**Item 8.01. OTHER EVENTS**

On April 11, 2008, Proliance International, Inc. (the Company) received a second preliminary insurance advance, in the amount of \$11 million, related to automotive and light truck heat exchange inventory damaged by tornadoes and storms on February 5, 2008 at the Company's central distribution facility in Southaven, Mississippi (the Southaven Casualty). These additional insurance proceeds will be applied in accordance with the Company's credit agreement to lower the borrowing base overadvance thereunder, which the Company must reduce to zero by May 31, 2008. The Company had previously received a \$10 million first preliminary insurance advance, which was utilized to repay indebtedness to its senior lenders.

The Company is in the process of securing additional insurance advances with respect to the Southaven Casualty. The Company's insurance policy covers losses of property and business interruption up to \$80 million, which the Company believes should provide sufficient coverage with respect to the Southaven Casualty and related expenses.
