QUESTIONS AND ANSWERS

Q: What am I voting on?

A: You are voting on SIX proposals:

1. Election of four directors for a term of three (3) years:
 - Robert L. Barnett
 - Willie D. Davis
 - Jeffrey A. Joerres
 - Richard F. Teerlink
 2. Approval of PricewaterhouseCoopers LLP as our independent auditors for fiscal year 2004.
 3. Ratification of the Long-Term Performance Plan.
 4. Ratification of the Executive Incentive Compensation Plan.
 5. Ratification of the 2003 Stock Plan for Outside Directors.
 6. Approval of the 2001 Restricted Stock Plan amendment.
-

Q: What are the voting recommendations of the Board?

A: The Board of Directors is soliciting this proxy and recommends the following votes:
FOR each of the directors;
FOR PricewaterhouseCoopers LLP as our independent auditors for fiscal year 2004;
FOR ratification of the Long-Term Performance Plan;
FOR ratification of the Executive Incentive Compensation Plan;
FOR ratification of the 2003 Stock Plan for Outside Directors;
FOR approval of the 2001 Restricted Stock Plan amendment;

Q: Will any other matters be voted on?

A: We are not aware of any other matters that you will be asked to vote on at the Annual Meeting. If other matters are properly brought before the Annual Meeting, the Board or proxy holders will use their discretion on these matters as they may arise. Furthermore, if a nominee cannot or will not serve as director, then the Board or proxy holders will vote for a person whom they believe will carry out our present policies.

Q: Why are we voting on so many benefit plans?

A: The Long-Term Performance Plan and Executive Incentive Compensation Plan need shareholder approval every five (5) years under Internal Revenue Code requirements. These compensation plans have been in place for a number of

Table of Contents

years. The 2003 Stock Plan for Outside Directors replaces the expired 1992 Stock Plan for Outside Directors and requires shareholder ratification; the 2001 Restricted Stock Plan requires additional shares. While these plans have been in place for several years, the Securities and Exchange Commission now requires shareholder approval of material changes to equity-based compensation plans.

Q: Who can vote?

A: You can vote at the Annual Meeting if you were a shareholder of record as of the close of business on November 20, 2003. If you hold the Company's common stock, CUSIP No. 478366107, then you are entitled to one vote per share. If you hold the Company's Preferred Stock (each share consists of 10,000 units) you are entitled to two votes per unit. There is no cumulative voting.

Q: How do I vote?

A: There are four ways to vote:
by Internet at <http://www.eproxy.com/jci/>. We encourage you to vote this way as it is the most cost effective method;
by toll-free telephone at 1-800-240-6326;
by completing and mailing your proxy card; or
by written ballot at the Annual Meeting.

Shares credited to your account in any 401(k) plan or trust will be voted as directed. If no direction is made, if the card is not signed, or if the card is not received by January 23, 2004, the shares credited to your account will be voted in the same proportion as directions received from other participants.

If you hold the Company's common stock, and no voting direction is made, the shares you hold will be voted FOR all nominees listed in items 1 and 2, and in the discretion of the proxies, upon such other matters which may properly come before the meeting or any adjournments thereof. Regarding items 3 through 6, shares you hold are counted toward the quorum requirement but they do not affect the determination of whether these non-routine matters are approved or rejected. Broker non-voted shares will not affect the determination of whether items 3 through 6 are approved or rejected.

Table of Contents

Q: Can I change my vote?

A: Yes. You can change your vote or revoke your proxy any time before the Annual Meeting by:

- entering a new vote by Internet or phone;
- returning a later-dated proxy card;
- notifying John P. Kennedy, Senior Vice President, Secretary and General Counsel, by written revocation letter addressed to the Milwaukee address listed on the front page; or
- completing a written ballot at the Annual Meeting.

Q: What vote is required to approve each proposal?

A: The four director nominees receiving the greatest number of votes will be elected. Provided a quorum is present, the approval of PricewaterhouseCoopers LLP as the independent auditors for fiscal year 2004 requires an affirmative majority vote. An affirmative vote of the majority of votes cast by the shareholders is required to approve and to ratify the proposed benefit plans.

Q: What is the effect of not voting?

A: It will depend on how your share ownership is registered. If you own shares as a Registered Holder and do not vote, your unvoted shares will not be represented at the meeting and will not count toward the quorum requirement. If a quorum is obtained, your unvoted shares will not affect whether a proposal is approved or rejected.

If you own shares in street name through a broker and do not vote, your broker may represent your shares at the meeting for purposes of obtaining a quorum. In the absence of your voting instructions, your broker may or may not vote your shares in its discretion depending on the proposals before the meeting.

Your broker may vote your shares in its discretion and your shares will count toward the quorum requirement on routine matters. Regarding other proposals, however, your broker may not be able to vote your shares if qualified as broker non-vote. Broker non-vote shares are counted toward the quorum requirement but they do not affect the determination of whether a non-routine matter is approved or rejected. The Company believes that proposals 1 and 2 are routine matters on which brokers will be permitted to vote on behalf of their clients if no voting instructions are furnished. The Company may also vote, in the discretion of the proxies, upon such other matters that may properly come before the meeting or any adjournments thereof. Since the Company believes that proposals 3 through 6 are

Table of Contents

non-routine matters, broker non-voted shares will not affect the determination of whether they are approved or rejected.

Q: Is my vote confidential?

A: Yes. Only the election inspectors and certain individuals, independent of Johnson Controls, Inc., who help with the processing and counting of the vote have access to your vote. Directors and employees of the Company may see your vote only if the Company needs to defend itself against a claim or if there is a proxy solicitation by someone other than the Company.

Q: How will the stock split announced on November 19, 2003, effect my vote?

A: It will have no effect. All votes, vote count, share totals, and compensation figures are shown without regard to the stock split announced on November 19, 2003. The effect of this stock split, however, is included in the benefit plan descriptions.

Q: Who will count the vote?

A: Wells Fargo Bank Minnesota, N.A. will count the vote. Its representatives will serve as the inspectors of the election.

Q: What shares are covered by my proxy card?

A: The shares covered by your proxy card represent the shares of Johnson Controls stock you own that are registered with the Company and its transfer agent, Wells Fargo Bank Minnesota, N.A. Additionally, employees of the Company who have shares credited to Johnson Controls employee savings and investment plans [401(k)] are also covered by your proxy card. The trustees of these plans will vote these shares as directed.

Q: What does it mean if I get more than one proxy card?

A: It means your shares are held in more than one account. You should vote the shares on all your proxy cards. To provide better shareholder services, we encourage you to have all your non-broker account shares registered in the

Table of Contents

same name and address. You may do this by contacting our transfer agent, Wells Fargo Bank Minnesota, N.A., toll-free at 1-877-602-7397.

Q: Who can attend the Annual Meeting?

A: All shareholders of record as of the close of business on November 20, 2003, can attend. Seating, however, is limited. Attendance at the Annual Meeting will be on first arrival basis at the Meeting.

Q: What do I need to attend the Annual Meeting?

A: To attend the Annual Meeting, please follow these instructions:

To enter the Annual Meeting, bring your proof of ownership and identification.

If a broker or other nominee holds your shares, bring proof of your ownership with you to the Annual Meeting.

Q: Will there be a management presentation at the Annual Meeting?

A: Given the availability of management presentations to investors on the internet throughout the year, no management presentation is planned.

Q: Can I bring a guest?

A: Seating availability at the Annual Meeting is limited.

Q: What is the quorum requirement of the Annual Meeting?

A: A majority of the outstanding shares on November 20, 2003, constitutes a quorum for voting at the Annual Meeting. If you vote, your shares will be part of the quorum. Abstentions and broker non-votes will be counted in determining the quorum, but neither will be counted as votes cast. On the record date, 90,376,588 shares of our common stock were outstanding and 187,9770 shares of our Preferred Stock were outstanding.

Table of Contents

Q: How much did this proxy solicitation cost?

A: The Company will primarily solicit proxies by mail and will cover the expense of such solicitation. Georgeson Shareholder Communications Inc. will help us solicit proxies for all brokers and nominees at a cost of \$10,000 plus expenses. Our officers and employees may also solicit proxies for no additional compensation. We may reimburse brokers or other nominees for reasonable expenses they incur in sending these proxy materials to you if you are a beneficial holder of our shares.

Q: How do I recommend someone to be considered as a director for the 2005 Annual Meeting?

A: You may recommend for nomination as a director any person by writing to John P. Kennedy, Senior Vice President, Secretary and General Counsel of the Company. Your letter must include your intention to recommend a person for nomination as a director and include the candidate's name, biographical data, and qualifications. In order to recommend a person for nomination as a director for the 2005 Annual Meeting, the Company's By-Laws require that shareholders send written notice no sooner than September 24, 2004, and no later than October 24, 2004. All submissions from shareholders are reviewed by the Corporate Governance Committee.

Q: When are shareholder proposals due for the 2005 Annual Meeting?

A: Shareholder proposals must be presented pursuant to Securities and Exchange Commission Rule 14a-8, by August 10, 2004, to be included in the Company's proxy materials for the 2005 Annual Meeting.

Q: What are the requirements for presenting information other than a shareholder's proposal at the 2005 Annual Meeting?

A: A shareholder who intends to present business at the 2005 Annual Meeting other than pursuant to Rule 14a-8 must comply with the requirements set forth in the Company's By-Laws. Among other things, a shareholder must give written notice of the intent to bring business before the Annual Meeting to the Company, pursuant to the By-Laws, not less than 45 days and not more than 75 days prior to the month and day in the current year corresponding to the date on which the Company first mailed its proxy materials for the prior year's annual meeting of shareholders. Therefore, since the Company anticipates mailing its proxy statement on December 8, 2003, the Company must receive notice of a shareholder proposal submitted other than pursuant to Rule 14a-8 no sooner than September 24, 2004, and no later than October 24, 2004.

