Nominating and Corporate Governance Matters

The Company's Board of Directors currently has no standing nominating committee, which the Board of Directors believes is appropriate, given the compact size of the Board. The Board of Directors, including each independent director, participates in the nomination process as described below.

Candidates for nomination to the Board of Directors, including those suggested by shareholders in compliance with the Company's charter, bylaws and applicable law, will be submitted to the Board of Directors with as much biographical information as is available and with a brief statement of the candidates' qualifications for Board membership.

While the Board of Directors may consider whatever factors it deems appropriate in its assessment of a candidate for board membership, candidates nominated to serve as directors will, at a minimum, in the judgment of the independent directors:

be able to represent the interests of the Company and all of its shareholders and not be disposed by affiliation or interest to favor any individual, group or class of shareholders or other constituency;

possess relevant background, skills and abilities, and characteristics that fulfill the needs of the Board at that time;

possess the background and demonstrated ability to contribute to the Board's performance of its collective responsibilities, through senior executive management experience, relevant professional or academic distinction, and/or a record of relevant civic and community leadership;

have the highest ethical character and share the core values of the Company as reflected in the Company's Code of Business Conduct and Ethics;

have a reputation, both personal and professional, consistent with the image and reputation of the Company;

have relevant expertise and experience, and be able to offer advice and guidance to the chief executive officer based on that expertise and experience; and

have the ability and the willingness to devote the necessary time and energy to exercise sound business judgment.

The Board will preliminarily assess each candidate's qualifications and suitability. If it is the consensus of the independent directors that a candidate is likely to meet the criteria for Board membership, the Board will advise the candidate of the Board's preliminary interest and, if the candidate expresses sufficient interest will arrange interviews of the candidate with one or more members of the Board and request such additional information from the candidate as the Board deems appropriate. The independent directors will consider the candidate's qualifications, the assessment of the individual's background, skills and abilities, and whether such characteristics fulfill the needs of the Board at that time, confer and reach a collective assessment as to the qualifications and suitability of the candidate for Board membership.

Table of Contents

If a majority of the independent directors determine that the candidate is suitable and meets the criteria for Board membership, the candidate will be invited to meet with senior management of the Company, both to allow the candidate to obtain further information about the Company and to give management a basis for input to the Board regarding the candidate. On the basis of its assessment, and taking into consideration input from senior management, the Board will formally consider whether to recommend the candidate's nomination for election to the Board of Directors. Approval by a majority of the independent directors will be required to recommend the candidate's nomination.

Compensation/Stock Option Committee Matters

The Compensation/Stock Option Committee acts on behalf of the Board of Directors to establish the compensation of executive officers of the Company and provides oversight of the Company's compensation philosophy. The Compensation/Stock Option Committee also acts as the oversight committee with respect to the Company's deferred compensation, stock and bonus plans covering executive officers and other senior management. In overseeing those plans, the Compensation/Stock Option Committee has the sole authority for administration and interpretation of the plans. The Compensation/Stock Option Committee has the authority to engage outside advisors to assist the Compensation/Stock Option Committee in the performance of its duties; however, the Compensation/Stock Option Committee may not delegate its authority to others.

The Committee was composed during 2007 of four non-employee directors of the Company who were each (i) independent as defined under the AMEX listing standards, (ii) a non-employee director for purposes of Section 16b-3 of the Securities Exchange Act of 1934, as amended, and (iii) an outside director for purposes of Section 162(m) of the Internal Revenue Code. The Committee has been given the responsibility to assist the Board of Directors in the discharge of its fiduciary duties with respect to the compensation of the executives and other employees of the Company, including the Named Officers, and the Company's retirement and other benefit plans. As part of the Committee's duties, the Committee, among other things, periodically reviews the Company's philosophy regarding executive compensation and reviews market data to assess the Company's competitive position with respect to the three main elements of the Company's compensation. The Committee reports to the Board of Directors on its activities.

