9,067,983 SHARES OF COMMON STOCK

This prospectus relates to 9,067,983 shares of our common stock that may be offered from time to time by some of our securityholders. These securityholders may include "affiliates," as defined in Rule 405 under the Securities Act of 1933, as amended. We issued, or may issue, these shares in connection with our acquisition of Hall-Houston Oil Company and related transactions. These shares of common stock include 574,931 shares issued at the time of the acquisition, up to 4,000,000 shares issuable upon exercise of outstanding warrants and up to 4,493,052 shares issuable upon conversion of our Series D exchangeable convertible preferred stock, both issued at the time of the acquisition. For a description of the warrants and Series D preferred stock, see the section entitled "Terms of the Warrants and Series D Preferred Stock."

We expect that sales made pursuant to this prospectus will be made:

- in broker's transactions;
- in transactions directly with market makers; or
- in negotiated sales or otherwise.

The selling securityholders will determine when they will sell their shares, and in all cases they will sell their shares at the current market price or at prices negotiated at the time of the sale. We will not receive any proceeds from these sales other than the exercise price payable to exercise the warrants.

The brokers and dealers the selling securityholders utilize in selling these shares may receive compensation in the form of underwriting discounts, concessions or commissions from the sellers or purchasers of the shares. Any compensation may exceed customary commissions. The selling securityholders and the brokers and dealers they utilize may be deemed to be "underwriters" within the meaning of the securities laws, and any commissions received and any profits realized by them upon the sale of shares may be considered to be underwriting compensation.

Our common stock is listed on the New York Stock Exchange under the symbol "EPL." On August 14, 2002, the last reported sale price of our common stock as reported on the New York Stock Exchange was \$7.35 per share.

Edgar Filing: ENERGY PARTNERS LTD - Form 424B3

the fiscal year ended December 31, 2001. Please read "Items 1 & 2. Business and Properties -- Regulatory Matters" and "-- Additional Factors Affecting Business" in our latest annual report for these risk factors. Please also read "Where You Can Find More Information."

THE MARKET PRICE OF OUR COMMON STOCK COULD BE ADVERSELY AFFECTED BY SALES OF SUBSTANTIAL AMOUNTS OF OUR COMMON STOCK IN THE PUBLIC MARKETS.

Our largest stockholders, Evercore Capital Partners L.P. and affiliates, Energy Income Fund, L.P. and Richard A. Bachmann, our chairman, president and chief executive officer, could sell a substantial number of shares of our common stock in the public market, either pursuant to exemptions afforded to affiliates under Rule 144 under the Securities Act or pursuant to an effective registration statement. Affiliates may sell under Rule 144 of the Securities Act the greater of 1% of the number of shares of common stock then outstanding and the average weekly trading volume of our common stock on the New York Stock Exchange during the four calendar weeks preceding the filing of a required notice of such sale. Such sales by our largest stockholders, sales by other securityholders or the perception that such sales might occur, could have a material adverse effect on the price of our common stock or could impair our ability to obtain capital through an offering of equity securities.

Additionally, in connection with the acquisition of Hall-Houston, we issued warrants and Series D exchangeable convertible preferred stock that can be exchanged or exercised for a total of up to 8,493,052 shares of our common stock. See "Terms of the Warrants and the Series D Preferred Stock" for the terms of these securities. All of the common stock underlying the warrants and Series D preferred stock will be freely tradable upon resale pursuant to this prospectus. Also in the acquisition transactions, we entered into an earnout agreement which, depending on the performance of the oil and gas properties subject to the agreement, could obligate us to issue up to \$40,000,000 market value of our common stock to the participants in the agreement, and such common stock is required to be publicly registered under the agreement.

THE MARKET PRICE OF OUR COMMON STOCK HAS EXPERIENCED SUBSTANTIAL VOLATILITY AND MAY CONTINUE TO DO SO IN THE FUTURE.

Since our initial public offering in November 2000 at a price of \$15.00 per share, the trading price for our common stock on the New York Stock Exchange has declined to \$7.35 as of August 14, 2002. The market price of our common stock may not exceed or even remain at current levels. The following factors may have an adverse impact on the market price of our common stock:

- lack of success in our drilling activities, including exploratory drilling;
- fluctuations in oil and gas prices;
- market conditions for oil and gas stocks;
- market conditions generally;
- governmental regulation; and
- fluctuations in our operating results.

