AND EXHIBITS.

(c) Exhibits

Exhibit No. -----	Description -----
99.1	Press Release issued by Nabors Industries Ltd. on April 29, 2003.

ITEM 9. REGULATION FD DISCLOSURE

In accordance with SEC Release No. 33-8216, Nabors Industries Ltd., a Bermuda corporation (the "Company"), is furnishing this Current Report on Form 8-K to report information pursuant to Item 12 - Disclosure of Results of Operations and Financial Condition of Form 8-K.

On April 29, 2003, the Company issued a press release announcing its results of operations for the first quarter ended March 31, 2003. A copy of that release is furnished herewith as Exhibit 99.1.

## Edgar Filing: NABORS INDUSTRIES LTD - Form 8-K

The Company has presented its adjusted cash flows derived from operating activities for the quarter in the earnings release, which is a "non-GAAP" financial measure under Regulation G. The components of adjusted cash flows derived from operating activities are computed by using amounts which are determined in accordance with GAAP. Adjusted cash flows derived from operating activities is computed by: subtracting direct costs and general and administrative expenses from Operating revenues and then adding Earnings from unconsolidated affiliates. As part of our press release information we have provided a reconciliation of adjusted cash flows derived from operating activities to net cash provided by operating activities, which is its nearest comparable GAAP financial measure.

The Company also presented its adjusted income derived from operating activities for the quarter in the earnings release, which is a "non-GAAP" financial measure under Regulation G. The components of adjusted income derived from operating activities are computed by using amounts which are determined in accordance with GAAP. Adjusted income derived from operating activities is computed by: subtracting direct costs, general and administrative expenses, and depreciation and amortization expense from Operating revenues and then adding Earnings from unconsolidated affiliates. As part of our press release information we have provided a reconciliation of adjusted income derived from operating activities to consolidated income before income taxes, which is its nearest comparable GAAP financial measure.

The Company included its adjusted cash flows derived from operating activities and adjusted income derived from operating activities in the release because management evaluates the performance of its business units and the consolidated Company based on several criteria, including adjusted cash flows derived from operating activities and adjusted income derived from operating activities, and because it believes these financial measures are an accurate reflection of the ongoing profitability of the Company.

Pursuant to the requirements of the Securities Exchange Act of 1934, the Registrant has duly caused this report to be signed on its behalf by the undersigned hereunto duly authorized.
