PROXY STATEMENT

YOUR VOTE IS VERY IMPORTANT. For this reason, the Board of Directors is soliciting proxies to be used at the 2002 Annual Meeting. This Proxy Statement

Edgar Filing: SMITH INTERNATIONAL INC - Form DEF 14A

is being sent to you in connection with this request and has been prepared for the Board by our management. "We," "our," "Smith" and the "Company" each refers to Smith International, Inc. This Proxy Statement is first being sent to our stockholders on or about March 22, 2002. IT IS IMPORTANT THAT YOUR SHARES BE REPRESENTED AT THIS MEETING. EVEN IF YOU PLAN TO ATTEND THE MEETING, PLEASE VOTE (1) BY COMPLETING, SIGNING, DATING AND MAILING THE PROXY CARD IN THE ENCLOSED POSTAGE PRE-PAID ENVELOPE, (2) VIA THE INTERNET AS INDICATED ON THE PROXY CARD OR (3) BY CALLING THE TOLL-FREE TELEPHONE NUMBER LISTED ON THE PROXY CARD.

GENERAL INFORMATION ABOUT VOTING

WHO CAN VOTE.

You are entitled to vote your shares of our common stock ("Common Stock") if our records show that you held your shares as of March 1, 2002. At the close of business on March 1, 2002, a total of 50,626,764 shares of Common Stock were outstanding and entitled to vote. Each share of Common Stock has one vote. The enclosed proxy card shows the number of shares that you are entitled to vote.

HOW YOU CAN VOTE.

If you return your signed proxy card to us, or if you vote by the Internet or by telephone before the Annual Meeting, we will vote your shares as you direct. You can specify on your proxy card whether your shares should be voted for all, one, two or none of the nominees for director. You can also specify whether you approve, disapprove or abstain from the other proposal. If your Common Stock is held by a broker, bank or other nominee, you will receive instructions from them that you must follow in order to have your shares voted. If the meeting is adjourned, your Common Stock will be voted as specified on your proxy card on the new meeting date, unless you have revoked your proxy instructions.

IF YOU RETURN YOUR PROXY CARD BUT DO NOT SPECIFY ON YOUR PROXY CARD HOW YOU WANT TO VOTE YOUR SHARES, WE WILL VOTE THEM "FOR" THE ELECTION OF ALL NOMINEES FOR DIRECTOR AS SET FORTH UNDER "ELECTION OF DIRECTORS" BELOW AND "FOR" PROPOSAL 2.

HOW YOU MAY REVOKE YOUR PROXY INSTRUCTIONS.

You can revoke your proxy at any time before it is exercised in any of four ways:

- (1) by submitting written notice of revocation to our Secretary;
- (2) by submitting another proxy card that is properly signed and later dated;
- (3) by submitting another proxy via the Internet or by telephone on a date after the date of your last proxy; or
- (4) by voting in person at the meeting.

1

NUMBER OF VOTES REQUIRED.

Directors must be elected by a plurality of the votes cast at the meeting. This means that the three nominees receiving the greatest number of votes will be elected. A majority of the shares represented at the meeting is required to approve Proposal 2. The Annual Meeting will be held if the holders of a majority of the outstanding shares of Common Stock entitled to vote (a "quorum") are

Edgar Filing: SMITH INTERNATIONAL INC - Form DEF 14A

present at the meeting in person or by proxy. If you have returned valid proxy instructions or attend the meeting in person, your Common Stock will be counted for the purpose of determining whether there is a quorum, even if you wish to abstain from voting on some or all matters introduced at the meeting. "Broker non-votes" also count for quorum purposes. If you hold your Common Stock through a broker, bank or other nominee, generally the nominee may only vote the Common Stock that it holds for you in accordance with your instructions. However, if the broker, bank or nominee has not received your instructions within ten days of the meeting, it may vote on matters that the New York Stock Exchange determines to be routine. If the broker, bank or nominee cannot vote on a particular matter because it is not routine, there is a "broker non-vote" on that matter. Broker non-votes do not count as votes for or against any proposal; however, an abstention counts as a vote against a proposal. Abstentions and broker non-votes have no effect on the outcome of the election of directors.

OTHER MATTERS TO BE ACTED UPON AT THE MEETING.

We do not know of any matters to be presented or acted upon at the meeting, other than those mentioned in this document. If any other matter is presented at the meeting on which a vote may properly be taken, your signed proxy card gives authority to Doug Rock and Neal S. Sutton to vote on those matters.

COST OF THIS PROXY SOLICITATION.

We will pay the cost of this proxy solicitation. In addition to soliciting proxies by mail, some of our employees may solicit stockholders for the same type of proxy, personally and by telephone. None of these employees will receive any additional or special compensation for doing this. We have retained Morrow & Co. to assist in the solicitation of proxies for a fee of \$6,500, plus reasonable out-of-pocket costs and expenses. We will, upon request, reimburse brokers, banks and other nominees for their expenses in sending proxy material to their principals and obtaining their proxies.

