PROXY STATEMENT

For the Annual Meeting of Shareholders to be held on November 10, 2004

SOLICITATION

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors of SPARTON CORPORATION, an Ohio corporation (the Company), of proxies for use at the 2004 Annual Meeting of Shareholders of the Company (the Annual Meeting) to be held at the Holiday Inn, 2000 Holiday Inn Drive, Jackson, Michigan 49202, on Wednesday, November 10, 2004, at 10:00 a.m., Eastern Standard Time, and at any and all adjournments thereof. The cost of solicitation will be paid by the Company. The Company has retained Morrow & Company, Inc. to assist in the solicitation of proxies at an estimated cost of \$7,500.00, plus expenses, which will be paid by the Company. In addition, officers and employees of the Company and its subsidiaries may solicit proxies personally, by telephone, facsimile or other means, without additional compensation. This Proxy Statement and the form of Proxy are being mailed to shareholders the week of October 11, 2004.

At the meeting, the Company's shareholders will act upon the election of three directors, each to serve for a three-year term until the annual meeting held in the year 2007 or until their successors are qualified and elected, as described in more detail in this Proxy Statement.

OUTSTANDING STOCK AND VOTING RIGHTS

In accordance with the Code of Regulations of the Company, the Board of Directors has fixed the close of business on September 24, 2004, as the record date for determination of shareholders entitled to notice of, and to vote at, the Annual Meeting. Only shareholders of record on that date will be entitled to vote. As of September 24, 2004, the record date for the Annual Meeting, the Company had outstanding 8,352,352 shares of Common Stock, each entitled to vote at the Annual Meeting. Votes cast at the meeting and submitted by proxy are counted by the inspectors of the election, who are appointed by the Company.

Table of Contents

Voting by Proxy

If a stockholder is a corporation or partnership, the accompanying proxy card should be signed in the full corporate or partnership name by a duly authorized person. If the proxy card is signed pursuant to a power of attorney or by an executor, administrator, trustee or guardian, the signer's full title should be given and a certificate or other evidence of appointment should be furnished. If shares are owned jointly, each joint owner should sign the proxy card.

You can vote in one of four ways. You can vote by mail, you can authorize the voting of your shares over the Internet, you can authorize the voting of your shares by telephone or you can vote in person at the Annual Meeting.

If you choose to vote by mail, you may vote by completing and signing the proxy card that accompanies this Proxy Statement and promptly mailing it in the enclosed postage-prepaid envelope. You do not need to put a stamp on the enclosed envelope if you mail it in the United States. The shares you own will be voted according to the instructions on the proxy card you mail. If you return the proxy card, but do not give any instructions on a particular matter described in this Proxy Statement, the shares you own will be voted in accordance with the recommendations of the Company's Board of Directors. If you choose to vote by mail, your duly signed proxy card must be received by 10:00 a.m. Eastern Standard Time on November 10, 2004.

If you choose to vote by telephone or the Internet, instructions for a stockholder of record to vote by telephone or the Internet are set forth on the enclosed proxy card. The telephone and Internet voting procedures are designed to authenticate votes cast by use of a personal identification number that appears on the proxy card. These procedures, which comply with Ohio law, allow stockholders to appoint a proxy to vote their shares and to confirm that their instructions have been properly recorded. If you vote by telephone or the Internet, you do not have to mail in your proxy card, but your vote must be received by 11:59 p.m. Central Standard Time on November 9, 2004.

If you participate in the Company's 401(k) Plan and hold shares in your plan account, you may give voting instructions as to the number of shares credited to your account as of the record date. Only the trustee of the 401(k) Plan may vote your plan shares. You may provide voting instructions to the plan trustee through any of the voting methods described above, except that you may not vote your plan shares in person at the Annual Meeting. Your voting instructions must be received before 11:59 p.m. Central Standard Time on November 8, 2004.

If you are not the record holder of the shares you own because they are held in street name by a bank or brokerage firm, your bank or brokerage firm is required to vote your shares according to your instructions. In order to vote your shares, you will need to follow the directions your bank or brokerage firm provides you. Many banks and brokerage firms also offer the option of voting over the Internet or by telephone, instructions for which would be provided by your bank or brokerage firm on your vote instruction form. Under the rules of the New York Stock Exchange, if you do not give instructions to your bank or brokerage firm, it will still be able to vote your shares with respect to certain discretionary items, but it will not be allowed to vote your shares with respect to certain non-discretionary items. In the case of non-discretionary items, for which no instructions are received, the shares will be treated as broker non-votes and will have the effect of a vote against the first two proposals described in this Proxy Statement.

