Subject: Proposed Transaction

With respect to the transaction announced this morning concerning the merger of Harman International with a company to be formed by Kohlberg Kravis Roberts and GS Capital Partners, many of you have inquired about how this affects your participation in the 1992 and/or 2002 Stock Option and Incentive Plan. Here is some information that may be helpful in this regard:

The stock option plans continue as normal until the closing.

The window for exercising options will open as scheduled on May 1st.

If you have vested options at that time, you may exercise them, subject to our existing trading policy (*i.e.*, so long as you are not in possession of material non-public information).

If you are a director or Section 16 SEC-reporting officer of the Company, you should clear any sales with Dr. Harman in advance.

At the closing, all unexercised options (both vested and unvested) will vest and be cashed out for an amount equal to \$120 less the exercise price.

You may also have an opportunity to roll over some or all of your investment in Company stock into shares of the merged company, on terms that will be announced later. You should review carefully the information the Company has and will file with the SEC, and consult your tax or other financial advisor before making any decision. The Company is not making any recommendation to its employees regarding whether or when to exercise options or to purchase, sell or hold any Harman shares.