Generally, the Committee reviews the performance and compensation of the Chief Executive Officer and, following discussions with him and other advisors, if appropriate, establishes his compensation level. For the remaining Named Officers, the Chief Executive Officer makes recommendations for salary and bonus levels to the Committee that are generally approved. With respect to equity compensation awards, the Committee typically grants options based upon the initial recommendation of the Chief Executive Officer, and with additional or different terms deemed appropriate by the Committee.

The Committee generally considers making equity awards periodically after the Committee has had an opportunity to review the Company's financial results for the prior fiscal year and consider the Company's expectations and projections for the current fiscal year. In some years, the Committee has granted awards at other times or has determined not to grant any awards to some executives, based on its conclusion that the awards then currently outstanding would serve to properly incentivize the executive officers.

The Board of Directors sets non-management directors' compensation at the recommendation of the Compensation/Stock Option Committee. See Director Compensation.

NARRATIVE DISCLOSURE TO SUMMARY COMPENSATION TABLE

Compensation Philosophy. The Company's executive compensation program is administered by the Compensation/Stock Option Committee (the "Committee") and compensates management through a combination of base salary, annual incentives and long-term incentives. The goal of the executive compensation program is to attract and retain talent through a mix of short-term and long-term incentives that reward outstanding Company and individual performance and the creation of stockholder value. Base salaries are designed to reward the executive officers' contributions to the success of the Company. The Company's incentive compensation, which has historically taken the form of cash bonuses and stock options, is designed to reward both short-term and long-term strategic management and align a portion of the incentives of management with the long-term interest of stockholders.

Base Salary. After consideration of a review of the Chief Executive Officer's recommendations regarding base salaries for the other Named Officers and statistics on inflation rates, the Committee established base salaries for each of the Named Officers for 2007 as set forth in the Summary Compensation Table under the heading "Salary." These base salaries reflect moderate increases in the base salaries of each of Messrs. Stout, Lewis and Moore from 2006.

Cash Bonuses. Part of the Company's compensation philosophy is to incentivize its executive officers using cash bonuses that are tied primarily to Company goals. The Committee has indicated that it approves the payment of annual cash bonuses, if earned, because the Committee believes they reward executives for achieving the shorter-term goals of the Company.

All executive officers participate in the Company's Cash Incentive Performance Program (the "CIPP") under which they are eligible to receive a cash bonus based on performance targets in accordance with the Amended and Restated 2004 Equity Incentive Plan. The amount of the cash bonus is a percentage of the officer's annual base salary. Each participant in the CIPP is assigned an annual award target expressed as a percentage of the participant's base salary. This annual award target is generally determined based on the ability he has to influence profitability, meet the Company's stated objectives of operational excellence and ensure the integrity of the Company's financial statements

and reputation of the Company in the business community. In addition, the Committee has the authority to modify the annual award target based on its assessment of the individual s performance.

Table of Contents

In order to be eligible for an annual award, the participant must exhibit compliance with the Company's policies and procedures, be committed to the Company's mission and value standards, and uphold the Company's code of conduct at all times. If the Committee determines that any participant has not met these standards during the fiscal year, such participant may not be eligible for an incentive award.

The CIPP is designed to provide 100% of a participant's annual award target for achieving targeted performance, 50% of a participant's annual award target for achieving a minimum acceptable (threshold) level of performance, and up to a maximum of 200% of a participant's annual award target for achieving maximum performance, but subject to a maximum payment of 100% of base salary. Payouts between the threshold and maximum amounts are calculated by the Committee following its consideration of guidelines provided by management. However, the Committee at its sole discretion may use its own interpolations. No payments will be made for performance below the threshold level, and no payments will be made in excess of 100% of a participant's base salary. The bonus performance targets for 2006 and 2007 were calculated based on the Company achieving specified levels of earnings before net interest expense, income taxes, depreciation, amortization, pre-opening expense and stock-based compensation expense for the year (the Adjusted EBITDA).

Because the Company's performance for 2006 exceeded the performance target, the Named Officers were awarded the cash bonuses reflected on the Summary Compensation Table under the heading Non-Equity Incentive Plan Compensation, which represented the full bonus for target performance. However, the Named Officers were not awarded any cash bonuses for 2007 because the Company's performance was below the threshold level.