Any proxy duly given pursuant to this solicitation may be revoked by the stockholder, at any time prior to voting, by written notice to the Secretary of the Company, by a later-dated proxy either signed and returned by mail or transmitted using the telephone or Internet voting procedures before the Annual Meeting, or by attending the Annual Meeting and voting in person. Attendance at the Annual Meeting will not in and of itself constitute a revocation of a proxy. Participants in the Company's 401(k) Plan who hold shares in their plan account and desire to revoke their voting instructions must do so before 11:59 p.m. Central Standard Time on November 8, 2004.

Any Proxy given pursuant to this solicitation may be revoked by the person giving it at any time before it is voted. Proxies may be revoked by (i) filing a written notice of revocation with the Chairman or Secretary of the Company, at or before the Annual Meeting, (ii) duly executing a subsequent proxy relating to the same shares and delivering it to the Chairman or Secretary of the Company at or before the Annual Meeting or (iii) attending the Annual Meeting and voting in person with adequate notification (although attendance at the Annual Meeting will not in and of itself constitute a revocation of a proxy). Unless revoked, the shares represented by the enclosed Proxy will be voted at the meeting in accordance with any specification made thereon, if the Proxy is returned properly executed and delivered in time for voting. Unless otherwise specified, the Proxy will be voted FOR the election of the three director nominees.

Management does not intend to present, and does not know of anyone who intends to present, any matters at the meeting to be acted upon by the shareholders not referred to in the Notice and this Proxy Statement. If any other matters should properly come before the meeting, it is the intention of the persons named in the Proxy to vote in accordance with their judgment on such matters.

A special meeting of shareholders of the Company called to be held on September 24, 2004, was adjourned on that date to be reconvened on October 15, 2004. One purpose of that meeting was to vote upon a proposal to amend the Corporation's Articles of Incorporation to eliminate cumulative voting. A favorable vote of at least two-thirds of the shares outstanding on August 9, 2004, the record date for that special meeting, is required to adopt such an amendment. The Company intends to notify the shareholders of the results of the vote promptly after it is tabulated.

If the amendment is adopted, cumulative voting will be eliminated and will not be available at Annual Meetings, beginning with the Annual Meeting to be held on November 10, 2004. If the amendment is not adopted, the shareholders of the Company will continue to have cumulative voting rights in the election of directors at the Annual Meeting if notice in writing is given by any shareholder to the President, a Vice President or the Secretary of the

Company not less than 48 hours before the time fixed for holding the Annual Meeting that the shareholder desires that the voting at such election shall be cumulative. An announcement of the giving of such notice shall be made upon the convening of the Annual Meeting by the Chairman or Secretary.

If voting for the election of directors at the Annual Meeting is cumulative, each shareholder will have the right to cast that number of votes which equals the number of shares owned by the shareholder multiplied by the number of directors to be elected, and the shareholder may cast all such votes for one candidate or distribute such votes among any number of candidates as the shareholder elects. All directors are voted upon simultaneously. The actual number of shares required for election of a candidate will vary depending upon the total number of shares voted. However, shareholders owning 2,088,088 shares, or approximately 25% of the

Table of Contents

Company's outstanding shares, could elect at least one director to the class of three directors to be elected at the 2004 Annual Meeting if there are four nominees.

The Company intends to vote all proxies we solicit whether or not there is cumulative voting at the meeting. In the event that there is cumulative voting, unless a shareholder provides contrary instructions on his proxy, all votes represented by proxies will be divided evenly among the nominees named in this proxy statement, unless it appears that voting in that way would not be effective to elect all of the nominees. In that case, the votes represented by proxies will be cast at the discretion of the proxy holders to maximize the number of nominees elected.

Table of Contents**ELECTION OF DIRECTORS**

The following directors, whose terms of office expire at the Annual Meeting, Messrs. David P. Molfenter, W. Peter Slusser, and Bradley O. Smith are nominees for election to a three (3) year term expiring in 2007. The following portion of this Proxy Statement contains additional information about these nominees.

