominees to fill vacancies on the Board is initiated by conducting an assessment of critical Company and Board needs, based on the present and future strategic objectives of the Company and the specific skills required for the Board as a whole and for each Board Committee. A third-party search firm may be used by the Nominating Committee to identify qualified candidates. These candidates are evaluated by the Nominating Committee by reviewing the candidates' biographical information and qualification and checking the candidates' references. Serious candidates meet with all members of the Board, and as many of the Company's executive officers as practical. Using the input from such interviews and the information obtained by the Nominating Committee, the full Board determines whether to appoint a candidate to the Board.

The Nominating Committee will evaluate the skills and experience of existing Board members against the Company's critical needs in making recommendations for nomination by the full Board of candidates for election by the shareholders. The Nominating Committee charter is available on the investor relations section of the Company's website, www.f5.com. Each current member of the Nominating Committee is an independent director as defined by the Nasdaq Marketplace Rules. The nominees to the Board of Directors described in this Proxy Statement were approved by at least a majority of Company's independent directors, including each member of the Nominating Committee.

The Nominating Committee expects that a similar process will be used to evaluate nominees recommended by shareholders. However, to date, the Company has not received any shareholder's proposal to nominate a director.

The options granted under the 2000 Equity Incentive Plan may be exercisable immediately or may vest and become exercisable in periodic installments. In the event of the termination of an optionee's employment with the Company, vesting of options will stop and the optionee may exercise

vested options for a specified period of time after the termination. Upon certain changes in control of the Company, 50% of all outstanding and unvested options or stock awards under the 2000 Equity Incentive Plan will vest and become immediately exercisable, unless assumed or substituted by the acquiring entity.

The options granted under the uRoam Equity Incentive Plan may be exercisable immediately or may vest and become exercisable in periodic installments. In the event of the termination of an optionee's employment with the Company, vesting of options will stop and the optionee may exercise vested options for a specified period of time after the termination. New Hire Grants. In October 2003, the Board of Directors adopted a non-qualified stock option plan, or the Hull Plan, in connection with the hiring of Tom Hull, the Company's Senior Vice President of Worldwide Sales. The Hull Plan provides for a grant of 225,000 non-qualified stock options for Mr. Hull and these options have an exercise price per share of \$23.69. As of September 30, 2005, no remaining shares were available for grant under this plan. In August 2004, the Board of Directors adopted a non-qualified stock option plan, or the Triebes Plan, in connection with the hiring of Karl Triebes, the Company's Senior Vice President of Product Development and Chief Technology Officer. The Triebes Plan provides for a grant of 300,000 non-qualified stock options for Mr. Triebes and these options have an exercise price per share of \$22.81. As of September 30, 2005, no remaining shares were available for grant under this plan.

All options under these plans expire 10 years from the grant date and each plan specifies the exercise price of options granted under the plan. The options granted under the plans vest and become exercisable in periodic installments over a period of up to 4 years from the grant date. In the event of the termination of an optionee's employment with the Company, vesting of options will stop and the optionee may exercise

vested options for a specified period of time after the termination. Upon certain changes in control of the Company, 100% of all outstanding and unvested options under the Hull Plan and Triebes Plan, will vest and become immediately exercisable.

Employment Contracts and Change-in-Control Arrangements

Under the terms of our stock incentive plans, equity awards are generally subject to special provisions upon the occurrence of a defined change in control transaction. Under the plans, subject to certain exceptions set forth therein, all or a certain portion of outstanding unvested stock options and/or unvested RSUs held by all participants under the plans, including our executive officers, will become fully vested upon a change in control of the Company.

Messrs. McAdam, Pancottine, Eames, Hull and Triebes have unvested RSUs under our 2005 Equity Incentive Plan. The grant agreement for these RSUs provides that upon certain changes in control of the Company, all of these outstanding and unvested RSUs will accelerate and fully vest.

Messrs. Hull and Triebes have unvested stock options under a non-qualified stock option plan, which provides that upon certain changes in control of the Company, all outstanding and unvested options under the plan will accelerate and fully vest.

Other than our stock incentive plans, there are no written employment contracts with any of the Named Executive Officers. Each such officer is an at-will employee, and his employment may be terminated anytime with or without cause.

Compensation Committee Interlocks and Insider Participation

The Compensation Committee during fiscal year 2005 was comprised of Messrs. Ames, Grinstein and Guelich. Each member of the Compensation Committee is independent under the rules of the Nasdaq Stock Market and the SEC. None of the Company's executive officers served as a member of the Board of Directors or Compensation Committee of any entity that has had one or more executive officers which served as a member of the Company's Board of Directors or Compensation Committee.

