We may from time to time offer and sell our debentures, notes or other evidence of indebtedness of any kind, nature or description (collectively, "Debt Securities"), common shares, preferred shares, subscription receipts, warrants and units (collectively, Debt Securities, common shares, preferred shares, subscription receipts, warrants and units are referred to herein as the "Securities") having an aggregate offering amount of up to US\$6,000,000,000 (or the equivalent in other currencies) during the 25-month period that this prospectus, including any amendments hereto, remains valid. Securities may be offered separately or together, in amounts, at prices and on terms to be determined based on market conditions at the time of sale and set forth in one or more prospectus supplements. These Securities may be offered and sold in Canada and/or the United States and elsewhere where permitted by law. We will provide the specific terms of these Securities in supplements to this prospectus that will be delivered to purchasers together with this prospectus. Unless otherwise provided in a prospectus supplement relating to a series of Debt Securities, the Debt Securities will be our direct, unsecured and unsubordinated obligations and will be issued under a trust indenture. You should read this prospectus and any prospectus supplement carefully before you invest in the Securities.

Neither the U.S. Securities and Exchange Commission nor any state securities commission has approved or disapproved these Securities or determined if this prospectus is truthful or complete. Any representation to the contrary is a criminal offence.

We are permitted, under a multijurisdictional disclosure system adopted by the United States, to prepare this prospectus in accordance with Canadian disclosure requirements, which are different from those of the United States. We prepared and will prepare our financial statements in accordance with United States generally accepted accounting principles ("U.S. GAAP"), and they are subject to Canadian and United States auditing and auditor independence standards.

Certain data on oil and gas reserves incorporated by reference in this prospectus has been prepared in accordance with Canadian disclosure standards, which are not comparable in all respects to United States disclosure standards.

Owning the Securities may subject you to tax consequences both in the United States and Canada. This prospectus or any applicable prospectus supplement may not describe these tax consequences fully. You should read the tax discussion in any applicable prospectus supplement.

Your ability to enforce civil liabilities under the United States federal securities laws may be affected adversely because we are incorporated in Canada, some of our officers and directors and some of the experts named in this prospectus, are Canadian residents, and many of our assets or the assets of our officers and directors and the experts are located outside the United States.

We may sell the Securities to or through underwriters purchasing as principals and may also sell the Securities to one or more purchasers directly or through agents. See "Plan of Distribution". The prospectus supplement relating to a particular offering of Securities will identify each underwriter or agent, as the case may be, engaged by us in connection with the offering and sale of Securities, and will set forth the terms of the offering of such Securities, including the method of distribution of such Securities, the public offering price, the proceeds to us, any fees, discounts or other compensation payable to underwriters or agents, and any other material terms of the plan of distribution. Securities may be sold from time to time in one or more transactions at a fixed price or fixed prices, or at non-fixed prices. If offered on a non-fixed price basis, Securities may be offered at market prices prevailing at the time of sale or at prices to be negotiated with purchasers at the time of sale, which prices may vary as between purchasers and during the period of distribution. If Securities are offered on a non-fixed price basis, the underwriters' compensation will be increased or decreased by the amount by which the aggregate price paid for Securities by the purchasers exceeds or is less than the gross proceeds paid by the underwriters to us. See "Plan of Distribution".

In connection with any offering of Securities, the underwriters or agents may over-allot or effect transactions which stabilize, maintain or otherwise affect the market price of the Securities at a level above that which otherwise might prevail on the open market. Such transactions may be commenced, interrupted or discontinued at any time. See "Plan of Distribution".

Our common shares are listed and posted for trading on the Toronto Stock Exchange (the "TSX") and on the New York Stock Exchange (the "NYSE") under the symbol "ECA". On June 19, 2014, the last trading day before the date of this prospectus, the closing price of the common shares on the TSX was C\$26.63 per common share, and the closing price of the common shares on the NYSE was US\$24.60 per common share. Unless otherwise specified in the applicable prospectus supplement, the Debt Securities, preferred shares, subscription receipts, warrants and units will not be listed on any securities or stock exchange. There is no market through which the Debt Securities, preferred shares, subscription receipts, warrants and units may be sold and purchasers may not be able to resell such securities purchased under this prospectus and the applicable prospectus supplement. This may affect the pricing of the Debt Securities, preferred shares, subscription receipts, warrants and units in the secondary market, the transparency and availability of trading prices, the liquidity of the Debt Securities, preferred shares, subscription receipts, warrants and the units and the extent of our regulation. See "Risk Factors".

Our registered and principal office is located at 4400, 500 Centre Street S.E., Calgary, Alberta T2G 1A6, Canada.

ABOUT THIS PROSPECTUS

Except as set forth under "Description of Debt Securities", and unless the context otherwise requires, all references in this prospectus and any prospectus supplement to "Encana", the "Corporation", "we", "us" and "our" mean Encana Corporation and its consolidated subsidiaries and partnerships.

In this prospectus and in any prospectus supplement, unless otherwise specified or the context otherwise requires, all dollar amounts are expressed in United States dollars, references to "dollars", "\$" or "US\$" are to United States dollars and all references to "C\$" are to Canadian dollars.

Unless otherwise indicated, all financial information included and incorporated by reference in this prospectus or included in any prospectus supplement is determined using U.S. GAAP.

This prospectus and the documents incorporated by reference in the prospectus contain, and a prospectus supplement may contain, disclosure respecting oil and natural gas liquids ("NGLs" and, together with oil and condensate, "liquids") and natural gas production expressed as "cubic feet of natural gas equivalent" and "barrels of oil equivalent" or "boe". All equivalency volumes have been derived using the ratio of six thousand cubic feet of natural gas to one barrel of oil. Equivalency measures may be misleading, particularly if used in isolation. A conversion ratio of six thousand cubic feet of natural gas to one barrel of oil is based on an energy equivalence conversion method primarily applicable at the burner tip and does not represent a value equivalency at the wellhead. Given that the value ratio based on the current price of oil as compared to natural gas is significantly different from the energy equivalency of 6:1, utilizing a conversion on a 6:1 basis may be misleading as an indication of value.

The securities regulatory authorities in Canada have adopted National Instrument 51-101 - Standards of Disclosure for Oil and Gas Activities ("NI 51-101"), which imposes oil and gas disclosure standards for Canadian public issuers engaged in oil and gas activities. NI 51-101 permits oil and gas issuers, in their filings with Canadian securities regulatory authorities, to disclose not only proved, probable and possible reserves but also resources, and to disclose reserves and production on a gross basis before deducting royalties. Probable reserves, possible reserves and resources are of a higher risk and are less likely to be accurately estimated or recovered than proved reserves. We are permitted to disclose reserves in accordance with Canadian securities law requirements and the disclosure in the documents incorporated by reference in this prospectus include reserves designated as probable reserves, possible reserves and resources. The United States Securities and Exchange Commission (the "SEC") definitions of proved, probable and possible reserves are different than the definitions contained in NI 51-101; therefore, proved, probable and possible reserves disclosed in the documents incorporated by reference into this prospectus in compliance with NI 51-101 may not be comparable to United States standards. The SEC requires United States oil and gas reporting companies, in their filings with the SEC, to disclose only proved reserves after the deduction of royalties and production due to others, but permits the optional disclosure of probable and possible reserves.

In addition, certain documents incorporated by reference in this prospectus contain estimates of contingent resources. The SEC does not permit the disclosure of contingent resources in reports filed with it by United States oil and gas reporting companies. Contingent resources are not, and should not be confused with, reserves. Additional information regarding these estimates can be found in our supplemental disclosure document concerning our estimated reserves and economic contingent resources dated February 24, 2014, which is incorporated by reference in this prospectus.

The resource estimates provided in the documents incorporated by reference in this prospectus are estimates only. Actual contingent resources (and any volumes that may be reclassified as reserves) and future production from such contingent resources may be greater than or less than the estimates provided herein.

Moreover, as permitted by NI 51-101, we have determined and disclosed the estimated net present value of future net revenue from our reserves in our NI 51-101 compliant reserves disclosure using forecast prices and costs. The SEC requires that reserves and related future net revenue be estimated based on historical 12-month average prices, but permits the optional disclosure of revenue estimates based on different price and cost criteria, including standardized future prices or management's own forecasts.

For additional information regarding the presentation of our reserves and other oil and gas information, including the primary differences between Canadian and U.S. reporting requirements, see the section entitled "Reserves and Other Oil and Gas Information" in our Annual Information Form dated February 20, 2014, which is incorporated by reference in this prospectus. Certain disclosure of our reserves prepared in accordance with United States disclosure requirements is set forth in the Appendix D to our Annual Information Form dated February 20, 2014 entitled "U.S. Protocol Disclosure of Reserves Data and Other Oil and Gas Information".