A plurality of the votes cast at the meeting is required to elect the nominees as directors of the Company. As such, the three individuals who receive the greatest number of votes cast by the holders of Common Stock will be elected as directors. Shares not voted at the Annual Meeting, whether by abstention, broker non-vote, or otherwise, will not be treated as votes cast at the meeting.

It is believed that all three nominees are, and will be at the time of the Annual Meeting, available for election; and, if elected, will serve. However, in the event one or more of them is or should become unavailable, or should decline to serve, it is intended that the proxies will be voted for the balance of the nominees and for such substitute nominee or nominees as the proxy holders may in their discretion select.

Board Recommendations

The Board of Directors recommends a vote FOR the election of each of the three nominees, Messrs. David P. Molfenter, W. Peter Slusser and Bradley O. Smith. Unless otherwise directed by marking the accompanying proxy, the proxy holders named therein will vote FOR the election of the three nominees.

In the following table, the column *Amount and Nature of Beneficial Ownership* relates to common shares of the Company beneficially owned by the directors and nominees as of September 15, 2004, and is based upon information furnished by them.

Independent Directors

The listing requirements of the New York Stock Exchange (NYSE) have been amended to require that a majority of the members of a listed company's board of directors be independent. The question of independence is to be determined by the board with respect to every director in line with NYSE rules. The NYSE rules also require that certain of the committees be composed entirely of independent directors. The committees covered by this requirement are the Audit, Compensation, and Nominating and Corporate Governance Committees. Based upon NYSE rules, the board has determined that six of its nine members (assuming election of the directors proposed in this proxy statement), a majority, would be independent as of the 2004 Annual Meeting of shareowners, and that all current members of the identified committees are independent in that those directors do not have a material relationship with the Company directly or as a partner, shareholder or affiliate of an entity that has a relationship with the Company. The Board made this determination based on the fact that none of the independent directors:

Is an officer or employee of the Company, its subsidiaries, or its affiliates; or,

Has an immediate family member who is an officer of the Company or its subsidiaries or has any current or past material relationship with the Company; or,

Has worked for, consulted with, or received anything of substantial value from the Company aside from his compensation as a Director; or,

Is currently, or was within the past three years, employed by the independent auditors for the Company; or,

Serves on the compensation committee or the board of directors of any corporation that employs a nominee for Director or member of their immediate family; or,

Is an executive officer of any entity which the Company's annual sales to or purchases from exceeded one percent of either entity's annual revenues for the last fiscal year; or,

Serves as a director, trustee, executive officer or similar position of a charitable or non-profit organization to which the Company or its subsidiaries made charitable contributions or payments in fiscal year 2004 in excess of two percent of the organization's charitable receipts.

Board and Committee Information

The Board of Directors, which had seven meetings during the past year, has standing Audit, Compensation, Executive, and Nominating and Corporate Governance Committees.

The Audit Committee met six times during the last fiscal year and consisted of Messrs. William I. Noecker (Chairman), James D. Fast, and David P. Molfenter. This Committee operates under a written charter and oversees auditing, financial reporting and internal control matters. It also selects the firm that the Company retains as its independent auditors. The Committee consults with the independent auditors and reviews their audit and other work. The Committee also consults with the Chairman of the Board, President, and Vice President-Treasurer and oversees those individuals who review Sparton's internal controls and compliance with policies. The members of the Audit Committee are independent, as defined under the New York Stock Exchange listing standards. The Board has determined that Mr. Noecker, in addition to being independent, is an audit committee financial expert as defined in the Security and Exchange Commission's (SEC) regulation S-K, Item 401(h)(2). The independent auditors have access to the Committee without any other members of management being present. The Audit Committee met with management and the independent auditors before the announcement of earnings each quarter. The Committee also reviewed the annual financial statements and annual report on Form 10-K and the Audit Committee report in this Proxy Statement before each was filed with the SEC. The functions and qualifications for membership are set forth in its charter, a copy of which is filed with, and attached to, this Proxy Statement, and which is available on the Company's website.

The Compensation Committee, which held three meetings during the last fiscal year and consisted of Messrs. W. Peter Slusser (Chairman), James N. DeBoer, and David P. Molfenter, monitors the remuneration, including stock options, for the Company's executive officers.

The Executive Committee, which consisted of Messrs. Bradley O. Smith (Chairman), James N. DeBoer, David W. Hockenbrocht, and William I. Noecker did not meet during fiscal 2004.