Equity-Based Incentive Compensation. The Company has historically awarded non-qualified or incentive stock options to its executive officers under stockholder-approved plans on a periodic basis. The Committee has indicated that it awards stock options because it believes that stock options closely align employees' interests with those of other stockholders because when the price of the Company's stock increases from the price on the date of grant, the employee realizes value commensurate with increases to stockholder value generally.

Stock options generally are granted to all officers and other key employees, have a ten-year term and an exercise price equal to or greater than the closing market price of the shares on the date of grant. The number of options granted is based on the consideration of market data for comparable positions in both general and the restaurant industries and is also based on the Committee's conclusions on the sufficiency of the Company's cash compensation and other benefits available to officers. Because the Committee has indicated that it believes a larger portion of more senior executives' compensation should be tied to the Company's performance, a larger number of options are granted to the more senior executive officers, decreasing incrementally based on position. No stock options were awarded to the Named Officers in 2006. In 2007, the Company made two grants of stock options to Mr. Stout. The Committee approved a grant of 50,000 options at an exercise price of \$13.09 per share, the market price of the Company's stock on the grant date. The Committee also approved a grant of 175,000 options at an exercise price of \$15.00 per share. Additionally the Committee approved grants of 25,000 and 20,000 options at an exercise price of \$13.09 per share (the market prices of the Company's stock on the date of grant) to Messrs. Lewis and Moore, respectively. All of the options granted to the Named Officers in 2007 vest ratably over four years and have a seven-year term rather than a ten-year term.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE-IN-CONTROL**Overview**

The Company does not have traditional employment agreements with executive officers. The Company has two types of agreements that impact the potential payments upon termination: a) the Severance Benefit Agreements and b) the Salary Continuation Agreements. All of the Named Officers have individual Salary Continuation Agreements with the Company. In addition, Mr. Stout and Mr. Lewis are each parties to individual Severance Benefits Agreements that provide cash payments in a lump sum of eighteen months' salary. The amounts described below assume that terminations occurred as of December 30, 2007.

The Salary Continuation Agreements, which may be updated or replaced by new agreements from time to time, generally provide for a retirement benefit of 50% of the employee's salary on the date of entering the agreement. The

retirement benefit is payable over 15 years commencing at age 65. The Salary Continuation Agreements also provide that in the event an employee dies while in the employ of the Company after entering into a Salary Continuation Agreement but before retirement, his or her beneficiaries will receive specified benefit payments for a period of ten years, or until such time as the employee would have attained age 65, whichever period is longer. In addition, as an alternative to payments on death or retirement at age 65, the Salary Continuation Agreements provide scheduled vested benefits which are payable to the employee in a lump sum upon termination of service with the Company for any reason other than death or retirement at age 65. These amounts are \$1,053,015 for Mr. Stout, \$342,340 for Mr. Lewis and \$114,188 for Mr. Moore. Directors of the Company who are not also executive officers or employees are not parties to a Salary Continuation Agreement.

Table of Contents

The annual benefits payable upon retirement at age 65 for each of Mr. Stout, Mr. Lewis and Mr. Moore are currently \$175,950, \$94,925 and \$75,025, respectively.

In addition to the payments below, Named Officers are due upon any termination:

accrued but unpaid base salary through the date of termination,

accrued but unpaid vacation pay,

unreimbursed employment related expenses, and

any other benefits owed to the executive under the Company's employee benefit plans or policies or applicable law.

The following is a description of the additional benefits payable upon termination under various circumstances.

Payments Made Upon Termination of a Named Officer by the Company for Cause

Under the Salary Continuation Agreements, each Named Officer would be due a lump sum severance benefit payable upon the first day of the seventh month following termination of employment. These amounts are \$1,053,015 for Mr. Stout, \$342,340 for Mr. Lewis, and \$114,188 for Mr. Moore. The amount of the payments does not vary based on the cause of termination.

Under the Severance Benefit Agreements, Mr. Stout and Mr. Lewis would not be entitled to additional severance benefits if either were terminated for cause. Under the Severance Benefit Agreements, the Company will have cause only if termination was the result of an act or acts of dishonesty by the Named Officer constituting a felony and resulting in or intended to result in substantial gain or personal enrichment at the expense of the Company.