PROPOSAL 1: ELECTION OF DIRECTORS

At the 2002 Annual Meeting, stockholders will elect three persons as Class I directors to hold office until the 2005 Annual Meeting, or until they are succeeded by other qualified directors who have been elected. The nominees are G. Clyde Buck, Loren K. Carroll and Wallace S. Wilson.

Directors must be elected by a plurality of the votes cast at the meeting. This means that the three nominees receiving the greatest number of votes will be elected. Votes withheld for any director will not be counted.

We will vote your shares as you specify on your proxy card. If you properly execute and return your proxy card (in paper form, electronically via the Internet or by telephone), but don't specify how you want your shares voted, we will vote them for the election of all of the nominees listed below. If unforeseen circumstances (such as death or disability) make it necessary for the Board of Directors to substitute another person for any of the nominees, and you have either voted for the substituted nominee or not specified your vote, we will vote your shares for that other person.

2

Each of the nominees are currently members of the Board of Directors. A brief biography of all directors is presented below:

INFORMATION ABOUT THE BOARD OF DIRECTORS AND ITS COMMITTEES

THE BOARD. During 2001, the Board of Directors held six meetings. All directors attended at least 75% of the meetings of the Board of Directors and of all committees on which they served.

COMMITTEES OF THE BOARD. The Company has an Audit Committee and its members are Messrs. Bailar, Gibbs and Neely. The Audit Committee reviews the Company's auditing, accounting, financial reporting and internal control functions. This committee also recommends the firm that the Company should retain as its independent accountant. All members of the Audit Committee are non-employee directors. During 2001, the Audit Committee held two meetings.

The Company has a Compensation and Benefits Committee, and its members are Messrs. Gibbs, Buck, Neely and Wilson. The Compensation and Benefits Committee reviews the Company's executive compensation and employee benefit plans and programs, including their establishment, modification and administration. It also administers the Company's stock option plan. During 2001, this committee held two meetings. The Executive Compensation Subcommittee of this committee, comprised of Messrs. Gibbs and Buck, held two meetings during 2001.

6

The Company has an Executive Committee and its members are Messrs. Neely, Carroll, Gibbs and Rock. The Executive Committee, between meetings of the Board of Directors, has limited power to act on behalf of the Board. This committee meets only as needed and did not meet in 2001.

The Company has a Nominating Committee, which was formed on February 6, 2002, and its members are Messrs. Gibbs, Bailar, and Buck. The Nominating Committee recommends to the Board of Directors candidates for election to the Board of Directors. The Nominating Committee will consider recommendations for nominees for directorships submitted by stockholders. Stockholders who wish the Nominating Committee to consider their recommendations for nominees for the position of Director should submit their recommendations in writing to the

Edgar Filing: SMITH INTERNATIONAL INC - Form DEF 14A

Nominating Committee in care of the Secretary of the Company at our principal executive offices. The Nominating Committee meets only as needed and did not meet in 2001.

DIRECTORS' COMPENSATION. Employee directors receive no additional compensation other than their normal salary for serving on the Board or its committees. Non-employee directors receive \$30,000 annually and \$1,500 for each Board meeting attended. In addition, they are paid \$3,000 per year for chairing a committee and \$1,250 for each committee meeting attended. Non-employee directors also receive an annual grant of 400 shares of Common Stock.

NON-EMPLOYEE DIRECTOR PROGRAMS. The Company terminated its Directors' Retirement Plan in 1998. The Company issued restricted stock grants to each of the non-employee directors to fund the actuarial value of their accrued benefits under the retirement plan. These grants will "cliff-vest" upon retirement after ten years of service as a director. This means the grants will all vest at once upon retirement after ten years of service.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION. During 2001, Messrs. Buck, Gibbs, Neely and Wilson served as members of the Company's Compensation and Benefits Committee. During 2001, none of Messrs. Buck, Gibbs, Neely and Wilson was an officer or employee of the Company or any of its subsidiaries, nor did any of them have any other relationship with the Company that requires further disclosure under requirements of the U.S. Securities and Exchange Commission (the "SEC"). From December 1977 to December 1987, Mr. Neely was Chief Executive Officer and Chairman of the Board of Directors of the Company. From 1964 to 1980, Mr. Wilson was President of Wilson Industries, Inc., at which time he assumed the additional position of Chairman of the Board and Chief Executive Officer. Mr. Wilson served as Chairman of the Board, President and Chief Executive Officer of Wilson Industries until April 30, 1998, when Wilson Industries was purchased by the Company.

AUDIT COMMITTEE REPORT

In accordance with its written charter, the Audit Committee assists the Board of Directors in oversight of the accounting, auditing, and financial reporting practices of the Company. A copy of the Audit Committee charter was previously filed with the Securities and Exchange Commission as a part of the Company's definitive proxy statement filed March 23, 2001. The charter may be obtained by accessing the SEC's website at www.sec.gov or by contacting the Company.