The Committee reviews the makeup of the existing Board of Directors and the tenure of its members, consistent with appropriate principles of corporate governance and applicable regulations. The Committee also considers and recommends candidates for election to the Board consistent with the needs of the Company, regulatory requirements, and the qualifications of the candidates. The Committee has implemented a formal process for consideration of candidates.

Information provided at the website includes, among other items, the Company's Corporate Governance Guidelines, current charters for the Audit, Compensation, Nominating and Corporate Governance, and Executive Committees of the Board of Directors, Board committees and their membership, and the Company's Code of Business Conduct and Ethics.

All directors attended at least 75% of the meetings of the Board and committees on which they serve. In addition, the directors are expected to attend the Annual Shareholders' Meeting. At the Company's fiscal 2003 Annual Meeting, eight of the nine directors were in attendance.

Director Qualifications

The Nominating and Corporate Governance Committee is responsible for reviewing with the Board, from time to time, the appropriate qualities, skills and characteristics desired for Board members in the context of the current make-up of the Board. This assessment includes consideration of the following summary of minimum qualifications that the Nominating and Corporate Governance Committee believes must be met by all directors, as well as the following considerations for the composition of the Board as a whole:

Process for Identifying and Evaluating Director Nominees

The Board is responsible for selecting its own members. The Board delegates the evaluation, selection and nomination process to the Nominating and Corporate Governance Committee, with the expectation that other members of the Board and management will be requested to take part in the process as appropriate.

Once candidates have been identified, the Nominating and Corporate Governance Committee confirms that the candidates meet all of the minimum qualifications for director nominees established by the Nominating and Corporate Governance Committee. Based on the results of the evaluation process, the Nominating and Corporate Governance Committee recommends candidates for the Board's approval as director nominees for election to the Board. The Nominating and Corporate Governance Committee also recommends candidates for the Board's appointment to the committees of the Board.

Procedure for Recommendation of Director Nominees by Stockholders

The Nominating and Corporate Governance Committee will consider director candidates who are recommended by shareholders of the Company. To recommend a nominee, a shareholder should write to the Company's Corporate Secretary at 2400 E. Ganson St., Jackson, MI 49202. To be considered by the Committee for nomination and inclusion in the Company's Proxy Statement for its 2005 Annual Meeting of Shareholders, a shareholder recommendation for a Director must be received by the Company's Secretary no later than 60 days prior to the Annual Meeting. Any recommendation must include (i) the name and address of the candidate, (ii) a brief biographical description, including his or her occupation for at least the last five years, and a statement of the qualifications of the candidate, taking into account the qualification requirements summarized above, and (iii) the candidate signed consent to be named in the Proxy Statement and to serve as a Director if elected. The Committee may seek additional biographical and background information from any candidate that must be received on a timely basis to be considered by the Committee. Further information regarding shareholder recommendation of director candidates is contained in the Nominating and Corporate Governance Committee Charter, which is filed with, and attached to, this Proxy Statement, and which is available at the Company's website.

Assuming the appropriate biographical and background material is provided for candidates submitted by shareholders, the Committee will evaluate those candidates by following substantially the same process, and applying substantially the same criteria, as for candidates submitted by Board members. All Directors nominees recommended for election by the shareholders at the 2004 Annual Meeting are current members of the Board. The Committee did not receive any nominations from shareholders for the 2004 Annual Meeting.

Board Compensation

Non-employee directors received an annual base retainer of \$7,200. During fiscal 2004, non-employee directors also received \$600 for each regularly scheduled Board meeting attended, \$500 for each committee and special Board meeting attended, and \$350 for each committee meeting attended the same day as a regularly scheduled Board meeting. Corporate Governance

The Sarbanes-Oxley Act of 2002 was enacted on July 30, 2002. The statute addresses, among other issues, corporate governance, auditing and accounting, executive compensation, and enhanced and timely disclosure of corporate information. In November 2003, the SEC approved new corporate governance rules for the New York Stock Exchange that address director independence and corporate accountability. The changes were designed to allow shareholders to more easily and efficiently monitor the performance of companies and directors.