Report of Compensation Committee

The Compensation Committee is comprised of three members of the Board of Directors who are not employees of the Company. It has overall responsibility for approving and evaluating the director and officer compensation plans, policies and programs of the Company. The objectives of the committee are to correlate executive compensation with the Company's business objectives and performance, and to enable the Company to attract, retain and reward executive officers who contribute to its long-term success.

Compensation Philosophy

The Company's philosophy concerning compensation for executive officers is to directly link their compensation to continuous improvements in the Company's financial performance. The key elements of this philosophy are as follows:

- provide a competitive total compensation package that enables the Company to attract, retain and reward executive officers who contribute to the Company's success;

- provide incentive compensation that is directly linked to the performance of the Company; and

- establish incentives that relate to the Company's annual and long-term business strategies and objectives.

Consistent with this philosophy, the compensation package offered to executive officers includes: base salary, cash incentive compensation in the form of bonuses, and long-term equity incentives in the form of stock options and RSUs.

Salary

The Compensation Committee's function is to annually assess the performance of and recommend to the full Board of Directors, salary and incentive compensation for the President and CEO. The Compensation Committee also reviews and approves annual salary and incentive compensation increases for other executive officers recommended by the President and CEO.

In setting Mr. McAdam's compensation for fiscal year 2005, the Compensation Committee considered compensation levels for similar positions at public companies of similar size and revenue levels, in similar industries, and with similar technological and marketing challenges, operational complexities and long-term performance and growth objectives. The Compensation Committee reviewed salary surveys and publicly available information on compensation levels in performing this analysis. Mr. McAdam's base salary was increased by 6% for fiscal 2002, and by 5% for fiscal 2003, consistent with base salary increases for the rest of the Company's executive officers in those years. At Mr. McAdam's request, no increase was granted for fiscal 2004. Mr. McAdam repeated his request for no increase in fiscal 2005, but was granted a 5% increase in base salary for fiscal year 2005 over his base salary for fiscal year 2004.

In determining executive officer salaries, the Compensation Committee reviews recommendations from Mr. McAdam, which are based on information from salary surveys covering technology companies in the Seattle, Washington area and other comparable areas, individual performance levels and the Company's financial condition. The Compensation Committee also considers incentive compensation based on the Company's financial performance.

Incentive Compensation

To reinforce the attainment of Company goals, the Compensation Committee believes that a significant portion of the annual compensation of the executive officers should be in the form of incentive compensation. The Compensation Committee believes that incentives based on attaining or exceeding established financial targets, properly aligns the interests of the executive officers with the interests of the shareholders. Bonuses for Mr. McAdam and the other executive officers are awarded quarterly and are 50% based on the Company achieving target revenue and 50% based on the Company achieving target EBITDA for such periods. Each such target is determined by the Board of Directors and is set forth in the Board-approved budget for each such fiscal year. Mr. McAdam's bonus is set at 75% of his base salary for meeting these performance targets. Mr. McAdam and the other executive officers may earn additional bonuses for over-achievement of these targets.

Equity Compensation

The Compensation Committee believes that equity ownership provides significant motivation to executive officers to maximize value for the Company's shareholders and periodically approves grants of equity compensation under the Company's equity incentive plans.

The Compensation Committee reviews and approves recommendations made by the CEO on grants of equity compensation for other executive officers. These recommendations are based on the relative position and responsibilities of each executive officer and previous and expected contributions of each officer to the Company's success. Upon joining the Company, Mr. McAdam was given options in an amount comparable to those given to other non-founder executives hired to perform similar functions in comparable companies. This initial option grant was subsequently cancelled at his request. Mr. McAdam has been awarded several additional grants of equity compensation in amounts considered by the Compensation Committee to be appropriate considering Mr. McAdam's performance, including an award of 50,000 RSUs granted in fiscal year 2005 under the 2005 Equity Incentive Plan. This award was based on an analysis of comparable companies similar to that used to determine appropriate base salary. In

addition, the Compensation Committee considered the total number of the Company's outstanding shares, the number of shares of Common Stock available for issuance under the Company's equity compensation plans, including under the 2005 Equity Incentive Plan, and the unique retention value inherent in equity compensation as compared to other forms of compensation.