You are cautioned not to place undue reliance on forward-looking statements, as there can be no assurance that the plans, intentions or expectations upon which they are based will occur. By their nature, forward-looking statements involve numerous assumptions, inherent risks and uncertainties, both general and specific, that contribute to the possibility that the predicted outcomes will not occur, which may cause Encana's actual performance and financial results in future periods to differ materially from any estimates or projections of future performance or results expressed or implied by such forward-looking statements. USE OF PROCEEDS

Unless otherwise indicated in the applicable prospectus supplement, we will use the net proceeds we receive from the sale of the Securities for general corporate purposes. Those general corporate purposes may include capital expenditures, the repayment of indebtedness and the financing of acquisitions. The amount of net proceeds to be used for any such purpose will be described in an applicable prospectus supplement. We may invest funds that we do not immediately require in short-term marketable securities.

DESCRIPTION OF DEBT SECURITIES

In this section only, "we", "us", "our" or "Encana" refer only to Encana Corporation without any of its subsidiaries or partnerships through which it operates. The following description describes certain general terms and provisions of the Debt Securities. We will provide the particular terms and provisions of a series of Debt Securities and a description of how the general terms and provisions described below may apply to that series in a supplement to this prospectus.

The Debt Securities will be issued under an indenture (the "Indenture") dated November 14, 2011 and entered into between us and The Bank of New York Mellon, as "Trustee". The Indenture is subject to and governed by the U.S. Trust Indenture Act of 1939, as amended. The following is a summary of the Indenture which describes the material terms and provisions of the Debt Securities. However, it is the Indenture, and not this summary, that governs your rights as a holder of our Debt Securities. The Indenture has been filed with the SEC and is available on EDGAR. See "Where You Can Find More Information". In addition, prospective investors should rely on information in the applicable prospectus supplement, which may provide information that is different from this prospectus. The Debt Securities of any series issued under the Indenture, including any series of Debt Securities issued pursuant to an applicable prospectus supplement, are referred to in this prospectus as the "Indenture Securities".

We may, from time to time, issue debt instruments and incur additional indebtedness other than through the issuance of Debt Securities pursuant to this prospectus.

General

The Indenture does not limit the aggregate principal amount of Debt Securities (which may include debentures, notes and other evidences of indebtedness) that we may issue under the Indenture. It provides that Debt Securities may be issued from time to time in one or more series and may be denominated and payable in U.S. dollars or any foreign currency. The Indenture also permits us to increase the principal amount of any series of the Indenture Securities previously issued and to issue that increased principal amount. The applicable prospectus supplement will set forth the following terms and information relating to the Debt Securities being offered by us:

Table of Contents

- the specific designation and the aggregate principal amount of the Debt Securities of such series;
- the extent and manner, if any, to which payment on or in respect of our Debt Securities of such series will be senior or will be subordinated to the prior payment of our other liabilities and obligations;
- the percentage or percentages of principal amount at which our Debt Securities of such series will be issued;

- the rate or rates (whether fixed or variable) at which our Debt Securities of such series will bear interest, if any, and the date or dates from which such interest will accrue;
- the dates on which any interest will be payable and the regular record dates for the payment of interest on our Debt Securities of such series in registered form;
- the place or places where the principal of (and premium, if any, and interest, if any, on) our Debt Securities will be payable, and each office or agency where our Debt Securities of such series may be presented for registration of transfer or exchange;

- the terms, if any, on which our Debt Securities may be converted or exchanged for other of our Debt Securities or Debt Securities of other entities;

- whether the payment of our Debt Securities will be guaranteed by any other person; and
- if other than denominations of US\$2,000 and any integral multiple of US\$1,000 in excess thereof, the denominations in which any securities of the series shall be issuable.

Unless otherwise indicated in the applicable prospectus supplement, the Indenture does not afford holders of our Debt Securities the right to tender such Debt Securities to us in the event that we have a change in control.

Our Debt Securities may be issued under the Indenture bearing no interest or at a discount below their stated principal amount. The Canadian and U.S. federal income tax consequences and other special considerations applicable to any such discounted Debt Securities or other Debt Securities offered and sold at par which are treated as having been issued at a discount for Canadian and/or U.S. federal income tax purposes will be described in the prospectus supplement relating to the Debt Securities.

Ranking

Unless otherwise indicated in an applicable prospectus supplement, the Debt Securities issued under the Indenture will be unsecured and unsubordinated obligations and will rank equally with all of our other unsecured and unsubordinated indebtedness outstanding from time to time. We conduct a substantial portion of our business through corporate and partnership subsidiaries. The Debt Securities will be structurally subordinated to all existing and future indebtedness and liabilities, including trade payables, of any of our corporate or partnership subsidiaries. See "Risk Factors — The Debt Securities will be effectively subordinated to certain indebtedness of our corporate and partnership subsidiaries and be subject to certain reorganization risk".

Debt Securities in Global Form

The Depositary, Book-Entry and Settlement

A series of our Debt Securities may be issued in whole or in part in global form as a "global security" and will be registered in the name of and be deposited with a depositary, or its nominee, each of which will be identified in the prospectus supplement relating to that series. Unless and until exchanged, in whole or in part, for our Debt Securities in definitive registered form, a global security may not be transferred except as a whole by the depositary for such global security to a nominee of the depositary, by a nominee of the depositary to the depositary or another nominee of the depositary or by the depositary or any such nominee to a successor of the depositary or a nominee of the successor.

The specific terms of the depositary arrangement with respect to any portion of a particular series of our Debt Securities to be represented by a global security will be described in a prospectus supplement relating to such series. We anticipate that the following provisions will apply to all depositary arrangements.

Upon the issuance of a global security, the depositary therefor or its nominee will credit, on its book entry and registration system, the respective principal amounts of our Debt Securities represented by the global security to the accounts of such persons, designated as "participants", having accounts with such depositary or its nominee. Such

accounts shall be designated by the underwriters, dealers or agents participating in the distribution of our Debt Securities or by us if such Debt Securities are offered and sold directly by us. Ownership of beneficial interests in a global security will be limited to participants or persons that may hold beneficial interests through participants. Ownership of beneficial interests in a global security will be shown on, and the transfer of that ownership will be effected only through, records maintained by the depositary therefor or its nominee (with respect to interests of participants) or by participants or persons that hold through participants (with respect to interests of persons other than participants). The laws of some states in the United States may require that certain purchasers of securities have the ability to take physical delivery of such securities in definitive form.

So long as the depositary for a global security, or its nominee, is the registered owner of the global security, such depositary or such nominee, as the case may be, will be considered the sole owner or holder of the Debt Securities represented by the global security for all purposes under the Indenture. Except as provided below, owners of beneficial

Table of Contents

interests in a global security will not be entitled to have a series of our Debt Securities represented by the global security registered in their names and will not receive or be entitled to receive physical delivery of such series of our Debt Securities in definitive form.

Payments of Principal, Premium, if any, and Interest

Any payments of principal, premium, if any, and interest on global securities registered in the name of a depository or its nominee will be made to the depository or its nominee, as the case may be, as the registered owner of the global security representing such Debt Securities. None of us, the Trustee or any paying agent for our Debt Securities represented by the global securities will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests of the global security or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

We expect that the depository for a global security or its nominee, upon receipt of any payment of principal, premium, if any, or interest, will credit participants' accounts with payments in amounts proportionate to their respective beneficial interests in the principal amount of the global security as shown on the records of such depository or its nominee. We also expect that payments by participants to owners of beneficial interests in a global security held through such participants will be governed by standing instructions and customary practices, as is now the case with securities held for the accounts of customers registered in "street name", and will be the responsibility of such participants.

Discontinuance of Depository's Services

If a depository for a global security representing a particular series of our Debt Securities is at any time unwilling or unable to continue as depository and a successor depository is not appointed by us within 90 days, we will issue such series of our Debt Securities in definitive form in exchange for a global security representing such series of our Debt Securities. In addition, we may at any time and in our sole discretion determine not to have a series of our Debt Securities represented by a global security and, in such event, will issue a series of our Debt Securities in definitive form in exchange for the global security representing such series of Debt Securities.

Debt Securities in Definitive Form

A series of our Debt Securities may be issued solely as registered securities in denominations of US\$2,000 and any integral multiple of US\$1,000 in excess thereof or in such other denominations as may be set out in a prospectus supplement relating to any particular series.

An applicable prospectus supplement will indicate the places to register a transfer of our Debt Securities in definitive form. Except for certain restrictions set forth in the Indenture, no service charge will be made for any registration of transfer or exchange of such Debt Securities, but we may, in certain instances, require a sum sufficient to cover any tax or other governmental charges payable in connection with these transactions.