Sparton's Board of Directors developed a series of changes to address these new requirements. The Audit Committee revised its charter and adopted a policy for pre-approving all services, audit and non-audit, performed by the Company's Independent Auditors. In addition, the Board adopted charters for the Compensation, Executive, and Nominating and Corporate Governance Committees. These charters address issues such as independence of the committee members, committee organization and powers, member qualifications, duties and responsibilities, and corporate governance. As of June 30, 2004, all members of the Audit, Compensation, and Nominating and Corporate Governance Committees were independent directors, copies of the charters for each of these committees are filed with, and attached to, this Proxy Statement, and are located on the Company's website. The Company continues to develop and refine its Corporate Governance policies and practices and their place within the Board's committee structure.

Code of Ethics

The Sparton Way governs the actions and working relationships of Sparton employees, officers and directors. The Sparton Way endorses the highest level of ethical standards, along with addressing other issues such as corporate opportunities, confidentiality, and the protection and proper use of corporate assets. The Company also updated its long standing Code of Business Conduct and Ethics in light of current regulatory requirements.

To the extent any waiver is granted with respect to the Code of Business Conduct and Ethics that requires disclosure under applicable SEC rules, such waiver will also be posted on the website, as will any amendment that may be adopted from time to time. Sparton's Shareholder Letters, Annual Report, Annual Report on Form 10-K, Quarterly Reports on Form 10-Q, and news releases are also available at the website, or are available, without charge, by contacting the Shareholders' Relations Department at 1-800-248-9579.

COMPENSATION OF EXECUTIVE OFFICERS

The following tables provide certain data and information on the compensation of the Company's Chief Executive Officer and its four most highly compensated executive officers (other than the CEO) whose annual salary and bonus exceeded \$100,000 (collectively referred to as the "Named Executives"). This report addresses the Company's compensation policies and programs for the fiscal year ended June 30, 2004, the details of which are reflected in the tables set forth in the following pages of this Proxy Statement. The Company's and the Board's policies and practices pertaining to the compensation of executive officers and management have been in effect for a number of years.

Compensation Committee Report

Decisions on the compensation of the Company's executive officers are monitored by the Board's Compensation Committee. This Committee is composed of three non-employee directors; Messrs. W. Peter Slusser (Chairman), James N. DeBoer, and David P. Molfenter.

The Company has long-established policies and practices intended to compensate its salaried employees in a manner that will enable the Company to attract, retain and motivate them to accomplish corporate goals and objectives. These policies and practices encourage management to remain dedicated to the maximization of shareholder value.

The Company's compensation program encompasses several elements: cash compensation (including salary and incentive bonus), incentive stock options and defined benefit and defined contribution retirement plans. Reflective of the Company's goal of relating compensation to corporate performance, the incentive bonus compensation plan permits certain executive officers to earn additional compensation if pre-tax earnings are in excess of an established goal. The performance goals for this plan are reviewed and approved annually by the Compensation Committee. In addition, at the discretion of the Committee, bonuses may be paid in addition to or in lieu of bonuses earned under the incentive bonus plan based on the Committee's evaluation of the employee's individual performance, level of responsibility and experience. During the past fiscal year, no bonuses were paid as either discretionary or under the incentive bonus compensation plan. Additionally, no stock options were awarded to officers or directors in fiscal 2004.

The Committee members use the same procedures described above in setting the annual salary, bonus, and incentive stock option grants for Mr. David W. Hockenbrocht, the Company's Chief Executive Officer and President. These Committee members evaluate the performance of Mr. Hockenbrocht at least annually based on both the Company's financial performance and the extent to which the strategic and business goals established for the Company are met. Mr. Hockenbrocht does not have an employment agreement with the Company.

Mr. Hockenbrocht's annual base salary for the fiscal year ended June 30, 2004, was \$330,750.

Retirement Programs

The Company maintains a defined benefit retirement plan for domestic employees of the Company which provides for monthly pensions following retirement. During the past year, no cash contribution was made by the Company to the plan as in the judgment of the Company's independent actuaries, the pension plan was fully funded. The plan provides a basic benefit of \$2.25 per month for each year of credited service up to a maximum of \$90 per month. In addition, for those participants who contributed 5% of their monthly compensation (excluding bonuses) per month, the plan provides for an additional monthly pension amount equal to 1 1/2% of the participant's final five-year average monthly compensation (excluding bonuses) times the participant's years of contributory credited service to a maximum of 30 years. Effective April 1, 2000, the Company amended its defined benefit retirement plan to determine benefits by a cash balance formula. Under the cash balance formula, each participant has a benefit equal to their cash balance account which is credited yearly with 2% of their salary, as well as the interest earned on their previous year-end cash balance. Service under the Company's prior salary-based formula was frozen as of March 31, 2000, and the benefit

formula amended to calculate the monthly pension based upon the participant's final five-year average earnings as defined.