Under the Omnibus Budget Reconciliation Act of 1993, the federal income tax deduction for certain types of compensation paid to the chief executive officer and four other most highly compensated executive officers of publicly held companies is limited to \$1 million per officer per fiscal year unless such compensation meets certain requirements. The Compensation Committee is aware of this limitation and had decided that it is not appropriate at this time to limit the Company's discretion to design the cash compensation packages payable to the Company's executive officers.

SHAREHOLDER PROPOSALS FOR THE ANNUAL MEETING FOR FISCAL YEAR END 2006

The Company's Bylaws provide that advance notice of a shareholder's proposal must be delivered to or mailed and received at the Company's principal executive offices not later than the close of business on the ninetieth (90th) day nor earlier than the close of business on the one hundred twentieth (120th) day prior to the first anniversary of the preceding year's annual meeting. However, the Bylaws also provide that in the event the date of the annual meeting has been changed by more than thirty (30) days from the date contemplated at the time of the previous year's proxy statement, this advance notice must be received not earlier than the close of business on the ninetieth (90th) day prior to such annual meeting and not later than the close of business on the later of the sixtieth (60th) day prior to such annual meeting or, in the event public announcement of the date of such annual meeting is first made by the Company fewer than seventy (70) days prior to the date of such annual meeting, the close of business on the tenth (10th) day following the day on which public announcement of the date of such meeting is first made by the Company. Each shareholder's notice must contain the following information as to each matter the shareholder proposes to bring before the annual meeting: (A) a brief description of the business desired to be brought before the annual meeting and the reasons for conducting such business at the annual meeting, (B) the name and address, as they appear on the Company's books, of the shareholder proposing such business, (C) the class and number of shares of the Company which are beneficially owned by the shareholder, (D) any material interest of the shareholder in such business and (E) any other information that is required to be provided by the shareholder pursuant to Regulation 14A under the Securities Exchange Act of 1934, as amended, in such shareholder's capacity as a proponent of a shareholder proposal.

A copy of the full text of the provisions of the Company's Bylaws dealing with shareholder nominations and proposals is available to shareholders from the Secretary of the Company upon written request.

Shareholders who intend to have a proposal considered for inclusion in the Company's proxy materials for presentation at the Annual Meeting for fiscal year end 2006 must submit the proposal to the Company no earlier than November 2, 2006 and no later than December 4, 2006. Shareholders who intend to present a proposal at the Annual Meeting for fiscal year end 2006 without inclusion of such proposal in the Company's proxy materials are required to provide notice of such proposal to the Company no later than December 6, 2006 or management of the Company will have discretionary voting authority at the fiscal year end 2006 annual meeting with respect to any such proposal without discussion of the matter in Proxy Statement for such meeting. The Company reserves the right to reject, rule out of order, or take appropriate action with respect to any proposal that does not comply with these and other applicable requirements.

HOUSEHOLDING OF PROXY MATERIALS

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for proxy statements and annual reports with respect to two or more shareholders sharing the same address by delivering a single proxy statement addressed to those shareholders. This process, which is commonly referred to as householding, potentially means extra convenience for shareholders and cost savings for the Company by reducing printing and postage costs. Under this procedure, the Company will deliver only one copy of the Company's Annual Report to shareholders for fiscal year 2005 (the 2005 Annual Report) and this proxy statement to multiple shareholders who share the same address (if they appear to be members of the same family), unless the Company has received contrary instructions from an affected shareholder.

The 2005 Annual Report and this proxy statement may be found under the investor relations section of the Company's website at www.f5.com. The Company will deliver promptly upon written or oral request a separate copy of the 2005 Annual Report and this proxy statement to any shareholder at a shared address to which a single copy of either of those documents was delivered. To receive a separate copy of the 2005 Annual Report or this proxy statement, shareholders should contact the Company at: Investor Relations, F5 Networks, Inc., 401 Elliott Avenue West, Seattle, WA 98119.

If you are a shareholder, share an address and last name with one or more other shareholders and would like either to request delivery of a single copy of the Company's annual reports or proxy statements for yourself and other shareholders who share your address or to revoke your householding consent and receive a separate copy of the Company's annual report or proxy statement in the future, please contact Automatic Data Processing, Inc. (ADP), either by calling toll free at (800) 542-1061 or by writing to ADP, Household Department, 51 Mercedes Way, Edgewood, New York 11717. You will be removed from the householding program within 30 days of receipt of the revocation of your consent.

A number of brokerage firms also have instituted householding. If you hold your shares in street name, please contact your bank, broker or other holder of record to request information about householding.

By Order of the Board of Directors,

Joann Reiter
Senior Vice President, General Counsel and Secretary