The Audit Committee consists of three independent members, as independence is defined by the listing standards of the New York Stock Exchange.

7

Management is responsible for the financial reporting process, the preparation of consolidated financial statements in accordance with generally accepted accounting principles, the system of internal controls, and procedures designed to insure compliance with accounting standards and applicable laws and regulations. The Company's independent auditors are responsible for auditing the financial statements. The Audit Committee's responsibility is to monitor and review these processes and procedures. The members of the Audit Committee are not professionally engaged in the practice of accounting or auditing and are not experts in the fields of accounting or auditing. The Audit Committee relies, without independent verification, on the information provided to it and on the representations made by management and the independent auditors that the financial statements have been prepared in conformity with generally accepted accounting principles.

Edgar Filing: SMITH INTERNATIONAL INC - Form DEF 14A

The Audit Committee met twice during the last fiscal year. The meetings were conducted so as to encourage communication among the members of the Audit Committee, management, the internal auditors, and the Company's independent auditors, Arthur Andersen LLP. Among other things, the Audit Committee discussed with the Company's internal and independent auditors the overall scope and plans for their respective audits. The Audit Committee separately met with each of the internal and independent auditors, with and without management, to discuss the results of their examinations and evaluations of the Company's internal controls. The Audit Committee also discussed with Smith's independent auditors all matters required by generally accepted auditing standards, including those described in Statement on Auditing Standards ("SAS") No. 61, as amended, "Communication with Audit Committees".

In addition to the two regular Audit Committee meetings, the Committee Chairman, on behalf of the Committee, discussed the quarterly interim financial information of the Company with management and the independent auditors prior to its release to the public. This included a discussion of the results of Arthur Andersen's SAS No. 71 reviews.

The Audit Committee obtained a formal written statement from Arthur Andersen describing all relationships between Arthur Andersen and the Company that might bear on Arthur Andersen's independence consistent with Independence Standards Board Standard No. 1, "Independence Discussions with Audit Committees." The Audit Committee discussed with Arthur Andersen any relationships that may have an impact on their objectivity and independence and satisfied itself as to Arthur Andersen's independence. The Audit Committee also reviewed, among other things, the amount of fees paid to Arthur Andersen for audit and non-audit services and considered whether the provision of non-audit services by Arthur Andersen is compatible with maintaining Arthur Andersen's independence. In response to public concerns about the integrity of independent audits, Smith intends to expand the role of other firms in providing non-audit services. Arthur Andersen did not provide any financial information systems design or implementation services to Smith during the fiscal year ended December 31, 2001.

The Audit Committee reviewed and discussed the Company's audited consolidated financial statements as of and for the year ended December 31, 2001 with management and the independent auditors. Based on the above-mentioned review and discussions, and subject to the limitations on the Audit Committee's role and responsibilities described above and in the Audit Committee charter, the Audit Committee recommended to the Board of Directors that the Company's audited consolidated financial statements be included in its Annual Report on Form 10-K for the fiscal year ended December 31, 2001, for filing with the Securities and Exchange Commission.

Stockholder approval of the appointment of independent auditors is not required by the Company's Bylaws or otherwise. In the past, however, the Audit Committee has recommended the appointment of independent auditors to the Board of Directors, which has, in turn, recommended the ratification of such appointment to the Company's stockholders. The Company's current independent auditors, Arthur Andersen, have served in this capacity since 1952 and, as such, are familiar with the global operations, financial controls and accounting practices of the Company. After considering a number of factors, including the underlying financial structure of the Company, the results of Arthur Andersen's most recent peer review, and the views of some of the Company's larger stockholders, the Company continues to work with Arthur Andersen. However, in light of the events currently surrounding Arthur Andersen, the Audit Committee believes it is appropriate to continue monitoring the situation. Accordingly, the Company's stockholders are not being asked to ratify the appointment of

Edgar Filing: SMITH INTERNATIONAL INC - Form DEF 14A

independent auditors to review the books and records of the Company for the fiscal year ending December 31, 2002. The Audit Committee will make a decision with respect to the appointment of the Company's independent auditors that it believes to be in the best interest of the Company and its stockholders.

FEES PAID TO ARTHUR ANDERSEN LLP

Audit Fees. Fees for the fiscal year 2001 audit of the Company's consolidated financial statements and the review of Forms 10-Q for the fiscal year 2001 were \$1,060,000. These fees also include the audit of the combined financial statements for fiscal year 2001 of M-I, the Company's majority-owned joint venture.

Financial Information Systems Design and Implementation. During fiscal year 2001, the Company did not engage Arthur Andersen to render financial information systems design and implementation services.