The following table shows the estimated annual retirement benefits, payable under the prior salary-based formula, in specified remuneration and service classifications upon normal retirement at age 65 (or June 30, 2004, if the individual is currently age 65 or older). The benefits shown are not subject to any deduction for Social Security or other offset amounts. The maximum amount of annual compensation allowed to be included in determining final average compensation has been limited by Federal statute to \$205,000 for 2004. This amount is subject to future adjustment by the Internal Revenue Service.

Committee Membership

The Committee shall consist of at least three directors appointed by the Board, one of whom shall be designated by the Board as Chairperson. The Board of Directors shall make an affirmative determination that each member of the Committee is independent of management and the Company. Members of the Committee will be considered independent if they have no relationship that may interfere with their independence from management, receive only director's fees from the Company as compensation and otherwise qualify as independent under applicable laws, rules and regulations, including rules and regulations of the Securities and Exchange Commission and rules of the New York Stock Exchange. Notwithstanding the above, one director who is not independent may serve as a member of the Committee as and if permitted by applicable laws, rules and regulations; provided that any non-independent director may not serve more than two years on the Committee and may not serve as Chairperson of the Committee.

All Committee members shall: (1) have the ability to read and understand fundamental financial statements, including the Company's balance sheet, income statement, statement of cash flows, and key performance indicators; (2) have the ability to understand key business and financial risks and related controls and control processes; and (3) be financially literate at the time of their appointment to the Committee, all as interpreted by the Board of Directors and as may be defined by applicable laws, rules and regulations. A Committee member may be removed for any reason by a majority vote of the Board of Directors.

Committee Meetings

The Committee shall hold regular meetings at least four times each fiscal year, and at any additional time as either the Board or the Committee deems necessary. Committee meetings normally will occur in conjunction with meetings of the Board of Directors. Special meetings of the Committee may be called by the Committee Chairperson or the principal accounting officer. In addition, the independent auditors or legal counsel may, at any time, request and cause to be convened a meeting with the Committee or Committee Chairperson, with or without management attendance. Pre-meeting materials are expected to be distributed to Committee members in sufficient time before the meeting to permit adequate review by members. Committee members are expected to review those materials before the meeting. Minutes of each meeting will be kept and distributed to all directors. Meetings will focus on substantive issues of current importance and be of duration adequate to permit full discussion of the agenda. The Committee may request that members of management and the Company's independent auditors be present at meetings.

Committee Responsibilities and Processes

The Committee's primary responsibilities are to assist the Board of Directors in its oversight of the integrity of the Company's financial statements, of the Company's compliance with legal and regulatory requirements and ethics issues, and of the independence and qualifications of the independent auditors. Also, the Committee shall discuss with management and the independent auditors the adequacy and effectiveness of the accounting and financial controls, including the Company's systems to monitor, assess and manage business risk, and legal and ethical compliance programs. The Committee shall review any identified audit problems or difficulties and discuss management's response(s) thereto. The Committee also shall meet in separate executive sessions with management and the independent auditors to discuss the results of the Committee's deliberations and any matter that the Committee or any of these persons believes should be discussed privately with the Committee.

The Committee shall review the results of the quarterly reviews with the independent auditors and any other matters required to be communicated to the Committee by the independent auditors under generally accepted auditing standards and applicable laws, rules and regulations.

Review of Systems and Controls: Review with management and the independent auditors the quality, adequacy and effectiveness of the Company's accounting, financial and disclosure controls and procedures, including computerized information systems and controls, the Company's systems to monitor, assess and manage business risks and the adequacy of the Company's resources. The Committee shall also meet separately with management and the independent auditors to discuss the results of the Committee's deliberations.

**Sparton Corporation
Corporate Governance Guidelines**

Governance Philosophy

Our standard is, and will continue to be, to conduct our business at the highest ethical level and to comply with all applicable laws and regulations. Though our business environment will change, our commitment to ethical and moral standards of business conduct must remain constant. Indeed, we must remain focused on and committed to *The Sparton Way*. *The Sparton Way* states that our employees, officers and directors shall be:

Dedicated to the conduct of our business at the highest ethical level.