We shall not be required to:

- issue, register the transfer of or exchange any series of our Debt Securities during a period beginning at the opening of business 15 days before the day of selection for redemption of Debt Securities of that series and ending at the close of business on the day of mailing of the relevant notice of redemption; or

-

register the transfer of or exchange any security, or portion thereof, called for redemption, except the unredeemed portion of any security being redeemed in part.

Unless otherwise indicated in the applicable prospectus supplement, payment of any interest will be made to the persons in whose name our Debt Securities are registered at the close of business on the day or days specified by us.

"Voting Shares" means shares of any class of any corporation carrying voting rights under all circumstances, provided that, for the purposes of this definition, shares which only carry the right to vote conditionally on the happening of any event shall not be considered Voting Shares, nor shall any shares be deemed to cease to be Voting Shares solely by reason of a right to vote accruing to shares of another class or classes by reason of the happening of such an event, or solely because the right to vote may not be exercisable under the charter of the corporation.

Covenants

Limitation on Liens

The Indenture provides that so long as any Indenture Securities are outstanding and subject to the provisions of the Indenture, we will not, and will not permit any of our Restricted Subsidiaries to, create, incur, assume or otherwise have outstanding any Lien securing any indebtedness for borrowed money or interest thereon (or any liability of ours or such Restricted Subsidiaries under any guarantee or endorsement or other instrument under which we or such Restricted Subsidiaries are contingently liable, either directly or indirectly, for borrowed money or interest thereon), other than Permitted Liens, without also simultaneously or prior thereto securing, or causing such Restricted Subsidiaries to secure, indebtedness under the Indenture so that the Indenture Securities are secured equally and ratably with or prior to such other indebtedness, except that we and our Restricted Subsidiaries may incur a Lien to secure indebtedness for borrowed money without securing the Indenture Securities if, after giving effect thereto, the principal amount of indebtedness for borrowed money secured by Liens created, incurred or assumed after the date of the Indenture and otherwise prohibited by the Indenture does not exceed 10% of our Consolidated Net Tangible Assets.

Notwithstanding the foregoing, transactions such as the sale (including any forward sale) or other transfer of (i) oil, gas, minerals or other resources of a primary nature, whether in place or when produced, for a period of time until, or in an amount such that, the purchaser will realize therefrom a specified amount of money or a specified rate of return (however determined), or a specified amount of such oil, gas, minerals, or other resources of a primary nature, or (ii) any other interest in property of the character commonly referred to as a "production payment", will not constitute a Lien and will not result in us or a Restricted Subsidiary of ours being required to secure the Indenture Securities.

Consolidation, Amalgamation, Merger and Sale of Assets

We shall not consolidate or amalgamate with or merge into or enter into any statutory arrangement with any other corporation, partnership or trust or convey, transfer or lease all or substantially all our properties and assets to any person, unless:

- the entity formed by or continuing from such consolidation or amalgamation or into which we are merged or with which we enter into such statutory arrangement or the person which acquires or leases all or substantially all of our properties and assets is a corporation, partnership or trust organized and validly existing under the laws of the United States, any state thereof or the District of Columbia or the laws of Canada or any province or territory thereof, or, if such consolidation, amalgamation, merger, statutory arrangement or other transaction would not impair the rights of the holders of the Indenture Securities, in any other country, provided that if such successor entity is organized under the laws of a jurisdiction other than the United States, any state thereof or the District of Columbia, or the laws of Canada or any province or territory thereof, the successor entity assumes our obligations under the Indenture Securities

and the Indenture to pay Additional Amounts, with the name of such successor jurisdiction being included in addition to Canada in each place that Canada appears in " — Payment of Additional Amounts" and " — Tax Redemption" below;

- the successor entity expressly assumes or assumes by operation of law all of our obligations under the Indenture Securities and under the Indenture;
- immediately before and after giving effect to such transaction, no event of default, and no event which, after notice or lapse of time or both, would become an event of default, shall have happened and be continuing; and

Table of Contents

- certain other conditions are met.

In addition, notwithstanding anything in the Indenture, we may consolidate or amalgamate with or merge into or enter into a statutory arrangement with any direct or indirect wholly-owned Subsidiary and may convey, transfer or lease all or substantially all of our properties and assets to any direct or indirect wholly-owned Subsidiary without complying with the above provisions in a transaction or series of transactions in which we retain all of our obligations under and in respect of all outstanding Indenture Securities (hereinafter a "Permitted Reorganization") provided that on or prior to the date of the Permitted Reorganization we deliver to the Trustee an officer's certificate confirming that, as of the date of the Permitted Reorganization:

- substantially all of our unsubordinated and unsecured indebtedness for borrowed money which ranked pari passu with the then outstanding Indenture Securities immediately prior to the Permitted Reorganization will rank no better than pari passu with the then outstanding Indenture Securities after the Permitted Reorganization; for certainty, there is no requirement for any such other indebtedness to obtain or maintain similar ranking to the then outstanding Indenture Securities and such other indebtedness may be structurally subordinated or otherwise subordinated to the then outstanding Indenture Securities; or
- at least two of our then current rating agencies (or if only one rating agency maintains ratings in respect of the Indenture Securities at such time, that one rating agency) have affirmed that the rating assigned by them to the Indenture Securities shall not be downgraded as a result of the Permitted Reorganization.

If, as a result of any such transactions referred to above, any of our or our Restricted Subsidiaries' Restricted Properties become subject to a Lien, then, unless such Lien could be created pursuant to the Indenture provisions described under the "Limitation on Liens" covenant above without equally and ratably securing the Indenture Securities, we, simultaneously with or prior to such transaction, will secure, or cause the applicable Restricted Subsidiary to secure, the Indenture Securities to be secured equally and ratably with or prior to the indebtedness secured by such Lien.

Payment of Additional Amounts

Unless otherwise specified in the applicable prospectus supplement, all payments made by or on behalf of us under or with respect to any series of the Indenture Securities will be made free and clear of and without withholding or deduction for or on account of any present or future tax, duty, levy, impost, assessment or other governmental charge (including penalties, interest and other liabilities related thereto) imposed or levied by or on behalf of the Government of Canada or any province or territory thereof or by any authority or agency therein or thereof having power to tax (hereinafter "Canadian Taxes"), unless we are required to withhold or deduct Canadian Taxes by law or by the interpretation or administration thereof. If we are so required to withhold or deduct any amount for or on account of Canadian Taxes from any payment made under or with respect to the Indenture Securities, we will pay to each holder of such Indenture Securities as additional interest such additional amounts ("Additional Amounts") as may be necessary so that the net amount received by each such holder (including the Additional Amounts) after such withholding or deduction (and after deducting any Canadian Taxes on such Additional Amounts) will not be less than the amount such holder would have received if such Canadian Taxes had not been withheld or deducted. However, no Additional Amounts will be payable with respect to a payment made to an Indenture Securities holder (such holder, an "Excluded Holder") in respect of the beneficial owner thereof:

- with which we do not deal at arm's length (for the purposes of the Income Tax Act (Canada)) at the time the amount is paid or payable;

- which is subject to such Canadian Taxes by reason of the Indenture Securities holder being a resident, domicile or national of, or engaged in business or maintaining a permanent establishment or other physical presence in or otherwise having some connection with Canada or any province or territory thereof otherwise than by the mere holding of the Indenture Securities or the receipt of payments thereunder; or
- which is subject to such Canadian Taxes by reason of the Indenture Securities holder's failure to comply with any certification, identification, information, documentation or other reporting requirements if compliance is required by law, regulation, administrative practice or an applicable treaty as a precondition to exemption from, or a reduction in the rate of deduction or withholding of, such Canadian Taxes.

In addition, Additional Amounts will not be payable if the beneficial owner of, or person ultimately entitled to

Table of Contents

obtain an interest in, such Indenture Securities is not the sole beneficial owner of such payments, or is a fiduciary or partnership, to the extent that any beneficial owner, beneficiary or settlor with respect to such fiduciary or any partner or member of such partnership would not have been entitled to such Additional Amounts with respect to such payments had such beneficial owner, beneficiary, settlor, partner or member received directly its beneficial or distributive shares of such payments. In addition, Additional Amounts will not be payable with respect to any Canadian Taxes which are payable otherwise than by withholding from payments of, or in respect of, principal of, or interest on, the Indenture Securities.

We will also:

- make such withholding or deduction; and
- remit the full amount deducted or withheld to the relevant authority in accordance with applicable law.

We will furnish to the holders of the Indenture Securities, within 60 days after the date the payment of any Canadian Taxes is due pursuant to applicable law, certified copies of tax receipts or other documents evidencing such payment by us.