Payments Made Upon Termination of Named Officer By the Company Without Cause

Under the Salary Continuation Agreements, each Named Officer would be due a lump sum severance benefit payable upon the first day of the seventh month following termination of employment. These amounts are \$1,053,015 for Mr. Stout, \$342,340 for Mr. Lewis and \$114,188 for Mr. Moore.

In addition, pursuant to the Severance Benefit Agreements, Mr. Stout and Mr. Lewis would receive lump sum payments of \$546,375 and \$284,775, respectively, representing 18 months' salary.

Payments Made Upon Resignation of Named Officer for Good Reason

Under the Salary Continuation Agreements, each Named Officer would be due a lump sum severance benefit payable upon the first day of the seventh month following termination of employment. These amounts are \$1,053,015 for Mr. Stout, \$342,340 for Mr. Lewis and \$114,188 for Mr. Moore.

Additionally, pursuant to the Severance Benefit Agreements, Mr. Stout and Mr. Lewis would receive lump sum payments of \$546,375 and \$284,775, respectively, representing 18 months of their salaries. Under the Severance Benefit Agreements, Mr. Lewis or Mr. Stout has good reason to terminate his employment if his present job responsibilities change or there is a decrease in his compensation or some other economic loss.

The annual salary benefits for the first full year following the death of Mr. Stout, Mr. Lewis, or Mr. Moore are \$351,900, \$189,850 and \$150,050, respectively. The Salary Continuation Agreements generally provide for a retirement benefit of 50% of the employee's salary on the date of entering into the agreement. No benefit would have been payable to any of the Named Officers in connection with the retirement feature of the agreements if termination occurred on December 30, 2007, as none of the officers had reached age 65. The retirement benefit is payable over 15 years commencing in the seventh month following retirement on or after the date on which the employee attains age 65. The annual benefits payable upon retirement at age 65 for each of Mr. Stout, Mr. Lewis and Mr. Moore are currently \$175,950, \$94,925 and \$75,025, respectively.

No additional payments will be made upon a change of control based on current benefit arrangements.

(2) Represents the portion of the total value of option awards to non-employee directors recognized as expense during 2007 for financial accounting purposes under SFAS 123R. The grant date fair value for options granted in 2007 was \$4,910 for each non-employee

director.

The above table reflects fees paid in cash in 2007 and the portion of the total value of option awards to non-employee directors recognized as expense during 2007 for financial accounting purposes under SFAS 123R. Currently each director who is not an employee of the Company receives a monthly fee of \$1,250 plus a fee of \$1,500 for each attended meeting of the Board or any Committee of which he or she is a member. These levels of compensation are applicable to 2007 and 2008.

Each director who is not also an employee of the Company is eligible for grants of non-qualified stock options under the Amended and Restated 2004 Equity Incentive Plan. Generally, directors who are not employees of the Company have been awarded options to purchase 10,000 shares of Common Stock upon joining the Board and options to purchase 1,000 shares of Common Stock for each succeeding year of service, with the exercise price equal to the fair market value of the Common Stock on the date of grant. Pursuant to the terms of the Amended and Restated 2004 Equity Incentive Plan, no non-employee director is eligible for a grant of incentive stock options under the Plan.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

It is the practice of the Company that the terms and conditions of any related party transaction are subject to the review and approval of the Audit Committee.

E. Townes Duncan, a director of the Company, is the chief executive officer of Solidus General Partner, LLC which is the general partner of Solidus, the Company's largest shareholder. Pursuant to a Stock Purchase and Standstill Agreement between Solidus, LLC (a predecessor to Solidus) and the Company dated March 22, 1999, Solidus purchased 1,086,266 shares of Common Stock for \$3.75 per share, for an aggregate purchase price of \$4,073,497.50 and agreed to certain restrictions on its ownership for seven years, including restrictions on its ability to sell Common Stock or hold more than 33% of the Common Stock. Solidus also agreed it would not exercise rights attributable to the 1,086,266 shares of Common Stock purchased on March 22, 1999, during the Company's rights offering in 1999.