Other Fees. The Company incurred an aggregate of \$1,270,000 in fees to Arthur Andersen during fiscal year 2001 for all non-audit services. Other fees primarily relate to income tax work, various statutory audits and employee benefit plan audits and related consultation, other than that directly related to the audit of the financial statements for fiscal year 2001.

EXECUTIVE COMPENSATION

COMPENSATION AND BENEFITS COMMITTEE REPORT ON EXECUTIVE COMPENSATION

COMPENSATION POLICIES

The Company's executive compensation program is designed to help the Company attract, motivate and retain the executive resources that the Company needs to maximize its return to stockholders. The objective of the Company's compensation program for key management positions is to provide compensation packages that are consistent with competitive market norms for companies similar in size, activity and complexity to the Company.

The Compensation and Benefits Committee (the "Compensation Committee"), which consists solely of non-employee directors, administers the executive compensation programs of the Company and determines the compensation of senior management. An independent compensation consultant, Towers Perrin, advises the Compensation Committee on all compensation matters. Towers Perrin has been advising the Compensation Committee with respect to such matters since April 2001.

The Company's executive compensation program is structured and implemented to provide competitive compensation opportunities and various incentive award payments based on Company and individual performance, as well as to link compensation to financial targets that affect short and long term share price performance. The Compensation Committee administers all of the Company's executive compensation programs, including the design of the programs and the measurement of their effectiveness. The Compensation Committee also reviews and approves all salary arrangements and other payments to executives, evaluates their performance and considers other related matters.

Edgar Filing: SMITH INTERNATIONAL INC - Form DEF 14A

TAX CONSIDERATIONS

Section 162(m) of the Internal Revenue Code limits the allowable tax deduction that may be taken by the Company for compensation paid to the Chief Executive Officer and the four other highest paid executive officers named in the Summary Compensation Table. The limit is \$1 million per executive per year, but compensation payable solely upon the attainment of performance goals is excluded from the limitation. The Compensation Committee has established an Executive Compensation Subcommittee (the "Subcommittee") to review and establish compensation for any executive officer whose compensation might exceed \$1 million in any year. The Subcommittee consists of two members of the Compensation Committee, Messrs. Gibbs and Buck, who are independent directors as defined in the Internal Revenue Code and its regulations. The Compensation Committee and the Subcommittee will continue to analyze its executive compensation practices and plans on an ongoing basis with respect to Section 162(m) of the Internal Revenue Code. Where it deems advisable, the Compensation Committee will take appropriate action to maintain the tax deductibility of its executive compensation.

TYPES OF COMPENSATION

There are two main types of compensation:

(1) Annual Compensation. This includes base salary and annual incentives in the form of bonuses. The Company awards bonuses only when the Company's financial performance during the year meets a certain level required under the annual incentive plan.

(2) Long-Term Compensation. This includes stock options and other long-term incentive awards based on Common Stock. The value of these awards depends upon the Company's performance and future stock value.

FACTORS CONSIDERED IN DETERMINING COMPENSATION

The Compensation Committee wants the compensation of the Company's executives to be competitive in the worldwide energy industry. The Compensation Committee estimates an executive's competitive level of

10

total compensation based on information from a variety of sources, including proxy statements, special surveys and the Company's compensation consultant. The companies that are part of the Peer Group described in the Performance Graph are some of the companies used by the Compensation Committee in establishing both base salary and performance-based targeted incentive compensation. The sources used by the Compensation Committee are larger than the Peer Group, but are all in the energy industry. The Compensation Committee then compares the industry information with the Peer Group and with the Company's compensation levels to determine both base salary and incentive compensation.

Annual Compensation

Annual compensation for the Company's executives includes salary and bonus. This is similar to the compensation programs of most leading companies.

The Compensation Committee annually reviews each executive's base salary. The Compensation Committee aims to pay salaries slightly above the median of the range of compensation paid by similar companies. The Compensation Committee also looks at the specific job duties, the person's achievements and other criteria. Increases in base salary are primarily the result of individual performance,

Edgar Filing: SMITH INTERNATIONAL INC - Form DEF 14A

which includes meeting specific goals established by the Compensation Committee. The criteria used in evaluating individual performance vary depending on the executive's function, but generally include leadership inside and outside the Company; advancing the Company's interests with customers, vendors and in other business relationships; product quality and development; and advancement in skills and responsibility. In 2001, seven executive officers received merit increases.

Annual Incentive Compensation

The annual incentive plan promotes the Company's pay-for-performance philosophy by providing executives with direct financial incentives in the form of cash awards that are paid based on the achievement of performance objectives established for the fiscal year. Each year, the Compensation Committee sets corporate goals based upon financial objectives deemed appropriate by the Compensation Committee. These objectives may include earnings per share, profit after tax, return on assets, return on net capital employed and other financial objectives for the year. Where executives have strategic business unit responsibilities, their goals are based on financial performance measures of that business unit. No bonus is paid to corporate executives unless certain threshold company performance levels set by the Compensation Committee are reached. Business unit executives must meet certain threshold performance levels in their business unit's annual incentive plan in order to receive a bonus.

