On November 19, 2003, Big Lots, Inc. (Company) issued a press release and conducted a conference call setting forth the Company s results of operations for the year-to-date and quarter ended November 1, 2003.

The press release and conference call included the following non-GAAP financial measures (as defined by Regulation G): (i) non-GAAP adjusted net income (loss) and (ii) non-GAAP adjusted net income (loss) per share. These non-GAAP financial measures exclude from the directly comparable GAAP measures a one-time after-tax charge recorded in the third quarter of fiscal 2003 related to the settlement of a national class action lawsuit concerning certain advertising practices of KB Toys, and a one-time after-tax charge recorded in the second quarter of fiscal 2003 related to the settlement of class action lawsuits concerning the calculation of earned overtime wages for certain of the Company s former and current store managers and assistant managers in California. As required by Regulation G, the press release contains a reconciliation of the non-GAAP financial measures to the most directly comparable GAAP measures. The Company s management believes that the disclosure of these non-GAAP financial measures provides useful information to investors because the non-GAAP financial measures present an alternative method for measuring the Company s operating performance excluding non-recurring items that would normally be included in the most directly comparable GAAP financial measure and because management believes that the one-time after-tax charges are not indicative of the Company s core operating results and the financial condition of the Company s business. The Company has not incurred similar settlement costs of this magnitude in the past and does not anticipate being required to again in the future.

The Company s management uses these non-GAAP financial measures along with the most directly comparable GAAP financial measures in evaluating the Company s operating performance and as a measure of performance for incentive compensation purposes. Non-GAAP financial measures should not be considered in isolation from, or as a substitute for, financial information presented in compliance with GAAP, and non-GAAP financial measures as reported by the Company may not be comparable to similarly titled items reported by other companies.

A copy of the Company s press release is attached to this Current Report on Form 8-K as Exhibit 99.1, and a copy of the transcript of the conference call is attached to this Current Report on Form 8-K as Exhibit 99.2. The information in Exhibits 99.1 and 99.2 is being furnished, not filed, under Item 12 of this Current Report on Form 8-K. By filing this Current Report on Form 8-K and furnishing this information, the Company is making no admission as to the materiality of any information in this Current Report, including the Exhibits.