We will indemnify and hold harmless each holder of Indenture Securities (other than an Excluded Holder) and upon written request reimburse each such holder for the amount (excluding any Additional Amounts that have previously been paid by us with respect thereto) of:

- the payment of any Canadian Tax, together with any interest, penalties and reasonable expenses in connection therewith; and
- any Canadian Taxes imposed with respect to any reimbursement under the preceding clause, but excluding any such Canadian Taxes on such holder's net income.

In any event, no Additional Amounts or indemnity amounts will be payable in excess of Additional Amounts or the indemnity amounts which would be required if the holder and beneficial owner of Indenture Securities was a resident of the United States for purposes of the Canada-U.S. Income Tax Convention (1980), as amended.

Wherever in the Indenture there is mentioned, in any context, the payment of principal (and premium, if any), interest, if any, or any other amount payable under or with respect to an Indenture Security, such mention shall be deemed to include mention of the payment of Additional Amounts to the extent that, in such context, Additional Amounts are, were or would be payable in respect thereof.

Tax Redemption

Unless otherwise specified in the applicable prospectus supplement, a series of the Indenture Securities will be subject to redemption at any time, in whole and not in part, at a redemption price equal to the principal amount thereof together with accrued and unpaid interest to the date fixed for redemption, upon the giving of a notice as described below, if:

- as a result of any change in or amendment to the laws (or any regulations or rulings promulgated thereunder) of Canada or of any political subdivision or taxing authority thereof or therein affecting taxation, or any change in official position regarding the application or interpretation of such laws, regulations or rulings (including a holding by a court of competent jurisdiction), which change or amendment is announced or becomes effective on or after the

later of (i) the date specified in the applicable prospectus supplement or (ii) if applicable, the date a person organized in a jurisdiction other than Canada or the United States becomes our successor pursuant to the consolidation covenant of the Indenture described above under " — Covenants — Consolidation, Amalgamation, Merger and Sale of Assets", we or our successor reasonably determines that we or our successor have or will become obligated to pay, on the next succeeding date on which interest is due, Additional Amounts with respect to any Indenture Security of such series as described under " — Payment of Additional Amounts"; or

- on or after the later of (i) the date specified in the applicable prospectus supplement or (ii) if applicable, the date a person organized in a jurisdiction other than Canada or the United States becomes our successor pursuant to the consolidation covenant of the Indenture, any action has been taken by any taxing authority of, or any decision has been rendered by a court of competent jurisdiction in Canada, or any political

subdivision or taxing authority thereof or therein, including any of those actions specified in the paragraph immediately above, whether or not such action was taken or decision was rendered with respect to us, or our successor, or any change, amendment, application or interpretation shall be officially proposed, which, in any such case, in the written opinion to us of legal counsel of recognized standing, will likely result in us or our successor becoming obligated to pay, on the next succeeding date on which interest is due, Additional Amounts with respect to any Indenture Security of such series;

and, in any such case, we, or our successor, in our business judgment, determine that such obligation cannot be avoided by the use of reasonable measures available to us or our successor.

In the event that we elect to redeem a series of the Indenture Securities pursuant to the provisions set forth in the preceding paragraph, we shall deliver to the Trustee a certificate, signed by an authorized officer, stating that we are entitled to redeem such series of the Indenture Securities pursuant to their terms.

Notice of intention to redeem such series of the Indenture Securities will be given not more than 60 nor less than 30 days prior to the date fixed for redemption and will specify the date fixed for redemption.

Provision of Financial Information

We will furnish to the Trustee, within 30 days after we file them with or furnish them to the SEC, copies, which may be in electronic format, of our annual and quarterly reports and of the information, documents and other reports (or copies of such portions of any of the foregoing as the SEC may by rules and regulations prescribe) which we are required to file with or furnish to the SEC pursuant to Section 13 or 15(d) of the Exchange Act.

Notwithstanding that we may not be required to remain subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act or otherwise report on an annual and quarterly basis on forms provided for such annual and quarterly reporting pursuant to rules and regulations promulgated by the SEC, we will continue to provide the Trustee:

- within 140 days after the end of each fiscal year, the information required to be contained in annual reports on Form 20-F, Form 40-F or Form 10-K as applicable (or any successor form); and
- within 65 days after the end of each of the first three fiscal quarters of each fiscal year, the information required to be contained in reports on Form 6-K (or any successor form) which, regardless of applicable requirements shall, at a minimum, contain such information required to be provided in quarterly reports under the laws of Canada or any province thereof to security holders of a corporation with securities listed on the Toronto Stock Exchange, whether or not we have any of our securities listed on such exchange. Such information will be prepared in accordance with Canadian disclosure requirements and GAAP, to the extent permitted by the rules and regulations of the SEC, provided, however, that we shall not be obligated to file such report with the SEC if the SEC does not permit such filings.

Events of Default

The following are summaries of events of default under the Indenture with respect to any series of the Indenture Securities:

- default in the payment of any interest on any Indenture Security of that series when such interest becomes due and payable, and continuance of such default for a period of 30 days;

- default in the payment of the principal of (or premium, if any, on), any Indenture Security of that series when it becomes due and payable;
- default in the performance, or breach, of any of our covenants or warranties in the Indenture in respect of the Indenture Securities of that series (other than a covenant or warranty a default in the performance of which or the breach of which is specifically dealt with elsewhere in the Indenture), and continuance of such default or breach for a period of 60 days after receipt by us of written notice to us, specifying such default or breach, by the Trustee or by the holders of at least 25% in principal amount of all outstanding Indenture Securities of any series affected thereby;

Table of Contents

- if an event of default (as defined in any indenture or instrument under which we or one of our Restricted Subsidiaries has at the time of the Indenture or shall thereafter have outstanding any indebtedness for borrowed money) shall happen and be continuing, or we or any of our Restricted Subsidiaries shall have failed to pay principal amounts with respect to such indebtedness at maturity and such event of default or failure to pay shall result in such indebtedness being declared due and payable or otherwise being accelerated, in either event so that an amount in excess of the greater of US\$200,000,000 and 2% of our Shareholders' Equity shall be or become due and payable upon such declaration or otherwise accelerated prior to the date on which the same would otherwise have become due and payable (the "accelerated indebtedness"), and such acceleration shall not be rescinded or annulled, or such event of default or failure to pay under such indenture or instrument shall not be remedied or cured, whether by payment or otherwise, or waived by the holders of such accelerated indebtedness, then (i) if the accelerated indebtedness shall be as a result of an event of default which is not related to the failure to pay principal or interest on the terms, at the times, and on the conditions set out in any such indenture or instrument, it shall not be considered an event of default for purposes of the Indenture until 30 days after such indebtedness has been accelerated, or (ii) if the accelerated indebtedness shall occur as a result of such failure to pay principal or interest or as a result of an event of default which is related to the failure to pay principal or interest on the terms, at the times, and on the conditions set out in any such indenture or instrument, then (A) if such accelerated indebtedness is, by its terms, Non-Recourse Debt to us or our Restricted Subsidiaries, it shall not be considered an event of default for purposes of the Indenture; or (B) if such accelerated indebtedness is recourse to us or our Restricted Subsidiaries, any requirement in connection with such failure to pay or event of default for the giving of notice or the lapse of time or the happening of any further condition, event or act under such other indenture or instrument in connection with such failure to pay principal or an event of default shall be applicable together with an additional seven days before being considered an event of default for purposes of the Indenture;
- the entry of a decree or order by a court having jurisdiction in the premises adjudging us a bankrupt or insolvent, or approving as properly filed a petition seeking reorganization, arrangement, adjustment or composition of or in respect of us under the Bankruptcy and Insolvency Act (Canada), the Companies' Creditors Arrangement Act (Canada) or any other applicable insolvency law, or appointing a receiver, liquidator, assignee, trustee, sequestrator (or other similar official) of us or of any substantial part of our property, or ordering the winding up or liquidation of our the affairs, and the continuance of any such decree or order unstayed and in effect for a period of 90 consecutive days;
- the institution by us of proceedings to be adjudicated a bankrupt or insolvent, or the consent by us to the institution of bankruptcy or insolvency proceedings against us, or the filing by us of a petition or answer or consent seeking reorganization or relief under the Bankruptcy and Insolvency Act (Canada), the Companies' Creditors Arrangement Act (Canada) or any other applicable insolvency law, or the consent by us to the filing of any such petition or to the appointment of a receiver, liquidator, assignee, trustee, sequestrator (or other similar official) of us or of any substantial part of our property, or the making by us of an assignment for the benefit of creditors, or the admission by us in writing of our inability to pay our debts generally as they become due; or
 - any other events of default provided with respect to Indenture Securities of that series.