Each year the Compensation Committee sets targets for each executive relating to annual incentive compensation. The target incentive awards for 2001 for eligible Company executives were based on various company, business unit and individual performance measures. The Compensation Committee does not use a specific formula for weighing individual performance. Instead, individuals are assessed based upon how they contributed to the Company's business success in their respective areas of responsibility. Awards were made in 2001 under the annual incentive plan for fiscal year 2000 to eligible executives.

Stock Option Program

The Compensation Committee strongly believes that the grant of significant annual equity awards further links the interests of senior management and the Company's stockholders. Each year, the Compensation Committee determines the total amount of options to be made available to the Company's executives. These amounts vary each year and are based upon what the Compensation Committee believes is appropriate. The Compensation Committee considers an executive's total compensation package, including the amount of stock options previously awarded. Other important factors are the desire to create stockholder value, encourage equity ownership, provide an appropriate link to stockholder interests and provide long-term incentive award opportunities in the same range as similar companies in the Company's industry.

Chief Executive Officer Compensation

The Subcommittee determines the pay level for the Chief Executive Officer, considering both a pay-for-performance philosophy and market rates of compensation for similar positions. A significant portion of compensation for the Chief Executive Officer is based upon the Company's performance. Specific actions taken by the Subcommittee regarding Mr. Rock's compensation are summarized below.

Base Salary -- The Subcommittee reviewed the base salary for Mr. Rock at its December 2000 meeting and increased it to \$825,000. In setting Mr. Rock's base salary for fiscal year 2001, the Subcommittee reviewed the recommendations

Edgar Filing: SMITH INTERNATIONAL INC - Form DEF 14A

by the independent compensation consultant and market comparisons as well as the Company's acquisition activities and expense control during fiscal year 2000.

Annual Incentive -- The Subcommittee reviewed the predetermined bonus objectives set by the Compensation Committee based on the Company's fiscal year financial performance. For fiscal year 2000, Mr. Rock earned an annual bonus in the amount of \$900,000, which was paid in 2001.

Stock Options -- The Company granted Mr. Rock non-qualified stock options to purchase 161,000 shares of Common Stock on December 4, 2001, at the recommendation of the Subcommittee. The award of stock options to Mr. Rock was approximately 22.9% of the total stock options granted to all employees of the Company in 2001. However, 16,000 of the 161,000 options granted to Mr. Rock are contingent upon stockholder approval of Proposal 2 of this Proxy Statement. If Proposal 2 is not approved by the stockholders, the total options granted to Mr. Rock during 2001 will be 145,000 and will represent 22.9% of the total options granted to all employees of the Company in 2001. The options were granted at 100% of fair market value on the date of grant. The performance sensitivity of the grant is built into the option concept, since the options produce no gain unless the Company's share price rises over the initial grant price.

SUMMARY

The Compensation Committee believes that the compensation program for the executives of the Company is comparable with compensation programs provided by other companies in the energy industry and serves the best interests of the Company's stockholders. The Compensation Committee also believes that annual performance pay is appropriately linked to individual performance, annual financial performance of the Company and stockholder value.

RETIREMENT BENEFITS AND EMPLOYMENT CONTRACTS

PENSION PLAN

Edgar Filing: SMITH INTERNATIONAL INC - Form DEF 14A

Smith International, Inc. Restated Pension Plan. The Company has a defined benefit pension plan (the "Restated Pension Plan"), which is currently frozen. The benefit accruals were frozen effective March 1, 1987, and the amount of the pension benefit was fixed for all eligible employees based only upon benefit accruals from September 1, 1985 to March 1, 1987. Any benefits under the Restated Pension Plan are offset by benefits paid under a previous pension plan of the Company.

The following table illustrates the estimated annual retirement benefit payable as a life annuity under the Restated Pension Plan to any employee retiring at normal retirement age in various compensation levels and certain years-of-service classifications.

Since benefit accruals under the Restated Pension Plan have been frozen since March 1, 1987, the years of service for the Named Officers include only the period from September 1, 1985 to March 1, 1987. The annual pension benefits that would be payable at age 65 under the Restated Pension Plan to the Named Officers are as follows: Mr. Rock: \$8,150; Mr. Carroll: \$4,282; Mr. Sutton: \$-0-; Mr. Brown: \$-0- and Mr. Kennedy: \$-0-. The benefits are not subject to any reduction for Social Security.

Smith International, Inc. Supplemental Pension Plan. The Company terminated the Smith International, Inc. Supplemental Pension Plan effective December 31, 2000. Lump sum cash payments aggregating \$1.6 million were made to participants in January 2001 for the actuarial present value of the participant's vested accrued benefits under the plan.