Dedicated to being a good corporate citizen in the communities where our manufacturing facilities are located.

Dedicated to the design and manufacture of superior quality products in the most efficient manner possible and at the lowest possible cost.

Dedicated to serving our customers to the utmost of our ability by making continuing contributions that support their progress.

Dedicated to constantly improving our Corporation's technology base to better serve our customers.

Dedicated to the implementation of new ideas and new processes in order to be the low cost producer in our chosen markets.

Dedicated to making our Corporation grow faster than the economy.

Dedicated to the maximization of shareholder value.

Dedicated to honest and open communications with all who are involved in Sparton's business.

Dedicated to providing a work environment that is safe and clean and one where our employee/associates can achieve their highest potential during their working years.

To accomplish these goals requires effective board governance. Therefore, our Board of Directors has adopted the following guidelines regarding the corporate governance of Sparton Corporation:

Responsibilities of the Board of Directors

General Authority and Responsibility: The Board is elected by the shareholders to oversee their interests in the long-term performance and overall success of the enterprise. The Board serves as the ultimate decision-making body of the Corporation except for those matters reserved to or shared with its shareholders. Members of the Board are expected to exercise their business judgment and to act in good faith and in a manner he or she reasonably believes to be in the best interest of the Corporation and its shareholders. The primary responsibilities of the Board are oversight, counseling and direction to the management of the Corporation in the interest and for

the benefit of the Corporation's shareholders. The Board's detailed responsibilities, some of which are conducted through Committees of the Board, include:

Selecting, regularly evaluating the performance of, and approving the compensation of the Chief Executive Officer and other senior executives;

Planning for succession with respect to the position of Chief Executive Officer and monitoring management's succession planning for other senior executives;

Reviewing and, where appropriate, approving the Corporation's major financial objectives, strategic and operating plans and actions;

Overseeing the conduct of the Corporation's business to evaluate whether the business is being properly managed;

Overseeing the processes for maintaining the integrity of the Corporation with regard to its financial statements and other public disclosures, and compliance with law and ethics; and

Assessing major risk factors relating to the Corporation and its performance, and reviewing measures to address and mitigate risk.

The Board of Directors has delegated to the Chief Executive Officer, working with the other executive officers of the Corporation, the authority and responsibility for managing the business of the Corporation in a manner consistent with the Corporation's standards, practices, and policies, and in accordance with any specific plans, instructions or directions of the Board. The Chief Executive Officer and management are responsible to seek the advice and, in appropriate situations, the approval of the Board with respect to extraordinary actions to be undertaken by the Corporation.

Meeting Attendance: Directors are expected to prepare for, attend and participate in all Board and applicable Committee meetings, and to devote the requisite time and effort necessary to fulfill their respective responsibilities.

Board Composition

Size of the Board and Classification: The Board will have at least nine (9) members divided into three classes as nearly equal in number as possible, unless otherwise determined in accordance with the Corporation's Code of Regulations. Board members shall be elected for staggered terms of three years.

Board Independence: A majority of our Board will be independent. Our Corporation defines an independent director in accordance with the New York Stock Exchange listing standards for independent directors (NYSE Listed Company Manual Rule 303A.01 and 303A.02).

Because it is not possible to anticipate or explicitly provide for all potential conflicts of interest or relationships which may affect independence, the Board is responsible to affirmatively determine that each independent director has no material relationship with the Corporation or its affiliates or with any executive officer of the Corporation or his or her affiliates. A relationship will be considered material if in the judgment of the Board it would interfere with the director's independent judgment.

Business Relationships with Directors: For the purpose of minimizing the risk of actual or perceived conflicts of interest, any monetary arrangement (other than director compensation, employee compensation, or amounts considered immaterial) between a director (including any

member of a director's family as required under the NYSE Listed Company Manual Rules) and
C-2

Table of Contents

the Corporation or any of its affiliates or members of senior management or their family shall be subject to approval by the Audit Committee or the Board as a whole. Each Director must notify the Chief Executive Officer before entering into any such transaction.

Selection of New Director: The Nominating and Corporate Governance Committee has the responsibility to screen all potential candidates for participation on the Board. The Board will fill vacancies in the manner established in the Corporation's Code of Regulations.

Board Membership Criteria: To meet the Corporation's needs in a rapidly changing environment, Sparton Corporation requires a high-performance Board whose members subscribe to our values and meet the specific resource needs of the business. The Nominating and Corporate Governance Committee is responsible for reviewing with the Board from time to time the appropriate experiences, skills and characteristics required of Board members in the context of the current make-up of the Board.