The Stock Purchase and Standstill Agreement was scheduled to expire on March 22, 2006. The Company and Solidus Company (also a predecessor to Solidus) entered into an Amended and Restated Standstill Agreement dated July 31, 2005 (Standstill Agreement) that replaces the former Stock Purchase and Standstill Agreement. In the Standstill Agreement, the former restrictions were continued and Solidus agreed that (i) Solidus and its affiliates would not acquire or hold more than 33% of the Company's Common Stock; (ii) Solidus and its affiliates would not solicit proxies for a vote of the shareholders of the Company; (iii) Solidus, any successor investment partnerships and owners of Solidus receiving distributions of shares of Common Stock, would not sell the Company's Common Stock, except to the Company, a person, entity or group approved by the Company or to an affiliate of Solidus, or as otherwise noted below; and (iv) the above restrictions on ownership and ability to solicit proxies would terminate in the event of certain tender offers or exchange offers, a notice filing with the Department of Justice relating to the acquisition by a third party of more than 15% of the outstanding Common Stock or with the Commission relating to the acquisition by a third party of more than 10% of the outstanding Common Stock, the Company's proposing or approving a merger or other business combination, or a change to a majority of the Company's Board of Directors over a two-year period.

The restrictions will be extended quarterly or annually up to December, 2009, at the election of the Company, as long as the Company on a quarterly basis, declares and pays beginning before January 15, 2006, minimum cash dividends on its Common Stock, payable to all shareholders of the Company, of at least \$0.025 per share per quarter or, at its election, on an annual basis pays aggregate dividends of \$0.10 per share per twelve-month period. The minimum dividend payable to effect an extension of the restrictions will be adjusted proportionately in the event of a stock split or stock dividend or certain other corporate transactions. On January 15, 2008, the Company paid a cash dividend of \$0.10 per share to all shareholders of the Company which was sufficient to extend the Standstill Agreement restrictions until January 15, 2009.

In addition, the Company agreed, beginning December 1, 2006, to allow Solidus and an affiliated partnership to sell, free of restrictions in the Standstill Agreement, up to 106,000 shares of Common Stock each year, and, if all such shares are not sold by November 30 of the following year, Solidus may sell those shares during the remaining term of the Standstill Agreement. The Standstill Agreement also extended a 2003 arrangement whereby the Company authorized Solidus to pledge the Common Stock of the Company owned by it as collateral security for the payment and performance of Solidus' obligations under a credit agreement with a bank. In the event that Solidus defaults on its obligations to the bank, and such default results in the need to liquidate the related collateral, the bank is required to give the Company written notice of the number of shares it intends to sell and the price at which such shares are to be sold. The Company has the exclusive right within the first 30 days subsequent to receipt of such written notice to purchase all or any portion of the shares subject to sale and, should the Company

Table of Contents

decline to purchase any of the applicable shares, the bank may sell such shares over the ensuing 50 days on terms no more favorable than the terms stated in the written notice referred to above.

The Standstill Agreement was unanimously approved on behalf of the Company by the Audit Committee of the Board of Directors, which is composed of three members, all of whom are independent directors for purposes of considering a conflict of interest transaction under Tennessee corporate law and approving the transaction on behalf of the Board of Directors.

Mr. Reed is an attorney associated with the law firm of Bass, Berry & Sims PLC and has served in various capacities with that firm since 1964. Bass, Berry & Sims PLC has served as the Company's outside general counsel since the Company's organization in 1971. In 2008, Mr. Reed was employed by Solidus to assist with its public securities investments, excluding its investment in the Company.

The Audit Committee concluded that the provision of such services by KPMG was compatible with the maintenance of such firm's independence in the conduct of its auditing function.