SMITH INTERNATIONAL, INC. SUPPLEMENTAL EXECUTIVE RETIREMENT PLAN ("SERP")

The Company adopted the SERP effective October 1, 1993. It is a non-qualified, deferred compensation plan covering all of the executive officers and certain other participants. The primary purpose of the SERP is to provide executives who are affected by the Internal Revenue Code limitations under the Company's 401(k) Retirement Plan (the "401(k) Plan") with the opportunity to defer a portion of their current compensation. Distributions will generally be made following a participant's termination of employment, although certain in-service withdrawals are permitted in limited circumstances. A participant in the

Edgar Filing: SMITH INTERNATIONAL INC - Form DEF 14A

SERP may defer up to 100% of his or her salary or bonus paid during a plan year. The Company may also make contributions to the SERP on behalf of its participants.

Age-Weighted Contributions. Effective as of the last day of each quarter during the year, a contribution by the Company may be allocated under the SERP based on the participant's age-weighted contribution percentage ("AWCP") ranging from 2 to 6%. The difference between a participant's (i) "Total 401(k) Compensation" and his or her (ii) "Net 401(k) Compensation" is multiplied by the AWCP to compute the age-weighted contribution for the year. "Total 401(k) Compensation" generally means the total of all cash amounts paid by the Company to a participant, including deferred amounts. "Net 401(k) Compensation" generally means Total 401(k) Compensation less participant contributions to the SERP, but not to exceed \$200,000 for any year. Effective January 1, 1995, the SERP was amended to fix the AWCP for the executive officers at 6%.

Matching Contributions. The SERP contains matching provisions that mirror the matching formulas in effect for the 401(k) Plan, but without regard to certain Internal Revenue Code limits applicable to the 401(k) Plan. Matching contributions for a plan year in both the SERP and the 401(k) Plan combined cannot exceed 6% of a participant's Total 401(k) Compensation net of any incentive bonus. Effective January 1, 1995, the SERP was amended so that executive officers will receive matching contributions up to 6% of their Total 401(k) Compensation.

Discretionary Profit Sharing Contributions. The Compensation Committee may, in its discretion, determine the amount of any profit sharing contribution for a plan year and how that amount is to be allocated among the SERP participants.

EMPLOYMENT AGREEMENTS

The Company has employment agreements with Messrs. Rock and Sutton and one other senior officer. These agreements have an initial term of three years and are automatically extended for an additional year at each anniversary date. Each of the employment agreements with Messrs. Rock and Sutton and the other senior officer contains the employee's salary and other conditions of employment and entitles the employee to participate in the Company's bonus program and other benefit programs.

On January 4, 2000, the Company entered into Change-of-Control Employment Agreements ("Agreements") with seven executive officers, including Messrs. Rock, Carroll, Sutton, Brown and Kennedy. In the event of a "change of control" of the Company (as defined in the Agreements), the Agreements provide for the continued employment of the seven executive officers for a period of three years and provide for the continuation of salary and benefits. If the executive is terminated by the Company (other than for cause, death or disability), or if the executive elects to terminate his or her employment for "Good Reason" (as defined in the Agreements), the executive is entitled to receive a lump sum payment in cash equal to the aggregate of the following amounts: (i) current annual base salary and pro rata bonus through the date of termination; (ii) any compensation previously deferred by the executive and any accrued vacation pay; (iii) three times the executive's annual base salary and Highest Annual Bonus (as defined in the Agreements); and (iv) any actuarial difference in the SERP benefit the executive would have received had the executive's employment continued for three years after the date of the executive's termination.

The executive would also receive continued coverage under applicable welfare and benefit plans for three years. The Agreements also provide for an additional payment to the executive of an amount equal to any Excise Tax (as defined in the Agreements), imposed on the aggregate cash payment described above and any

income taxes imposed on such additional payment, so that the executive receives the amount that would have been received had any Excise Tax not been imposed. The determination of whether and when the additional payment is required and the amount of such payment will be made by Arthur Andersen.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

The rules of the SEC require that the Company disclose late filings of reports of stock ownership (and changes in stock ownership) by its directors and executive officers. Based on Company records and representations by its directors and executive officers, the Company believes that during 2001 all filings were made in compliance with SEC requirements, except that Mr. Carroll filed an amended Form 5 to report a gift of 2,700 shares made in December 2000, which was inadvertently omitted from his Form 5.

STOCK OWNERSHIP OF CERTAIN BENEFICIAL OWNERS

The following table shows certain information about stock ownership of all persons known to the Company to own of record or beneficially more than 5% of the outstanding Common Stock of the Company as of March 1, 2002. This information is based upon information furnished to the Company by these persons and statements filed with the SEC:

(1) Fidelity Management & Research Company ("Fidelity"), a wholly owned subsidiary of FMR Corp. ("FMR") and an investment adviser, is the beneficial owner of 5,531,414 shares as a result of acting as investment adviser to various registered investment companies (the "Funds"). Edward C. Johnson 3d, FMR's Chairman, through its control of Fidelity, and the Funds each has sole power to dispose of the 5,531,414 shares owned by the Funds. Neither FMR nor Mr. Johnson has the sole power to vote or direct the voting of the shares owned directly by the Fidelity Funds, which power resides with the Funds' Boards of Trustees. Fidelity carries out the voting of the shares under written guidelines established by the Funds' Boards of Trustees. Fidelity Management Trust Company ("FMTC"), a wholly owned subsidiary of FMR, is the beneficial owner of 1,289,050 shares as a result of its serving as investment manager of various institutional accounts. Mr. Johnson and FMR, through its control of FMTC, each has sole dispositive power over 1,289,050 shares and sole power to vote or to direct the voting of 1,289,050 shares owned by the institutional accounts. Members of the Edward C. Johnson 3d

family are the predominant owners of Class B shares of common stock of FMR, representing approximately 49% of the voting power of FMR. Mr. Johnson owns 12.0% and Abigail P. Johnson, a Director of FMR, owns 24.5% of the voting stock of FMR. The Johnson family group and all other Class B shareholders have entered into a shareholders' voting agreement under which all Class B shares will be voted in accordance with the majority vote of Class B shares. Through their ownership of voting common stock and the shareholders' voting agreement, members of the Johnson family may be deemed, under the Investment Company Act of 1940, to form a controlling group with respect to FMR. Fidelity International Limited ("FIL") beneficially owns 571,800 shares. FIL has sole power to vote and to dispose of such shares.

and/or sole power to vote the securities. For purposes of the reporting requirements of the Securities Exchange Act of 1934, Price Associates is deemed to be a beneficial owner of such securities; however, Price Associates expressly disclaims that it is, in fact, the beneficial owner of such securities.

PROPOSAL 2: APPROVAL OF AN AMENDMENT TO THE SMITH INTERNATIONAL, INC. 1989 LONG-TERM INCENTIVE COMPENSATION PLAN

At the meeting, you will be asked to approve an amendment to the Smith International, Inc. 1989 Long-Term Incentive Compensation Plan (the "1989 Plan") to increase by 2,300,000 the number of shares of Common Stock reserved for the 1989 Plan. Upon your approval, the term of the 1989 Plan would be extended to April 24, 2012.

The 1989 Plan was originally approved by the stockholders at the May 9, 1989 annual meeting. Since 1989, a total of 4,900,000 shares of Common Stock have been reserved for issuance under the 1989 Plan. On February 6, 2002, the Board of Directors approved an amendment to the 1989 Plan to reserve an additional 2,300,000 shares of Common Stock reserved for issuance under the 1989 Plan. At the Annual Meeting, the Company's stockholders will be asked to approve the proposed amendment to the 1989 Plan described above.

Of the total shares authorized for issuance under the 1989 Plan, at December 31, 2001, all but 3,016 shares have been awarded in the form of stock options or restricted stock. Of the shares awarded, 2,669,944 shares remained to be issued upon exercise of stock options or restricted stock awards. Should the stockholders approve the proposed amendment to the 1989 Plan, a total of approximately 4,969,944 shares, or 10% of the Company's outstanding Common Stock, would be reserved for issuance under the 1989 Plan.

The Company has dramatically grown in size and the number of employees over the past several years. The additional 2,300,000 shares will allow the Company to continue its long-term incentive program and to recognize the increased pool of employees eligible to participate. The Company intends to award stock options at the same levels and on the same criteria as it has done since the inception of the 1989 Plan.

The Board of Directors has found that stock options granted to employees have been highly effective in recruiting and retaining competent personnel. The Board of Directors believes that the growth of the Company is dependent upon its ability to attract, employ and retain executives and employees of outstanding

Edgar Filing: SMITH INTERNATIONAL INC - Form DEF 14A

ability who will dedicate their maximum productive efforts toward the advancement of the Company. The growing competition among companies for capable managers makes it necessary for the Company to maintain a strong and competitive incentive program.

As of March 1, 2002, options to purchase an aggregate of 2,698,156 shares of Common Stock were outstanding under the 1989 Plan, having exercise prices of \$8.38 to \$69.06 and expiring from April 28, 2002 to December 4, 2011. The outstanding figure includes stock options for 702,990 shares which were issued on December 4, 2001. Of the 702,990 stock options granted on December 4, 2001, 69,690 options were issued conditionally and subject to stockholder approval of the amendment to the 1989 Plan. All stock options granted under the 1989 Plan are conditioned upon continued employment. The last reported sales price of the Company's Common Stock on March 18, 2002 was \$68.99 per share.