Table of Contents

If the notice is received after October 24, 2004, then the notice will be considered untimely and the Company is not required to present such proposal at the 2005 Annual Meeting. If the Board of Directors chooses to present a proposal submitted after October 24, 2004, at the 2005 Annual Meeting, then the persons named in proxies solicited by the Board of Directors for the 2005 Annual Meeting may exercise discretionary voting power with respect to such proposal.

ELECTION OF DIRECTORS

Board Structure: The Board of Directors consists of 12 members. The directors are divided into three classes. At each Annual Meeting, the term of one class expires. Directors in each class serve for three-year terms, or until the director's earlier retirement pursuant to the Board of Directors Retirement Policy.

Shareholder Communication with the Board: We encourage shareholder communication to directors. Communications regarding financial or accounting policies may be made to the Chairman of the Audit Committee, Paul A. Brunner, at *Paul.Brunner@jci.com* or to the attention of Mr. Brunner at 5757 North Green Bay Avenue, P.O. Box 591, Milwaukee, Wisconsin, 53201-0591. The Company does not screen emails to these individuals. The company does, however, screen regular mail for security purposes.

Last year was the first time in several years that the directors did not attend the annual meeting. This year, the Company has reinstated its long-standing policy of director attendance at the annual meeting.

Nominating Committee Disclosure: The Corporate Governance Committee serves the nominating committee role. The material terms of this role are described in its charter located under the board committee section of this proxy. The entire charter, corporate governance guidelines and the committee's procedures are published on the Company's website. The corporate governance guidelines require that all members of the committee be independent. The committee has a procedure under which all director candidates are evaluated. The Corporate Governance Committee uses the following criteria in evaluating any candidate's capabilities to serve as a member of the Board: attendance, independence, time commitments, conflicts of interest, ability to contribute to the oversight and governance of the Company and experience with a business of similar size, scope and multinational involvement as the Company. Further, the Corporate Governance Committee reviews the qualifications of any candidate with those of current directors to determine coverage and gaps in experience in related industries, such as automotive and electronics, and in functional areas, such as financial, manufacturing, technology, labor, employment and investing areas. Three

Table of Contents

individuals were proposed by third parties during the year. The Corporate Governance Committee evaluated their credentials against these criteria and determined they were not a fit to the Board's needs. The committee solicits candidates from its current directors and, if deemed appropriate, retains, for a fee, recruiting professionals to identify and evaluate candidates. The following nominees are standing for reelection.

COMPENSATION PLANS SUBJECT TO SHAREHOLDER APPROVAL

Background:

As discussed in the Compensation Committee Report, the Long-Term Performance Plan (LTPP) and the Executive Incentive Compensation Plan (EICP) are important means by which the Company ties the major part of executive officers' compensation to the performance of the Company. Since the last approval of the LTPP and EICP by the Company's shareholders in 1999, the LTPP and EICP have provided strong motivation to executives to achieve performance objectives that the Compensation Committee has set and have placed strong emphasis on the building of value for all shareholders.

Shareholder approval of the LTPP and EICP is required for these plans to comply with IRS rules regarding deductibility of compensation. Once approved, these plans must be re-approved by the shareholders every five years. Separate proposals with respect to the ratification of the LTPP and the EICP are set forth below.

Certain awards have been made under the proposed LTPP for Fiscal 2004 contingent on shareholder approval at the 2004 Annual Meeting. Shareholder approval is required to qualify the payments for deductibility under IRS rules. Since the awards depend on base pay on September 30, 2006, the amounts to be paid under the LTPP are not determinable.

Certain formula awards have been made under the proposed EICP for Fiscal 2004 contingent on shareholder approval at the 2004 Annual Meeting. Shareholder approval is required to qualify the payments for deductibility under IRS rules. The amounts to be paid under the EICP are not determinable because the awards will depend on base pay on September 30, 2004. Furthermore, the formula awards can be reduced dependent on an individual's performance and attainment of objectives over the past year.

In addition to the LTPP and EICP plans, the Board of Directors has approved, subject to shareholder ratification at the 2004 Annual Meeting, the new 2003 Stock Plan for Outside Directors. The Board of Directors has also amended and approved, subject to shareholder ratification at the 2004 Annual Meeting, the 2001 Restricted Stock Plan. The full text of the 2003 Stock Plan for Outside Directors and the 2001 Restricted Stock Plan is set forth in Exhibits D and E, respectively.

RATIFICATION OF THE LONG-TERM PERFORMANCE PLAN

Material Amendments: The Board has adopted the following material amendments to the LTPP:

The term of the LTPP has been extended until September 30, 2008. The LTPP was scheduled to expire on September 30, 2003.

The maximum amount that can be paid under the LTPP in one year to any executive with respect to any three-year performance period has been increased from \$3 million to \$4 million.

The full text of the LTPP is included as Exhibit B to this proxy statement.

Key Terms of LTPP: The purpose of the Long-Term Performance Plan is to motivate top executives to achieve long-term increased value to the shareholders of the Company.

Only officers and other key executives of the Company who have a significant influence upon the long-term performance of the Company will be eligible to participate in the LTPP. Participation in one award, however, will not automatically guarantee participation in subsequent years. It is specifically intended that no employee shall have a right to a Performance Award even if an award has been previously granted. Participation for each award under the LTPP will be approved by the Compensation Committee of the Board of Directors after consultation with the Chief Executive Officer of the Company.

For each three-year performance period, within the first 90 days of the period, the Compensation Committee determines the formula for each award under the LTPP and communicates this formula to the executive. The formula is based on specified benchmarks for the Company's pre-tax return on shareholders' equity over a three-year period. The benchmarks are determined by the Compensation Committee each year and are adjusted based on the previous year's performance. At the end of the three-year performance period, the Compensation Committee applies the formula to objective performance results to determine an executive's award. No amount in excess of \$4 million may be paid to any one executive for any performance period.

An executive may elect to have all or part of the award deferred and credited to any of the accounts available

Table of Contents

under the Company's qualified Savings and Investment Plan [401(k)].

Upon termination of an executive's employment, the amount in an executive's deferred account will be paid at the executive's option either in lump sum or in up to ten (10) equal annual installments. Lump-sum payments may also be made upon a change in control of the Company, as defined in the LTPP.

Certain awards have been made under the proposed LTPP for fiscal 2004 contingent on shareholder approval at the 2004 Annual Meeting. Since the awards depend on base pay on September 30, 2006, any future amounts to be paid under the LTPP are not determinable.

The LTPP terminates on September 30, 2008. The Compensation Committee may amend the LTPP, subject to IRS regulations that require shareholder approval of material amendments.

THE BOARD RECOMMENDS THAT YOU VOTE FOR THE RATIFICATION OF THE LONG-TERM PERFORMANCE PLAN.

RATIFICATION OF THE EXECUTIVE INCENTIVE COMPENSATION PLAN

Material Amendment: The Board has adopted the following material amendment to the EICP:

The maximum amount that can be paid under the EICP to any executive with respect to any year has been increased from \$2.5 million to \$4.5 million.

The full text of the EICP is included as Exhibit C to this proxy statement.

Key Terms of the EICP: The purpose of the Johnson Controls, Inc., Executive Incentive Compensation Plan (Deferred Option Qualified) is to provide incentive to the key executives of the Company and its subsidiaries who have the prime responsibility for the operations of the Company and its subsidiaries by making them participants in the Company's and its subsidiaries success.

All executive officers participate in the EICP, subject to approval of the Compensation Committee of the Board of Directors.

For each plan year, within the first 90 days of the year, the Compensation Committee determines the formula for each award under the EICP and communicates this formula to the executive. The formula is based on specified benchmarks for the Company's pre-tax return on shareholders' equity and/or division return on assets and growth in operating profits. The benchmarks are determined by the Compensation Committee each year and are adjusted based on the previous year's performance. At the end of the plan year, the Compensation Committee applies the formula to objective performance results to determine an executive's award. No amount in excess of \$4.5 million may be paid to any one executive for any plan year.

An executive who does not elect to defer payment will receive payment between the 60th and 75th day after the end of the plan year. An executive may elect to have all or part of the award deferred and credited to any of the accounts available under the Company's qualified Savings and Investment Plan [401(k)].

Upon termination of an executive's employment, the amount in an executive's deferred account will be paid at the executive's option either in lump sum or in up to ten (10) equal annual installments. Lump-sum payments may also be made upon a change in control of the Company, as defined in the EICP.

Table of Contents

Certain formula awards have been made under the proposed EICP for fiscal 2004 contingent on shareholder approval at the 2004 Annual Meeting. The awards will depend on base pay on September 30, 2004. The Committee may adjust a participant's formula award based upon the individual's performance and attainment of objectives during the Plan year. Awards may be designated by the Committee at the time of grant as being subject to Internal Revenue Code of 1986, Section 162(m). Because the formula awards can be increased or reduced dependent on an individual's performance and attainment of objectives over the past year, any amounts to be paid under the EICP are not determinable.

The Compensation Committee may amend the EICP, subject to IRS regulations that require shareholder approval of material amendments.

RATIFICATION OF THE 2003 STOCK PLAN FOR OUTSIDE DIRECTORS

The Board of Directors has adopted, subject to shareholder approval and ratification, a new 2003 Stock Plan for Outside Directors.

Purpose: The purpose of this Plan is to advance the Company's growth and success and to advance its interests by attracting and retaining well-qualified outside directors upon whose judgment the Company is largely dependent for the successful conduct of its operations and by providing such individuals with incentives to put forth maximum efforts for the long-term success of the Company's business.

The full text of the 2003 Stock Plan for Outside Directors is included as Exhibit D to this proxy statement.

Effective Date: The effective date of the Plan is the date of its approval by the shareholders of the Company.

Stock Subject to the Plan: 40,000 shares (80,000 shares after the stock split) of common stock are available for awards under this Plan. Shares of common stock to be delivered under the Plan are made available from presently authorized but unissued shares of common stock or authorized and issued shares of common stock reacquired and held as treasury shares, or a combination thereof.

Administration: The Plan is administered and interpreted by the Corporate Governance Committee of the Board of Directors.

Table of Contents

Grants of Common Stock:	<p>On and after January 28, 2004, any newly elected or appointed individual to the Board of Directors as an outside director, who was not serving on the Board of Directors prior to that date, is granted 400 shares (800 shares after the stock split) of common stock upon such Director's election or appointment.</p> <p>On January 28, 2004, and on the date of each subsequent annual meeting of shareholders of the Company (the Grant Date), an outside director, if elected, re-elected or retained as an outside director at such meeting, will be granted such number of shares of common stock, rounded down to the nearest whole share, whose value on the Grant Date will equal and serve as fifty (50) percent of the annual retainer fee voted by the Board of Directors, exclusive of any meeting or committee fees. The value of a share of common stock on the Grant Date is determined as the closing sales price on that date, or on the next preceding trading day if such date was not a trading day, as reported on the New York Stock Exchange. The remaining percent of the annual retainer fee is paid in cash less any required withholdings for taxes and related charges. Directors elected during the year are granted a proportionate share of the annual retainer fee at the time of their election, with fifty (50) percent each in common stock and cash as set forth above.</p>
Termination of Services as Outside Director:	<p>If an outside director ceases to serve on the Board of Directors, or in the event of a change in control, all future rights to receive common stock under the Plan shall terminate immediately; however, the outside director is entitled to immediately receive the amount in his/her deferred account. The outside director has the option of receiving funds in either a lump sum or in up to ten (10) equal annual installments.</p>
Termination and Amendment of Plan:	<p>The Board of Directors may amend or terminate the Plan as it deems necessary or advisable to assure conformity of the Plan with any requirements of state and federal laws or regulations. The Board of Directors may not, however, without further approval by the shareholders of the Company, make any modifications which require shareholder approval under the federal securities laws or the rules of the New York Stock Exchange.</p>

APPROVAL OF THE 2001 RESTRICTED STOCK PLAN AMENDMENT

Material Amendments: The Board has adopted the following material amendment to the 2001 Restricted Stock Plan:

The maximum number of treasury shares authorized for use in the 2001 Restricted Stock Plan has been increased from 250,000 shares to 750,000 shares (1.5 million shares after the stock split).

The full text of the 2001 Restricted Stock Plan is included as Exhibit E to this proxy statement.

Key Terms of the 2001 Restricted Stock Plan: The Restricted Stock Plan has two complementary purposes: (1) to promote the success of the Company by providing incentives to the Company's and subsidiaries' officers and other key employees who will link their personal interests to the long-term financial success of the Company and to growth in value; and (2) to permit the Company and its subsidiaries to attract, motivate and retain experienced and knowledgeable employees upon whose judgment, interest, and special efforts the successful conduct of the Company's operations is largely dependent.

The aggregate number of shares that can be issued under the Plan cannot exceed 750,000 shares (1.5 million shares after the stock split). Shares delivered under the Plan will consist solely of authorized and issued shares of common stock reacquired and held as treasury shares.

The Plan is administered by the Compensation Committee of the Board of Directors. The Compensation Committee of the Board of Directors has the authority to select the employees to receive an award.

Table of Contents

Restricted shares cannot be sold, transferred, pledged or assigned, and can be subject to a substantial risk of forfeiture, until the termination of the applicable period of restriction as determined by the participant's award or provided under the Plan agreement. During the period of restriction, the Company has the right to hold the restricted shares in escrow. Restricted shares become vested in, and freely transferable by, the participant after the last day of the period of restriction.

Each participant is entitled to receive a credit for any dividends or other distributions delivered on shares, whether in the form of cash or in property. These amounts are subject to the Period of Restriction. If a participant's employment is terminated, his or her interest in unvested Restricted Shares and related dividends or other distributions are forfeited, except in the event of death. In the event of a change in control, a participant retains his or her interest in unvested Restricted Shares and related dividends or other distributions.

At any time, the Board of Directors may terminate, amend or modify the Plan. The Board of Directors may not, however, without further approval by the shareholders of the Company make any modifications which require shareholder approval under the federal securities laws or the rules of the New York Stock Exchange or any other regulatory body. The Board of Director's determination and decisions made pursuant to the provisions of the Plan and all related orders or resolutions of the Board are final, conclusive, and binding and such decisions are not be reviewable.

The Plan became effective on October 1, 2001. The Plan will remain in effect, subject to the right of the Board to terminate the Plan until all shares reserved for issuance under the Plan have been issued.

BOARD COMPENSATION

Retainer and Fees:

Non-employee directors receive a \$70,000 annual retainer. To encourage such directors to own our shares, they receive 50% of their retainer in our common stock each year. The stock is priced as of the date of the Annual Meeting. New directors also receive a grant of 400 shares (800 shares after the stock split) of common stock upon election or appointment and a pro rata share of the annual retainer for the remainder of that year. This stock is priced as of the date of the first meeting of the Board at which the new director participates. The common stock portion of the annual retainer and the initial grant have previously been provided pursuant to the 1992 Stock Plan for Outside Directors. The future common stock provisions will be provided pursuant to the 2003 Stock Plan for Outside Directors, subject to the approval of the shareholders at the 2004 Annual Shareholders Meeting.

Directors also receive \$1,500 for each Board or committee meeting they attend, or \$2,000 for each meeting they attend of which they are the Chairperson. Audit and Compensation Committee Chairs receive \$3,000 for each meeting they chair. Participating members of the Audit Committee also receive a meeting fee for each quarterly financial review meeting they attend. Non-employee directors are also reimbursed for any related expenses.

Non-employee directors are permitted to defer all or any part of their retainer and fees under the Deferred Compensation Plan for Certain Directors. The amount deferred may be invested in any of the accounts available under the Company's qualified Savings and Investment Plan [401(k)], as the director elects. The deferred amount plus earnings, or gain and dividends, as applicable, are paid to the board member after the director retires or otherwise ceases service on the board.

Other Compensation:

Non-employee directors are eligible to participate in a Director Share Unit Plan. The Company credits \$35,000 worth of stock units annually into each non-employee director's account at the then current market price. Such units are accumulated and credited with dividends until

retirement at which time the units will be paid out based upon the market price of the common stock at that time.

COMPENSATION COMMITTEE REPORT

The Committee: The Compensation Committee is composed only of independent directors as defined by the requirements of the New York Stock Exchange and the Company's Corporate Governance Guidelines. The committee exercises the Board's powers in compensating the Company's executives and the executive officers of our Company and its subsidiaries. We make every effort to see that our compensation program is consistent with the values of our Company and furthers its business strategy.

Overall Objectives: The Company aligns compensation with its values and business objectives. The objectives target customer satisfaction, technology, growth, market leadership and shareholder value. The Compensation Committee has established a program to:

Attract and retain key executives critical to the long-term success of the Company;

Reward executives for long-term strategic management and the enhancement of shareholder value;

Integrate compensation programs, which can focus on pre-tax return on shareholders' equity, return on investment and growth;

Support a performance-oriented environment that rewards performance not only with respect to Company goals but also Company performance as compared to that of industry performance levels; and

Preserve the federal income tax deductibility of compensation paid. Accordingly, the Company has taken appropriate actions to preserve the deductibility of annual incentives, long-term performance plan payments, and stock option awards. However, the Committee may authorize payments that may not be deductible if it believes that this is in the best interests of the Company and its shareholders.

Executive Compensation Generally: The Compensation Committee reviews executive pay each year. Compensation depends on many factors, including individual performance and responsibilities, future challenges and objectives, and how he or she might contribute to the company's future success. We also look at the

Table of Contents

Company's financial performance and the compensation levels at comparable companies.

To meet the objectives, we studied competitive compensation data based on surveys provided to the Committee by an independent compensation consultant. The survey for officers and senior managers involved 19 companies. We made adjustments to account for differences in annual sales of our Company and those companies in the survey.

Total Compensation: Annual executive compensation consists of a base salary and incentive compensation.

Approximately 82% of the total compensation paid to the executive officer group is tied to company performance. This is comparable to the average of the companies in the executive compensation survey. Doing so helps encourage performance that increases the value of your shares.

The Committee sets target minimum and maximum performance levels. Goals are established above the prior year's goals and prior year's actual performance. Doing so motivates the officers to encourage future growth and keeps the goals challenging.

Base Salary: The Committee determines the levels of salary for key executive officers and a salary range for other executives. Factors considered are:

Salary survey comparison results;

Prior year salary;

Changes in individual job responsibilities;

Past performance of individuals; and, most importantly,

Achievement or trends toward achievement of specified Company's goals.

Annual Incentives: The Committee sets an annual incentive award formula under the Executive Incentive Compensation Plan (EICP). The award is based on specific benchmarks that are consistent with our annual and long-term strategic planning objectives. These benchmarks are also based on achievement of business plans that the Board has approved that include goals of improved performance over the previous year and take into account industry growth and cycles.

At the end of the fiscal year, the Committee applies the formula to objective performance results to determine each executive's award for the year.

Table of Contents

- Long-Term Incentives:** All executive officers participate in the Long-Term Performance Plan (LTPP), which serves to motivate executives to achieve longer-term objectives by providing incentive compensation based on our performance over a three-year period. Under the LTPP, the Committee assigns an executive a contingent performance award. The executive may earn this award based upon the Company's return on shareholder equity during the specified three-year period relative to the Standard & Poor's 500 Index (less transportation, financials and utilities sectors) median return on shareholders equity over the same period. At the end of the period, the Committee determines the Company's relative performance results to determine the actual LTPP award amount.
- Restricted Stock Plan:** The Committee grants restricted stock under the 2001 Restricted Stock Plan. The Committee determines the participants, the size of the award, and its terms and conditions. The Board has authorized 750,000 shares (1.5 million shares after the stock split) of treasury stock, pending shareholder approval, for use in this Plan.
- Executive Deferred Compensation Plan:** Executive officers are permitted to defer all or any part of their compensation received under the Executive Incentive Compensation Plan, the Long-Term Performance Plan, the 1992 Stock Option Plan, the 2000 Stock Option Plan, and the 2001 Restricted Stock Plan under and pursuant to the terms of the Executive Deferred Compensation Plan. The Executive Deferred Compensation Plan amends, consolidates, and implements the various deferral options contained in the above-mentioned benefit plans. Each individual for whom a deferral account is maintained under the above-mentioned benefit plans is automatically enrolled in the Executive Deferred Compensation Plan.
- Stock Option Program:** The Committee grants stock options under the 2000 Stock Option Plan. The Committee determines which individuals are awarded stock options, the terms at which option grants shall be made, the terms of the options, and the number of shares subject to each option.
- Savings and Investment Plan [401(k)]:** Executive officers may participate in the Company's Savings and Investment Plan [401(k)], which includes Company contributions to the plan, and an Equalization Benefit Plan under which certain executives are entitled to additional benefits that cannot be paid under qualified plans due to Internal Revenue Code limitations. Employee and Company contributions in excess of qualified plan limits are accounted for as if invested in various accounts.

Table of Contents

Stock Ownership Guidelines:

The Executive Stock Ownership Policy requires all officers and senior executives in each business group, within five years of becoming subject to the policy, to hold the Company's common stock in an amount of one to three times their annual salary.

The 1995 Common Stock Purchase Plan for Executives (CSPPE) facilitates the acquisition of common stock by executives subject to the Executive Stock Ownership Policy. Participants in the CSPPE may deduct from their pay up to \$2,500 per month to purchase shares of common stock. The price of each share is 100% of the average price of shares purchased by Wells Fargo Bank Minnesota, N.A. as agent for the participants. No brokerage fees or commissions are charged and the Company bears the expense of administering the CSPPE.

CEO Compensation:

Mr. Barth's total compensation is based on the Company's outstanding performance, his individual performance, executive compensation levels at other companies, the desire to retain his services, and the terms of his employment agreement. His salary and incentives reflect the leadership, vision and focus he has provided to the Company.

Mr. Barth's base salary increased to \$1,150,000 in 2003 from \$840,000 in 2002. This increase was a result of Mr. Barth's promotion from President and Chief Operating Officer to President and Chief Executive Officer and his outstanding performance during the year. His salary approximated the average base salary for other chief executive officers for the 19 companies reviewed.

Approximately 88% of Mr. Barth's compensation was tied to company performance. Mr. Barth's fiscal 2003 EICP award of \$1,791,000 was based upon the return on shareholder's equity and operating income growth for the Company for fiscal 2003 and represented 72% of the maximum amount available under the criteria set forth by the Committee. In fiscal 2003, Mr. Barth received payment under the LTTP of \$2,243,000, which is based upon the Company's return on shareholder equity over the past three fiscal years and represents 83% of the maximum amount available under the criteria established by the Committee. Mr. Barth also received an option award of 175,000 shares on November 20, 2002. Subject to shareholder approval of the 2001 Restricted Stock Plan amend-

Table of Contents**AUDIT COMMITTEE REPORT**

The Board of Directors appoints an Audit Committee each year to review the Company's financial matters. In 2003, the Board adopted amendments to the written charter governing the Audit Committee. This charter is attached to this proxy statement as Appendix A. Each member of the Company's Audit Committee meets the independence requirements set by the New York Stock Exchange as detailed in the Corporate Governance Guidelines. The Board of Directors has determined that Messrs. Lacy, Brunner, Cornog, Joerres, Morcott, and Teerlink are financial experts as defined by the Securities and Exchange Commission. The Audit Committee members reviewed and discussed with management the audited financial statements for the fiscal year ending September 30, 2003. The Audit Committee also discussed all the matters required to be discussed by Statement of Auditing Standard No. 61 with the Company's independent auditors, PricewaterhouseCoopers LLP. The Audit Committee received a written disclosure and letter from PricewaterhouseCoopers LLP as required by Independence Standards Board Standard No. 1. Based on their review and discussions, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report to shareholders and Form 10-K to be filed with the Securities and Exchange Commission.

RELATIONSHIP WITH INDEPENDENT AUDITORS

The Audit Committee selects, subject to shareholder approval, our independent auditors for each fiscal year. During the fiscal year ended September 30, 2003, PricewaterhouseCoopers LLP was employed principally to perform the annual audit and to render other services. Fees paid to PricewaterhouseCoopers LLP for each of the last two fiscal years are listed in the following table. Certain amounts for fiscal year 2002 have been reclassified to conform to 2003 presentation.

Audit services fees include fees for services performed to comply with Generally Accepted Auditing Standards (GAAS), including the recurring audit of the Company's consolidated financial statements. This category also includes fees for audits provided in connection with statutory filings or services that generally only the principal auditor reasonably can provide to a client, such as procedures related to audit of income tax provisions and related reserves, consents and assistance with and review of documents filed with the Securities and Exchange Commission (SEC).

Audit-related fees include fees associated with assurance and related services that are reasonably related to the performance of the audit or review of the Company's financial statements. This category includes fees related to assistance in financial due diligence related to mergers and acquisitions, consultations regarding

Generally Accepted Accounting Principles, reviews and evaluations of the impact of new regulatory pronouncements, general assistance with implementation of the new SEC and Sarbanes-Oxley Act of 2002 requirements and audit services not required by statute or regulation. Audit-related fees also include audits of pension and other employee benefit plans, as well as the review of information systems and general internal controls unrelated to the audit of the financial statements.

Tax fees primarily include fees associated with tax audits, tax compliance, tax consulting, as well as domestic and international tax planning. This category also includes tax planning on mergers and acquisitions, restructurings, as well as other services related to tax disclosure and filing requirements.

All other fees primarily include fees associated with treasury advisory services and reviews associated with U.S. customs compliance.

The Audit Committee has concluded the provision of the non-audit services listed above as *All Other Fees* is compatible with maintaining the auditors' independence.

The Audit Committee has adopted procedures for pre-approving all audit and non-audit services provided by the independent auditor. These procedures include reviewing a budget for audit and permitted non-audit services. The budget includes a description of, and a budgeted amount for, particular categories of non-audit services that are recurring in nature and therefore anticipated at the time the budget is submitted. Audit Committee approval is required to exceed the budget amount for a particular category of non-audit services and to engage the independent auditor for any non-audit services not included in the budget. For both types of pre-approval, the Audit Committee considers whether such services are consistent with the SEC's rules on auditor independence. The Audit Committee also considers whether the independent auditor is best positioned to provide the most effective and efficient service, for reasons such as its familiarity with the Company's business, people, culture, accounting systems, risk profile, and whether the services enhance the Company's ability to manage or control risks and improve audit quality. The Audit Committee may delegate pre-approval authority to one or more members of the Audit Committee. The Audit Committee periodically monitors the services rendered and actual fees paid to the independent auditors to ensure that such services are within the parameters approved by the Audit Committee.

- (1) All stock compensation figures above are shown without regard to the stock split announced on November 19, 2003.
- (2) The aggregate amount of Other Annual Compensation which includes perquisites and personal benefits was less than the required reporting threshold (the lesser of \$50,000 or 10% of the officer's annual salary and bonus for the year), with the exception of Mr. Keyes.
- (3) The Company did not grant SARs to any of the five most highly compensated executive officers for the past three years.

There were no restricted stock or restricted share unit awards during fiscal years 2001 or 2003. The dollar values shown for these shares are based on the closing price of \$80.70 per share on the grant date. The shares awarded to individuals are subject to restriction periods that expire on fifty (50) percent of the shares awarded on January 2, 2004, and fifty (50) percent of the remainder of the shares awarded on January 2, 2006, and the shares are subject to forfeiture until vested. However, earlier vesting may

occur due to termination of employment by death or disability, a change in control of the Company, or action by the Compensation Committee. Dividends are paid on shares of restricted stock at the same rate as on unrestricted shares and will be subject to the same terms and conditions (including risk of forfeiture) as the restricted shares to which they relate. As of September 30, 2003, the named executive officers held the following number of shares of restricted stock and/or restricted units, with the values noted (based on a closing price of \$94.60 on September 30, 2003): Mr. Barth 25,000 shares (\$2,365,000), Mr. Keyes 40,000 shares (\$3,784,000), Mr. Roell 15,000 shares (\$1,419,000), Mr. Fiori 14,000 shares (\$1,324,400), and Mr. Wandell 9,000 shares (\$851,400).

- (6) All Other Compensation consists of contributions by the Company on behalf of the named individuals to the Company's Savings and Investment Plan [401(k)].

Stock Options and Stock Appreciation Rights (SARs) Grants:

The Company has an employee Stock Option Plan under which options to purchase common stock and SARs are granted to officers and other key employees of the Company and its subsidiaries. The per share option/ SAR prices are the fair market value of the Company's common stock on the date of the grant and the term of the option is ten (10) years. Fifty (50) percent of each award is exercisable two years after the grant date and the remainder is exercisable three years after the grant date.

to foster the future success of our Company can influence those future share values.

2002 Options, SAR Holdings and Exercises: The following table lists the number of shares acquired and the value realized as a result of option exercises during fiscal 2003 for the listed officers. Long-Term Incentive Compensation:

As noted above in the Compensation Committee's report, the Long-Term Performance Plan (LTPP) rewards executives for helping us achieve sustained performance goals and encourages their continued efforts on our behalf. Payouts of awards granted for fiscal 2003 are tied to our Company's weighted average return on shareholders' equity for fiscal years 2003, 2004 and 2005 compared with the median return on shareholders' equity of the Standard & Poor's 500 Index (less transportation, financials and utilities sectors) during the same three-year period. To establish a weighted average, performance in the third year of the award is multiplied by 3/6, performance in the second year is multiplied by 2/6, and performance in the first year is multiplied by 1/6. If the Company's average level of return is:

Less than the 45th percentile of the return for companies in the Index, no award is earned;

Equal or greater than the 45th percentile, the threshold amount is earned;

Equal to or greater than the 50th percentile, the target amount is earned;

Equal to or greater than the 55th percentile, 110% of the target amount is earned;

Table of Contents

Equal to or greater than the 60th percentile, 120% of the target amount is earned;

Equal to or greater than the 65th percentile, 150% of the target amount is earned; and

At or above the 75th percentile, the maximum amount, 180% of the target amount, is earned.

- (1) The values in this table were calculated based on each executive's salary that will be effective January 1, 2004. Mr. Keyes' award, however, is based on his base compensation effective April 1, 2002. Actual values at the time of payout will be calculated using each executive's base salary on the last day of the performance period, and therefore, the values in the table could increase or decrease. The maximum values in the table may not be increased higher than the maximum of \$4 million under the LTPP (subject to shareholder approval).

Retirement Plans:

The following table shows the maximum annual retirement benefits payable under the Company's plans, including amounts attributable to the Company's Equalization Benefit Plan. Under the Johnson Controls Pension Plan (the Plan), participants become entitled to benefits after five years of service with the Company or any of its subsidiaries, and the normal retirement date is a participant's 65th birthday.

The Internal Revenue Code places maximum limitations on the amount of benefits that may be paid under the Plan. The Company has adopted an Equalization Benefit Plan under which certain executives are entitled to pension benefits that cannot be paid under the qualified Plan due to these limitations.

* Assuming normal retirement age and years of service under provisions in effect on September 30, 2003, and assuming retirement on that date.

Years of Service: As of September 30, 2003, the executive officers named in the Summary of Compensation Table were credited with the following years of service under the Plan: Mr. Keyes, 34 years, Mr. Barth, 33 years, Mr. Roell, 20 years, and Mr. Wandell 15 years. Mr. Fiori is not a participant in the Plan, however, he is party to a letter agreement with the Company under which he would receive certain retirement-related payments, based on the normal retirement date of his 65th birthday.

Benefits Accrual: Pension plans of the Company apply to certain salaried and non-union hourly employees of the Company, including officers of the Company. Under the Plan, benefits are accrued according to the following formula: 1.15% of participant's average monthly compensation multiplied by the participant's years of benefit service plus 0.55% of average monthly compensation in excess of the participant's covered compensation multiplied by the participant's years of benefit service. The amounts payable may be adjusted to reflect the participant's decision on survivor benefits, early retirement or termination, and in some instances age.

EMPLOYMENT AGREEMENTS

Employment Agreements Generally:	We have employment agreements with each of the named executive officers of the Company. These agreements provide that employment shall continue unless terminated by either the Company or the employee.
Termination:	The agreements provide for termination by the Company for cause, for death or disability and under certain circumstances without cause. If terminated without cause, the employee is entitled to receive pay in an amount equal to or greater than two times the Company's termination allowance policy or an amount equal to 52 weeks' earnings of the employee. If terminated for cause, the employee's compensation is terminated immediately.
Change of Control:	<p>We also have change of control agreements with each of these officers. In the event of a change of control, the agreements provide for a severance payment equal to three times the executive's annual compensation plus a lump sum payment equal to lost benefits under the retirement plan if the executive is terminated other than for cause or with good reason to terminate employment. If the amount paid upon termination exceeds amounts established under the Internal Revenue Code, which results in payment of additional federal taxes, the executive will receive an additional payment so that the executive will retain the full amount to which he is entitled under the agreement. The executive also has 30 days at the end of the first year after a change of control to terminate his employment for any reason and still receive this benefit.</p> <p>The EICP, LTTP, 2000 Stock Option Plan, 2001 Restricted Stock Plan, as amended, and Deferred Compensation Plan for Certain Directors provide that, in the event of a change of control of our Company, participants, including the named executives, shall be entitled to receive early payment of deferred amounts and immediate payout of current amounts attributable to participants.</p>
Executive Survivor Benefits Program:	The Company has in effect an Executive Survivor Benefits Plan for certain executives. Coverage under this plan is in lieu of the Company's regular group life insurance coverage. If a participating executive dies while he or she is employed by the Company, his or her beneficiary is entitled to payments of between 90% and 100% (depending on the executive's age) of the executive's final base annual salary for a period of 10 years.

VOTING PROCEDURES

Election of Directors: To be elected, directors must receive a plurality of the shares present and voting in person or by proxy, provided a quorum exists. A quorum is present if at least a majority of the outstanding shares on the record date are present in person or by proxy. Plurality means that the number of directors who receive the largest number of votes cast are elected as directors, up to the maximum number of directors to be chosen at the meeting. Consequently, any shares not voted (whether by abstention, broker non-vote or otherwise) have no impact in the election of directors except to the extent the failure to vote for an individual results in another individual receiving a larger number of votes.

Other Proposals: To be approved, each of the proposals: (a) to approve the election of PricewaterhouseCoopers LLP as our independent auditors for 2004; (b) to ratify the Long-Term Performance Plan; (c) to ratify the Executive Incentive Compensation Plan; (d) to ratify the 2003 Stock Plan for Outside Directors; and (e) to approve the 2001 Restricted Stock Plan amendment must receive more votes FOR the proposal than AGAINST. For purposes of determining the vote with respect to these proposals, any shares not voted (whether by abstention, broker non-vote or otherwise) will have no impact.

The enclosed proxies will be voted in accordance with the instructions you place on the proxy card. Unless otherwise stated, all shares represented by your returned, signed proxy will be voted as the Board recommends for each proposal as noted in the Notice of this proxy statement. Proxies may be revoked as indicated in the corresponding Questions and Answers section.

Mission Statement

The Audit Committee (the "Committee") will assist the Board of Directors (the "Board") in fulfilling its oversight responsibilities regarding (i) the integrity of the Company's financial statements; (ii) the Company's process for financial reporting and monitoring compliance with laws and regulations; (iii) the independent auditor's qualifications and independence; (iv) the performance of the Company's internal audit function and independent auditor; (v) the Company's internal control system; and (vi) the Company's ethics policy. References in this charter to the independent auditor shall be deemed to include the registered public accounting firm. In performing its duties, the Committee will maintain an effective independent working relationship with the Board, management, the internal auditors and the independent auditor.

The Committee will prepare the report required by the rules of the Securities and Exchange Commission (the "Commission") to be included in the Company's annual proxy statement. The Committee charter will be included in the Company's website and at least triennially in the Company's annual proxy statement.

The Committee does not itself prepare financial statements or perform audits, and its members are not auditors or certifiers of the Company's financial statements.

Organization

The Committee will consist of at least four members. Committee members may not have a material relationship with the Company, as determined by the Board. All Committee members must meet the independence, experience and expertise requirements of the New York Stock Exchange, Section 10A of the Securities Exchange Act of 1934 (the "Exchange Act"), the rules and regulations of the Commission and the Corporate Governance Guidelines applicable to the Company. Each member must possess a detailed understanding of the responsibilities of Committee membership as well as the Company's business, operations and risks. At least one member must have accounting or related financial management expertise. The Company will disclose in its periodic reports filed pursuant to Sections 13(a) or 15(d) of the Exchange Act whether or not (and if not, why not) the Committee includes at least one member who is an audit committee financial expert, as defined by the rules of the Commission.

No member of the Committee will receive compensation from the Company other than Board of Directors' and Board Committee members' fees. The Committee will meet at least four times per year.

Table of Contents

The members shall be elected to the Committee by the Board, on the recommendation of the Corporate Governance Committee, annually or as necessary to fill vacancies in the interim. The Board shall designate one of the Committee members as chairperson. Committee members may be replaced by the Board. Simultaneous service on the Audit Committees of more than two (2) other public companies will be reviewed by the Board for a determination, to be reported in the Company's annual proxy statement, that such service does not impair the effective service of Committee members.

Roles and Responsibilities

Funding, Committee Meetings and Reports to the Board

The Company will provide the Committee with the appropriate funding to the extent the Committee deems necessary or appropriate to exercise its authority, and for other ordinary administrative expenses that the Committee determines are necessary or appropriate to carry out its duties. Board approval shall not be required for such funding. The Committee may obtain advice and assistance from independent legal, accounting or other advisors as it deems necessary to carry out its duties. The Committee may request any officer or employee of the Company or the Company's outside counsel or independent auditor to attend a meeting of the Committee or to meet with any members of, or consultants to, the Committee.

The Committee will meet with management, the internal auditors and the independent auditor in separate executive sessions at least quarterly and will make regular reports to the Board. Management will be asked to report whether significant findings and recommendations made by the internal auditors and the independent auditor have been addressed in a timely manner. Annually, the performance of the Committee and the Committee Charter will be reviewed by the members.

Internal Control

The Committee will encourage management to communicate the importance of internal control and to ensure that all employees are aware of the Company's internal control policies and procedures. Further, the Committee will review and discuss with management the implementation of internal control recommendations made by the internal auditors and the independent auditor. Additionally, the Committee will periodically review with management the status of major information technology plans and their potential effect on the internal control environment. The Committee will review the results of management's evaluations and certifications required under Sections 302, 404 and 906 of the Sarbanes-Oxley Act of 2002, and related Commission regulations. Also, the Committee will review the scope and results of testing done by the independent auditor to support its attestation report required under Section 404 of the Sarbanes-Oxley Act of 2002.

Financial Reporting

The Committee will review and discuss with management and the independent auditor the Company's accounting policies, which may be viewed, as critical, and

review and discuss any significant changes. Significant accounting and reporting developments, including recent professional and regulatory pronouncements, as well as off-balance sheet structures, and their impact on the Company's financial statements will be reviewed and understood. Minutes of the Company's Disclosure Committee will be forwarded to the Audit Committee for review on a timely basis.

The Committee will meet with management and the independent auditor to review and discuss the audited financial statements and the results of the audit. It will be determined whether the audited financial statements are complete and consistent with respect to information known to Committee members, and based upon appropriate accounting principles. Further, the Committee will review the MD&A section of the annual report before its release and consider whether the information is adequate and consistent with Committee members' knowledge of the Company and its operations. Based on the review and discussions with management and the independent auditor, the Committee will recommend to the Board whether the audited financial statements are appropriate for inclusion in the Company's annual report on Form 10-K.

The Committee Chairman, and such other members as appropriate, will meet (in person or by phone) with management and the independent auditor to review the quarterly operating results, and financial statements (including the MD&A Section of the quarterly report on Form 10-Q), discuss the results against the prior year, discuss any significant variances from the financial plan and discuss the results of the independent auditor's review of the quarterly financial statements prior to the filing of the Company's Form 10-Q, including the results of the independent auditor's review of the quarterly financial statements. The Committee will discuss with management the Company's earnings press releases, including the use of pro forma or adjusted non-GAAP information, and hold general discussion on financial information and earnings guidance provided to analysts and rating agencies.

The Committee will discuss with management and the independent auditor significant financial reporting issues and judgments made in connection with the preparation of the Company's financial statements, including any significant changes in the Company's selection or application of accounting principles, any major issues as to the adequacy of the Company's internal controls and any special audit steps adopted in light of any material control deficiencies, the development, selection and disclosure of critical accounting estimates and analyses of the effect of alternative assumptions, estimates or GAAP methods on the Company's financial statements.

The Committee will discuss with management the Company's major financial risk exposures and the steps management has taken to monitor and control such exposures, including the Company's risk assessment and risk management policies.

Compliance Oversight

The Committee will review and advise the Board with respect to the effectiveness of the Company's system for monitoring compliance with laws and regulations and

will periodically obtain any required reports and assurances from the independent auditor, management and the internal auditors.

Compliance with Company Ethics Policy

The Committee will ensure that an Ethics Policy is formalized in writing and that management takes the necessary actions to disseminate the information and educate all employees. The program for monitoring compliance and updates from management and the Company's General Counsel regarding the annual ethics certification and training processes will be reviewed annually.

The Committee will establish procedures for (i) the receipt, retention and treatment of complaints received from employees of the Company regarding accounting, internal accounting controls or auditing matters, and (ii) the confidential, anonymous submission by employees of the Company of concerns regarding internal accounting controls, questionable accounting or auditing matters.

Internal Audit

The internal auditors' proposed audit schedule and plans will be approved annually. Internal audit activities and organizational structure of the internal audit function will be reviewed regularly.

Independent Auditor

The independent auditor reports directly to the Committee. The Committee shall be directly responsible for the appointment, retention, compensation, termination and oversight of the work of the independent auditor (including resolution of disagreements between management and the independent auditor) for the purpose of preparing or issuing an audit report, performing other audit, review or attest services or related work. The Committee shall have the sole authority to approve all audit engagement fees and terms.

The Committee shall preapprove all auditing services and permitted non-audit services to be performed for the Company by the independent auditor in accordance with Section 10A(i) of the Exchange Act. Such fees paid to the independent auditor shall be disclosed in the Company's annual proxy statements and annual reports as required by Section 13(a) of the Exchange Act. In carrying out its duty to approve the fees and terms of the independent auditor, if the Committee approves an audit service within the scope of engagement of the independent auditor, such audit service shall be deemed to have been preapproved. The Committee may delegate its duties to preapprove auditing services and permitted non-audit services to its chairman.

At least annually, the Committee will obtain and review a report by the independent auditor describing (a) the independent auditor's internal quality-control procedures, (b) any material issues raised by the most recent internal quality-control review, or peer review, of the independent auditor's, or by any inquiry or investigation by governmental or professional authorities within the preceding five years respecting one or more independent audits carried out by the independent

auditor, (c) any steps taken to deal with any such issues and (d) all relationships between the independent auditor and the Company.

The Committee will evaluate the qualifications, performance and independence of the independent auditor, including considering whether the independent auditor's quality controls are adequate and whether the provision of permitted non-audit services is compatible with maintaining the independent auditor's independence. In making its evaluation, the Committee shall take into account the opinions of management and the internal auditors. The Committee's evaluation will include a review of the experience, qualifications and performance of the senior members of the independent auditor team, including the engagement partner of the independent auditor. The Committee will oversee the rotation of the engagement partner as required by law and will consider whether, in order to assure continuing independent auditor's independence, there should be regular rotation of the audit firm itself. The Committee will present its conclusions regarding the independent auditor to the Board, and if so determined by the Committee, recommend that the Board take additional action to satisfy itself of the qualifications, performance and independence of the independent auditor.

The Committee will set policies for the Company's hiring of employees or former employees of the independent auditor, particularly in light of the "cooling off period" related to prohibition on employment outlined in Section 10A(I) of the Exchange Act.

The Committee will require the independent auditor to communicate whether or not it is aware of any reportable illegal acts.

The Committee will discuss with the independent auditor matters related to the conduct of the audit as required in Statement on Auditing Standards No. 61. In particular, the Committee will discuss quarterly reports from the independent auditor on:

- (a) all critical accounting policies and practices to be used;
- (b) all alternative treatments of financial information within generally accepted accounting principles that have been discussed with management, ramifications of the use of such alternative disclosures and treatments, and the treatment preferred by the independent auditors; and
- (c) other material written communications between the independent auditors and management, such as any management letter or schedule of unadjusted differences.

The Committee will discuss the following with the independent auditor:

- (a) the adoption of, or changes to, the Company's significant auditing and accounting principles and practices as suggested by the independent auditor, internal auditors or management;
- (b) the management letter provided by the independent auditor and the Company's response to that letter; and

- (c) any difficulties encountered in the course of the audit work, including any restrictions on the scope of activities or access to requested information, and any significant disagreements with management.

Other Responsibilities

In furtherance of the objectives reflected in this Committee Charter, the Committee will adopt, to the extent that it deems necessary or appropriate, Committee Guidelines.

The Committee shall make regular reports to the Board. The Committee shall review and reassess the adequacy of this Charter annually and recommend any proposed changes to the Board for approval. The Committee shall annually review its own performance.

ADJUSTMENTS

In the event of any change in the outstanding shares of Company Common Stock by reason of any stock dividend or split, recapitalization, reclassification, merger, consolidation or exchange of shares or other similar corporate change, then if the Committee shall determine, in its sole discretion, that such change necessarily or equitably requires an adjustment in the Performance Awards then held by Participants or the performance goals established thereunder, such adjustments shall be made by the Committee and shall be conclusive and binding for all purposes of this Plan. The Committee may modify or amend, in whole or in part, any or all of the provisions of the Plan, except as to those terms or provisions that are required by Section 162(m) of the Internal Revenue Code to be approved by the shareholders, or suspend or terminate the Plan entirely; *provided, however,* that no such modification, amendment, suspension or termination may, without the consent of the Participant or his or her Beneficiary in the case of his or her death, reduce the right of a Participant, or his or her Beneficiary, as the case may be, to any payment due under the Plan except as specifically provided herein. Notwith-

standing the foregoing, the Committee may make the following amendments to the Plan without the consent of any individual with an interest herein:

(a) In the event of the Plan's termination, the Committee may provide that all amounts accrued to the date of termination (calculated as if the date of termination were the last day of the Performance Period) be distributed to all Participants or Beneficiaries, as applicable, in a single sum payment as soon as practicable after the date of termination or on such other date as is specified by the Committee.

(b) The Committee may amend the provisions of Article 8 prior to the effective date of a Change of Control.

ARTICLE 14.

TAX WITHHOLDING

The Company shall have the right to deduct from all cash payments made hereunder (or from any other payments due a Participant) any foreign, federal, state, or local taxes required by law to be withheld with respect to such cash payments.

ARTICLE 15.

OFFSET

The Company shall have the right to offset from the incentive award payable hereunder any amount that the Participant owes to the Company or any subsidiary without the consent of the Participant (or his Beneficiary, in the event of the Participant's death).

ARTICLE 16.

SUCCESSORS

All obligations of the Company under the Plan with respect to awards granted hereunder shall be binding on any successor to the Company, whether the existence of such successor is the result of a direct or indirect purchase, merger, consolidation or otherwise, of all or substantially all of the business and/or assets of the Company. The Plan shall be binding upon and inure to the benefit of the Participants, Beneficiaries, and their heirs, executors, administrators and legal representatives.

ARTICLE 17.

SECTION 17.1. *Governing Law.* This Plan and the rights and obligations hereunder shall be governed by and construed in accordance with the internal laws of the

State of Wisconsin (excluding any choice of law rules that may direct the application of the laws of another jurisdiction), except as provided in Section 17.2 hereof.

SECTION 17.2. *Arbitration.*

(a) *Application.* Notwithstanding any employee agreement in effect between a Participant and the Company or any subsidiary employer, if a Participant or Beneficiary brings a claim that relates to benefits under this Plan, regardless of the basis of the claim (including but not limited to, actions under Title VII, wrongful discharge, breach of employment agreement, etc.), such claim shall be settled by final binding arbitration in accordance with the rules of the American Arbitration Association (AAA) and judgment upon the award rendered by the arbitrator may be entered in any court having jurisdiction thereof.