The primary purpose of the Audit Committee is to assist the Board of Directors in fulfilling its responsibility to oversee (i) the integrity of the financial statements of the Company, (ii) the Company's compliance with legal and regulatory requirements, (iii) the independent registered public accounting firm's qualifications and independence, and (iv) the performance of the Company's independent registered public accounting firm. The Audit Committee is directly responsible for the appointment, compensation and oversight of the work of the independent registered public accounting firm. The independent registered public accounting firm reports directly to the Audit Committee. Management has the primary responsibility for the financial statements and the reporting process, including internal control over financial reporting. The Company's independent registered public accounting firm is responsible for planning and carrying out proper annual audits and quarterly reviews of the Company's financial statements in accordance with standards established by the Public Company Accounting Oversight Board (United States) and expressing an opinion on the conformity of the Company's audited financial statements with U.S. generally accepted accounting principles.

The foregoing report of the Audit Committee shall not be deemed incorporated by reference by any general statement incorporating by reference the Proxy Statement into any filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent that the Company specifically incorporates this information by reference, and shall not otherwise be deemed filed under such acts.

DEADLINE FOR SUBMISSION OF SHAREHOLDER PROPOSALS TO BE PRESENTED AT THE 2009 ANNUAL MEETING OF SHAREHOLDERS

Any proposal intended to be presented for action at the 2009 Annual Meeting of Shareholders by any shareholder of the Company must be received by the Secretary of the Company not later than December 12, 2008, in order for such proposal to be considered for inclusion in the Company's Proxy Statement and proxy relating to its 2009 Annual Meeting of Shareholders. Nothing in this paragraph shall be deemed to require the Company to include any shareholder proposal that does not meet all the Commission's requirements for inclusion in effect at the time.

For other shareholder proposals to be timely (but not considered for inclusion in the Company's Proxy Statement), a shareholder's notice must be received by the Secretary of the Company not less than 75 days nor more than 90 days prior to April 11, 2009. For proposals that are not timely filed, the Company retains discretion to vote proxies it receives. For proposals that are timely filed, the Company retains discretion to vote proxies it receives provided (1) it includes in the Proxy Statement advice on the nature of the proposal and how the Company intends to exercise its voting discretion and (2) the proponent does not issue a proxy statement.

METHOD OF COUNTING VOTES

Unless a contrary choice is indicated, all duly executed proxies will be voted in accordance with the instructions set forth on the proxy card. A broker non-vote occurs when a broker holding shares registered in street name is permitted to vote, in the broker's discretion, on routine matters without receiving instructions from the client, but is not permitted to vote without instructions on non-routine matters, and the broker returns a proxy card with no vote (the non-vote) on the non-routine matter. Under the rules and regulations of the primary trading markets applicable to most brokers, the election of directors is a routine matter on which a broker has the discretion to vote if instructions are not received from the client in a timely manner. Abstentions and broker non-votes will be counted as present for purposes of determining the existence of a quorum. Directors will be elected by a plurality of the votes cast in the election by the holders of the Common Stock represented and entitled to vote at the Annual Meeting. Abstentions and broker non-votes will not be counted as votes for or against any director nominee. Any other matters that may properly come before the meeting or any adjournment thereof shall be approved by the affirmative vote of a majority of the votes cast by holders of Common Stock represented and entitled to vote at the Annual Meeting, and abstentions and non-votes will have no effect on the outcome of the vote.

The committee may retain any independent counsel, experts or advisors (accounting, financial or otherwise) that the committee believes to be necessary or appropriate. The committee may also utilize the services of the Company's regular counsel or other advisors to the Company. The Company shall provide for appropriate funding, as determined by the committee, for payment of compensation to the independent auditor for the purpose of rendering or issuing an audit report, or performing other audit, review or attest services for the Company; compensation to any advisors employed by the committee; and ordinary administrative expenses of the committee that are necessary or appropriate in carrying out its duties.

In discharging its duties and responsibilities, the committee is authorized to investigate any matter within the scope of its duties and responsibilities or as otherwise delegated by the Board, with full access to all books, records and personnel of the Company.

Statement of Policy

The audit committee shall provide assistance to the board of directors in fulfilling their oversight responsibility to the shareholders, potential shareholders, the investment community, and others relating to the Company's financial statements and the financial reporting process, the systems of internal accounting and financial controls, the annual independent audit of the Company's financial statements, and the legal compliance and ethics programs as established by management and the board. In so doing, it is the responsibility of the committee to maintain free and open communication between the committee, its independent auditor, and management of the Company.

Responsibilities and Processes

The primary responsibility of the committee is to oversee the financial reporting process of the Company and the audits of the financial statements of the Company. Management is responsible for preparing the Company's financial statements, and the independent auditor is responsible for auditing those financial statements. The committee recognizes that the Company's financial management, as well as the independent auditor, have more knowledge and more detailed information regarding the Company and its financial reports than do committee members; consequently, in carrying out its duties and responsibilities, the committee, including any person designated as the audit committee financial expert, is not providing any expert or special assurance as to accuracy or completeness of the Company's financial statements or any professional certification as to the independent auditor's work, and is not conducting an audit or investigation of the financial statements nor determining that the financial statements are true and complete or have been prepared in accordance with generally accepted accounting principles (GAAP) and SEC Rules.

Furthermore, the committee in carrying out its responsibilities believes its policies and procedures should remain flexible, in order to best react to changing conditions and circumstances. The committee should take the appropriate actions to set the overall corporate tone for quality financial reporting, sound business risk practices, and ethical behavior. In addition, the committee shall make regular reports to the Board and shall prepare the report required by the SEC Rules to be included in the Company's annual proxy statement.

The following shall be the principal recurring processes of the committee in carrying out its oversight responsibilities. The processes are set forth as a guide with the understanding that the committee may supplement them as appropriate.

The committee shall have the sole authority to appoint or replace the independent auditor. The committee shall be directly responsible for the compensation and oversight of the work of the independent auditor (including resolution of disagreements between management and the independent auditor regarding financial reporting) for the purpose of preparing or issuing an audit report or related work or performing other audit, review or attest services for the Company. The independent auditor shall report directly to the committee.

The committee shall pre-approve all auditing services and permitted non-audit services (including the fees and terms thereof) to be performed for the Company by its independent auditor, subject to the de minimus exceptions for non-audit services in accordance with Section 10A(i)(1)(B) of the Exchange Act which are approved by the committee prior to the completion of the audit. Approval by the committee of a non-audit service shall be disclosed in the reports filed by the Company with the SEC or otherwise as required by law and SEC Rules. Committee pre-approval of audit and non-audit services will not be required if the engagement for the services is entered into pursuant to pre-approval policies and procedures established by the committee regarding the Company's engagement of the independent auditor, provided the policies and procedures are detailed as to the particular services, the committee is informed of each service provided and such policies and procedures do not include delegation of the committee's responsibilities under the Exchange Act to the Company's management. The committee may delegate to one or more designated committee members the

authority to grant pre-approvals of audit and permitted non-audit services, provided that any decisions to pre-approve shall be presented to the full committee at its next scheduled meeting.

The committee shall discuss with the independent auditor the overall scope and plans for its audits, including the adequacy of staffing and compensation. Also, the committee shall discuss with management and the independent auditor the adequacy and effectiveness of the accounting and financial controls and the Company's major financial risk exposures (including the Company's system to monitor and manage such exposures), and its policies with respect to risk assessment and risk management, including business risk, and legal and ethical compliance programs. Further, the committee shall meet with the independent auditor, with and without management present, to discuss the results of its examinations.

The committee shall review and discuss with management and the independent auditor the annual audited and quarterly unaudited financial statements, and the Company's disclosures under Management's Discussion and Analysis of Financial Condition and Results of Operations provided on Form 10-Q and Form 10-K. The review and discussion of the financial statements and the matters covered in the independent auditor's report, if applicable, shall occur prior to the public release of such financial statements and the review and discussion of the related disclosure, including the Management's Discussion and Analysis of Financial Condition and Results of Operations, shall occur prior to the filing of the Form 10-Q or Form 10-K. The committee shall review and discuss with management and the independent auditor material related party transactions as defined in the Statement of Financial Accounting Standards No. 57 and other accounting and regulatory pronouncements. The committee also shall review and discuss with the independent auditor the matters required to be discussed by Statement of Auditing Standards No. 61, as may be modified or supplemented. Based on such review and discussion, and based on the disclosures received from, and discussions with, the independent auditor regarding its independence as provided for below, the committee shall consider whether to recommend to the Board that the audited financial statements be included in the Company's Annual Report on Form 10-K.

The committee shall review and discuss with the independent auditor prior to the filing of the Annual Report on Form 10-K the report that such auditor is required to make to the committee regarding: (A) all accounting policies and practices to be used that the independent auditor identifies as critical; (B) all alternative treatments within GAAP for policies and practices related to material items that have been discussed among management and the independent auditor, including the ramifications of the use of such alternative disclosures and treatments, and the treatment preferred by the independent auditor; and (C) all other material written communications between the independent auditor and management of the Company, such as any management letter, management representation letter, reports on observations and recommendations on internal controls, independent auditor's engagement letter, independent auditor's independence letter and schedule of unadjusted audit differences, if any.

The committee shall discuss with management and the independent auditor: (A) major issues regarding accounting principles and financial statement presentations, including any significant changes in the Company's selection or application of accounting principles, any major issues as to the adequacy of the Company's internal controls and any special steps adopted in light of material control deficiencies; and (B) analyses prepared by management and/or the independent auditor setting forth significant financial reporting issues and judgments made in connection with the preparation of the Company's financial statements. The committee shall discuss with management and the independent auditor the effect of regulatory and accounting initiatives, as well as off-balance sheet structures, on the Company's financial statements.

The committee shall discuss earnings press releases, including the use of pro forma or adjusted non-GAAP information. The committee shall also discuss generally the financial information and earnings guidance which has been or will be provided to analysts and rating agencies.

The committee shall regularly review with the independent auditor any difficulties the independent auditor encountered during the course of the audit work, including any restrictions on the scope of activities or access to requested information or any significant disagreements with management and management's responses to such matters. In this connection, among the items that the committee may review with the independent auditor are: (A) any unadjusted audit differences; (B) any communications between the audit team and the independent auditor's national office respecting auditing or accounting issues presented by the engagement; and (C) any management or internal control letter issued or proposed to be issued by the independent auditor to the Company.

The committee shall:

- evaluate the independent auditor's qualifications, performance and independence, including the review and evaluation of the lead partner of the audit engagement team, taking into account the opinions of management and present its conclusions to the Board;
- ensure the rotation of the lead audit partner of the independent auditor and audit engagement team partners as required by SEC Rules and consider whether there should be regular rotation of the audit firm itself;
- receive from the independent auditor annually a formal written statement delineating all relationships between the independent auditor and the Company consistent with Independence Standards Board Standard No. 1, as may be modified or supplemented by such other standards as may be set by law or regulation or the AMEX Company Guide or the Public Company Accounting Oversight Board;
- discuss with the independent auditor in an active dialogue any such disclosed relationships or services and their impact on the independent auditor's objectivity and independence and present to the Board its conclusion with respect to the independence of the independent auditor;
- obtain and review, at least annually, a report by the independent auditor describing the auditing firm's internal quality control procedures and any material issues raised by its most recent internal quality control review or peer review, or by any inquiry or investigation by governmental or professional authority, within the preceding five years, respecting one or more independent audits carried out by the auditing firm and any steps taken to deal with any such issues; and
- establish hiring policies regarding employees and former employees of the Company's independent auditor.

The committee shall establish procedures for the receipt, retention and treatment of complaints regarding accounting, internal accounting controls, or auditing matters and for the confidential, anonymous submission by employees of concerns regarding questionable accounting or auditing matters.

The committee shall receive reports from the principal executive or financial officers of the Company regarding their evaluation of the effectiveness of the Company's disclosure controls and procedures and the Company's

internal control over financial reporting; regarding all significant deficiencies in the design or operation of internal control over financial reporting which could adversely affect the Company's ability to record, process, summarize or report financial data and whether they have identified for the independent auditor any material weakness in internal controls; regarding any fraud, whether or not material, that involves management or other employees who have a significant role in the Company's internal control over financial reporting; and regarding whether there were significant changes in internal control over financial reporting or in other factors that could significantly affect internal control over financial reporting subsequent to the date of their evaluation, including corrective actions with regard to significant deficiencies or material weaknesses.
