As previously reported, the Company restated its 2006 Annual Report on Form 10-K and first quarter 2007 Quarterly Report on Form 10-Q and did not timely file its second and third quarter 2007 Quarterly Reports on Form 10-Q as a result of such restatement. The restatement is now complete, but the delay in filing the Company's 2007 Quarterly Reports on Form 10-Q for the second and third quarter has caused the Company to be unable to timely file its Annual Report on Form 10-K for the year ended December 31, 2007 without unreasonable effort or expense.

Yes  No

- (3) Is it anticipated that any significant change in results of operations from the corresponding period for the last fiscal year will be reflected by the earnings statements to be included in the subject report or portion thereof?

Yes  No

If so, attach an explanation of the anticipated change, both narratively and quantitatively, and, if appropriate, state the reasons why a reasonable estimate of the results cannot be made.

The Company expects that significant changes in its results of operations will be reflected in the earnings statements included in its Annual Report on Form 10-K for the year ended December 31, 2007 when compared to the year ended December 31, 2006. In particular, the Company anticipates that its cash and cash equivalents at December 31, 2007 will total \$14.0 million compared to \$45.9 million at December 31, 2006. In addition, for the year ended December 31, 2007, the Company anticipates reporting a net loss of \$171.3 million on revenue of \$59.6 million, compared with a net loss of \$258.9 million on revenue of \$74.3 million for the year ended December 31, 2006. The principal factor accounting for the difference in net loss relates to goodwill and other intangible asset impairment charges that were incurred in the years ended December 31, 2007 and 2006. The Company anticipates that the impairment charges for the year ended December 31, 2007 will be approximately \$132 million, and the impairment charges for the year ended December 31, 2006 were approximately \$224 million.