If an event of default under the Indenture occurs and is continuing with respect to any series of the Indenture Securities, then and in every such case the Trustee or the holders of not less than 25% in aggregate principal amount of the outstanding Indenture Securities of such affected series may, subject to any subordination provisions thereof, declare the entire principal amount (or, if the Indenture Securities of that series are original issue discount Debt Securities, such portion of the principal amount as may be specified in the terms of that series) of all Indenture Securities of such series and all accrued and unpaid interest thereon to be immediately due and payable. However, at any time after a declaration of acceleration with respect to any series of the Indenture Securities has been made, but

before a judgment or decree for payment of the money due has been obtained, the holders of a majority in principal amount of the outstanding Indenture Securities of that series, by written notice to us and the Trustee under certain circumstances, may rescind and annul such acceleration.

Reference is made to the applicable prospectus supplement or supplements relating to each series of the Indenture Securities which are original issue discount Debt Securities for the particular provisions relating to acceleration of the

Table of Contents

maturity of a portion of the principal amount of such original issue discount securities upon the occurrence of any event of default and the continuation thereof.

Subject to certain limitations set forth in the Indenture, the holders of a majority in principal amount of the outstanding Indenture Securities of all series affected by an event of default shall have the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee, or exercising any trust or power conferred on the Trustee, with respect to the Indenture Securities of all series affected by such event of default.

No holder of an Indenture Security of any series will have any right to institute any proceeding with respect to the Indenture, or for the appointment of a receiver or a Trustee, or for any other remedy thereunder, unless:

- such holder has previously given to the Trustee written notice of a continuing event of default with respect to the Indenture Securities of such series affected by such event of default;
- the holders of at least 25% in aggregate principal amount of the outstanding Indenture Securities of such series affected by such event of default have made written request, and such holder or holders have offered reasonable indemnity, to the Trustee to institute such proceeding as Trustee; and
- the Trustee has failed to institute such proceeding, and has not received from the holders of a majority or more in aggregate principal amount of the outstanding Indenture Securities of such series affected by such event of default a direction inconsistent with such request, within 60 days after such notice, request and offer.

However, such above-mentioned limitations do not apply to a suit instituted by the holder of an Indenture Security for the enforcement of payment of the principal of or any premium or interest on such Indenture Security on or after the applicable due date specified in such Indenture Security.

We will annually furnish to the Trustee a statement by certain of our officers as to whether or not we, to the best of their knowledge, are in compliance with all conditions and covenants of the Indenture and, if not, specifying all such known defaults.

Defeasance and Covenant Defeasance

Unless otherwise specified in the applicable prospectus supplement, the Indenture provides that, at our option, we will be discharged from any and all obligations in respect of the outstanding Indenture Securities of any series upon irrevocable deposit with the Trustee, in trust, of money and/or government securities which will provide money in an amount sufficient in the opinion of a nationally recognized firm of independent chartered accountants (as evidenced by an officer's certificate delivered to the Trustee) to pay the principal of (and premium, if any, and each instalment of interest, if any, on) the outstanding Indenture Securities of such series (hereinafter referred to as a "defeasance") (except with respect to the authentication, transfer, exchange or replacement of the Indenture Securities or the maintenance of a place of payment and certain other obligations set forth in the Indenture). Such trust may only be established if among other things:

- we have delivered to the Trustee an opinion of counsel in the United States stating that (i) we have received from, or there has been published by, the Internal Revenue Service a ruling, or (ii) since the date of execution of the Indenture, there has been a change in the applicable U.S. federal income tax law, in either case to the effect that the holders of the outstanding Indenture Securities of such series will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such defeasance had

not occurred;

- we have delivered to the Trustee an opinion of counsel in Canada or a ruling from the Canada Revenue Agency (or successor agency) to the effect that the holders of the outstanding Indenture Securities of such series should not recognize income, gain or loss for Canadian federal or provincial income tax purposes as a result of such defeasance and should be subject to Canadian federal or provincial income tax on the same amounts, in the same manner and at the same times as would have been the case had such defeasance not occurred (and for the purposes of such opinion, such Canadian counsel shall assume that holders of the outstanding Indenture Securities of such series include holders who are not resident in Canada);

Table of Contents

- no event of default or event that, with the passing of time or the giving of notice, or both, shall constitute an event of default shall have occurred and be continuing on the date of such deposit; and
- we are not an "insolvent person" within the meaning of the Bankruptcy and Insolvency Act (Canada) on the date of such deposit or at any time during the period ending on the 91st day following such deposit.

We may exercise our defeasance option notwithstanding our prior exercise of our covenant defeasance option described in the following paragraph if we meet the conditions described in the preceding sentence at the time we exercise the defeasance option.

The Indenture provides that, at our option, unless and until we have exercised our defeasance option described in the preceding paragraph, we may omit to comply with the "Limitation on Liens" covenant, certain aspects of the "Consolidation, Amalgamation, Merger and Sale of Assets" covenant and certain other covenants and such omission shall not be deemed to be an event of default under the Indenture and the outstanding Indenture Securities upon irrevocable deposit with the Trustee, in trust, of money and/or government securities which will provide money in an amount sufficient in the opinion of a nationally recognized firm of independent chartered accountants (as evidenced by an officer's certificate delivered to the Trustee) to pay the principal of (and premium, if any, and each installment of interest, if any, on) the outstanding Indenture Securities (hereinafter referred to as "covenant defeasance"). If we exercise our covenant defeasance option, the obligations under the Indenture other than with respect to such covenants and the events of default other than with respect to such covenants shall remain in full force and effect. Such trust may only be established if, among other things:

- we have delivered to the Trustee an opinion of counsel in the United States to the effect that the holders of the outstanding Indenture Securities will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such covenant defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such covenant defeasance had not occurred;
- we have delivered to the Trustee an opinion of counsel in Canada or a ruling from the Canada Revenue Agency to the effect that the holders of the outstanding Indenture Securities should not recognize income, gain or loss for Canadian federal or provincial income or other tax purposes as a result of such covenant defeasance and should be subject to Canadian federal or provincial income and other tax on the same amounts, in the same manner and at the same times as would have been the case had such covenant defeasance not occurred (and for the purposes of such opinion, such Canadian counsel shall assume that holders of the outstanding Indenture Securities include holders who are not resident in Canada);
- no event of default or event that, with the passing of time or the giving of notice, or both, shall constitute an event of default shall have occurred and be continuing on the date of such deposit; and
- we are not an "insolvent person" within the meaning of the Bankruptcy and Insolvency Act (Canada) on the date of such deposit or at any time during the period ending on the 91st day following such deposit.

Modification and Waiver

Modifications and amendments of the Indenture may be made by us and the Trustee with the consent of the holders of a majority in principal amount of the outstanding Indenture Securities of each series issued under the Indenture affected by such modification or amendment (voting as one class); provided, however, that no such modification or amendment may, without the consent of the holder of each outstanding Indenture Security of such affected series:

- change the stated maturity of the principal of (or premium, if any), or any installment of interest, if any, on any Indenture Security;
 - reduce the principal amount of (or premium, if any, or interest, if any, on) any Indenture Security;
 - reduce the amount of principal of an Indenture Security payable upon acceleration of the maturity thereof;
 - change the place of payment;

Table of Contents

- change the currency of payment of principal of (or premium, if any, or interest, if any, on) any Indenture Security;
- impair the right to institute suit for the enforcement of any payment on or with respect to any Indenture Security;
- reduce the percentage of principal amount of outstanding Indenture Securities of such series, the consent of the holders of which is required for modification or amendment of the applicable Indenture or for waiver of compliance with certain provisions of the Indenture or for waiver of certain defaults; or
- modify any provisions of the Indenture relating to the modification and amendment of the Indenture or the waiver of past defaults or covenants except as otherwise specified in the Indenture.

The holders of a majority in principal amount of the outstanding Indenture Securities of any series may on behalf of the holders of all Indenture Securities of that series waive, insofar as that series is concerned, compliance by us with certain restrictive provisions of the Indenture. The holders of a majority in principal amount of outstanding Indenture Securities of any series may waive any past default under the Indenture with respect to that series, except a default in the payment of the principal of (or premium, if any) and interest, if any, on any Indenture Security of that series or in respect of a provision which under the Indenture cannot be modified or amended without the consent of the holder of each outstanding Indenture Security of that series.

The Indenture or the Indenture Securities may be amended or supplemented, without the consent of any holder of such Indenture Securities, in order to, among other things, cure any ambiguity or inconsistency or to make any change, in any case, that does not have a materially adverse effect on the rights of any holder of such Indenture Securities.

Consent to Jurisdiction and Service

Under the Indenture, we irrevocably appoint CT Corporation System, 111-8th Avenue, New York, New York, 10011 as our authorized agent for service of process in any suit or proceeding arising out of or relating to our Debt Securities or the Indenture and for actions brought under federal or state securities laws in any federal or state court located in New York, New York and irrevocably submit to the non-exclusive jurisdiction of any such court.

Governing Law

Our Debt Securities and the Indenture will be governed by and construed in accordance with the laws of the State of New York.