Other Board/Audit Committee Memberships: Board members will disclose all involvement in business and philanthropic boards and related audit committee assignments. These commitments will be considered as part of the annual review process. Board members are generally discouraged from participation on more than three public Corporation boards (including the Sparton Corporation board).

Directors with a Material Change in Status: Board members who retire or change positions held, or otherwise have a material change in status, shall offer to resign from the Board. Although this will prompt a review, the Board need not accept the offer of resignation.

Any employee who becomes a member of the Board, including the Chief Executive Officer, will offer to resign from the Board upon termination of employment. The employee may be invited, however, to serve the remainder of his or her term and be nominated for additional terms at the discretion of the Board.

The Nominating and Corporate Governance Committee shall review and recommend to the Board the appropriateness of continued Board membership when offers to resign are received.

Separation of the Position of Chairperson and CEO: The Board believes the roles of Chief Executive Officer and Chairperson should be separated. If the positions are combined, the Board will closely monitor the performance and working relationship between the Chief Executive Officer/Chairperson and the Board.

Board Compensation: It is the general policy of the Board that Board compensation should be a mix of cash and equity-based compensation. Independent directors may not receive consulting, advisory or other compensatory fees from the Corporation, in addition to their Board compensation, in amounts which causes them to lose their independence. Changes in Board compensation, if any, shall be based on the recommendation of the Corporation's Compensation Committee, but with full concurrence and discussion by the Board. The Committee's recommendation may be based on information provided by independent consultants.

Board Meetings and Materials

Scheduling and Selection of Agenda Items for Board Meetings: Board meetings are scheduled in advance, typically four to six meetings each year plus an annual meeting. In addition to regularly scheduled meetings, additional Board meetings may be called upon appropriate notice at any time to address specific needs of the Corporation. The Board may also take action from time to time by unanimous written consent.

Table of Contents

The Chairman of the Board, in consultation with the Chief Executive Officer, and with the assistance of management, prepares the agenda for each meeting and distributes it in advance to members of the Board. Each director may propose the inclusion of items on the agenda, request the presence of or a report by any member of the Corporation's management, or at any Board meeting raise subjects that are not on the agenda for that meeting.

Members of senior management and the Corporation's legal advisors and key consultants shall make themselves generally accessible to members of the Board and respond, as soon as reasonably practical, to matters of inquiry.

Board Material Distributed in Advance: Information that is important to the Board's understanding of the business, Board or Committee meeting agendas and material related to agenda items should be distributed (either in hard copy or electronically) to Board members in advance of the meeting. Supplemental written materials will be provided to the Board on a periodic basis and at any time upon request of Board members.

Access to Senior Management and Employees and Board Presentations: The Board and each Committee of the Board have complete access to contact and meet with senior management and employees. The Board encourages management to schedule from time to time managers to present at Board meetings who: (a) have knowledge and expertise with respect to an agenda item to be discussed, or (b) have future potential that management believes should be given exposure to the Board.

Independent Directors Discussions: The independent directors of the Board will meet separately in regularly scheduled meetings. A presiding director will be elected by the independent directors, who will chair the meetings and assume such responsibilities as may be designated by the independent directors. Independent directors may make recommendations for consideration by the full Board, but will not take formal action.

Annual Review of Directors and the Board: The Nominating and Corporate Governance Committee, in conjunction with the Chief Executive Officer, will conduct an annual review of overall Board performance. In addition, the Committee will review performance of individual Board members who are approaching re-election.

Director Orientation and Continuing Education: The Nominating and Corporate Governance Committee in conjunction with the Chief Executive Officer is responsible for new-director orientation programs and for director continuing education programs. The orientation programs are designed to familiarize new directors with the Corporation's businesses, strategies and challenges. Members of the Board are encouraged to attend and participate in director training and continuing education programs. Provided that a director receives the prior approval of the Chairman of the Board or the Chairman of the Nominating and Corporate Governance Committee to attend such training or continuing education program, the cost of that program will be reimbursed by the Corporation.

Board Committees

Committees: Committees shall be established by the Board from time to time to facilitate and assist in the execution of the Board's responsibilities. Committees may be standing or *ad hoc*. There are currently four standing committees:
