Code of Ethics

We have adopted a code of ethics (our Code of Business Conduct and Ethics previously filed with the Commission and accessible on our website) that applies to all directors and employees including our Chief Executive Officer, Principal Financial Officer, and Principal Accounting Officer.

Except for Mr. Rollins' position as a director of Galaxy Energy Corporation and his consulting practice, and Mr. Preng's positions as a director of Maverick Oil and Gas, Inc., and BPI Energy Holdings, Inc. no director has a significant personal interest in the exploration, development or production of oil and gas. Mr. Rollins and Mr. Preng are required to abstain on matters in which there may be a conflict of interest between us and Galaxy, Mr. Rollins' consulting clients, Maverick, or BPI. We believe that neither Galaxy, Maverick nor BPI have any current activities in our areas of interest.

Litigation Involving Directors and Executive Officers

We know of no reportable litigation involving the directors or executive officers.

Section 16(a) Beneficial Ownership Reporting Compliance

Based solely upon our review of Forms 3, 4, and 5 received by us for 2004, all persons required by Section 16(a) of the Securities Exchange Act of 1934 (the Act) to file such forms complied with Section 16(a) of the Act except for one report on Form 4 for Mr. Murphy filed two business days late covering one stock option exercise transaction.

Audit Committee Financial Expert

Our Board of Director has determined that all three members of the Audit Committee are independent directors and are financially literate as defined in the New York Stock Exchange listing standards and that John E. Goble, Jr. is an Audit Committee Financial Expert as defined by Securities and Exchange Commission Rules.

Item 11. Executive Compensation.

The following table summarizes the compensation paid by the Company during 2005, 2004, and 2003 to the Company's Chief Executive Officer and its four most highly compensated executive officers, other than the Chief Executive Officer, whose total annual salary and bonus in 2005 exceeded \$100,000.

(1) No amount is included, as it is less than the lower of \$50,000 or 10% of the total salary and bonus of the individual for the year.

(2) These amounts are for group term life insurance premiums paid by the Company.

See "Change in Control Arrangements, Severance Plans and Employment Contracts" below.

1997 Stock Option Plan

We granted stock options for our employees and directors under the 1997 Stock Option Plan which was approved by stockholders. Fewer than 50,000 shares remain ungranted under this plan. In 2005, we did not make any grants under the program. No more options will be issued under the 1997 Stock Option Plan. All options are vested as of December 31, 2004. Details concerning the 1997 stock option plan are contained in the plan itself. For a copy of the plan, call Investor Relations at (214) 210-2650.

1999 Contingent Stock Grants

In 1999, the Board of Directors approved contingent awards of stock to employees and directors totaling 679,937 shares of our common stock. As of March 2006, all shares have vested.

2004 Stock Incentive Plan

On May 24, 2004, our stockholders approved the Remington Oil and Gas Corporation 2004 Stock Incentive Plan. Under that plan, two grants of stock have been approved by the Compensation Committee and/or the Board of Directors. Both grants were made to directors, officers and other employees. The first grant made in 2004, 206,000 shares, will vest 20% on each October 14, beginning in 2005. The second grant made in 2005, 690,100 shares, will vest 25% on April 13, 2008 and 2009 and 50% on April 13, 2010. Vesting of the grant may be accelerated in accordance with the grant agreements executed by the Company and each grantee. Upon the consummation of the merger with Helix Energy Solutions Group, Inc. these stock grants will fully vest. The following table summarizes for each Named Executive Officer and the value of the unvested stock grants as of March 27, 2006:

Number of Unvested

Pension Plans

Our defined benefit pension plans provide retirement and other benefits to eligible employees upon reaching the normal retirement age, which is age 65 or after 3 years of service (5 years if employment terminated prior to January 1, 2001), if later. Directors who are not also employees of the Company are not eligible to participate in the plans. Employees are eligible to participate on January 1 following the completion of six months of service or the attainment of age 20 1/2, if later. Additional provisions are made for early or late retirement, disability retirement and benefits to surviving beneficiaries. Subject to Internal Revenue Code imposed limitations discussed in Footnote (1) below, at normal retirement age, an eligible employee will receive a monthly retirement income equal to 35% of his or her average monthly compensation during the three consecutive calendar years in the prior 10 years which provide the highest average compensation, plus 0.65% of such average compensation in excess of the amount shown in the Social Security Covered Compensation Table (as published annually by the Internal Revenue Service) multiplied by his or her years of service, limited to 35 years. If an employee terminates employment (other than by death or disability) before completion of three years of service (five years if employment terminated prior to January 1, 2001), no benefits are payable. If an employee terminates employment after three years of service (five years if employment terminated prior to January 1, 2001), the employee is entitled to all pro rata accrued benefits. The following table illustrates the annual pension for plan participants that retire at normal retirement age in 2005:

Pension Plan Table

Average Compensation(1)(2) \$	Years of Service(1)(3)(4)				
	15 \$	20 \$	25 \$	30 \$	35 \$

500,000	89,237	94,482	99,728	104,973	110,219

- (1) As of December 31, 2005, the Internal Revenue Code does not allow qualified plan compensation to exceed \$210,000 or the benefit payable annually to exceed \$170,000. The Internal Revenue Service will adjust these limitations for inflation in future years. When the limitations are raised, the compensation considered and the benefits payable under the pension plans will increase to the level of the new limitations or the amount otherwise payable under the pension plans, whichever amount is lower.
- (2) Subject to the above limitations, compensation in this table is generally equal to all of a participant's cash compensation paid in a fiscal year (the total of Salary, Bonus, and Other Annual Compensation in the Summary Compensation Table). Average compensation in this table is the average of a plan participant's compensation during the highest three consecutive years out of the prior 10 years.

The Company has no supplemental retirement plans for executive employees or directors.

- (3) The estimated credited service at December 31, 2005, for the executive officers shown in the Summary Compensation Table is as follows: James A. Watt (9 years), Robert P. Murphy (8 years), Frank T. Smith, Jr. (1 year), Steven J. Craig (11 years), and Gregory B. Cox (8 years).
- (4) The normal form of payment is a life annuity for a single participant or a 50% joint and survivor annuity for a married participant. Such benefits are not subject to a deduction for Social Security or other offset amounts.

Corporate Governance-Board Compensation

Our employees receive no extra pay for serving as directors. Independent directors receive compensation consisting of cash, stock and long-term incentive awards as set forth in the table below. There were six Board meetings in 2005. All directors attended at least 75% of the meetings and each director is expected to attend our annual meeting.

In 2005 each independent director became vested in 4,776 shares of the 23,880 restricted shares of our common stock that they had been granted on under the 1999 Contingent Stock Grants. As of March 27, 2006 all shares attributable to the 1999 grants were vested.

Non-Employee Director Stock Purchase Plan

This plan was approved by our stockholders December 4, 1997

Each independent director may, once a year, elect to receive all or part of his Board compensation in our common stock

The number of shares received equals 150% of the cash amount of compensation divided by the closing market price of our common stock on the day the cash fees would be payable

Shares received under this plan may not be transferred for one year after issuance

Shares may be transferred earlier than one year in the case of a director's death, disability or departure from the Board

During the restricted transfer period the director may vote the stock and receive any dividends

The Board may terminate this plan at any time

Director Compensation Table

The following table sets forth Director Compensation for 2005.

Director	Annual Retainer(\$)	Committee Fees(\$)	Restricted Stock Award(\$)	Total(\$)
John E. Goble, Jr.	55,000	18,000	558,000	631,000
William E. Greenwood	45,000	28,500	558,000	631,500
David E. Preng	67,500	31,500	558,000	657,000
Thomas W. Rollins	60,000	20,000	558,000	638,000
Alan C. Shapiro	60,000	36,000	558,000	654,000
Don D. Box (Director Emeritus)	30,000		558,000	588,000

The value of the Restricted Stock Award is the number of shares granted in 2005 (20,000 shares) times the average of the high and low price of Remington stock on the day of the stock grant (April 15, 2005). The stock award was made pursuant to the 2004 Remington Oil and Gas Corporation Stock Incentive Plan. This plan is discussed under Equity Compensation Plans. Directors are reimbursed for actual expenses. No employee director receives extra pay for

serving as a Director.

Our By-Laws provide that the Board may appoint Directors Emeritus in order to utilize the experience and expertise of a former director. Directors Emeritus have no vote on the Board.

Corporate Governance-Board Committees

The table below sets forth the membership of the standing committees of the Board with the Chairman of each committee noted with an asterisk.

Director	Audit	Compensation	Nominating	Executive
Goble	X*			
Greenwood	X		X	
Preng		X	X*	X
Rollins		X	X	X*
Shapiro	X	X*		
Watt				X
Number of meetings in 2005	6	7	1	1

The Audit Committee and its functions are governed by an Audit Committee Charter adopted by our Board of Directors. The Audit Committee Charter is included in this proxy statement and can be found on our website.

The Compensation Committee and its functions are discussed in the Compensation Committee Report contained in this proxy statement.

The Nominating and Corporate Governance Committee's primary purposes are to identify individuals qualified to become members of the Board of Directors, and to recommend a slate of directors to the Board of Directors for election at the Company's annual meeting or, if requested by the Board of Directors, recommend director candidates to fill a vacancy on the Board.

The Executive Committee has authority to perform in place of the Board of Directors except for matters relating to amending our Certificate of Incorporation, declaring dividends, adopting a merger agreement, recommending to the stockholders a sale or dissolution of the Company, removing or indemnifying directors, and amending By-Laws.

Independent Directors:

Apart from their meetings in connection with scheduled Board of Directors meetings, the five independent directors met two times in 2005. All or part of these meetings excluded company executives. The additional meeting was held in conjunction with director continuing education and to discuss outside of the presence of Company executive officers the direction of the Company and Board evaluations.

The members of the Board also attend corporate governance programs including many run by the National Association of Corporate Directors (NACD). Mr. Preng is a Director of the Houston chapter of the NACD.

From time to time, other committees of the Board of Directors may be established for special purposes.

Change in Control Arrangements, Severance Plans and Employment Contracts

On April 13, 2005, our Board of Directors upon recommendation of our Compensation Committee approved an Executive Severance Plan which covers our Chief Executive and Chief Operating Officer and an Employee Severance Plan which covers all other officers and employees.

Compensation Committee Interlocks and Insider Participation in Compensation Decisions

Alan C. Shapiro, David E. Preng, and Thomas W. Rollins, served on the Compensation Committee in 2005. No executive officer or employee serves on the compensation committee of the Board. None of our executive officers serves on the board of directors of any other entity that has an executive officer serving on our Board.

Board Compensation Committee Report on Executive Compensation

Each member of the Compensation Committee is independent, as determined by our Nominating and Corporate Governance Committee and our Board of Directors and based on our independence principles outlined in our By-Laws and Corporate Governance Guidelines, which define director independence more strictly than the New York Stock Exchange listing standards.

The Compensation Committee's primary responsibility is making recommendations to the Board of Directors relating to compensation of our Chief Executive Officer and providing oversight of management's decisions regarding the compensation of all other executive officers and other employees. The Committee also makes recommendations to the Board of Directors regarding employee benefits, our defined benefit plans, defined contribution plans, and stock based plans. In addition the Committee is charged with assisting the Board in developing CEO succession plans.

A more complete description of this Committee's function is contained its Charter which is available on our website at www.remoil.net.

Overview of Compensation Philosophy and Program

Our philosophy is to develop a systematic, competitive executive compensation program which recognizes an executive officer's position and responsibilities, takes into account competitive compensation levels in the industry by similarly sized companies, and reflects both individual and Company performance.

The executive compensation program developed by the Committee is composed of the following three elements: (i) a base salary, (ii) a performance based annual incentive (short-term), and (iii) a stock based grant incentive (long-term). Under this program, the short-term and long-term incentives are "at risk" and are based on the performance of the Company versus defined goals. In addition, the long-term incentives are further "at risk" because they require continued employment through each scheduled vesting date.

The Committee compiles data reflecting the compensation practices of a broad range of organizations in the oil and gas industry that are similar to us in size and performance. In addition, outside experts in executive compensation are consulted. For both the base salary and the annual cash incentive portion of executive compensation the Committee has adopted a philosophy of paying our executive officers at a level that is competitive and within ranges reflected by the data compiled and the opinions of the outside consultants.

Base Salaries

Base salaries for our executive officers are established based on the scope of their responsibilities, taking into account competitive market compensation paid by our peers. Base salaries are reviewed annually. The salaries we paid to our most highly paid executive officers for the last three years are set forth in the Summary Compensation Table included under Executive Compensation in this Proxy Statement.

Annual Cash Incentives

The Committee has developed a performance-based annual cash incentive plan covering the executive officers. The objectives in designing the program are to reward participants for accomplishing objectives which are generally measurable and are key components in the measure of shareholder value. Under the annual cash incentive program, the Committee has established a "target" cash incentive award for each executive officer including the Chief Executive Officer that is payable based primarily on the Company achieving certain performance targets which have been set by the Committee and the Board of Directors. To a lesser extent, this cash incentive is based on the executive officer

achieving certain individual performance objectives. The basis for our emphasis on reaching company wide goals over individual performance is based upon the Committee's belief that due to our size and the nature of our business, the best collective efforts of our executive officers are required to meet the our objective of increasing shareholder value. The performance targets are increasing reserves, production, controlling finding and development costs, and maintaining a competitive return on capital employed. The annual cash incentives we paid to our most highly paid executive officers for the last three years are set forth in the Summary Compensation Table included under Executive Compensation in this Proxy Statement.

Long-Term Stock Based Incentives

The philosophy of our long-term stock based incentive program is to award stock based incentives to selected plan participants based on their levels within the Company and upon individual merit. Our goal in the design of the program is to allow for a size of award that is competitive within the industry and which provides the executive officers and other employees a meaningful incentive to remain with the Company, to increase performance, and to focus on achieving long-term increases in shareholder value. Other factors considered include the participant's contribution towards achieving the Company's long-term objectives such as reserve and production growth as well as the participant's contributions in achieving the Company's short and long-term profitability targets.

Prior to 2004, the vast majority of the long-term stock incentive awards were made under our 1997 Stock Option Plan which was approved by our stockholders in December 1997. At our 2004 Annual Meeting, the stockholders approved the Remington Oil and Gas 2004 Stock Incentive Program. Two award grants, a 2004 award and a 2005 award under this program have been approved by this Committee and the Board of Directors. Details of these awards are discussed in general in the Equity Compensation Plans portion of this proxy statement.

Tax Deductibility of Compensation

Section 162(m) of the Internal Revenue Code of 1986, as amended, imposes a \$1 million limit on the amount a public company may deduct for compensation paid to the company's Chief Executive Officer or any of the company's four most highly compensated executive officers who are employed at the end of the year. Certain types of performance based compensation are not subject to this limit. While this Committee generally intends to structure and administer executive compensation in such a manner so as to not impair the deductibility of CEO and executive officer compensation, the Committee may from time to time approve payments that cannot be deducted in order to maintain flexibility in structuring appropriate compensation programs for the benefit of our stockholders. The Committee does not believe that any loss of the tax deduction benefit would be of a material amount, and such loss would be outweighed by the benefit to our stockholders.

Employment and Severance Agreements

Prior to 2005, the Company has had employment agreements with its Chief Executive Officer and three other executive officers. In addition, a severance program has covered the other Company employees. In April of 2005, this Committee and the Board of Directors, in consultation with outside compensation experts, approved severance plans designed to replace the employment contracts and current severance program.

Chief Executive Officer Compensation

Within the framework described above, this Committee and the Board of Directors approved compensation in salary and bonus for Mr. Watt in an amount which recognizes his strong leadership in directing the Company to the high level of achievement of the performance goals referenced in this report as well as his leadership that has ensured that the Company maintains a strong financial position. In addition, he was granted long-term stock incentive awards in such amounts as to reinforce his leadership in guiding the Company in its excellent overall achievements of the past year. His base salary paid in 2005 was \$440,000 with a bonus of \$880,000. He received long-term stock incentive awards valued on the date of the grant at \$2,092,500 representing a multi-year grant aggregating 75,000 shares of our common stock. The details including the vesting schedule of the long-term stock award are set forth in this proxy statement in the discussion of our equity compensation plans.

This report on executive compensation for 2005 is provided by the undersigned members of the Compensation Committee of the Board of Directors.

Item 13. *Certain Relationships and Related Transactions.*

None.

Independent Public Accountants**Item 14. *Principal Accountant Fees and Services.***

The Audit Committee of our Board of Directors has selected Ernst & Young LLP as our principal independent public accountants. Ernst & Young performed our audits for the fiscal years ended December 31, 2005, 2004 and 2003.

Our principal independent public accountants' report on the financial statements for either of the past three years has not contained an adverse opinion or a disclaimer of opinion, and was not qualified or modified as to uncertainty, audit scope, or accounting principles. During our two most recent fiscal years prior to the engagement of Ernst & Young, we did not consult Ernst & Young with respect to the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on our consolidated financial statements, or any other matters or reportable events listed in Items 304(a)(2)(i) and (ii) of Regulation S-K.

Because we recognize the importance of Ernst & Young maintaining objectivity in their audits, Ernst & Young will not be engaged to perform any accounting, tax, or advisory work which they will be placed in judgment of as part of their audit of our financial statements. In addition, the Audit Committee must approve any engagement of Ernst & Young apart from their engagement as our auditors.

Our Audit Committee Charter allows the Chairman of the Audit Committee to approve up to \$50,000 in fees with Ernst & Young over and above the amount authorized in our primary engagement letter with Ernst & Young. Any authorization by the Audit Committee Chairman of such additional fees is subject to ratification by at least a majority of the Audit Committee acting as a whole. Other than as discussed above, we have no pre-approved arrangements with Ernst & Young. The Audit Committee approved all of the services relating to the fees shown below.

Fees

For the fiscal years ended December 31, 2005, and December 31, 2004, we incurred the following charges from Ernst & Young in connection with their services:

Type of Fees	2005	2004
Audit Fees	\$ 605,551	\$ 633,155
Audit Related Fees	0	0
Tax Fees	0	0
All Other Fees	0	0
Total	\$ 605,551	\$ 633,155

In the above table, in accordance with the SEC's definitions and rules, "audit fees" are fees we paid Ernst & Young for professional services for the audit of our consolidated financial statements included in Form 10-K and review of financial statements included in Form 10-Q, and for services that are normally provided by the accountant in connection with regulatory filings or engagements including comfort letters, consents, and assistance with review of documents filed with the Commission; "audit-related fees" are fees for assurance and related services that are reasonably related to the performance of the audit or review of our financial statements; "tax fees" are fees for tax compliance, tax advice and tax planning; and "all other fees" are fees for preparation of compliance reports for our retirement plans.