(b) *Initiation of Action.* Arbitration must be initiated by serving or mailing a written notice of the complaint to the other party. Normally, such written notice should be provided the other party within one year (365 days) after the day the complaining party first knew or should have known of the events giving rise to the complaint. However, this time frame may be extended if the applicable statute of limitation provides for a longer period of time. If the complaint is not properly submitted within the appropriate time frame, all rights and claims that the complaining party has or may have against the other party shall be waived and void. Any notice sent to the Company shall be delivered to:

Office of General Counsel
Johnson Controls, Inc.
5757 North Green Bay Avenue
P.O. Box 591
Milwaukee, WI 53201-0591

The notice must identify and describe the nature of all complaints asserted and the facts upon which such complaints are based. Notice will be deemed given according to the date of any postmark or the date of time of any personal delivery.

(c) *Compliance with Personnel Policies.* Before proceeding to arbitration on a complaint, the Participant or Beneficiary must initiate and participate in any complaint resolution procedure identified in the Company's or subsidiary's personnel policies. If the claimant has not initiated the complaint resolution procedure before initiating arbitration on a complaint, the initiation of the arbitration shall be deemed to begin the complaint resolution procedure. No arbitration hearing shall be held on a complaint until any applicable Company or subsidiary complaint resolution procedure has been completed.

(d) *Rules of Arbitration.* All arbitration will be conducted by a single arbitrator according to the Employment Dispute Arbitration Rules of the AAA. The arbitrator will have authority to award any remedy or relief that a court of competent jurisdiction could order or grant including, without limitation, specific performance of any obligation created under policy, the awarding of punitive damages, the issuance of any injunction, costs and attorney's fees to the extent permitted by law, or the imposition of sanctions for abuse of the arbitration process. The

arbitrator's award must be rendered in a writing that sets forth the essential findings and conclusions on which the arbitrator's award is based.

(e) *Representation and Costs.* Each party may be represented in the arbitration by an attorney or other representative selected by the party. The Company or subsidiary shall be responsible for its own costs, the AAA filing fee and all other fees, costs and expenses of the arbitrator and AAA for administering the arbitration. The claimant shall be responsible for his attorney's or representative's fees, if any. However, if any party prevails on a statutory claim which allows the prevailing party costs and/or attorneys' fees, the arbitrator may award costs and reasonable attorneys' fees as provided by such statute.

(f) *Discovery; Location; Rules of Evidence.* Discovery will be allowed to the same extent afforded under the Federal Rules of Civil Procedure. Arbitration will be held at a location selected by the Company. AAA rules notwithstanding, the admissibility of evidence offered at the arbitration shall be determined by the arbitrator who shall be the judge of its materiality and relevance. Legal rules of evidence will not be controlling, and the standard for admissibility of evidence will generally be whether it is the type of information that responsible people rely upon in making important decisions.

(g) *Confidentiality.* The existence, content or results of any arbitration may not be disclosed by a party or arbitrator without the prior written consent of both parties. Witnesses who are not a party to the arbitration shall be excluded from the hearing except to testify.

ARTICLE 3.

ELIGIBILITY AND PARTICIPATION

SECTION 3.1. *Approval*. Each executive of the Company or a subsidiary who is approved for participation in the Plan by the Committee shall be a Participant as of the date designated by the Committee. Such executives shall include corporate and other key senior managers who are or may become subject to Section 162(m) of the Code and who are approved for participation in the Plan by the Committee. Written notice of such approval shall be given to each executive so approved as soon as practicable following the date of approval. No employee shall have any right to receive an award in any Plan Year even if an award has been previously granted in prior Plan Years.

SECTION 3.2. *Termination of Approval*. The Committee may withdraw its approval for participation for a Participant at any time. In the event of such withdrawal, the executive concerned shall cease to be an active Participant as of the date selected by the Committee, the executive shall not be entitled to any payment unless the Committee determines otherwise, and the executive shall be notified of such withdrawal as soon as practicable following such action.

SECTION 3.3. *Notification*. In general, it is expected that the Committee will determine which executives are to be Participants for a Plan Year prior to the beginning of such year and notify the executives of that fact before the beginning of the Plan Year.

SECTION 3.4. *Transfers In, Out and Between Eligible Positions*. Notwithstanding Section 3.3, the Committee may approve an executive for participation during a portion of a Plan Year, subject to the limitations described below. Alternatively, and notwithstanding anything to the contrary herein, the Committee may at any time grant a formula award to a Participant who is newly hired or transferred into an eligible executive job position during the Plan Year, and fix the terms of any such award, whether or not such action qualifies for the performance-based exception under Section 162(m) of the Code.

(b) A person transferred out of an eligible executive position may receive a prorated award at the discretion of the Committee provided he served in the eligible executive position for at least three full months during the Plan Year.

(c) Participants transferring between eligible executive positions that have a different award formulae will receive awards prorated to months served in each eligible executive position.

SECTION 3.5. *Termination of Employment.* No Participant shall earn an incentive award for a Plan Year unless the Participant is employed by the Company or subsidiary (or is on an approved leave of absence) on the last day of such Plan Year, unless employment was terminated during the year as a result of Retirement, Total and Permanent Disability or death at a time when the Participant could not have been terminated for Cause. Accordingly, no incentive award shall be made for a Plan Year for a Participant whose employment with the Company or subsidiary is terminated during such year for reasons other than Retirement, Total and Permanent Disability or death at a time when the Participant could not have been terminated for Cause, unless approved by the Committee after considering the cause of the termination.

ARTICLE 4.

ANNUAL AWARDS TO PARTICIPANTS

SECTION 4.1. *Awards Based on Formula.* Prior to, or within 90 days after, the beginning of each Plan Year, the Committee shall determine the formula award for each Participant who is eligible to receive an award for the year. The amount of the award shall be expressed as a percentage of Compensation resulting from a formula which is communicated individually in writing to each Participant at the time the formula is determined. The formula will be based on Return on Shareholders' Equity and/or Division Return on Assets and growth in Operating Profits. Irrespective of the formula, no amounts in excess of Four Million Five Hundred Thousand Dollars (\$4,500,000) may be paid to any one Participant for any Plan Year. Payments are subject to certification in writing by the Committee prior to payment that the performance goals and other material terms of the Plan were in fact satisfied.

ARTICLE 5.

PAYMENT OF INCENTIVE AWARDS

SECTION 5.1. *Current Payment.* Subject to the provisions of Section 5.3, a Participant's final award for a Plan Year, which is not deferred in accordance with the provisions of Section 5.2, and a Participant's final award, whether or not he elected deferred payment thereof, for the Plan Year in which his employment terminates, shall be paid in cash to the Participant, or his Beneficiary in the event of his death, by the 75th day following the end of the Plan Year. The Committee may elect to postpone the payments for any reason, and in such event the Committee may, in its discretion, also elect to pay interest at a reasonable rate for the period between the 75th day following the end of the Plan Year and the day on which the payments are in fact made.

SECTION 5.2. *Deferred Payment.* Before the first day of each Plan Year, a Participant may irrevocably elect in writing to have a part or all of his final award for the year (but not less than \$1,000) deferred under the Johnson Controls, Inc. Executive Deferred Compensation Plan.

SECTION 5.3. *Forfeiture.* Notwithstanding the foregoing, no payment shall be made or deferred with respect to a Participant if, after the end of the Plan Year for which payment has accrued but before payment or deferral is made, either (a) the Company or subsidiary terminates the Participant's employment for Cause or (b) the Participant engages in Inimical Conduct. ARTICLE 6.

BENEFICIARY

Each Participant may file a beneficiary designation on the form provided by the Committee. In the event of the Participant's death prior to receiving payments due hereunder, the payment shall be made to the Participant's Beneficiary. A Participant can change his beneficiary designation at any time, provided that each beneficiary designation form filed with the Company shall revoke the most recent form on file, and the last form received by the Company while the Participant was alive shall be given effect. In the event there is no valid beneficiary designation form on file, or in the event the Participant's designated Beneficiary is not alive at the time payment is to be made, the Participant's estate will be deemed the Beneficiary and will be entitled to receive payment. If a Participant designates his spouse as a beneficiary, such beneficiary designation automatically shall become null and void on the date of the Participant's divorce or legal separation from such spouse; *provided* the Committee has notice of such divorce or legal separation prior to payment. If a Participant maintains his primary residence in a state that has community or marital property laws, then the Participant's spouse, if any, must consent to the Participant's designation of any primary beneficiary other than the spouse.

SECTION 7.2. *No Transfer.* No Participant may assign, pledge, or encumber his interest under the Plan, or any part thereof, except that a Participant may designate a Beneficiary as provided herein.

SECTION 7.3. *No Implied Rights; Employment.* Nothing contained in this Plan shall be construed to:

- (a) Give any employee or Participant any right to receive any award other than in the sole discretion of the Committee;

A majority of the entire Committee shall constitute a quorum for the transaction of business. Service on the Committee shall constitute service as a director of the Company so that the Committee members shall be entitled to indemnification, limitation of liability and reimbursement of expenses with respect to their Committee services to the same extent that they are entitled under the Company's By-laws and Wisconsin law for their services as directors of the Company.

SECTION 8.5. *Charge to Subsidiary.* Each subsidiary shall be charged each year with the amount, if any, awarded under the Plan to its employees for such year.

ARTICLE 9.

ADJUSTMENTS

In the event of any change in the outstanding shares of the Company's Common Stock by reason of any stock dividend or split, recapitalization, reclassification, merger, consolidation or exchange of shares or other similar corporate change, then if the Committee shall determine, in its sole discretion, that such change necessarily or equitably requires an adjustment in the awards then held by Participants or the performance goals thereunder, such adjustments shall be made by the Committee and shall be conclusive and binding for all purposes of this Plan. No adjustment shall be made in connection with the issuance by the Company of any warrants, rights, or options to acquire additional shares of Common Stock or of securities convertible into Common Stock.

ARTICLE 10.