PROVISIONS IN OUR ORGANIZATIONAL DOCUMENTS AND UNDER DELAWARE LAW COULD DELAY OR PREVENT A CHANGE IN CONTROL OF OUR COMPANY, WHICH COULD ADVERSELY AFFECT THE MARKET PRICE OF OUR COMMON STOCK.

The existence of some provisions in our organizational documents and under Delaware law could delay or prevent a change in control of our company, which

Edgar Filing: ENERGY PARTNERS LTD - Form 424B3

could adversely affect the market price of our common

1

stock. The provisions in our certificate of incorporation and bylaws that could delay or prevent an unsolicited change in control of our company include:

- the board of directors' ability to issue shares of preferred stock and determine the terms of the preferred stock without securityholder approval; and
- a prohibition on the right of securityholders to call meetings and a limitation on the right of securityholders to act by written consent and to present proposals or make nominations at security-holder meetings.

In addition, Delaware law imposes some restrictions on mergers and other business combinations between us and any holder of 15% or more of our outstanding common stock. Evercore is generally exempted from these provisions.

2

OUR COMPANY

We are an independent oil and natural gas exploration and production company concentrated in the shallow to moderate depth waters of the central region of the Gulf of Mexico Shelf. We have focused on the Central Gulf of Mexico Shelf area because that area provides us with favorable geologic and economic conditions, including multiple reservoir formations, regional economies of scale, extensive infrastructure and comprehensive geologic databases. We believe that this region offers a balanced and ample array of existing and prospective exploration, exploitation and development opportunities in both established productive horizons and deeper geologic formations. As of December 31, 2001, we had estimated proved reserves of approximately 61.8 billion cubic feet of natural gas and 25.5 million barrels of oil, or an aggregate of approximately 35.8 million barrels of oil equivalent. Giving effect to the January 2002 Hall-Houston acquisition as if the two companies were combined on December 31, 2001, our pro forma estimated proved reserves would have been approximately 45.2 million barrels of oil equivalent, 43% of which would have been natural gas.

Since our incorporation in January 1998 by Richard A. Bachmann, our founder, chairman, president and chief executive officer, we have assembled a team of geoscientists and management professionals with considerable region-specific geological, geophysical, technical and operational experience. We have grown through a combination of multi-year, multi-well drill to earn programs, strategic acquisitions of interests in mature oil and gas fields and, most recently, the acquisition of Hall-Houston Oil Company. The acquisition of Hall-Houston strengthened our management team, expanded our property base and reduced our property concentration. It also expanded our portfolio of exploration opportunities and our technical knowledge base. The acquisition moved us to a more balanced natural gas and oil production profile and has added 12 offshore exploratory blocks to complement our development and drill to earn portfolio.

Our strategy is to grow our reserves and production through a balanced investment program including low risk exploitation and development activities in and around our existing fields and moderate risk exploration activities in the shallow to moderate depth waters of the central region of the Gulf of Mexico Shelf. A limited amount of our exploration budget each year will be allocated to high risk, high potential exploration prospects in this region.

USE OF PROCEEDS

We will not receive any of the proceeds from the offer and sale of the shares of our common stock by the selling securityholders. However, since some of these shares are issuable upon the exercise of warrants, we will receive proceeds from the exercise of these warrants, and will use such proceeds for general corporate purposes.

3

TERMS OF THE WARRANTS AND THE SERIES D PREFERRED STOCK

WARRANTS

In connection with our acquisition of Hall-Houston we issued 4,000,000 warrants, 1,000,000 of which are exercisable at \$9.00 per share and 3,000,000 of which are exercisable at \$11.00 per share. The warrants are not exercisable until January 15, 2003. The warrants expire in 2007.

SERIES D PREFERRED STOCK

In connection with our acquisition of Hall-Houston we issued \$38,370,662.31 liquidation preference of Series D exchangeable convertible preferred stock.

The Series D preferred stock:

- pays semi-annual dividends at annual rates increasing over time from 7% to 10%;
- pays dividends in cash from the issue date until December 31, 2005, in cash or in additional shares of Series D preferred stock (at our option) after December 31, 2005 and on or before December 31, 2008, and in cash again from January 1, 2009 forward;
- is convertible into our common stock at a conversion price of \$8.54 per share, and therefore is convertible in the aggregate into 4,493,052 shares of our common stock;
- is redeemable at our option beginning in 2005;
- is exchangeable (at our option) for convertible subordinated debt securities with similar economic terms and a seven year maturity in an aggregate principal amount equal to the liquidation preference of such preferred stock; and
- is not mandatorily redeemable.

4

SELLING SECURITYHOLDERS

We have filed a registration statement, of which this prospectus forms a

Edgar Filing: ENERGY PARTNERS LTD - Form 424B3

part, in order to permit the selling securityholders or their transferees to resell to the public up to 9,067,983 shares of our common stock, of which up to 4,000,000 shares are issuable upon exercise of outstanding warrants and up to 4,493,052 shares are issuable upon the conversion of our Series D preferred stock. We issued the common stock, the warrants and the Series D preferred stock on January 15, 2002 to Hall-Houston common and preferred shareholders, debtholders and affiliated holders of oil and gas interests in connection with our acquisition of Hall-Houston.

The selling securityholders may include some of our officers and a director. We do not know whether any of the selling securityholders will use this prospectus in connection with the offer or sale of any shares of our common stock or, if this prospectus is so used, how many shares of our common stock will be offered or sold. As used in this prospectus, selling securityholders will refer to the securityholders set forth below, along with any pledgees, donees, transferees or others who may later hold the selling securityholders' interests. In addition, upon our being notified by a selling securityholder that a pledgee, donee, transferee or other successor-in-interest intends to sell our common stock, we will file a supplement to this prospectus as required by law.

The table below sets forth with respect to the selling securityholders, based upon information available to us as of August 15, 2002, the number of shares of common stock beneficially owned, the number of shares of our common stock which may be offered by this prospectus and the number and percentage of outstanding common stock that will be owned assuming the sale of all of the registered shares of our common stock under this prospectus. The shares offered by this prospectus may be sold by selling securityholders from time to time. The number of shares, if any, offered by each selling securityholder and the corresponding number of shares beneficially owned by each selling securityholder after each sale will vary depending upon the terms of the individual sales. Beneficial ownership is determined in accordance with Securities and Exchange Commission rules and generally includes voting or investment power with respect to securities. Shares of our common stock that are issuable upon the exercise of outstanding options, warrants, conversion of preferred stock or exercise of other purchase rights are treated as outstanding for purposes of such selling securityholder's ownership, to the extent exercisable or convertible within sixty days of the date of this prospectus, except for our common stock registered under this prospectus underlying the warrants and Series D preferred stock, all of which is treated as outstanding.

Such sales may be made in any of the following manners:

Edgar Filing: ENERGY PARTNERS LTD - Form 424B3

- in public or privately negotiated transactions;
- in transactions involving principals or brokers;
- in a combination of such methods of sale; or

Although sales of the shares are, in general, expected to be made at market prices prevailing at the time of sale, the shares may also be sold at prices related to such prevailing market prices or at negotiated prices, which may differ considerably.

In offering the shares covered by this prospectus, each of the selling securityholders and any broker-dealers who sell the shares for the selling securityholders may be "underwriters" within the meaning of the Securities Act of 1933, and any profits realized by such selling securityholders and the compensation of such broker-dealers may be underwriting discounts and commissions.

Sales through brokers may be made by any method of trading authorized by any stock exchange or market on which the shares may be listed, including block trading in negotiated transactions. Without limiting the foregoing, such brokers may act as dealers by purchasing any or all of the shares covered by this prospectus, either as agents for others or as principals for their own accounts, and reselling such shares pursuant to this prospectus. The selling securityholders may effect such transactions directly, or indirectly through underwriters, broker-dealers or agents acting on their behalf. In connection with such sales, such broker-dealers or agents may receive compensation in the form of commissions, concessions, allowances or discounts, any or all of which might be in excess of customary amounts.

Each of the selling securityholders is acting independently of us in making decisions with respect to the timing, manner and size of each sale of shares, except for the 1996 override trust and the 2000 override trust, the employee royalty trust and the 401K Plan, which are controlled by certain of our executive officers. We have not been advised of any definitive selling arrangement at the date of this prospectus between any selling securityholder and any broker-dealer or agent.

Neither we nor the selling securityholders can estimate at the present time the amount of commissions or discounts, if any, that will be paid by the selling securityholders on account of their sales of the shares from time to time.