Taking into account the 69,690 options that were issued conditionally as discussed above, there are not enough shares currently available under the 1989 Plan to honor exercises of all outstanding options. The following table shows the amount of shares that will be allocated to each of the following under the 1989 Plan for outstanding options issued on December 4, 2001, assuming Proposal 2 is approved by the stockholders:

Under the 1989 Plan, the following Named Officers have been granted options, including the options issued conditionally, exercisable into shares of Common Stock: Mr. Rock: 996,400; Mr. Carroll: 441,600;

20

Mr. Sutton: 226,540; Mr. Brown: 180,600 and Mr. Kennedy: 164,900. All current executive officers as a group have been granted options exercisable into 2,391,720 shares of Common Stock. All employees, other than executive officers, as a group, have been granted options exercisable into 3,089,749 shares of Common Stock. Non-employee directors are not eligible to receive options under the 1989 Plan.

The following is a summary of the 1989 Plan and is qualified in its entirety by the full text of the 1989 Plan. Any stockholder may obtain a copy of the 1989 Plan by writing to Smith International, Inc., 16740 Hardy Street, Houston, Texas 77032, Attention: Corporate Secretary. Requests may also be made by fax to (281) 233-5996 or to the Company's website at (www.smith.com).

The 1989 Plan is administered by the Compensation Committee. All full-time salaried employees of the Company who are performing management, supervisory, sales, scientific or engineering services or who the Compensation Committee decides are key employees are eligible to receive awards under the 1989 Plan.

The Compensation Committee determines awards based upon an employee's ability to influence the Company's performance. Future awards are based on future performance and cannot, therefore, be determined. Nonqualified stock options have been granted to all Named Officers, seven Executive Group employees and 349 Non-Executive Officer employees, for a total of 356 current employees. Please see "Executive Compensation" above for more information about stock options granted.

The 1989 Plan provides for the following types of awards: (a) nonstatutory stock option; (b) stock appreciation right related to an option; (c) stock appreciation right not related to an option; (d) stock award; (e) restricted stock; (f) cash award; and (g) any combination of the foregoing.

Exercise and Termination of Awards. The purchase price for a nonstatutory stock option is payable in cash or in shares of Common Stock and may be

Edgar Filing: SMITH INTERNATIONAL INC - Form DEF 14A

exercised only by the employee. If an employee voluntarily resigns or is terminated for cause, all of the awards immediately terminate. If an employee retires, the award expires three years thereafter unless it expires sooner by its terms. If an employee is terminated by the Company for any other reason, the award expires one year thereafter unless it expires sooner by its terms. An award may not be exercised after ten years from the date the award is granted.

Adjustment of Awards. If any change occurs in the capitalization of the Company, such as a stock dividend or stock split, or if a merger takes place in which the Company is the surviving corporation, the Compensation Committee can decide to adjust the outstanding awards and the number of shares reserved under the 1989 Plan. In the event of a takeover bid or tender offer for 25% or more of the outstanding securities of the Company, the restrictions on any restricted stock would lapse immediately, all outstanding options and stock appreciation rights become exercisable immediately, and all performance objectives are deemed to be met and payment made immediately.

Federal Income Tax Consequences. The 1989 Plan permits the Compensation Committee to grant nonqualified stock options ("NQSOs") to certain key employees of the Company. The following discussion is intended only as a summary of the effect of federal income taxation upon the optionee and the Company with respect to the grant and exercise of NQSOs under the 1989 Plan.

Upon the grant of a NQSO, the optionee will not recognize any taxable income, and the Company will not be entitled to a federal income tax deduction. Upon the exercise of an NQSO, the excess of the fair market value of the shares acquired on the exercise of the option over the purchase price (the "spread") will be compensation that is taxable to the optionee as ordinary income. To determine the amount of the spread, the fair market value of the stock on the date of exercise is used; however, if an optionee is subject to the six month short-swing profit recovery provisions of Section 16(b) of the Securities Exchange Act of 1934 (generally executive officers), the fair market value will generally be determined at the end of the six-month period, unless such optionee elects to be taxed based on the fair market value at the date of exercise. Any such election must be made and filed with the Internal Revenue Service within 30 days after exercise in accordance with the regulations under Section 83(b) of the Internal Revenue Code. The Company, in computing its federal income tax, will generally be entitled to a deduction in an amount equal to the compensation taxable to the optionee in the Company's taxable year in which the amount is taxable to the optionee.

Amendment of the 1989 Plan. The Board of Directors may terminate, modify or amend the 1989 Plan at any time without stockholder approval, except for amendments that (a) change the class of persons eligible to receive awards; (b) materially increase benefits; (c) transfer the administration of the 1989 Plan to anyone who is not a "disinterested person" under the federal securities law; or (d) increase the number of shares subject to the 1989 Plan.

The affirmative vote of a majority of the votes represented at the Annual Meeting will be sufficient to approve the amendment to the 1989 Plan.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR APPROVAL OF THE AMENDMENT TO THE 1989 PLAN.