Enforceability of Judgments

Since many of our assets, as well as many of the assets of some of our officers and directors, are outside the United States, any judgment obtained in the United States against us or certain of our officers or directors, including judgments with respect to the payment of principal on any Debt Securities, may not be collectible within the United States.

DESCRIPTION OF SHARE CAPITAL

Authorized Capital

The following sets forth the terms and provisions of our existing capital. The particular terms and provisions of the common shares and/or preferred shares offered by a prospectus supplement and the extent to which these general

terms and provisions apply will be described in such prospectus supplement. Our authorized capital consists of an unlimited number of common shares, an unlimited number of first preferred shares, and an unlimited number of second preferred shares. As at December 31, 2013, approximately 740.9 million common shares were issued and outstanding, and no preferred shares were outstanding.

Common Shares

The following description is subject to, and qualified by reference to, the terms and provisions of Encana's articles and by-laws.

Table of Contents

The holders of common shares are entitled to receive notice of and to attend all meetings of shareholders and are entitled to one vote per common share held at all such meetings, except at separate meetings of or on separate votes by the holders of another class or series of shares of the Corporation. Holders of common shares are also entitled to receive dividends if, as and when declared by the Board of Directors. In the event of a liquidation, dissolution or winding up of the Corporation or other distribution of assets of the Corporation among its shareholders for the purpose of winding up its affairs, the holders of the common shares will, subject to the rights of the holders of any other class of shares of the Corporation entitled to receive the assets of the Corporation upon such a distribution in priority to or ratably with the holders of common shares, be entitled to participate ratably in any distribution of the assets of Encana.

The transfer agent and registrar for the common shares is CST Trust Company.

Preferred Shares

Encana's preferred shares may be issued in one or more series. The Board of Directors may determine the designation, rights, privileges, restrictions and conditions attached to each series of preferred shares before the issue of such series. Holders of the preferred shares are not entitled to vote at any meeting of the shareholders of the Corporation, but may be entitled to vote if the Corporation fails to pay dividends on that series of preferred shares. The first preferred shares are entitled to priority over the second preferred shares and the common shares of Encana, and the second preferred shares are entitled to priority over the common shares of Encana, with respect to the payment of dividends and the distribution of assets of Encana in the event of any liquidation, dissolution or winding up of Encana's affairs.

The specific terms of a series of preferred shares as described in a prospectus supplement will supplement and, if applicable, may modify or replace the general terms described in this section. Thus, the statements made in this section may not apply to a particular series of preferred shares.

DESCRIPTION OF SUBSCRIPTION RECEIPTS

This section describes the general terms that will apply to any subscription receipts that may be offered by Encana pursuant to this prospectus. Subscription receipts may be offered separately or together with common shares and/or other securities of Encana, including warrants. The subscription receipts will be issued under one or more subscription receipt agreements that will be entered into by Encana and an escrow agent at the time of issuance of the subscription receipts.

A subscription receipt will entitle the holder thereof to receive a common share and/or other securities of Encana, for no additional consideration, upon the completion of a particular transaction or event, typically an acquisition of the assets or securities of another entity by Encana or one or more of its subsidiaries. The subscription proceeds from an offering of subscription receipts will be held in escrow by an escrow agent pending the completion of the transaction or the termination time (the time at which the escrow terminates regardless of whether the transaction or event has occurred). Holders of subscription receipts will receive common shares and/or other securities of Encana upon the completion of the particular transaction or event or, if the transaction or event does not occur by the termination time, a return of the subscription funds for their subscription receipts together with any interest or other income earned thereon, as determined by the terms of the applicable escrow.

Holders of subscription receipts are not shareholders of Encana. The particular terms and provisions of subscription receipts offered by any prospectus supplement, and the extent to which the general terms and provisions described below may apply to them, will be described in the prospectus supplement filed in respect of such subscription receipts. This description will include, where applicable: (i) the number of subscription receipts offered; (ii) the price at which

the subscription receipts will be offered; (iii) the terms, conditions and procedures pursuant to which the holders of subscription receipts will become entitled to receive common shares and/or other securities of Encana; (iv) the number of common shares and/or other securities of Encana that may be obtained upon exercise of each subscription receipt; (v) the designation and terms of any other securities with which the subscription receipts will be offered, if any, and the number of subscription receipts that will be offered with each such security; (vi) the terms relating to the holding and release of the gross proceeds from the sale of the subscription receipts plus any interest and income earned thereon; (vii) the material income tax consequences of owning, holding and disposing of the subscription receipts; and (viii) any other material terms and conditions of the subscription receipts including, without limitation, transferability and adjustment terms and whether the subscription receipts will be listed on a stock exchange.

Table of Contents

DESCRIPTION OF WARRANTS

Warrants will typically be offered with common shares, with such securities often referred to collectively as a "unit", but may be offered with subscription receipts or separately. The warrants either will be issued under a warrant indenture or agreement that will be entered into by Encana or a trustee at the time of issuance of the warrants or will be represented by warrant certificates issued by Encana.

Holders of warrants are not shareholders of Encana. The particular terms and provisions of warrants offered by any prospectus supplement, and the extent to which the general terms and provisions described below may apply to them, will be described in the prospectus supplement filed in respect of such warrants. This description will include, where applicable: (i) the title or designation of the warrants; (ii) the number of warrants offered; (iii) the number of common shares and/or other securities of Encana purchasable upon exercise of the warrants and the procedures for exercise; (iv) the exercise price of the warrants; (v) the dates or periods during which the warrants are exercisable and when they expire; (vi) the designation and terms of any other securities with which the warrants will be offered, if any, and the number of warrants that will be offered with each such security; (vii) the material income tax consequences of owning, holding and disposing of the warrants; and (viii) any other material terms and conditions of the warrants including, without limitation, transferability and adjustment terms and whether the warrants will be listed on a stock exchange.

DESCRIPTION OF UNITS

Encana may issue units comprised of one or more of the other securities described in this prospectus in any combination. Each unit will be issued so that the holder of the unit is also the holder of each security included in the unit. Thus, the holder of a unit will have the rights and obligations of a holder of each included security. The unit agreement under which a unit is issued may provide that the securities included in the unit may not be held or transferred separately, at any time or at any time before a specified date.

The particular terms and provisions of units offered by any prospectus supplement, and the extent to which the general terms and provisions described below may apply to them, will be described in the prospectus supplement filed in respect of such units. This description will include, where applicable: (i) the designation and terms of the units and of the securities comprising the units, including whether and under what circumstances those securities may be held or transferred separately; (ii) any provisions for the issuance, payment, settlement, transfer or exchange of the units or of the securities comprising the units; (iii) whether the units will be issued in fully registered or global form; and (iv) any other material terms and conditions of the units.

RISK FACTORS

In addition to the risk factors set forth below, additional risk factors relating to our business are discussed in our Annual Information Form and our Management's Discussion and Analysis, which risk factors are incorporated herein by reference. Prospective purchasers of the Securities should consider carefully the risk factors set forth below as well as the other information contained in and incorporated by reference in this prospectus and in the applicable prospectus supplement before purchasing the Securities offered hereby. If any event arising from these risks occurs, our business, prospects, financial condition, results of operations or cash flows, or your investment in the Securities could be materially adversely affected.

The common shares may be subject to price and volume fluctuations, and the market price for the common shares following an offering may drop below the offering price.

In recent years, securities markets have experienced considerable price and volume volatility, which may have been unrelated to the operating performance of Encana or the affected companies. The market price of publicly traded stock is affected by many variables, including the strength of the economy generally, commodity prices, the availability and attractiveness of alternative investments and the breadth of the public market for the stock. The effect of these and other factors on the market price of securities on the stock exchanges on which we trade suggests that the trading price of the common shares may continue to be volatile. These fluctuations may affect the price of the common shares following an offering, and the market price of the common shares may drop below the offering price. As a result of this volatility, you may not be able to sell your common shares at or above the offering price.

The decision to pay dividends and the amount of such dividends is subject to the discretion of Encana's Board of Directors based on numerous factors and may vary from time to time.

Table of Contents

Although Encana currently intends to pay quarterly cash dividends to its shareholders, these cash dividends may be reduced or suspended. The amount of cash available to Encana to pay dividends, if any, can vary significantly from period to period for a number of reasons, including, among other things: Encana's operational and financial performance; fluctuations in the costs to produce natural gas, oil and NGLs; the amount of cash required or retained for debt service or repayment; amounts required to fund capital expenditures and working capital requirements; access to equity markets; foreign currency exchange rates and interest rates; and the risk factors set herein and documents incorporated by reference herein.

The decision whether or not to pay dividends and the amount of any such dividends are subject to the discretion of Encana's Board of Directors, which regularly evaluates Encana's proposed dividend payments and the solvency test requirements of the Canada Business Corporations Act. In addition, the level of dividends per common share will be affected by the number of outstanding common shares and other securities that may be entitled to receive cash dividends or other payments. Dividends may be increased, reduced or suspended depending on Encana's operational success and the performance of its assets. The market value of the common shares may deteriorate if Encana is unable to meet dividend expectations in the future, and that deterioration may be material.

There can be no assurance as to the liquidity of the trading market for the Debt Securities, preferred shares, subscription receipts, warrants or units or that a trading market for such securities will develop.

Prior to an offering of Debt Securities, preferred shares, subscription receipts, warrants or units, there will be no public market for such securities. There can be no assurance that an active trading market for the Debt Securities, preferred shares, subscription receipts, warrants or units will develop or be sustained. Unless otherwise specified in the applicable prospectus supplements, there is no market through which the Debt Securities, preferred shares, subscription receipts, warrants or units may be sold and purchasers may not be able to resell such securities purchased under this prospectus and the relevant prospectus supplement. This may affect the pricing of the Debt Securities, preferred shares, subscription receipts, warrants or units in the secondary market, the transparency and availability of trading prices and the liquidity of such securities.

Credit ratings may not reflect all risks of an investment in the Debt Securities or the preferred shares and may change.

Credit ratings may not reflect all risks associated with an investment in the Debt Securities or the preferred shares. Any credit ratings applied to the Debt Securities or the preferred shares are an assessment of our ability to pay our obligations. Consequently, real or anticipated changes in the credit ratings will generally affect the market value of the Debt Securities or the preferred shares. The credit ratings, however, may not reflect the potential impact of risks related to structure, market or other factors discussed herein on the value of the Debt Securities or the preferred shares. There is no assurance that any credit rating assigned to the Debt Securities or the preferred shares will remain in effect for any given period of time or that any rating will not be lowered or withdrawn entirely by the relevant rating agency.

Changes in interest rates may cause the market price or value of the Debt Securities and the preferred shares to change.

Prevailing interest rates will affect the market price or value of the Debt Securities and the preferred shares. The market price or value of the Debt Securities and the preferred shares may decline as prevailing interest rates for comparable debt instruments rise, and increase as prevailing interest rates for comparable debt instruments decline.

The Debt Securities may be subject to foreign currencies risk.

Debt Securities denominated or payable in foreign currencies may entail significant risk. These risks include, without limitation, the possibility of significant fluctuations in the foreign currency markets, the imposition or modification of foreign exchange controls and potential liquidity in the secondary market. These risks will vary depending on the currency or currencies involved and will be more fully described in the applicable prospectus supplement.

The Debt Securities will be effectively subordinated to certain indebtedness of our corporate and partnership subsidiaries and be subject to certain reorganization risk.

The Indenture permits us, at any time and from time to time, to complete reorganizations with any of our wholly-owned direct or indirect subsidiaries provided that certain conditions are met. In the event of any such reorganization,

Table of Contents

the Debt Securities may continue to be obligations of us in circumstances where our assets comprise (and are potentially limited to) our ownership interest in the subsidiaries through which our operations are thereafter conducted. Such subsidiaries, which following completion of a reorganization may hold all of the assets formerly held by us, are not restricted under the Indenture with respect to subsequent asset dispositions or incurring indebtedness. See "Description of Debt Securities — Covenants — Consolidation, Amalgamation, Merger and Sale of Assets".

The Debt Securities will be our unsubordinated and unsecured obligations and, unless otherwise provided with respect to a series of Debt Securities, will rank equally with all of our other unsecured, unsubordinated obligations. We conduct a substantial portion of our business through corporate and partnership subsidiaries. Our obligations under the Debt Securities will be structurally subordinate to all existing and future indebtedness and liabilities, including trade payables, of any of our corporate and partnership subsidiaries.

CERTAIN INCOME TAX CONSIDERATIONS

The applicable prospectus supplement will describe certain Canadian federal income tax consequences to an investor of acquiring any Securities offered thereunder, including, for investors who are non-residents of Canada, whether the payments of principal, interest or distributions, if any, on the Securities will be subject to Canadian non-resident withholding tax.

The applicable prospectus supplement will also describe certain U.S. federal income tax consequences of the acquisition, ownership and disposition of any Securities offered thereunder by an initial investor who is a U.S. person (within the meaning of the U.S. Internal Revenue Code).

PLAN OF DISTRIBUTION

We may offer and sell Securities to or through underwriters or dealers and also may sell Securities directly to purchasers or through agents. These Securities may be offered and sold in Canada and/or the United States and elsewhere where permitted by law.

The distribution of Securities may be effected from time to time in one or more transactions:

- at a fixed price or prices, which may be changed;
- at market prices prevailing at the time of sale; or
- at prices related to such prevailing market prices to be negotiated with purchasers.

If offered on a non-fixed price basis, Securities may be offered at market prices prevailing at the time of sale or at prices to be negotiated with purchasers at the time of sale, which prices may vary as between purchasers and during the period of distribution. If Securities are offered on a non-fixed price basis, the compensation payable to any underwriter, dealer or agent to us will be increased or decreased by the amount, if any, by which the aggregate price paid for Securities by the purchasers exceeds or is less than the gross proceeds paid by the underwriter, dealer or agent to us.

In connection with the sale of Securities, underwriters may receive compensation from us or from purchasers of Securities for whom they may act as agents in the form of concessions or commissions. Underwriters, dealers and agents that participate in the distribution of Securities may be deemed to be underwriters and any commissions received by them from us and any profit on the resale of Securities by them may be deemed to be underwriting

commissions under the United States Securities Act of 1933, as amended (the "Securities Act").

If so indicated in the applicable prospectus supplement, we may authorize dealers or other persons acting as our agents to solicit offers by certain institutions to purchase the Securities directly from us pursuant to contracts providing for payment and delivery on a future date. These contracts will be subject only to the conditions set forth in the applicable prospectus supplement or supplements, which will also set forth the commission payable for solicitation of these contracts.

The applicable prospectus supplement will also set forth the terms of the offering relating to particular Securities, including to the extent applicable, the initial offering price, our proceeds from the offering, the underwriting concessions or commissions, and any other discounts or concessions to be allowed or reallocated to dealers. Underwriters with respect to the

Table of Contents

particular Securities sold to or through underwriters will be named in the prospectus supplement relating to such Securities.

Under agreements which may be entered into by us, underwriters, dealers and agents who participate in the distribution of Securities may be entitled to indemnification by us against certain liabilities, including liabilities under the Securities Act and Canadian provincial securities legislation, or to contributions with respect to payments which such underwriters, dealers or agents may be required to make in respect thereof. The underwriters, dealers and agents with whom we enter into agreements may be customers of, engage in transactions with or perform services for us in the ordinary course of business.

Any offering of Debt Securities, preferred shares, subscription receipts, warrants or units will be a new issue of securities with no established trading market. Unless otherwise specified in a prospectus supplement, the Debt Securities, preferred shares, subscription receipts, warrants or units will not be listed on any securities exchange or on any automated dealer quotation system. This may affect the pricing of the Debt Securities, preferred shares, subscription receipts, warrants or units in the secondary market, the transparency and availability of trading prices, the liquidity of the Debt Securities, preferred shares, subscription receipts, warrants or units and the extent of issuer regulation. Certain broker-dealers may make a market in the Debt Securities, preferred shares, subscription receipts, warrants or units, but will not be obligated to do so and may discontinue any market making at any time without notice. We cannot assure you that any broker-dealer will make a market in the Debt Securities, preferred shares, subscription receipts, warrants or units of any series or as to the liquidity of the trading market, if any, for such securities.

In compliance with the guidelines of the United States Financial Industry Regulatory Authority, Inc. ("FINRA"), the maximum discount or commission to be received by any FINRA member or independent broker-dealer may not exceed eight percent of the aggregate gross sales proceeds of any Securities offered hereby. In addition, if more than five percent of the net proceeds of any offering of Securities made under this prospectus will be received by any FINRA member participating in the offering or by affiliates or associated persons of such FINRA member or any participating member who otherwise would have a "conflict of interest" under FINRA Rules, the offering will be conducted in accordance with FINRA Rule 5121.

INTEREST COVERAGE

The following sets forth our consolidated interest coverage ratios calculated for the twelve month periods ended December 31, 2013, based on audited financial information, and March 31, 2014, based on unaudited financial information. The interest coverage ratios set out below have been prepared and included in this prospectus in accordance with Canadian disclosure requirements. The interest coverage ratios for the twelve month periods ended December 31, 2013 and March 31, 2014 have been calculated based on information contained within our financial statements for the related periods which were prepared in accordance with U.S. GAAP. The interest coverage ratios set out below do not purport to be indicative of an interest coverage ratio for any future periods. Adjustments for normal course issuances and repayments of financial obligations subsequent to the periods for which the below ratios were calculated would not materially affect the ratios. The interest coverage ratios do not give effect to any Securities offered by this prospectus since the aggregate amount of Securities, if any, that will be issued hereunder and the terms of issue are not presently known.

Unless otherwise specified in the applicable prospectus supplement, certain legal matters relating to Canadian law will be passed upon for us by Blake, Cassels & Graydon LLP, Calgary, Alberta, Canada. Certain legal matters in connection with the offering relating to United States law will be passed upon for us by Paul, Weiss, Rifkind, Wharton & Garrison LLP, New York, New York.

EXPERTS

PricewaterhouseCoopers LLP are our auditors and have confirmed that they are independent with respect to Encana within the meaning of the Rules of Professional Conduct of the Institute of Chartered Accountants of Alberta and within the meaning of the Securities Act and the applicable rules and regulations thereunder adopted by the SEC and the Public Company Accounting Oversight Board (United States).

The audited annual consolidated financial statements of Encana Corporation incorporated by reference in this prospectus have been so incorporated in reliance on the audit reports which are also incorporated by reference in this prospectus, of PricewaterhouseCoopers LLP, Chartered Accountants, as experts in auditing and accounting.

Ernst & Young LLP are the auditors of the audited schedules of revenues and direct operating expenses of Freeport-McMoRan Oil & Gas LLC and PXP Producing Company LLC's certain oil and gas properties for the years ended December 31, 2013 and December 31, 2012, and the related notes (collectively, the "Audited Operating Statements"), contained in our Business Acquisition Report dated June 20, 2014 and thereby incorporated by reference in this prospectus, and have confirmed that, as they relate to the Audited Operating Statements, they are independent with respect to Freeport-McMoRan Oil & Gas LLC and PXP Producing Company LLC within the meaning of the Code of Professional Conduct of the American Institute of Certified Public Accountants (United States).

The Audited Operating Statements contained in the Business Acquisition Report dated June 20, 2014 and thereby incorporated by reference in this prospectus have been so incorporated in reliance on the audit report dated June 20, 2014 of Ernst & Young LLP, as experts in auditing and accounting, to the Executive Committee of Freeport-McMoRan Oil & Gas LLC and PXP Producing Company LLC, which is also contained in the Business Acquisition Report dated June 20, 2014 and thereby incorporated by reference in this prospectus.

Information relating to our reserves in the Annual Information Form dated February 20, 2014 was calculated based on evaluations of and reports on our natural gas, oil and NGLs reserves conducted and prepared by GLJ Petroleum Consultants Ltd., McDaniel & Associates Consultants Ltd., Netherland, Sewell & Associates, Inc. and DeGolyer and MacNaughton as independent qualified reserves evaluators. Information relating to the select petroleum and natural gas reserves of the Eagle Ford Assets acquired indirectly by Encana from Freeport-McMoRan Oil & Gas LLC and PXP Producing Company LLC, contained in the Business Acquisition Report dated June 20, 2014, was calculated based on evaluation and report on such reserves conducted and prepared by Netherland, Sewell & Associates, Inc. The principals of each of GLJ Petroleum Consultants Ltd., McDaniel & Associates Consultants Ltd., Netherland, Sewell & Associates, Inc. and DeGolyer and MacNaughton, in each case, as a group beneficially own, directly or indirectly, less than 1% of any class of our outstanding securities.

ENFORCEABILITY OF CIVIL LIABILITIES

We are a corporation incorporated under and governed by the Canada Business Corporations Act. Some of our officers and directors, and some of the experts named in this prospectus, are Canadian residents, and many of our assets or the assets of our officers and directors and the experts are located outside the United States. We have appointed an agent for service of process in the United States, but it may be difficult for holders of Securities who reside in the United States to effect service within the United States upon those directors, officers and experts who are not residents of the United States. It may also be difficult for holders of Securities who reside in the United States to realize in the United States upon judgments of courts of the United States predicated upon our civil liability and the civil liability of our officers and directors and experts under the United States federal securities laws. We have been advised by our Canadian counsel, Blake, Cassels & Graydon LLP, that a judgment of a United States court predicated solely upon civil liability under U.S. federal securities laws

Table of Contents

would probably be enforceable in Canada if the United States court in which the judgment was obtained has a basis for jurisdiction in the matter that would be recognized by a Canadian court for the same purposes. We have also been advised by Blake, Cassels & Graydon LLP, however, that there is substantial doubt whether an action could be brought in Canada in the first instance on the basis of liability predicated solely upon U.S. federal securities laws.

We filed with the SEC, concurrently with our registration statement on Form F-10 of which this prospectus forms a part, an appointment of agent for service of process on Form F-X. Under the Form F-X, we appointed CT Corporation System as our agent for service of process in the United States in connection with any investigation or administrative proceeding conducted by the SEC, and any civil suit or action brought against or involving us in a United States court arising out of or related to or concerning the offering of the Securities under this prospectus.

Certain of our directors reside outside of Canada, namely Peter A. Dea, Claire S. Farley, Fred J. Fowler, Suzanne P. Nimocks and Howard J. Mayson. Each of Peter A. Dea, Claire S. Farley, Fred J. Fowler, Suzanne P. Nimocks and Howard J. Mayson has appointed the following agent for service in Canada:

Name and Address of Agent
Encana Corporation
Attention: Corporate
Secretary
4400, 500 Centre Street S.E.
P.O. Box 2850
Calgary, Alberta
T2P 2S5

Purchasers are advised that it may not be possible for investors to enforce judgments obtained in Canada against any person or company that is incorporated, continued or otherwise organized under the laws of a foreign jurisdiction or resides outside of Canada, even if the party has appointed an agent for services of process.

Item 15. Indemnification

Under Section 124 of the Canada Business Corporations Act (the “CBCA”), Encana Corporation (“Encana”) may indemnify a present or former director or officer of Encana or another individual who acts or acted at Encana’s request as a director or officer, or an individual acting in a similar capacity, of another entity, against all costs, charges and expenses, including an amount paid to settle an action or satisfy a judgment, reasonably incurred by the individual in respect of any civil, criminal, administrative, investigative or other proceeding in which the individual is involved because of that association with Encana or other entity. Encana may not indemnify an individual unless the individual (i) acted honestly and in good faith with a view to the best interests of Encana, or, as the case may be, to the best interests of the other entity for which the individual acted as a director or officer or in a similar capacity at Encana’s request and (ii) in the case of a criminal or administrative action or proceeding that is enforced by a monetary penalty, the individual had reasonable grounds for believing that the conduct was lawful. The aforementioned individuals are entitled to indemnification from Encana as a matter of right if they were not judged by the court or other competent authority to have committed any fault or omitted to do anything that the individual ought to have done and if the individual fulfills conditions (i) and (ii) above. Encana may advance moneys to a director, officer or other individual for the costs, charges and expenses of a proceeding; however, the individual shall repay the moneys if the individual does not fulfill the conditions set out in (i) and (ii) above. The indemnification or the advance of any moneys may be made in connection with a derivative action only with court approval and only if the conditions in (i) and (ii) above are met.

The by-laws of Encana provide that, subject to the limitations contained in the CBCA but without limit to the right of Encana to indemnify any person under the CBCA or otherwise, Encana shall indemnify a director or officer, a former director or officer, or another individual who acts or acted at Encana’s request as a director or officer, or an individual acting in a similar capacity, of another entity, against all costs, charges and expenses, including an amount paid to settle an action or satisfy a judgment, reasonably incurred by the individual in respect of any civil, criminal, administrative, investigative or other proceeding in which the individual is involved because of that association with Encana or other entity, if the individual acted honestly and in good faith with a view to the best interests of Encana, or, as the case may be, to the best interests of the other entity for which the individual acted as director or officer or in a similar capacity at Encana’s request, and in the case of a criminal or administrative action or proceeding that is enforced by a monetary penalty, the individual had reasonable grounds for believing that the individual’s conduct was lawful.

The by-laws of Encana provide that Encana may, subject to the limitations contained in the CBCA, purchase, maintain, or participate in insurance for the benefit of any director or officer, former director or officer, or another individual who acts or acted at Encana’s request as a director or officer, or an individual acting in a similar capacity, of another entity, as such against any liability incurred by him in his capacity as a director or officer of Encana or as a director or officer of another entity where he acts or acted in that capacity at Encana’s request. Encana has purchased third party director and officer liability insurance.

Insofar as indemnification for liabilities arising under the Securities Act of 1933, as amended (the “Securities Act”), may be permitted to directors, officers or persons controlling Encana pursuant to the foregoing provisions, Encana has been informed that in the opinion of the Commission such indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable.