AMENDMENT OR TERMINATION

The Committee may modify or amend, in whole or in part, any or all of the provisions of the Plan, or suspend or terminate it entirely; *provided, however,* that no such modifications, amendment, or suspension or termination may, without the consent of the Participant or his Beneficiary in the case of his death, reduce the right of a Participant or his Beneficiary, as the case may be, to any payment accrued under the Plan except as specifically provided herein; and *provided further* that shareholder approval may be required as provided under Code Section 162(m). Notwithstanding the foregoing, the Committee may make the following amendments without obtaining the consent of any individual with an interest hereunder:

(a) In the event of the Plan's termination, the Committee may provide that all amounts accrued to the date of termination be distributed to all Participants or Beneficiaries, as applicable, in a single sum payment as soon as practicable after the date of termination or on such other date as is specified by the Committee.

SECTION 15.1. *Governing Law.* This Plan and the rights and obligations hereunder shall be governed by and construed in accordance with the internal laws of the State of Wisconsin (excluding any choice of law rules that may direct the application of the laws of another jurisdiction), except as provided in Section 15.2 hereof.

SECTION 15.2. *Arbitration.*

(a) *Application.* Notwithstanding any employee agreement in effect between a Participant and the Company or any subsidiary employer, if a Participant or Beneficiary brings a claim that relates to benefits under this Plan, regardless of the basis of the claim (including but not limited to, actions under Title VII, wrongful discharge, breach of employment agreement, etc.), such claim shall be settled by final binding arbitration in accordance with the rules of the American Arbitration Association (AAA) and judgment upon the award rendered by the arbitrator may be entered in any court having jurisdiction thereof.

However, this time frame may be extended if the applicable statute of limitation provides for a longer period of time. If the complaint is not properly submitted within the appropriate time frame, all rights and claims that the

The notice must identify and describe the nature of all complaints asserted and the facts upon which such complaints are based. Notice will be deemed given according to the date of any postmark or the date of time of any personal delivery.

(c) *Compliance with Personnel Policies.* Before proceeding to arbitration on a complaint, the Participant or Beneficiary must initiate and participate in any complaint resolution procedure identified in the Company's or subsidiary's personnel policies. If the claimant has not initiated the complaint resolution procedure before initiating arbitration on a complaint, the initiation of the arbitration shall be deemed to begin the complaint resolution procedure. No arbitration hearing shall be held on a complaint until any applicable Company or subsidiary complaint resolution procedure has been completed.

(d) *Rules of Arbitration.* All arbitration will be conducted by a single arbitrator according to the Employment Dispute Arbitration Rules of the AAA. The arbitrator will have authority to award any remedy or relief that a court of competent jurisdiction could order or grant including, without limitation, specific performance of any obligation created under policy, the awarding of punitive damages, the issuance of any injunction, costs and attorney's fees to the extent permitted by law, or the imposition of sanctions for abuse of the arbitration process. The arbitrator's award must be rendered in a writing that sets forth the essential findings and conclusions on which the arbitrator's award is based.

(e) *Representation and Costs.* Each party may be represented in the arbitration by an attorney or other representative selected by the party. The Company or subsidiary shall be responsible for its own costs, the AAA filing fee and all other fees, costs and expenses of the arbitrator and AAA for administering the arbitration. The claimant shall be responsible for his attorney's or representative's fees, if any. However, if any party prevails on a statutory claim which allows the prevailing party costs and/or attorney's fees, the arbitrator may award costs and reasonable attorney's fees as provided by such statute.

(f) *Discovery; Location; Rules of Evidence.* Discovery will be allowed to the same extent afforded under the Federal Rules of Civil Procedure. Arbitration will be held at a location selected by the Company. AAA rules notwithstanding, the admissibility of evidence offered at the arbitration shall be determined by the arbitrator who shall be the judge of its materiality and relevance. Legal rules of evidence will not be controlling, and the standard for admissibility of evidence will generally be whether it is the type of information that responsible people rely upon in making important decisions.

(g) *Confidentiality*. The existence, content or results of any arbitration may not be disclosed by a party or arbitrator without the prior written consent of both parties. Witnesses who are not a party to the arbitration shall be excluded from the hearing except to testify.

6. *Grants of Common Stock.* Each Outside Director shall be granted Common Stock as follows:

- (a) *Initial Grants.* On and after January 28, 2004, any individual, other than an individual who was serving on the Board of Directors prior to that date, who is elected or appointed to the Board of Directors as an Outside Director shall be granted 400 shares of Common Stock upon such Director's election or appointment.
- (b) *Subsequent Grants.* On January 28, 2004 and on the date of each subsequent annual meeting of shareholders of the Company ("Grant Date"), an Outside Director, if elected, re-elected or retained as an Outside Director at such meeting, shall be granted such number of shares of Common Stock, rounded down to the nearest whole share, whose value on the Grant Date shall equal fifty (50) percent of the annual retainer fee voted by the Board of Directors, exclusive of any meeting or committee fees. SECTION 11.1 *Legends*. The Company may endorse such legend or legends upon the certificates for Shares issued under the Plan and may issue such stop transfer instructions to its transfer agent in respect of such Shares as it determines to be necessary or appropriate to (a) prevent a violation of, or to perfect an exemption from, the registration requirements of the Securities Act, applicable state securities laws or other legal requirements, or (b) implement the provisions of the Plan or any agreement between the Company and the Participant with respect to such Shares.

SECTION 11.2 *Payment of Expenses*. The Company shall pay for all issuance taxes with respect to the issuance of Shares under the Plan, as well as all fees and expenses incurred by the Company in connection with such issuance.

ARTICLE 12.

SUCCESSORS

All obligations of the Company under the Plan with respect to Awards granted hereunder shall be binding on any successor to the Company, whether the existence of such successor is the result of a direct or indirect purchase, merger, consolidation or otherwise, of all or substantially all of the business and/or assets of the Company. The Plan shall be binding upon and inure to the benefit of the Participants and their heirs, executors, administrators or legal representatives.

ARTICLE 13.

REQUIREMENTS OF LAW

SECTION 13.1 *Requirements of Law*. The granting of Awards and the issuance of Shares under this Plan shall be subject to all applicable laws, rules, and regulations, and to such approvals by any governmental agencies or national securities exchanges as may be required.

SECTION 13.2 *Governing Law*. This Plan and the rights and obligations hereunder shall be governed by and construed in accordance with the internal laws of the State of Wisconsin (excluding any choice of law rules that may direct the application of the laws of another jurisdiction), except as provided in Section 13.3 hereof.

SECTION 13.3 *Arbitration*.

(a) *Application*. Notwithstanding any employee agreement in effect between a Participant and the Company or any subsidiary employer, if a Participant brings a claim that relates to benefits under this Plan, regardless of the basis of the claim (including but not limited to, actions under Title VII, wrongful discharge, breach of employment agreement, etc.), such claim shall be settled by final binding arbitration in accordance with the rules of the American Arbitration Association

(AAA) and judgment upon the award rendered by the arbitrator may be entered in any court having jurisdiction thereof.

(b) *Initiation of Action.* Arbitration must be initiated by serving or mailing a written notice of the complaint to the other party. Normally, such written notice should be provided the other party within one year (365 days) after the day the complaining party first knew or should have known of the events giving rise to the complaint. However, this time frame may be extended if the applicable statute of limitation provides for a longer period of time. If the complaint is not properly submitted within the appropriate time frame, all rights and claims that the complaining party has or may have against the other party shall be waived and void. Any notice sent to the Company shall be delivered to:

Office of General Counsel
Johnson Controls, Inc.
5757 North Green Bay Avenue
P.O. Box 591
Milwaukee, WI 53201-0591

The notice must identify and describe the nature of all complaints asserted and the facts upon which such complaints are based. Notice will be deemed given according to the date of any postmark or the date of time of any personal delivery.

(c) *Compliance with Personnel Policies.* Before proceeding to arbitration on a complaint, the Participant or Beneficiary must initiate and participate in any complaint resolution procedure identified in the Company's or subsidiary's personnel policies. If the claimant has not initiated the complaint resolution procedure before initiating arbitration on a complaint, the initiation of the arbitration shall be deemed to begin the complaint resolution procedure. No arbitration hearing shall be held on a complaint until any applicable Company or subsidiary complaint resolution procedure has been completed.

(d) *Rules of Arbitration.* All arbitration will be conducted by a single arbitrator according to the Employment Dispute Arbitration Rules of the AAA. The arbitrator will have authority to award any remedy or relief that a court of competent jurisdiction could order or grant including, without limitation, specific performance of any obligation created under policy, the awarding of punitive damages, the issuance of any injunction, costs and attorney's fees to the extent permitted by law, or the imposition of sanctions for abuse of the arbitration process. The arbitrator's award must be rendered in a writing that sets forth the essential findings and conclusions on which the arbitrator's award is based.

(e) *Representation and Costs.* Each party may be represented in the arbitration by an attorney or other representative selected by the party. The Company or subsidiary shall be responsible for its own costs, the AAA filing fee and all other fees, costs and expenses of the arbitrator and AAA for administering the arbitration. The claimant shall be responsible for his attorney's or representative's fees, if any. However, if any party prevails on a statutory claim which allows the prevailing party costs and/or attorneys' fees, the arbitrator may award costs and reasonable attorneys' fees as provided by such statute.

(f) *Discovery; Location; Rules of Evidence.* Discovery will be allowed to the same extent afforded under the Federal Rules of Civil Procedure. Arbitration will be held at a location selected by the Company. AAA rules notwithstanding, the admissibility of evidence offered at the arbitration shall be determined by the arbitrator who shall be the judge of its materiality and relevance. Legal rules of evidence will not be controlling, and the standard for admissibility of evidence will generally be whether it is the type of information that responsible people rely upon in making important decisions.

(g) *Confidentiality.* The existence, content or results of any arbitration may not be disclosed by a party or arbitrator without the prior written consent of both parties. Witnesses who are not a party to the arbitration shall be excluded from the hearing except to testify.
